# Interagency Cooperation Agreement

---

The agreement will outline TJPA-City cooperation and City services during implementation of the DTX project.

10 City departments will sign on to the single agreement. Department scopes of work and budgets will be revisited and updated annually to respond to the project needs over time.

The primary components of the agreement are:

- (1) City Property and City Improvements
- (2) City Consultation and Cooperation
- (3) Costs and Reimbursement
