Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental and Land Use Findings.

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 241210 and is incorporated herein by reference. The Board affirms this determination.

(b) On March 20, 2025, the Planning Commission, in Resolution No. 21706, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The Board

1 adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the
2 Board of Supervisors in File No. 241210, and is incorporated herein by reference.

3 (c) Pursuant to Planning Code Section 302, this Board finds that these Planning Code
4 amendments will serve the public necessity, convenience, and welfare for the reasons set
5 forth in Planning Commission Resolution No. 21706, and the Board adopts such reasons as
6 its own. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File
7 No. 241210 and is incorporated herein by reference.

8
9 Section 2. General Findings.

10 (a) San Francisco's Regional Housing Needs Allocation ("RHNA") in the current 2023-
11 2031 Housing Element cycle is 82,069 units over eight years (46,598 units of which must be
12 affordable to very low-, low-, and moderate-income households), which is more than 2.5 times
13 the allocation of the previous eight-year cycle. San Francisco will face significant challenges in
14 meeting this goal.

15 (b) To meet its RHNA obligation, the City is proposing to rezone large parts of San
16 Francisco to accommodate more units. The Planning Department's current proposal is called
17 the Expanding Housing Choice (Housing Element Rezoning Program), and available on the
18 Department's website.

19 (c) Despite the Planning Department's public outreach efforts, many property owners,
20 residents, and business owners of the properties that could be upzoned are either completely
21 unaware, or only vaguely aware, of the proposed Housing Element Rezoning Program.

22 (d) It is reasonable and in the public interest to enhance outreach and public notice to
23 property owners, residents, and business owners likely to be affected by the City's
24 prospective upzoning. Expanding the public's knowledge of the nature, scale, and reasonably
25 anticipated effects of the upzoning can help the public better understand and better adapt to

1 the proposed changes. This ordinance will serve those purposes by establishing procedures
2 for providing public notice of proposed increases in height limits and/or density limits pursuant
3 to the Planning Department's Housing Element Rezoning Program.

4
5 Section 3. Article 3 of the Planning Code is hereby amended by revising Section 333,
