9 to the City Administrator, or Hearing Officer appointed by the City Administrator, for a *de novo*

11 opportunity to be heard, the City Administrator's or Hearing Officer's decision shall be the  
12 City's final administrative decision on the matter. Unless the City Administrator or Hearing  
13 Officer issues an order to the contrary, the Director's determination shall not be stayed during  
14 the appeal process.

15 **SEC. 14B.5. PUC-LBE CERTIFICATION.**

16 (A) **PUC-LBE Certification.** In order to increase the ability of small businesses that  
17 are located within the PUC water system service area but outside of the jurisdictional  
18 boundaries of San Francisco to compete for PUC Regional Contracts, the Director shall certify  
19 businesses as PUC-LBEs, including as either Small-PUC-LBEs or Micro-PUC-LBEs, and as

6 certified as PUC-MBEs or PUC-WBEs. PUC-LBEs that do not demonstrate qualifying  
7 ownership and control by minority persons or women shall be certified as PUC-OBEs.

9 end that firms certified as PUC-LBEs shall be similarly situated to LBEs to the extent  
10 practicable, taking into account the special circumstances of their location and the needs of  
11 the PUC Regional Projects.

12 (B) **PUC Small Firm Advisory Committee.** There is hereby established a PUC  
13 Small Firm Advisory Committee as follows:

14 (1) The PUC Small Firm Advisory Committee shall have five ~~(5)~~ members who  
15 shall be appointed by the PUC General Manager to represent the interest of individuals and

22 responsibilities;

23 (b) To assist the Director in verifying the eligibility for certification of PUC-LBE

25

1 ensure that applications for PUC-LBE certification undergo substantially the same scrutiny as  
2 applications for other LBE certification;

3 (c) To outreach to the business community about PUC-LBE certification and  
4 contracting opportunities and to provide information to the Director regarding the availability of  
5 potential PUC-LBEs;

6 (d) To receive reports from the City, to publicly discuss, and make  
7 recommendations for rules and procedures regarding the implementation of this Chapter 14B  
8 for PUC regional projects to the Director and the PUC;

9 (e) To make recommendations to the SFPUC General Manager to study the  
10 feasibility of additional programs that will increase the participation of eligible firms for the  
11 regional program; and;

12 (f) To provide status reports on the Advisory Committee's activities to the  
13 SFPUC General Manager and the Director.

14 (3) The PUC Small Firm Advisory Committee shall establish bylaws, rules and/or  
15 regulations for the conduct of its business. Administrative assistance and staffing for the PUC  
16 Small Firm Advisory Committee shall be provided at the discretion of the PUC.

18 Section 14B.5(B)(2), the Director shall have the authority over the implementation of this  
19 Chapter 14B for PUC Regional Projects to the same extent as all other Bids, proposals, and  
20 Contracts subject to the Chapter.

21 (C) **PUC-LBE Status.** Except as provided in Subsection 14B.5(D), PUC-LBEs shall  
22 have the status of LBEs for all purposes of this Chapter 14B for construction, specialty

24 and professional services including architectural and engineering for PUC Regional Projects.

1 PUC-LBEs shall not have the status of LBEs for PUC Regional Contracts for general services  
2 or for any other Bid, proposal, or Contract subject to this Chapter.

3 (D) **Bid Discount Exception.** For PUC Regional Projects that will be performed  
4 exclusively 70 miles or more beyond the jurisdictional boundaries of San Francisco and for  
5 which no cost will be shared by members of BAWSCA, Contract Awarding Authorities shall  
6 only apply Discounts to Bids from PUC-LBEs for the purpose of determining the apparent  
7 highest ranked proposal or the apparent lowest Bid where application of the Discount will not  
8 adversely impact the ranking for negotiation or award process of a Bid submitted by any  
9 Micro-LBE, Small-LBE, or SBA-LBE certified under Section 14B.3. For Water System  
10 Improvement Program projects, and projects outside of the jurisdictional boundaries of San  
11 Francisco where all or some cost is shared by members of BAWSCA, PUC-LBEs shall have  
12 the same status as LBEs.

13 **SEC. 14B.6. NON-PROFIT LBE CERTIFICATION.**

14 (A) ~~Notwithstanding~~ Notwithstanding any other provisions of this Chapter 14B, in order  
15 to increase the ability of small, local non-profit enterprises to compete for City Contracts on an

17 enterprises that meet all of the following criteria:

18 (1) The non-profit is financially and operationally independent from, and operates  
19 at arm's length to, any other non-profit or for-profit enterprise.

21 (3) The non-profit is a California Nonprofit Organization that is both

1           (4) The non-profit performs a Commercially Useful Function. In the case of non-  
2 profits, the Commercially Useful Function may be related or unrelated to its stated charitable  
3 mission. The tax, or other implications, including forfeiture of tax-exempt status, that a certified  
4 non-profit may incur for engaging in substantial business operations unrelated to its charitable  
5 mission are solely the responsibility of the non-profit and not a ~~criteria~~criterion for certification  
6 hereunder.

7           (5) The non-profit maintains its principal place of business in a fixed office within  
8 the geographic boundaries of the City.

9           An office is a fixed and established place of business, including a qualified home

16 following constitutes an office: a post office box, a temporary location, a movable property, a  
17 location that was established to oversee a project such as a construction project office, or  
18 work space provided in exchange for services, as opposed to monetary rent.

19           To establish a principal place of business in San Francisco, a non-profit must  
20 demonstrate that the majority of its paid and volunteer staff are based in the San Francisco  
21 office.

22           Suppliers must maintain a warehouse in the City that is continuously stocked with  
23 inventory consistent with their certification. Truckers must park their registered vehicles and  
24 trailers within the City.

1 (6) The non-profit has applicable current filings with State and Federal agencies,  
2 including the California Attorney General (Form RRF-1), the California Franchise Tax Board  
3 (Forms 199 and 109), the California Secretary of State (Form S1-100) and the Internal  
4 Revenue Service (Form 990).

5 (7) The non-profit has been located and doing the same type of business activity  
6 as the type(s) for which certification is sought in San Francisco for at least six months  
7 preceding the application for certification.

8 (8) The non-profit has staff under continuous contractual commitment with  
9 licenses or other relevant trade or professional certifications, or, where licensing is not  
10 required, relevant training and experience that are appropriate for the type of business for  
11 which the non-profit seeks certification.

12 (9) The Board of Directors or other governing body of the non-profit consists  
13 exclusively of individuals who reside in the United States or its territories.

14 (10) The non-profit has average gross annual receipts in the prior three fiscal  
15 years that satisfy the criteria set forth in ~~either~~ Section 14B.3(B) ~~or 14B.3(C)~~.

16 (11) (a) Full time City employees, if any, who serve on the Board of Directors or  
17 other governing body of the non-profit shall not constitute a majority of the membership of  
18 such body or be capable of exercising a controlling number of votes for such body; ~~and~~

19 (b) any non-profit that includes any full time City employees on its Board of  
20 Directors or other governing body shall be ineligible for award, as a prime Contractor or  
21 Subcontractor, of any Contract to be awarded by, and/or overseen by, the City Department or  
22 entity that employs such Board or other governing body member.

23 (B) Only firms with average gross annual receipts in the prior ~~five~~<sup>three</sup> fiscal years  
24 that meet the requirements of Section 14B.3(B) ~~or Section 14B.3(C)~~ for Small-LBEs or Micro-  
25 LBEs, respectively, may be certified as Non-profit Small-LBEs or Non-profit Micro-LBEs. The

1 Director shall determine gross receipts according to recognized accounting methodologies  
2 that the Director determines most accurately reflect the actual money that the non-profit  
3 received or was entitled to receive during the relevant period.

4 (C) **Certification as OBE.** All Non-profit LBEs shall be certified as OBEs. Non-  
5 profits shall not be eligible for certification as MBEs or WBEs. Non-profit LBEs shall have the  
6 status of LBEs for all purposes of this Chapter 14B, including but not limited to Bid Discounts  
7 and subcontracting participation credit.

8 (D) **Additional Requirements.** Certification of Non-profit LBEs shall be subject to  
9 such requirements, if any, that the City Administrator shall by rule adopt, to the end that  
10 eligibility requirements for certification for Non-profit LBEs shall conform to eligibility  
11 requirements for certification *for* for-profit LBEs to the extent practicable taking into  
12 consideration the differences in their ownership and operational structures.

13 **SEC. 14B.7 PRIME CONTRACTS.**

14 (A) **Good Faith Efforts by Awarding Authorities to Obtain LBE Bids on Prime**  
15 **Contracts.** Contract Awarding Authorities shall use good-faith efforts for all Contracts subject  
16 to the Discount provisions of this Chapter 14B to solicit and obtain Bids from the broadest  
17 possible diversity of LBEs and to ensure that MBEs, WBEs, and OBEs are not arbitrarily  
18 excluded from participation. Good faith efforts shall include the following:

19 (1) Arranging Contracts by size and type of work to maximize the opportunities for  
20 LBEs to participate. This includes dividing projects into smaller parts.

21 (a) As soon as practical before soliciting Bids, Contract Awarding Authorities  
22 shall submit Large Contract Proposals to the Director for review. The Director shall determine  
23 whether the proposed Contract can be divided into smaller Contracts so as to enhance the  
24 opportunity for participation by LBEs. For purposes of this paragraph, "Large Contract  
25 Proposals" means any Public Works/Construction Contract estimated to cost more than

1 \$5,000,000, any Professional Services Contract estimated to cost more than \$1,000,000, and  
2 any Commodities Contract with a term greater than one year, including any options to renew  
3 or extend.

4 (b) If the Director determines, after consulting with the Contract Awarding  
5 Authority, that the Contract can be divided into smaller Contracts, then the Director and the  
6 Contract Awarding Authority shall confer regarding all of the costs and benefits of soliciting the  
7 Contract as a single Contract or dividing it into smaller Contracts, including but not limited to  
8 the potential for enhanced opportunities for LBE participation as Prime Contractors, the  
9 potential for LBE participation as Subcontractors, suitability of procuring the work through  
10 Micro-LBE Set-Aside under Section 14B.7(K), relative costs, administrative issues, and any  
11 other matters relevant to the accomplishment of the purpose of the subject Contract or  
12 Contracts. If, after exchanging information and conferring regarding these issues, the Contract  
13 Awarding Authority and the Director are unable to agree on whether to divide the Contract into  
14 smaller Contracts or how to divide the Contract, the Mayor or the Mayor's designee, provided  
15 that the designee is not the department head of the Contract Awarding Authority, shall resolve  
16 the matter.

17 (2) Outreaching to all LBEs with appropriate certifications for the work or services  
18 to be performed to solicit their interest in specific contracting opportunities when not  
19 impracticable to do so, and encouraging LBEs to attend prebid meetings.

20 (3) Posting contracting opportunities on the Department, Office of Contract  
21 Administration, and/or other centralized City website, as applicable, with adequate lead time  
22 for LBEs to effectively respond to the opportunity.

23 (4) Providing all Bidders, including LBEs, access to adequate information about  
24 the plans, specifications, and requirements of the proposed Contract.

25

1 (5) Using the services of community and contractors' groups to assist in the  
2 recruitment of LBEs.

3 (6) For Professional Services, General Services, Architect/Engineering and  
4 Commodities Contracts, the estimated cost of which exceeds \$10,000 but is less than the  
5 Minimum Competitive Amount, or for Public Works/Construction Contracts, the estimated cost  
6 of which exceeds \$10,000 but is less than the Threshold Amount, Contract Awarding  
7 Authorities are not required to undertake the good faith efforts steps set forth in Section  
8 14B.7(A)(3) when it is impracticable to do so.

9 (B) **Best Efforts on Contracts Not Otherwise Subject to this Chapter.** Contract  
10 Awarding Authorities shall adopt the same good faith efforts set forth in Section 14B.7(A) for  
11 the award of leases, franchises, concessions, and other Contracts not subject to the Discount  
12 provisions of this Chapter *14B*, unless impracticable to do so. At a minimum, Contract  
13 Awarding Authorities shall notify LBEs that are certified to perform the work contemplated in a  
14 Contract and solicit their interest in the Contract. *For Contracts with mixed local and federal*  
15 *and/or State funding subject to Section 14B.18(A) where the federal or State laws, rules, or regulations*  
16 *prevent the implementation of LBE preference programs, Contract Awarding Authorities are*  
17 *encouraged to the extent feasible to break up or create distinct portions of work, as applicable, to*  
18 *isolate any local funds so as to maximize the ability to implement this Chapter 14B's programs.*

19 (C) **Equal Opportunity in Prime Contracting.** Contract Awarding Authorities shall  
20 ensure that all aspects of their contracting process are transparent, fair, and do not arbitrarily  
21 disadvantage or discriminate against LBEs or any other business or Person on any basis  
22 prohibited by law. Contract Awarding Authorities shall document their selection processes as  
23 required by the Director to monitor and ensure compliance with this provision. The Director  
24 shall report any contracting process by a Contract Awarding Authority that the Director  
25 believes may be discriminatory in nature to the Human Rights Commission.

1 (D) **Contracts Subject to Prime Bid Discounts.** Contract Awarding Authorities  
2 shall apply Discounts to all Contracts the estimated cost of which exceeds \$10,000 and is less  
3 than \$10,000,000, except that the Bid Discount provisions applicable to SBA-LBEs shall apply  
4 only to Contracts (other than Commodities Contracts) with an estimated cost of no less than  
5 \$400,000 and no greater than \$20,000,000, and to Commodities Contracts with an estimated  
6 cost of no less than \$400,000 and no greater than \$10,000,000. Discounts shall apply to Bids  
7 from LBE Prime or Joint Ventures only where the LBE Prime or Joint Venture Partner will  
8 perform a Commercially Useful Function on the Contract. A LBE Prime or Joint Venture  
9 whose Bid receives a Discount and who thereafter fails to perform a Commercially Useful  
10 Function under the Contract at least equivalent in scope and value to the role represented in  
11 its Bid documents may be subject to sanctions as set forth in Section 14B.17(D) for  
12 noncompliance with this Chapter 14B.

13 (E) **Amount of Discount.** Unless otherwise provided in this Chapter 14B, Contract  
14 Awarding Authorities shall apply the following Discounts to each evaluation stage of the  
15 selection process, including qualifications, proposals, and interviews:

16 (1) For Contracts estimated by the Contract Awarding Authority to cost in excess  
17 of \$10,000 but less than \$10,000,000, a ~~ten percent (10%)~~ Discount to any Bid from a Small or  
18 Micro-LBE. If after the application of the Discounts provided for in this Subsection 14B.7(E)(1)  
19 or Subsection 14B.7(F) to any Bid from a Small or Micro-LBE, the apparent low Bidder or  
20 highest ranking Proposer is not a Small or Micro-LBE, Contract Awarding Authorities shall  
21 apply a 5% Discount to any Bid from an SBA-LBE. Contract Awarding Authorities shall apply  
22 this five ~~percent (5%)~~ Discount to Contracts, except that the ~~five percent (5%)~~ Discount for SBA-  
23 LBEs shall not be applied at any stage if it would adversely affect a Small or Micro-LBE.

24 (2) For Contracts estimated by the Contract Awarding Authority to cost in excess  
25 of \$10,000,000 but less than \$20,000,000, a ~~two percent (2%)~~ Discount to any Bid from a

1 Small, Micro, or SBA-LBE for Public Works/Construction, Architect/Engineering, Professional  
2 Services, or General Services Contracts. Bids from Small, Micro, or SBA-LBEs for  
3 Commodities Contracts in excess of \$10,000,000 are not eligible for the Discount.

4 (F) **Joint Ventures For Professional Services and Architect/Engineering.**

5 Unless otherwise provided in this Chapter 14B, for Contracts estimated by the Contract  
6 Awarding Authority to cost in excess of \$10,000 but less than \$10,000,000, Contract Awarding  
7 Authorities shall apply the following Discount to Bids from Joint Ventures with a Small and/or  
8 Micro-LBE Joint Venture partner participation on Professional Services and  
9 Architect/Engineering prime Contracts:

10 (1) ~~five percent (5%)~~ to a Joint Venture with Small and/or Micro-LBE Prime  
11 Contractor participation that equals or exceeds ~~thirty-five percent (35%)~~ but is under ~~forty~~  
12 ~~percent (40%)~~;

13 (2) ~~seven and one-half percent (7.5%)~~ to a Joint Venture with Small and/or Micro-  
14 LBE Prime Contractor participation that equals or exceeds ~~forty percent (40%)~~;

15 (3) ~~ten percent (10%)~~ to a Joint Venture exclusively among Small and/or Micro-LBE  
16 Prime Contractors.

17 (4) Contract Awarding Authorities shall apply the Discount to each stage of the  
18 selection process, including qualifications, proposals, and interviews.

19 (5) The Contract Awarding Authority shall apply the Discount described in this  
20 subsection (F) only to Bids from Joint Ventures, as defined in this Chapter 14B and its duly  
21 promulgated Rules and Regulations, on Professional Services and Architect/Engineering  
22 Contracts, and only to those Joint Venture Bids where the Director finds that the Small and/or  
23 Micro LBE Joint Venture partner (a) will be responsible for, and has sufficient skill, experience,  
24 and financial capacity to perform a clearly defined portion of the work, and (b) shares in the  
25 Ownership, Control, management responsibilities, risks, and profits of the Joint Venture at

1 least in proportion to the value of its assigned Joint Venture work. The Joint Venture's Bid  
2 must set forth in detail the Small and/or Micro-LBE Joint Venture partner's portion of the work  
3 separately from the work to be performed by the non-LBE Joint Venture partner, and such  
4 work must be assigned a commercially reasonable dollar value.

5 (G) **Affidavit.**

6 (1) Each Bidder and Contractor shall be required to sign an affidavit declaring  
7 under penalty of perjury its intention to comply fully with the provisions of this Chapter 14B and  
8 attesting to the truth and accuracy of all information provided regarding such compliance.

9 (2) Any Bidder that fails to comply with the provisions of this Chapter 14B in  
10 connection with the submission of a Bid may be subject to appropriate sanctions under  
11 Section 14B.17(D) whether or not such Bidder is awarded a Contract.

12 (3) No person shall knowingly make, file or cause to be filed with the City any  
13 materially false or misleading statement or report in connection with this Chapter 14B. If the  
14 Director has reason to believe that any person has done so, the Director may conduct an  
15 investigation, and after notice and a full and adequate opportunity to be heard, may impose  
16 appropriate sanctions under Section 14B.17(D), or the Director may refer the matter to an  
17 appropriate governmental law enforcement agency.

18 (H) **Additional Requirements.**

19 (1) Each Contract subject to this Chapter 14B shall incorporate by reference, and  
20 require the Contractor to comply with, the requirements imposed on Contractors therein. In  
21 addition, all Contractors shall incorporate by reference in all subcontracts entered into in  
22 fulfillment of a Contract's subcontracting participation requirement, and require Subcontractors  
23 to comply with, all requirements applicable to Subcontractors under Chapter 14B. The  
24 Contractor's compliance with Chapter 14B and Contractor's duty to impose specified  
25

1 requirements in specified Subcontracts are material elements of the City's agreement to enter  
2 into the Contract and failure to comply shall constitute a material breach of contract.

3 (2) If the Director finds that any Bidder, Subcontractor or Contractor fails to comply  
4 with any of the provisions of this Chapter 14B, rules and regulations implementing the  
5 Chapter, or Contract provisions pertaining to any LBE, LBE participation, or outreach, such  
6 Bidder, Subcontractor, or Contractor shall be liable for liquidated damages for each Contract  
7 in an amount unequal to the Bidder's or Contractor's net profit on the Contract, ten percent  
8 25%(10%) of the total amount of the Contract or subcontract, as applicable, or \$1,000, whichever  
9 is greatest, as determined by the Director. The liquidated damages assessed shall be payable  
10 to the City upon demand and may be set off against any monies due to the Bidder,  
11 Subcontractor, or Contractor from any Contract with the City. Such willful failure to comply with  
12 any provisions of this Chapter 14B and the subsequent penalty shall be included in the Contractor's  
13 evaluation report upon completion of the project, if such evaluation is collected.

14 (3) Contractors and Subcontractors shall maintain all records, including but not  
15 limited to such information specified by the Director, necessary for monitoring their  
16 compliance with the duties imposed on Contractors under this Chapter 14B, for five (~~5~~) years  
17 following expiration of the Contract, or, as applicable, Subcontract, and shall permit the City to  
18 inspect and audit such records.

19 (4) During the term of the Contract, Prime Contractors shall fulfill the LBE  
20 participation commitments stated in their Bids and memorialized in their Contracts. A  
21 Contractor's failure to achieve the level of LBE subcontractor participation specified in the  
22 Contract shall be deemed a material breach of contract.

23 (5) Prime Contractors shall include in all Subcontracts with a LBE a provision  
24 requiring the Prime Contractor to compensate the LBE Subcontractor for damages for breach  
25 of contract or liquidated damages equal to 5% of the Subcontract amount, whichever is

1 greater, if the Prime Contractor fails to use the LBE Subcontractor as specified in the Bid and  
2 Contract unless the Director and the Contract Awarding Authority both give advance approval  
3 to the Prime Contractor to substitute the LBE Subcontractor or otherwise modify the LBE  
4 commitments in the Bid and Contract documents. It shall be a material breach of contract for a  
5 Prime Contractor to fail to include such clause in all Subcontracts with LBEs. This provision  
6 shall also state that it is enforceable in a court of competent jurisdiction.

7 (6) Whenever amendments, modifications, supplements, or change orders  
8 increase the total dollar value of the Contract, the Prime Contractor must comply with those  
9 provisions of this Chapter 14B that applied to the original Contract with respect to the  
10 amendment, modification, supplement, or change order.

11 (7) Contract Awarding Authorities shall submit to the Director for approval all  
12 proposed Contract amendments, modifications, supplements, and change orders that  
13 cumulatively increase by more than ~~twenty percent (20%)~~ the total dollar value of all Contracts  
14 originally valued at \$50,000 or more. The Director shall impose or increase the Subcontracting  
15 participation requirement as necessary to reflect additional opportunities for LBE participation  
16 from the proposed amendment, modification, supplement, or change order as appropriate.

17 (8) Prime Contractors and Subcontractors may not engage in any Back  
18 Contracting or other work shifting to a lower-tier Subcontract to evade using LBE  
19 Subcontractors to perform work or for any other purpose inconsistent with the provisions of  
20 this Chapter 14B, or rules and regulations adopted pursuant to this Chapter.

21 (9) **Prompt Payment.** For the duration of any Contract subject to LBE participation  
22 requirements, the Prime Contractor shall:

23 (a) Pay its Subcontractors within three working days after receiving payment  
24 from the City unless the Prime Contractor notifies the Director in writing within ten ~~(10)~~ working  
25 days prior to receiving payment from the City that there is a bona fide dispute between the

1 Prime Contractor and the Subcontractor, in which case the Prime Contractor may withhold the  
2 disputed amount but shall pay the undisputed amount. The Director may, upon making a  
3 determination that a bona fide dispute exists between the Prime Contractor and  
4 Subcontractor, waive this three-day payment requirement. In making the determination as to  
5 whether a bona fide dispute exists, the Director shall not consider the merits of the dispute.  
6 The Prime Contractor shall submit within 10 working days following receipt of payment from  
7 the City, a statement, in a form specified by the Director, attesting that ~~he or she~~ the Prime  
8 Contractor has paid all Subcontractors all undisputed amounts from previous City payments;  
9 and

10 (b) Include its Subcontractor's approved payment requests in any payment application  
11 to the City within 30 days of receiving an invoice from an LBE subcontractor.

12 (I) Reserved.

13 (J) **Waivers.** The Director shall waive the Discount provided in Section 14B.7(D),  
14 and post all approved waivers online on a CMD website, if:

15 (1) The Director finds, with the advice of the Contract Awarding Authority and the  
16 Office of Contract Administration, that needed goods or services are available from a sole  
17 source that is not currently disqualified from doing business with the City; or

18 (2) For Contracts in excess of \$5,000,000, a Contract Awarding Authority  
19 establishes that sufficient qualified LBEs capable of providing the needed goods and services  
20 required by the Contract are not available, or the application of the LBE Discount will result in  
21 significant additional costs to the City if the waiver of the Bid Discount is not granted.

22 (K) **Micro-LBE Set-Aside Program.**

23 (1) Each fiscal year, each Contract Awarding Authority, in consultation with the  
24 Director, shall set aside the following for award to Micro-LBEs:

25 (a) Not less than 50% of eligible Public Work/Construction Contracts and

1 (b) Not less than 25% of Eligible Services/Commodities Contracts.

2 (2) Contracts under the Micro-LBE Set-Aside Program shall be competitively  
3 awarded in accordance with the Administrative Code, except that if (a) fewer than two  
4 qualified Micro-LBEs submit Bids, or (b) the Contract Awarding Authority determines that the  
5 Contract would not be awarded at a fair market price, then the Contract Awarding Authority  
6 may reject all Bids and rebid the Contract outside the set-aside program.

7 (3) Each Contract Awarding Authority shall include the following information  
8 concerning its compliance with the Micro-LBE Set-Aside Program to the Board of Supervisors  
9 as part of its annual report under Section 14B.15(B):

10 (a) Each Eligible Public Works/Construction Contract and, each Eligible  
11 Services/Commodities Contract awarded under the Micro-LBE Set-Aside Program, and its  
12 dollar amount; and

13 (b) Each Eligible Public Works/Construction Contract and each Eligible  
14 Services/Commodities Contract not awarded under the Micro-LBE Set-Aside Program,  
15 accompanied by an explanation as to why each such Contract either was not set aside, or, if  
16 set aside, was not awarded under the Micro-LBE Set-Aside Program.

17 (4) Contracts that are set-aside for award to Micro-LBEs shall not be subject to the  
18 subcontracting participation requirement under Section 14B.8. Micro-LBEs that subcontract  
19 any portion of a set-aside Contract should subcontract to businesses certified as Micro-LBEs,  
20 to the maximum extent possible. Micro-LBEs that subcontract any portion of a set-aside  
21 Contract must serve a Commercially Useful Function based on the Contract's scope of work,  
22 and must perform work directly with a value of at least ~~twenty-five percent (25%)~~ of the total  
23 Contract amount.

24 (L) **San Francisco First Program.**

25

1 (1) Unless otherwise provided in this Chapter 14B, Contract Awarding Authorities  
2 shall use the good faith efforts set forth in Section 14B.7(A) to attempt to obtain at least three  
3 Bids from Micro or Small LBEs for all Public Works/Construction Contracts estimated to cost  
4 in excess of \$10,000 but less than the Threshold Amount and all Commodities,  
5 Architect/Engineering, Professional Services, and General Services Contracts estimated to  
6 cost in excess of \$10,000 but less than the Minimum Competitive Amount.

7 (2) If the Contract Awarding Authority is unable to obtain at least three Bids from  
8 Micro or Small LBEs, the Contract Awarding Authority shall prepare a written finding  
9 explaining why at least three Bids from LBEs were not obtained.

10 (M) **Prompt payment.** The City shall pay LBE Prime Contractors within ~~thirty~~(30)  
11 days of the date on which the City receives an invoice for work performed for and accepted by  
12 the City.

13 (N) **Best Value Public Works Contract Discounts.** For Contracts authorized  
14 under Administrative Code Section 6.74, Contract Awarding Authorities shall apply the  
15 applicable Discount to the price or cost portion of the Bid only. No Discount shall apply to the  
16 qualifications portion of the solicitation.

17 **SEC. 14B.8. SUBCONTRACTING.**

18 (A) **LBE Subcontracting Participation Requirements.** Prior to soliciting Bids,  
19 Contract Awarding Authorities shall provide the Director with a proposed job scope for each  
20 (1) Public Works/Construction Contract that equals or exceeds ~~fifty percent~~(50%) of the  
21 Threshold Amount, and (2) each Architect/Engineering, Professional Service, and General  
22 Services Contract that equals or exceeds ~~fifty percent~~(50%) of the Minimum Competitive  
23 Amount. The Contract Awarding Authority may ask the Director to waive LBE subcontracting  
24 participation requirements where it anticipates that there are no subcontracting opportunities  
25

1 or there are not sufficient LBEs available to perform the subcontracting work available on the  
2 Contract.

3 The Director shall set LBE subcontracting participation requirements, *including*  
4 *separate Micro-LBE, Small-LBE, and SBA-LBE subcontracting participation requirements when*  
5 *possible*, for each such Contract, where appropriate, based on the following factors:

6 (1) The extent of subcontracting opportunities presented by the scope of the  
7 proposed Contract; and

8 (2) The availability *and capacity* of LBE Subcontractors certified to provide goods  
9 and services required under the scope of the proposed Contract.

10 Except where the Director determines there are not sufficient Small and Micro-  
11 LBEs available to perform the subcontracting opportunities presented by the scope of the  
12 proposed Contract, Bidders must list and use only Small and Micro-LBEs to satisfy the LBE  
13 subcontracting participation requirement set by the Director. Where the Director determines  
14 that there are not sufficient Small and Micro-LBEs available, the Director may authorize  
15 Contractors to satisfy the LBE subcontractor participation requirement by using Small, Micro  
16 or SBA-LBEs, or may set separate subcontractor participation requirements for Small ~~and~~  
17 Micro ~~LBEs~~, and ~~for~~ SBA-LBEs. For each Contract where the Director sets a LBE  
18 subcontracting requirement at less than ~~twenty percent~~ 20%, the Director shall prepare a written  
19 explanation of the details justifying the LBE subcontracting requirement set. The written  
20 explanation shall be posted on line as soon as practicable.

21 (B) **Satisfaction of Good Faith Efforts Requirements.** At the time of a Bid, all  
22 Bidders must meet the LBE subcontracting participation requirement set by the Director, and  
23 also must conduct good faith efforts and file evidence of good faith efforts as required in  
24 Sections 14B.8(D) and (E) respectively, with the following exceptions:

1 (1) If LBE subcontracting participation in the submitted Bid exceeds the LBE  
2 subcontracting participation requirement set by the Director for the Contract by at least ~~thirty-~~  
3 ~~five percent~~ (35%), the Bidder is excused from conducting or documenting its good faith efforts  
4 as otherwise required in Sections 14B.8(D) and (E). LBE subcontracting participation shall be  
5 determined in this Section 14B.8(B)(1) only, as the sum of all participation by Small and  
6 Micro-LBE Prime Contractors, Small and Micro-LBE Joint Venture partners, and Small and  
7 Micro-LBE Subcontractors. Participation by SBA-LBE Subcontractors shall count toward LBE  
8 subcontracting participation for purposes of determining whether the Bidder is excused from  
9 conducting and documenting good faith efforts only if, under Subsection 14B(8)(A), the  
10 Director permitted Bidders to list SBA-LBE firms to satisfy subcontracting participation  
11 requirements on the Contract.

12 (2) Where the Director has set LBE subcontracting participation requirements for  
13 Public Works/Construction Contracts in an amount less than the Threshold Amount or on  
14 Architect/Engineering, Professional Services, or General Services Contracts in an amount  
15 less than the Minimum Competitive Amount, Bidders are not required to conduct good faith  
16 efforts or to file evidence of good faith efforts as required in Sections 14B.8(D) and (E).

17 (C) **Non-responsive Bids.** Bids that do not meet the LBE subcontracting  
18 participation requirements set under 14B.8(A) will be rejected as non-responsive unless the  
19 Director finds that the Bidder diligently undertook all the good faith efforts required by this  
20 Chapter 14B (or that the Bidder is exempt from good faith efforts requirements under Section  
21 14B.8(B)) and that the failure to meet the good faith efforts requirements and/or the  
22 subcontracting participation requirements resulted from an excusable error. Bidders must  
23 contact a LBE before listing that LBE as a Subcontractor in the Bid. Unless an excusable error  
24 is found by the Director, a Bid that fails to document compliance with this requirement will be  
25 rejected as non-responsive. In addition, only LBEs that have been contacted and agreed to be

1 listed as Subcontractors shall be credited toward meeting the LBE subcontracting participation  
2 requirements.

3 (D) **Good Faith Outreach.** In addition to meeting the LBE subcontracting  
4 participation requirements, Bidders on (1) Public Works/Construction Contracts that equal or  
5 exceed the Threshold Amount; and (2) Architect/Engineering, Professional Service, or  
6 General Services Contracts that equal or exceed the Minimum Competitive Amount shall  
7 undertake good faith outreach as set forth in this Section 14B.8(D) and duly promulgated  
8 Rules and Regulations to select Subcontractors to meet LBE subcontracting participation

10 requirements or a Bid is exempt from good faith outreach under Section 14B.8(B), Bids from

12 required by this Chapter 14B and its duly promulgated Rules and Regulations shall be  
13 declared non-responsive.

14 (E) **Documentation of Good Faith Outreach.** Each Bid that equals or exceeds the  
15 Threshold Amount or the Minimum Competitive Amount, as applicable, shall document good  
16 faith outreach and include the documentation with the Bid. Unless otherwise excused by this  
17 Chapter 14B, such documentation shall include: (1) the dollar amount of each subcontract and  
18 a statement of the scope of work to be performed under the subcontract; (2) the identification  
19 of each subcontract awarded to an LBE and, (3) for each subcontract, copies of the  
20 Subcontractor Bids submitted. Such documentation shall contain at least the Bid amount and  
21 a description of the scope of work, and separately, for each subcontract, a full and complete  
22 statement of the reason(s) for selection of the Subcontractor. If the reason is based on relative  
23 qualifications, the statement must address the particular qualifications at issue. If the reason is  
24 the Bid's respective dollar amounts, the statement must state the amounts and describe the  
25 similarities and/or dissimilarities in the scope of work covered by the Bids. If no written Bids

1 were submitted by some or all of the Subcontractors who bid the job, the Bidder shall submit a  
2 written statement containing (1) the amount of each oral Bid; and (2) separately, for each  
3 subcontract, a full and complete statement of the reason(s) for selection of the Subcontractor.  
4 Successful Bidders shall maintain the documentation described in this paragraph for three (3)  
5 years following completion of the Contract.

5 which published notice or advertising is required, at least 10 calendar days prior to the Bid  
6 due date.

7           (4) Require each request for payment submitted by a Contractor to the Contract  
8 Awarding Authority to include Subcontractor participation data in a form approved by the  
9 Director, verifying the Contractor's payments to its LBE Subcontractors and the Contractor's  
10 progress toward meeting its LBE participation requirements.

11           If a request for payment fails to include the required information in the form  
12 approved by the Director, the Contract Awarding Authority in consultation with the Director,  
13 after notice and an opportunity to be heard, may notify the Controller to withhold twenty  
14 percent (20%) of the requested payment until the information is provided. Such notice shall be  
15 made within two working days of the request for payment, and must inform the Contractor that  
16 the Contract Awarding Authority has tentatively determined that the Contractor has not  
17 submitted required information, list what information is missing, and provide that if the failure  
18 is substantiated, twenty percent (20%) of the requested payment will be withheld until the  
19 information is provided.

20           (5) Require all Contractors to submit, within 10 days following payment by the City  
21 to the Contractor for work completed or services performed on a Contract, in a form approved  
22 by the Director, a statement signed under penalty of perjury, attesting that the Contractor has  
23 paid all Subcontractors, less any contractually provided retention, for the Subcontractor's  
24 portions of the work invoiced and included in the City's payment. Contract Awarding

14 amendments, modifications, supplements, and change orders to a Contract subject to this  
15 Chapter increase or decrease the Contract's dollar amount by more than ten percent (10%).

16 (12) Whenever amendments, modifications, supplements, or change orders to a  
17 Contract subject to this Chapter increase the total dollar value of a Contract, the Contract  
18 Awarding Authority shall require compliance with those provisions of this Chapter that applied  
19 to the original Contract.

20 (13) Obtain prior approval of the Director for all Contract amendments,  
21 modifications, supplements, or change orders to a Contract originally valued at or above fifty  
22 percent (50%) of the Minimum Competitive Amount, that cumulatively increase the contract's  
23 total value by more than twenty percent (20%) of its original or last CMD approved value. The  
24 Director shall ensure that the proposed amendment, modification, supplement, or change  
25

1 order does not adversely impact contracting opportunities that would have been present for  
2 LBEs had the Contract been initially awarded at the proposed increased value.

3 (14) Maintain data on the LBE status of all Bidders.

17 and WBE.

18 (a) Whenever CMD's report concludes that a Contract Awarding Authority has  
19 intentionally disregarded or negligently performed any obligation imposed by this Chapter,  
20 finds consistent non-compliance with this Chapter by a Contract Awarding Authority's Prime  
21 Contractors, or concludes that a Contract Awarding Authority failed to provide any data  
22 required by this Chapter or requested by CMD, the City Administrator, or the Controller, a  
23 member of the Board may schedule before the appropriate Committee of the Board a hearing  
24 on that report. At the hearing, the Department heads must be prepared to respond to the

9 under such credit enhancement must be placed in a segregated account encumbered solely  
10 by the City's obligations under such credit enhancement.

11 (9) **Default on Guarantees.** The Director shall decertify any Contractor that
