San Francisco, CA 94102-4089

RE: **Appeal of Environmental Review at 401 Main Street**  
**Hearing Date: January 9, 2018;**  
**Special Order--3:00 p.m.--Items 22-25 on Board's Agenda**  
**REQUEST FOR CONTINUANCE**

Dear President Breed and Clerk of the Board Calvillo:

This office represents the Portside Homeowners Association, Appellant in the above entitled matter. The Appeal concerns the categorical exemption granted to the placement of a wireless service facility adjacent to the Portside building at 401 Main Street. On Wednesday, January 3, the parties met at the site to discuss other, viable alternatives to the current site.

Following our meeting the parties have agreed to request that the Board continue this matter until February 27, 2018, to give the parties time to further discuss the matter and determine if a new site may be selected. The Project Sponsor ExteNet has agreed to this continuance and we would appreciate the Board's assistance.

VERY TRULY YOURS,

STEPHEN M. WILLIAMS

CC: Portside Home Owners Association  
Joseph Camicia, External Relations Manager, ExteNet Systems  
Barbara Lopez, Leg. Aide to Supervisor Jane Kim
