Funds Transfer Agreement Between the California Department of Transportation and the San Francisco Public Works

- 1.1 The California Department of Transportation (Caltrans) and the City and County of San Francisco (CCSF), through San Francisco Public Works ("SFPW") hereby enter into this Funds Transfer Agreement (Agreement) on the terms and conditions set forth below.
- 1.2 This Agreement is not valid until signed by both parties. This Agreement shall expire on SFPW's completion of its obligations under this Agreement but may be extended by amending this Agreement.

BACKGROUND

- 2.1 Section 19.569, subdivision of the Budget Act of 2023 (the Act) appropriated \$500,000 (the Funds) from the State General Fund to Caltrans, to be allocated to SFPW for the Havelock Pedestrian Bridge Safety Improvement Project (Project).
- 2.2 Caltrans determined the best method for allocation to ensure the funds are used for the purposes specified in Section 19.569 of the Act is a funds transfer agreement.
- 2.3 Havelock Avenue serves as the primary pedestrian corridor linking the City College of San Francisco campus with the Havelock Pedestrian Bridge, which provides critical access across Interstate 280. The current infrastructure presents challenges to pedestrian safety and accessibility, particularly for individuals with disabilities. The Havelock Pedestrian Bridge Safety Improvement Project is aimed at addressing these challenges by implementing improvements designed to enhance the safety and usability of the route for all users. The project is strategically located adjacent to the Caltrans right-of-way and in proximity to significant educational, transit, and recreational facilities, including the City College of San Francisco, the Balboa Park BART station, and Balboa Park. These improvements are essential to supporting the daily movements of students, faculty, and local residents, while also promoting safer, more accessible connections to public transit and recreational areas.

SCOPE OF WORK

- 3.1 The Funds provided under this Agreement will be used to implement infrastructure improvements along the Havelock Avenue corridor and its connection to the Havelock Pedestrian Bridge. Specifically, the project includes the construction of a new ADA-compliant sidewalk extending from the CCSF parking lot to the Havelock Pedestrian Bridge landing. The

Funds Transfer Agreement Between the California Department of Transportation
and the [San Francisco Public Works](#)

scope also encompasses the installation of new curb ramps with detectable surface tiles to ensure full ADA compliance, enhancing accessibility to key destinations, including the Balboa Park BART station and adjacent recreational facilities. The project will include the preparation and approval of necessary engineering plans, completion of required environmental documentation, and the execution of construction. The project limits extend from the CCSF parking lot to the Havelock Pedestrian Bridge landing. Acceptance criteria will include the successful completion and approval of all project deliverables, ensuring full compliance with ADA standards and the completion of all work within the specified project limits. Coordination with Caltrans, Recreation and parks, and City College of San Francisco will be required for access to the right-of-way and to secure necessary encroachment permits. The project's completion is anticipated to significantly improve the pedestrian experience, providing safer and more accessible routes for all users, particularly those accessing educational and transit facilities in the area. (Project).

- 3.2 [SFPW](#) shall only use Funds for the Project specified in the Act. [SFPW's](#) self-attestation verifying the intended use of funds shall be provided to the Department prior to the release of any funds.

FUNDING, COSTS, COST LIMITATION, & PAYMENT

- 4.1 The Funds will be encumbered within 2 days of the effective date of this Agreement. Pursuant to Section 19.569 of the Act, funds must be encumbered by June 30, 2025, and expended by June 30, 2027, or the funds will revert to the State's General Fund by operation of law.
- 4.2 Payments shall be made as authorized by Sections 19.569(a) of the Act, including, but not limited to the provisions noted below:
- a. Notwithstanding any other law, a designated state entity administering an allocation pursuant to this section may provide the allocation as an advance lump sum payment, and the allocation may be used to pay for costs incurred prior to the effective date of the act adding this paragraph.
 - b. Funding provided in this section shall not be used for a purpose subject to Section 8 of the Article XVI of California Constitution.
- 4.3 Within 30 days of expending all of the Funds or upon completion or termination of Project, whichever comes first, [SFPW](#) shall submit to Caltrans a Project Closeout Report. The Project Closeout Report at a minimum shall include LAPM Exhibit 17-M, photos of the completed project

Funds Transfer Agreement Between the California Department of Transportation
and the [San Francisco Public Works](#)

(including before photos if available), a description of completed Project component(s) and a description of project deliverables.

- 4.4 Any Project costs paid using the Funds that are determined by subsequent audit to be unallowable under 48 CFR, Part 31 or 2 CFR, Part 200, are subject to repayment by [SFPW](#) to Caltrans.
- 4.5 [SFPW](#) shall return any unspent Funds to Caltrans at the conclusion, completion, or termination of the Project.
- 4.6 Upon written demand by Caltrans, any overpayment to [SFPW](#) of amounts invoiced by Caltrans shall be returned to Caltrans.
- 4.7 Should [SFPW](#) fail to refund any moneys due Caltrans as provided herein or should [SFPW](#) breach this AGREEMENT by failing to complete Project without adequate justification and approval by Caltrans, then, within thirty (30) days of demand, or within such other period as may be agreed to in writing between the PARTIES, Caltrans, acting through the State Controller, the State Treasurer, the CTC or any other public entity or agency, may intercept, withhold and demand the transfer of an amount equal to the amounts paid by or owed to Caltrans for each Project, from future apportionments or any other funds due Public Works from the Highway Users Tax Fund or any other sources of funds, and/or may also withhold approval of future state-funded projects proposed by ADMINISTERING AGENCY.

What are PLBP Funds

- The California Legislature has authorized funding for Priority Legislative Budget Projects (PLBP). These projects have been authorized by State legislation. Caltrans is the authorizing agency for the proper distribution of the funding provided by this legislation.
- These funds are not part of an established state program or under the authority of the California Transportation Commission (CTC), unless specified in the legislation.

Legislation Language

*“Each allocation in this section includes a designated state entity that shall allocate the funds to the recipients identified in the paragraphs following each designation. The state entity shall determine the best method for allocation to ensure the funds are used for the purposes specified in this section. **Self-attestation** by receiving entity is an acceptable method of verification of the use of funds, if determined appropriate by the state entity.”*

Legislation Language

*“Notwithstanding any other law, a designated state entity administering an allocation pursuant to this section may provide the allocation as an **advance lump sum payment**, and the **allocation may be used to pay for costs incurred prior to the effective date** of the act adding this paragraph.”*

Caltrans' Approach

- Funds Transfer Agreement (FTA) to Self-Attest
- The FTA is the agreement necessary to transfer funds to Local Agencies
- Resolution must be on file
- Identify *project description and project scope* in the FTA
- Allocate as an upfront lump sum
- Assume project will be audited in the future
- No reporting requirements except for Project Close Out Report

Invoice

- Special PLBP Invoice template provided by Accounting
- Modified LAPM 5-A
- Submit invoice once FTA is executed

Deadlines

- Encumbrance and Expenditure deadlines set in legislation.
- There have been no deadlines to spend the funds once the *Local Agencies have the funds.*

Allocation Process

District Local Assistance Engineer (DLAE)

- Creates Project in LP2000, Project ID and AMS Advantage ID
- Works with Agencies to complete the Funds Transfer Agreement
- Reviews agreement for completeness and forwards to HQ Program Manager
- Reviews Invoice

Allocation Process

Headquarters Local Assistance

- Provide FTA template.
- Coordinate meetings with HQ, District Contact & Agency representative to resolve issues, answer questions & finalize the FTA on the Agency Side.
- Reviews draft FTA
- Coordinate final execution of FTA and encumbrance for funds
- Reviews Completion Report
- Interacts with Legislative Sponsors through Leg. Affairs

Allocation Process

Local Public Agency

- Works with the DLAEs and HQ to finalize the FTA
 - Signs FTA
 - Submits Resolution – Resolution gives person signing the FTA the authority to do so and to enter into an FTA
- Submits Invoice
- Submits Final Completion Report
 - Within 30 days of expending all of the Funds or upon completion or termination of Project, whichever comes first.

Commented [TC(1)]: @Sylvia – Should this refer to the "Grant Agreement"? I have not seen this document. We need to use consistent terminology.

Commented [SH2R1]: It is Fund Transfer Agreement

Funds Transfer Agreement Between the California Department of Transportation and the San Francisco Public Works

- 1.1 The California Department of Transportation (Caltrans) and the City and County of San Francisco (CCSF), through San Francisco Public Works ("SFPW") hereby enter into this Funds Transfer Agreement (Agreement) on the terms and conditions set forth below.
- 1.2 This Agreement is not valid until signed by both parties. This Agreement shall expire on SFPW's completion of its obligations under this Agreement but may be extended by amending this Agreement.

BACKGROUND

- 2.1 Section 19.569, subdivision of the Budget Act of 2023 (the Act) appropriated \$500,000 (the Funds) from the State General Fund to Caltrans, to be allocated to SFPW for the Havelock Pedestrian Bridge Safety Improvement Project (Project).
- 2.2 Caltrans determined the best method for allocation to ensure the funds are used for the purposes specified in Section 19.569 of the Act is a funds transfer agreement.
- 2.3 Havelock Avenue serves as the primary pedestrian corridor linking the City College of San Francisco campus with the Havelock Pedestrian Bridge, which provides critical access across Interstate 280. The current infrastructure presents challenges to pedestrian safety and accessibility, particularly for individuals with disabilities. The Havelock Pedestrian Bridge Safety Improvement Project is aimed at addressing these challenges by implementing improvements designed to enhance the safety and usability of the route for all users. The project is strategically located adjacent to the Caltrans right-of-way and in proximity to significant educational, transit, and recreational facilities, including the City College of San Francisco, the Balboa Park BART station, and Balboa Park. These improvements are essential to supporting the daily movements of students, faculty, and local residents, while also promoting safer, more accessible connections to public transit and recreational areas.

SCOPE OF WORK

- 3.1 The Funds provided under this Agreement will be used to implement infrastructure improvements along the Havelock Avenue corridor and its connection to the Havelock Pedestrian Bridge. Specifically, the project includes the construction of a new ADA-compliant sidewalk extending from the CCSF parking lot to the Havelock Pedestrian Bridge landing. The

Funds Transfer Agreement Between the California Department of Transportation and the [San Francisco Public Works](#)

scope also encompasses the installation of new curb ramps with detectable surface tiles to ensure full ADA compliance, enhancing accessibility to key destinations, including the Balboa Park BART station and adjacent recreational facilities. The project will include the preparation and approval of necessary engineering plans, completion of required environmental documentation, and the execution of construction. The project limits extend from the CCSF parking lot to the Havelock Pedestrian Bridge landing. Acceptance criteria will include the successful completion and approval of all project deliverables, ensuring full compliance with ADA standards and the completion of all work within the specified project limits. Coordination with Caltrans, Recreation and parks, and City College of San Francisco will be required for access to the right-of-way and to secure necessary encroachment permits. The project's completion is anticipated to significantly improve the pedestrian experience, providing safer and more accessible routes for all users, particularly those accessing educational and transit facilities in the area. (Project).

- 3.2 [SFPW](#) shall only use Funds for the Project specified in the Act. [SFPW's](#) self-attestation verifying the intended use of funds shall be provided to the Department prior to the release of any funds.

FUNDING, COSTS, COST LIMITATION, & PAYMENT

- 4.1 The Funds will be encumbered within 2 days of the effective date of this Agreement. Pursuant to Section 19.569 of the Act, funds must be encumbered by June 30, 2025, and expended by June 30, 2027, or the funds will revert to the State's General Fund by operation of law.
- 4.2 Payments shall be made as authorized by Sections 19.569(a) of the Act, including, but not limited to the provisions noted below:
- a. Notwithstanding any other law, a designated state entity administering an allocation pursuant to this section may provide the allocation as an advance lump sum payment, and the allocation may be used to pay for costs incurred prior to the effective date of the act adding this paragraph.
 - b. Funding provided in this section shall not be used for a purpose subject to Section 8 of the Article XVI of California Constitution.
- 4.3 Within 30 days of expending all of the Funds or upon completion or termination of Project, whichever comes first, [SFPW](#) shall submit to Caltrans a Project Closeout Report. The Project Closeout Report at a minimum shall include LAPM Exhibit 17-M, photos of the completed project

Funds Transfer Agreement Between the California Department of Transportation
and the [San Francisco Public Works](#)

(including before photos if available), a description of completed Project component(s) and a description of project deliverables.

- 4.4 Any Project costs paid using the Funds that are determined by subsequent audit to be unallowable under 48 CFR, Part 31 or 2 CFR, Part 200, are subject to repayment by [SFPW](#) to Caltrans.
- 4.5 [SFPW](#) shall return any unspent Funds to Caltrans at the conclusion, completion, or termination of the Project.
- 4.6 Upon written demand by Caltrans, any overpayment to [SFPW](#) of amounts invoiced by Caltrans shall be returned to Caltrans.
- 4.7 Should [SFPW](#) fail to refund any moneys due Caltrans as provided herein or should [SFPW](#) breach this AGREEMENT by failing to complete Project without adequate justification and approval by Caltrans, then, within thirty (30) days of demand, or within such other period as may be agreed to in writing between the PARTIES, Caltrans, acting through the State Controller, the State Treasurer, the CTC or any other public entity or agency, may intercept, withhold and demand the transfer of an amount equal to the amounts paid by or owed to Caltrans for each Project, from future apportionments or any other funds due Public Works from the Highway Users Tax Fund or any other sources of funds, and/or may also withhold approval of future state-funded projects proposed by ADMINISTERING AGENCY.

Assembly Budget Chair Phil Ting Secures \$20 Million In State Funding For San Francisco and Daly City

FOR IMMEDIATE RELEASE:

Monday, July 10, 2023

Asm Ting with Governor & Budget Consultant Christian Griffith After Budget Signing

A stronger care network, more bike lanes and additional cultural resources top the list of projects getting state funding as a result of the efforts of Assembly Budget Chair Phil Ting's (D-San Francisco), AB 102, signed by the Governor today, includes \$20 million that will help improve the lives of his constituents and beyond.

"While we have so many needs locally, I prioritized plans that help our most vulnerable residents, expand active transportation, and strengthen community because their impacts will be felt far and wide for years," said Ting. "These investments will not only make our neighborhoods stronger, but also ensure our communities are cleaner, safer, greener, and more equitable for those who live there."

- **Chinese Hospital/\$5M:** Interior renovations to provide up to 15 more beds for subacute patients
- **Golden Gate Institute/\$4.5M:** Historic building reconstruction so it can serve as a community hub in Japantown
- **Alcoholics Rehabilitation Association/\$2.5M:** Capital improvements for existing 47-bed home for recovering and sober addicts reintegrating into society
- **Richmond Residential Care Facility and Senior Center/\$2.1M:** Capital improvements to allow 15-bed assisted living facility with senior center on ground floor
- **Arguello Bikeway Upgrade Project/\$1.25M:** Protected bike lanes on Arguello Blvd.
- **Angel Island Immigration Station Foundation/\$1M:** Reconstruction of two Julia Morgan cottages destroyed by fire
- **Daly City Energy Storage/\$1M:** Energy storage from solar panels that will power War Memorial Building and City Hall
- **YBike San Francisco/\$1M:** More equipment for expansion of bike clubs at more locations within San Francisco Unified School District
- **San Francisco Be The Jury Pilot Program/\$650K:** Pilot program to pay low-income jurors \$100/day for service
- **Chinese Cultural Center/\$500K:** Renovation of a ground floor building to house displaced Chinese Cultural Center
- **Havelock Pedestrian Bridge/\$500K:** Access improvements to Havelock Pedestrian Bridge used by City College students, seniors and others

Since being elected to the Assembly in 2012, Ting has championed nearly \$540 million for various projects throughout San Francisco and northern San Mateo Counties.

Public Works Havelock Pedestrian Bridge – Sidewalk Improvements Project

Project Description

San Francisco Public Works proposes a project to construct approximately 370' of 6.5-foot-wide concrete sidewalk on the south side of Havelock St between the western landing of the Havelock Pedestrian Bridge and the entrance to a parking lot on the City College of San Francisco (CCSF) Campus west of the intersection with Edna Street. Sections of the sidewalk would narrow to 4.5-feet due to the presence of utilities and limitations of existing terrain. The project would also demolish and reconstruct three ADA curb ramps: one at the CCSF parking lot, and two at either side of the pedestrian crossing on Havelock St. at the bridge landing.

The location for the proposed sidewalk is an unpaved embankment with lengths of mesh fence, ornamental shrubs, and ruderal vegetation between the Havelock Street roadway and the adjacent City College tennis courts. The courts are between approximately 2.5-feet and 5-feet below the grade of the roadway depending on location. Project construction would require 180 days and excavate approximately 400 cubic yards of material to a maximum depth of 5-feet. No trees would be removed and only minor adjustment to existing utilities would be required. Construction equipment would include excavators, jumping jacks, concrete mixers, and hydroseed tank sprayers.

The project would excavate the entire project area on the south side of Havelock St. to a depth of approximately five feet and construct a new stabilized 1.0:1.1 slope using geogrid between 10" lifts of compacted soil. A 3.0-foot wide bench for maintenance access would be constructed at the foot of the slope, and a 2.5-foot bench at the top of slope graded to drain downslope. The slope face and benches would be finished with topsoil, either stockpiled before construction or imported, and compost, and be hydroseeded with a climate-appropriate native seed mix. The remainder of the new slope would be covered with a layer of compacted aggregate base on which the project would construct standard 3.5-inch thick concrete sidewalk, with 6-inch concrete curb with 2-foot-wide concrete gutter to City standards. The project would restore asphalt concrete wearing surface at the curb to match the existing roadway.

At curb ramp locations, the project would install new concrete curb ramps with detectable tiles, in combination with installing a combined 6-inch curb and 2-foot wide concrete gutter and installing new 3.5-inch concrete sidewalk around the curb ramp as needed to match existing. Existing curb ramps or existing sidewalk and curbs at street crosswalks would be demolished, and new ADA-compliant curb ramps will be constructed or reconstructed, with new curb, gutter, sidewalk and minimally regraded roadway (to meet ADA requirements for traversability) as needed. Maximum depth of excavation for curb ramps alone is approximately 8-inches.

SEC. 266. Section 21.00 of the Budget Act of 2023 is amended to read:

SEC. 21.00. The Department of Finance may delay until not later than March 1, 2024, the authority to expend any one-time funding provided in Section 2.00 of this act not sooner than 10 days after notification in writing to the chairpersons of the budget committees in both houses of the Legislature, the Joint Legislative Budget Committee, and the appropriate subcommittees in both houses of the Legislature. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 10-day period by written notification to the Department of Finance. This authority shall expire on March 1, 2024, unless extended in later legislation.

SEC. 267. Section 28.00 of the Budget Act of 2023 is amended to read:

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2023–24 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2024–25 fiscal year should be included in the administration's 2024–25 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that the director estimates will be received by the state during the 2023–24 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2023–24 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever the director determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) \$400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in the Medi-Cal program, California Work Opportunity and Responsibility to Kids (CalWORKs), and the Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2024.
