10 Be it ordained by the People of the City and County of San Francisco:

11 Section 1. The Planning Department has determined that the actions contemplated in
12 this ordinance comply with the California Environmental Quality Act (California Public
13 Resources Code Section 21000 et seq.). Said determination is on file with the Clerk of the
14 Board of Supervisors in File No. 130661 and is incorporated herein by reference.

15 Section 2. Findings. The Board of Supervisors of the City and County of San
16 Francisco hereby finds as follows:

17 1. By Resolution No. 585-10 (File No. 101259), this Board of Supervisors approved the
18 terms of a host agreement for the 34th America's Cup and related regattas (the "Event") with
19 the America's Cup Event Authority ("Event Authority"), which was executed by the parties on
20 December 31, 2010 as the America's Cup Host and Venue Agreement (the "Host
21 Agreement") upon the selection of the City and County of San Francisco ("City") as host city
22 for the Event.

23 2. In Resolution No. 585-10, this Board found that hosting the Event would generate
24 significant public benefits for the City including: (i) the generation of significant new jobs and
25 economic development in a very short period of time; (ii) substantially increased public access

1 to the waterfront; (iii) new opportunities for people to view and enjoy the San Francisco Bay;
2 and (iv) an extraordinary opportunity to showcase San Francisco and the Bay to the nation
3 and the world.

4 3. Allowing aerial signs and advertising such as towing banners in the airspace above
5 the Event during race activities would create visual blight and clutter that would (i) undermine
6 the viewing experience for the thousands of spectators who are expected to attend the Event,
7 (ii) pollute the visual landscape of the San Francisco waterfront that is being showcased by
8 the Event, and (iii) create potentially dangerous visual distractions for the race participants.
9 To provide a pleasant viewing experience for spectators by allowing for uninterrupted viewing
10 of the Event activities, to protect public safety, and to safeguard the overall success of the
11 Event, the Board wishes to protect the airspace above the Event from any and all commercial
12 or promotional interruption during the racing events.

13 4. In addition, Section 10.3 of the Host Agreement requires the City to work with
14 the Event Authority to develop and implement a program to protect the Event from “ambush
15 marketing.” Specifically, Section 10.3(b) requires the City to take a number of actions on
16 behalf of the Event Authority and the Event in general, including seeking “the prohibition of
17 use of Event Airspace during the [e]vent, and in respect of appropriately large perimeters
18 around the airspace of the [v]enue to prevent any unauthorized aircraft or any other floating or
19 flying device (in particular hot air/helium/other gas balloons or blimps) from being used to
20 advertise or carry out ambush marketing activities.” Ambush marketing refers to unauthorized
21 parties taking actions to associate themselves with, and therefore capitalize on, the visibility
22 and intellectual property of a particular event without entering appropriate contractual
23 relationships to do so.

24 5. By adoption of this ordinance, this Board of Supervisors intends to establish
25 restrictions on all aerial signs and advertising in the airspace over the Event in furtherance of

1 the City's goals of ensuring a successful Event, promoting a pleasant spectator experience,
2 and protecting public safety, as well as the City's responsibilities under the terms of the Host
3 Agreement.

4
5 Section 3. The San Francisco Police Code is hereby amended by adding Article 49, to

LEGISLATIVE DIGEST

[Police Code - Aerial Signs and Advertising]

Ordinance amending the Police Code to prohibit the use of aircraft, self-propelled, or buoyant objects to display any sign or advertising device in the airspace over the 34th America's Cup course area; and making environmental findings.

Existing Law

Existing City law does not address the use of aircraft or other airborne objects to display signs or advertising devices in the airspace over the 34th America's Cup course area.

Amendments to Current Law

The proposed ordinance would add a new Article 49 to the Police Code that would prohibit the use of any type of aircraft or other self-propelled or buoyant airborne object to display in any manner or for any purpose any sign or advertising device in the airspace over the 34th America's Cup and related regattas. (Sec. 4901). The prohibition would not apply to (1) the display of any identifying mark, trade name, trade insignia, or trademark on the exterior of an aircraft or airborne object if the displayed item is under the ownership or registration of the aircraft's or airborne object's owner, or (2) the display of a sign or advertising device placed wholly and visible only within the interior of an aircraft or airborne object. (Sec. 4902).

Persons who violate Article 49 would be subject to criminal and civil penalties. (Sec. 4903). The Executive Director of the Port would be authorized to issue administrative citations for violations of Article 49.

Article 49 would automatically expire on September 30, 2013, or upon written certification from the City Attorney to the Clerk of the Board of Supervisors that the Federal Aviation Administration has issued a temporary flight restriction for the Event Airspace that prohibits the use of this airspace by aircraft not authorized or accredited by the event, whichever occurs sooner. (Sec. 4905).

Background Information

By Resolution No. 585-10 (File No. 101259), the Board of Supervisors approved the terms of a host agreement for the 34th America's Cup and related regattas with the America's Cup Event Authority, which was executed by the parties on December 31, 2010. This legislation would establish restrictions on all aerial signs and advertising in the airspace over the 34th America's Cup and related regattas in furtherance of the City's goals of ensuring a successful event, promoting a pleasant spectator experience, and protecting public safety, as well as fulfilling the City's responsibilities under the terms of the America's Cup Host and Venue Agreement.
