Hearing on how city departments handle criminal sexual assault and sexual harassment cases

The text is listed:

This hearing will address how criminal sexual assault and sexual harassment cases are handled by city departments when victims come forward to seek justice against their attackers.

I would like to understand how evidence is collected and processed, how health services are provided to survivors, how cases are investigated by the police department, and how the District Attorney's office handles the prosecution of these cases. A central question is - how is each department ensuring that sexual assault survivors are taken seriously and treated with respect through this process?

Public Health

I would like to ask the Medical Examiners Officer, the Department of Health, the Police Department and the District Attorneys Office to present, and I respectfully request that this be heard at the Public Safety and Neighborhood Services Committee.
