20 Section 1. Background and Findings.

21 (a) On December 9, 2025, the Board of Supervisors (“Board”) adopted Resolution
22 No. 571-25, a copy of which is on file with the Clerk of the Board of Supervisors in File
23 No. 250821, declaring its intention to order the vacation of portions of (1) Hawes Street,
24 between Carroll and Armstrong Avenues; (2) Griffith Street, between Carroll and Armstrong
25 Avenues; and (3) Bancroft Avenue, between Griffith and Hawes Streets (collectively, the

1 “Vacation Area”). The location and extent of the Vacation Area is shown on the Department
2 of Public Works’ (“Public Works”) SUR Map No. 2025-003, dated December 5, 2025 (the
3 “SUR Map”). A copy of said map is on file with the Clerk of the Board in File No. 250824 and
4 is incorporated herein by reference.

5 (b) The Clerk of the Board has transmitted to the Director of Public Works a certified
6 copy of the Resolution of Intention, and the Director has caused the notice of adoption of such
7 Resolution to be posted and published in the manner required by law.

8 ~~(c) When such matter was considered as scheduled by the Board at its regular
9 meeting held in City Hall, San Francisco, on _____, the Board heard all persons interested
10 in such vacation.~~

11 ~~(d)~~ The vacation of the Vacation Area is part of the development of the San Francisco
12 Fire Department (“Fire Department”) training facility at 1236 Carroll Avenue (“Project”). The
13 Project site is bounded by Carroll Avenue, Armstrong Avenue, and Assessor’s Parcel Block
14 Numbers 4851, 4853, and 4876, and consists of approximately eight acres of City-owned real
15 property. The Project will provide necessary training facilities for effective firefighting,
16 including live-fire training, classroom training, equipment training, and other forms of training.
17 The Project will consolidate and replace the Fire Department training facilities currently
18 located at 649 Avenue N on Treasure Island and at 2310 Folsom Street.

19 ~~(e)~~ The Vacation Area is currently comprised of paper streets that are inaccessible to
20 the public. The steep grade of the Project site relative to the surrounding area has posed
21 challenges to the development of the paper streets into physical right-of-way. Development of
22 the paper streets is also unnecessary to provide access to the Project site or neighboring
23 sites, which are already served by Carroll Avenue. The Vacation Area will be incorporated
24 into the Project site.

1 (fe) On April 19, 2022, the Board approved the acquisition of various properties for the
2 Project in Resolution No. 162-22, a copy of which is on file with the Clerk of the Board of
3 Supervisors in Board File No. 220296.

4 (gf) On February 8, 2022, the Board adopted a Final Mitigated Negative Declaration
5 (“FMND”) and Mitigation Monitoring and Reporting Program (“MMRP”), and made findings
6 pursuant to the California Environmental Quality Act (California Public Resources Code
7 Sections 21000 et seq.) for the Project. A copy of Motion No. M22-016, the FMND, and
8 MMRP, is on file with the Clerk of the Board of Supervisors in File No. 220054.

9 (hg) Since the adoption of the FMND and the MMRP, Public Works, acting on behalf of
10 the Fire Department, has made several changes to the Project, including by expanding the
11 Project site area, changing the Project layout, adding structures, and reducing the heights of
12 certain previously proposed structures. In Addendum No. 1 to the FMND, the Planning
13 Department determined that the modifications to the Project will not result in any new
14 significant impacts or a substantial increase in the severity of previously identified significant
15 effects that would alter the conclusions reached in the FMND. The Planning Department also
16 determined that no new information has become available that shows that the modified project
17 would cause significant environmental impacts. Therefore, the Planning Department found
18 that no supplemental environmental review is required beyond Addendum No. 1 to the FMND.
19 A copy of this determination is on file with the Clerk of the Board in File No. 250824. The
20 Board affirms this determination.

21 (ih) In a letter dated October 22, 2025 (the “Planning Letter”), the Planning Department
22 determined that the proposed vacation and other actions contemplated herein are consistent,
23 on balance, with the General Plan and the priority policies of Planning Code, Section 101.1. A
24 copy of said letter is on file with the Clerk of the Board of Supervisors in File No. 250824 and
25

1 is incorporated by reference as though fully set forth herein. The Board adopts as its own the
2 consistency findings of the Planning Letter.

3 (j) In Public Works Order No. 212415, dated December 5, 2025, a copy of which is on
4 file with the Clerk of the Board in File No. 250824, the Director of Public Works and the City
5 Engineer (collectively, the “Public Works Director”) determined: (1) vacation of the Vacation
6 Area is being taken pursuant to California Streets and Highways Code, Sections 8300 et seq.
7 and Public Works Code, Section 787(a); (2) the Vacation Area is no longer necessary for the
8 City’s present or prospective future public street and sidewalk purposes; (3) in accordance
9 with Streets and Highways Code, Sections 892 and 8314, the right-of-way and parts thereof
10 proposed for vacation are not useful as a nonmotorized transportation facility, as defined in
11 Streets and Highways Code Section 887; (4) Public Works obtained the consent of all
12 property owners adjacent to the Vacation Area; (5) the Vacation Area presently contains
13 physical utility facilities owned and operated by the San Francisco Public Utilities Commission
14 including (i) a subsurface box culvert located within Hawes Street and Bancroft Avenue, (ii) a
15 subsurface sewer main located within and adjacent to Griffith Street, (iii) one communication
16 line in Bancroft Avenue, and (iv) maintenance hole and catch basins (collectively “SFPUC
17 Utilities”); and (6) the Vacation Area presently contains overhead electrical utility facilities
18 owned and operated by Pacific Gas and Electric (“PG&E Facilities”). A copy of the Public
19 Works Order is on file with the Clerk of the Board in File No. 250824. The Board adopts as its
20 own and incorporates by reference herein as if fully set forth, the recommendations of the
21 Public Works Director as set forth in Order No. 212415 concerning the vacation of the
22 Vacation Area and other actions in furtherance thereof.

23 (k) The Fire Department and the SFPUC have negotiated a memorandum of
24 understanding (“MOU”) to memorialize the agreement to preserve the SFPUC’s continued
25

1 access to the Project site for the use, maintenance, repair, and replacement of the SFPUC
2 Utilities. A copy of the MOU is on file with the Clerk of the Board in File No. 250824.

3 (k) From all the evidence submitted at the public hearing noticed in Resolution
4 No. 571-25 and the associated materials on file with the Clerk of the Board in File No. 250821,
5 the Board of Supervisors finds that the Vacation Area is no longer necessary for the City's
6 present or prospective future use as a public street, sidewalk, or nonmotorized transportation
7 facility.

8 ~~(m) The public interest and convenience require that the vacation be done as declared~~
9 ~~in Resolution No. _____.~~

10
11 Section 2. Ordering Street Vacation.

12 (a) The Board hereby vacates the Vacation Area, as shown on the SUR Map, pursuant
13 to California Streets and Highways Code, Sections 8300 et seq. and San Francisco Public
14 Works Code Section 787(a), and upon satisfaction of the terms, conditions, and reservations
15 as set forth in this ordinance.

11 open and free of buildings, structures, wells or other obstructions; provided, however, that the
12 City shall be authorized to construct a retaining wall, in coordination with PG&E, that will not

14 install a gate to restrict public access to the PG&E electric fFacilities, and further provided that
15 PG&E shall have access through such gate between the hours of 7 am and 4 pm, Monday

24 relocation of the PG&E Facilities, and/or the removal of the PG&E Facilities, with concurrence
25 of PG&E; or (ii) termination of the use of the PG&E Facilities to provide service to customers

1 through the PG&E Facilities; or (iii) City's acceptance for City maintenance and liability of a
