please vote to oppose this slaughterhouse!
as an animal lover, environmentalist and decades-long resident near this location i am really concerned about the impact this would have on the area, not to mention the countless animals that would be bred only to be killed. the last thing this city named after St. Francis needs is more pollution, more diesel trucks and more dead animals.
please vote against the slaughterhouse!
thank you,

Subject: Support for ALDF appeal concerning SABA live poultry slaughterhouse in Bayview district

Dear Board of Supervisors, members of the Planning Commission,

I strongly oppose to the idea of a live slaughterhouse in the Bayview district of San Francisco! My reasons for this the following:

- It's alarming that the decision for this live slaughterhouse was made without review by CEQA. The California Environmental Quality Act needs to be part of this process and I urge you to review the decision today.
- San Francisco is a progressive city with a very high number of vegans and vegetarians. Residents who oppose to breeding, slaughtering and consumption of animals from ethical, environmental and nutritional viewpoints will be shocked by the creation of a slaughterhouse within the city limits. This decision could also open up violent opposition from animal defense organizations.
The Bayview district does not need this problem.
- Transportation of live animals on their way to slaughter through San Francisco streets and butchering animals in the Bayview neighborhood is something nobody wants to look at or think about.
- Instead of adopting a more animal-friendly stance as a progressive city, this proposal seems opposed to everything we stand for. We do not need the to add the suffering of animals and people with a slaughterhouse of any kind within city limits.

Thank you for your time.

Respectfully,

Patricia Ris-Yarbrough

Dear SF Board of Supervisors,

I'm writing in support of Saba Poultry on Wallace Street. Their service of providing fresh and healthy food will be a great addition to San Francisco.

Their Oakland location is a good example of their quality and cleanliness. We want to have location in more areas to be able to get fresh meat.

Such neighborhood-oriented business will also hire locals and be run responsibly without causing disturbance to the neighborhood.

Thank you for serving our city and bringing such businesses of exceptional service to operate in the city.

I know people from other communities that go all the way to the farms buy live animals and slaughter them and dump the inedibles on the freeway.

Thank you for serving our city and bringing such businesses of exceptional service to operate in the city.

Driving to shop in their Oakland location is a hassle, but its quality and cleanliness makes the drive worthwhile. It's time to have a location for San Francisco and neighboring cities.
