April 14, 2011 - Opening the Tree Cover on the Steps

Casper Curto, a landscape consultant, donated his time and so did the Tree Shapers, LLC and these wonderful workers:

Tighe O'Shannon

Luis Carvajal

Lemon DeGeorge

Cornelio Cruz

Genaro Jimenez

Sean McCosh

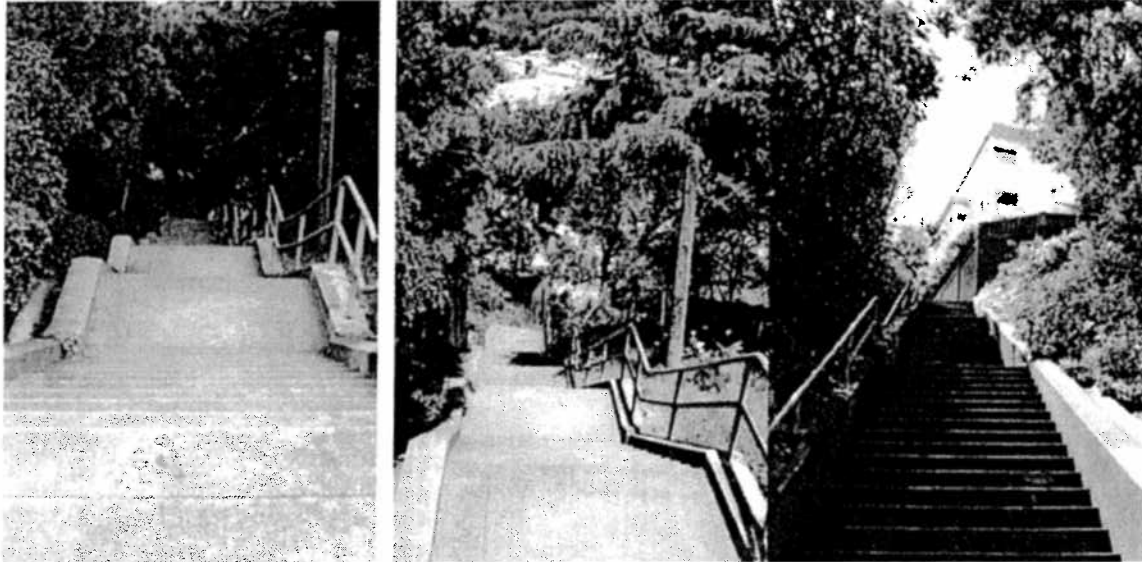

Hugh Yerburgh.

They spent the whole morning pruning back the trees over the steps, to open the area, decrease the leaf deposits, and make the steps more inviting.

Before they came...

and after they left!!!

In-kind services make a huge difference to the Hidden Garden Steps project & to the steps users. A great big thank-you to Casper and Tree Shapers, LLC!

First Clean-Up on our Steps, April 9, 2011

The flyer on a pole

Before, at the bottom of the steps

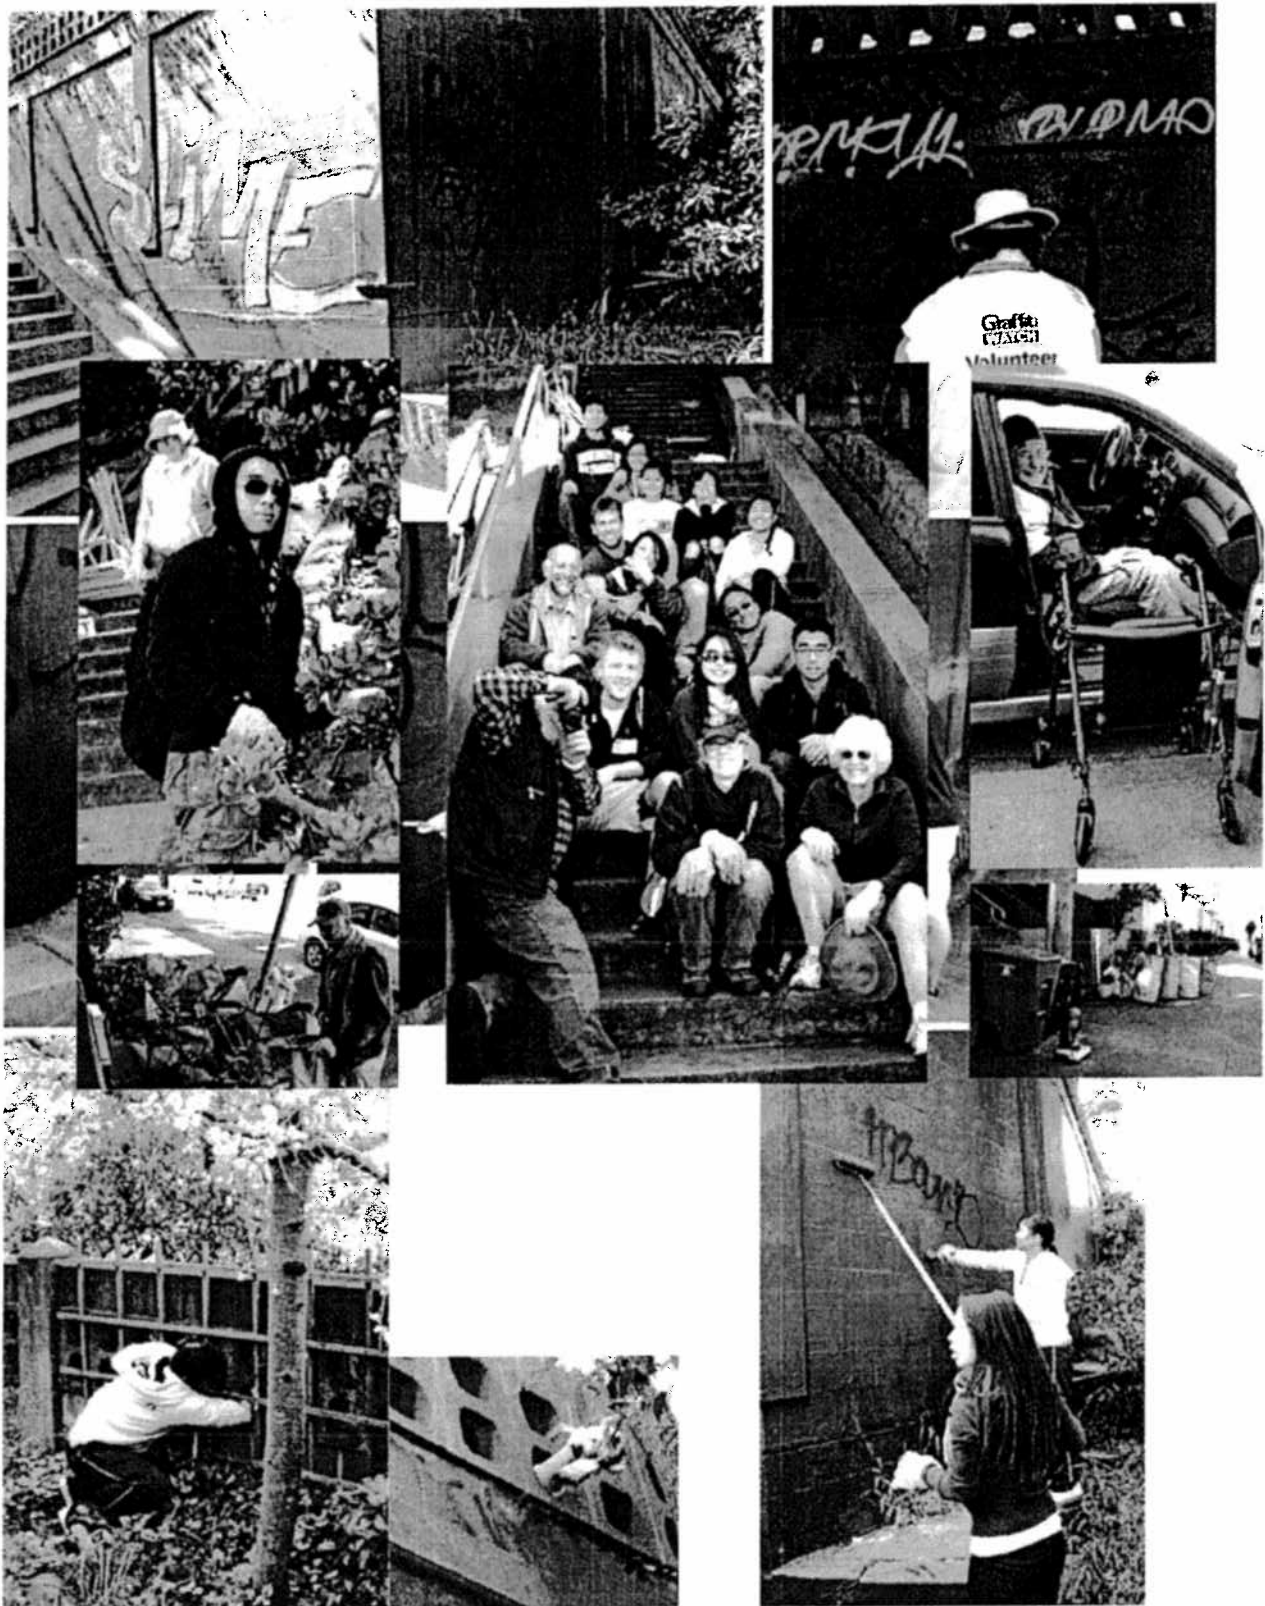

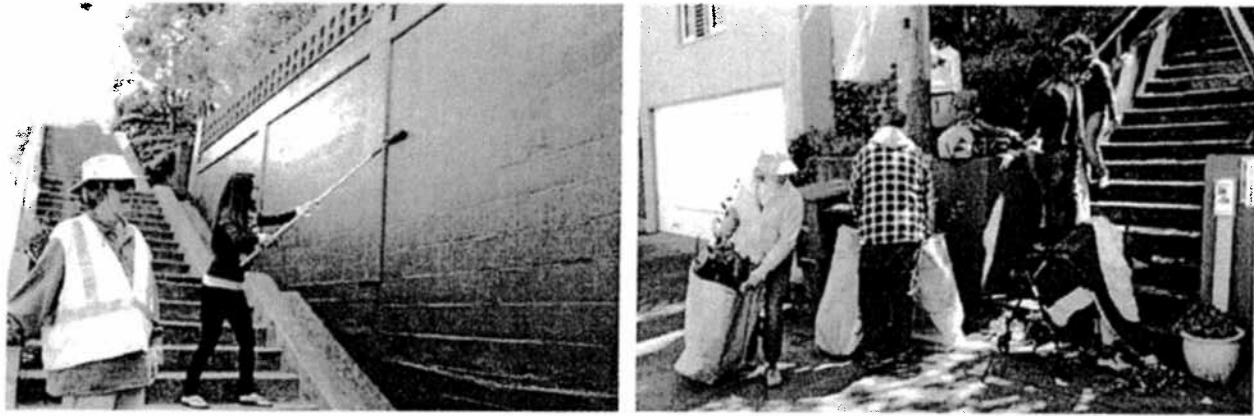

There were lots of us, including about ten Tri Beta students from the University of San Francisco.

And we had loads of graffiti on the big wall, which the Tri Beta students got rid of!

**First clean up of the Hidden Garden Steps ...
great volunteers and wonderful weather. Thanks to all!**
