Re: Application for Vacant Seat on the Citizens Committee on Community Development
(one year term)

Believe I meet the criteria stated for membership on the CCCD for the following reasons:

1. Served as a community organizer, technical assistor and campaign manager for 40 years for community based San Francisco organizations involved in community development, particularly affordable housing, covering range of assistance from program development to public policy advocacy.
2. Serve as Executive Director for the Council of Community Housing Organizations and the Housing Justice Network together involving 83 community or faith based organizations (CBOs) representing SF's lower income, largely minority, neighborhoods and communities.
3. Board member of Senior Action Network representing interests of SF's lower income senior population.
4. For 30 years, monitored and informed/organized CBO response to SF's annual CDBG program, covering nearly every CCCD meeting, housing sub committee meeting and public hearing since 1978.
5. Served as a member of the CCCD for 10 years (appointed by Mayor Brown in 1998).

Application for Appointment to Citizen's Committee on Community Development

Please state your qualifications

I grew up in Brooklyn, New York during a time of gentrification and redevelopment. As a Public Service Scholar at Hunter College, City University of New York from 2004-2005, I studied city, state and federal policy related to homelessness and affordable housing. As Homeowner Relations Coordinator at Habitat for Humanity East Bay, I worked with low income families to develop their skills in community building as first time homeowners in the disinvested neighborhood of Sobrante Park, East Oakland. As a graduate student at the School of Social Work, SFSU, I have studied social policy, human behavior in the social environment, research methodology, planning and program development, and theories of community organizing. Currently I live in the Mission district of San Francisco. Thus from my personal, academic and professional experience I understand and value the importance of community based input in the usage of CDBG funding as well as in the planning of development initiatives and activities.
