Dear Mayor Breed,

I, Cordell Anthony, am writing to you to express my support for the proposed Navigation Center at the former House of Fans site on Polk & Larkin St.

Navigation centers have proven to be an effective and humane resource in curbing our city's devastating homelessness crisis. Since the city launched the Navigation Center model in 2015, 46% of their guests ended their experience with homelessness after a stay in a Navigation Center, per the Department of Homelessness and Supportive Housing. Yet, with only six Navigation Centers currently in operation and over 8,000 estimated people in the city currently experiencing homelessness, we as a city are not doing enough.

As an artist and a resident of the city of San Francisco, I would welcome such a successful resource in my own neighborhood and fully support the creation of a Navigation Center at the Polk & Larkin St. location.

Thank you for your prompt attention.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Cordell Anthony', with a long, sweeping flourish extending to the right.
