Item 12 File 26-0725	Department: Office of Contract Administration (OCA)
EXECUTIVE SUMMARY	
Legislative Objectives - The proposed resolution authorizes the first amendment to the City's contract, Sigillo Supply Inc., for the supply of plumbing materials. The contract increases the contract's not-to-exceed (NTE) amount from \$3,200,000 to \$15,510,000 and extends the length of the contract by two years, from November 30, 2029, to November 30, 2031. Key Points - On July 24, 2024, the OCA issued an Invitation for Bids (IFB) to establish new term contracts for plumbing supplies, which resulted in five contracts being executed, including one with Sigillo Supply Inc., which covered 14 line items of the IFB for supplies such as plumbing fixtures, pipes, valves, hand tools, fasteners and adapters. - Various departments across the City now use the Sigillo contract for plumbing supplies, with the San Francisco Public Utilities Commission (SFPUC), the Department of Public Works (DPW) and the Airport (AIR) being the three largest users, having spent \$1.97 million cumulatively from the start of the contract on December 1, 2024. - Departments have purchased more plumbing materials from the Sigillo contract than anticipated. Based on spending rates since the start of the contract and the remaining contract balance, the current NTE amount will be exhausted by mid-August 2026 if no amendment to the contract is approved. Fiscal Impact - The new total NTE amount of \$15,510,000 is based on historical spending with this supplier from the contract start date of December 1, 2024, through March 5, 2026. The NTE calculation projects out this monthly historical spending through November 30, 2031, when the contract would expire, for an average of approximately \$2.9M per year. - Funding for this contract will be provided through the existing operating budgets of City departments that utilize plumbing supplies. Recommendation - Approve the proposed resolution.	

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND**City and Departmental Need for Plumbing Supplies**

The City manages an extensive network of public facilities, including hospitals, government offices, and utility infrastructure. Proper maintenance of these facilities is required to ensure the health, safety, and well-being of the public and City employees. Maintenance responsibilities include the ongoing purchase of plumbing supplies to enable the repair and enhancement of water and wastewater systems.

Sigillo Supply Inc is one of the five City's suppliers of plumbing supplies.

Procurement Process

On July 24, 2024, the OCA issued an Invitation for Bids (IFB) to establish new OCA term contracts for plumbing supplies. The IFB was structured into two product aggregates to address departmental requirements:

- Aggregate 1 (A1) comprised 30 product lines, each representing different manufacturers. Bidders could submit offers on any or all lines, and contracts were awarded to the two lowest responsive and responsible bidders for each line.
- Aggregate 2 (A2) included 472 specific plumbing items primarily utilized by the SFPUC. Bidders were required to submit bids for all items within this aggregate, and the contract was awarded to the lowest responsive and responsible bidder for the entire set. Sigillo Plumbing Solutions did not win the A2 product group, so these supplies are not analyzed in this report.

The IFB also provided an estimated not to exceed amount for each product line, based on historical spending.

OCA received bids from six respondents following the IFB, with three respondents deemed unresponsive for at least one of the Aggregate 1 product lines. Bidders were required to have at least \$1 million in annual plumbing supply sales in each of the last three years and proposals were evaluated based on cost, with product group A1 being evaluated based on the percentage discount off the manufacturer's list price. OCA awarded five contracts in total, including awarding Sigillo Supply Inc a contract that covered 13 line items of individual manufacturers that are commonly used by the City, as well as one "Miscellaneous Manufacturers" line item which covered 106 less frequently used manufacturers.

Original Contract

On December 1, 2024, the aforementioned contract with Sigillo Supply Inc was executed, with an original five-year term lasting through November 30, 2029. The contract covered the 14 total line items for plumbing supplies from the IFB that were awarded to Sigillo. Based on the historical expenditures of all City departments, each solicitation line won by Sigillo was assigned an estimated not-to-exceed (NTE) amount. These individual NTE amounts were then summed, resulting in a total contract NTE amount of \$3.2 million. The contract also included a provision giving the City the option to extend the contract for two years and allowing the contract NTE amount to be increased in the event that the City's expenditures were greater than the initial NTE amount.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution authorizes the Office of Contract Administration to amend the contract with Sigillo Supply Inc for the supply of plumbing materials. The contract increases the not-to-exceed amount by \$12,310,000 to \$15,510,000 and extends the term of the contract by two years, from November 30, 2029 to November 30, 2031.

Scope of Services Provided

This extension of the contract with Sigillo Supply Inc continues City departments' access to a range of plumbing supplies at discounted rates. Departments will be able to procure products from 119 different manufacturers at fixed percentage discounts off the manufacturers' list prices. The covered manufactures offer a wide variety of plumbing supplies, including plumbing fixtures, pipes, valves, hand tools, fasteners and adapters.

Pricing Structure and Adjustments

The contract's pricing mechanism is designed to provide cost-savings to departments while being flexible enough to accommodate market fluctuations. Pricing is based on fixed percentage discounts off the manufacturers' list prices for each product line, with the discounts ranging from 5 to 70 percent. While the percent discounts are fixed for the duration of the contract, since Sigillo Supply Inc does not directly control manufacturers' list prices, the NTE amount calculation includes a 15 percent contingency buffer to account for any changes in pricing or usage above current levels.

Performance Monitoring

The contract includes specific performance standards to ensure reliable service and product quality. Key performance metrics encompass timely reporting, accurate invoicing, responsive customer service, product quality, and adherence to delivery schedules. Failure to meet these standards may result in monetary credits to the City ranging anywhere from \$10 to \$100 per occurrence. No prior performance evaluations of this supplier have been conducted, but the OCA reports that there have not been any notable issues with the delivery of the existing contract and that no performance credits have been issued since it first went into effect in December 2024.

To-date Usage

Among City departments, the San Francisco Public Utilities Commission (SFPUC) is the leading user of plumbing supplies from Sigillo Supply Inc. The SFPUC relies on these materials for the operation of water treatment plants, sewage systems, and water distribution networks. After the SFPUC, the Department of Public Works (DPW) and the Airport (AIR) are also notable users of plumbing supplies, as they require these supplies to maintain the plumbing systems in the buildings and infrastructure that they maintain. The full breakdown of plumbing supply expenditures and encumbrances across departments since the contract with Sigillo Supply Inc went into effect can be seen in Exhibit 1 below.

Exhibit 1: Total Purchase Orders for Sigillo Contract, by Department, from December 1, 2024 to March 5, 2026

Department	December 1, 2024 to December 31, 2024	January 1, 2025 to December 31, 2025	January 1, 2026 to March 5, 2026	Total
PUC	\$164,964	\$616,608	\$81,147	\$862,720
DPW	\$54,517	\$479,620	\$75,348	\$609,485
AIR	\$180,052	\$320,000	-	\$500,052
PRT	-	\$148,862	\$21,930	\$170,792
ADM	\$4,102	\$143,214	\$20,232	\$167,548
DPH	\$11,222	\$131,858	\$7,668	\$150,747
LIB	-	\$20,000	-	\$20,000
Total	\$414,857	\$1,860,162	\$206,324	\$2,481,344

Source: OCA Memo to Board of Supervisors dated 06/18/26

As shown above, expenditures to date have significantly outpaced the original NTE amount, with about \$2.48M encumbered in the first 15 months of the contract. At this rate, the NTE amount would be exhausted by mid-August 2026.

The driving reason behind usage exceeding original projections is that compared to expectations, departments have been relying more heavily on the Aggregate 1 product lines from a variety of manufacturers rather than the 472 specific plumbing items covered by the Aggregate 2 contract. While there are three other suppliers who were also awarded A1 contracts, departments have been ordering high volumes of plumbing materials from Sigillo Supply Inc in particular, which according to the OCA may be because they were awarded more line items than other bidders and supply the “Miscellaneous Manufacturer Group” line item which covers 107 different manufacturers. This has resulted in actual expenditures and encumbrances exceeding projections so that even without increases in manufacturing list prices, the contract has been drawn down faster than anticipated.

FISCAL IMPACT

The total not-to-exceed amount of \$15,510,000 is based on historical spending on this supplier from the contract start date through March 5, 2026, when data for these calculations was pulled.

The calculation projects this monthly historical spending through November 30, 2031, when the contract would expire, and as noted includes a 15 percent contingency to account for potential increases to pricing and departmental usage. The calculation also takes into account the remaining contract balance and is rounded to the nearest ten thousand. The details of the NTE calculation are displayed below in Exhibit 2.

Exhibit 2: Contract NTE Calculation for Contract ID 1000031880 with Sigillo Supply Inc.

Description	Value
Current Executed Contract NTE	\$3,200,000
Additional Funds Needed through Contract End Date (Before Adjustments)	\$11,330,929
Less Remaining Contract Balance (Current Executed Contract NTE - Total PO Encumbrances as of Report Run Date)	(\$718,656)
Plus 15% Contingency	\$1,699,639
Additional Funds Needed through Contract End Date (After Adjustments)	\$12,311,912
Proposed Revised Executed Contract NTE (Rounded to nearest ten thousand)	\$15,510,000

Source: OCA

Funding for this contract will be provided through the existing operating budgets of City departments that utilize plumbing supplies, primarily the SFPUC, PWC, and AIR. These expenditures are anticipated to draw from the departments' accounts dedicated to infrastructure maintenance and improvement.

The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs, and City's costs of investigating any claims against the City.

5.2.2 In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim, which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR GOODS DELIVERED IN CONNECTION WITH THIS AGREEMENT

6.3 Liability for Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions.

Article 7 Payment of Taxes

7.1 Contractor to Pay All Taxes. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Possessory Interest Taxes. Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply.

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of

itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 **Withholding.** Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Contractor coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience.

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination ("Notice of Termination"). The Notice of Termination shall specify the date on which termination of the Agreement shall become effective ("Termination Date").

8.1.2 Upon receipt of the Notice of Termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the Termination Date and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

(a) Halting the performance of all obligations under this Agreement on the Termination Date.

(b) Terminating all existing orders and subcontracts by the Termination Date, and not placing any further orders or subcontracts for Goods, materials, equipment, or other items.

(c) At City's direction, assigning to City any or all of Contractor's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any obligations that City requires Contractor to complete prior to the Termination Date.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement, which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within thirty (30) days after the Termination Date, Contractor shall submit to City an invoice, which shall set forth the cost of all Goods delivered prior to City’s Notice of Termination. City’s payment obligation pursuant to this Subsection 8.1.3 shall be subject to Section 3.3.2 of this Agreement.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the Termination Date, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Goods delivered by Contractor under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys’ fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense, which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for the Goods delivered by Contractor’s final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Goods delivered by Contractor under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Goods, the difference between the invoiced amount and City’s estimate of the reasonable cost of delivering the invoiced Goods in compliance with the requirements of this Agreement.

8.1.6 City’s payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default (“Event of Default”) under this Agreement:

(a) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

(b) Contractor fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, including any obligation imposed by ordinance or statute and incorporated by reference herein, and such default is not cured within ten days after written notice thereof from City to Contractor. If Contractor defaults a second time in the same manner as a prior default cured by Contractor, City may in its sole discretion

immediately terminate the Agreement for default or grant an additional period not to exceed five days for Contractor to cure the default.

(c) Contractor (i) is generally not paying its debts as they become due; (ii) files, or consents by answer or otherwise to the filing against it of a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction; (iii) makes an assignment for the benefit of its creditors; (iv) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Contractor or of any substantial part of Contractor's property; or (v) takes action for the purpose of any of the foregoing.

(d) A court or government authority enters an order (i) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Contractor, or with respect to any substantial part of Contractor's property; (ii) constituting an order for relief or approving a petition for relief, reorganization or arrangement, any other petition in bankruptcy or for liquidation, or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction; or (iii) ordering the dissolution, winding-up, or liquidation of Contractor.

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this Agreement or any other agreement between City and Contractor: (i) all damages, losses, costs or expenses incurred by City as a result of an Event of Default; and (ii) any liquidated damages levied upon Contractor pursuant to the terms of this Agreement; and (iii), any damages imposed by any ordinance or statute that is incorporated into this Agreement by reference, or into any other agreement with the City. This Section 8.2.2 shall survive termination of this Agreement.

8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 **Non-Waiver of Rights.** The omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions thereafter.

Subject: Resolution to approve First Amendment to Peoplesoft Contract ID 1000031880 (Term Contract 75001 – Plumbing Supplies)

Enclosed please find the proposed resolution authorizing the Office of Contract Administration (“OCA”) to amend Contract ID 1000031880 (Term Contract 75001) with Sigillo Supply Inc for plumbing supplies, extending the term by two years, for a term of December 1, 2024 to November 30, 2031, and increasing the contract amount by \$12,310,000 for a total not to exceed (“NTE”) amount of \$15,510,000.

Background

Contract ID 1000031880 was executed on December 1, 2024. From the contract start date through March 5, 2026, City departments have encumbered approximately \$2.5 million dollars for the purchase of plumbing supplies. The primary contract users are the San Francisco Public Utilities Commission (“PUC”), Department of Public Works (“DPW”), and Airport (“AIR”). Table 1 below provides a summary of total purchase order (“PO”) encumbrances by City departments.

Table 1: Total PO Encumbrances for Contract ID 1000031880 by City Departments from December 1, 2024 to March 5, 2026 for Plumbing Supplies

Invitation for Bids (Sourcing Event 0000009352)

This contract was awarded pursuant to a solicitation (Sourcing Event 0000009352) conducted on July 24, 2024 by OCA. The solicitation resulted in the award of five (5) contracts, with each supplier receiving specific line items and/or aggregates. Sigillo Supply Inc was deemed one of two lowest responsive Bidders for certain line items in Aggregate 1 and was awarded a contract based on specified percentage discounts off manufacturer’s list price. On December 1, 2024, OCA entered into a contract with Sigillo Supply Inc, setting an initial term from December 1, 2024 to November 30, 2029, and a NTE amount of \$3,200,000.

This amendment is authorized under this solicitation, which allows for the option to extend the term for two (2) additional years and the contract NTE to be increased in the event the City’s expenditures are greater than the initial anticipated NTE amount.

Contract NTE Calculations

As outlined in Table 2 below, the contract NTE amount is based on the City’s projected additional funds needed through the applicable contract end date. The amount is calculated based on the average monthly PO encumbrances from the contract start date of December 1, 2024 through March 5, 2026, multiplied by the approximately 69 months remaining to the end of the contract. A 15% contingency is included to account for potential price increases and increased usage, as permitted under the contract.

Table 2: Contract NTE Calculation for Contract ID 1000031880 with Sigillo Supply Inc

Description	Value
Current Executed Contract NTE	\$3,200,000
Avg Monthly PO Encumbrances Since Contract Start Date	\$164,450
Additional Funds Needed through Contract End Date (Before Adjustments)	\$11,330,929
Less Remaining Contract Balance (Current Executed Contract NTE - Total PO Encumbrances as of Report Run Date)	(\$718,656)
Plus 15% Contingency	\$1,699,639
Additional Funds Needed through Contract End Date (After Adjustments)	\$12,311,912
Proposed Revised Executed Contract NTE (Rounded to nearest ten thousand)	\$15,510,000

Recommendation

Plumbing supplies are critical to maintaining city infrastructure, disaster preparedness and water management. The City manages a vast network of public buildings, including hospitals and government offices. Plumbing supplies are essential for the maintenance, repair, and upgrading of water systems in these facilities. This includes everything from water supply lines to waste management, ensuring safe and hygienic conditions for employees and the public. PUC, in particular, relies heavily on plumbing supplies to operate efficiently and these supplies ensure the smooth functioning of water treatment facilities, sewage systems, and water distribution networks that are vital to public service operations and preventing health hazards. Plumbing supplies are also crucial to maintaining water lines and sewage systems during and after seismic events. For emergency response facilities such as fire departments, robust access to plumbing supplies ensure that these critical services continue to operate effectively during natural disasters. Lastly, easy access to plumbing supplies ensures City can continue to procure high-efficiency water fixtures and systems that support City’s water conservation efforts.

For these reasons, a timely approval of this resolution will provide City departments with continued access to acquiring plumbing supplies through this citywide plumbing supplies contract.
