Thank you for your email Brent! Please include this explanation below in the legislative file. I will coordinate with my team so one of us can be available on teams, if you think that it's necessary? And if so, when is your best guess of when this item would be heard?

Why this item is retroactive:

The item is retroactive because appropriation authority was obtained thru the AAO process for FY22-23. The Resolution is thus not to seek that appropriation authority, but for the sole purpose of meeting the grantor's need for formal acceptance by the Board of Supervisors. Therefore, to align the budget authority through the AAO to this Resolution, it's considered retroactive.

Thank you!  
Carolyn

**Subject:** Board File No. 220973 - Accept and Expend Grant - Retroactive - California Board of State and Community Corrections - Public Defense Pilot Program - \$1,194,950

Good morning,

The following item was heard in the Budget & Finance Committee on October 26, 2022, and forwarded to the full Board for November 1, 2022:

- **File No. 220973** - Accept and Expend Grant - Retroactive - California Board of State and Community Corrections - Public Defense Pilot Program - \$1,194,950

This legislation authorizes "retroactive" approval. Due to the full Board's concerns regarding "retroactive" approvals, please make sure you - or a department representative - will be in attendance to answer any questions or concerns when the full Board considers these matters.

If you would like to include additional written explanation regarding the "retroactive" approval, please forward to me and I will disseminate to the Members and include in the legislative file.

Thank you for your continued collaboration on the legislative process.

Regards,

**Brent Jalipa**
