22 five-point star pattern for greater accessibility by all communities; and,

23 WHEREAS, As recommended by Recreation and Park Department staff, if a five-point-
24 star vision were applied in this planning process, the proposed location at Potrero del Sol Park

1 Bernal Heights communities, and is defined by the Task Force as being “isolated, but still
2 accessible and centrally located”; and,

3 WHEREAS, The Task Force notes that the proposed site of about 15,000 square feet

9 WHEREAS, Proximity to public transportation is key to developing a larger and more
10 diverse group of skateboard park users, and existing MUNI bus routes currently serve the
11 proposed site in all four directions; and,

12 WHEREAS, Through the creation of a fully supervised skateboarding facility, crime and
13 vagrancy that has been prevalent at this park will decrease substantially attributing to the
14 improvement of the safety and quality of life of skateboarders and residents; and,

15 WHEREAS, Because of much needed improvements to the pedestrian crossways

17 Potrero Avenue should remain gated and locked, along with the addition of caution signs
18 being placed in the area; and,

19 WHEREAS, Overall general community support has been garnered for the
