EXECUTIVE SUMMARY

Legislative Objective

- The proposed ordinance (File 12-0754) would amend Administrative Code Section 16.703, establishing the Health Service System’s calendar year (CY) 2013 health, vision, and dental plans and premiums.
- The proposed resolution (File 12-0755) would approve the CY 2013 employers’ health plan premium contribution of \$534.78 per member per month.

Fiscal Impact

- Under Proposition C, approved by the voters in November 2011, the Health Service System will implement health plans on the calendar year rather than the fiscal year, as of January 1, 2013. In order to implement Proposition C, the Board of Supervisors previously approved Health Service System health plans and premiums for the six-month period from July 1, 2012 through December 31, 2012 (Files 12-0050 and 12-0051).
- The total costs for the City, employees, retirees, and their dependents of \$591,749,136 in CY 2013 for the health, vision, and dental plans, and long-term disability and life insurance is \$8,040,874 or 1.4% more than the annualized costs for these plans of \$583,708,262 from July 1, 2012 through December 31, 2012.
- The City’s contribution per employee toward the total monthly premium in CY 2013 is \$534.78, which is \$11.81 or 2.3% more than the City’s contribution of \$522.97 from July 1, 2012 through December 31, 2012.

Policy Issues

- The Health Service Board has proposed changing the Blue Shield HMO plan from a fully-insured plan to a flex funded plan. The flex funded plan differs from the fully-insured plan in that (1) under the fully-insured plan, Blue Shield pays all covered claims, while (2) under the flex funded plan, the Health Service System is responsible for paying aggregate claims that exceed the Blue Shield premium payments made by the City and employees. The Health Service System’s responsibility for paying aggregate claims exceeding premium payments is capped at 125% of the total amount of the premium payments. The Health Service Board has recommended the Blue Shield flex funded plan in order to reduce the increase in the Health Service System’s employers’, employees’ and retirees’ CY 2013 premium costs.
- Although the Blue Shield flex funded plan could result in savings to the Health Service System, the flex funded plan also transfers financial risk to the Health Service System if aggregate claims costs exceed premium payments to Blue Shield. Therefore, the Budget Analyst considers approval of the proposed Blue Shield flex funded plan in CY 2013 to be a policy matter for the Board of Supervisors.

Recommendations

- Approve Resolution 12-0755, setting the City's CY 2013 health plan premium contribution.
- Except for the Blue Shield flex funded plan, approve Ordinance 12-0754, establishing the Health Service System's plans and premiums for the Kaiser Health Plan, the City Health Plan, the vision plans, and the dental plans, and life insurance and long term disability payments.
- Approval of the Blue Shield flex funded plan under Ordinance 12-0754 is a policy matter for the Board of Supervisors.

MANDATE STATEMENT/BACKGROUND

The Health Service Board oversees the Health Service System. The Health Service System administers non-pension benefits, including health, dental, vision, and other benefits that may be available to City employees, such as life and long term disability insurance.

The Health Service Board adopts the annual health, vision, and dental plans, and the respective plan premiums and premium equivalents paid by employers and members.

- Health Service System employers include the City and County of San Francisco ("City"), the San Francisco Unified School District (SFUSD), the San Francisco Community College District (CCD), and the San Francisco Superior Court (Superior Court).
- Health Service System members are active and retired employees of the above noted employers, their dependents, and members of eligible boards and commissions. Dependents include children, spouses, domestic partners, surviving spouses of deceased employees, and other legal dependents.

Under City Charter Section A8.423, the Health Service Board is required to (a) conduct a survey of the ten most populous California counties each year, excluding San Francisco, and (b) determine and set the health plan premiums paid by the City, employees, and retirees. The City's contribution to the health plan premiums for each plan member is equal to the average of the contributions made by each of the ten counties.

Proposition C

Under Proposition C, approved by San Francisco voters in November 2011, the Health Service Board had the option of changing the health plan year from the fiscal year to the calendar year. The Health Service Board adopted the calendar plan year in order to be eligible for other funds, such as the Federal Retiree Drug Subsidies, and to streamline some compliance and administration functions. In order to implement the revised health plan year, the Board of Supervisors previously approved a short plan year from July 1, 2012 through December 31, 2012.

(Files 12-0051 and 12-0050). The Health Service Board is now requesting approval for the City's calendar year (CY) 2013 health, vision, and dental plans as discussed in detail below.

DETAILS OF PROPOSED LEGISLATION

File 12-0754: The proposed ordinance would amend Administrative Code Section 16.703 to (a) approve the Health Service Systems' CY 2013 health, vision, and dental plans and premiums, and life insurance and long term disability insurance.

File 12-0755: The proposed resolution would approve the CY 2013 City's health plan premium contribution of \$534.78 per member per month.

Proposed Health and Vision Plans

The Health Service Board approved the Health Service System's various proposed health, vision and dental plans and monthly premiums for CY 2013 on April 12, 2012, May 10, 2012, June 1, 2012, June 14, 2012 and July 3, 2012. The Health Service System will continue to offer in calendar year 2013 the three health plans currently offered, as follows.

Kaiser Foundation Health Plan (Health Maintenance Organization or HMO)¹

The Health Service Board adopted no plan design changes to the Kaiser HMO.

Blue Shield of California (Blue Shield) HMO

The Health Service Board adopted no plan design changes to the Blue Shield HMO.

City Plan Preferred Provider Organization (PPO)²

The City Plan is a self-funded plan administered by United HealthCare (UHC). The Health Service Board adopted plan design changes to the City Plan in CY 2013, as follows:

- (1) The Health Service Board extended the time period for plan participants to meet annual deductible and out-of-pocket cost limits in CY 2013 by three months, from October 1, 2012 through December 31, 2012. This allows plan participants to apply a portion of the deductibles and out-of-pocket costs incurred during the previous short plan year from July 1, 2012 through December 31, 2012 to costs incurred in CY 2013. Extending the time period to apply deductible and out-of-pocket costs results in estimated cost increases to the City Plan of \$969,000, of which \$740,000 will be paid by the employers, including the City, and \$229,000 will be paid by plan participants.
- (2) The Health Service Board approved changing the Medicare pharmacy plan to a Federal Centers for Medicare and Medicaid Services (CMS) subsidized Employer Group Waiver

¹ An HMO offers care through a closed panel of providers, in which members select a primary care physician, who coordinate care to direct access to medical services.

² Under a PPO, physicians, hospitals, and other providers contract with a third-party administrator or insurer to provide health care at reduced rates to members.

Plan (EGWP) from the current Retired Drug Subsidy plan. Health Service System is expected to achieve \$2,325,000 in annual savings under the Employer Group Waiver Plan. Under the EGWP plan, the Health Service Board approved reducing the number of drugs eligible for reimbursement under the City Plan's formulary by 14. Current City Plan participants who use these 14 drugs would continue to be eligible for reimbursement.

Vision Plans

Members enrolled in one of the three health plans receive vision benefits through VSP, a third party insurer. Monthly premium costs for vision plans are included in the monthly health plan premiums shown in Table 1 below.

Health Plan Premium Increases

Total monthly premiums for single employees (with no dependents), participating in the three health plans in CY 2013 will increase by 1.3% to 6.4%, as shown in Table 1 below. Details of premium increases for all employees and retirees are contained in the July 9, 2012 memorandum to the Board of Supervisors, provided by the Health Service System Director.

Table 1
Total Monthly Health Plan Premium for Single Employees in CY 2013

	Proposed CY 2013	July 1, 2012 through December 31, 2012	Increase	Percent Change
City Health Plan	\$1,258.97	\$1,237.46	\$21.51	1.7%
Kaiser	\$537.02	\$530.01	\$7.01	1.3%
Blue Shield	\$647.16	\$608.43	\$38.73	6.4%

The City's Monthly Premium Costs

The City's contribution per employee toward the total monthly health plan premium is based on a survey of California's 10 most populous counties, as required by the Charter. The City's contribution per employee toward the total monthly premium in CY 2013 is \$534.78, which is \$11.81 or 2.3% more than the City's contribution of \$522.97 from July 1, 2012 through December 31, 2012. The Attachment provides the results of the 10-county survey.

Blue Shield Premium Stabilization

The Health Service System received a credit from Blue Shield of \$18.9 million in 2012 as part of Blue Shield's 2 Percent Pledge program, in which Blue Shield credits customer's net income exceeding 2% of revenue. The Health Service Board approved use of \$5.2 million of the \$18.9 million credit to stabilize premiums for dependents and reduce the impact of Blue Shield premium increases from July 1, 2012 through December 31, 2012, leaving a balance of \$13.7 million.

In order to reduce proposed Blue Shield premium increases in CY 2013 and stabilize membership, the Health Service Board has approved (1) using \$5.0 million of the unexpended balance of \$13.7 million to offset premium costs for dependents, and (2) moving active employees and non-Medicare retirees from a fully insured HMO to a "flex funded" health plan, as discussed in the Policy Consideration section below.

City Health Plan Premiums

The City Health Plan is self-funded. Premiums are deposited into the Health Service System Trust Fund and used to pay claims. Monthly premium amounts are based on claims experience for each type of plan member: active employees, retirees with Medicare, and retirees without Medicare. In CY 2013, City Health Plan premiums include the costs savings noted above, and cost increases due to the 3-month extension for deductibles and out-of-pocket costs, noted above.

Contingency and Stabilization Amounts

The Health Service System also sets aside a portion of the Health Service System Trust Fund balance³ to (a) provide contingencies for the self-funded City Plan and self-funded dental plan, Delta Dental PPO; and (b) stabilize the City Plan and employees' dental plan premium increases by including prior years' premium revenue surpluses or shortfalls when calculating required premiums in the new plan year.

The CY 2013 contingency amount, as calculated by the Health Service System's actuary, Aon Hewitt, is \$10,900,000, of which \$7,200,000 is the City Health Plan contingency and \$3,700,000 is the Delta Dental PPO contingency.

The CY 2013 stabilization amount is \$38,000.

Proposed Dental Plans

The Health Service System offers three dental plans, including one PPO, Delta Dental PPO, and two HMOs, Delta Care USA and Pacific Union Dental. The Health Service Board has recommended the following changes to the Delta Dental PPO plan:

- (1) Members' payments for dental exams, x-rays, and cleanings for providers not in the PPO network were increased from 0% to 20% of billed services;
- (2) Members' payments for extractions, fillings, endodontic/root canal procedures, and oral surgery for providers not in the PPO network were increased from 20% to 40% of billed services;
- (3) Members' payments for crowns and cast restorations for providers not in the PPO network were increased from 20% to 50% of billed services;
- (4) Lifetime maximum benefits for child orthodontics were decreased from \$2,500 to \$2,000 for Premier network providers⁴ and \$1,500 for out-of-network providers; and

³ As of May 2012 the Health Service System Trust Fund balance was \$57.1 million.

⁴ Delta Dental has three contracted networks: Premier, PPO, and PPO plus Premier.

- (5) Lifetime maximum benefits for adult orthodontics were decreased from \$2,500 to \$1,500 for PPO network providers, \$1,000 for Premier network providers, and \$500 for out-of-network providers.

The changes above are expected to achieve \$591,000 in annual savings. The City contributes the full monthly premium for active employees for the two HMOs. The City contributes a portion of the monthly premium for active employees for Delta Dental PPO, as shown in Table 2 below. The City does not contribute to the monthly dental premium for retired employees.

Life and Long Term Disability Insurance

The Health Service System selected Aetna Life Insurance Company through a Request for Proposal (RFP) process to provide life and long term disability insurance to City employees eligible for coverage through the Memoranda of Understanding between the City and the respective unions.

FISCAL ANALYSIS

As shown in Table 3 below, the total City, employee, and retiree costs for the health, vision, and dental plans, and long-term disability and life insurance will increase by \$8,040,874, or 1.4%, from \$583,708,262 for July 1, 2012 through December 31, 2012 (annualized) to \$591,749,136 in

POLICY CONSIDERATION

The Health Service Board has proposed changing the Blue Shield HMO plan from a fully insured plan to a flex funded plan.

The flex funded plan differs from the fully-insured plan in that (1) under the fully insured plan, Blue Shield pays all covered claims, while (2) under the flex funded plan, the Health Service System is responsible for paying aggregate claims that exceed Blue Shield premium payments made by the City and employees. Under the proposed flex funded plan, the Health Service System would pay for aggregate claims costs that are more than 100% of premium payments to Blue Shield up to a cap of 125%⁶.

According to Dr. Catherine Dodd, Health Service System Director, the \$5 million stabilization payment (see above) combined with the flex funded plan will reduce the amount of Blue Shield premium cost increases that the City and employees would have otherwise paid. The Health Service System estimates that CY 2013 total premium cost increases for the flex funded plan are \$20.7 million less than for the fully-insured plan, as shown in Table 4 below.

⁵ City costs are funded by General Fund and non-General Fund sources.

⁶ For example, if the City's premium payments to Blue Shield, including employer and employee payments, were \$200 million in CY 2013, the Health Service System would be responsible for paying aggregate claim costs that exceed \$200 million up to a cap of \$250 million.

Member Costs	14,900,000	7,100,000	7,800,000
Total	\$29,800,000	\$9,100,000	\$20,700,000

Source: Health Service System Report to the July 3, 2012 Health Service Board

¹ Includes \$5 million stabilization amount

In order to meet potential claims costs that exceed premium payments, the Health Service System actuary, Aon Hewitt, has proposed reserves totaling \$24 million, including a claim stabilization reserve of \$7 million from the unexpended balance of the 2012 Blue Shield credit, and an additional reserve of \$17 million that will be funded over time from excess premiums collected for the Blue Shield plan over claims.

The Health Service System previously offered a flex funded health plan through PacifiCare from July 1, 2007 through June 30, 2009, in which the City was responsible for paying claims that exceeded premium payments to PacifiCare. According to the Health Service System, PacifiCare underestimated the claims costs for active employees and non-Medicare retirees and set premiums too low. As a result, PacifiCare collected \$83 million in premiums and spent \$105 million in claims, a shortfall of \$22 million from July 1, 2007 through June 30, 2009. Under the flex funded plan, the City was responsible for paying the \$22 million shortfall in premiums compared to claims. In order to increase the Health Service System Trust Fund balance sufficiently to pay the \$22 million shortfall when the City terminated the PacifiCare flex funded plan, the City increased premiums to Blue Shield, Kaiser and the City Health Plan members from 2009 to 2012.

According to Dr. Dodd, the Health Service System will be better able to manage the Blue Shield flex funded plan than the Health Service System was able to manage the PacifiCare flex funded plan because implementation of the Blue Shield Accountable Care Organizations⁷ have resulted in decreased utilization and claims costs. Additionally, the Blue Shield flex funded plan will be the only HMO offered other than the Kaiser Health Plan HMO, whereas when PacifiCare was

⁷ Under Accountable Care Organization programs, insurers provide incentives to providers through shared savings programs for improving the quality of care and reducing costs. Quality and costs of care are monitored through utilization data, case management, and other protocols.

the offered flex plan, the Health Service System also offered the Blue Shield HMO and the Kaiser Health Plan HMO.

Although the Blue Shield flex funded plan could result in savings to the Health Service System, the flex funded plan also transfers financial risk to the Health Service System if claims costs exceed premium payments to Blue Shield. Therefore, the Budget Analyst considers approval of the proposed Blue Shield flex funded plan in CY 2013 to be a policy matter for the Board of Supervisors.

RECOMMENDATIONS

- Approve Resolution 12-0755, setting the City's CY 2013 health plan premium contribution.
- Except for the Blue Shield flex funded plan, approve Ordinance 12-0754, establishing the Health Service System's plans and premiums for the Kaiser Health Plan, the City Health Plan, the vision plans, and the dental plans, and life insurance and long term disability payments.
- Approval of the Blue Shield flex funded plan under Ordinance 12-0754 is a policy matter for the Board of Supervisors.

RE: January 1, 2013 to December 31, 2013 Plan Benefits, Rates and Contribution

Honorable Members of the Board of Supervisors:

This letter serves to document our position as the consultant and actuary to the Health Service System (HSS) in regards to the completed rate and contribution setting process for the plan year from January 1, 2013 to December 31, 2013. This process was concluded on July 3, 2012 under the direction of the Rates and Benefits Committee (the Committee) of the Health Service Board (the HSB). The rates, benefits, and contributions presented herein were approved by the full HSB during their meetings on April 12, 2012, May 10, 2012, June 1, 2012, June 14, 2012, and July 3, 2012. This report will reference attached Exhibits, as well as Tables embedded in this letter.

In our opinion, the process was completed in a thorough manner. In particular, it is our opinion that:

- The insured premiums and administrative fees agree with HSS's vendor's final rates and represent a fair price given the services provided and the long term prospects of the risk pool, and;
- The premium equivalents set for the HSS self-funded programs: City Plan (UHC), Active Dental plans and the Blue Shield flex funded plan represent our best estimate of future expenditures based on the information available at the time these were developed, and existing Trust Fund assets are expected to be sufficient to protect the HSS Trust Fund against adverse claims experience.

Passage of Proposition C

On November 8, 2011 Proposition C was passed. Proposition C amended the City Charter as it relates to pension and retiree costs, the composition and voting requirements of the HSB, allows for the change of the plan year to a calendar year, and other changes to the City's health and pension benefits. The HSB approved a change in the plan year, from a fiscal plan year to a calendar plan year, starting January 1, 2013 with a one-time six month plan year of July 1, 2012 to December 31, 2012. Changing the plan year allowed HSS to:

- Align more closely with timing of collective bargaining;
- Improve administration related to Flexible Spending Accounts and IRS rules, and
- Implement a different pharmacy benefit program approved by the Centers for Medicare and Medicaid Services (CMS) in the HSS self-funded City Plan administered by United Healthcare (UHC). The move to a calendar year plan makes HSS eligible for the 80%

coinsurance for pharmaceutical costs that exceed the annual catastrophic level under this Medicare pharmacy plan as of 2013. In addition, by moving to an Employer Group Waiver Program (EGWP) HSS will also be eligible for the direct CMS subsidy, 50% discount for brand drugs in the coverage gap and streamlined processing. It is estimated that this EGWP plan will save an additional \$2.33 million per year when compared to the current Retiree Drug Subsidy (RDS) pharmacy plan. This program will also reduce the City's, the Community College District's, the San Francisco Unified School District's and the Superior Courts' GASB 45 liability because it is a premium reduction rather than a subsidy.

City Contributions under the 10-County Survey

According to the City Charter, the City's contribution towards medical benefits is determined by the results of a survey of the amount of premium contributions provided by the ten most populous counties in California, excluding San Francisco. For the 2013 plan year, the survey determined that the average monthly contribution increased 2.26% from \$522.94 to \$534.78. Exhibit 1 presents the results by county from this survey.

Year over Year Health Plan Cost Comparison

The July 2012 – December 2012 plan year rates were adjusted to an annualized cost to facilitate a year over year cost comparison as illustrated below. Annual costs are shown in millions:

TABLE 1
January 1, 2013 to December 31, 2013 Aggregate Cost

	Member Contributions	Employer Contributions	Aggregate Plan Cost
Current Rates	\$81.3	\$586.3	\$667.6
Final Renewal Rates (including plan design changes)	\$83.1	\$597.9	\$681.0
\$ Difference	\$1.8	\$11.6	\$13.3
% Difference	2.21%	1.98%	1.99%

The above chart illustrates an increase in aggregate plan costs of \$13.3 million, or 1.99%, for only the three health plans (includes vision and HSS Communications and Healthcare Sustainability expense) for the January 1, 2013 to December 31, 2013 plan year. This increase in costs will be split 12.8%/87.2% between the members and employers with member contributions increasing \$1.8 million and employer contributions increasing \$11.6 million.

Rates, Contributions, and Benefits for HMOs

Consistent with the July 1, 2012 to December 31, 2012 plan year, two HMOs will be offered to HSS members for the 2013 plan year; Kaiser Permanente (Kaiser) and Blue Shield of California (Blue Shield).

Plan Design Changes for HMOs

As part of the annual Rates and Benefits process HSS, Aon Hewitt, the Committee, and the HSB reviewed the continued appropriateness and competitiveness of the plan designs for the HMOs. The benchmark information (available on www.myhss.org website – June 1, 2012 and June 14, 2012) compiled indicates all member point of service plan design elements were either equal to or greater than those of similar employers. Plan design changes were offered on only the Blue Shield

Plan and were not accepted by the HSB because they were well above similar employer benchmarks for co-pays and deductibles.

Kaiser

The HSB was presented with the benchmarking of the current plan design which was shown to be in line with the comparators. The HSB adopted no plan design changes for the Kaiser plan.

The final negotiated rate change for Kaiser is an overall increase of 1.09%. For actives and retirees without Medicare it is an increase of 1.24% and 1.22% respectively. For retirees with Medicare the final rate change is 0.00% (no change from the July to December, 2012 benefit period).

The aggregate cost for Kaiser for the 2013 plan year is projected at \$298.5 million, with \$25.0 million in member contributions and \$273.5 million in employer contributions. Table 2, on page 7 provides an overview of annualized costs.

Blue Shield

The HSB was presented with the benchmarking of the current plan design which was shown to be in line with the comparators. They adopted no plan design changes for the Blue Shield plan.

For plan year July 1, 2012 to December 31, 2012 rates were reduced by applying the HSB approved Blue Shield stabilization amount of \$5.2M, or a -3.26% reduction. Due to this, the 2013 renewal increase of 11.58% requested by Blue Shield for the fully-insured plan has an amplified overall impact to the plan of 13.18%. For actives and retirees without Medicare the 2013 fully-insured increase to rates when compared to July 1, 2012 to December 31, 2012 rates is 15.64% and 15.66% respectively. For retirees with Medicare the final rate change is a decrease of -10.08%. This results in an overall estimated increase of \$39.3M annually.

This rate increase for actives and retirees without Medicare was determined by the HSB to be unacceptably high. To mitigate costs for 2013 the HSB voted to move the active and retirees without Medicare plans from fully-insured to flex funded and apply a rate stabilization amount of \$5 million to member contributions for these groups. With the rate stabilization of \$5 million, Blue Shield recommended a lower migration factor which resulted in the gross renewal rates also decreasing. The combined impact of these two changes reduced the overall aggregate increase of 13.18% to 3.05%, or a \$25.2 million net projected savings. For actives and retirees without Medicare the increase to rates when compared to July 1, 2012 to December 31, 2012 rates is 4.53% and 4.07% respectively. Retirees with Medicare will remain in the fully-insured plan with a rate decrease of -10.08%. This results in an overall estimated increase of \$9.1M annually.

The aggregate cost for the Blue Shield HMO for the 2013 plan year is projected at \$307.6 million, with \$43.0 million in member contributions and \$264.6 million in employer contributions. Table 2, on page 7, provides an overview of annualized costs.

HMO Contributions

Contributions for HMO members were determined in accordance with the City Charter and include the new 10-County Survey result of \$534.78. Exhibits 2 and 3 summarize the changes in contributions for actives and retirees for the Kaiser and the Blue Shield of California plans

respectively for the 2013 plan year. The above, exhibits do not include any City contributions that may be negotiated in MOUs.

Rates, Contributions, and Benefits for City Plan (UHC)

The City Plan (UHC) is a self-funded plan administered by United Healthcare (UHC). The medical and pharmacy monthly premium equivalent costs were developed separately for actives, retirees without Medicare and retirees with Medicare based on group-specific experience. Additionally, Aon Hewitt provided a retrospective analysis of historical rates and experience to examine the actual cost trends evident in the City Plan's (UHC) recent claims data. These analyses were considered in conjunction with overall industry and normative data when determining the premium levels for the 2013 plan year (available at www.myhss.org website – April 12, 2012, May 14, 2012 and June 14, 2012).

As part of the annual Rates and Benefits process HSS, Aon Hewitt, the Committee, and the HSB, reviewed the continued appropriateness and competitiveness of the benefit design for City Plan (UHC). The HSB was presented with many options and adopted the following benefit changes for the City Plan (UHC):

- Provide a 3-month out of pocket cost carry over which will apply member point of service costs incurred from October 2012 through December 2012 to both the short plan year, July 1, 2012 to December 31, 2012 and to the 2013 calendar plan year
- Change the Medicare pharmacy plan to a fully-insured EGWP with an estimated annually savings over the current RDS plan of \$2.33M
- Change the formulary to the UHC traditional formulary grandfathering in current utilizers of 14 drugs that will not be included in the new formulary

Due to the move to the calendar year plan there will be a second open enrollment period within six months of the last open enrollment for the plan year of January 1, 2013 to December 31, 2013.

As a result of the move to the calendar year plan members enrolled in City Plan (UHC) will potentially incur the full annual deductible and out of pocket (OOP) maximum for the 6-month plan year July 1, 2012 to December 31, 2012 should actual utilization reach levels that will invoke these costs. The HSB found that this was too great a burden for City Plan (UHC) members. Therefore, a plan design change was approved for plan year January 1, 2013 to December 31, 2013 that would apply member point of service costs incurred October 1, 2012 to December 31, 2012 towards the member's deductibles and OOP Maximums for both the 6-month short plan year and 2013 plan year. This plan change resulted in an overall increase to plan costs of \$969,000 of which \$740,000 will be paid by the employers and \$229,000 will be paid by the members.

The UHC administration fees were unchanged from the July 1, 2012 to December 31, 2012 short plan year.

The final full monthly premium equivalents after all plan design changes results in an overall increase of 1.31%. For actives and retirees without Medicare it is an increase of 1.79% and 2.78% respectively. For retirees with Medicare the final rate change is a decrease of -0.19%.

Exhibit 4 summarizes the change in full monthly premium equivalents for the City Plan (UHC). Included in the premium equivalent rate, pursuant to the HSB's Self Funded Plans' Funding Policy, is the application of the claims stabilization amount.

The aggregate cost for the City Plan (UHC) for the 2013 plan year is projected at \$74.8 million, with \$15.0 million in member contributions and \$59.8 million in employer contributions. Table 2, on page 7, provides an overview of annualized costs.

Exhibit 5 summarizes the change in employee and retiree contributions for City Plan (UHC). These contributions were determined in accordance with the City Charter, and include the new 10-County Survey result of \$534.78. The above exhibit does not include any City contributions that may be negotiated in MOUs.

Rates and Benefits for the Vision Plan

Members enrolled in any medical plan offered by HSS also receive vision benefits through VSP. The cost of the vision benefit is a component of the cost of the medical plan and has been included in the rate exhibits referenced above.

The vision plan is a fully-insured plan. The vision plan is under a rate guarantee through June 30, 2014 with projected aggregate costs of \$4.4M for the 2013 plan year. Exhibit 6 in the attachment summarizes the VSP vision plan costs.

Vision plan costs are included in the Kaiser, Blue Shield and City Plan (UHC) costs summarized in Table 2, on page 7.

Rates, Contributions, and Benefits for Dental Plans

Three dental plans are offered to HSS members: Delta Dental PPO, Delta Care USA and Pacific Union Dental. The Delta Dental PPO plan is a dental PPO with a network of preferred providers while the other two plans are dental HMOs with closed panels of providers. The City pays part of the cost of dental benefits for employees while retirees pay the full cost of their dental benefits.

The Delta Dental PPO plan for active employees is self-funded and administered by Delta Dental of California. Future plan costs are projected based on the City employees' claim experience. Delta Dental's fee for claim administration remains unchanged from the July 1, 2012 to December 31, 2012 short plan year and was extended until December 31, 2013.

As part of the annual Rates and Benefits process HSS, Aon Hewitt, the Committee, and the HSB, reviewed the continued appropriateness and competitiveness of the benefit design for the Active Delta Dental PPO plan. The HSB was presented with many options and adopted the following benefit changes for the Active Delta Dental PPO plan to encourage employees to utilize the Delta Dental Premier and PPO networks in order to decrease costs to both the members and employers, and to better align benefit maximums with industry norms:

- The member coinsurance for out of network cleanings, exams, and x-rays was increased from 0% to 20%

- The member coinsurance for out of network extractions, fillings, endodontic/root canals, and oral surgery was increased from 20% to 40%
- The member coinsurance for out of network crowns and cast restorations was increased from 20% to 50%
- Lifetime maximums for child orthodontics in the premiere network and out of network were decreased from \$2,500 to \$2,000 and \$1,500 respectively
- Lifetime maximums for adult orthodontics in the PPO network premiere network and out of network were decreased from \$2,500 to \$1,500, \$1,000 and \$500 respectively

The aggregate premium for the self-funded Delta Dental PPO plan for active employees including these plan design changes is a decrease of -1.4%. This results in a reduction to annual premiums of -\$0.6M.

The Delta Dental PPO plan for retirees, Delta Care USA dental plans for employees and retirees, and Pacific Union Dental plans for employees and retirees are all fully-insured. The fully-insured premiums are unchanged from the July 1, 2012 to December 31, 2012 plan year rates.

For the 2013 plan year the City will contribute the full premium rate towards each of the dental HMO plans. For the self-funded Dental PPO the City will contribute the full monthly premium rate minus employee contributions of \$5.00, \$10.00, and \$15.00 for employee only, employee with one dependent, and employee with two or more dependents respectively. The member contributions for Delta Dental PPO plan for retirees, Delta Care USA dental plans for employees and retirees, and Pacific Union Dental plans for employees and retirees remain unchanged from the prior plan year. Pursuant to the Health Service's Self Funded Plans' Funding Policy no claims stabilization amount has been applied this year.

Exhibit 7, 8, and 9 summarize the changes in dental cost for the active [self-funded] and retirees for the Delta Dental PPO plan, Delta Care USA plan, and Pacific Union Dental plans respectively.

The aggregate dental plan cost for the 2013 plan year is projected at \$42.3 million, with \$3.2 million in member contributions and \$39.0 million in employer contributions. Table 2, on page 7 provides an overview of annualized costs.

Life and Long Term Disability (LTD) Insurance

Aon Hewitt, in conjunction with HSS staff, prepared and submitted a comprehensive Request for Proposal (RFP) to eight vendors. Aon Hewitt received quotes on one or both coverage lines from all eight vendors. A selection panel (comprised of City employees from DHR, Controller's Office and HSS) assessed each product independently. The selection panel unanimously selected Aetna for life and LTD insurance.

The aggregate life and LTD plan cost for the 2013 plan year is projected at \$6.1 million, with \$100,000 in member contributions and \$6.0 million in employer contributions. Table 2, on page 7 provides an overview of annualized costs. This is a savings for the city of \$2.45 million annually or \$9.8 million over the life of a 4-year rate guarantee. The savings will be split with members saving \$12,000 and employers saving \$2.44 million annually.

Summary of Projected 2013 Plan Year Costs

Illustrated below, in Table 2, is a summary of how projected 2013 aggregate HSS plan costs are distributed across the different plans available to employees and retirees. Costs are shown only for those plans where the employers subsidize the total premium cost. The premium costs associated with the VSP vision core plan are included in the medical plan's costs.

% Increase	2.08%	1.34%	1.43%		

* Figures vary due to rounding

** Dental costs are for active employees only, retirees and surviving spouses have not been included

The overall estimated increase of 1.43% is lower than the corresponding July 1, 2012 to December 31, 2012 short plan year estimated increase of 3.42% (annualized). Similarly, this year's projected aggregate cost increase also compares very favorably with available benchmark information. This statistic is supported by the analysis titled "2011 Health Care Trend Survey" published in August 2011. Employers that were analyzed indicated Medical and Pharmacy cost increases in the range of 9% to 10%.

Summary of Savings

It is important to note, while modest rate increases occurred in the three medical plans, significant savings were negotiated as a reduction to rate increases. For the 2013 plan year, these savings are

projected at \$29.9 million, of which \$13.7 million and \$16.2 million are employee and employer savings respectively. Exhibit 11 summarizes these reductions to rates by coverage type.

Conclusion

Based on extensive evaluation and collaboration with HSS, Aon Hewitt validates all of the findings presented within this report. Aon Hewitt would be pleased to answer any questions or provide clarification about the information included in this letter to any interested parties.

Sincerely,

Anil Kochhar, ASA, MAAA

Starting with plan year 2013 and going forward, due to HSS's change to a calendar year plan, the 10-county survey calendar year change rule, approved by the HSS board April 12, 2012, is applied to all county's with calendar year plans. For these counties the average employer contribution was trended forward to overlap with the 2013 plan year by 6 months.

* Plan years for these counties are not calendar year. Contributions shown for these counties are for July 2012 to June 2013. The 10-county survey calendar year change rule does not apply to these counties.

3. No person owns 20 percent or more in the contractor

4. We provide most of our core services directly through the UnitedHealth Group family of companies. This allows us to offer affordable solutions through integrated data elements and systems, streamlined implementations and unified account management support.

We do work with a variety of external vendors and subcontractors and have listed some of these third parties and the different capacities in which we interact with them. Due to the broad spectrum

of UnitedHealth Group businesses and variations in the contractual relationships we have with each vendor or subcontractor, this list is subject to change and should not be considered exhaustive.

VENDORS AND SUBCONTRACTORS

PRESCRIPTION BENEFITS ADMINISTRATION

Medco Health Solutions, Inc. (Medco) is our business partner in the administration of our pharmacy program. While UnitedHealthcare Pharmacy directs all key aspects of the pharmacy benefit program, we have contracted with Medco to outsource general program administration, including retail network management, since 2000.

NETWORK LEASING

UnitedHealthcare owns the majority of networks we use for providing health care coverage. However, we use leased or vendor networks where it is not feasible to develop our own network. Vendor networks must comply with the same quality standards we use for our own networks. Vendor network compensation varies based on market demands and the customary practices of the local marketplace. We retain responsibility for claim processing. In addition, we oversee all quality issues, including quality control of the physicians and other health care professionals in the network.

OVERPAYMENT IDENTIFICATION VENDORS

We contract with a number of vendors to identify overpayments. These vendors perform a variety of audits, including, but not limited to, credit balance, data mining, COB, contract audits, DRG audits, workers' compensation and subrogation. Generally, these vendors do not perform collections on the overpayments they identify in an effort to reduce the number of vendors approaching physicians. A collection vendor is assigned to collect these overpayments.

OVERPAYMENT COLLECTION VENDORS

We contract with a number of vendors to collect overpayments that are identified internally or from an overpayment identification vendor. Overpayment collection vendors are responsible for sending out the initial overpayment notification letter and will follow up with the physician on outstanding balances through phone calls or subsequent recovery letters. These vendors assist with the resolution of physician disputes/appeals.

MATERNITY MANAGEMENT

We subcontract with Alere (formerly Matria Healthcare) to provide portions of our Healthy Pregnancy Program (HPP). We do use an outside vendor for external review on selected cases.

SHARED SAVINGS PROGRAM

We use Viant, Three Rivers Physician's Network, First Health Networks and MultiPlan's national network of hospitals, physicians and other health care professionals to provide discounts to our customers for non-network claims through our Shared Savings Program (SSP).

HEALTH INFORMATION

Various internal and external sources provide health content to our member Web site, **myuhc.com**. Each resource maintains relationships with various health professionals who write, edit and review

the content created for the site. We screen each vendor for accuracy and independence of content.

SURVEYS

We conduct an annual satisfaction survey based upon the HEDIS 3.0 standards.

Administration of the CAHPS survey is a joint effort between the Survey Research Studies division of OptumInsight (a UnitedHealth Group company) and the Center for the Study of Services (CSS). CSS is certified by NCQA as a CAHPS survey vendor.

SOCIAL SECURITY ADVOCACY ASSISTANCE

Social Security advocacy assistance is provided through another vendor. Claim specialists are trained to educate, guide and monitor the application process for Social Security disability benefits. We then consider offering assistance through Social Security Law Group.

ID CARDS

Our member medical ID cards are produced by Fiserv Output Solutions, a business unit of Fiserv, Inc. Fiserv, headquartered in Stafford, Texas, is a provider of business-critical communications to the financial services, health care, telecommunications, investment services and retail markets.

LEGAL

We will be responsible for holding our vendors to the same standards and requirements to which we agree. We will accept responsibility to the extent that our subcontracted vendor fails to meet any contractual obligation assumed by us.

5. There are no political committees sponsored or controlled by the contractor.

We provide most of our core services directly through the UnitedHealth Group family of companies. This allows us to offer affordable solutions through integrated data elements and</p>

systems, streamlined implementations and unified account management support.

We do work with a variety of external vendors and subcontractors and have listed some of these third parties and the different capacities in which we interact with them. Due to the broad spectrum of UnitedHealth Group businesses and variations in the contractual relationships we have with each vendor or subcontractor, this list is subject to change and should not be considered exhaustive.

VENDORS AND SUBCONTRACTORS

PRESCRIPTION BENEFITS ADMINISTRATION

Medco Health Solutions, Inc. (Medco) is our business partner in the administration of our pharmacy program. While UnitedHealthcare Pharmacy directs all key aspects of the pharmacy benefit program, we have contracted with Medco to outsource general program administration, including retail network management, since 2000.

NETWORK LEASING

UnitedHealthcare owns the majority of networks we use for providing health care coverage. However, we use leased or vendor networks where it is not feasible to develop our own network. Vendor networks must comply with the same quality standards we use for our own networks. Vendor network compensation varies based on market demands and the customary practices of the local marketplace. We retain responsibility for claim processing. In addition, we oversee all quality issues, including quality control of the physicians and other health care professionals in the network.

OVERPAYMENT IDENTIFICATION VENDORS

We contract with a number of vendors to identify overpayments. These vendors perform a variety of audits, including, but not limited to, credit balance, data mining, COB, contract audits, DRG audits, workers' compensation and subrogation. Generally, these vendors do not perform collections on the overpayments they identify in an effort to reduce the number of vendors approaching physicians. A collection vendor is assigned to collect these overpayments.

OVERPAYMENT COLLECTION VENDORS

We contract with a number of vendors to collect overpayments that are identified internally or from an overpayment identification vendor. Overpayment collection vendors are responsible for sending out the initial overpayment notification letter and will follow up with the physician on outstanding balances through phone calls or subsequent recovery letters. These vendors assist with the resolution of physician disputes/appeals.

MATERNITY MANAGEMENT

We subcontract with Alere (formerly Matria Healthcare) to provide portions of our Healthy Pregnancy Program (HPP). We do use an outside vendor for external review on selected cases.

SHARED SAVINGS PROGRAM

We use Viant, Three Rivers Physician's Network, First Health Networks and MultiPlan's national network of hospitals, physicians and other health care professionals to provide discounts to our customers for non-network claims through our Shared Savings Program (SSP).

HEALTH INFORMATION

Various internal and external sources provide health content to our member Web site, **myuhc.com**. Each resource maintains relationships with various health professionals who write, edit and review the content created for the site. We screen each vendor for accuracy and independence of content.

SURVEYS

We conduct an annual satisfaction survey based upon the HEDIS 3.0 standards.

Administration of the CAHPS survey is a joint effort between the Survey Research Studies division of OptumInsight (a UnitedHealth Group company) and the Center for the Study of Services (CSS). CSS is certified by NCQA as a CAHPS survey vendor.

SOCIAL SECURITY ADVOCACY ASSISTANCE

Social Security advocacy assistance is provided through another vendor. Claim specialists are trained to educate, guide and monitor the application process for Social Security disability benefits. We then consider offering assistance through Social Security Law Group.

ID CARDS

Our member medical ID cards are produced by Fiserv Output Solutions, a business unit of Fiserv, Inc. Fiserv, headquartered in Stafford, Texas, is a provider of business-critical communications to the financial services, health care, telecommunications, investment services and retail markets.

LEGAL

We will be responsible for holding our vendors to the same standards and requirements to which we agree. We will accept responsibility to the extent that our subcontracted vendor fails to meet any contractual obligation assumed by us.

5. There are no political committees sponsored or controlled by the contractor.
