Dear Supervisors,

I am urging your support for Item 27, Resolution 200491 - Urging the Governor to Waive California Redemption Value Fines for Small Business. I want to thank Supervisor Haney and his aide Honey Mahogany for drafting this resolution and supporting our very small business who have had to bear the burden of the City's efforts over the last decade to close recycling centers. I also thank Supervisor Walton and Safai for their co-sponsorship. Having these fines waived will have significant financial impact to our corner stores and neighborhood grocers, as they are challenged in having to fill the gap of the lack of recycling centers in SF. It is due to this challenge that the fines have incurred.

Senator Weiner pass a law that allows San Francisco to develop a pilot program to meet the redemption demand of the closed recycling centers and to remove the responsibility from our small business. Until this pilot program is able to get up and running, the State Law will continues to levy the fines.

Supporting this resolution is aligned with the Board of Supervisors interested and effort to reduce fines and fees on small businesses particularly in this time of the COVID19 pandemic.

Kindly,
