STATEMENT ON RETROACTIVITY

*Accept and Expend Grant - Retroactive -
Jobs for the Future Rapid Information Technology
Employment Initiative (RITEI) - \$179,000*

This request is retroactive because OEWD's Workforce Division received a \$179,000 increase to their existing RITEI contract. The Workforce Division initiated the accept and expend process following notification of the increase, which took effect before the division could secure accept and expend approvals from all required City departments.
