## What is the HOPE SF Initiative?

- The collective impact initiative known as HOPE SF is the nation's first large-scale public housing transformation and reparations effort aimed at disrupting intergenerational poverty, reducing social isolation, and creating vibrant mixed-income communities without mass displacement of residents. We value:

# HOPE SF Funding Plan

- The funding plan relies on multiple sources of funds, but primarily on the Housing Trust Fund and cross-subsidy from market rate parcel sales.
- The funding plan is phased over a long period and allows for continued affordable housing development at other sites around the City.
- Approval of City funding sources will undergo standard City annual approval processes on a phase-by-phase basis. The development timelines will be extended if there is not sufficient funding to achieve the current timelines.
- The DAs do not obligate the City financially, but outline the terms by which the projects will be implemented once funding is secured for each phase.
