6 Section 3. Required Data.

7 (a) The description, location, and boundary of the landmark site consists of the
8 footprint of the Richard Spreckels Mansion / Buena Vista Studios, located on Assessor's
9 Parcel Block No. 1256, Lot No. 078, on the west side of Buena Vista Avenue West between
10 Frederick Street and Central Avenue in San Francisco's Haight Ashbury neighborhood, as
11 shown in the Landmark Designation Fact Sheet.

12 (b) The characteristics of the landmark that justify its designation are described and
13 shown in the Landmark Designation Fact Sheet and other supporting materials contained in
14 Planning Department Record Docket No. 2026-001915DES. In brief, the Richard Spreckels
15 Mansion / Buena Vista Studios, located at 737 Buena Vista Avenue West, is eligible for local
16 designation as an intact example of a Classical Revival home with exemplary features, as the
17 residence of Blanche and Gertrude Partington, and for serving as an early recording studio for
18 1960s counterculture bands who exemplified the "San Francisco Sound". The property was
19 constructed in 1897 in its present location in the Haight Ashbury neighborhood and designed
20 by Architect Edward J. Vogel. The property's original owner was Richard Spreckels, manager
21 of the Western Sugar Refinery in Potrero Hill, and member of the Spreckels family, who
22 accumulated great wealth from the sugar industry. Spreckels resided at the property until circa
23 1922. From 1922-1955, sisters Blanche Partington and Gertrude Partington Albright resided
24 at the property. The sisters were San Francisco pop culture notables, with Gertrude
25 associated with the California Impressionism art movement due to her career as a teacher

1 and painter. Located in the Haight-Ashbury, a neighborhood which gained global attention as
2 the hub of hippie counterculture in the 1960s and early 1970s, the subject property is also
3 significant as the location of Buena Vista Studios, known as one of the first hippie-friendly
4 recording studios. While under the ownership of Gene and Sara Estribou, the top floor
5 ballroom was converted into a recording studio. Notably, the Grateful Dead made some of
6 their earliest recordings, known as the Scorpio Records sessions, out of the studio in 1966.
7 Other quintessential San Francisco Bands, including Quicksilver Messenger Service and the
8 Steve Miller Band, also recorded in the studio.

9 (c) The particular features that should be preserved, or replaced in kind as determined
10 necessary, are those generally shown in photographs and described in the Landmark
11 Designation Fact Sheet, which can be found in Planning Department Record Docket No.
12 2026-001915DES, and which are incorporated in this designation by reference as though fully
13 set forth herein. This designation does not identify any interior character-defining features.
14 Specifically, the features that are character-defining and shall be preserved or replaced in kind
15 are the exterior elevations, form, massing, structure, rooflines, architectural ornament, and
16 materials of the property, identified as:

- 17 (1) Location of the house on the property with front setback;
- 18 (2) Four-story height;
- 19 (3) Projecting shingled roof with dormers, including central pedimented east and

- 21 (4) Cornice line with brackets, dentils, and floriated chains;
- 22 (5) Horizontal wood siding;
- 23 (6) Prominent entryway accessed by front steps, with double wooden entrance
24 doors with transoms and sidelites with leaded glass, and four composite pillars
25 below curved entrance canopy with floriated chains, and denticulated cornice;

2 accessed through double doors below palladian windows;
- 3 (8) Several sets of rectangular windows with floriated designs, flanked and divided
4 by decorative wood colonnettes, below arched transom wood windows with
5 spiderweb muntins, and crown moldings;
- 6 (9) Smaller round windows at north side with classical inspired moldings and
7 wooden double hung windows with colonnettes and crown molding;
- 8 10) Classically inspired full height corner facade columns; and
