Comments:
-rearrangeable

The pattern creates connectivity but it's unique like a mosaic. It's impossible to connect all blocks.

Comments:
-people haven't seen it before, creates discussion
-creative gesture

This is interesting. I love this idea. Never seen this before. Would enjoy creating.

Comments:
- can be done on all blocks
-love ones feel alive

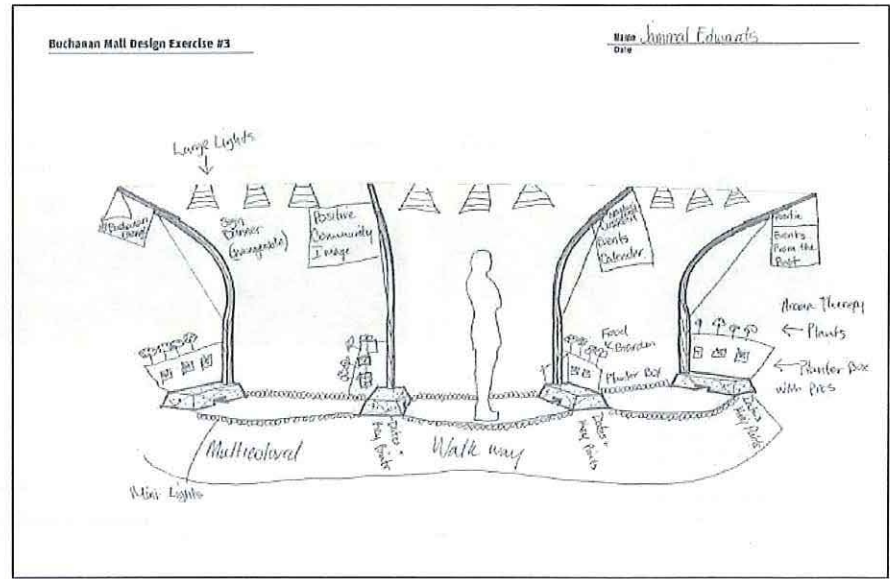

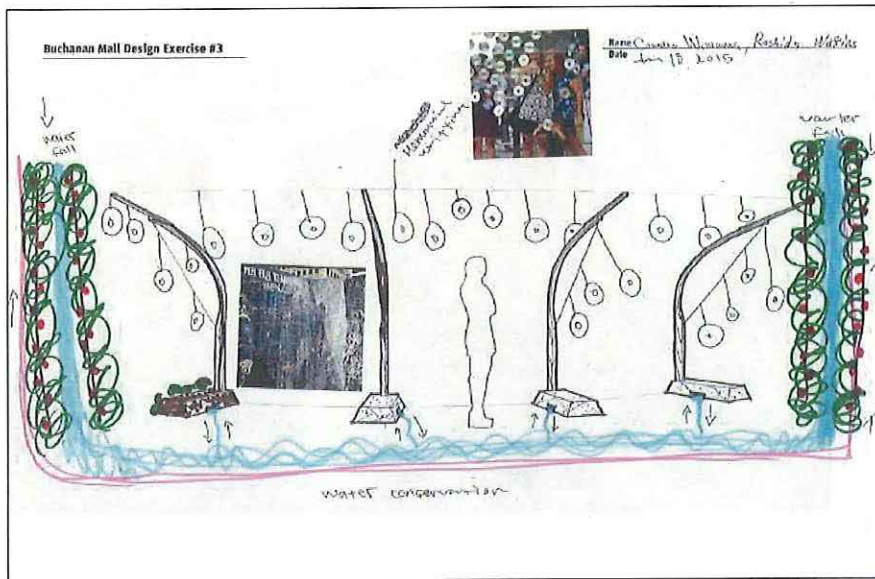

This is an idea we can get on immediately. It could really make a difference. It keeps the look nice and the colors are bright. Makes it feel like a park.

Comments:
-it's fun and colorful
-gives kids on route

Community involvement. The approach would bring connects all blocks creates life in the mall.
