**APPELLANT’S NOTICE OF AND OBJECTION TO LACK OF ADEQUATE
TIME TO SUBMIT BRIEF AND INFORMATION IN SUPPORT OF APPEAL OF
CEQA EXEMPTION ON MTA “SLOW STREETS PHASE 3” PROJECT**

BOS FILE 201024

This is Appellant’s Notice of and Objection to the Board’s denial of adequate time for Appellant to prepare and submit a brief and provide information in support of the Appeal of the Planning Department’s CEQA Exemption on MTA’s “Slow Streets Phase 3” and the merging of that appeal with four others for a “hearing” that also shortens time for this and other appeals.

Appellant has submitted three requests for continuance on this and other appeals, all of which have been unacknowledged and denied. Appellant has also submitted other Procedural Objections.

The Board’s actions violate CEQA’s provisions for meaningful participation by Appellant and the public in proceedings on the environmental review and approval of the Project.
