## **Density Done Right: We Can Be Pro-Housing & Pro-Neighborhood**

Our city is under attack by a new radicalism, and it's not the free-loving kind of the past. It's a well-funded and dangerous "my way or the highway" rhetoric, that slams any attempt at smart neighborhood planning as "anti-housing".

Last summer, President of the Board of Supervisors, Aaron Peskin, partnered with the Mayor to up zone the entire northeastern waterfront through joint Downtown Adaptive Reuse legislation. It was carefully crafted in partnership with the Planning Department and City Attorney's Office in order to spur appropriate housing and mixed-use development downtown.

Disturbed by the cooperative work within our City, developers went to Sacramento again and found a loophole in the legislation that would allow for "density double-dipping" in key areas that have long anchored the most iconic features of San Francisco's identity. That means buildings already upzoned by Peskin are now being promoted as building sites with the promise of supersize towers up to 270 feet without review or consideration for the neighborhood's overall affordability, design, or livability. The ink on the latest state developer loop hole was barely dry before a proposal was submitted to tear down a historic building at 1088 Sansome in a 65 foot historic zone and replace it with a 267 foot high rise . That, fellow San Franciscans would create a new high rise in North Beach, close to Telegraph Hill, that would be *60 feet higher than Coit Tower!*

Your neighborhood could be next because buildings originally upzoned to 85 feet by our city leaders in key historic districts are now being eligible to be rebuilt as 270-foot towers anywhere in the City without local checks and balances. Think 50 story high rises across from the zoo in the Sunset. In other words, a radical one-size-fits-all approach promoted by calculating special interests in Sacramento who care nothing about our city. These special interests are aggressively moving to abuse our collective work to create more affordable neighborhoods. In short, they and their politically ambitious allies like Wannabe Congressman Scott Weiner would irreparably disrupt San Francisco community planning for their own financial and political gain.

On the other hand, President Peskin – who represents the densest neighborhoods in the entire city – moved quickly in partnership with the Planning Department to tweak the loophole by restoring the original upzoning in key historic districts. The amendments to his original upzoning legislation ensure that, in two of our oldest historic districts which cover only a handful of city blocks that date from the Gold

Rush, developers actually can receive additional density to reuse historic buildings – as long as they don't demolish them.

The rest of the northeastern waterfront, from Fisherman's Wharf to the downtown areas still enjoy the full super-charged upzoning benefits of his original Downtown Adaptive Reuse legislation, which was intended to spur collaboration and reimagining of a new neighborhood downtown. It is exactly the kind of pragmatic, balanced approach to development we desperately need in this time of unprecedented state overreach – which is why the Planning Commission unanimously supported the amendments, and why 8 members of the Board of Supervisors voted to approve them.

During his time leading the Board of Supervisors, President Peskin has presided over the most significant upzonings in San Francisco's history by encouraging common-sense and community-led planning. As a result, we have witnessed the creation of entire new complete neighborhoods, from the South of Market, Central Waterfront, Potrero Hill, Market and Octavia and the Transbay Redevelopment Plan. And it was done without destroying the neighborhoods that were already there. They negotiated affordability increases, neighborhood infrastructure, parks and community facilities. They listened to working families and seniors and tenants and small businesses – and worked together to further a plan for the city's future. And later in 2013, when the ultra-wealthy wanted to build a literal wall of luxury condos on the public waterfront, I joined them in their fight for affordable neighborhoods – and we won.

That is the way we have always done it in San Francisco...until now.

The new radical talking points corrupt the reality that President Peskin's commonsense approach allows for developers to build higher and bigger, while protecting our precious and irreplaceable historic resources on our shared public waterfront. We need to continue to grow and build complete livable neighborhoods but on our terms as a city...not those dictated by the developer contributors to State Senator Scott Weiner. But it's not really about building affordable housing – it's about the massive profits developers can make with a 270-foot tower versus an 85-foot tower.

Along the way, State Senator Scott Wiener, who has been the number one recipient of real estate donations in the state legislature to prepare for his Congressional run, recently penned an op-ed denouncing President Peskin's density amendment as "anti-housing" and mischaracterizing the city's own affordable housing bond

process. This kind of radical “Truthiness” only serves to erode public confidence in our entire concept of neighborhood planning which has delivered affordable housing, neighborhood parks and transit infrastructure for thousands of San Franciscans. The self-serving rhetoric being spouted by Senator Weiner undercuts the reality that we can be pro-housing AND pro-neighborhood. Take it from someone who has been there...we fought successfully to protect our city’s right to control our planning laws...but today we see our city’s Senator enhancing rich developer’s rights to build out our city to maximize profit for their investors and to hell with what San Francisco's government plans and its citizens want for our City.

Art Agnos  
former Mayor  
San Francisco

Supervisors,

Since 1971, San Francisco Heritage (SF Heritage) has led the civic discussion on the compatibility of rapid change with recognition and commemoration of this city's people and past. A 501(c)3 nonprofit membership organization with a mission to preserve and enhance San Francisco's unique architectural and cultural identity, SF Heritage has been instrumental in establishing the preservation protections that have allowed our city to evolve and flourish.

San Francisco Heritage requests **approval** of Board File No. 231079, an ordinance to restore density limits in the Northeast Waterfront Historic District, the Jackson Square Historic District, and the Jackson Square Historic District Extension. We recognize that this approval overrides Mayor Breed's March 14, 2024 veto.

Much of San Francisco's earliest extant architecture, buildings dating from the Gold Rush, are contained in these historic districts. Other structures dating from just after the 1906 Earthquake and Fire, importantly associated with the city's Italian-American community and its history as a world-renown port, are contributors.

These historic districts were the first to be recognized and designated by the City of San Francisco. This small section of the city has essentially carried San Francisco's origin story for more than 150 years, its brick and concrete storefronts, warehouses, and boarding houses have been successfully adapted over decades for robust economic and artistic uses. They continue to do so.

This is a small section of San Francisco that cannot handle large-scale development without fundamentally destroying the special and important story the landscape conveys about our history. Eliminating density limits for these few but important blocks was unintended, a recent legislative error.

San Francisco Heritage is enthusiastic to contribute to any discussion on the merits and value of historic districts, and indeed, any conversation on the future of this great city. Let's do it together, thoughtfully.

Sincerely,

**Woody LaBounty**  
**President & CEO**

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Judith Powell

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Jina Na  
San Francisco, CA 94133

Dear John Carroll,

Hi,

I have lived in San Francisco for 20 years and want desperately to own a home some day in this beautiful city. However, I do not want ridiculous projects like the one at 955 Sansome. Projects like that destroy the soul of this glorious city.

There are countless locations in the city available. Allowing developers to build a wall along the waterfront takes the city away from the average citizen and gives it to the elite in their towers.

You know this makes no sense. Please vote to override the Mayor's veto.

Sincerely,  
Tyler Weeks

**Date:** Monday, March 25, 2024 6:20:07 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors:

I am writing to urge your support of an override of Mayor Breed's veto of this legislation.

As a resident of and participant in San Francisco for the past four decades, and having been engaged in many of efforts focused on San Francisco's historic building resources and public policies around them, I can reasonably assert I hold some perspective and insight.

Keeping this short and simple, I will not attempt to invoke a rationale for why a more thoughtful treatment of the limited number of historic resources to which CCSF has extended some protections is called for. I will only remind us that what we do have is the result of decades-long effort by countless private citizens who had to repeatedly prod their government to take a broader, longer term view; one which acknowledges the economic and community/social/intangible values of these resources.

The lack of more careful consideration of the impacts of the density increases and up-zoning on recognized historic resources is a regression and deeply distressing in the face of the effort that was invested by San Franciscans.

I urge your support of the override.

Thank you.

Mark Ryser

San Francisco, Ca 94114

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Adi Choudri  
San Francisco, CA 94133

Also the city does not need more expensive condos when the majority of people looking for housing are low income people.

I am not against building more housing in this area, but against high rises!

I read that out of 135 planned apartments only 25 would be affordable housing - that is crazy if true.

Dear John Carroll,

Please override the mayor's veto. Our housing needs can be met without highrise condos no one can sell and no one wants to spend \$2+ million on with monthly HOA fees of \$1200 or more that will only provide a couple affordable units here or there. The city has already been upzoned to 4-6 units. There are wonderful developments going in that are 100% affordable. ADUs are going in. We need workforce housing not luxury condos like 1545 Market and tons of downtown units no one can sell. No need to make the rest of the city a ghost town like downtown.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Ming Hwang  
San Francisco, CA 94133

Honorable Supervisors,

I am writing to urge the Board to **approve** Board File No. 231079 and override Mayor Breed's veto of 14 March 2024, which jeopardizes our City's oldest and most historic areas.

Designated in 1971 and 1983, respectively, Jackson Square (the City's first National Register Historic District) and the Northeast Waterfront Historic District are relatively small areas that convey the earliest history of our City and the West. The long-standing designations and density limits do not freeze these areas against development, rather they are thriving, diverse neighborhoods, booming centers of the AI sector that draw millions of dollars of investment, and they still continue to convey historic significance. It works well as it is.

Sincerely,  
Katherine Petrin  
District 7 Resident  
District 3 Business Owner

Living on Telegraph Hill, we get to experience the joyous energy of neighbors, visitors and tourists from all over the world marveling at the beautifully preserved city views from Telegraph Hill. To allow buildings over 3 times the current height limits irreversibly block sight lines to that which greatly contributes to our city's soul would be crushing to the wonder of our unique city and surely rob all-neighbor, resident, visitor, tourist and the like the unique joy and happiness San Francisco provides to our world.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Ryan Kopa

We urge you to uphold your Yes vote and override Mayor Breed's veto.

Living on Telegraph Hill, we get to experience the joyous energy of neighbors, visitors and tourists from all over the world marveling at the beautifully preserved city views from Telegraph Hill. To allow buildings over 3 times the current height limits irreversibly block sight lines to that which greatly contributes to our city's soul would be crushing to the wonder of our unique city and surely rob all-neighbor, resident, visitor, tourist and the like the unique joy and happiness San Francisco provides to our world.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Patricia Arack  
San Francisco, CA 94116

Dear John Carroll,

To The Board of Supervisors:

Please overturn the mayor's veto of legislation that would retain local authority over decision-making affecting development in communities.

**DO NOT ABBROGATE LOCAL COMMUNITIES' RIGHT TO DETERMINE HOW THEIR ENVIRONMENT AND QUALITY OF LIFE WILL BE SHAPED.**

Reinforce Board President Peskin's initiative to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Mary Judith Robinson

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Patricia Larios

This is not a downzoning measure. It simply provides protection for a tiny historical area that would otherwise be destroyed by monolithic towers.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
roger stobel

Strolling along the waterfront is one of the joys that residents share with out of town visitors. This is a view that really never gets old. Please help preserve it for future generations instead of pandering it off to speculators for the development of luxury high rises to benefit a minuscule fraction of the people who enjoy it every day.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. Dear John Carroll,

Building high rise buildings on the waterfront is yet another assault on our formerly iconic city skyline. Were it not for a few recognizable, architecturally unusual dots in the landscape, this city would look like every other city overwhelmed by hideous big box architecture that's ugly because beauty doesn't "pencil." There's also the issues of rising water levels, and perhaps liquefaction beneath giant, heavy monstrosities that block views for life-long city dwellers. There is no good reason to build them besides lining the pockets of developers who have already made fortunes robbing San Francisco of its former loveliness.

The city currently has 61K empty units; a lot of those high end high rises might as well be completely empty, and there are empty buildings downtown and in the financial district that need repurposing. The last thing we need to do now is build more huge buildings. When you go by them at night, maybe half a dozen windows are illuminated. When I was on the Civil Grand Jury in 2017-18, writing the report that made in-law units legal, I read about an FBI investigation of real estate sales here. A shocking number of people buying here were laundering money. Foreign oligarchs buy property, so the developers are happy, but they leave them empty. We've got to end the Willie Brown school of running this city.

Please vote unanimously to undo the veto. The last thing we need is to use city funds to "save" buildings, that should never have been built at all, on land that is environmentally threatened to begin with.

Sincerely,  
Roberta Segal

Dear John Carroll,

The true residents of San Francisco do not want high rise buildings along her waterfront, it's absurd to think otherwise. Please override this poor decision made by Breed. I do not come from a Nimby attitude, I believe in responsible development that retains the character of our unique city.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

Thank you supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from high-rise development. I believe your votes reflect the desires of those who live in this city.

I urge you to uphold your Yes vote and override Mayor Breed's veto. With all due respect to Mayor Breed, no one person should not be allowed to change the character of this amazing city in the name of politics.

The supervisors' legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. This is what the people who live in this city want – protection of the unique beauty of our city. Please do not bow to the weight of a political movement trying to solve the housing problem with solutions that are not coherent and threatened to change one of the most beautiful cities in the world. There are plenty of other ways to solve the housing problem without destroying San Francisco as we know it.

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Allowing Mayor Breed's veto to take effect would be a travesty for San Francisco !

Sincerely,  
Margaret Turnbull  
San Francisco, CA 94121

Dear John Carroll,

I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from unnecessary high-rise development that will cause immeasurable damage to the character of our city. We urge you to uphold your Yes vote and override Mayor Breed's veto, and send a strong message that ALL citizens of this city do not wish to see it destroyed by reactionary politics.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Dear John Carroll,

To The Board of Supervisors:

Please overturn the mayor's veto of legislation that would retain local authority over decision-making affecting development in communities.

**DO NOT ABBROGATE LOCAL COMMUNITIES' RIGHT TO DETERMINE HOW THEIR ENVIRONMENT AND QUALITY OF LIFE WILL BE SHAPED.**

Reinforce Board President Peskin's initiative to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Gregor Stever  
San Francisco, CA 94133

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Ingrid Moss  
San Francisco, CA 94133

Dear John Carroll,

I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from inappropriate high-rise development. I urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation sought to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront, and indeed other neighborhoods, from EXCESSIVE development. Office-to-housing conversions are good. These proposed high-rises are not needed.

Together, let's preserve the character and integrity of our neighborhoods for current and future generations.

Sincerely,  
Linda Shaffer

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto. I have lived in San Francisco for 50 years and support affordable housing but many of the proposed developments are for high rise luxury apartments that degrade our neighborhoods and do nothing to provide housing for those who make the city function.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Abraham Fahim  
San Francisco, CA 94107

Introduced by Board President Aaron Peskin, it aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Please listen to the residents of San Francisco, not the backers of blind development behind Mayor Breed's veto of this important initiative. A core reason for our city's appeal, and high-stakes real-estate issues, is its unique identity as a conglomerate of individual, human-scale villages. Please honor this heritage by standing behind this citizen-backed plan to preserve the character and integrity of our neighborhood for current and future generations

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Antonia Grier

Dear Board of Supervisors,

The true residents of San Francisco do not want high rise buildings along her waterfront, it's absurd to think otherwise. Please override this poor decision made by Breed. I do not come from a Nimby attitude, I believe in responsible development that retains the character of our unique city.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Robyn Tucker

Dear Board of Supervisors,

I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from inappropriate high-rise development. I urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation sought to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront, and indeed other neighborhoods, from EXCESSIVE development. Office-to-housing conversions are good. These proposed high-rises are not needed.

Together, let's preserve the character and integrity of our neighborhoods for current and future generations.

Sincerely,

Dear Board of Supervisors,

Building high rise buildings on the waterfront is yet another assault on our formerly iconic city skyline. Were it not for a few recognizable, architecturally unusual dots in the landscape, this city would look like every other city overwhelmed by hideous big box architecture that's ugly because beauty doesn't "pencil." There's also the issues of rising water levels, and perhaps liquefaction beneath giant, heavy monstrosities that block views for life-long city dwellers. There is no good reason to build them besides lining the pockets of developers who have already made fortunes robbing San Francisco of its former loveliness.

The city currently has 61K empty units; a lot of those high end high rises might as well be completely empty, and there are empty buildings downtown and in the financial district that need repurposing. The last thing we need to do now is build more huge buildings. When you go by them at night, maybe half a dozen windows are illuminated. When I was on the Civil Grand Jury in 2017-18, writing the report that made in-law units legal, I read about an FBI investigation of real estate sales here. A shocking number of people buying here were laundering money. Foreign oligarchs buy property, so the developers are happy, but they leave them empty. We've got to end the Willie Brown school of running this city.

Please vote unanimously to undo the veto. The last thing we need is to use city funds to "save" buildings, that should never have been built at all, on land that is environmentally threatened to begin with.

Sincerely,  
Roberta Segal  
San Francisco, CA 94133

We urge you to uphold your Yes vote and override Mayor Breed's veto.

Strolling along the waterfront is one of the joys that residents share with out of town visitors. This is a view that really never gets old. Please help preserve it for future generations instead of pandering it off to speculators for the development of luxury high rises to benefit a minuscule fraction of the people who enjoy it every day.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. **Subject:** Item 1 - Please override the Mayor's veto of Board File No. 2331079  
**Date:** Saturday, March 23, 2024 2:53:15 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

**Board File No. 2331079** is a common sense effort to protect buildings and people in a historic SF neighborhood.

San Francisco is NOT Manhattan. I am puzzled that some folks move here because San Francisco is a beautiful city with human-scale neighborhoods, and then they try to destroy it. My guess is that after all the characteristics that make SF unique have been destroyed, those people will take their stock options and move elsewhere. Meanwhile, the average resident will have been priced out, and the entire city will be an empty shell of itself – just like downtown is now.

Please stop the tower madness. Over-ride the Mayor's veto!

Thank you.

Katherine Howard

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Denise LaPointe

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Hanmin Liu  
San Francisco, CA 94133

Dear Board of Supervisors,

I would like to thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for their support of legislation aimed at safeguarding the NE Waterfront from avaricious high-rise developers. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Leilani Chun  
San Francisco, CA 94133

Dear Board of Supervisors,

Thank you supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from high-rise development. I believe your votes reflect the desires of those who live in this city.

I urge you to uphold your Yes vote and override Mayor Breed's veto. With all due respect to Mayor Breed, no one person should not be allowed to change the character of this amazing city in the name of politics.

The supervisors' legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. This is what the people who live in this city want – protection of the unique beauty of our city. Please do not bow to the weight of a political movement trying to solve the housing problem with solutions that are not coherent and threatened to change one of the most beautiful cities in the world. There are plenty of other ways to solve the housing problem without destroying San Francisco as we know it.

Sincerely,  
Beth Cataldo

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Michele Benvenuto  
Belvedere Tiburon, CA 94920

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Please consider how beautiful and how historic the NE waterfront district is not only to the residents of this city but to the many tourists who come here annually to enjoy San Francisco. It is these small communities and untouched historic districts that bring people here to live and enjoy on an annual basis.

There are many other areas of the city that are more appropriately suited for these types of high-rise living spaces that blend in better with their surrounding environment.

I ask you to please do your best to keep this historic area as is for future generations to experience.

Thak you.  
Respectfully,  
Mike Ferro

Dear John Carroll,

I was born in SF 71 years ago at Mt Zion hospital. I have lived here ever since... My family has given birth to 4 generations here in SF and 6 in California. WE CARE!!

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from completely unnecessary high-rise development. It seems the Mayor is out of touch with all of the prolific "for sale and for rent" signs that blight our city. We have no shortage of space in SF for residential or retail development.

I urge you to uphold your Yes vote and override Mayor Breed's veto. This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from becoming a dense eyesore.

Together, let's preserve the character and integrity of our neighborhoods and KEEP SF BEAUTIFUL!

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Mayor Breed's action is a sad further example of the extremism rampant in the US and the world today. Aaron Peskin is a moderate concerned both about supporting the needy and about preserving the society and the city. I only hope we can remove her and hope she heals and allow the moderate majority (a new party?: The Moderate Majority) to enact reasonable legislation to preserve our society and humanity.

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Rebecca Burfitt  
San Francisco, CA 94133

President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development. I have lived in this neighborhood for over 35 years and do not want to see developers change it's beauty for money. I would like my children to continue to enjoy living here for years to come.

Please override the Mayor's veto.

We urge you to uphold your Yes vote and override Mayor Breed's veto.

I have been to Miami, and several Caribbean beach cities, where a Wall of hotels and luxury apartments line the waterfront towering over the public space. San Franciscans will not allow such destruction of the human and esthetic scale of our uniquely beautiful city!

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Lisa Tanner  
San Francisco, CA 94109

Dear John Carroll,

Please do not build these high rises. The old freeway overpass ruined the waterfront. Why do we want to do that again with another obtrusive structure? Please do not ruin the waterfront/Barbary Coast that is historic!

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

I thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for your support of legislation aimed at correcting an obvious error in recent zoning legislation. Board File No. 231079. That error opened up big and "tall" loopholes now being exploited by developers.

We need to safeguard the northeast waterfront and neighborhoods from ridiculous high rise development. Once built, these overwhelming eyesores will be with us and several generations beyond us--perhaps a century or more. We can't undo that later. These projects are commonly luxury condominiums sold to owners of multiple residential properties as City "get aways" at top dollar. They WORSEN our community, burden our infrastructure, compete for construction resources and ESCALATE their cost, and even take away parcels for real affordable housing. At their core, they are negatives on many dimensions sponsored by for-profit developer interests. Enough!

I urge you to uphold your Yes vote and override Mayor Breed's veto of Supervisor Peskin's legislation to correct the unfortunate code error.

Regards, Elias Blawie & Pam Stoner

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
frieda weiner

Building High-Rise Development on reclaimed land area vulnerable to sea level rise and soil liquefaction during an earthquake will put San Franciscans at great risk. Build sustainably on good land that will not carry the risk of displacing families in the next Earthquake.

President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. Moreover, let's not expose San Franciscans to avoidable risks and build on solid ground rather than reclaimed land exposed to sea level rise and seismic soil liquefaction risks. What are those risks? Future displacement from homes and bodily harm. This veto will promote the construction of unsustainable homes. Please override and build homes responsibly.

We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Pamela Stoner

Dear Board of Supervisors,

I thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for your support of legislation aimed at correcting an obvious error in recent zoning legislation. Board File No. 231079. That error opened up big and "tall" loopholes now being exploited by developers.

We need to safeguard the northeast waterfront and neighborhoods from ridiculous high rise development. Once built, these overwhelming eyesores will be with us and several generations beyond us--perhaps a century or more. We can't undo that later. These projects are commonly luxury condominiums sold to owners of multiple residential properties as City "get aways" at top dollar. They WORSEN our community, burden our infrastructure, compete for construction resources and ESCALATE their cost, and even take away parcels for real affordable housing. At their core, they are negatives on many dimensions sponsored by for-profit developer interests. Enough!

I urge you to uphold your Yes vote and override Mayor Breed's veto of Supervisor Peskin's legislation to correct the unfortunate code error.

Regards, Elias Blawie & Pam Stoner

Dear Board of Supervisors,

Please do not build these high rises. The old freeway overpass ruined the waterfront. Why do we want to do that again with another obtrusive structure? Please do not ruin the waterfront/Barbary Coast that is historic!

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Lisa Tanner

Mayor Breed's action is a sad further example of the extremism rampant in the US and the world today. Aaron Peskin is a moderate concerned both about supporting the needy and about preserving the society and the city. I only hope we can remove her and hope she heals and allow the moderate majority (a new party?: The Moderate Majority) to enact reasonable legislation to preserve our society and humanity.

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Lefteris Eleftheriou  
San Francisco, CA 94116

Dear Board of Supervisors,

I was born in SF 71 years ago at Mt Zion hospital. I have lived here ever since... My family has given birth to 4 generations here in SF and 6 in California. WE CARE!!

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from completely unnecessary high-rise development. It seems the Mayor is out of touch with all of the prolific "for sale and for rent" signs that blight our city. We have no shortage of space in SF for residential or retail development.

I urge you to uphold your Yes vote and override Mayor Breed's veto. This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from becoming a dense eyesore.

Together, let's preserve the character and integrity of our neighborhoods and KEEP SF BEAUTIFUL!

Sincerely,  
Diane Morris

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Please consider how beautiful and how historic the NE waterfront district is not only to the residents of this city but to the many tourists who come here annually to enjoy San Francisco. It is these small communities and untouched historic districts that bring people here to live and enjoy on an annual basis.

There are many other areas of the city that are more appropriately suited for these types of high-rise living spaces that blend in better with their surrounding environment.

I ask you to please do your best to keep this historic area as is for future generations to experience.

Thank you.  
Respectfully,  
Mike Ferro

Together, let's preserve the character and integrity of San Francisco, and this charming neighborhood, for current and future generations.

It would be a shame if Mayor Breed's veto stands; she know she will not be reelected so no longer cares about the city or its inhabitants. IF she ever did. And that is not at all clear because actions speak louder than words and her ACTIONS, or lack thereof, are reprehensible and indefensible.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Ann Gregory  
San Francisco, CA 94123

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

I thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I respectfully urge you to uphold your Yes vote on the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), and override Mayor Breed's ill-advised veto.

Here's why:

SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to override the Mayor's veto of Board File No. 231079. The proposal aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

This legislation seeks to ensure common sense in our planning code and to safeguard our iconic waterfront from high-rise development. (See the Fontana for what that looks like.) Please act in your constituents' interest in protecting the character and integrity of SF's incomparable north-east neighborhood for current and future generations.

I said this in support of the original legislation and I repeat with hope you will continue the commitment you showed when you supported it. Thank you!

Sincerely,  
Lucy Johns

Dear John Carroll,

I urge the Board of Supervisors to take action to protect San Francisco's historic neighborhoods. The Planning Department's proposed upzoning needs to be revisited. San Francisco is not Miami. Please do not allow the development of medium and high-rise buildings on our neighborhoods near the water. You need to ensure that the Planning Department does not unwittingly unleash rapacious real estate developers on our low density neighborhoods near the water. In particular, the upzoning in the Marina/Cow Hollow district will damage this vibrant neighborhood. I am sympathetic to the City's need to encourage the development of affordable housing. However, we do not create affordable housing by encouraging medium and high-rise buildings in one of our most expensive neighborhoods.

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,  
Nick Ferris

Dear Board of Supervisors,

I thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I respectfully urge you to uphold your Yes vote on the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), and override Mayor Breed's ill-advised veto.

Here's why:

SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to override the Mayor's veto of Board File No. 231079. The proposal aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

This legislation seeks to ensure common sense in our planning code and to safeguard our iconic waterfront from high-rise development. (See the Fontana for what that looks like.) Please act in your constituents' interest in protecting the character and integrity of SF's incomparable north-east neighborhood for current and future generations.

I said this in support of the original legislation and I repeat with hope you will continue the commitment you showed when you supported it. Thank you!

Sincerely,  
Lucy Johns

Together, let's preserve the character and integrity of our neighborhood for current and future generations. As a long-term (34+ yrs.) of Outer Sunset/Parkside, I have enjoyed our coastal community and natural habitat throughout. I fear that developers and opportunistic politicians are set on destroying our local community and environment. We care about our sand dunes, snowy plovers and other flora and fauna that are less than 50 yds. Away. Please do what is best for the local residents and not the other interests.

Sincerely,  
Stephen Gorski

Dear John Carroll,

Dear President Peskin (D3) and Supervisors Chan (D1), Stefani (D2), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11):

Thank you for your support of legislation aimed at safeguarding the iconic NE Waterfront from ill-conceived and inappropriate high-rise development. By this means, you will preserve this special San Francisco asset--the Waterfront--for all to enjoy.

Please uphold your Yes vote and override Mayor Breed's veto.
