London N. Breed, Mayor
Philip A. Ginsburg, General Manager

TO: Board of Supervisors

**FROM: Philip A. Ginsburg, General Manager
Recreation and Park Department**

DATE: July 7, 2021

**SUBJECT: Retroactive - California Department of Parks and Recreation
Habitat Conservation Fund – Sharp Park - \$200,500**

The San Francisco Recreation and Park Department (RPD) applied for and was awarded a Habitat Conservation Fund Grant in the amount of \$200,500 from the California State Department of Parks and Recreation (DPR) to restore habitat for the San Francisco Garter Snake (SFGS), an endangered and federally protected species in Sharp Park. Due to the sensitive nature of the SFGS, work associated with the four-year project is planned around the life cycle of the species and overseen by a biological monitor in order to avoid “take” of (harm to) any SFGS. Also, as with most habitat restoration projects, it takes years for the plants to establish and the project to become a fully-functioning habitat.

The grant was awarded on July 25, 2019. RPD prepared and circulated accept and expend legislation for the grant in January 2020 and the grant contract was executed by the State on February 24, 2020. Due to more urgent matters related to the Covid-19 Pandemic, the item was pulled from the legislative process and the grant was appropriated as part of the 20-21 AAO due to keep the project on schedule.

Retroactive actions that pertain to this grant are due, in part, to DPR’s policy to back date the grant contract start date to July 1, 2019.

In addition, RPD was required to appropriate the grant as part of the budget process due to the project scheduling described in paragraph one of this memo. As such, project costs have incurred since the grant was appropriated.

2. After the STATE has approved the APPLICATION, all changes and alterations to the GRANT SCOPE must be approved in writing by the STATE. Grantee's failure to comply with this provision may be construed as a breach of the terms of the agreement and result in the termination of payment of the grant monies provided for in this agreement.

C. Project Costs

1. Grantee agrees to abide by the GUIDES.
2. Grantee acknowledges that the STATE may make reasonable changes to its procedures as set forth in the GUIDES. If the STATE makes any changes to its procedures and guidelines, the STATE agrees to notify grantee within a reasonable time.

2. If grant monies are advanced for an ENHANCEMENT, RESTORATION, DEVELOPMENT, or WILDLIFE AREA ACTIVITIES project, the advanced funds shall be placed in an interest-bearing account until expended. Advanced funds must be spent within six months from the date of receipt, unless the STATE waives this requirement. Interest earned on the advanced funds shall be used on the project as approved by the STATE. In such case, STATE may reimburse grantee for eligible costs properly incurred in performance of this agreement despite non-performance of the grantee. To qualify for such reimbursement, grantee agrees to mitigate its losses to the best of its ability.

3. The grantee agrees that in the event the STATE is named as codefendant under the provisions of California Government Code Section 895 et. seq., the grantee shall notify the STATE of such fact and shall represent the STATE in the legal action unless the STATE undertakes to represent itself as codefendant in such legal action in which event the STATE shall bear its own litigation costs, expenses, and attorney's fees.
4. The grantee and the STATE agree that in the event of judgment entered against the STATE and the grantee because of the concurrent negligence of the STATE and the grantee, their officers, agents, or employees, an apportionment of liability to pay such judgment shall be made by a court of competent jurisdiction.

The grantee acknowledges that it is solely responsible for compliance with items to which it has certified.

H. Financial Records

The grantee also agrees to retain such financial accounts, documents and records for at least five years following project termination or final payment, whichever is later.
2. The grantee shall keep such records as the STATE shall prescribe, including records which fully disclose (a) the disposition of the proceeds of grant monies, (b) the total cost of the project, (c) the amount and nature of project funds provided by other sources, and (d) any other records that will facilitate an effective audit of the grant monies.
3. The grantee agrees that the STATE shall have the right to inspect and make copies of any books, records or reports pertaining to this agreement or matters related thereto during regular office hours. The grantee shall maintain and make available for

inspection by the STATE accurate records of all of its costs, disbursements and receipts with respect to its activities under this agreement. Such accounts, documents, and records shall be retained by the GRANTEE for at least 5 years following final payment of grant monies.

I. Use of Facilities

1. The grantee agrees to operate and maintain project sites and/or locations for the duration of the CONTRACT PERFORMANCE PERIOD. If any property is acquired, enhanced, restored, or developed with grant monies, the grantee is required to operate and maintain the same for the duration of the CONTRACT PERFORMANCE PERIOD.
2. The grantee agrees that during the GRANT PERFORMANCE PERIOD, any income earned by the grantee from a STATE-approved use of the project shall be used for project purposes, or, if approved by the STATE, for other purposes within the grantee's jurisdiction.
3. The grantee acknowledges that reasonable public access shall be provided except when that access may interfere with habitat protection.
4. All facilities shall have operating hours consistent with the times proposed in the APPLICATION and be open to members of the public in accordance with the project selection criteria in the APPLICATION, unless otherwise granted permission by the STATE and except as noted under the special provisions of this agreement or under provisions of the enabling legislation and/or grant program.

7. The property acquired, enhanced, restored, or developed with grant monies may be transferred to another eligible entity only if the successor entity assumes the obligations imposed under this agreement and with written approval of the STATE.

8. Any real property acquired or developed with grant monies (including any portion of it or any interest in it) may not be used as security for any debt or mitigation, without the written approval of the STATE, provided that such approval shall not be unreasonably withheld as long as the purposes for which the grant monies were awarded are maintained. Any such permission that is granted does not make the STATE a guarantor or a surety for any debt or mitigation, nor does it waive the STATE's rights to enforce performance under this agreement.
9. All real property or rights thereto, acquired with grant monies shall be subject to an appropriate form of restrictive title, rights, or covenants required and approved by the STATE. If the project property is taken by use of eminent domain, grantee shall reimburse the STATE an amount at least equal to the amount of grant monies received from the STATE or the pro-rated full market value of the real property, including improvements, at the time of sale, whichever is higher.
10. If eminent domain proceedings are initiated against grantee, grantee shall notify the STATE within 10 days of receiving the complaint.

J. Nondiscrimination

1. The grantee shall not discriminate against any person on the basis of sex, race, creed, color, national origin, age, religion, ancestry, sexual orientation, disability, medical condition, or marital status in the use of project site(s) as included in the APPLICATION.
2. The grantee shall not discriminate against any person on the basis of residence, and shall not apply differences in admission or other fees on the basis of residence. Fees shall be reasonable and not unduly prevent use by economically disadvantaged members of the public.

K. Severability

If any provision of this agreement or the application thereof is held invalid, that invalidity shall not affect other provisions or applications of the agreement which can be given effect without the invalid provision or application, and to this end the provisions of this contract are severable.

L. Liability

STATE assumes no responsibility for assuring the safety of construction, site improvements or programs related to the GRANT SCOPE. The STATE's rights under this agreement to review, inspect, and approve the GRANT SCOPE and any final plans of

implementation shall not give rise to any warranty or representation that the GRANT SCOPE and any plans or improvements are free from hazards or defects.

M. Assignability

Without the written consent of the STATE, the grantee's interest in and responsibilities under this agreement shall not be assignable by the grantee either in whole or in part.

N. Section Headings

The headings and captions of the various sections of this agreement have been inserted only for the purpose of convenience and are not a part of this agreement and shall not be deemed in any manner to modify, explain, or restrict any of the provisions of this agreement.

TO: Board of Supervisors

**FROM: Philip A. Ginsburg, General Manager
Recreation and Park Department**

DATE: May 7, 2021

**SUBJECT: Retroactive - California Department of Parks and Recreation
Habitat Conservation Fund – Sharp Park - \$200,500**

The San Francisco Recreation and Park Department (RPD) has applied for and was awarded a Habitat Conservation Fund Grant in the amount of \$200,500 from the California State Parks and Recreation Department (DPR) to restore San Francisco Garter Snake Habitat (SFGS), a Federally Protected and Endangered Species in Sharp Park. Due to the sensitive nature of the SFGS, work associated with the four-year project can only be completed during certain months of the year to avoid the taking of any species during their breeding and foraging cycles. Also, as with most habitat restoration projects, it takes years for the plants to establish and the project to become a fully-functioning habitat.

The grant was awarded on July 25, 2019. RPD prepared and circulated Accept and Expend legislation for the grant in January 2020 and the grant contract was executed by the State on February 24, 2020. Due to more urgent matters related to the Covid-19 Pandemic, the item was pulled from the legislative process and the grant was appropriated as part of the 20-21 AAO due to the urgency of meeting the project schedules.

Retroactive actions that pertain to this grant are due, in part, to DPR's policy to back date their grant performance period start date July 1, 2019 and to back date the grant contract period July 1, 2019.

In addition, RPD was required to appropriate the grant as part of the budget process due to the project scheduling described in paragraph one of this memo. As such, project costs have incurred since the grant was appropriated.
