Future Initiatives

California Career Pathways Trust

Connecting local students to work-based learning.

Investing in Pipeline Development

San Francisco Unified School District (SFUSD) has begun a multi-year process to support & develop SFUSD youth to build our own talent pipeline. As a workforce development and community investment strategy, SFUSD will model the investment required to ensure students are prepared for high demand entry-level positions in SFUSD. In our pilot year, SFUSD's main focal point is to create a stronger Educator Pathway. In summer 2017 we were able to support:

Educator Pathway

35 youth working in SFUSD middle schools

33 youth in local Community Based Organizations

19 youth in the Youth Worker Institute

Summer Internships

TechSF, SFUSD ICT Advisory Board and other private and nonprofit partners supported our students in completing:

SFUSD Summer Internships

73 Student Interns
6 weeks
16-20 hours per week

Private & Non-Profit Companies

Weekly course in College & Career Readiness Training
5 High School Elective Credits

Celebrating Student Success

Emilio Diaz, Graduate, Mission HS, Marketing Pathway // Goodby Silverstein & Partners Intern: *Awarded Goodby Silverstein & Partners Apprenticeship 2017-2018*

During my time at Goodby Silverstein & Partners, I was learning from industry professionals which gave me an opportunity to network and learn more about their experiences and career paths. Following my internship, I applied for and was awarded a one-year, paid apprenticeship at GSP!

CCSF Impact

Three sectors that CCPT funds at CCSF:

- Arts Media and Entertainment
 - *Broadcasting Electronic Media Arts (BEMA)*
 - *Visual Media Design (VMD)*
- Information and Communication Technologies
 - *Computer Networking Information Technology (CNIT)*
 - *Computer Science (CS)*

Department	Students	Courses	Certificates	Majors
BEMA	310	30	7	1
CNIT	1152	57	14	1
CS	1539	45	11	1
VMD	501	50	7	1

TechSF Collaborations with CCPT

Cybersecurity Camp, Apprenticeship and Partnerships with OEWD

- Cybersecurity Camp Pilot
 - Total 57 students from 21 different schools.
 - **Won second place in the Regional Cyber Security Contest.**
- Pearson Vue test Center Plans on launching in March 2018
 - Credentialing not currently available in San Francisco
 - Will be able to offer service to CCSF/SFUSD students and San Francisco Residents
- Cybersecurity Apprenticeship
 - Developing pre-apprenticeship
 - Students placed in paid apprenticeships in the next year.

SFCCPT's Mission

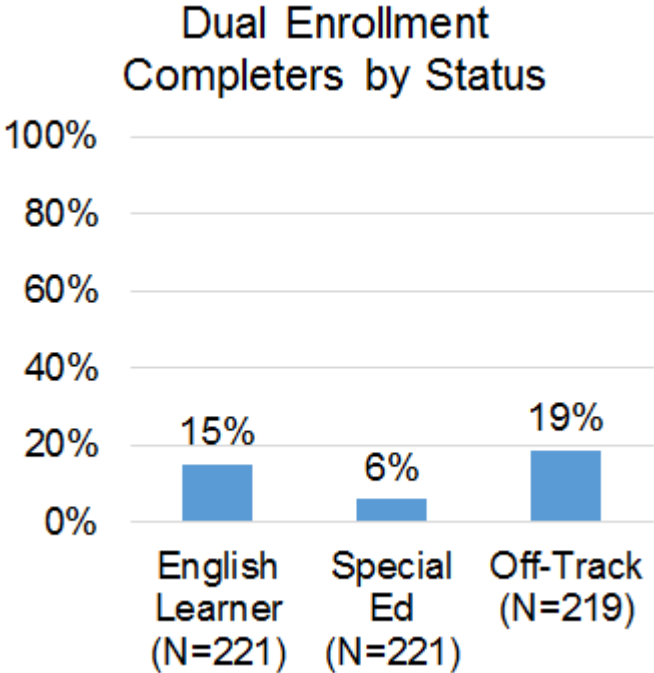

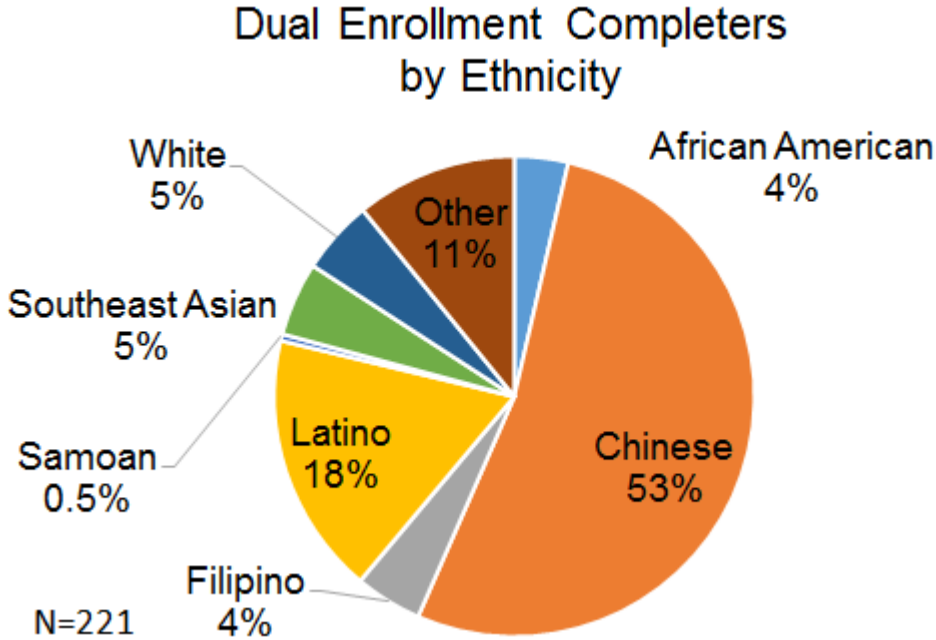

1. Increase the number of students, especially **underserved** minority students, enrolled in and successfully completing the targeted pathways.
2. Increase the number of students, especially **underserved** minority students, involved in Work Based Learning experiences at both the high school and community college level.
3. Increase the number of students, especially **underserved** minority students, receiving early college credit in pathways.

Cybercamp-- Exciting News on reaching the goals above

Dual enrollment in the departments involved in CCPT increased 26%.
