Subject: Customer Premise Equipment (CPE) Fixed Allotment Funding

Dear Mr. Saunders:

The California 9-1-1 Emergency Communications Branch (CA 9-1-1 Branch) has received your December 26, 2014 letter of intent to replace the 9-1-1 telephone system at your Public Safety Answering Point (PSAP). Acceptance of CPE Allotment funds from the CA 9-1-1 Branch commits your agency to PSAP operations 24 hours-a-day, seven days-a-week, for a minimum of five years. If PSAP operations are not maintained at that level, the San Francisco International Airport 9-1-1 Dispatch Center may become financially responsible for all subsequent CPE maintenance and 9-1-1 network service charges. Our evaluation of recent 9-1-1 emergency call volume qualifies the PSAP for a Fixed Allotment in the amount of \$255,000. The Fixed Allotment funding will expire June 30, 2017 if your CPE approval process has not been initiated. Years six (6) and seven (7) of extended maintenance will not be deducted from your Fixed Allotment. Extended maintenance cost in year eight (8) and beyond is the PSAPs responsibility.

The CA 9-1-1 Branch has implemented a non-mandatory Master Purchase Agreement (MPA) that enables participating vendors to invoice the CA 9-1-1 Branch directly for the purchase of 9-1-1 systems and services. User instructions for the MPA are available at:
