As noted before it is unsafe to increase the traffic on tiny Shannon Alley. The sidewalks are only 5 feet or 60 inches wide. ALL entrances should be on O'Farrell and Jones. (Garbage cars people)
This church has a fire exit with a step that constantly attracts campers. People walking on the sidewalk must dangerously step onto the road. You are creating a death trap.
Large signs should say do not sit, lie down sleep or camp. There should be a speed hump. On Geary a sign should say no through traffic—local traffic only. Police should make constant passing calls.
The crosswalk at Geary is very dangerous. One-way signs should be better.

The church's area inside the parking lot has been an absolute pig pen for days. This is how irresponsible they are and will be.
