ADOPTING FINDINGS TO APPROVE A CONDITIONAL USE AUTHORIZATION PURSUANT TO PLANNING CODE SECTIONS 209.3, 249.5, AND 303 TO ALLOW THE RELOCATION OF AN EXISTING OFF-SALE LIQUOR LICENSE FROM 498 O'FARRELL (AKA 500 JONES) TO THE PROPERTY LOCATED AT 451-453 O'FARRELL STREET, LOT 020 IN ASSESSOR'S BLOCK 0324, WITHIN THE RC-4 (RESIDENTIAL-COMMERCIAL, HIGH DENSITY) ZONING DISTRICT, NORTH OF MARKET RESIDENTIAL SUD (SPECIAL USE DISTRICT) AND 80-T HEIGHT AND BULK DISTRICT.

PREAMBLE

On September 29, 2021, Khaled Mashal (hereinafter "Project Sponsor") filed Application No. 2021-009937CUA (hereinafter "Application") with the Planning Department (hereinafter "Department") for a Conditional Use Authorization for a general grocery operator to relocate an off-sale liquor license from 498 O'Farrell (aka 500 Jones) to 451-453 O'Farrell Street (hereinafter "Project"), Block 0324, Lot 020 (hereinafter "Project Site").

The proposal is not defined as a project under CEQA guidelines Sections 15378 and 15060(c)(2) because it would not result in a direct or indirect physical change in the environment.

On February 3, 2022, the San Francisco Planning Commission (hereinafter "Commission") conducted a duly noticed public hearing at a regularly scheduled meeting on Conditional Use Authorization Application No. 2021-009937CUA.

The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

The Planning Department Commission Secretary is the Custodian of Records; the File for Record No. 2021-009937CUA is located at 49 South Van Ness Avenue, Suite 1400, San Francisco, California.

The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

MOVED, that the Commission hereby approves the Conditional Use Authorization as requested in Application No. 2021-009937CUA, subject to the conditions contained in "EXHIBIT A" of this motion, based on the following findings:

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

- 1. The above recitals are accurate and constitute findings of this Commission.**
- 2. Project Description.** The Project proposes to relocate an off-sale liquor license (ABC license type 21) from 498 O'Farrell to 451-453 O'Farrell Street. This would allow the operator of a general grocery use to continue beer, wine, and/or liquor sales when relocating their business within the North of Market Residential Special Use District ("SUD").
- 3. Site Description and Present Use.** The Project site, 451-453 O'Farrell Street, consists of an existing retail space occupying two storefronts along the ground floor of an existing mixed-use building. While the request for Conditional Use Authorization is specific to the relocation of an off-sale liquor license, the Project Sponsor has already obtained a building permit to convert the previous limited restaurant use at 451-453 O'Farrell Street to a general grocery use, both of which are defined by the Planning Code as retail sales and service uses. General groceries are principally permitted within the subject Zoning District and SUD; it is only transfer of the off-sale liquor license that necessitates Conditional Use Authorization.
- 4. Surrounding Properties and Neighborhood.** The Project Site is located within the RC-4 Zoning District and North of Market Residential SUD. Beyond the contemporary residential tower adjacent to the project site and the church directly across the street, the immediate context largely consists of older, mixed-use buildings with ground floor and lower-level commercial use with residential above. Union Square lies several blocks northeast, with Market Street four blocks to the south. 451-453 O'Farrell is contributory to the Uptown Tenderloin Historic District, included on the national and state registers of historic resources, and falls within the Compton's Transgender Cultural District. Other zoning districts in the vicinity of the project site include P (Public) and C-3-G (Downtown General Commercial).

5. **Public Outreach and Comments.** The Department has not received any correspondence expressing support of or opposition to the proposal.
6. **Planning Code Compliance.** The Commission finds that the Project is consistent with the relevant provisions of the Planning Code in the following manner:
 - A. **Use.** The use of the subject retail space at the ground floor of the existing building is a general grocery occupying 1,865 square feet, which is principally permitted within the subject Zoning District and SUD.
 - B. **Liquor Establishments.** Planning Code Section 249.5(d) prohibits the creation of any *new* off-sale liquor uses within the North of Market Residential SUD. However, Subsection 249.5(d)(4)(C) stipulates that an established off-sale liquor license can be transferred to another location within the SUD via Conditional Use Authorization provided that: (i) the type of California liquor license does not change; (ii) the square footage used for the display and sale of alcoholic beverages does not increase; (iii) the original premises will not be occupied by another off-sale liquor use; and (iv) that the transfer location abides by the good neighbor policies listed in Subsection 249.5(d)(6).

The Project Sponsor seeks to transfer an established off-sale liquor license to accompany the relocation of their general grocery use from 498 O'Farrell (aka 500 Jones) to 451-453 O'Farrell Street, which is across the street and partway down (easterly) the same block. Both locations are within the North of Market Residential SUD, the type of liquor license—type 21—will go unchanged, the square footage used for display and sale will not be increased, the original premises will be occupied by a cannabis dispensary rather than another off-sale liquor use, and the Project Sponsor understands and has agreed to comply with the good neighbor policies listed in Subsection 249.5(d)(6). These policies are comparable to the measures required by the California Department of Alcoholic Beverage Control and have also been included as Condition of Approval No. 11. They are listed out in said Condition, but broadly address regular monitoring and maintenance of the premises and limits on signage. Also see Condition of Approval No. 6 pertaining to signage.

The proposed relocation of the off-sale liquor license would not result in any intensification of these licenses within the SUD and would allow the operator of an established neighborhood-serving use to continue to sell the same selection of items as they did at their previous location within the area. The sale of alcoholic beverages is also significant for the continued operation of this neighborhood-serving retail use as they constitute a substantial portion of revenue.

7. **Conditional Use Findings.** Planning Code Section 303 establishes criteria for the Planning Commission to consider when reviewing applications for Conditional Use authorization. On balance, the project complies with said criteria in that:
 - A. The proposed new uses and building, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable, and compatible with, the neighborhood or the community.

The size of the proposed use is unchanged from the previous retail use that occupied the ground floor of 451-453 O'Farrell Street. Relocation of the off-sale liquor license will allow the business operator to continue to sell the same selection of items as they previously did when located across the street at 498

O'Farrell Street (aka 500 Jones).

- B. The proposed project will not be detrimental to the health, safety, convenience, or general welfare of persons residing or working in the vicinity. There are no features of the project that could be detrimental to the health, safety, or convenience of those residing or working the area, in that:

- (1) Nature of proposed site, including its size and shape, and the proposed size, shape, and arrangement of structures;

The height and bulk of the existing building will remain the same and will not alter the existing appearance or character of the project vicinity. The proposed work will not affect the building envelope in any way.

- (2) The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading;

The Project is replacing an existing retail space with a new operator/business. It will have no negative effects on the accessibility and traffic patterns for persons and vehicles.

- (3) The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust, and odor;

The proposed use would be a general grocery with sale of food and miscellaneous items as well as beer, wine, and/or liquor. Given the nature of the store, that people will cycle in and out as they purchase items, and the good neighbor policies required by Planning Code Section 249.5 there is no risk for noxious or offensive emissions like noise, glare, dust, and odor.

- (4) Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs;

The proposed transfer of an off-sale liquor license and related general grocery use do not require any further tenant improvements. The Department shall review any signage related to the site.

- C. That the use as proposed will comply with the applicable provisions of the Planning Code and will not adversely affect the General Plan.

The Project complies with all relevant requirements and standards of the Planning Code and is consistent with objectives and policies of the General Plan as detailed below.

- D. That use or feature as proposed will provide development that is in conformity with the stated purpose of the applicable Use District.

The proposed project is consistent with the stated purposes of RC-4 Districts in that the intended use is located at the ground floor and will provide a compatible, neighborhood-serving convenience service for the immediately surrounding neighborhoods. There will be no intensification in the

number of off-sale liquor establishments, and the license would be relocated just across the street.

- 8. North of Market Residential SUD Purposes.** When considering applications for Conditional Use Authorization for uses located within the North of Market Residential SUD, the Planning Commission shall consider the purposes as set forth in Planning Code Subsection 249.5(b) in addition to the criteria of Subsection 303(c) discussed above.

These purposes, and the intent behind the SUD controls, are to accomplish the following: protect and enhance important housing resources in area near downtown; conserve and upgrade existing low and moderate income housing stock; preserve buildings of architectural and historic importance and preserve the existing scale of development; maintain sunlight in public spaces; encourage new infill housing at a compatible density; limit the development of tourist hotels and other commercial uses that could adversely impact the residential nature of the area; and limit the number of commercial establishments which are not intended primarily for customers who are residents of the area.

The existing general grocery use occupying 1,865 square feet at the ground floor of the subject property is principally permitted within the Zoning District/SUD and has obtained a building permit. With the proposed transfer of an off-sale liquor license from the business's previous location to its new one, it would continue to operate akin to what is commonly known as a corner store or liquor store, which are scattered across neighborhoods and largely serve residents of the area. The proposal would enhance the viability of a retail tenant operating on the ground floor of a historic building while having no effect on housing, sunlight, existing scale of development, or the development of tourist hotels.

- 9. General Plan Compliance.** The Project is, on balance, consistent with the following Objectives and Policies of the General Plan:

COMMERCE & INDUSTRY ELEMENT

Neighborhood Commerce

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

Policy 6.1

Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

Policy 6.3

Preserve and promote the mixed commercial-residential character in neighborhood commercial districts. Strike a balance between the preservation of existing affordable housing and needed expansion of commercial activity.

Policy 6.4

Encourage the location of neighborhood shopping areas throughout the city so that essential retail goods and personal services are accessible to all residents.

The Project would facilitate the retention of a neighborhood-serving use that is relocating to a new, nearby location within a Residential-Commercial Zoning District. The general grocery use paired with a liquor license is akin to a corner store and sells a variety of goods to area residents and visitors throughout much of the day. The proposed relocation of the off-sale liquor license would not result in any intensification of such licenses within the subject SUD and would allow the operator of an established neighborhood-serving use to continue to sell the same selection of items as they did at their previous location within the area. The sale of alcoholic beverages is also significant for the business's continued operation as they constitute a substantial portion of revenue.

10. Planning Code Section 101.1(b) establishes eight priority-planning policies and requires review of permits for consistency with said policies. On balance, the project complies with said policies in that:

- A. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses be enhanced.

The Project will allow a general grocery operator to continue to sell the same selection of items at their new location, which is across the street from their previous one.

- B. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

The Project results in no changes to the physical environment and will have no effect on existing housing.

- C. That the City's supply of affordable housing be preserved and enhanced.

The Project will have no effect on affordable housing.

- D. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

The Project results in no changes to the physical environment and will have no effect on MUNI transit service or streets.

- E. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The Project will allow an existing general grocery operator to continue to sell beer, wine, and/or liquor.

- F. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The Project will comply with all structural and seismic safety requirements of the Building Code.

- G. That landmarks and historic buildings be preserved.

The Project will not result in any changes to the physical environment.

- H. That our parks and open space and their access to sunlight and vistas be protected from development.

The Project will have no effect on parks or open spaces.

- 11.** The Project is consistent with and would promote the general and specific purposes of the Code provided under Section 101.1(b) in that, as designed, the Project would contribute to the character and stability of the neighborhood and would constitute a beneficial development.
- 12.** The Commission hereby finds that approval of the Conditional Use Authorization would promote the health, safety, and welfare of the City.
