MEMORANDUM

LAND USE AND TRANSPORTATION COMMITTEE

SAN FRANCISCO BOARD OF SUPERVISORS

TO: Supervisor Myrna Melgar, Chair

Land Use and Transportation Committee

FROM: John Carroll, Assistant Clerk

DATE: July 29, 2025

SUBJECT COMMITTEE REPORT, BOARD MEETING

Tuesday, July 29, 2025

The following file should be presented as COMMITTEE REPORT during the Board meeting on Tuesday, July 29, 2025. This ordinance was acted upon during the Land Use and Transportation Committee meeting on Monday, July 28, 2025, at 1:30 p.m., by the votes indicated.

BOS Item No. 63 File No. 250634

[Planning Code - Use Size Limits]

Ordinance amending the Planning Code to eliminate limits on Non-Residential Use Sizes in the Pacific Avenue Neighborhood Commercial District (NCD), Polk Street NCD, West Portal Avenue NCD, North Beach NCD and North Beach Special Use District, Regional Commercial Districts, and Residential-Commercial District; allow specified Non-Residential Uses that exceed the Use Size limits to divide into smaller spaces that may continue to exceed the Use Size limits, without conditional use authorization; adjust the Use Size limit in all NCDs to a round number; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302.

REFERRED WITHOUT RECOMMENDATION AS AMENDED AS A COMMITTEE REPORT

Vote: Supervisor Myrna Melgar – Aye

Supervisor Chyanne Chen – Aye Supervisor Bilal Mahmood – Aye

Cc: Board of Supervisors
Angela Calvillo, Clerk of the Board
Alisa Somera, Legislative Deputy
Brad Russi, Deputy City Attorney

AMENDED IN COMMITTEE 7/28/2025 ORDINANCE NO.

FILE NO. 250634

1	[Planning Code - Use Size Limits]
2	
3	Ordinance amending the Planning Code to eliminate limits on Non-Residential Use
4	Sizes in the Castro Street Neighborhood Commercial District (NCD), Pacific Avenue
5	NCD-Neighborhood Commercial District (NCD), Polk Street NCD, West Portal Avenue
6	NCD, North Beach NCD and North Beach Special Use District, Regional Commercial
7	Districts, and Residential-Commercial District; allow specified Non-Residential Uses
8	that exceed the Use Size limits to divide into smaller spaces that may continue to
9	exceed the Use Size limits, without conditional use authorization; adjust the Use Size
10	limit in all NCDs to a round number; affirming the Planning Department's determination
11	under the California Environmental Quality Act; making findings of consistency with
12	the General Plan, and the eight priority policies of Planning Code, Section 101.1; and
13	making findings of public necessity, convenience, and welfare pursuant to Planning
14	Code, Section 302.
15	NOTE: Unchanged Code text and uncodified text are in plain Arial font. Additions to Codes are in single-underline italics Times New Roman font.
16	Deletions to Codes are in strikethrough italics Times New Roman font.
17	Board amendment additions are in double-underlined Arial font. Board amendment deletions are in strikethrough Arial font.
18	Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.
19	
20	Be it ordained by the People of the City and County of San Francisco:
21	
22	Section 1. Environmental and Land Use Findings.
23	(a) The Planning Department has determined that the actions contemplated in this
24	ordinance comply with the California Environmental Quality Act (California Public Resources
25	Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of

- Supervisors in File No. 250634 and is incorporated herein by reference. The Board affirms this determination.
 - (b) On July 17, 2025, the Planning Commission, in Resolution No. 21782, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. 250634, and is incorporated herein by reference.
 - (c) Pursuant to Planning Code Section 302, this Board finds that this ordinance will serve the public necessity, convenience, and welfare for the reasons set forth in Planning Commission Resolution No. 21782, and incorporates such reasons by this reference thereto. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File No. 250634.

Section 2. Background and General Findings.

- (a) In November 2024, the Controller's Office of Economic Analysis released a report on the status of the City's economy, finding that new business formation remained far below pre-pandemic rates, especially in the retail trades and restaurant/bar categories. Retail vacancy rates vary across the City, with some neighborhoods, such as Union Square (22%) and the Van Ness corridor (over 50%), suffering higher rates than the Citywide average (7.7%). High vacancy rates harm surrounding neighborhoods by reducing economic activity, which results in less visitors to the neighborhood and harms the businesses that remain.
- (b) Small businesses tend to operate in smaller retail spaces due to lower overhead costs, as larger retail spaces are often cost prohibitive. Facilitating small businesses' access to small retail spaces is consistent with the City's post-pandemic economic recovery efforts.

- For example, the City's "Vacant to Vibrant" program helped small businesses fill large vacant spaces around Union Square with smaller pop-up shops.
- (c) Nearly all zoning districts in the City contain use size limits that apply to Non-Residential Uses. In these districts, Non-Residential Uses that exceed a certain gross square footage must obtain a Conditional Use Authorization. This CUA requirement makes it more costly and time-intensive to divide existing large retail spaces, which in turn reduces the amount of small retail spaces available to local businesses. This ordinance would enable a property owner to divide a large commercial space into smaller spaces without obtaining a CUA, even if more than one of the resulting spaces exceeds the use size threshold. Facilitating the division of large commercial spaces not only assists small businesses and the City's economic recovery, but it also brings these larger spaces into closer conformity with the Planning Code. This ordinance only concerns use size limits that apply to individual uses; it does not exempt uses from size limits that apply across an entire lot.
- (d) In addition to conditionally authorized use size limits, several zoning districts prescribe maximum Non-Residential Use sizes that cannot be exceeded. Though these hard caps serve important goals of ensuring that large-format retailers and businesses do not displace smaller businesses, economic conditions have changed such that many of these larger uses are needed to provide neighborhood-serving goods, as demonstrated by recent legislation to enable a grocery store to exceed these caps in the Polk Street NCD and separate legislation to allow a Health Service Use in the West Portal Avenue NCD. Hard caps on use sizes limit the ability for middle-sized businesses to expand in order to accommodate local, evolving consumer needs. To balance the need for larger-format retail with community input, this ordinance would eliminate hard caps on Non-Residential Use sizes and instead provide that uses above that threshold are subject to a Conditional Use Authorization. This ordinance does not alter any restrictions on Formula Retail.

Section 3. Articles 1.2, 1.7, 2, and 7 of the Planning Code are hereby amended by revising Sections 121.2, 121.6, 178, 186.1, 209.1, 209.2, 209.3, 209.4, 210.3, 210.4, 715, 722, 723, 729, 758, and 780.3, and adding Section 121.5, to read as follows:

SEC. 121.2. NON-RESIDENTIAL USE SIZE LIMITS IN NEIGHBORHOOD COMMERCIAL AND NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICTS.

(a) In order to protect and maintain a scale of development appropriate to each district, Non-Residential Uses <u>Sizes</u> of the same size or larger than the square footage stated in the table below may be permitted only as Conditional Uses, <u>subject to the exception in Section 121.2(b)</u>. The <u>use area Non-Residential Use Size</u> shall be measured as the Gross Floor Area for each individual Non-Residential Use.

13	District	Use Size Limits

19

20

21

22

23

1	In addition to the criteria of Section 303(c) of this Code, the Commission shall consider
2	the extent to which the following criteria are met:
3	(1) The intensity of activity in the district is not such that allowing the larger use
4	will be likely to foreclose the location of other needed neighborhood-serving uses in the area.
5	(2) The proposed use will serve the neighborhood, in whole or in significant
6	part, and the nature of the use requires a larger size in order to function.
7	(3) The building in which the use is to be located is designed in discrete
8	elements which respect the scale of development in the district.
9	(b) Notwithstanding Sections 121.2(a), 178, and 186.1, existing Non-Residential Uses that are
10	larger than the use size limits in subsection (a) may be divided into two or more smaller Non-
11	Residential Uses that are larger than the use size limits in subsection (a), and such a division shall not
12	require a Conditional Use Authorization provided the division does not cause a Net Addition of Gross
13	<u>Floor Area.</u>
14	(b) In order to protect and maintain a scale of development appropriate to each district, Non-
15	Residential uses that exceed the square footage stated in the table below shall not be permitted, except
16	in the following circumstances:
17	(1) In the Castro Street Neighborhood Commercial District, a Child Care Facility,
18	School, Post-Secondary Educational Institution, Religious Institution, Social Service or Philanthropic
19	Facility, Community Facility, or a Residential Care Facility as defined in Section 102 of this Code that
20	is operated by a non-profit and is neighborhood-serving may exceed this subsection 121.2(b) with
21	Conditional Use authorization.
22	(2) In the Regional Commercial District, Schools and Childcare Facilities as defined in
23	Section 102 may exceed this subsection 121.2(b) with Conditional Use authorization.
24	
25	

1	(3) In the Polk Street Neighborhood Commercial District, this subsection 121.2(b)
2	shall not apply to a Movie Theater use, or the expansion of an existing General Grocery Use, as
3	defined in Section 102 of this Code, and pursuant to the controls of Section 723.
4	(4) In the West Portal Neighborhood Commercial District, Health Services Uses
5	located at Assessor's Parcel Block No. 2989B, Lot 17 may exceed the limit in the table below, but shall
6	not have a Gross Floor Area great than 5,000 square feet.
7	The use area shall be measured as the Gross Floor Area for each individual Non-Residential
8	use.
9	

District	Use Size Limits
West Portal Avenue	4,000 square feet
North Beach	
Castro Street	
Polk Street	
Pacific Avenue	
Regional Commercial District	25,000 square feet

- (c) In order to protect the pedestrian scale of the Mission Street NCT and provide space for small businesses, the following control shall apply in the Mission Street NCT:
- (1) **Applicability.** Lot mergers pursuant to Section 121.7(f) and any project located on a parcel that was created as a result of a lot merger pursuant to Section 121.7(f).
- (2) **Control.** Any such project that does not include at least one non-residential space of no more than 2,500 square feet, located on the ground floor and fronting directly onto Mission Street, shall require a conditional use authorization. In considering whether to grant such conditional use authorization, the Commission shall consider the criteria in Sections 121.2(a) and 303(c).
- (d) In order to protect and maintain the pedestrian scale of the Castro Street

 Neighborhood Commercial District and provide space for small businesses, Non-Residential

1	Use Sizes larger than 4,000 square feet shall not be permitted, with the exception that a Child
2	Care Facility, School, Post-Secondary Educational Institution, Religious Institution, Social
3	Service or Philanthropic Facility, Community Facility, or a Residential Care Facility as defined
4	in Section 102 of this Code that is operated by a non-profit and is neighborhood-serving may
5	exceed this Non-Residential Use Size limit with Conditional Use authorization.
6	
7	SEC. 121.5. DIVISION OF SPACES EXCEEDING NON-RESIDENTIAL USE SIZE LIMITS.
8	(a) An existing Non-Residential Use with Non-Residential Use Size larger than principally
9	permitted (i.e., a use size that is either conditionally permitted or not permitted) may be divided into
10	two or more smaller Non-Residential Uses where this Section 121.5 is referenced in the use size
11	controls applicable to the district. Conditional Use Authorization is not required for such a division or
12	for the individual resulting Non-Residential Use Sizes, provided the division does not cause a Net
13	Addition of Gross Floor Area.
14	(b) Regardless of whether Section 121.5 is referenced in the applicable use size controls
15	pursuant to subsection (a), this Section does not apply to:
16	(1) Use size limits set forth in Special Use Districts;
17	(2) Use size limits that apply per lot;
18	(3) Districts established pursuant to a development agreement or redevelopment plan;
19	(4) P (Public) Districts (Section 211); and
20	(5) Chinatown Mixed Use Districts (Sections 810, 811, and 812).
21	
22	SEC. 121.6. LARGE-SCALE RETAIL USES.
23	Notwithstanding any other provision of this Code, establishment of a single retail use in
24	excess of 50,000 gross square feet in any zoning district other than the C-3 Zoning Districts

shall require conditional use authorization pursuant to Section 303 unless such use already is

1	prohibited. This Section 121.6 shall apply to the establishment of a new use and the
2	expansion of an existing use. For purposes of this Section single "retail use" shall include,
3	except for Hotels and Motels, all Retail Sales and Service Uses listed in Section 102 and retail
4	uses identified in Article 8 of this Code. Notwithstanding this Section 121.6, division of Non-
5	Residential Use Sizes is permitted to the extent provided in Section 121.5.
6	
7	SEC. 178. CONDITIONAL USES.
8	The following provisions shall apply to conditional uses:
9	(a) Definition. For the purposes of this Section, a permitted conditional use shall refer
10	to:
11	(1) Any use or feature authorized as a conditional use pursuant to Article 3 of
12	this Code, provided that such use or feature was established within the time limits specified as
13	a Condition of Approval or, if no time limit was specified, within a reasonable time from the
14	date of authorization; or
15	(2) Any use or feature that is classified as a conditional use in the district in
16	which it is located and that lawfully existed either on the effective date of this Code, or on the
17	effective date of any amendment imposing new conditional use requirements upon such use
18	or feature; or
19	(3) Any use deemed to be a permitted conditional use pursuant to Section 179
20	of this Code.
21	* * * *
22	(e) Changes in Use. The following provisions shall apply to permitted conditional
23	uses with respect to changes in use, except as further limited by the change of use
24	procedures for Formula Retail uses set forth in Section 303.1 of this Code.

- (1) A permitted conditional use may be changed to another use listed in Section 102 and Articles 7 or 8 of this Code as a principal use for the district in which it is located and the new use may thereafter be continued as a permitted principal use.
- (2) A permitted conditional use may be changed to another use listed in Section 102 and Articles 7 or 8 of this Code as a conditional use for the district in which the property is located, subject to the other applicable provisions of this Code, only upon approval of a new conditional use application, pursuant to the provisions of Article 3 of this Code.
- (3) A permitted conditional use may not be changed to another use not permitted or prohibited by the Zoning Control Table for the district in which the lot is located. If a permitted conditional use has been wrongfully changed to another use in violation of the foregoing provisions and the violation is not immediately corrected when required by the Zoning Administrator, the wrongful change shall be deemed to be a discontinuance or abandonment of the permitted conditional use.
- (4) Once a permitted conditional use has been changed to a principal use permitted in the district in which the property is located, or brought closer in any other manner to conformity with the use limitations of this Code, the use of the property may not thereafter be returned to its former permitted conditional use status, except upon approval of a new conditional use application pursuant to the provisions of Article 3 of this Code.
- (5) In the North Beach Neighborhood Commercial District, any use that exceeds the use size provisions of Section 121.2(a) or 121.2(b) may be changed to a new use only upon approval of a new conditional use application. The Commission's approval of such conditional use application shall explicitly address the use size findings of Section 303(c).
- (6) In the Castro Street Neighborhood Commercial District, any use that exceeds the use size provisions of Section 121.2(a), but is smaller than the maximum use size limit of Section 121.2(b), may be changed to a new use only upon approval of a new conditional use application. The

1	Commission's approval of such conditional use application shall explicitly address the use size findings
2	of Section 303(c).
3	* * * *
4	
5	SEC. 186.1. EXEMPTION OF NONCONFORMING USES IN NEIGHBORHOOD
6	COMMERCIAL DISTRICTS.
7	* * * *
8	(a) Expansion. A nonconforming use may expand in floor area as provided in
9	Subsection (b) below, but may not expand beyond the lot which it occupies, nor may the
10	boundaries of such lot be expanded for purposes of expanding the use; nor may the use
11	expand upward above the story or stories which it lawfully occupies, except as provided in
12	Section 186.2 below.
13	(b) Enlargements or Alteration.
14	(1) A nonconforming use may not be significantly altered; enlarged or
15	intensified, except upon approval of a Conditional Use application pursuant to the provisions
16	of Section 303 of this Code, provided that the use not have or result in a greater height, bulk
17	or floor area ratio, less required rear yard or open space, or less required off-street parking
18	space or loading space than permissible under the limitations set forth in this Code for the
19	district or districts in which such use is located.
20	(2) A nonconforming use may expand to include public sidewalk space
21	provided that such space is only occupied with tables and chairs as permitted by this
22	Municipal Code.
23	(3) No existing use or structure which fails to meet the requirements of this
24	Code in any manner as described above in this subsection (b) shall be constructed,
25	reconstructed, enlarged, altered, or relocated so as to increase the discrepancy, or to create a

1	new discrepancy, at any level of the structure, between existing conditions on the lot and the
2	required standards for new construction set forth in this Code. However, a Non-Residential Use
3	that fails to meet the Non-Residential Use Size requirements of this Code may be divided into smaller
4	uses sizes, consistent with Sections 121.2 and 121.5.

- (c) **Changes in Use.** A nonconforming use may be changed to another use or feature as described below.
- (1) A nonconforming use may be changed to a use listed in Article 7 of this Code as a Principal Use for the district in which the property is located, and the new use may thereafter be continued as a Principally Permitted Use.
- (2) A nonconforming use may be changed to a use listed in Article 7 of this Code as a Conditional Use for the district in which the use is located, only upon approval of a Conditional Use application pursuant to the provisions of Article 3 of this Code, and the new use may thereafter be continued as a permitted Conditional Use, subject to the provisions of Section 178 of this Code.
- (3) A nonconforming use may be changed to a use which is not permitted in that Neighborhood Commercial District as described below, only upon approval of a Conditional Use application, pursuant to the provisions of Article 3 of this Code:
- (A) Any Bar, Limited Restaurant, or Restaurant use may change to another Bar, Limited Restaurant, or Restaurant use, even though such other use is not permitted in that Neighborhood Commercial District, unless such other use is located in an Alcohol Restricted Use Subdistrict and is prohibited by the provisions governing that Alcohol Restricted Use Subdistrict.
- (B) Any Business Service, Health Service, Personal Service, or Retail Professional Service use may change to another such use, even though such other use is not permitted in that Neighborhood Commercial District.

1	(C) Any Automotive Repair, Automotive Service Station, or Gas Station
2	use may be demolished and reconstructed as the same use or may change to another such
3	use, even though such other use is not permitted in that Neighborhood Commercial District.
4	The new use shall still be classified as a nonconforming use.
5	The changes in use described in this subsection (c)(3) shall include
6	remodeling activities involving the demolition and replacement of structures that result in a
7	change of use.
8	(D) With regard to Formula Retail uses, a change of owner or operator of
9	a Formula Retail establishment is determined to be an intensification of use and a new
10	Conditional Use authorization shall be required as provided in Section 178(c) of this Code.
11	(4) In the North Beach Neighborhood Commercial District, any use that exceeds the
12	use size provisions in the North Beach Zoning Control Table may be changed to a new use only upon
13	the approval of a new Conditional Use application. The Commission's approval of such Conditional
14	Use application shall explicitly address the use size findings of Section 303(c). In the North Beach
15	Neighborhood Commercial District, a nonconforming use cannot be changed to any use that is not a
16	permitted use under Section 722 (North Beach Controls).
17	(5) In the Castro Street Neighborhood Commercial District, any use in this District
18	that exceeds the maximum Non-Residential Use Size limit of Section 121.2(b) may not be changed to a
19	new use. The only method for changing a nonconforming use identified in this subsection (c) is to
20	reduce the nonconforming use:
21	(A) to a conforming use size; or
22	(B) to a size specified in Subsection 121.2(a) pursuant to Conditional Use
23	authorization.
24	Notwithstanding the above, any use in this District that exceeds the maximum Non-
25	Residential Use Size limit of Section 121.2(b) and is General Retail Sales and Service use, as defined in

Section 102, may change to another use category enumerated in the definition of General Retail Sales
and Service as long as the use size is not increased and the Commission approves a Conditional Use
application for such change. The Commission's approval of such Conditional Use application shall
explicitly address the use size findings of Section 303(c).

- (d) **Discontinuance.** A nonconforming use that is discontinued for a period of three years, or otherwise abandoned or changed to another use that is listed in Article 7 of this Code as a Principal or Conditional Use for the district in which the use is located shall not be reestablished, except in the following instances:
- (1) In the North Beach, Polk Street, Castro Street, and Haight Street Neighborhood Commercial Districts the period of non-use for a nonconforming use to be deemed discontinued shall be 18 months.
- (2) In the Polk Street Neighborhood Commercial District, the period of non-use for a nonconforming Tobacco Paraphernalia Establishment use to be deemed discontinued shall be 18 months.
- (3) For Formula Retail uses in any district that prohibits or requires Conditional Use authorization for Formula Retail uses, the period of non-use to be deemed discontinued is 18 months.
- (e) **Relocation.** A nonconforming use in a Neighborhood Commercial District may be reestablished at another location within that Neighborhood Commercial District only upon approval of a new conditional use application pursuant to the provisions of Article 3 of this Code, provided that the following conditions are met:
- (1) The original premises shall not be occupied by an establishment of the same type of use as the relocating use unless by another establishment that is relocating from within the district; and

- (2) No final permits to operate the relocated use at the new premises are granted prior to the issuance of a certificate of final completion of any work to the original premises which is required as conditions attached to the approval of the conditional use application; and
- (3) Deed restrictions are recorded for the original premises in the Official Records of the City and County of San Francisco, which restrictions prohibit for the duration of the Code sections prohibiting the use for the district in which the use is located, the establishment and operation of a new use of the same type of use as the relocated use, unless such new use is relocating from within the district.

(b) **Intent of Controls.** The Castro Street District controls are designed to maintain existing small-scale development and promote a balanced mix of uses. Building standards permit small-scale buildings and uses, conditionally permit larger uses, and protect rear yards

Supervisors Melgar; Sherrill, Sauter, Dorsey

above the ground story and at residential levels. In new buildings, most commercial uses are permitted at the ground and second stories. Special controls are necessary to preserve the existing equilibrium of neighborhood-serving convenience and specialty commercial uses. In order to maintain convenience stores and protect adjacent residential livability, controls authorize some additional drinking establishments with a conditional use, permit self-service specialty food establishments, and permit with certain limitations new late-night uses, adult and other entertainment, and financial service uses. The continuous retail frontage is maintained by prohibiting most automobile and drive-up uses. Housing development in new buildings is encouraged above the second story. Existing housing units are protected by limitations on demolitions and upper-story conversions. Accessory Dwelling Units are permitted within the district pursuant to Section 207.1 of this Code.

(1) [Reserved] USE SIZE EXEMPTION USE SIZE EXEMPTION

Per Planning Code Section 121.2(b), Use Size shall generally not exceed 4,000 square feet except that a Child Care Facility, School, Post-Secondary Educational Institution, Religious Institution, Social Service or Philanthropic Facility, Community Facility, or a Residential Care Facility as defined in Section 102 that is operated by a non-profit and is neighborhood-serving may exceed 4,000 square feet by Conditional Use authorization. The non-residential use size limitation shall not apply to Article 10 Landmark buildings located in the Castro NCD.

Per Planning Code Section 121.2(d), Use Size shall generally not exceed 4,000 square feet except that a Child Care Facility, School, Post-Secondary Educational Institution, Religious Institution, Social Service or Philanthropic Facility, Community Facility, or a Residential Care Facility as defined in Section 102 that is operated by a non-profit and is neighborhood-serving may exceed 4,000 square feet by Conditional Use authorization. The non-residential use size limitation shall not apply to Article 10 Landmark buildings located in the Castro NCD.

SEC. 722. NORTH BEACH NEIGHBORHOOD COMMERCIAL DISTRICT.

The North Beach Neighborhood Commercial District is a nonlinear district centered on Columbus Avenue, located in the valley between Telegraph Hill and Russian Hill north of Broadway. North Beach functions as a neighborhood-serving marketplace, citywide specialty shopping, and dining district, and a tourist attraction, as well as an apartment and residential hotel zone. Traditionally, the district has provided most convenience goods and services for residents of North Beach and portions of Telegraph and Russian Hills. North Beach's eating, drinking, and entertainment establishments remain open into the evening to serve a much wider trade area and attract many tourists. The balance between neighborhood-serving convenience stores and Citywide specialty businesses has shifted, as convenience stores

have been replaced by restaurants and bars. The proliferation of financial services, limited financial services, and professional services has also upset the district's balance of uses. The relocation of business and professional offices from downtown to North Beach threatens the loss of upper-story residential units.

The North Beach District controls are designed to ensure the livability and attractiveness of North Beach. Building standards limit new development to a small to moderate scale. Rear yards are protected above the ground story and at residential levels. Active commercial uses shall be required at the ground floor. Small-scale, neighborhoodserving businesses are strongly encouraged and formula retail uses are prohibited. To preserve and maintain the district's small-scale, fine grain storefronts, the consolidation or merger of existing retail or commercial spaces or storefronts are prohibited, and Use Sizes are controlled to encourage conversion back to the traditional small-scale commercial spaces. Special controls are necessary because an over-concentration of food and beverage service establishments limits neighborhood-serving retail sales and personal services in an area that needs them to thrive as a neighborhood. In order to maintain neighborhood-serving retail sales and personal services and to protect residential livability, additional eating and drinking establishments are prohibited in spaces that have been occupied by neighborhood-serving retail sales and personal services. Special controls prohibit new walk-up facilities. Financial services, limited financial services, and ground-story business and professional office uses are prohibited from locating in the portion of the district south of Greenwich Street, while new financial services locating in the portion of the district north of Greenwich Street are limited. Restrictions on automobile and drive-up uses are intended to promote continuous retail frontage and maintain residential livability.

In keeping with the district's existing mixed-use character, housing development in new buildings is encouraged above the ground floor. Existing residential units are protected by

prohibitions of upper-story conversions, mergers, removals, and demolitions. Per
 Section 207.1 of this Code, Accessory Dwelling Units are permitted within the existing building
 envelope, but may not eliminate or reduce ground-story retail or commercial space.

(2) USE SIZE EXEMPTION: Per Planning Code Section 121.2(a), a Conditional Use Authorization is not required for any Limited Restaurant use that relocates within the Polk Street NCD, and is designated as a Legacy Business as of the effective date of the ordinance in Board File No. 240411. Per Planning Code Section 121.2(b), Use Size shall generally not exceed 4,000 square feet except that a Movie Theater as defined in Section 102 may exceed 4,000 square feet. In addition, the enlargement of an existing General Grocery use on the same Lot, and in association with the replacement of a Legacy Business that is also a General Grocery use, may exceed 4,000 square feet.

* * *

SEC. 729. WEST PORTAL AVENUE NEIGHBORHOOD COMMERCIAL DISTRICT.

13 * * * *

The West Portal Avenue District controls are designed to preserve the existing family-oriented, village character of West Portal Avenue. The building standards limit building heights to 26 feet and two stories and maintain the existing pattern of rear yards at the ground level and above. The height, bulk and design of new development, especially on large lots, should respect the small-scale character of the district and its surrounding residential neighborhoods. Lot mergers creating large lots are discouraged. Individual nonresidential uses require conditional use permits above 2,500 square feet and are restricted to 4,000 square feet as an absolute limit to conform with the existing small use sizes in the district.

REVISED LEGISLATIVE DIGEST

(Amended in Committee – July 28, 2025)

[Planning Code - Use Size Limits]

Ordinance amending the Planning Code to eliminate limits on Non-Residential Use Sizes in the Pacific Avenue Neighborhood Commercial District (NCD), Polk Street NCD, West Portal Avenue NCD, North Beach NCD and North Beach Special Use District, Regional Commercial Districts, and Residential-Commercial District; allow specified Non-Residential Uses that exceed the Use Size limits to divide into smaller spaces that may continue to exceed the Use Size limits, without conditional use authorization; adjust the Use Size limit in all NCDs to a round number; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302.

Existing Law

The Planning Code regulates the size of Non-Residential Uses in several ways. Section 121.2 prescribes square footage thresholds for Non-Residential Uses in Neighborhood Commercial and Neighborhood Commercial-Transit Districts. Non-Residential Uses that exceed these size thresholds require a Conditional Use Authorization.

Section 121.2 also prescribes a square footage limit above which Non-Residential Uses are not permitted in Castro Street Neighborhood Commercial District (NCD), Pacific Avenue NCD, Polk Street NCD, West Portal Avenue NCD, North Beach NCD, North Beach Special Use District, and Regional Commercial Districts. Section 209 establishes a square footage limit for Non-Residential Uses in the Residential-Commercial Districts.

Section 121.6 requires a CUA for the establishment of a single retail use in excess of 50,000 gross square feet in any zoning district other than the C-3 (Downtown Commercial) Zoning Districts. Section 178 establishes requirements for changes of use for conditional uses. Section 186.1 prohibits certain enlargements and alterations of nonconforming uses.

Amendments to Current Law

This ordinance would amend Planning Code Section 121.2 to eliminate hard caps on Non-Residential Use Sizes in Pacific Avenue NCD, Polk Street NCD, West Portal Avenue NCD, North Beach NCD, North Beach Special Use District, and Regional Commercial Districts. The ordinance would also adjust the use size limits to a round number for all the NCD zoning control tables.

BOARD OF SUPERVISORS Page 1

This ordinance would create Section 121.5 to allow specified Non-Residential Uses that exceed the use Size limits to divide into smaller spaces that may continue to exceed the use size limits, without conditional use authorization, and make parallel amendments to Sections 121.2, 121.6, 178, 186.1, and the applicable zoning control tables. To be eligible for the benefits of Section 121.5, a Non-Residential Use must meet two conditions. First, Section 121.5 must be referenced in the applicable zoning control table. Second, the list of exclusions listed in Section 121.5 cannot apply, which include use size limits set forth in Special Use Districts; use size limits that apply per lot; zoning districts established pursuant to a development agreement or redevelopment plan; P (Public) Districts (Section 211); and Chinatown Mixed Use Districts (Sections 810, 811, and 812).

At the July 28, 2025 Land Use and Transportation Committee meeting, the ordinance was amended to retain the use size cap for the Castro Street NCD, and the existing exception to the cap for specified Institutional uses.

Background Information

This ordinance contains findings documenting the high vacancy rates for retail in the City, and the difficulties facing small retail businesses. The findings explain how facilitating the division of large retail spaces into smaller retail spaces and lifting the prohibitions on certain Non-Residential Use Sizes will assist small businesses and the City's economic recovery from the pandemic.

BOARD OF SUPERVISORS

July 23, 2025

Ms. Angela Calvillo, Clerk Honorable Supervisor Melgar Board of Supervisors City and County of San Francisco City Hall, Room 244 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94102

Re: **Transmittal of Planning Department Case Number 2025-005221PCA:**

Use Size Limits Board File No. 250634

Planning Commission Recommendation: Approval

Dear Ms. Calvillo and Supervisor Melgar,

On July 17, 2025, the Planning Commission conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance, introduced by Supervisor Melgar. The proposed ordinance would amend the Planning Code to eliminate limits on Non-Residential Use sizes in the Castro Street Neighborhood Commercial District (NCD), Pacific Avenue NCD, Polk Street NCD, West Portal Avenue NCD, North Beach NCD, North Beach Special Use District (SUD), Regional Commercial District (RCD), and Residential-Commercial Districts (RCs). It would also allow specified Non-Residential Uses that exceed the use size limits to divide into smaller spaces that may continue to exceed the use size limits, without requiring a Conditional Use authorization. At the hearing the Planning Commission adopted a recommendation for approval, adding a finding that encourages the sponsoring supervisors to conduct outreach to the Merchant Associations.

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c)(2) and 15378 because they do not result in a physical change in the environment.

Please find attached documents relating to the actions of the Commission. If you have any questions or require further information, please do not hesitate to contact me.

Sincerely,

Aaron D. Starr

Manager of Legislative Affairs

RESOLUTION ADOPTING A RECOMMENDATION FOR APPROVAL OF A PROPOSED ORDINANCE THAT WOULD AMEND THE PLANNING CODE TO ELIMINATE LIMITS ON NON-RESIDENTIAL USE SIZES IN THE CASTRO STREET NEIGHBORHOOD COMMERCIAL DISTRICT (NCD), PACIFIC AVENUE NCD, POLK STREET NCD, WEST PORTAL AVENUE NCD, NORTH BEACH NCD AND NORTH BEACH SPECIAL USE DISTRICT, REGIONAL COMMERCIAL DISTRICTS, AND RESIDENTIAL-COMMERCIAL DISTRICT; ALLOW SPECIFIED NON-RESIDENTIAL USES THAT EXCEED THE USE SIZE LIMITS TO DIVIDE INTO SMALLER SPACES THAT MAY CONTINUE TO EXCEED THE USE SIZE LIMITS, WITHOUT CONDITIONAL USE AUTHORIZATION; ADJUST THE USE SIZE LIMIT IN ALL NCDS TO A ROUND NUMBER; AFFIRMING THE PLANNING DEPARTMENT'S DETERMINATION UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT; MAKING FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN, AND THE EIGHT PRIORITY POLICIES OF PLANNING CODE, SECTION 101.1; AND MAKING FINDINGS OF PUBLIC NECESSITY, CONVENIENCE, AND WELFARE PURSUANT TO PLANNING CODE, SECTION 302.

WHEREAS, on June 3, 2025 Supervisor Melgar introduced a proposed Ordinance under Board of Supervisors (hereinafter "Board") File Number 250634, which would amend the Planning Code to eliminate limits on Non-Residential Use Sizes in the Castro Street Neighborhood Commercial District (NCD), Pacific Avenue NCD, Polk Street NCD, West Portal Avenue NCD, North Beach NCD and North Beach Special Use District, Regional Commercial Districts, and Residential-Commercial District; allow specified Non-Residential Uses that exceed the Use Size limits to divide into smaller spaces that may continue to exceed the Use Size limits, without conditional use authorization; adjust the Use Size limit in all NCDs to a round number;

WHEREAS, the Planning Commission (hereinafter "Commission") conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance on July 17, 2025; and,

WHEREAS, the proposed Ordinance has been determined to be categorically exempt from environmental review under the California Environmental Quality Act Section 15378 and 15060(c)(2); and

WHEREAS, the Planning Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of Department staff and other interested parties; and

WHEREAS, all pertinent documents may be found in the files of the Department, as the Custodian of Records, at 49 South Van Ness Avenue, Suite 1400, San Francisco; and

WHEREAS, the Planning Commission has reviewed the proposed Ordinance; and

WHEREAS, the Planning Commission finds from the facts presented that the public necessity, convenience, and general welfare require the proposed amendment; and

MOVED, that the Planning Commission hereby adopts a **recommendation for approval** of the proposed ordinance.

Findings

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

The Commission supports the overall goals of the proposed Ordinance to create increase flexibility in Non-Residential Use sizes across the city. Rigid use size limits have prevented both the reuse and effective subdivision of large vacant spaces, such as former pharmacies or financial institutions, which are often located in lower-income neighborhoods with limited access to essential goods and services. Removing hard caps on Non-Residential Use sizes restores the Planning Commission's ability to evaluate proposals based on neighborhood needs, helping to reduce long-term vacancies and support inclusive economic recovery. Additionally, facilitating the division of large commercial spaces not only assists small businesses and the city's economic recovery, but also brings these larger spaces into closer conformity with the Planning Code. Allowing both the consideration of larger commercial uses and increasing flexibility in the subdivision of large spaces creates new opportunities for community-serving businesses, attracts investment, and supports neighborhood stability. Providing the Commission with discretion to evaluate these proposals case by case is a more equitable and adaptive approach to land use, better aligning planning tools with the economic realities facing many commercial corridors today.

The Commission additionally encourages the sponsoring Supervisors of this Ordinance to conduct outreach to Merchant Associations.

General Plan Compliance

The proposed Ordinance is consistent with the following Objectives and Policies of the General Plan:

COMMERCE AND INDUSTRY ELEMENT

OBJECTIVE 2

MAINTAIN AND ENHANCE A SOUND AND DIVERSE ECONOMIC BASE AND FISCAL STRUCTURE FOR THE CITY.

Policy 2.1

Seek to retain existing commercial and industrial activity and to attract new such activity to the city.

OBJECTIVE 4

IMPROVE THE VIABILITY OF EXISTING INDUSTRY IN THE CITY, THE EQUITABLE DISTRIBUTION OF INFRASTRUCTURE, AND THE ATTRACTIVENESS OF THE CITY AS A LOCATION FOR NEW INDUSTRY.

Policy 4.2

Promote and attract those economic activities with potential benefit to the City.

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

Policy 6.1

Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

The proposed Ordinance removes unnecessary barriers to new business formation by ensuring that spaces can be created that serve a businesses' needs. As the retail landscape continues to shift, and the City continues to struggle with commercial vacancies, any proposal that will make it easier for businesses to open and for commercial vacancies to be reduced should be supported.

Planning Code Section 101 Findings

The proposed amendments to the Planning Code are consistent with the eight Priority Policies set forth in Section 101.1(b) of the Planning Code in that:

- 1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;
 - The proposed Ordinance would not have a negative effect on neighborhood serving retail uses and will not have a negative effect on opportunities for resident employment in and ownership of neighborhood-serving retail.
- 2. That existing housing and neighborhood character be conserved and protected in order to preserve

the cultural and economic diversity of our neighborhoods;

The proposed Ordinance would not have a negative effect on housing or neighborhood character.

3. That the City's supply of affordable housing be preserved and enhanced;

The proposed Ordinance would not have an adverse effect on the City's supply of affordable housing.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

The proposed Ordinance would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

The proposed Ordinance would not cause displacement of the industrial or service sectors due to office development, and future opportunities for resident employment or ownership in these sectors would not be impaired.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed Ordinance would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake.

7. That the landmarks and historic buildings be preserved;

The proposed Ordinance would not have an adverse effect on the City's Landmarks and historic buildings.

8. That our parks and open space and their access to sunlight and vistas be protected from development;

The proposed Ordinance would not have an adverse effect on the City's parks and open space and their access to sunlight and vistas.

Planning Code Section 302 Findings.

The Planning Commission finds from the facts presented that the public necessity, convenience and general welfare require the proposed amendments to the Planning Code as set forth in Section 302.

NOW THEREFORE BE IT RESOLVED that the Commission hereby ADOPTS A RECOMMENDATION FOR APPROVAL of the proposed Ordinance as described in this Resolution.

I hereby certify that the foregoing Resolution was adopted by the Commission at its meeting on July 17, 2025.

RECOMMENDATION: Adopt a Recommendation for Approval

Planning Code Amendment

The proposed Ordinance would amend the Planning Code to eliminate limits on Non-Residential Use sizes in the Castro Street Neighborhood Commercial District (NCD), Pacific Avenue NCD, Polk Street NCD, West Portal Avenue NCD, North Beach NCD, North Beach Special Use District (SUD), Regional Commercial District (RCD), and Residential-Commercial Districts (RCs). It would also allow specified Non-Residential Uses that exceed the use size limits to divide into smaller spaces that may continue to exceed the use size limits, without requiring a Conditional Use authorization.

The Way It Is Now:

1. Most Neighborhood Commercial districts (NCs) require Non-Residential uses to obtain a Conditional Use authorization (CUA) if the use will exceed a specified size, but do not place a hard cap on said use

sizes, with the exception of the following districts:

- Castro Street Neighborhood Commercial District (4k sqft maximum)
- North Beach Neighborhood Commercial District (4k sqft maximum)
- Polk Street Neighborhood Commercial District (4k sqft maximum)
- West Portal Avenue Neighborhood Commercial District (4k sqft maximum)
- Regional Commercial District (25k sqft maximum)
- Residential-Commercial Districts (120k sqft maximum)
- 2. The North Beach SUD prohibits Specialty Grocery Stores from exceeding 1,000 square feet.
- 3. Existing, Non-Residential units that already exceed the size limit are either prohibited from being subdivided or must obtain Conditional Use authorization (depending on the zoning district) if the proposed subdivision would *increase* the number of units that individually exceed the district's size limits.
- 4. Use size limits in certain zoning districts' control tables are described as odd numbers, with an even number describing when a stricter control is applied (ex: *Permitted up to 1,999 square feet, Conditional Use required 2,000 square feet and above*).

The Way It Would Be:

- 1. Hard caps on Non-Residential Use sizes would be eliminated from the remaining NC and RC districts. Conditional Use requirements for uses over a certain size would be retained, as would any use size limit that is specifically listed in a zoning district's zoning control table.
- 2. The North Beach SUD would Conditionally permit Specialty Grocery Stores that exceed 1,000 square feet.
- 3. Large, Non-Residential units may subdivide into smaller units without Conditional Use authorization, even if the subdivision would result in an increased number of units that exceed the allowable size limits for the designated use. Proposals that seek to increase the overall Gross Floor Area (GFA) would not be eligible. This provision would not apply to any Special Use Districts (SUDs) that have specific use size limits, use size limits that apply per lot, use sizes set by Development Agreements or Redevelopment Plans, use sizes in Public zoning districts, or the use size limits in Chinatown Mixed Use districts.
- 4. Use size limits in certain zoning control districts' zoning control tables would be described as even numbers, with an odd number describing when a stricter control is applied (ex: *Permitted up to 2,000 square feet, Conditional Use required 2,001 square feet and above*).

Background

On December 5, 2024, the Planning Commission considered an <u>ordinance</u>¹ that would allow a specific lot/block within the West Portal Avenue NCD to exceed the Non-Residential Use size limit up to 5,000gsf and without requiring a Conditional Use authorization(CUA). The Commission recommended modifying the ordinance to instead remove the maximum use size limit of 4,000sqft for the *entire* West Portal Avenue NCD. Supervisor Melgar, the sponsor of the legislation, moved the ordinance forward without the Commission's recommended modification; instead committing to address hard caps on use sizes through a more comprehensive effort. The proposed Ordinance that is the subject of this report is the result of that effort. It would not only remove the maximum use size limit in the West Portal Avenue NCD, but also remove said limit for all remaining NCDs and RCs where one exists.

Issues and Considerations

How Use Sizes Are Regulated

The Planning Code regulates the maximum size of Non-Residential Uses in a handful ways. The restrictions on size can be: 1. A blanket limit across all Non-Residential Uses in a zoning district above which a *CUA* is required; 2. A blanket maximum across all Non-Residential Uses in a zoning district above which Non-Residential Uses are *Not Permitted*, or; 3. A size limit for an individual use or group of uses regulated through a particular zoning district's zoning control table, above which either a CUA is required, or the size is Not Permitted.

Nonconforming Use Sizes

A space that would be too large under current size limitations, but was established before the limitations were in place is considered a legal, nonconforming space. These spaces may remain indefinitely so long as they are not expanded. These large spaces can be subdivided, but only if the subdivision into multiple units does not create additional "noncompliant" spaces (spaces that are larger than the size cap). Because of these restrictions, filling a large, vacant space in an NCD with a maximum use size cap, aka hard cap, can be challenging.

In districts with hard caps, a large commercial space can only be subdivided if it does not result in any net-new unit that exceeds the zoning district's use size limit.

A prime example of this is the former Lombardi Sports (Lombardi) storefront at 1600 Jackson Street in the Polk Street NCD, which has been vacant for over ten years. This commercial space is more than 40,000 square feet in size, and it has been difficult to find a tenant to fill the entire space. Over the years, several prospective tenants have reached out to the District 3 Supervisor's Office and the Planning Department; however, those proposals never came to fruition because the proposed use was unable to fill the entire space or was a Formula Retail use. Alternatively, this space could be subdivided into smaller commercial

https://sfgov.legistar.com/LegislationDetail.aspx?ID=6869080&GUID=EBE604E1-031A-4D43-808D-4D75E3ACD7F9&

3

Executive Summary Hearing Date: July 17, 2025

spaces. However, because there is an absolute use size limit of 4,000 square feet, all but one subdivided tenant space would need to be 4,000 square feet or smaller (to not increase the number of nonconforming spaces). In this case, and in the cases of other large vacant spaces in NCDs with hard caps, it has been difficult to attract enough small businesses to subdivide the large space into smaller code-complying spaces all at once.

Allowing Consideration of Large Retail Proposals

While subdividing large spaces is often necessary, there are also cases where larger retail uses are desirable for a neighborhood. In NCDs and RCDs with hard use-size limits, such proposals cannot be considered. A hard cap on use size means the only way to allow larger uses is through legislation exempting a specific parcel, unit, or use from the hard limit. The Department has reviewed seven such ordinances in recent years, including in the Castro, Polk, and most recently, West Portal neighborhoods. These one-off ordinances highlight a broader issue with hard caps on Non-Residential Use size. Past cases show that larger commercial spaces can sometimes benefit a neighborhood. However, maximum Non-Residential Use size limits prevent any flexibility to consider this need. They also remove the Planning Commission's discretion to determine whether a larger space is appropriate for a given location.

In recent years, the Department has reviewed seven proposed ordinances seeking to exempt specific businesses from strict use size limits in zoning districts with hard caps.

One example is the Health Clinic at 470 Castro Street, located within the Castro Street Neighborhood Commercial District (NCD). In 2013, the San Francisco AIDS Foundation aimed to consolidate three valued health programs into one comprehensive location. They identified 470 Castro Street, which included two ground-floor retail spaces and several offices on the second story. The project proposed to combine the upper offices into one unit and add a ~3,750 sqft expansion to support vital community services. The project was strongly supported by the neighborhood and seen as a highly desirable use of the space. However, because it exceeded 4,000 sqft, it was not permitted under existing size restrictions. The only way for the project to move forward was if legislation was passed to grant an exemption from the use size cap. As such, Supervisor Wiener introduced legislation to exempt certain Institutional uses from the Castro NCD's size limits. Only after the legislation passed could the AIDS Foundation seek Conditional Use authorization for a unit over 2,000 sqft. Without the hard size cap, the project could have directly applied for Conditional Use authorization and begun public review. It would still have been evaluated, publicly noticed, and conditioned to address impacts - without requiring special carveout legislation.

State of the Retail Sector

The Controller's Office of Economic Analysis released a report² in November of 2024 on the status of the City's economy. Among the key findings was the fact that new business formation (tracked by the number of business registration certificates filed) remained far below pre-pandemic rates, especially in the retail trades

² www.sf.gov/sites/default/files/2024-12/Status%20of%20the%20San%20Francisco%20Economy%20November%202024.pdf

Executive Summary Hearing Date: July 17, 2025

and restaurant/bar categories. The report revealed that although tourism and office vacancies are slowly improving, they are still below pre-pandemic levels. Many businesses are still attempting to recover from the pandemic amidst a period of slow economic growth both locally and nationally.

The reduction in economic activity results in less visitors to the neighborhood and harms the businesses that remain.

Citywide, the retail vacancy rate was approximately 7.7% in Q4 2024, rising to 22.1% in the Union Square District and ~50% in the Van Ness corridor. Economists typically consider a healthy commercial vacancy rate to be between 5% and 10%. This is because a small percentage of retail vacancies is healthy, preventing demand from exceeding supply and displacing less profitable businesses. However, vacancy rates above 10% typically harm surrounding neighborhoods. The reduction in economic activity results in less visitors to the neighborhood and harms the businesses that remain. High vacancy rates can trigger a downward spiral: fewer businesses stay, which creates an ever-increasing number of vacancies. The decrease in demand for retail spaces not only results in reduced property values, but also deters potential investors and leads to increased crime and vandalism. These factors can create retail deserts like the one seen along the Van Ness Avenue corridor and in Union Square - where essential goods and services have become scarce, further harming nearby communities.

Two sectors with particularly acute increases in vacancies are financial institutions and pharmacies. Over the past 10 years, at least 64 pharmacies have closed across the city, with more expected in the coming years.³ In the first ten months of 2024, 20 bank branches closed across the city, affecting neighborhoods like the Richmond, Mission Bay, Fort Mason, and the Bayview.⁴ These closures leave behind large, expensive spaces that small businesses often cannot afford or utilize. As with the Lombardi Sports example, it can also be difficult to subdivide many of these larger units due to the use size cap. These factors further exacerbate the problem of commercial vacancies across the city.

General Plan Compliance

Objective 2 of the Commerce and Industry Element is to "Maintain and enhance a sound and diverse economic base and fiscal structure for the City". Policy 2.1 of this Objective is to "Seek to retain existing commercial and industrial activity and to attract new such activity to the City". Policy 4.2 is to "Promote and attract those economic activities with potential benefit to the City". The proposed Ordinance removes unnecessary barriers to new business formation by ensuring that spaces can be created that serve a businesses' needs. As the retail landscape continues to shift, and the City continues to struggle with commercial vacancies, any proposal that will make it easier for businesses to open and for commercial vacancies to be reduced should be supported.

⁴ https://www.sfchronicle.com/bayarea/article/bank-branch-closings-sf-18299235.php

³ https://www.sfgate.com/bayarea/article/san-francisco-pharmacy-closures-getting-worse-20381895.php

Racial and Social Equity Analysis

Reducing restrictions on use size limits for commercial spaces could have positive racial and social equity impacts, especially in neighborhoods affected by disinvestment, limited services, and high commercial vacancy rates. Hard caps on use size often prevent the reuse of large vacant spaces like former pharmacies or banks, of which closures are more common in lower-income or historically underserved neighborhoods. When these spaces remain empty for years, like the Lombardi Sports site, they contribute to blight and reduce access to goods and services. Easing use size limits will also better enable the establishment of community-serving businesses like grocery stores or clinics. As stated earlier, hard caps also remove the Planning Commission's ability to evaluate larger projects based on neighborhood needs. This inability to apply discretion based on the suitability of a particular use in a neighborhood can hinder communities with fewer resources from gaining essential services that require more space than current caps allow. Allowing more flexibility in commercial use sizes can support inclusive economic recovery and ensure marginalized neighborhoods are not left behind in the post-pandemic economy.

Implementation

The Department has determined that this ordinance will not impact our current implementation procedures.

Recommendation

The Department recommends that the Commission *adopt a recommendation for approval* of the proposed Ordinance and adopt the attached Draft Resolution to that effect.

Basis for Recommendation

The Department supports the overall goals of the proposed Ordinance to create increase flexibility in Non-Residential Use sizes across the city. Rigid use size limits have prevented both the reuse and effective subdivision of large vacant spaces, such as former pharmacies or financial institutions, which are often located in lower-income neighborhoods with limited access to essential goods and services. Removing hard caps on Non-Residential Use sizes restores the Planning Commission's ability to evaluate proposals based on neighborhood needs, helping to reduce long-term vacancies and support inclusive economic recovery. Additionally, facilitating the division of large commercial spaces not only assists small businesses and the city's economic recovery, but also brings these larger spaces into closer conformity with the Planning Code. Allowing both the consideration of larger commercial uses and increasing flexibility in the subdivision of large spaces creates new opportunities for community-serving businesses, attracts investment, and supports neighborhood stability. Providing the Commission with discretion to evaluate these proposals case by case is a more equitable and adaptive approach to land use, better aligning planning tools with the economic realities facing many commercial corridors today.

Required Commission Action

The proposed Ordinance is before the Commission so that it may adopt a recommendation of approval, disapproval, or approval with modifications.

Environmental Review

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c)(2) and 15378 because they do not result in a physical change in the environment.

Public Comment

As of the date of this report, the Planning Department has not received any public comment regarding the proposed Ordinance.

Subject: Item 63 Request Continuance for Use Limits

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

Yesterday, we heard from fellow merchants that their associations had serious concerns about the change in Use Size Limits legislation.

We believe there has not yet been adequate amount of time for local neighborhood groups to be consulted and their concerns addressed. Specifically, some of the groups mentioned that they've not yet had the opportunity to meet with their board members since being alerted to the legislation and proposed changes to their community.

Respectfully, I am writing to ask that there be a continuance of this item so there is sufficient time for outreach to the various merchant groups in the neighborhood corridors that would be impacted.

Sincerely, Christin Evans Small Business Forward

THD OPPOSITION TO PROPOSED USE SIZE LIMIT ORDINANCE.pdf

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Chair Melgar and Members of the Land Use Committee,

I am writing on behalf of the Telegraph Hill Dwellers to request that the existing limits on Non Residential Use sizes in the North Beach Neighborhood Commercial District be retained. Supervisor Sauter, a co-sponsor of this legislation, has not reached out to our organization to discuss implications of this specific legislation to our neighborhood corridors.

The justification for eliminating the existing size limits on Non-Residential Use sizes does not apply to the commercial corridors in North Beach, which has led the way to economic recovery in the City as evidenced by the low vacancy rate in North Beach - lower today than before the pandemic. We join with and share the position of the North Beach Business Association, the Castro Merchants Association and the West Portal Merchants Association, as set forth in their joint letter to the Planning Commission (attached).

The use size cap has been in place for over a quarter of a century and has prevented the incursion of larger retail uses and helped stabilize commercial rents thereby minimizing displacement of our existing businesses. As a result of the size limitations, our small neighborhood-serving business, many of them Legacy Businesses, are thriving. And because of the vibrancy of our commercial corridors, vacancies are filled up quickly. The current regulations are working as intended and don't need to be changed.

Lastly, Supervisor Sauter recently introduced other legislation specific to use size and other policies in North Beach and other District 3 commercial districts (File No. 250682). Please don't take a piecemeal approach. Please remove North Beach from this legislation so that we may have an opportunity to engage in meaningful discussions and negotiations with Supervisor Sauter on his recently proposed legislation.

Thank you for your consideration.

Sincerely, Nick Ferris *President*, Telegraph Hill Dwellers July 28, 2025 Via email

RE: OPPOSITION TO PROPOSED USE SIZE LIMIT ORDINANCE

2025-005221PCA [Board File No. 250634]

Dear President So and Commissioners,

On behalf of the West Portal Merchants Association, the North Beach Business Association, and the Castro Merchants Association we are writing to express our strong opposition to elimination of the existing limits on Non-Residential Use sizes in the Castro Street Neighborhood Commercial District (NCD), Pacific Avenue NCD, Polk Street NCD, West Portal Avenue NCD, North Beach NCD, and North Beach Special Use District (SUD).

The justifications set forth in Planning Department's staff report in support of the eliminating the existing size limits on Non-Residential Use sizes simply do not apply to the commercial corridors in our respective neighborhoods, which have been leading the way to economic recovery in the City as evidenced by their lower vacancy rates today than before the pandemic.

We note that the Department's staff report on this item states that with the *exception* of *Union Square and Van Ness Avenue* the vacancy rates in our commercial corridors are "healthy" with a citywide vacancy rate of 7.1%. Further, it is important to note that Union Square and Van Ness Avenue do not have Use Size limits and are largely characterized by larger ground floor commercial spaces. The staff report states that these are "*large*, *expensive spaces that small businesses often cannot afford or utilize*." So why is the City is proposing to allow for such spaces to be created in neighborhood commercial districts that have relatively healthy vacancy rates and use size limits that have proven effective in keeping the small business space typology?

The existing limits on non-retail use sizes are largely responsible for the successes of our commercial corridors by preventing the incursion of larger retail uses likely to catalyze rent increases that would result in displacement of our existing businesses. As a result, our small business, many of them Legacy Businesses, are thriving. And because of the vibrancy of our commercial corridors, any vacancies are filled up quickly. Local and out of town visitors alike fill our streets, drawn by our lively coffee shops, restaurants and bars, and our unique small shops and businesses.

San Francisco Planning Commission July 17, 2025 Page 2 of 2

As to the specific proposal to allow specified Non-Residential Uses that exceed the use size limits to divide into smaller spaces, we suggest this provision be amended to *only* apply to pre-existing spaces which exceed the Non-Residential Use sizes as of the effective date of the legislation. This suggestion addresses staff's case examples such as Lombardi's on Polk Street while preserving the intent and proven effectiveness of the existing Use Size limits to foster a healthy small businesses environment. This is especially important given the proposed massive upzoning of the City's commercial corridors which will undoubtedly result in the demolition of buildings that house multiple small businesses. It is critical that these buildings be replaced with the spaces that accommodate multiple small businesses and not extremely large spaces over 4,000 sq. ft. that will be unaffordable to small businesses that characterize these neighborhoods and make them thrive.

* * * * * * * *

Please reject the Planning Department's recommendations to eliminate the existing limits on Non-Residential Use sizes in the Castro Street Neighborhood Commercial District (NCD), Pacific Avenue NCD, Polk Street NCD, West Portal Avenue NCD, North Beach NCD, and North Beach Special Use District (SUD). And please support limiting, only to pre-existing spaces, the proposal to allow uses exceeding the use size limits to divide into smaller spaces.

Thank you very much for your consideration.

Subject: 3. 250634 [Planning Code - Use Size Limits] In Opposition to Use Size Limits

Date: Monday, July 28, 2025 10:53:22 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

27. July 2025 Chair Melgar, Supervisors Chen & Mahmood,

I support the three Business/ Merchants Associations Letter-the main stakeholders who were left out of discussions regarding this legislation-in opposing the Use Size Limits legislation as it is currently written. I urge you to listen to the expertise of our business representatives. Preserving and supporting our small businesses today, maintaining built-in affordability levels due to the existing size controls, for existing & future businesses must be our goal.

It is alarming that the representatives of our small business community were ignored during the process, as well as those of us who live and shop in our neighborhoods. As a decades long resident of North Beach, I find it especially worrisome that our new District 3 supervisor signed on as a co-sponsor to this legislation prior to any discussions about the challenges, possible harm this legislation may cause us in North Beach. I do hope that an opportunity for further discussions take place, learning, knowing the history of challenges faced by small businesses, ie. the lived experience of foreign investors buying buildings and charging a 300% rent

increase resulting in permanent displacement. Only then, can it be said that the supervisor is representing their constituents.

I understand that Supervisor Mandelman has asked for a carve out for the Castro, North Beach should also be exempted from this legislation.

The current use sizes in North Beach have been working to create & maintain our small businesses-the system is not broken, does not require a one-size-fits-all solution. In fact, as noted in the letter we have a wide variety of thriving shops, businesses, because the existing limits actually support affordability levels for not only our existing businesses, but also for future businesses.

Supervisors, I urge you to retain the existing limits in North Beach.

Theresa Flandrich
North Beach Tenants Committee

From: North Beach Business Association

Subject: USE SIZE LIMIT ORDINANCE REQUEST FOR AMENDMENT

Date: Monday, July 28, 2025 10:06:36 AM Attachments: NBBA File No. 250634 Letter.pdf

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Good morning, Melgar and Members of the Land Use Committee,

We respectfully request that North Beach be excluded from the current use size limit legislation to allow time for a more tailored solution.

Please see our full letter attached to this email. If you have any questions, please don't hesitate to contact us at your convenience.

Thank you for your consideration,

Stuart Watts, President North Beach Business Association

North Beach Business Association

July 28, 2025

Myrna Melgar, Chair Chyanne Chan, Vice-Chair Bilal Mahmood, Member San Francisco Board of Supervisors City Hall San Francisco, CA 94102

RE: USE SIZE LIMIT ORDINANCE REQUEST FOR AMENDMENT

Board File No. 250634 - Land Use Committee Item #3

Dear Chair Melgar and Members of the Land Use Committee,

Following a productive meeting with District 3 Supervisor Danny Sauter earlier this week, I am writing on behalf of the North Beach Business Association to respectfully request that North Beach be excluded from the current use size limit legislation to allow time for a more tailored solution.

During our discussion, we expressed our willingness to explore a middle ground, including the possibility of increasing the current use size cap rather than eliminating it entirely. We believe this measured approach would better serve North Beach's unique character while still supporting business growth. With Supervisor Sauter's pending legislation specific to District 3 commercial districts (File No. 250682), we see an opportunity to craft a compromise that balances the need for business flexibility with the success of our community's small business ecosystem.

We respectfully request additional time to work collaboratively with Supervisor Sauter to develop this balanced solution. Rather than taking a piecemeal approach, removing North Beach from the current legislation would allow us to continue our productive negotiations.

As we wrote to the Planning Commission, it is our position that the justification for eliminating the existing size limits on Non-Residential Use sizes does not make sense for small businesses that occupy the commercial corridors in North Beach, which has led the way to economic recovery in the City as evidenced by our low vacancy rates that are even lower today than before the pandemic.

The existing limits on non-retail use sizes have been instrumental in our commercial district's success, preventing larger retail uses that could catalyze rent increases and displace existing

North Beach Business Association

businesses. As a result, our small businesses, many of them Legacy Businesses, are thriving. Our vacancy rates, even lower today than before the pandemic, demonstrate this success. Local and out-of-town visitors alike fill our streets, drawn by our lively coffee shops, restaurants, bars, and unique small shops.

We look forward to continuing our dialogue with Supervisor Sauter to find a solution that works for all stakeholders.

Thank you for your consideration.

Sincerely,

Stuart Watts, President North Beach Business Association

Subject: 3. 250634 [Planning Code - Use Size Limits] In Opposition to Use Size Limits

Date: Monday, July 28, 2025 10:53:22 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

27. July 2025 Chair Melgar, Supervisors Chen & Mahmood,

I support the three Business/ Merchants Associations Letter-the main stakeholders who were left out of discussions regarding this legislation-in opposing the Use Size Limits legislation as it is currently written. I urge you to listen to the expertise of our business representatives. Preserving and supporting our small businesses today, maintaining built-in affordability levels due to the existing size controls, for existing & future businesses must be our goal.

It is alarming that the representatives of our small business community were ignored during the process, as well as those of us who live and shop in our neighborhoods. As a decades long resident of North Beach, I find it especially worrisome that our new District 3 supervisor signed on as a co-sponsor to this legislation prior to any discussions about the challenges, possible harm this legislation may cause us in North Beach. I do hope that an opportunity for further discussions take place, learning, knowing the history of challenges faced by small businesses, ie. the lived experience of foreign investors buying buildings and charging a 300% rent

increase resulting in permanent displacement. Only then, can it be said that the supervisor is representing their constituents.

I understand that Supervisor Mandelman has asked for a carve out for the Castro, North Beach should also be exempted from this legislation.

The current use sizes in North Beach have been working to create & maintain our small businesses-the system is not broken, does not require a one-size-fits-all solution. In fact, as noted in the letter we have a wide variety of thriving shops, businesses, because the existing limits actually support affordability levels for not only our existing businesses, but also for future businesses.

Supervisors, I urge you to retain the existing limits in North Beach.

Theresa Flandrich
North Beach Tenants Committee

Subject: USE SIZE LIMIT ORDINANCE REQUEST FOR AMENDMENT

Date: Monday, July 28, 2025 10:06:36 AM Attachments: NBBA File No. 250634 Letter.pdf

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Good morning, Melgar and Members of the Land Use Committee,

We respectfully request that North Beach be excluded from the current use size limit legislation to allow time for a more tailored solution.

Please see our full letter attached to this email. If you have any questions, please don't hesitate to contact us at your convenience.

Thank you for your consideration,

Stuart Watts, President North Beach Business Association

RE: USE SIZE LIMIT ORDINANCE REQUEST FOR AMENDMENT

Board File No. 250634 - Land Use Committee Item #3

Dear Chair Melgar and Members of the Land Use Committee,

Following a productive meeting with District 3 Supervisor Danny Sauter earlier this week, I am writing on behalf of the North Beach Business Association to respectfully request that North Beach be excluded from the current use size limit legislation to allow time for a more tailored solution.

During our discussion, we expressed our willingness to explore a middle ground, including the possibility of increasing the current use size cap rather than eliminating it entirely. We believe this measured approach would better serve North Beach's unique character while still supporting business growth. With Supervisor Sauter's pending legislation specific to District 3 commercial districts (File No. 250682), we see an opportunity to craft a compromise that balances the need for business flexibility with the success of our community's small business ecosystem.

We respectfully request additional time to work collaboratively with Supervisor Sauter to develop this balanced solution. Rather than taking a piecemeal approach, removing North Beach from the current legislation would allow us to continue our productive negotiations.

As we wrote to the Planning Commission, it is our position that the justification for eliminating the existing size limits on Non-Residential Use sizes does not make sense for small businesses that occupy the commercial corridors in North Beach, which has led the way to economic recovery in the City as evidenced by our low vacancy rates that are even lower today than before the pandemic.

The existing limits on non-retail use sizes have been instrumental in our commercial district's success, preventing larger retail uses that could catalyze rent increases and displace existing

North Beach Business Association

businesses. As a result, our small businesses, many of them Legacy Businesses, are thriving. Our vacancy rates, even lower today than before the pandemic, demonstrate this success. Local and out-of-town visitors alike fill our streets, drawn by our lively coffee shops, restaurants, bars, and unique small shops.

We look forward to continuing our dialogue with Supervisor Sauter to find a solution that works for all stakeholders.

Thank you for your consideration.

Sincerely,

Stuart Watts, President North Beach Business Association

cc: Danny Sauter, District 3 Supervisor John Carroll, Clerk

Introduction Form

(by a Member of the Board of Supervisors or the Mayor)

I hereb	y subm	nit the following item for introduction (select only one):
	1.	For reference to Committee (Ordinance, Resolution, Motion or Charter Amendment)
