Article 3 Financial Matters

3.1 **Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation.**

3.2 This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Medline assumption of risk of possible non-appropriation is part of the consideration for this Agreement. For clarity, in no event can City place orders or will Medline be obligated to fill orders should charges exceed the Guaranteed Maximum Price ("GMP") certified by the Controller.

Medline and City will review the City's expenditure rate quarterly to ensure that each understands whether demand will exceed the Guaranteed Maximum Price currently certified by the Controller to enable the City to seek additional funds, as appropriate. Medline and City will review current spend and purchase history during their quarterly reviews to enable the City to determine if certification of any additional funds will be required. **For clarity, the addition of any funds beyond the GMP in excess of \$500,000 will require a Formal Amendment to this Agreement and will require approval by the San Francisco Board of Supervisors.** Given this requirement, the City will use best efforts to begin the process of modifying this Agreement, if required, twelve (12) months in advance of the date that the Parties anticipate the need for additional funds.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.3 **Guaranteed Maximum Costs.**

The City's payment obligation to Medline cannot at any time exceed the amount certified by City's Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Medline under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, "Modification of this Agreement."

3.4 Compensation.

3.4.1 Payment. If applicable, Medline shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges. Payment shall be made within 30 calendar days of date of the invoice, unless the City notifies Medline that a dispute as to the invoice exists in accordance with Section 11.6.1. In no event shall the amount of this Agreement exceed **ONE HUNDRED FORTY FIVE MILLION THREE HUNDRED ELEVEN THOUSAND FIVE HUNDRED FIFTY (\$145,311,550)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. A portion of payment may be withheld until conclusion of the Agreement if agreed to by both parties as retainage, described in Appendix B. In no event shall City be liable for interest or late charges for any late payments.

3.4.2 Payment Limited to Satisfactory Services. If applicable, payments to Medline by City shall not excuse Medline from its obligation to replace Products that do not materially conform to the requirements of this Agreement, including equipment, components, materials, or Services even if the nonconformance of such Products, equipment, components, materials, or Services may not have been apparent or detected at the time such payment was made. Products, equipment, components, materials and Services that do not materially conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Medline at no cost to the City.

3.4.3 Withhold Payments. If Medline fails to provide Services in accordance with Medline's obligations under this Agreement, the City must give Medline written notice of such failure. If after ten (10) business days from the date of written notice, Medline has still not provided or made a good faith attempt to provide such Services, then the City may withhold applicable payments due Medline under the invoice(s) for the specific Services giving rise to such failure until such failure to perform is cured, and Medline shall not stop work as a result of City's withholding of payments as provided herein.

3.4.4 Invoice Format. Invoices furnished by Medline under this Agreement must be in a form acceptable to the Controller and City, and must include a unique invoice number. Payment shall be made by City as specified in Section 3.3.6, or in such alternate manner as the Parties have mutually agreed upon in writing.

3.7.2 City Revisions to Program Budgets: The City shall have authority, without the execution of a Formal Amendment, to purchase additional Services and/or make non-material changes to the work in accordance with the terms of this Agreement (including such terms that require Medline's agreement), not involving an increase in the GMP or the Term by use of a written City Program Budget Revision.

3.8 Audit and Inspection of Records.

Contractor agrees to maintain and make available to the City, upon reasonable advance written notice and during regular business hours, accurate billing and payment books and accounting records for the fees and expenses relating to its Services. Medline will permit City to—at City's sole expense—audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices and financial, and/or other records required under Administrative Code Section 21.34, related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Medline shall maintain such data and records in an accessible location and condition for a period of not fewer than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. To the extent required by applicable law or regulation, the State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Medline shall include the same audit and inspection rights and record retention requirements in all subcontracts.

Medline shall annually have its books of accounts audited by a Certified Public Accountant and shall transmit a summary letter from such account to the Director of Public Health or his /her designee within one hundred eighty (180) calendar days following Medline's fiscal year end date. Notwithstanding anything to the contrary herein, the summary letter shall be considered confidential information of the Contract and City shall not disclose it to any third-party except in accordance with Section 11.4 (Sunshine Ordinance) of this Agreement. If Medline expends \$750,000 or more in Federal funding per year, from any and all Federal awards, said audit shall be conducted in accordance with 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Said requirements can be found at the following website address: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

If Medline expends less than \$750,000 a year in Federal awards, Medline is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Medline agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

3.8.1 The Director of Public Health or his / her designee may approve a waiver of the audit requirement in Section 3.4.1 above, if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the Director ninety (90) calendar days before the end of the Agreement term or Medline fiscal year, whichever comes first.

3.8.2 Any financial adjustments necessitated by this audit report shall be made by Medline to the City. If Medline is under contract to the City, the adjustment may be made in the next subsequent billing by Medline to the City, or may be made by another written schedule determined solely by the City. In the event Medline is not under contract to the City, written arrangements shall be made for audit adjustments.

3.9 Submitting False Claims.

The full text of San Francisco Administrative Code Chapter 21, Section 21.35, including the enforcement and penalty provisions, is incorporated into this Agreement. Pursuant to San Francisco Administrative Code §21.35, any Medline or subcontractor who submits a false claim shall be liable to the City for the statutory penalties set forth in that Section. A Medline or subcontractor will be deemed to have submitted a false claim to the City if the Medline or subcontractor: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

Article 4 Services and Resources

4.1 Services Medline Agrees to Perform.

Medline agrees to perform the Services provided for in Appendix A, "Supply Agreement." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Medline for Services beyond the scope listed in Appendix A unless Appendix A is modified as provided in Sections 3.4 above (Contract Amendments; Budgeting Revisions).

4.2 Qualified Personnel.

Medline shall utilize only competent personnel under the supervision of, and in the employment of, Medline (or Medline's authorized subcontractors) to perform the Services. Medline will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Medline. Medline shall commit adequate resources to allow completion within the project schedule specified in this Agreement.

4.3 Subcontracting.

Medline may subcontract portions of the Services only upon prior written approval of City. Such approval may not be unreasonably withheld, delayed, or conditioned. Medline is responsible for its subcontractors throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.4 **Independent Medline; Payment of Employment Taxes and Other Expenses.**

4.4.1 Independent Medline. For the purposes of this Article 4, "Medline" shall be deemed to include not only Medline, but also any agent or employee of Medline. Medline acknowledges and agrees that at all times, Medline or any agent or employee of Medline shall be deemed at all times to be an independent Medline and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Medline, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Medline or any agent or employee of Medline shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Medline or any agent or employee of Medline is liable for the acts and omissions of itself, its employees and its agents. Medline shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Medline's performing services and work, or any agent or employee of Medline providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Medline or any agent or employee of Medline. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Medline's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Medline performs work under this Agreement. Medline agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Medline's compliance with this Section in accordance with San Francisco Administrative Code Section 21.34. Should City determine that Medline, or any agent or employee of Medline, is not performing in accordance with the requirements of this Agreement, City shall provide Medline with written notice of such failure. Within five (5) business days of Medline's receipt of such notice, and in accordance with Medline policy and procedure, Medline shall remedy the deficiency. Notwithstanding, if City believes that an action of Medline, or any agent or employee of Medline, warrants immediate remedial action by Medline, City shall contact Medline and provide Medline in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its reasonable discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Medline is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Medline which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Medline for City, upon notification of such fact by City, Medline shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Medline under this Agreement (again, offsetting any amounts already paid by Medline which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Medline shall not be considered an employee of City. Notwithstanding the foregoing, Medline agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this Section.

4.5 **Assignment.**

The Services to be performed by Medline are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by Medline unless first approved by City by written instrument executed and approved in the same manner as this Agreement. Such approval may not

be unreasonably withheld, delayed, or conditioned. Any purported assignment made in violation of this provision shall be null and void.

4.6 Warranty.

Medline warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so that all Services are performed as contemplated in this Agreement as detailed in Appendix A (Supply Agreement).

4.7 Liquidated Damages. (Reserved)

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 Required Coverages. Without in any way limiting Medline's liability pursuant to the "Indemnification" Section of this Agreement, Medline must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(b) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence, \$2,000,000 aggregate for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, and

(e) Products Liability / Completed Operations Insurance with minimum limits of \$5,000,000 per claim and \$5,000,000 annual aggregate.

(f) Technology Errors and Omissions Liability (Not Required).

(g) Cyber and Privacy Insurance with limits of not less than \$5,000,000 per occurrence. Such insurance shall include coverage for liability arising from theft, dissemination, and/or use of confidential information, including but not limited to, bank and credit card account information or personal information, such as name, address, social security numbers, protected health information or other personally identifying information, stored or transmitted in electronic form or hardcopy form.

(h) Excess or umbrella coverage may be used to meet any of the requirements in this Section 5.

5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

(a) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(b) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.3 Contractor shall provide thirty (30) days' advance written notice to the City of cancellation for any reason or intended non-renewal. Medline shall provide thirty (30) days prior written notice to the City of any material reduction in the insurance coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties."

5.1.4 Should any of the required insurance be provided under a claims-made form, Medline shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

5.1.5 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

5.1.6 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

5.1.7 Before commencing any Services, Medline shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Medline's liability hereunder.

5.1.8 The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Medline, its employees, agents and subcontractors.

5.1.9 If Medline will use any subcontractor(s) to provide Services, Medline shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Medline as additional insureds.

5.2 General Indemnification.

5.2.1 Contractor shall indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all third party claims for loss, cost, damage, injury, liability, and claims thereof arising directly or indirectly from Medline performance of this Agreement, except to the extent that such indemnity is void or otherwise unenforceable under applicable law in effect on or validly retroactive to the date of this Agreement and except where such loss, damage, injury, liability or claim is the result of active negligence or willful misconduct of City in which case damages shall be apportioned pro rata under the California doctrine of comparative fault. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related third party costs that the City necessarily incurs.

5.2.2 In addition to Medline obligation to indemnify City, Medline specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which falls within this indemnification provision, while such claim is in effect, even if the

allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Medline by City and continues at all times thereafter.

5.2.3 There shall be no limitation on the ability of either party to bring an action arising from or relating to this Agreement except those set forth in California Law.

5.2.4 Contractor's indemnification obligation applies only if (i) Medline is notified in writing of the claim promptly following City receiving the claim (for clarity, the filing of a California Government Code claim in accordance with Sections 911, *et seq.*, is a jurisdictional prerequisite to a third-party filing suit), and (ii) City reasonably assists Medline in obtaining information about the facts underlying the claim. If Medline agrees in writing to defend, indemnify, and hold the City and its officers and employees harmless without a reservation of rights, Medline may request sole control over the defense subject to City Attorney approval, with the exception that in any case a settlement calls for the payment of City funds or action on the part of the City, such settlement would be subject to final approval of the City Attorney and the San Francisco Board of Supervisors, each acting in its sole discretion.

5.3 **Infringement Indemnification.**

5.3.1 Contractor shall indemnify and hold City harmless from all third party claims, loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of United States patent rights existing at the time of delivery of the Product, or any copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons in consequence of the use by City, or any of its officers or agents, of Products supplied by Medline in the performance of this Agreement. The obligation shall not be applicable to the extent that an infringement claim is based solely upon (i) the City's alteration or modification of the Products delivered by the Contractor; (ii) if the City uses the Products in a manner not intended by, or previously approved by Medline or (iii) the City's failure to use corrections or enhancements made available by Contractor.

5.3.2 If any Product is, or in Medline opinion is likely to be, held to be infringing, Medline will at its expense and subject to the approval of the City either: (i) procure the right for the City to continue using it, (ii) replace it with a noninfringing equivalent, (iii) modify it to make it noninfringing, or (iv) direct the return of the Product and refund to City the fees paid for such Product.

Article 6 Liability of the Parties

6.1 **City's Liability Limit.**

CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN ARTICLE 3 OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

6.2 **Medline's Liability Limit.**

NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL DISTRIBUTOR BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN

CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT. DISTRIBUTOR'S MAXIMUM LIABILITY FOR ANY DIRECT DAMAGES ARISING UNDER OR IN CONNECTION WITH THIS AGREEMENT SHALL BE CAPPED IN THE AGGREGATE AT \$25,000,000.

DISTRIBUTOR'S LIABILITY LIMIT SET FORTH ABOVE SHALL NOT APPLY TO:

(1) DAMAGES CAUSED BY DISTRIBUTOR'S GROSS NEGLIGENCE (FOR PURPOSES OF THIS SECTION, "GROSS NEGLIGENCE" SHALL MEAN A WANT OF EVEN SCANT CARE OR EXTREME DEPARTURE FROM THE ORDINARY STANDARD OF CONDUCT) OR WILLFUL MISCONDUCT;

(2) DISTRIBUTOR'S OBLIGATION TO INDEMNIFY AND DEFEND CITY AGAINST THIRD-PARTY CLAIMS PURSUANT TO THE GENERAL INDEMNIFICATION AND INFRINGEMENT INDEMNIFICATION PROVISIONS HEREIN;

(3) DAMAGES THAT ARISE FROM THE UNAUTHORIZED USE OR DISCLOSURE OR FAILURE TO MAINTAIN CONFIDENTIALITY OF CITY'S INFORMATION IN THE POSSESSION OR CONTROL OF DISTRIBUTOR RESULTING FROM DISTRIBUTOR'S BREACH OF SECTION 13.1 (NONDISCLOSURE OF PRIVATE, PROPRIETARY, OR CONFIDENTIAL INFORMATION) OR THE BUSINESS ASSOCIATE AGREEMENT (ATTACHED HERETO AS APPENDIX E), INCLUDING ALL OF CITY'S RELATED COSTS OF INVESTIGATION AND NOTIFICATION, AND STATUTORY FINES AND PENALTIES, UP TO AN AGGREGATE LIABILITY CAP OF \$5,000,000; AND

(4) WRONGFUL DEATH CAUSED BY DISTRIBUTOR.

6.3 Liability for Use of Equipment.

City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Medline, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

Article 7 Payment of Taxes

7.1 Reimbursement by City.

Medline shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Medline shall remit to the State of California any sales or use taxes paid by City to Medline under this Agreement. Medline agrees to promptly provide information requested by the City to verify Medline's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement. Medline may invoice City for sales and use taxes paid, and such taxes may be billed against a budget line-item contained in Appendix B (Calculation of Charges).

7.2 Possessory Interest Tax (If Applicable).

7.2.1 Medline acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Medline to possession, occupancy, or use of City property for private gain, other than as provided in this Agreement. If such a possessory interest is created, then the following shall apply.

7.2.2 Medline, on behalf of itself and any permitted successors and assigns, recognizes and understands that Medline, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.3 Medline, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a “change in ownership” for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Medline accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code Section 480.5, as amended from time to time, and any successor provision.

7.2.4 Medline, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code Section 64, as amended from time to time). Medline accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.5 Medline further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 Withholding.

Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Medline further acknowledges and agrees that City may withhold any payments due to Medline under this Agreement if Medline is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Medline coming back into compliance with its obligations.

Article 8 Termination and Default

In the event of termination of this Agreement, as set forth herein, unless otherwise agreed by the Parties, Medline understands and agrees that such termination will not become until the City notifies Medline in writing that a replacement Medline membership agreement is in place. In no event shall the effective date of termination exceed twelve (12) months from the date that the Medline issues written notice of termination.

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Medline one hundred twenty (120) days’ prior written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Medline shall use reasonable efforts to commence and perform, with diligence, all actions necessary on the part of Medline to effect the termination of this Agreement on the date specified by City and to minimize the liability of Medline and City to third parties as a result of termination. Medline shall take the following actions, unless otherwise directed in writing by the City:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(c) At City's direction, assigning to City any or all of Medline right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Settling all outstanding liabilities arising out of the termination of orders and subcontracts in support of this Agreement.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Medline and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Medline shall submit a final invoice to City, which shall set forth any outstanding claim for payment.

8.1.4 In no event shall City be liable for costs incurred by Medline or any of its subcontractors after the termination date specified by City, except for those costs specifically enumerated and described in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Medline under this Section, City may deduct: (i) all payments previously made by City for the same Services covered by Medline final invoice; (ii) an amount contested under an applicable invoice which is properly disputed in accordance with and subject to the dispute resolution language of Section 11.6; and (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4. In instances in which the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the City may seek the difference between the invoiced amount and the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement pursuant to the dispute resolution language of Section 11.6.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 City may terminate this Agreement for material breach by Contractor, by giving one hundred twenty (120) days' prior written notice to Contractor. In such event, Medline shall have the right to cure the breach within the notice period. Each of the following may constitute an event of default ("Event of Default") under this Agreement:

(a) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

3.6	Submitting False Claims.	11.11	Compliance with Laws
4.13	Assignment	13.1	Nondisclosure of Private, Proprietary or Confidential Information
Article 5	Insurance and Indemnity	13.4	Protected Health Information
Article 7	Payment of Taxes		

(b) Contractor fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, including any obligation imposed by ordinance or statute and incorporated by reference herein, and such default continues for a period of ten days after written notice thereof from City to Contractor.

(c) Contractor files, or consents by answer or otherwise to the filing against it of a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction; (iii) makes an assignment for the benefit of its creditors; (iv) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Medline or of any substantial part of Medline property; or (v) takes action for the purpose of any of the foregoing.

(d) A court or government authority enters an order (i) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Medline or with respect to any substantial part of Medline property, (ii) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (iii) ordering the dissolution, winding-up or liquidation of Contractor.

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. Upon any termination, City shall pay Medline uncontested amounts for Services performed in material conformance to the requirements of this Agreement up to and on the effective date of termination, in accordance with Section 3.3.1.. Any contested amounts shall be subject to the dispute resolution language detailed in Section 11.6 below.

8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 Non-Waiver of Rights.

The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

Medline shall resume performance within 24 hours after the City effects a cure to Medline's satisfaction. Medline shall work with the City to effect a cure in order to expedite resumption of Medline performance under this Agreement. Medline grants City a royalty-free, fully paid-up, non-exclusive perpetual license to use the Medline Materials contained in the Deliverables, for City's internal business purposes, in connection with its use of the Deliverables. With City's prior written approval, Medline and its subcontractor(s) may retain and use copies of such works for reference and as documentation of their respective experience and capabilities. The Parties will attempt in good faith to resolve any dispute or controversy arising out of or relating to the performance or receipt of services under this Agreement, including those related to non-payment or disputed invoices, (“Disputes”) in accordance with the following escalation process. Upon written notice by a party to the other party of a Dispute (“Dispute Notice”), such Dispute shall first be referred to Medline lead engagement partner or, principal, or managing director (or designee) and City’s Contract Administrator (or designee), as defined in Appendix A-1 (License, Implementation, Maintenance, and Hosting Statement of Work). If they are unable to resolve the Dispute within fifteen (15) days of the Dispute Notice, the Dispute will be escalated to Medline lead client service partner (or designee) and the Department of Public Health Chief Financial Officer (or designee). If the Parties are still unable to resolve the dispute within fifteen (15) additional days, then each party may resort to the formal dispute resolution procedure set forth in Section 11.6.1(b) or, pursuant to San Francisco Administrative Code Section 21.36, Medline may submit to the Contracting Officer a written request for administrative review and documentation of the Medline claim(s). Upon such request, the Contracting Officer shall promptly issue an administrative decision in writing, stating the reasons for the action taken and informing the Medline of its right to judicial review

(a) After the parties have exhausted the informal dispute resolution process outlined in Section 11.6.1(a), then, if agreed by both Parties in writing, disputes may be resolved by a mutually agreed-upon non-binding alternative dispute resolution process. If the parties do not mutually agree to an alternative dispute resolution process or such efforts do not resolve the dispute, then either Party may pursue any remedy available under California law.

III. MARKUP

- b. **Non-Brand Markup**: In the event that SFDPH does not meet Tier 4 Medline Branded Purchase Ratio within the first 18 months after the effective date of this Agreement, Medline will increase the mark up on all non-Medline Brand Products by ¼ percent. The Tier achieved will be reviewed/adjusted annually and SFDPH will receive a 30 day written notice for any markup changes. Should SFDPH maintain the 30% Medline Branded Purchase level continuously for one year, the markup will decrease by ¼ percent per the Table above.

Low Unit of Measure (“LUM”) rates are based on an average LUM order line value of \$40 or higher.

If average LUM order line value of \$40 or higher is not met, Medline reserves the right to increase the LUM rate. Medline understands and agrees that any increase to the LUM rate may not cause the Guaranteed Maximum Cost to exceed that stated in the Agreement without a formal modification of the Agreement.

OPTIONAL DELIVERY SERVICES TO OTHER THAN ZSFG AND/OR LAGUNA HONDA HOSPITAL		
	Tier 1 Markup	Tier 2 Markup
Delivery to Non Acute Sites/Long Term Care (Additive to base mark-up)	4.00%	3.00%

IV. MEDLINE BRAND PRODUCT SAVINGS ON NON-CONTRACT GPO PRODUCT CONVERSIONS

Should SFDPH convert the purchase of non-contract GPO products (including Medline Brand Textiles and Environmental Service products, but excluding Medline Brand Sterile Procedure Trays (“SPT”)/Custom Procedure Trays (“CPT”)/Complete Delivery System (“CDS”) to Medline Branded Products, Medline will charge SFDPH an estimated aggregate of 6% less than the City’s current cost. Should SFDPH convert the purchase of non-contract GPO SPT/CPT/CDS to Medline Branded Products, Medline will charge SFDPH an estimated aggregate of 18% less than the City’s current cost.

For clarity, the City is not currently exercising this discount. **To exercise this discount, the City must convert its non-contract GPO products to Medline Brand Product categories.** This is not a discount guarantee, but represents the SFDPH’s estimated cost savings achieved by converting to Medline non-contract GPO products.

To achieve this conversion, Medline’s sales representative will review SFDPH’s non-contract GPO product purchases, including but not limited to Operating Room pack trays inventory and other associated work, as needed, at no cost to the City. Medline’s sales representative must follow the City’s policies and procedures as set forth in Appendix A (Statement of Work) when in patient care areas.

Notwithstanding any other provision of this Agreement to the contrary, Medline reserves the right to adjust at any time the price of any Medline Brand Product sold hereunder if such price is below the prevailing market and/or GPO price for the same or similar product.

V. DISTRIBUTOR BRANDED PRODUCT OR EQUAL SWAP

SFDPH will provide Medline with the opportunity to convert non Medline Brand Product sales hereunder to Medline Brand Product sales, provided price, quality and service are equal to or better than current product or contract arrangements as mutually agreed by Medline and SFDPH. For clarity, no product swap may be made without written approval by email or otherwise of the City by Materials Management.

VI. REBATE SCHEDULE

Medline Brand Growth Rebate - Medline will pay SFDPH an *annual* rebate of 5% of the total dollar amount of purchases of Medline Brand growth against baseline sales (previous 12 month's sales) of Medline Brand Products ("**Annual Baseline**"). The existing Annual Baseline (previous 12 month's sales) will apply to the first rebate after the effective date of this Agreement. For each year thereafter, Medline will establish a new Annual Baseline for the previous 12 months sales, and the 5% rebate will be paid on the growth of Medline Brand Products.

If Medline Brand Product sales decline below the Annual Baseline at any time during the life of the MOU and a growth rebate was previously earned, SFDPH will not earn on future growth for the same dollars where a previous growth rebate was earned. For clarity, Medline will not pay a rebate twice for the same amount of growth.

For example: If SFDPH has an Annual Baseline of \$1,700,000 and total Medline Brand sales for the next year of the MOU are \$1,900,000, the rebate would be equal to \$10,000 ($(\$1,900,000 - \$1,700,000) \times 5\%$).

If the Annual Baseline is \$1,700,000 and the City's sales declines to \$1,500,000, then no rebate would be paid and the City's Annual Baseline would remain \$1,700,000. To achieve a Medline Brand Growth Rebate, the City's Medline Brand Product growth would need to exceed the \$1,700,000 Annual Baseline.

Should SFDPH achieve a 45% Medline Brand product ratio, then a 5% rebate will be paid on all Medline brand spend (in lieu of growth rebate above).

All rebates will be paid on all classes of trade and all classes of trade of Medline Brand purchases will count toward tier requirements

Medline ReNewal reprocessing and Pharmaceutical purchases will be counted toward all rebate goals hereunder, but the same value of purchases will be excluded from the basis used to calculate rebate payments. The City's use of Medline ReNewal will require a formal modification of this Agreement.

VII. REBATE PAYMENT TERMS

Rebate will be paid on the aggregate net price. The rebate tracking period will be based on a twelve month calendar year from January 1st through December 31st (prorated on a monthly basis as appropriate for the first year after the effective date of this Agreement) through December 31, 2020. Thereafter, the rebate payment schedule will follow a calendar year and will be paid on an annual basis. Net rebates greater than \$1,000 per payment will be paid in the form of a credit or direct payment. Net rebates less than \$1,000 per payment will be paid in the form of a credit only to the SFDPH's account.

- a. Medline will pay rebates through this MOU and all standard GPO fees of which SFDPH is a member.
- b. Should the GPO offer standardization programs requiring additional administrative fees for standardization or compliance programs, Medline will count the sales of those specific product categories towards the overall sales volume goals and pay the rebate for such Products only under the GPO program. For clarity, Medline will not duplicate rebate payments on product sales.
- c. Medline will not pay a rebate on Product categories bid through a regional group purchasing organization or regional contracting office including any Products sold through pre-committed bids under SFDPH's current GPO. For clarity, Medline will not duplicate rebate payments on product sales.
- d. Product signed as received through a proof of delivery and shown as packed and shipped from Medline inventory but claimed as not received by the facility will not be counted toward the rebate volume.
- e. All of SFDPH's accounts with Medline must have been current during the entire rebate period in order for SFDPH to qualify for the rebate. Invoices in dispute, that SFDPH notified Medline about in writing within 60 days of invoice date, will not be counted as past due for rebate purposes. Medline reserves the right to off-set any rebate against any outstanding and overdue account balance. Additionally, Medline reserves the right to off-set any rebate to pay for "value added" services, accessories, and software for which a Medline determines a reasonable charge must be assessed. For clarity, SFDPH does not currently use "value added" services. Use of "value added" services would require a formal modification of this Agreement.
- f. At the conclusion of each rebate period, SFDPH shall receive a statement itemizing any such set offs and charges.

VIII. PAYMENT TERMS

Payment terms are net 30 days. Medline shall be entitled at its election to charge SFDPH interest of 1% per month on all unpaid invoices over 60 days. In addition, Medline reserves the right to increase the price or mark-up on products by ½% for every 60 days SFDPH is over terms on each late invoice. SFDPH agrees to partially pay all undisputed portions of invoices within the agreed upon terms and not hold entire invoices from payment that contain disputed line items. The City will use best efforts to submit all claims for adjustments or credits for billing errors and other discrepancies within 180 days of invoice. Medline will only accept payment by check, money order or Automated Clearing House (ACH)/Electronic Funds Transfer (EFT) or any other method as agreed in writing by the parties. Any price change that increases the GMP must be by Formal Amendment in accordance with Section 3.2 of the Agreement.

Disaster Preparedness and Response Plan

Purpose and Scope

Medline Industries, Inc. is committed to our customers' needs in time of crisis. Our substantial investment in specialized equipment, systems and other resources has allowed us to actively and immediately respond to a wide range of disasters over the past years, playing a key or leading role for our customers in many of them. This Disaster Preparedness and Response Plan contains general, but key, information pertaining to Medline's readiness, capabilities, and service parameters in the event and/or anticipation of a disaster including a pandemic epidemic. Medline maintains a proprietary, internal, detailed plan that is used during activation of the Disaster Response Team.

This Disaster Preparedness and Response Plan provides guidance for customers who are developing their own response plan. This information should be used in conjunction with your own Internal Supply Chain Team and your Director of Emergency Preparedness, along with any of your other internal (Infection Control, Legal, Occupational Health, etc.) and external (Governmental, Homeland Security, State Police, Other 3rd Parties, etc.). Medline is available to coordinate with these internal and external teams and resources for discussion and planning purposes, in addition to working with them in times of disaster.

A Disaster Preparedness checklist can be found on Page 6 of this document. The checklist was developed to help customers prepare for a catastrophic event and includes pre- and post-event recommendations.

There is a Medline Customer Service and Operations Key Contact List on page 7. This list identifies individuals within our organization who are dedicated to meeting your needs. Branch information on page 8 is included to reassure you that Medline is well positioned to protect continuity of service. Combined, this information should help your customer partner with Medline before, during, and after catastrophic events.

Medline Operations and Inventory Management encourage you to escalate calls whenever you experience a breakdown in communication. Our expert team is dedicated to serving your needs.

Medline Capabilities

Medline's experience includes leading air and ground efforts to move both supplies and patients during Hurricane Katrina, middle of the night inventory replenishment for customers who have experienced floods and fires, as well as massive efforts to support customers in specific geographic regions who were hit by fire; floods, ice storms, tornados and hurricanes. We've assisted customers in bringing their own facilities back online after catastrophic damage.

Our greatest strengths include our network of 40+ distribution centers with 2.0+ million SF, thousands of dedicated Team Members, 950 power units in our owned fleet, \$2+ billion in domestic inventory, critical disaster response equipment, and our detailed internal disaster response plan. This is in addition to strategic contractual agreements with third party transportation providers and world class emergency preparedness and response partners that we train and work with.

MedTrans is our private truck fleet, which can provide Medline with complete control over delivery capabilities, particularly in an emergency period when there is severe competition for transportation resources. In addition to our private fleet, Medline has contractual agreements with over 100 transportation providers throughout the country, including the highest-rated, same-day/emergency delivery carriers, both ground and air.

Medline's inventory management system helps us achieve the highest service levels in the Healthcare industry. In the event of a disaster the same system can be used to redirect any portion of more than \$2,000,000,000 of inventory into a targeted geographic area. For the Southwest, our distribution centers in Tolleson, AZ; Aurora, CO; Salt Lake City, UT; and Temecula, CA; combined with the Rialto, CA and Tracy, CA distribution center (two of our largest central stocking locations or "Hubs"), offer a logistical advantage in times of crisis. As situations occur, inventory is immediately re-directed to the areas with the most critical need.

We have also developed programs which allow our customers the option of stockpiling inventory on items of their choosing without incurring the additional expense of self-storage. Please let us know if you would like to review this option for your facility.

We have expanded our production facilities which are now strategically located across three continents. We also have exclusive partnerships with leading suppliers of domestic branded raw materials.

Medline is a major contractor with the Department of Defense, FEMA and the CDC National Stockpile programs.

From our Disaster Response Centers in Mundelein, IL and Dubuque, IA, we have repeatedly demonstrated our ability to successfully marshal action across our entire network of resources: products, facilities, trucks, and team members. In the event of a pandemic or other major disaster, Medline Industries, Inc. will work closely with your facility, as well as other medical facilities in the area, to ensure all customer needs are responded to as promptly as possible.

MEDLINE EMERGENCY ACTION PLAN

In the event of a disaster or other crisis, Medline will activate its Emergency Action Plan or EAP. The Corporate Disaster Response Team (DRT) is preapproved by the Medline Board of Directors to take whatever actions and commit whatever resources (financial and operational) are required to respond in a manner consistent with Medline's Mission, Vision, and Core Values.

Medline's Disaster Response Team (DRT)

The DRT will meet in our Disaster Response Center to determine the nature and scope of the event and initiate an appropriate response.

The DRT consists of the following: President of Global Operations, CIO, Sales EVP, VPs' Operations, VP Inventory Management, VPs' Transportation, Director of Customer Service, and the Director Operations and Warehouse Manager of affected, distribution centers and their back-up centers.

The President Global Operations or Region VP Operations will lead the DRT and utilize the detailed internal disaster plan for the specific disaster and assign action items to each member of the DRT, who will then engage all internal and external resources that are part of their response plan.

The DRT or members of the team will be dispatched to the affected site by air, if it is determined that would be more effective.

The DRT will continue to meet twice daily to reassess the situation and redirect resources when and where appropriate. This will include communications discussed below.

Customer Communications

1. Once the nature and scope of the event is determined, the VP of Operations and the local Distribution Center Director will contact Senior Sales person(s) for the geographical area. Please note that Medline Operations sends notifications to Customer Service and Field Sales in advance and tracks any disasters that can be anticipated.
2. The Senior Sales person and VP Operations will contact customers (contacts and methods of communication vary by Customer and Request) to determine short and long term critical needs.
3. Based on Customer requirements and intensity of event, plans will be developed to ensure the requested inventory is delivered as early as possible to ensure continuity of business. All members of the DRT will be utilized (Transportation, Inventory Management, IS, Customer Service.) Please note that before we even get customer orders (except for Standing Emergency Orders which we strongly encourage customers to consider), we have already begun redirecting additional inventory to the affected area.
4. If any portion of the plan changes for any reason, the Medline VP Operations is accountable to notify Medline Senior Sales and the customer to discuss cause of change and develop alternative actions. Most of these communications occur during the twice daily Internal Medline DRT Calls and pre or post calls can also be made to any Customers who so request.

In the event that a natural or other disaster destroys or renders a Medline facility inoperable, the following procedures are in place to maintain continuity of service:

1. One of three assigned back-up distribution centers will act as a temporary distribution center for a designated service area. Within 2 (two) hours all orders will be moved to the back-up branch until such time as the primary branch can resume operations.
2. MedTrans fleet assets, distribution personnel, and additional third party transportation assets may be repositioned to provide additional transportation and support services in areas with the most critical need.
3. As the situation dictates, inventory will be reallocated to the appropriate back-up distribution center to accommodate the increased demand.

Medline will extend its hours of operation in all appropriate locations to ensure all customers' needs are met. Medline has contractual agreements with both LTL (common) carriers and same-day express – ground and air delivery services – that will also flex their hours of operation as required.

Medline will continue to process orders and make deliveries as long as the safety of our employees is not jeopardized and local authorities do not impede service. Please note that there are varying levels of notification from local and state authorities and we monitor a number of web sources to help us make these decisions, in addition to contacting the respective agencies from our specific call list. We do move our trucks during times that agencies request all traffic to be off the roads, if there is an urgent need and after we discuss with the agencies. This need will be determined via customer discussions (Customer calls are initiated to Prime Vendor and other customers whose deliveries could be more critical) after discerning the anticipated timing of the road delay or closure and the customers determination of the criticality of their supply needs. This criticality could allow for a delay in delivery, could require a smaller part of an order to be expedited using available premium delivery methods or re-routing to other Medline DC's if delivery options are available. Our Customer Communication is preferred via our Customer Service Team or Sales Reps, but can also be delivered via email.

The DRT will provide updates to our Sales and Customer Service Teams twice daily, or any time there is a significant change in our service capabilities. These teams will then handle customer communications. As noted above, there are customers who may specifically request Medline and their DRT to provide direct updates or direct participation in their internal planning, and these will be handled as they arise.

In times of crisis, customer pickups will be available as long as the distribution facility is secure and operational. In the event of a pandemic, some other restrictions may apply in an effort to protect our employees, our customers, and their needs.

Disaster Preparedness Checklist

- Identify your needs now. What are the special needs of your patient population? Will that population change in the event of a disaster (i.e. more long-term care needs vs. outpatient surgery)? What happens when the nursing home around the corner gets shut down or can no longer accommodate patients?
- Establish product formularies for multiple contingencies. Try to have alternates or pre-approved or “qualified” substitutes for the most critical items.
- Work with your Medline rep to prepare a pre-approved substitution list for any critical custom sterile or non-sterile kit.
- Prepare your emergency order(s) in advance. Your Medline rep can help you develop a par level of commonly ordered items or those most likely needed in responding to a particular disaster. Medline has systems in place to block, for review, orders that exceed historical usage for a customer, distribution center or geographic region. This mechanism is in place to prevent hoarding during the response phase of any disaster. Stockpiling in preparation of a disaster is encouraged and your Medline rep can help you with programs designed to mitigate the expense of carrying additional inventory. Many customers prefer the security of having additional inventory on-hand but lack the storage space to “stock-up”. Medline can help arrange a trailer with supplies of your choosing and stage it at your facility. (Account will be responsible for trailer detention and appropriate return/restocking fees should the inventory not be utilized.)
- Place standing purchase orders. Medline will retain standing orders to release under a set of prior agreed to circumstances unless otherwise notified.
- Make copies! Keep hardcopies of all product formularies and their corresponding par levels, emergency orders ready to be placed and standing PO’s you may have already placed. Make sure others that need to know will know where to find them and what needs to be done.
- If a disaster is imminent place your orders early - 96 hours in advance if possible, 72 hours at the latest. The closer we get to an impending disaster or a known danger the more difficult it becomes for us to do everything for everyone.
- Consolidate your orders. Multiple orders can potentially slow operations.
- Think about how supplies will get to you. Identify a back-up receiving area. Make sure other plans don’t get in the way of your own. Are you prepared to handle alternate or flexible delivery times (after hours, weekends, etc.)?
- Designate a point person. Who in your facility is responsible for your disaster preparedness plan? Who is the person that will lead your facility’s response? Who in your facility is responsible for coordinating with your suppliers for supply chain continuity? Your Medline rep will continue to be your primary contact for the coordination of all orders, deliveries, backorder relief as well as special needs just as they are today. Make sure your rep knows who to contact and how, and if that person isn’t available, and that person, ...
- Provide a list of all facility emergency contact numbers to your Medline representative. This will ensure communication channels remain open.
- Know who to call at Medline. In addition to your Medline sales rep the only number you need is 1-800-MEDLINE.

Medline further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable City and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by Controller. Medline agrees to fully comply with these laws, regulations, and policies/procedures.

Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains Protected Information in electronic format, BA shall provide such information in electronic format as necessary to enable CE to fulfill its obligations under the HITECH Act and HIPAA Regulations, including, but not limited to, 42 U.S.C. Section 164.526. Section 164.504(e)(2)(ii)(F)].

what constitutes “minimum necessary” to accomplish the intended purpose in accordance with HIPAA and HIPAA Regulations.

m. Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

n. Notification of Breach. BA shall notify CE within 5 business days of any breach of Protected Information; any use or disclosure of Protected Information not permitted by the BAA; any Security Incident (except as otherwise provided below) related to Protected Information, and any use or disclosure of data in violation of any applicable federal or state laws by BA or its agents or subcontractors. The notification shall include, to the extent possible, the identification of each individual whose unsecured Protected Information has been, or is reasonably believed by the BA to have been, accessed, acquired, used, or disclosed, as well as any other available information that CE is required to include in notification to the individual, the media, the Secretary, and any other entity under the Breach Notification Rule and any other applicable state or federal laws, including, but not limited, to 45 C.F.R. Section 164.404 through 45 C.F.R. Section 164.408, at the time of the notification required by this paragraph or promptly thereafter as information becomes available. Section 17921; 42 U.S.C. Section 17932; 45 C.F.R. 164.410; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)]

o. Breach Pattern or Practice by Business Associate’s Subcontractors and Agents. Pursuant to 42 U.S.C. Section 17934(b) and 45 C.F.R. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent’s obligations under the Contract or this BAA, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent’s obligations under the Contract or this BAA within five (5) business days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

3. Termination.

a. Material Breach. A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii).]

b. Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

Upon termination of the Agreement and this BAA for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this BAA to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible [45 C.F.R. Section 164.504(e)(2)(ii)(J)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI.

d. Civil and Criminal Penalties. BA understands and agrees that it is subject to civil or criminal penalties applicable to BA for unauthorized use, access or disclosure or Protected Information in accordance with the HIPAA Regulations and the HITECH Act including, but not limited to, 42 U.S.C. 17934 (c).

e. Disclaimer. CE makes no warranty or representation that compliance by BA with this BAA, HIPAA, the HITECH Act, or the HIPAA Regulations or corresponding California law provisions will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible access, use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days from City's written notice to BA of such fines, penalties or damages.
