Section 1. **General Findings.**

1 (a) GSW Arena LLC ("GSW"), an affiliate of the Golden State Warriors, LLC, which  
2 owns and operates the Golden State Warriors National Basketball Association team,  
3 proposes to construct a multi-purpose event center and a variety of mixed uses, including  
4 office, retail, open space, and structured parking on an approximately 11-acre site on Blocks  
5 29-32 (Assessor's Block 8722, Lots 1 and 8) in Mission Bay South (the "Project"). The Project  
6 site is bounded by South Street on the north, Third Street on the west, 16th Street on the  
7 south, and by the future planned realigned Terry A. Francois Boulevard on the east. The  
8 areas on the Project site shown in Public Works ("PW") draft SUR Map Nos. 2015-004 and  
9 2015-005 dated \_\_\_\_\_, 2015 (the "Vacation Area") are subject to certain sanitary  
10 sewer, storm drain, and water line easements (the "Public Utility Easements") and certain  
11 Offers of Dedication (for street and roadway purposes), as indicated on the maps. Copies of  
12 the maps, the Offers, and Public Utility Easements are on file with the Clerk of the Board of  
13 Supervisors in File No. 150997.

14 (b) In accordance with ~~the actions contemplated herein~~ a tentative subdivision map  
15 approval, this Board adopted a ~~resolution concerning~~ motion that included findings pursuant to  
16 the California Environmental Quality Act (California Public Resources Code sections 21000 et  
17 seq.). For purposes of the actions contemplated herein, the Board relies on the  
18 environmental findings in that motion. A copy of said ~~resolution is~~ motion and the  
19 environmental findings are on file with the Clerk of the Board of Supervisors in File No.  
20 ~~150994~~ 151205 and ~~is~~ are incorporated by reference as though fully set forth herein.

21 (c) The Planning Department, in a letter dated November 6, 2015, determined that the  
22 actions contemplated in this ordinance are consistent, on balance, with the City's General  
23 Plan and eight priority policies of Planning Code Section 101.1. A copy of said letter is on file  
24 with the Clerk of the Board of Supervisors in File No. 150997 and is incorporated herein by  
25 reference.

1 (d) In a letter dated November 4, 2015, the Office of Community Investment and  
2 Infrastructure found that the proposed vacation and other actions are consistent with the  
3 Mission Bay South Redevelopment Plan and Plan Documents (the "OCII Letter"). A copy of  
4 the OCII Letter is on file with the Clerk of the Board of Supervisors in File No. 150997 and is  
5 incorporated herein by reference.

6 (e) On November 10, 2015, after a duly noticed public hearing, the San Francisco  
7 Public Utilities Commission, in Resolution No. 15-0235, determined that the Public Utility  
8 Easements were surplus and unnecessary for public utility purposes, and therefore,  
9 recommended that the Board of Supervisors terminate and vacate such Easements subject to  
10 the conditions in this ordinance and authorize the General Manager to quitclaim these real  
11 property interests. A copy of this resolution is on file with the Clerk of the Board of  
12 Supervisors in File No. 150997.

13 (f) The City and FOCIL-MB, LLC, the successor in interest to Catellus Development  
14 Corporation, the original developer for Mission Bay, entered into a license agreement (the  
15 "License Agreement") to allow public and vehicular access to and use of certain temporary  
16 street improvements and underlying land comprising the temporary design of Terry A.  
17 Francois Boulevard. A copy of the License Agreement is on file with the Clerk of the Board of  
18 Supervisors in File No. 150997 and is incorporated herein by reference. The License  
19 Agreement expired by its own terms on or about August 29, 2003, although the public  
20 continues to have access to this temporary section of roadway. A portion of the land that is  
21 subject to the License Agreement has been or will be acquired by GSW for the Project.

22  
23 **Section 2. Summary Vacation of the Public Utility Easements and Offers of**  
24 **Dedication in the Vacation Area.**

25 (a) Findings.

1 (1) California Street and Highways Code Sections 8300 et seq. and San  
2 Francisco Public Works Code Section 787(a) set forth the procedures that the City and  
3 County of San Francisco follows to vacate public streets and public service easements.  
4 California Street and Highways Code Sections 8330 et seq. permits the summary vacation of  
5 a public street or public service easement if certain conditions are satisfied.

6 (2) Section 8333(a) of the California Streets and Highways Code provides that  
7 the legislative body of a local agency may summarily vacate a public service easement under  
8 certain circumstances.

9 (3) Section 8334(a) of the California Streets and Highways Code provides that  
10 the legislative body of a local agency may summarily vacate an excess right-of-way of a street  
11 or highway under certain circumstances. In this case, San Francisco is treating the existing  
12 Offers of Dedication for street and roadway purposes as the equivalent of excess street right-  
13 of-way even though no street improvements have been constructed on the areas identified in  
14 the Offers of Dedication.

15 (4) In PW Order No. 184229, dated November 6, 2015, the Director of Public  
16 Works (the "PW Director") determined: (A) the Public Utility Easements within the Vacation  
17 Area can be summarily vacated under California Streets and Highways Code Section 8333(a)  
18 because the subject easements have not been used for the purposes dedicated or acquired  
19 for five consecutive years prior to the vacation action; (B) the Offers of Dedication within the  
20 Vacation Area can be summarily vacated under California Streets and Highways Code  
21 Section 8334(a) because the Offers of Dedication for public right-of-way are the equivalent of  
22 excess right-of-way that is not required for street or highway purposes as these areas will be  
23 replaced with other offers of dedication for larger areas in accordance with the Mission Bay  
24 South Redevelopment Plan street design requirements; (C) there are no functioning in-place  
5 public or private utility facilities that would be affected by the vacation of the Public Utility

1 Easements within the Vacation Area, which allows the City to proceed with a summary  
2 vacation under Streets and Highways Code Section 8334.5; (D) the areas within the Vacation  
3 Area offered for street and roadway purposes and the Public Utility Easements are  
4 unnecessary for the City's present or prospective public street, sidewalk, and service  
5 easement purposes; (E) pursuant to the Streets and Highways Code Section 892(a), the  
6 Vacation Area hereunder is no longer useful as a nonmotorized transportation facility, as  
7 defined in Section 887 of said Code, because the design of the Project contains new facilities  
8 for bicycle and pedestrian movement that are equal to or in excess of what may currently  
9 exist; and (F) the public interest, convenience, and necessity do not require any easements or  
10 other rights be reserved for any public or private utility facilities that are in place in the  
11 Vacation Area and that any rights based upon any such public or private utility facilities shall  
12 be extinguished automatically upon the effectiveness of the vacation. A copy of the PW Order  
13 is on file with the Clerk of the Board of Supervisors in File No. 150997 and incorporated herein  
14 by reference.

15 (5) In addition, in PW Order No.184229, the PW Director recommends that the  
16 Board retroactively extend the License Agreement for the temporary design of Terry A.  
17 Francois Boulevard Connector Road to allow continued public and vehicular access to and  
18 use of that street segment until such time as the PW Director, in consultation with other  
19 affected City departments, approves alternative traffic routing during construction and,  
20 subsequently, when the permanent design for Terry A. Francois Boulevard in this location is  
21 publicly dedicated and open for public use. In addition, the PW Director recommends that the  
22 Board delegate to the Director of Property the authority to enter into a license with GSW for  
23 public access over that portion of the licensed area acquired by GSW (the "GSW Access  
24 License"), in substantially the form of the proposed license agreement on file with the Clerk of  
25 the Board of Supervisors in File No. 150997 and incorporated herein by reference. The

1 process to publicly dedicate and open streets for public use, such as the subject segment of  
2 Terry A. Francois Boulevard, is described in companion legislation concerning the delegation  
3 of public improvement approvals that is on file with the Clerk of the Board of Supervisors in  
4 File No. 150996.

5 (b) **Ordering a Summary Vacation of the Public Utility Easements and Offers of**  
6 **Dedication in the Vacation Area.**

7 (1) The Board of Supervisors finds that the street and easement vacation action  
8 (the "Vacation Action ") and related approvals specified herein are consistent with the General  
9 Plan and Planning Code Section 101.1 for the reasons set forth in the November 6, 2015  
10 determination of the Planning Department and adopts said findings as its own.

11 (2) The Board of Supervisors finds that the Vacation Action and related  
12 approvals specified herein are consistent with the Mission Bay South Redevelopment Plan for  
13 the reasons set forth in the OCII Letter and adopts said findings as its own.

14 (3) The Board of Supervisors adopts the findings of the PW Director in PW  
15 Order No. 184229 as its own.

16 (4) The Board of Supervisors finds that the Vacation Area is unnecessary for  
17 present or prospective public use, subject to the conditions described in this ordinance.

18 (5) The Board of Supervisors hereby summarily vacates the areas within the  
19 Vacation Area offered for street and roadway purposes and the Public Utilities Easements, as  
20 shown on draft SUR Map Nos. 2015-004 and 2015-005, pursuant to California Street and  
21 Highways Code Sections 8300 et seq. and San Francisco Public Works Code Section 787(a)  
22 and quitclaims its interest in the Vacation Area as described in draft quitclaim deeds and  
23 related termination agreements in substantially the form on file with the Clerk of the Board of  
24 Supervisors in File No. 150997.

1 (6) The public interest and convenience require that the Vacation Action and  
2 related approvals be done as declared in this ordinance.

3 (7) The Vacation Actions shall be conditioned upon: ~~(A) notification from the~~  
4 ~~San Francisco Public Utilities Commission to the PW Director that the Public Utility~~  
5 ~~Easements are surplus and no longer required because they are proposed to be abandoned~~  
6 ~~and/or replaced with equivalent or better public utility facilities as part of the Project and its~~  
7 ~~public improvement requirements under the Mission Bay South Infrastructure Plan and (B) the~~  
8 City's receipt of replacement irrevocable offers of public improvements and recordation of  
9 irrevocable offers for real property underlying such public improvements. Upon the  
10 satisfaction of the conditions, the vacations shall be effective automatically and without the  
11 requirement for further Board action whatsoever as to all of the Vacation Area. The  
12 replacement irrevocable offers of public improvements and real property are described in  
13 companion legislation concerning the delegation of public improvement approvals that is on  
14 file with the Clerk of the Board of Supervisors in File No. 150996 and incorporated herein by  
15 reference. Copies of the draft irrevocable offers are on file with the Clerk of the Board of  
16 Supervisors are in File No. 150996.

17  
18 **Section 3. License Agreement for the Temporary DesignUse of Terry A. Francois**  
19 **Boulevard Connector Road**. The Board of Supervisors approves the ~~retroactive extension~~  
20 ~~the License Agreement~~execution of a license agreement or agreements, substantially in the  
21 form of the License Agreement, which, if feasible and appropriate may include a retroactive  
22 extension of the prior License Agreement, to allow continued public and vehicular access to  
23 and use of the temporary segment of Terry A. Francois Boulevard until such time as the PW  
24 Director, in consultation with other affected City departments, approves alternative traffic  
25 routing during construction and, subsequently, when the permanent design for Terry A.

1 Francois Boulevard in this location is publicly dedicated and open for public use. The Board  
2 of Supervisors hereby delegates to the Director of Property, in consultation with the PW  
3 Director and the City Attorney, the authority to ~~retroactively extend the term of the License~~  
4 ~~Agreement~~ negotiate and execute such license agreement(s) in accordance with the  
5 conditions set forth in this ordinance and to take all actions necessary to implement the intent  
6 of this ordinance in regard to the ~~extension of the~~ temporary Connector Road License  
7 Agreement. The Board of Supervisors hereby authorizes the Director of Property to execute  
8 the GSW Access License in substantially the form presented to this Board and to enter into  
9 any additions, amendments, or other modifications to the GSW Access License (including,  
10 without limitation, the attached exhibits) that the Director of Property, in consultation with the  
11 PW Director and the City Attorney, determines is in the best interest of the City, do not  
12 materially increase the obligations or liabilities of the City, and are necessary or advisable to  
13 implement the intent of this ordinance in regard to providing continued public access to the  
14 segment of the temporary Terry A. Francois Boulevard Connector Road located on property  
15 owned by GSW until such time as the PW Director, in consultation with other affected City  
16 departments, approves alternative traffic routing during construction or when the permanent  
17 design for Terry A. Francois Boulevard in this location is publicly dedicated and open for  
18 public use.

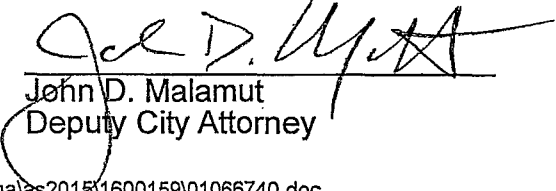

19  
20 Section 4. **Official Acts in Furtherance of the Ordinance.** The Board of Supervisors  
21 directs the PW Director, the Director of Property, and the General Manager of the San  
22 Francisco Public Utilities Commission, in consultation with the City Attorney, to take all actions  
23 necessary to implement the intent of this ordinance, including finalizing and recording of  
24 replacement irrevocable offers of public improvements and real property underlying such

1 improvements and the finalizing and recording of the termination agreements and quitclaim  
2 deeds that release the City's interests in the Vacation Area.

3  
4 Section 5. **Effective Date.** This ordinance shall become effective 30 days after  
5 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the  
6 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board  
7 of Supervisors overrides the Mayor's veto of the ordinance.

**REVISED LEGISLATIVE DIGEST**

(12/8/2015, Amended in Board)

[Golden State Warriors Event Center at Mission Bay - Street and Easement Vacations]

**Ordinance ordering the summary vacation of four easements for water line, sanitary sewer, and/or storm water purposes and two offers of dedication within portions of Assessor's Block No. 8722, Lot Nos. 1 and 8 within the Mission Bay South Redevelopment Plan Area for the Golden State Warriors Event Center and Mixed-Use Development at Mission Bay South Blocks 29-32; authorizing a termination and quitclaim of the easements and other City and County of San Francisco rights and interest in the vacated areas; authorizing the General Manager of the Public Utilities Commission and the Director of Property to execute the quitclaim deeds for the vacated easements and vacation area; providing license agreement(s), including if appropriate, a retroactive extension of the previously executed agreement, for the public's use of the temporary Terry A. Francois Boulevard Connector Road; adopting findings pursuant to the California Environmental Quality Act; and making findings of consistency with the Mission Bay South Redevelopment Plan, the General Plan, and the eight priority policies of Planning Code, Section 101.1, for the actions contemplated in this Ordinance.**

Existing Law

California Streets and Highways Code sections 8300 et seq. and Public Works Code section 787(a) govern the process for the vacation of City streets and public service easements. A summary street vacation, which is an expedited procedure in contrast to a standard street vacation, is permitted when certain conditions are satisfied under State law. Offers of dedication set aside private real property interests, and sometimes proposed public infrastructure, for public purposes and can be terminated through the street vacation process.

Amendments to Current Law

This legislation, in accordance with the terms of State and local law, would summarily vacate four (4) easements for water line, sanitary sewer, and/or storm water purposes and two (2) offers of dedication, subject to certain conditions, on portions of Assessor's Block 8722, Lots 1 and 8 within the Mission Bay South Redevelopment Plan Area in relation to the Golden State Warriors ("GSW") Event Center and mixed-use project. In connection with this, the Ordinance would authorize a termination and quitclaim of the easements and other City and County of San Francisco rights and interest in the vacated areas and allow the General Manager of the Public Utilities Commission and the Director of Property to execute the associated quitclaim deeds for the vacated easements. The legislation would provide a license agreement(s), including if appropriate, a retroactive extension of the previously executed agreement, for the

FILE NO. 150997

public's use of the temporary Terry A. Francois Boulevard Connector Road and approve the creation of a new agreement with the GSW for this purpose. This Ordinance would make environmental findings and findings that the legislation is consistent with the General Plan and the priority policy findings of the Planning Code Section 101.1 and the Mission Bay South Redevelopment Plan.

## PUBLIC UTILITIES COMMISSION

City and County of San Francisco

RESOLUTION NO. 15-0235

WHEREAS, The City and County of San Francisco (City) owns four public service easements, under the jurisdiction of the SFPUC, that encumber portions of the real property located in the City and County of San Francisco designated as Assessor's Block 8722, Lot 001 (the Burdened Property), which is owned by GSW ARENA LLC, a Delaware limited liability company (GSW); and

WHEREAS, Under the terms of the instruments conveying or reserving the Easements, City holds rights allowing for the construction, reconstruction, maintenance, operation, repair, and/or removal of water and sewer lines and related appurtenances, but City has discontinued use of the water and sewer lines placed in the easement areas and has no further use of the Easements in the Burdened Property; and

WHEREAS, GSW is currently developing the Golden State Warriors Event Center and Mixed-Use Development at Mission Bay Blocks 29-32 (the Event Center Project) on the Burdened Property and has requested that City vacate the public service easements associated with the Burdened Property, and convey all of City's right, title, and interest in the Easements to GSW so that GSW may proceed with its construction of the Event Center Project; and

WHEREAS, California Streets and Highways Code Sections 8300 *et seq.* and San Francisco Public Works Code Section 787(a) set forth the procedures that the City and County of San Francisco follows to vacate public service easements. In accordance with the prescribed procedures, the San Francisco Board of Supervisors will consider authorization of an ordinance providing for the summary vacation of the Easements, the execution and delivery of Termination of Easement Agreements and Easement Quitclaim Deeds, terminating the Easements and quitclaiming to GSW the City's interest in the Easements, as set forth in the proposed ordinance in Board of Supervisors File No. 150997 (the Authorizing Ordinance) subject to the satisfaction of certain conditions precedent described in such Authorizing Ordinance, which conditions include City's recordation of irrevocable offers of replacement public improvements and, to the extent not already owned by City, for real property underlying such public improvements; and

WHEREAS, The SFPUC Wastewater Collection System Division, SFPUC City Distribution Division and City Department of Public Works have advised this Commission that there are no in-place public utility facilities that are in use that would be affected by the vacation and quit claim of the Easements; and

WHEREAS, The City and Catellus Development Corporation entered into the Mission Bay South Owner Participation Agreement, to which the SFPUC consented by SFPUC Resolution No. 98-0238, and SFPUC anticipated dedication of new water and wastewater infrastructure within public streets or within dedicated easements serving the Burdened Property and Mission Bay, and has received, and anticipates further dedications of, utility infrastructure and easements (Replacement Infrastructure); and

WHEREAS, The value of the Replacement Infrastructure in public streets serving the Burdened Property and related easements for Replacement Infrastructure not located in public streets in Mission Bay exceed the estimated value of the now unused Easements planned for termination; and

WHEREAS, The Office of Community Investment and Infrastructure, successor to the former Redevelopment Agency of the City and County of San Francisco ("OCII"), in accordance with California Environmental Quality Act, California Public Resources Code Sections 21000 et seq. ("CEQA"), and acting in its capacity as lead agency, Public Resources Code Section 21067, prepared a Final Subsequent Environmental Impact Report ("FSEIR") for the Event Center Project consisting of the Draft Subsequent Environmental Impact Report (GSW DSEIR"), the comments received during the review period, any additional information that became available after the publication of the GSW DSEIR, and the Draft Summary of Comments and Responses, all as required by law, copies of which are available through the Secretary of the San Francisco Public Utilities Commission, and are incorporated herein by reference; and,

WHEREAS, On November 3, 2015, the Commission on Community Investment and Infrastructure reviewed and considered the FSEIR and by Resolution No. 70-2015, certified the FSEIR in compliance with CEQA. Said certification included minor technical errata as set forth in the November 3, 2015, memorandum from Environmental Sciences Associates to Sally Oerth, Office of Community Investment and Infrastructure, and incorporated herein by reference; and,

WHEREAS, On November 3, 2015, the San Francisco Municipal Transportation Agency ("SFMTA") Board of Directors, acting in its capacity as a responsible agency, as such term is defined in CEQA, Public Resources Code Section 21069, after a duly noticed public hearing, adopted Resolution No.15-154, which includes required findings under CEQA and a Statement of Overriding Considerations ("CEQA Findings"), the above-mentioned errata, and various approval actions in regard to the Event Center Project. The SFMTA Resolution and the SFMTA CEQA Findings are incorporated herein by this reference and made part of the record before this Commission; and

WHEREAS, The FSEIR files, other Project-related OCII files, and other materials have been available for review by the San Francisco Public Utilities Commission and the public with the OCII Board Secretary at 1 S. Van Ness, 5th Floor, San Francisco, CA 94103, through this Commission's Secretary, and at [www.gsweventcenter.com](http://www.gsweventcenter.com), and those files are incorporated herein by this reference and made part of the record before this Commission; and,

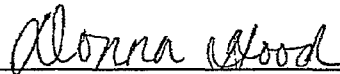

WHEREAS, The San Francisco Public Utilities Commission, acting in its capacity as a responsible agency under CEQA, has reviewed and considered the information contained in the FSEIR for the Event Center Project and the SFMTA CEQA Findings; now, therefore, be it

RESOLVED, That the SFPUC in relation to the actions set forth herein adopts the SFMTA CEQA Findings, including without limitation, the Statement of Overriding Considerations and the Mitigation Monitoring and Reporting Program, as its own, and the SFPUC has not identified any feasible alternative or additional feasible mitigation measures within its powers that would substantially lessen or avoid any significant effect the Project would have on the environment; and be it

FURTHER RESOLVED, That this Commission hereby finds that the Easements are surplus and unnecessary for any present and prospective SFPUC utility uses, and authorizes the SFPUC General Manager, upon approval by the Board of Supervisors and the Mayor of the Authorizing Ordinance, to execute the Termination of Easement and Easement Quitclaim Deeds, or to delegate such execution to the City Director of Property, in substantially the same form presented to this Commission, provided that the Termination of Easement and Easement Quitclaim Deeds shall not be delivered to GSW until the Director of the Department of Public Works confirms to the SFPUC General Manager that conditions precedent described in the Authorizing Ordinance have been satisfied; and be it

FURTHER RESOLVED, That upon approval by City's Board of Supervisors and the Mayor, this Commission authorizes the General Manager and/or the City Director of Property to take any and all other steps they, in consultation with the City Attorney, deem necessary and advisable to effectuate the purpose and intent of this Resolution.

*I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of November 10, 2015.*

Recommendation: Approval with Conditions

ADOPTING FINDINGS UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (“CEQA”) AND FINDINGS RELATING TO THE DESIGN APPROVAL PURSUANT TO PLANNING COMMISSION RESOLUTION NO. 14702 AND MOTION NO. 17709, FOR TWO NEW BUILDINGS WITH A TOTAL OF APPROXIMATELY 577,000 GROSS SQUARE FEET OF OFFICE USE, APPROXIMATELY 54,000 SQUARE FEET OF RETAIL SPACE, AND UP TO 546 OFF-STREET PARKING SPACES, ON PROPERTY THAT RECEIVED AN ALLOCATION OF 677,020 GROSS SQUARE FEET OF OFFICE USE PURSUANT TO PLANNING COMMISSION RESOLUTION NO. 17709, ON ASSESSOR’S BLOCK 8722, LOT 001, AKA MISSION BAY SOUTH BLOCKS 29 AND 31 IN THE MISSION BAY SOUTH REDEVELOPMENT AREA WITHIN THE MISSION BAY COMMERCIAL-INDUSTRIAL-RESIDENTIAL ZONING DISTRICT AND HZ-5 HEIGHT DISTRICT.

### PREAMBLE

Whereas, GSW Arena LLC (“GSW” or “Project Sponsor”), an affiliate of the Golden State Warriors, LLC, which owns and operates the Golden State Warriors National Basketball Association team, proposes to construct a multi-purpose event center and a variety of mixed uses, including office, retail, open space, and structured parking on an approximately 11-acre site on Blocks 29-32 (Assessor’s Block 8722, Lots 1 and 8) in Mission Bay South Redevelopment Area (the “Event Center Project”). The Event Center Project

site is bounded by South Street on the north, 3rd Street on the west, 16th Street on the south, and the future planned realigned Terry A. Francois Boulevard on the east.

Whereas, on October 09, 2015, the Golden State Warriors, (hereinafter "Project Sponsor") filed Application No. 2014-002701OFA with the City and County of San Francisco Planning Department ("Department") for design approval and authorization of 577,000 gross square feet of office use in two new buildings, that are part of the Event Center Project, the "South Street Building" located on a portion of Block 29 of the Mission Bay South Redevelopment Project Area ("MBS Redevelopment Project Area"), and the "16th Street Building" located on a portion of Block 31 in the MBS Redevelopment Project Area, pursuant to Planning Commission Resolution No. 14702 and Motion No. 17709, on Assessor's Block 8722, lot 001, aka Mission Bay South Blocks 29 - 32.

Whereas, the South Street Building and the 16th Street Building are part of the Event Center Project and the design of these two buildings are the only elements of the Event Center Project that is subject to Planning Commission action.

Whereas, the Office of Community Investment and Infrastructure ("OCII") is the successor to the former Redevelopment Agency of the City and County of San Francisco and administers the development of projects in the MBS Redevelopment Project Area.

Whereas, the OCII and the Planning Department, together acting as co-lead agencies for conducting environmental review for the MBS Redevelopment Project Area, and other permits, approvals and related and collateral actions related to the Mission Bay South Redevelopment Project (the "MBS Project"), prepared and certified a Final Subsequent Environmental Impact Report (the "Mission Bay FSEIR"). The Agency and Commission certified the Mission Bay FSEIR for the MBS Project on September 17, 1998 by Resolution No. 182-98 and Resolution No. 14696, respectively. Also on September 17, 1998, the Agency and the Commission, by Resolution No.183-98 and Resolution No. 14697, respectively, adopted environmental findings (and a statement of overriding considerations, that the unavoidable negative impacts of the MBS Project are acceptable because the economic, social, legal, technological and other benefits of the MBS Project outweigh the negative impacts on the environment) pursuant to the California Environmental Quality Act, California Public Resources Code Sections 21000 et seq. ("CEQA") and State CEQA Guidelines, Title 14 California Code of Regulations Sections 15000 et seq. ("CEQA Guidelines") in connection with the approval of the MBS Plan and other MBS Project approvals. On October 19, 1998, the Board of Supervisors adopted Motion No. 98-132 affirming certification of the FSEIR by the Planning Commission and the Agency, and by Resolution No. 854-98 adopting environmental findings (and a statement of overriding considerations).

Whereas, the OCII, in accordance with CEQA and the CEQA Guidelines, and acting in its capacity as lead agency under CEQA Section 20167 for projects in the Mission Bay Project Area, determined that the Event Center Project required preparation of a Final Subsequent Environmental Impact Report ("FSEIR"). The OCII prepared the Event Center Project FSEIR, which tiers off the Mission Bay FSEIR. The Event Center Project FSEIR consists of the Draft Subsequent Environmental Impact Report ("GSW DSEIR"), the comments received during the review period, any additional information that became available after the publication of the GSW DSEIR, and the Responses to Comments document, all as required by law, copies

of which are available through Jonas P. Ionin, the Planning Department custodian of records as described below and are incorporated herein by reference.

Whereas, the requested design approval is an implementation action pursuant to and within the scope of the project analyzed in the Event Center Project FSEIR. On November 3, 2015, the Commission on Community Investment and Infrastructure reviewed and considered the FSEIR and, by Resolution No. 69-2015, certified the FSEIR in compliance with CEQA. Said certification included minor technical errata to the Responses to Comments of the FSEIR and the Project mitigation monitoring and reporting program as set forth in the November 3, 2015 memorandum from Environmental Science Associations to Sally Oerth, Office of Community Investment and Infrastructure, which is incorporated in this motion by this reference. The Commission on Community Investment and Infrastructure then adopted required findings under CEQA by Resolution No 70-2015, and took various approval actions including an approval of amendments to the Mission Bay South Design for Development ("MBS D for D") by Resolution No. 71-205, and conditional approval of the Major Phase and combined Basic Concept and Schematic Design of the Event Center Project by Resolution No. 72-2015.

Whereas, on November 3, 2015, the San Francisco Municipal Transportation Agency ("SFMTA") Board of Directors, acting in its capacity as a responsible agency for the Event Center Project, as such term is defined in CEQA, Public Resources Code Section 21069, after a duly noticed public hearing, adopted SFMTA Resolution No. 15-154, which includes required findings under CEQA, including a Statement of Overriding Considerations ("CEQA Findings"), and the above mentioned errata, and took various approval actions in regard to the Event Center Project. Said Resolution and the SFMTA CEQA Findings are incorporated herein by reference. The FSEIR files, other Project-related OCII files, and other materials have been available for review by the Planning Commission and the public with the OCII Board Secretary at 1 S. Van Ness, 5th Floor, San Francisco, CA 94103, through Jonas P. Ionin, the Planning Department custodian of records as described below, and at [www.gsweventcenter.com](http://www.gsweventcenter.com), and those files are incorporated herein by reference and made part of the record before this Commission.

Whereas, the Planning Commission, acting in its capacity as a responsible agency under CEQA, has reviewed and considered the information contained in the FSEIR for the Event Center Project and the SFMTA CEQA Findings.

Whereas, on September 17, 1998, the Planning Commission (hereinafter "Commission") determined that the Mission Bay South Redevelopment Plan ("MBS Plan") (Planning Department Case No. 96.771EMTZR), provides for a type, intensity, and location of development that is consistent with the overall goals, objectives, and policies of the General Plan, as well as the Eight Priority Policies of Section 101.1(b) of the Planning Code ("Code"), in Planning Commission Resolution No. 14702.

Whereas, on September 17, 1998, the Commission authorized a total of 5,953,600 gross square feet of office use from the Office Development Annual Limit, as defined in Planning Code Sections 320, 321 and 322, for the proposed Mission Bay North and Mission Bay South Redevelopment Plans, as noted in Planning Commission Resolution No. 14702.

Whereas, on July 16, 2008, the Commission, by Motion No. 17709 authorized, pursuant to Resolution No. 14702 and Planning Code Section 321, the creation of the Alexandria Mission Bay Life Sciences and

Technology District ("Development District"), for which previously allocated office space and future allocations would be limited by this authorization to 1,350,000 leasable square feet of office space, until entirely allocated, as further described below. Blocks 29-32 are included in the Development District and have been allocated a total of 677,020 sf. of office space pursuant to Motion No. 17709.

Whereas, Motion No. 17709 provided that authorization for construction of future buildings with an office component in the Development District would be subject to Commission review with regard to design for compliance with the MBS D for D and in accordance with Resolution No. 14702.

Whereas, the Planning Department, Jonas P. Ionin, is the custodian of records, located in the File for Case No. 2014-002701OFA at 1650 Mission Street, Fourth Floor, San Francisco, California.

Whereas, on November 5, 2015, the Planning Commission ("Commission") conducted a duly noticed public hearing at a regularly scheduled meeting on Office Allocation Application No. 2014-002701OFA.

Whereas, the Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

**MOVED**, that the Commission in relation to the actions set forth in this Motion hereby adopts the SFMTA CEQA Findings as its own and,

**FURTHER MOVED**, that the Commission hereby approves the design for construction of the South Street Building and the 16<sup>th</sup> Street Building and authorizes 577,000 gross square feet of Office Development requested in Application No. 2014-002701OFA, pursuant to the criteria established in Planning Commission Resolution No. 14702 and Motion No. 17709, subject to the conditions contained in "EXHIBIT A" of this motion, based on the following findings:

## **FINDINGS**

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The above recitals are accurate and constitute findings of this Commission.
2. **Site Description and Present Use.** The site is located in the MBS Redevelopment Project Area, in the MBS Plan's Commercial-Industrial-Retail Zoning District, and the MBS D for D's Height Zone 5 (HZ-5). Lot 001 in Assessor's Block 8722, also known as MBS Block 29-32, is approximately 11 acres, and is bounded to the north by South Street, to the west by Third Street and to the South Street by 16<sup>th</sup> street, and to the west by Third Street. The site is currently partially occupied by paved, metered surface parking.
3. **Project Description.** On portions of MBS Blocks 29 and 31, the proposal would construct two new office buildings, the 16<sup>th</sup> Street Building and the South Street Building, with a total of

approximately 640,000 gross square feet. The South Street Building is a 342,272 gross square foot, 11-story building, approximately 160-feet in height, located at the corner of Third Street and South Street. The 16<sup>th</sup> Street Building is an 11-story, approximately 160-foot tall building containing approximately 297,694 gross square feet, situated near the corner of Third Street and 16<sup>th</sup> Street. A common access driveway on 16<sup>th</sup> Street will provide loading and service to both buildings. A large publicly accessible open space plaza, approximately 1-acre, is centrally located between the two office buildings. The proposal includes up to 577,000 square feet of office and approximately 19,400 square feet of ground floor retail. Specifically, the South Street Building would contain approximately 309,436 square feet of office space, while the 16<sup>th</sup> Street Building would contain approximately 267,486 square feet of office space. A total of 950 off-street parking spaces will be located in an at-grade and underground parking garage that is part of the Event Center Project, 546 spaces would be dedicated for the office uses, and 124 bicycle parking spaces located on-site in ground floor bike rooms will be dedicated to the office and retail uses.

4. **Public Comment.** The Mission Bay Citizen's Advisory Committee (CAC) is the official community group leading the community process for the Event Center Project. The CAC has discussed the Event Center Project, and related topics, at its May, August, September, October, November and December 2014 meetings, as well as three other meetings in March and April 2015. The Schematic Designs were discussed by the Mission Bay CAC at the March and April 2015 meetings, and again on October 8, 2015 when the CAC voted unanimously to recommend approval of the designs. In addition to meeting with the CAC, the GSW and OCII/City staff have also reached out to other stakeholders, including:
- Mission Bay life science community
  - Neighborhood leaders from: South Beach, Rincon Hill, Mission Bay, Dogpatch, and Potrero Hill
  - UCSF
  - San Francisco Giants
  - San Francisco Bicycle Coalition
  - Walk San Francisco
  - Local residents and business/merchants
  - Regional transportation providers such as BART, Caltrain, WETA, Golden Gate Transit, and Caltrans.

On October 6, 2015 the University of California San Francisco endorsed the Event Center Project; on October 8, and on October 20, 2015 the Mission Bay life science community, represented by thirteen of the largest biotech companies in San Francisco, officially supported the Event Center Project.

5. **Planning Commission Resolution No. 14702.** Under Planning Commission Resolution No. 14702, the Commission determined that the office development contemplated in the MBS Plan in particular promotes the public welfare, convenience and necessity, and was consistent with the factors set forth in Sections 321(b)(3)(A)-(G).

In considering the guidelines set forth in Section 321(b)(3)(A)-(G), the Commission determined that the apportionment of office space over the anticipated 30-year build-out of the MBS

Redevelopment Project Area will remain within the limits set by Section 321, and will maintain a balance among economic growth, housing, transportation, and public services, pursuant to terms of the MBS Plan and Plan Documents, which provide for the appropriate construction and provision of housing, roadways, transit, and all other necessary public services in accordance with the Infrastructure Plan (as defined in the MBS Plan Documents).

The development of office space is an element of the MBS Plan, which, among other things, provides for: "Strengthening the economic base of the Plan Area and the community by strengthening retail and other commercial functions in the Plan Area through the addition of approximately 335,000 leasable square feet of retail space ... and about 5,953,600 leasable square feet of mixed office, research and development and light manufacturing uses."

The Commission further determined in Resolution No. 14702 that it would review any specific office development subject to Sections 320-325 to confirm that the design of that office development is consistent with the findings in Resolution No. 14702 using the design standards and guidelines in the MBS D for D and upon such a determination would issue a project authorization for the proposed development.

6. **Mission Bay South Design for Development Standards.** The MBS D for D is a companion document to the MBS Plan. It contains Design Standards and Design Guidelines, which apply to all development within the MBS Plan Area. The MBS Plan provides that the Plan and other documents adopted with Plan, including the MBS D for D, supersede the San Francisco Planning Code in its entirety, except as otherwise provided in the MBS Plan.

The D for D has been amended by OCII (or its predecessor agency) four times since its adoption in 1998, most recently on November 3, 2015 by Resolution No. 71-2015. This fourth amendment was approved primarily to address the unique characteristics of the Event Center Arena that is a component of the Event Center Project. The amendments included minor changes that relate to design standards and guidelines relevant to the 16<sup>th</sup> Street Building and South Street Building. These included allocation of an unused tower from Height Zone 2 to Height Zone 5 (for an amended total of 4 instead of 3 towers within HZ-5) the designation of the fourth tower location on Blocks 29 or 31, and minor adjustments to the HZ-5 developable area percentages to accommodate the Event Center Project, and the addition of minimum tower separation requirements between a tower and Event Center building.

The proposed 16<sup>th</sup> Street Building and South Street Building conform to the MBS Plan and the amended MBS D for D standards and guidelines as described below in findings 7 and 8, respectively:

In MBS, development plans for buildings are preceded by the approval of a Major Phase, which generally covers one or several MBS blocks and in which such items as the general appearance, site planning (program of uses, estimated: range of development density, parking, loading, square footage of each use and schedule for development, utilities, transit, vehicular, pedestrian and bicycle circulation, open space, private and public) and streetscape are considered. Any major phase should also meet the MBS Plan and MBS D for D standards and guidelines.

The Major Phase and Schematic Design for Blocks 29 to 32 was combined into a single review and approval by the Office of Community Investment and Infrastructure Commission on November 3, 2015 by Resolution No. 72-2015.

7. **Office of Community Investment and Infrastructure Compliance.** At the November 3, 2015 meeting, the Office of Community Investment and Infrastructure (OCII) Commission found and determined that the Major Phase and Schematic Design for the entire Event Center and Mixed Use Development Project are, on balance, consistent with the Commercial Industrial Guidelines of the MBS D for D, and is consistent with MBS D for D as amended. The 16<sup>th</sup> Street Building and the South Street Building are specifically consistent with MBS D for D Design Standards and Commercial/Industrial Guidelines in the following manner:

- a) Land Use. Blocks 29 & 31, as shown in Map 2, Land Use Plan of the MBS D for D, is within a designated Commercial Industrial Retail District.

*The 16<sup>th</sup> Street Building and the South Street Building are allowed principal uses under the MBS Redevelopment Plan.*

- b) Height. According to Map 4 of the D for D, Blocks 29 & 31 are within Height Zone-5 (HZ-5), which has the following development controls:

Base Height:	90'
Base Height Coverage:	90% of HZ-5
Tower Height:	160'
Tower Height Coverage:	10% of HZ-5. Max. Number of Towers: 4, 2 of which must be on Blocks 29 or 31
Location of Towers:	No tower permitted in Blocks 26a, 28, 30, 32, 34 & X4.
Corners:	Except for 16 <sup>th</sup> Street and Third Street, no intersection to allow more than 2 towers within 50' of the corner.
Tower Separation:	100' when located on the same block, and a minimum of 40', between and a tower and an Event Center
Orientation:	Towers along 3rd Street not to exceed 160'
Mechanical Equipment:	Exempt from the Height limitation. The exemption is limited to the top 36' (20' for a mechanical penthouse, 16 for top of a ventilator stack) of such features where the height limit is more than 65'.

*The proposed development of MBS Blocks 29 and 31 consists of two office buildings with bases of 90' and towers of a maximum height of 160-ft.*

*The proposal complies with the 100' separation of towers and with the 40' separation from the Event Center building; as required in the D for D.*

*Mechanical equipment would be located on the roof and screened from view, the maximum height of the proposed screens would be 16' for the 16th St. Building and 14'-9" for the South St. Building.*

- c) Bulk. Bulk controls apply above 90' and include the following standards:

Maximum Plan Length: 200'  
Maximum Floor Plane: 20,000 square feet

*The 16th Street Building has a maximum plan length of 199-feet and a maximum floor plane of 20,000 square feet.*

*The South Street Building has a maximum plan length of 192-ft 6-in and a maximum floor plane of 20,000 square feet.*

- d) Setbacks.

Required Setbacks: 5' setback on east side of Third Street from one block south of Channel to Mariposa Street.

*The development of the South Street building proposes ground floor setbacks that range from 35' to 55' from the sidewalk; and the 16<sup>th</sup> Street building proposes ground floor setbacks that range from 10' to 35' from the sidewalk in anticipation of high pedestrian volumes due to the proposed Event Center.*

- e) Coverage and Streetwall. In Commercial Industrial Districts the D for D Document sets forth the following requirements:

Coverage: Non Applicable.

Streetwall:

Minimum Length: Minimum 70% of block frontage length along primary streets required (Third Street and the Commons, a.k.a. Mission Bay Boulevard are considered primary streets; (70% refers to the total measurement from street to street with no exceptions for pedestrian walkways, except for 3<sup>rd</sup> and 16<sup>th</sup> Street frontages surrounding an Event Center).

Minimum Height: 15'.

Maximum Height: Height not to exceed 90' (except for mid-rise, Event Center, and towers.)

Corner Zone Conditions: At all intersections along primary streets, build to streetwall at all corners for a distance of 50'. Height of buildings at the corners to be no less than 15'.

Required Stepbacks: Buildings HZ-5 along the Commons (Mission Bay Boulevard) are required to use a stepback of 30' from the property line at the 55' height and 110' from the property line at the 90' height.

Projections: Architectural projections over a street, alley, park or plaza shall provide a minimum of 8' of vertical clearance over the sidewalk or other surface above which they are situated.

*The minimum streetwall height would be approximately 90-ft, and the maximum streetwall height to be 160-ft for the buildings along Third Street.*

*The proposed building frontages along Third and 16<sup>th</sup> Streets complies with minimum streetwall lengths and corner conditions and heights at corners per amendments to the MBS D for D.*

- f) Sunlight Access to Open Space. As the MBS D for D indicates, additional shadow analysis will not be required unless, as part of a specific project application, the project applicant seeks a variance from the standards determining the shape and location of buildings.

*No exception is required as part of this application.*

- g) Wind Analysis. The MBS D for D indicates that wind review will be required for all projects that include buildings over 100' in height. The height of the proposed building would be 160'.

*A Pedestrian Wind Study was prepared by RWDI for this Site. The Study considered the development proposed in the application. The final Report, dated April 15, 2015 concludes that the, wind conditions at grade around the development were predicted to not to exceed hazard levels year-round.*

- h) View Corridors. View corridors follow street alignments and are based on the following principles: to preserve orientation and visual linkages to the Bay, as well as vistas to hills, the Bay Bridge and downtown skyline; to preserve orientation and visual linkages that provide a sense of place within Mission Bay. View Corridors may terminate in buildings rather than vistas in certain circumstances; a view corridor on MBS Blocks 29-32 may terminate in an Event Center that provides an important architectural statement as recommended in the MBS D for D Commercial Industrial Guidelines.

*The proposed 16<sup>th</sup> Street and South Street Buildings do not block any view corridors as defined above.*

- i) Parking. The number of off-street parking spaces required and/or allowed for uses within MBS applicable to the 16<sup>th</sup> Street Building and South Street Building, as indicated in the D for D are the following:

Office: Maximum and minimum, one space for each 1,000 square feet of gross floor area.

Retail: Maximum, one space for every 500 square feet of gross floor area for up to 20,000 square feet; 1 space per 250 over 20,000 gross feet. Restaurants: 1 space per 200.

Bicycle Parking: One secure bicycle parking space must be provided for every 20 vehicular parking spaces or fraction thereof.

*Based on the gross square footage indicated on the application for Planning Code Section 321 (b) determination for development of Blocks 29 & 31, the maximum number of allowable parking spaces required would be: life science/office uses (545,877 adjusted gross square feet, per OCII calculations) 546 spaces required and provided. Based on the proposed retail area and uses that are part of the office buildings, 130 parking spaces are required. Based on the above, 34 secured bike parking spaces are required. 60 class 1 secured bike spaces are provided at the ground level of the 16<sup>th</sup> St. building; and 64 class 1 secured bike spaces are provided at the ground level of the South St. Building. The 18,064 seat Event Center requires 1 space per 50 seats. The Event Center Project is providing a total of 950 spaces on site and 132 spaces at 450 South Street Parking Garage; therefore the parking provided for the 16<sup>th</sup> Street and South Street Buildings complies with the required standard.*

- j) Loading. The number of loading spaces required and/or allowed for uses within MBS, provided per gross square feet, as indicated in the MBS D for D are the following:

Retail:	One space for retail uses between 10,001 and 60,000 square feet.
Commercial:	Two spaces for commercial uses between 200,001 and 500,000 square feet.
Dimensions:	At least 10' wide, 35' long and 14' high.

*Based on those ratios, the total number of loading spaces would be three. However, based on a loading study for the Event Center Project as a whole including the office uses, the corresponding Major Phase Application indicate thirteen loading spaces located within the structured parking and combined with a parking entrance, satisfying the dimensional requirements indicated in the MBS D for D.*

8. **Mission Bay South Design for Development Design Guidelines-Commercial Industrial Guidelines.** The Applicable Design Guidelines include:

- a) View Corridors

*"View corridors are defined by the Mission Bay street grid....View corridors are primarily to retain views to the Bay, the Channel and the down skyline and to reinforce visual linkages between the UCSF campus and surrounding development. In a few locations in Mission Bay (e.g. near the Freeway and on Blocks 29-32 to accommodate and an Event Center Project) view corridors may terminate in buildings rather than in vistas."*

*The 16<sup>th</sup> Street and South Street Buildings are not located within any view corridors.*

- b) Open Spaces

*"Encourage the development of publicly-accessible open spaces at ground level. Where feasible, design these open spaces in relation to local-serving retail such as cafes and to the public open space network".*

*The 16<sup>th</sup> Street Building and the South Street Building are within the larger development of the Event Center Project on MBS Blocks 29-32 which contemplates the construction of two major publicly*

*accessible open spaces. The Main Plaza is located between the office buildings, along Third Street, and the second is located at the northwest corner of 16th Street and Terry Francois Boulevard. The main plaza is a one-acre publicly accessible open space that is elevated 8 feet above grade. It gradually terraces from the street level by stairs, ramps, and landscape features to be visually and physically and accessible. It is bordered by commercial uses.*

*Building plans include approximately 6,400 square feet of retail space located on the ground floor along Third Street, and approximately 10,000 of retail space directly adjacent to the main plaza on two levels.*

*The smaller 25,000-square foot Southeast Plaza at the corner of Terry Francois and 16th Street leads into the secondary entrance to the Event Center Project and will be used as the primary entrance for events with reduced attendance. A 300-space bicycle valet facility is located on this plaza, and an additional overflow, temporary bicycle corral could be located in this plaza for events anticipated to attract a larger number of bicycle riders. A similar overflow bicycle corral could be provided on other plaza areas throughout the site as needed.*

c) Pedestrian Walkways

*"Walkways are encouraged to enhance the pedestrian experience in the Commercial Industrial area...Walkways to mid-block open spaces or courtyards are encouraged."*

*In addition to the plazas, there are public walkways that wrap around the exterior of the north and eastern-sides of the Event Center to connect the Main Plaza to the Food Hall, Bayfront overlook, main concourse entry, Bayfront Terrace exterior entry, and 16th Street.*

d) Streetwall

*"Commercial areas in San Francisco are noted for streets with buildings at the property line where there is little or no space between the buildings. This historical pattern of development gives San Francisco its intense urban quality and should be a model for Mission Bay development. Commercial Industrial Buildings shall be continuous at the property line on streets, except for occasional breaks in the streetwall."*

*"Setbacks up to 10' from the property line are allowed within a continuous streetwall."*

*"Variations from the streetwall are allowed to create open space, pedestrian circulation space, mid-block lanes and landscaping areas."*

*The ground level of building facades at Third Street would be set back at an angle from the property or setback line to accommodate large pedestrian traffic that integrate ramps, stairs, and landscaping that transition from grade to the raised public open space at the Main Plaza. Additionally, a gatehouse anchors the visual terminus of the 'vara' along Third St. The design balances a traditional streetwall at the corners along Third Street with a public plaza that opens onto Third Street. The design of the office buildings and landscape at ground level is supportive of the street wall and the public plaza.*

*This approach would be consistent with the traditional development pattern that gives San Francisco a vibrant and visually interesting urban quality, as sought by the MBS Design for Development Guidelines.*

e) Streetwall Height

*"Within high density commercial areas of San Francisco such as downtown and South of Market, a typical ratio of street width to streetwall height is approximately 1: 1.25". "The building-street relationship in Mission Bay Commercial Industrial areas should reflect this city pattern."*

*Third Street, the relation of streetwall height to the width of the Street (except for the tower portion) would not exceed the typical ratio found in the high density commercial areas of San Francisco.*

f) Pedestrian Scale

*"Office and other commercial buildings are encouraged to be active and to incorporate visually interesting details and/or decoration into the design of the building base".*

*"Large scale city-serving retail development should attempt to maintain an inviting pedestrian experience on the street. Street level frontage, where feasible, should be primarily devoted to entrances, shop windows, displays and other visually interesting features ... An attempt should be made to maintain a continuous block façade line consistent with block development throughout Mission Bay."*

*Plans for the 16<sup>th</sup> Street and South Street Buildings on MBS Blocks 29 & 31 show approximately 6,400 square feet of retail space and office lobbies fronting Third Street and additional 3000 sf. of retail at a separate "Gatehouse" Building. The ground floor uses are defined by building setbacks that create identifiable transitions to the entries and horizontally articulated by the third floor above.*

*For both the 16<sup>th</sup> Street Building and the South Street Building, the vertical clearance from the ground floor to the bottom of the third floor above would be approximately 25', which would establish an appropriate grand and inviting pedestrian scale. In each case, this building overhang would mitigate the street-level wind conditions identified in the corresponding Wind Study). The exterior expression of the South Street Building facade consists of a glass storefront system that is lined with almost continuous active uses that wrap from South Street, along Third and into the main plaza. The 16<sup>th</sup> Street Building also employs scalar features and materials along Third St. but due to the location of the building core, employs materials on the 16<sup>th</sup> Street façade to impart a human-scale.*

g) Curb Cuts

*"In order to preserve the continuity and quality of the pedestrian environment, curb cuts for parking and service uses are strongly discouraged along Third Street".*

*No curb cuts are proposed along Third Street. The preservation, continuity and quality of the pedestrian environment would be further enhanced with the centralization of all interior loading operations accessible from 16<sup>th</sup> Street.*

h) Height Locations

*"The predominant commercial height zone in Mission Bay allows buildings to a maximum of 90' high. Buildings up to 160' high may be constructed within a percentage of the developable area of each height zone as indicated in the Design Standards."*

*The proposed development of Block 29-32 consists of five buildings: The South Street and 16<sup>th</sup> Street buildings which will raise to a height of 160'; the Event Center arena which will raise to 135'; a 43' high Food Hall and retail building, and a 36' high Gatehouse building. The placement of the different buildings heights within the site takes into account the proximity to parks, the shoreline, views and potential towers in the neighboring blocks. The MBS D for D was amended to allocate an unused tower in Height Zone 2 to Height Zone 5. Height Zone 5 would thus allow for 4 towers.*

i) Skyline Character

*"Skyline character is a significant component of the overall urban composition that is San Francisco and the guidelines encourage development which will complement the existing city pattern and result in new, attractive view element as seen from vantage points."*

*The building massing proposed for the development of Block 29-32 is consistent with the existing city pattern of low buildings near the waterfront, which contributes to the gradual tapering of heights from the hilltops to the water that is characteristic of San Francisco and allows views to the Bay. The towers vary in setback distance from Third Street, which adds to the compositional effect of adding variety.*

j) Building Base

*"For pedestrians, the character of the building base is important in establishing a comfortable scale and environment and should be designed to achieve this ... Variety at street level for pedestrian scale can be achieved through the use of design features such as stairs, entries, expressed structural elements, arcades, projections, rusticated materials and landscaping."*

*The proposed location and massing of the 16<sup>th</sup> Street Building and South Street building podiums anchors the two main corners of Third and South and Third and 16<sup>th</sup>, while continuing a street wall, and framing a major public open space.*

*The base of the western side of the South Street Building is set back 50' from the property line to allow for increased pedestrian volumes. The base would be characterized by a 25' high transparent glass storefront containing corner retail and the main building lobby. The upper floors of the podium would over hang the base to provide a sheltered transition space from rain and wind. (See corresponding*

*Wind Study). The building entrance is highlighted by a projecting canopy. A transparent and active lobby wraps around and continues to engage with South Street.*

*The base of the western side of 16th Street Building shares most of the characteristics of the base of the South Street Building (expression of structural columns, use of clear glass, recessed entries and an overhang). Sculptural use of materials and a landscaped 23' setback along 16th continue the ground level of the 16th Street Building.*

k) Roofscape

*"Recognizing that Mission Bay building roofs may be visible from higher surrounding locations, they should be designed consistent with the distinctive architecture of the building". "Roofs should use non-reflective, low intensity colors". "Mechanical equipment should be organized and designed as a component of the roofscape and not appear to be a leftover or add-on element. Mechanical equipment should be screened as provided in the Design Standards."*

*The plans and elevations for the proposed 16th Street Building and South Street buildings indicate that mechanical equipment and rooms, stairs and elevator penthouses, as shown on plans would be organized and screened from view with corrugated metal panel enclosures. The podium roofs, which would be visible from other tall buildings, are proposed as green roofs.*

l) Visual Interest

*"To mitigate the scale of development and create pedestrian friendly environment, building massing should be modulated and articulated to create interest and visual variety".*

*The forms of both office buildings take their cue from the curved form of the Event Center. The podiums are expressed differently to express and interlock with the towers. The 16th Street Building confidently anchors the street corner with the podium wrapping around its sides, whereas the South Street Building is setback from it corner and allows the podium wrap into the Main Plaza with curved forms, to create an invitational gesture for pedestrians.*

*The design of both buildings balances the horizontality that results from the height and bulk of the podiums by massing and plane shifts. Vertical and horizontal articulation occurs through the use of changes in planes between the base levels and the podium levels using serrated planes of glass and mid-scale massing shifts. The materials and patterning are deliberate and subtle but accentuate the clarity of the forms. The vertical glazing/mullion pattern of the curtain walls of the podiums also help vertically articulate the predominantly horizontal buildings.*

*The proposed modulation and articulation of the buildings create interest and visual variety, as sought by the MBS D for D Design Guidelines.*

m) Color and Materials

"Extreme contrast in materials, colors, shapes and other characteristics which will cause buildings to stand out in excess of their public importance should be avoided."

*For both office buildings, the building designs proposes a harmonious palette of light colored materials (combinations of clear vision glass, fritted spandrel panels, and resin coated wood panels,) that would be consistent with the proposed building materials, avoids extreme contrasts and would reflect the generally light tone character of San Francisco buildings.*

9. **General Plan Consistency.** The General Plan Consistency Findings set forth in Motion No. 14702, Case No. 96.771EMTZR (General Plan Consistency Findings and Office Development Authorization, pursuant to Planning Code Sections 320-325) apply to this Motion, and are incorporated herein as though fully set forth.
10. The Commission has reviewed the design standards and guidelines in the MBS D for D and the project design and finds that (1) the MBS D for D standards and guidelines will ensure a quality design, (2) the proposed project is consistent with the MBS D for D and the findings set forth in Commission Resolution 14702, and (3) approval of the design of the proposed project would promote the health, safety and welfare of the City.

### PROJECT DESCRIPTION

GSW Arena LLC ("GSW"), an affiliate of the Golden State Warriors, LLC, which owns and operates the Golden State Warriors National Basketball Association team, proposes to construct a multi-purpose event center and a variety of mixed uses, including office, retail, open space, and structured parking on an approximately 11-acre site on Blocks 29-32 (Assessor's Block 8722, Lots 1 and 8) in Mission Bay South (the "Project"). The Project site is bounded by South Street on the north, Third Street on the west, 16th Street on the south, and by the future planned realigned Terry A. Francois Boulevard on the east.

Project scope and description for this General Plan Referral related to various Project approvals is defined as: a) tentative subdivision map approval, b) the vacation of 4 public utility easements, c) the vacation of 2 irrevocable offers of dedication for street and roadway purposes and d) the acceptance of public sidewalk easement and the acceptance of required but not yet built public improvements in the public right-of-way (collectively the "GPR Actions").

**ENVIRONMENTAL REVIEW**

On November 5, 2015, by Action NoM-19502, Case No. 2014-002701OFA the Planning Commission in accordance with the California Environmental Quality Act, California Public Resources Code Sections 21000 et seq., ("CEQA") and the CEQA Guidelines, California Code of Regulations, Sections 15000 et seq., and acting in its capacity as a responsible agency under Public Resources Code Section 21069, adopted findings required under CEQA ("CEQA Findings"), including a mitigation monitoring and reporting program and a Statement of Overriding Considerations, **in support of its design approval of the Golden State Warriors Event Center & Mixed Use Development** . In adopting those CEQA Findings, the Planning Commission found its approval action to be an implementation action pursuant and within the scope of the project analyzed in the Event Center Project Final Subsequent Environmental Impact Report ("FSEIR"), certified by the Commission on Community Investment and Infrastructure, as the lead agency under CEQA, Public Resources Code Section 21067, on November 3, 2015 by Resolution 69-215. Planning staff has reviewed and considered the FSEIR and CEQA Findings adopted by the Planning Commission by Action No. M-19502, Case No. 2014-002701OFA and hereby incorporates those CEQA Findings by reference into this **general plan referral determination of conformity**. The Planning Commission files, including the CEQA Findings, the Motion, the FSEIR and related materials are on file with the Secretary of the Planning Commission.

**GENERAL PLAN COMPLIANCE AND BASIS FOR RECOMMENDATION**

The GPR Actions are comprised of: tentative subdivision map approval, the vacation of 4 public utility easements, the vacation of 2 irrevocable offers of dedication for street and roadway purposes and the acceptance of public sidewalk easement and the acceptance of required but not yet built public improvements in the public right-of-way. Proposed improvements related to the Project include open spaces, pedestrian staging areas and circulation, a streetscape and plaza section at 3rd Street, streetscape improvements, street and roadway improvements, and sidewalk paving and furnishings. The GPR Actions are consistent with the Eight Priority Policies of Planning Code Section 101.1 as described in the body of this letter and is, on balance, **in-conformity** with the following Objectives and Policies of the General Plan among other General Plan Objectives and Policies:

**COMMERCE AND INDUSTRY ELEMENT****POLICY 1.3**

**Locate commercial and industrial activities according to a generalized commercial and industrial land use plan.**

*Comment on the Commerce and Industry Element: The GPR Actions would accommodate a proposed land use in a location consistent with the City's General Plan and "Commercial Industrial" zoning in the Mission Bay South Redevelopment Plan.*

**RECREATION AND OPEN SPACE ELEMENT**

**OBJECTIVE 1**

Ensure a well-maintained, highly utilized, and integrated open space system.

**OBJECTIVE 2**

Increase recreation and open space to meet the long-term needs of the City and bay region.

**POLICY 2.4**

Support the development of signature public open spaces along the shoreline.

**POLICY 2.6**

Support the development of civic serving open spaces.

**OBJECTIVE 3.**

Improve access and connectivity to open space.

*Comment on the Recreation and Open Space Element: The GPR Actions would result in new open spaces, pedestrian staging areas and circulation, a streetscape and plaza section at 3rd Street, streetscape improvements, and sidewalk paving and furnishings. These new facilities will integrate with, and connect to, the open space network of the surrounding Mission Bay and Central Waterfront areas; including parks along the bay shoreline.*

**URBAN DESIGN ELEMENT**

**OBJECTIVE 1**

Emphasis of the characteristic pattern which gives to the City and its neighborhoods an image, a sense of purpose, and a means of orientation.

**POLICY 1.2**

Recognize, protect and reinforce the existing street pattern, especially as it is related to topography.

**POLICY 1.4**

Protect and promote large-scale landscaping and open space that define districts and topography.

**POLICY 2.9**

**Review proposals for the giving up of street areas in terms of all the public values that streets afford.**

*Comment on the Urban Design Element: The GPR Actions would result in a site plan that integrates logically with the surrounding street grid and network of open spaces. Sightlines and paths of circulation through and around the proposed subdivision map are aligned with surrounding streets, providing clear, legible and direct access to future waterfront open spaces. The proposal includes new open spaces, sidewalks, and sidewalk furnishings which enhance the District's open space network.*

## ENVIRONMENTAL PROTECTION ELEMENT

### OBJECTIVE 4

**Assure that the ambient air of san Francisco and the bay region is clean, provides maximum visibility, and meets air quality standards.**

#### POLICY 4.1

**Support and comply with objectives, policies, and air quality standards of the Bay Area Air Quality Management District.**

#### POLICY 4.2

**Encourage the development and use of urban mass transportation systems in accordance with the objectives and policies of the Transportation Element.**

#### POLICY 4.3

**Encourage greater use of mass transit in the downtown area and restrict the use of motor vehicles where such use would impair air quality.**

*Comment on the Environmental Protection Element: On April 30, 2015, Governor Jerry Brown certified the Event Center Project as an "environmental leadership development project" under the Jobs and Economic Improvement Through Environmental Leadership Act of 2011. Cal. Public Resources Code §§ 21178 et seq. as a result of the Project design and Project Sponsor actions that would support environmental protection goals. The Project was thoroughly analyzed in the FSEIR, and the Commission on Community Investment and Infrastructure, in order to minimize Project impacts on the environment, adopted mitigation measures as part of its CEQA Findings, including measures on air quality and transportation, and imposed these measures on the Project as conditions of approval. The Project includes a comprehensive set of design features, actions, mitigation measures, and improvement measures, such as the MTA Special Event Transit Service Plan and the Project's Transportation Management Plan, among other actions, that will minimize reliance on private vehicular access the Event Center and encourage alternate modes of transportation, such as mass transit and bicycle access.*

**PROPOSITION M FINDINGS – PLANNING CODE SECTION 101.1**

Planning Code Section 101.1 establishes Eight Priority Policies and requires review of discretionary approvals and permits for consistency with said policies. The Project, including the GPR Actions, is found to be consistent with the Eight Priority Policies as set forth in Planning Code Section 101.1 for the following reasons:

**Eight Priority Policies Findings**

The subject project is found to be consistent with the Eight Priority Policies of Planning Code Section 101.1 in that:

The proposed project is found to be consistent with the eight priority policies of Planning Code Section 101.1 in that:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced.

*The GPR Actions would have no adverse effect on neighborhood serving retail uses or opportunities for employment in or ownership of such businesses, as there are currently no neighborhood-serving retail uses on the project site nor in the immediate vicinity.*

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhood.

*The GPR Actions would have no adverse effect on the City's housing stock nor on neighborhood character. The existing housing and neighborhood character will be not be negatively affected.*

3. That the City's supply of affordable housing be preserved and enhanced.

*The GPR Actions would have no adverse effect on the City's supply of affordable housing.*

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

*The GPR Actions would not result in commuter traffic impeding MUNI's transit service given the additional transit services and other transportation programs included in Project, overburdening the streets or altering current neighborhood parking.*

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for residential employment and ownership in these sectors be enhanced.

*The GPR Actions would not affect the existing economic base in this area. As the project site is currently a vacant lot, the proposed vacation of easements will not displace any industrial or service sectors.*

- 6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

*The GPR Actions would not adversely affect achieving the greatest possible preparedness against injury and loss of life in an earthquake. Furthermore, the San Francisco Building Code requires all new development in the Mission Bay plan area be preceded by special site-specific investigations and modeling, which must be incorporated into the plans and specifications for any building to ensure an appropriate engineering design to ameliorate the identified seismic hazards.*

- 7. That landmarks and historic buildings be preserved.

*This site is currently a vacant lot with no landmarked buildings or buildings of historic significance.*

- 8. That our parks and open space and their access to sunlight and vistas be protected from development.

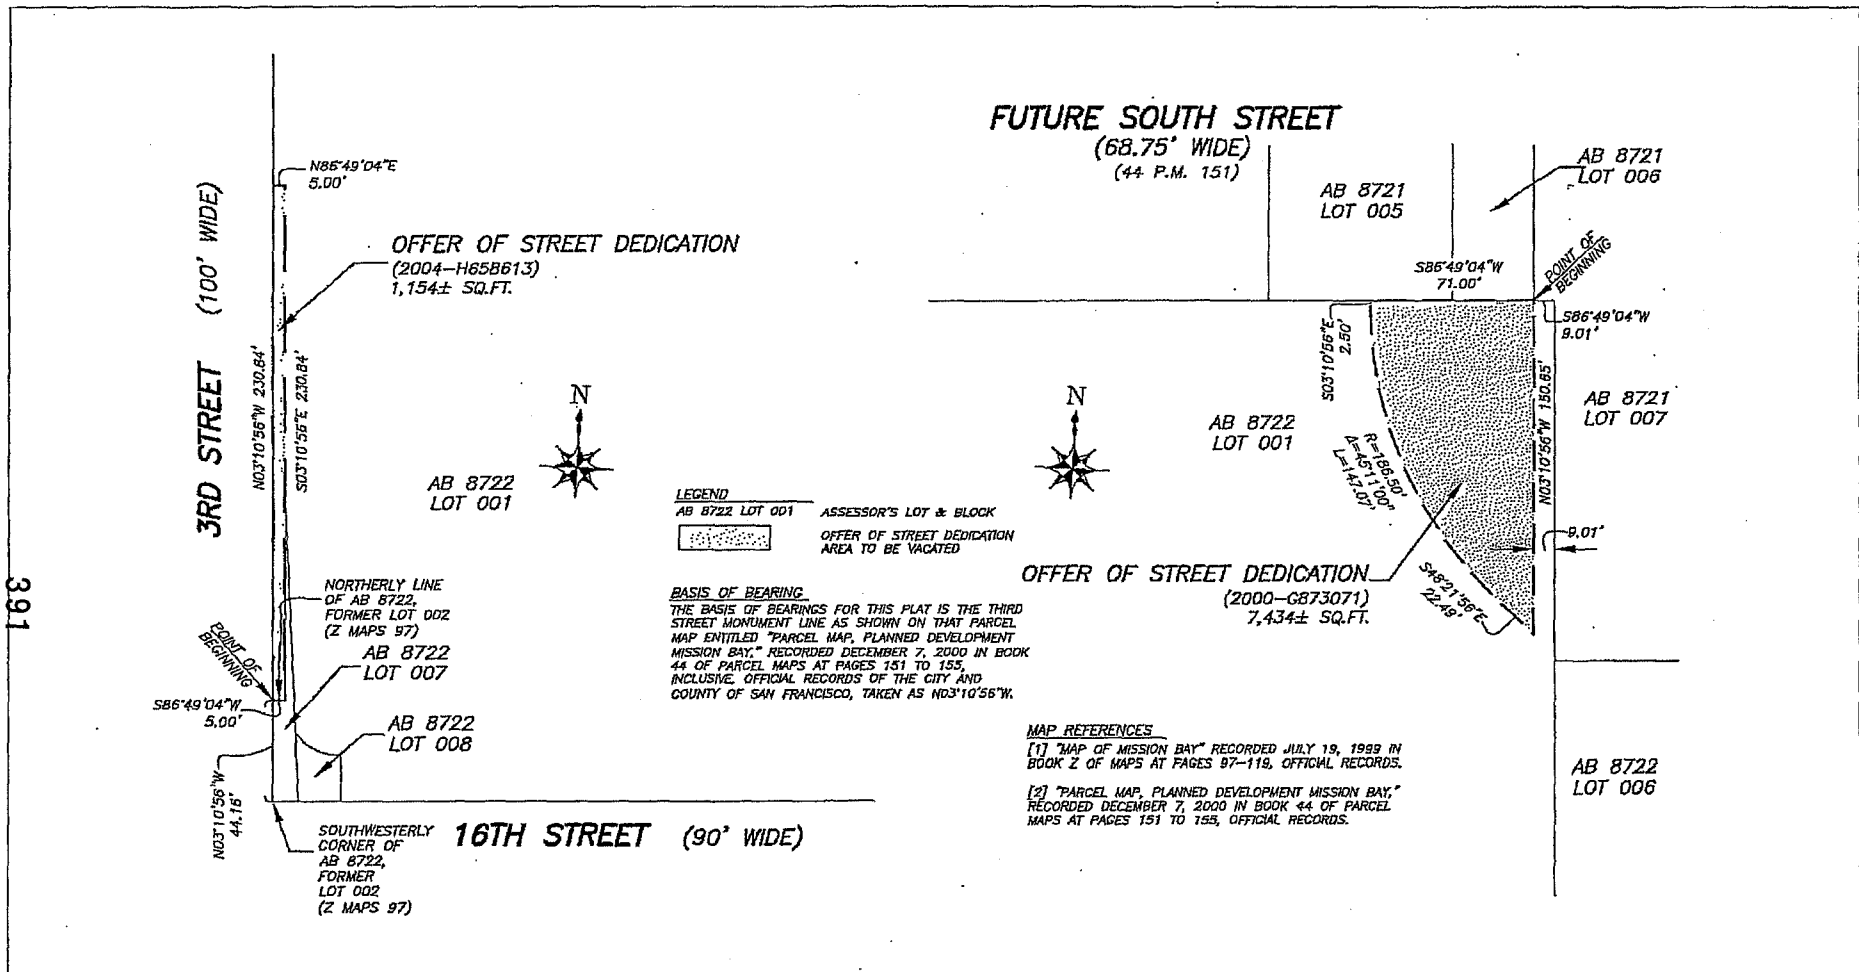

*The GPR Actions and the Project's creation of open spaces and new streets, sidewalks, and sidewalk furnishings would have no adverse effect on parks and open space or their access to sunlight and vista. The shadow impacts of the Project have been fully evaluated in the Draft SEIR, which found that the event center and mixed-use development satisfies the requirements of the Mission Bay South Design for Development criterion for sunlight access to open space.*

### PROJECT DESCRIPTION

GSW Arena LLC ("GSW"), an affiliate of the Golden State Warriors, LLC, which owns and operates the Golden State Warriors National Basketball Association team, proposes to construct a multi-purpose event center and a variety of mixed uses, including office, retail, open space, and structured parking on an approximately 11-acre site on Blocks 29-32 (Assessor's Block 8722, Lots 1 and 8) in Mission Bay South (the "Project"). The Project site is bounded by South Street on the north, Third Street on the west, 16th Street on the south, and by the future planned realigned Terry A. Francois Boulevard on the east.

Project scope and description for this General Plan Referral related to various Project approvals is defined as: a) tentative subdivision map approval, b) the vacation of 4 public utility easements, c) the vacation of 2 irrevocable offers of dedication for street and roadway purposes and d) the acceptance of public sidewalk easement and the acceptance of required but not yet built public improvements in the public right-of-way (collectively the "GPR Actions").

**ENVIRONMENTAL REVIEW**

On November 5, 2015, by Action NoM-19502, Case No. 2014-002701OFA the Planning Commission in accordance with the California Environmental Quality Act, California Public Resources Code Sections 21000 et seq., ("CEQA") and the CEQA Guidelines, California Code of Regulations, Sections 15000 et seq., and acting in its capacity as a responsible agency under Public Resources Code Section 21069, adopted findings required under CEQA ("CEQA Findings"), including a mitigation monitoring and reporting program and a Statement of Overriding Considerations, **in support of its design approval of the Golden State Warriors Event Center & Mixed Use Development**. In adopting those CEQA Findings, the Planning Commission found its approval action to be an implementation action pursuant and within the scope of the project analyzed in the Event Center Project Final Subsequent Environmental Impact Report ("FSEIR"), certified by the Commission on Community Investment and Infrastructure, as the lead agency under CEQA, Public Resources Code Section 21067, on November 3, 2015 by Resolution 69-215. Planning staff has reviewed and considered the FSEIR and CEQA Findings adopted by the Planning Commission by Action No. M-19502, Case No. 2014-002701OFA and hereby incorporates those CEQA Findings by reference into this **general plan referral determination of conformity**. The Planning Commission files, including the CEQA Findings, the Motion, the FSEIR and related materials are on file with the Secretary of the Planning Commission.

**GENERAL PLAN COMPLIANCE AND BASIS FOR RECOMMENDATION**

The GPR Actions are comprised of: tentative subdivision map approval, the vacation of 4 public utility easements, the vacation of 2 irrevocable offers of dedication for street and roadway purposes and the acceptance of public sidewalk easement and the acceptance of required but not yet built public improvements in the public right-of-way. Proposed improvements related to the Project include open spaces, pedestrian staging areas and circulation, a streetscape and plaza section at 3rd Street, streetscape improvements, street and roadway improvements, and sidewalk paving and furnishings. The GPR Actions are consistent with the Eight Priority Policies of Planning Code Section 101.1 as described in the body of this letter and is, on balance, **in-conformity** with the following Objectives and Policies of the General Plan among other General Plan Objectives and Policies:

**COMMERCE AND INDUSTRY ELEMENT****POLICY 1.3**

**Locate commercial and industrial activities according to a generalized commercial and industrial land use plan.**

*Comment on the Commerce and Industry Element: The GPR Actions would accommodate a proposed land use in a location consistent with the City's General Plan and "Commercial Industrial" zoning in the Mission Bay South Redevelopment Plan.*

**RECREATION AND OPEN SPACE ELEMENT**

**OBJECTIVE 1**

Ensure a well-maintained, highly utilized, and integrated open space system.

**OBJECTIVE 2**

Increase recreation and open space to meet the long-term needs of the City and bay region.

**POLICY 2.4**

Support the development of signature public open spaces along the shoreline.

**POLICY 2.6**

Support the development of civic serving open spaces.

**OBJECTIVE 3.**

Improve access and connectivity to open space.

*Comment on the Recreation and Open Space Element: The GPR Actions would result in new open spaces, pedestrian staging areas and circulation, a streetscape and plaza section at 3rd Street, streetscape improvements, and sidewalk paving and furnishings. These new facilities will integrate with, and connect to, the open space network of the surrounding Mission Bay and Central Waterfront areas; including parks along the bay shoreline.*

**URBAN DESIGN ELEMENT**

**OBJECTIVE 1**

Emphasis of the characteristic pattern which gives to the City and its neighborhoods an image, a sense of purpose, and a means of orientation.

**POLICY 1.2**

Recognize, protect and reinforce the existing street pattern, especially as it is related to topography.

**POLICY 1.4**

Protect and promote large-scale landscaping and open space that define districts and topography.

**POLICY 2.9**

**Review proposals for the giving up of street areas in terms of all the public values that streets afford.**

*Comment on the Urban Design Element: The GPR Actions would result in a site plan that integrates logically with the surrounding street grid and network of open spaces. Sightlines and paths of circulation through and around the proposed subdivision map are aligned with surrounding streets, providing clear, legible and direct access to future waterfront open spaces. The proposal includes new open spaces, sidewalks, and sidewalk furnishings which enhance the District's open space network.*

**Encourage the development and use of urban mass transportation systems in accordance with the objectives and policies of the Transportation Element.**

#### POLICY 4.3

**Encourage greater use of mass transit in the downtown area and restrict the use of motor vehicles where such use would impair air quality.**

Re: Golden State Warriors Event Center and Mixed-Use Development Proposed Public Service Easement Vacations – Statement regarding Proposed Easement Vacation Value

Dear Harlan:

GSW Arena LLC is proposing a new event center and mixed-use development (**Project**) on Mission Bay Blocks 29-32 (**Project Site**). The Project Site is burdened with four utility easements in favor of the City and County of San Francisco (**City**), through the San Francisco Public Utilities Commission (**SFPUC**). GSW Arena LLC has asked the SFPUC to vacate its utility easements to allow the Project to move forward. The four utility easements are as follows:

- In 1970, the City vacated El Dorado Street between Third Street and Illinois Street, reserving an easement for a sewer and a water main (**1970 Easement**).
- In 1994, Catellus Development Corporation granted the City a water main easement (**1994 Easement**). The easement agreement contemplates termination of the easement once "reasonable alternative utility service has been provided."
- In 1998, the City approved an agreement to exchange property ownership interests with Catellus Development Corporation to facilitate the redevelopment of Mission Bay (**Mission Bay Land Transfer Agreement**). The Mission Bay Land Transfer Agreement provided a framework for the City to obtain temporary easements to facilitate access to existing utility infrastructure until the easements and infrastructure within the easements were replaced with new infrastructure. The City obtained two wastewater easements as a result of the Mission Bay Land Transfer Agreement.

Because the 1994 Easement and easements stemming from the 1998 Mission Bay Land Transfer Agreement were meant to be temporary easements, to be vacated upon functional replacement of the infrastructure within the easements, the City did not expect to receive any value at the time of the easement vacation.

Some of the functionality of that Mission Bay infrastructure has already been replaced and the rest will be replaced with the dedication of new infrastructure and new streets surrounding the Project Site. Easement quitclaim deeds will not be delivered to GSW Arena LLC until the new infrastructure and streets are completed and accepted.

Additionally, the Mission Bay Redevelopment Project, on the whole, has provided and will provide the SFPUC with new utility easements where necessary. The new and forthcoming easements include, at a minimum, three wastewater pump station control room easements, one water meter easement and a public utility easement within a private street. These are noted in the attached table. Additionally, offers of dedication of property are anticipated from GSW Arena LLC for required street and roadway purposes to be accepted by Director of Public Works and my office.

Based on the information provided above, the SFPUC has already received and will receive sufficient consideration for the proposed four easement vacations as part of the Mission Bay Redevelopment Project.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Updike', with a long horizontal line extending to the right.

The Project site is bounded by South Street on the north, 3rd Street on the west, 16th Street on the south, and by the future planned realigned Terry A. Francois Boulevard on the east. The Public Utility Easements and Offers are on filed on the title of the Project site; and

WHEREAS, On or about March 9, 2015, the Department of Public Works received an application to vacate the Public Utility Easements and the Offers of Dedication within Assessor's Block 8722, Lot 1 in the Mission Bay South Redevelopment Plan area from GSW; and

WHEREAS, The GSW is developer and, as of October 2015, fee title owner of the underlying property of the Vacation Area and the fee title owner consents to the proposed vacation; and

WHEREAS, The Department sent notice of the proposed easement and street vacation, draft drawing and a DPW referral letter to the San Francisco Public Utilities Commission ("SFPUC") and the SFPUC Commission has scheduled a public hearing for November 10, 2015, to consider the vacation of the Public Utility Easements; and

WHEREAS, The Director of Public Works ("PW") for the City and County of San Francisco has determined the following:

1. The vacation is being carried out pursuant to the California Streets and Highways Code sections 8300 et seq., and in particular, Sections 8330 et seq. concerning summary street vacations and San Francisco Public Works Code Section 787.
2. The Offers of Dedication Vacation Area are the equivalent of excess rights-of-way that can be summarily vacated under California Streets and Highways Code 8334(a). In addition, there are no functioning in-place public or private utility facilities that would be affected by the vacation of the Vacation Area, which allows the City to proceed with a summary street vacation under Streets and Highways Code Section 8334.5.
3. The Public Utility Easements have not been used for the purpose for which they were dedicated or acquired for five consecutive years immediately preceding the proposed vacation that can be summarily vacated under California Streets and Highways Code 8333(a). In addition, with the relocation of the abandoned sanitary sewer line and water line under the jurisdiction of the San Francisco Public Utility Commission into the surrounding streets as part of the development project design, there are no functioning in-place public or private utility facilities that would be affected by the vacation of the Vacation Area, which allows the City to proceed with a summary street vacation under Streets and Highways Code Section 8334.5
3. The Vacation Area is unnecessary for the City's present or prospective public street, sidewalk, and service easement purposes.
4. The public interest, convenience, and necessity do not require any easements or other rights be reserved for any public or private utility facilities that are in place in the Vacation Area and that any rights based upon any such public or private utility facilities should be extinguished automatically upon the effectiveness of the vacation and recordation of quitclaims deeds.
5. The Vacation Areas to be vacated are shown on the SUR Map Nos. 2015-004 and 2015-005.
6. Pursuant to the Streets and Highways Code Section 892, the Department finds that the Vacation Area is no longer useful as a non-motorized transportation facility, as defined in Section 887, because the design of the development project contains new facilities for bicycle and pedestrian movement that are equal to or in excess of what may currently exist.

7. The permanent improvements for Terry A. Francois Boulevard have not been constructed, but access to existing building necessitates that the TFB License be retroactively extended until such time PW Director, in consultation with other affected City departments, approves alternative traffic routing during construction or when the permanent design for Terry A. Francois Boulevard in this location is publicly dedicated and open for public use.

8. The vacations should be conditioned upon the following:

(a) notification from the San Francisco Public Utilities Commission to the PW Director that the Public Utility Easements are surplus and no longer required because they are proposed to be abandoned and/or replaced with equivalent or better public utility facilities as part of the Project and its public improvement requirements under the Mission Bay South Infrastructure Plan and (b) the City's receipt of replacement irrevocable offers of public improvements and recordation of irrevocable offers for real property underlying such public improvements.

**NOW THEREFORE BE IT ORDERED THAT,**

The Director approves all of the following documents either attached hereto or referenced herein:

1. Ordinance to summarily vacate the Vacation Area, the Offers of Dedication, the Sewer and Water Easement within portions of Assessor's Block 8722, Lot 1 pursuant to California Streets and Highways Code Sections 8300 *et seq.* and Section 787 of the San Francisco Public Works Code;
2. Vacation Area SUR Map Nos. 2015-004 and 2015-005

The Director further recommends the Board of Supervisors approve the legislation to vacate said Vacation Area and quitclaim its interest in the Vacation Area as described in draft quitclaim deeds and related termination agreements in substantially the form on file with the Clerk of the Board of Supervisors.

The Director further recommends the Board of Supervisors approve the extension of the TFB License, retroactive to its termination and to take other related actions, until the PW Director, in consultation with other affected City departments, approves alternative traffic routing during construction or when the permanent design for Terry A. Francois Boulevard in this location is publicly dedicated and open for public use.

The Director further recommends that the Board of Supervisors direct the PW Director, the Director of Property, and the General Manager of the San Francisco Public Utilities Commission, in consultation with the City Attorney, to take all actions necessary to implement the intent of the vacation ordinance, including finalizing and recording of replacement irrevocable offers of public improvements and real property underlying such improvements and the finalizing and recording of the termination agreements and quitclaim deeds that release the City's interests in the vacation area.

RE: Mission Bay Blocks 29-32 Consistency Determination

Dear Ms. Moy,

The Office of Community Infrastructure and Investment ("OCII") has received your request regarding the Mission Bay Blocks 29-32 Tentative Final Map and Street and Easement Vacation and their consistency with the Mission Bay South Redevelopment Plan ("Plan"), Mission Bay South Owner Participation Agreement ("OPA"), and the approved Blocks 29-32 Major Phase Application (Resolution No. 72-2015).

OCII has reviewed the documents and related materials concerning the conditional approval of the Blocks 29-32 Tentative Final Map, Vacations and other related actions (together with the design elements and improvements incorporated therein and authorized thereby) and finds they are consistent with the Mission Bay South Redevelopment Plan and the Plan Documents (as defined in the Redevelopment Plan), including the Mission Bay South Infrastructure Plan, the Scope of Development and the Design for Development, pursuant to Section 1434 of the Mission Bay Subdivision Code, and finds that the Tentative Final Map, Vacations and other related actions are in substantial conformance with the approved Blocks 29-32 Major Phase, and recommends that the Board of Supervisors approve the all actions contemplated herein.

Grantor reserves the right to make non-exclusive use of the surface of the Easement Area for surface vehicle parking and other uses so long as such uses do not adversely affect the water main pipeline or otherwise interfere with City's use of or access to the Easement or the Easement Area. Grantor shall not construct or permit any structures to be placed on the Easement Area and shall not permit any trees or other vegetation to be planted on or about the Easement Area without City's written consent, which consent may be withheld if City reasonably believes that the roots of such trees or vegetation may interfere with the water main pipeline.

4. Maintenance of the Easement. Except for the construction of the relocated Facilities as provided above, Grantor shall have no duty to maintain or improve the Facilities in the Easement Area. City shall have the right to use, construct, reconstruct, maintain, operate, replace, remove, repair, renew and enlarge the Facilities at its expense upon prior notice to Grantor except in the event of an emergency as determined by City.

5. Ownership of Easement Area. City and Grantor acknowledge and agree that portions of the Easement Area are currently owned in fee by City and not Grantor. The Easement granted herein shall only affect the portions of the Easement Area owned by Grantor. City and Grantor anticipate, however, that some or all of such portions of the Easement Area may be conveyed in the future to Grantor, and agree that City shall reserve easement rights in any such conveyance to Grantor equivalent to City's rights set forth in this Easement.

6. Successors and Assigns. All provisions of this instrument shall be binding upon Grantor, its successors and assigns, and inure to the benefit of City, its successors and assigns.

7. Abandonment of Easement. City may, at its sole option, abandon the Easement by recording a quitclaim deed.

Except as otherwise provided here in, upon recording such release or quitclaim, this Easement, the terms of this instrument and all rights, duties and liabilities hereunder shall be terminated and of no further force or effect. No temporary non-use of the Easement or other conduct except for recordation of the quitclaim deed as provided above shall be deemed abandonment of the Easement.

8. Authority. Each of the persons executing this instrument on behalf of Grantor does hereby covenant and warrant that Grantor is a duly authorized and existing entity, that Grantor has and is qualified to do business in the State of California, that Grantor has full right and authority to grant and convey the Easement to City hereunder, and that each and all of the persons signing on behalf of Grantor are authorized to do so.

EASEMENT AGREEMENT  
(City Water Line Easement)

This Easement Agreement ("Agreement") is made this 30<sup>th</sup> day of June, 1999, by and between Catellus Development Corporation, a Delaware corporation ("Grantor") and the City and County of San Francisco ("Grantee"), with reference to the following facts:

A. Grantor is the owner of those certain parcels of real property situated in the City and County of San Francisco, State of California, described in Exhibit "A" attached hereto (individually, a "Burdened Property", and collectively, the "Burdened Properties").

B. Grantee operates public water lines located within the Burdened Properties.

C. The parties hereto have previously entered into the following agreements:

(i) that certain Amended and Restated Mission Bay City Land Transfer Agreement dated as of November 16, 1998 (the "Amended CLTA") by and between Grantee and Grantor.

(ii) that certain Amended and Restated Mission Bay Port Land Transfer Agreement dated as of November 16, 1998 (the "Amended PLTA") by and between Grantee (acting when necessary therein by and through the San Francisco Port Commission) and Grantor. The Amended CLTA and the Amended PLTA are hereinafter collectively referred to as the "Land Transfer Agreements."

D. At the time of the execution of the foregoing agreements the Burdened Properties were owned by Grantee and consisted of paper and/or existing public streets.

E. Concurrently with the recordation hereof Grantee vacated the Burdened Properties as public streets and conveyed the Burdened Properties to Grantor pursuant to provisions of the Land Transfer Agreements. This Agreement and the easement herein granted are being executed and delivered in order to preserve the continued use and maintenance of certain existing public water lines and related structures operated by Grantee within the Burdened Properties in accordance with the provisions of this Agreement, as contemplated under the Land Transfer Agreements.

NOW, THEREFORE, for valuable consideration, the receipt of which each of the parties hereto does hereby acknowledge, the parties hereto do hereby agree as follows:

1. Grant of Easement. Subject to the provisions of this Agreement, Grantor hereby grants to Grantee a non-exclusive easement ("Easement") for the maintenance, operation, repair and removal of existing public utility facilities, including existing lines, pipes, conduits, and other convenient structures, equipment and fixtures (collectively, the "Facilities"), for the operation of public water lines in their existing locations within the Burdened Properties, together with reasonable access thereto for the purposes set forth above.

2. Limitation on Use. Grantee acknowledges that the Easement herein granted is non-exclusive. Grantee agrees that the use of the Easement herein granted shall not impede work (a) required to be performed by a private or public utility company to repair or maintain any functioning, in-place utility facility located on the Burdened Properties provided that Grantor shall use reasonable efforts to attempt, at no additional cost to Grantor, to cause the utility to perform such work in a manner that will not unreasonably interfere with the use of the Burdened Properties or (b) by Grantor as may reasonably be required for repair or maintenance of the Burdened Properties.

3. Term of Easement.

(a) Term. The Easement granted under Section 1 of this Agreement shall commence on the date hereof and shall terminate, in whole or in part, in accordance with this Section 3. The Grantee may, however, terminate this Easement at any time as to all or any portion of the Burdened Properties by written notice to the Grantor.

(b) Termination. In addition, the Easement described in Section 1 above shall terminate, in whole or in part, upon the earliest of (i) the Grantee's acceptance of a new dedicated public street or streets in place of the portions of the Burdened Properties in which the applicable Facilities are located or (ii) the determination by the Grantee's Director of Public Works that (A) reasonable alternative utility service has been provided to areas served by the applicable Facilities or (B) the areas served by the applicable portion of the Facilities no longer require the service (as may be evidenced by written notice from the owners of the property being served that service is no longer required) and that any new facilities shall be placed in newly dedicated streets pursuant to then applicable franchise rights or other applicable state or federal laws or otherwise in locations and on terms and conditions reasonably satisfactory to Grantee's Director of Property, the Director of Public Works, and where appropriate, the Executive Director of the Port Commission, including, without limitation, the location, term, including scope, access rights and maintenance rights for the new Facilities.

(c) Quitclaim. Upon the termination, in whole or in part, in accordance with this Section 3, of the Easement granted in Section 1 of this Agreement, the Director of Property for Grantee shall cause to be executed, acknowledged and delivered on behalf of Grantee to Grantor a quitclaim deed to evidence such termination (without further action of the Board of Supervisors of Grantee).

4. Condition of the Burdened Properties.

(a) As-Is. Grantor makes no representations or warranties whatsoever, under this Agreement with respect to the current physical condition of the Burdened Properties and Grantor shall have no responsibility under this Agreement with respect thereto (except as otherwise specifically set forth herein), and the use of the Easement herein granted shall be with the Burdened Properties in their "as is" physical condition, except as otherwise specifically provided herein. Grantee hereby waives any and all claims against Grantor arising from, out of or in connection with the suitability of the physical conditions of the Burdened Properties for the uses permitted under Section 1 above. However, Grantor shall not take any action that would unreasonably impair the ability of Grantee to use the Easement herein granted. Nothing herein shall be construed in any way to alter, amend, or otherwise relieve Grantor or Grantee of any of their respective responsibilities with regard to the physical condition of the Burdened Properties (including without limitation, responsibilities with regard to environmental investigation and remediation) set forth in the Land Transfer Agreements or in any other document instrument or agreement by and among the parties.

(b) Maintenance. Grantee agrees to maintain each of the applicable portions of the Burdened Properties in which the Facilities are located in a safe condition and in such physical condition as Grantee reasonably deems necessary to allow Grantee to exercise the Easement provided that such maintenance does not unreasonably impede the use of the Burdened Properties as a roadway by Grantor or Grantor's licensees. In addition, Grantee shall maintain the Facilities in good working order and condition consistent with the manner Grantee maintains other City-owned utilities. Except as specifically herein provided, Grantor and Grantee shall not be obligated to make any repairs, replacements or renewals of any kind, nature or description to the Burdened Properties, including the improvements at any time located on the Burdened Properties. Upon termination of the Easement, or any portion thereof, Grantee shall surrender use and possession of the Burdened Properties, or applicable portion thereof, free and clear of any liens or encumbrances relating to or arising in connection with the use of the Burdened Properties by reason of the Easement.

5. Indemnification.

(a) Indemnity. Grantee shall indemnify, defend and hold Grantor, its officers, directors, shareholders, employees and agents (hereinafter collectively called "Indemnified Parties") harmless from all liabilities, penalties, costs, damages, expenses, causes of action, claims or judgments (including without limitation reasonable attorneys fees) (collectively, "Indemnified Claims"), resulting from (i) injury or the death of any person (including without limitation any Indemnified Party) or physical damage to property, real or personal, of any kind wherever located and by whomever owned (including, without limitation, property owned by an Indemnified Party), which injury, death or physical damage arises out of or is connected with Grantee's (or Grantee's officers, employees, agents, contractors, licensees, or invitees) use or occupancy of any of the Burdened Properties under the authority of the Easement, and (ii) the use, generation, processing, production, packaging, treatment, storage, emission, discharge or disposal of Hazardous Materials (as that term is defined hereinbelow) on or about the Burdened

Properties by Grantee, its agents, employees, contractors, invitees or licensees in connection with the exercise of Grantee's rights under the Easement. For purposes of this Section 5, the term "Hazardous Materials" shall mean any substance, material or waste that, because of its quantity, concentration, or physical or chemical characteristics, poses a significant present or potential hazard to human health and safety or to the environment, including, but not limited to petroleum, petroleum-based products, natural gas, or any substance, material, or waste that is or shall be listed, regulated or defined by federal, state or local statute, regulation, rule, ordinance or other governmental requirement to be hazardous, acutely hazardous, extremely hazardous, toxic, radioactive, biohazardous, infectious, or otherwise dangerous.

(b) Notice. Grantor agrees to give prompt notice to Grantee with respect to any Indemnified Claims initiated or threatened against Grantor, at the address for notices to Grantee set forth herein, and in no event later than the earlier of (i) ten (10) business days after valid service of process as to any suit or (ii) fifteen (15) business days after receiving written notification of the filing of such suit or the assertion of a claim, which Grantor has reason to believe is likely to give rise to an Indemnified Claim hereunder. If prompt notice is not given to Grantee, then Grantee's liability hereunder shall terminate as to the matter for which such notice is not given, provided that failure to notify Grantee shall not affect the rights of Grantor or the obligations of Grantee hereunder unless Grantee is prejudiced by such failure, and then only to the extent of such prejudice. Grantee shall, at its option but subject to the reasonable consent and approval of Grantor, be entitled to control the defense, compromise or settlement of any such matter through counsel of Grantee's own choice; provided, however, that in all cases Grantor shall be entitled to participate in such defense, compromise, or settlement at its own expense. If Grantee shall fail, however, in Grantor's reasonable judgment, within a reasonable time following notice from Grantor alleging such failure, to take reasonable and appropriate action to defend, compromise or settle such Indemnified Claim, Grantor shall have the right promptly to hire counsel at Grantee's sole expense to carry out such defense, compromise or settlement, which expense shall be immediately due and payable to Grantor upon receipt by Grantee of a properly detailed invoice therefor.

6. Litigation Expenses.

(a) General. If either party hereto brings an action or proceeding (including any cross-complaint, counterclaim, or third-party claim) against the other party by reason of a default, or otherwise arising out of this Agreement, the prevailing party in such action or proceeding shall be entitled to its costs and expenses of suit, including but not limited to reasonable attorneys' fees, which shall be payable whether or not such action is prosecuted to judgment. "Prevailing party" within the meaning of this Section 6 shall include without limitation, a party who dismisses an action for recovery hereunder in exchange for payment of the sums allegedly due, performance of covenants allegedly breached, or consideration substantially equal to the relief sought in the action.

(b) Appeal. Attorneys' fees under this Section 6 shall include attorneys' fees on any appeal, and, in addition, a party entitled to attorneys' fees shall be entitled to all other reasonable costs and expenses incurred in connection with such action.

(c) Fee Award for City Attorney's, Catellus In-House Counsel. For purposes of this Agreement, reasonable fees of attorneys of the Grantee's Office of City Attorney and any in-house counsel of Grantor shall be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience in the subject matter area of the law for which Grantee's or Grantor's in-house counsel's services were rendered who practice in the City and County of San Francisco, State of California, in law firms with approximately the same number of attorneys as employed by the Office of City Attorney, or, in the case of Grantor's in-house counsel, as employed by the outside counsel for Grantor.

7. Alternative Dispute Resolution. Grantor and Grantee, by mutual agreement, may submit any factual or other (to the extent Grantee is not prohibited by law or otherwise from doing so) dispute arising under this Agreement to non-binding arbitration, mediation or other alternate dispute resolution mechanism ("ADR") of non-judicial dispute resolution. The party requesting ADR shall give written notice of its request, specifying the requested ADR procedure, to the other parties, who shall notify the requesting parties of its agreement or refusal to proceed within a reasonable time after receipt of the requesting notice. If the parties agree to proceed, they shall select a mutually acceptable individual, with qualifications appropriate to the subject matter of the dispute, to conduct the designated ADR, or, if the parties cannot agree on such individual, they shall submit the dispute for the applicable ADR to a commercial ADR service. In all events, the proceedings shall be conducted only in a manner acceptable to both parties. The parties may enter into operating memoranda from time to time to establish procedures for the initiation and conduct of such ADR mechanisms.

8. Time. Time is of the essence of this Agreement and each and every part thereof.

9. Covenant and Environmental Restriction on Property. This Agreement and the Easement contained herein shall be subject to, and in the use and enjoyment of the Burdened Properties under this Agreement Grantee shall at all times comply with, all of the terms, covenants and conditions set forth in, and/or imposed as a result of that certain Covenant and Environmental Restriction on Property ("Covenant") made by (or to be made by) Grantor, for the benefit of (and in the form previously approved by) the California Regional Water Quality Control Board for the San Francisco Bay Region ("Board"), in order to satisfy one or more conditions imposed by resolution of the Board dated May 20, 1998, to the issuance of a Certificate of Completion under Section 25264 of the California Health and Safety Code with respect to some or all of the Burdened Properties and other property. In addition, as required by the Covenant, in the use and enjoyment of the Burdened Properties under this Agreement, Grantee shall: (1) comply with the Risk Management Plan ("RMP") approved by the Board for the Property and other property, to the extent applicable to the Property, (ii) obligate other entities with which it contracts for construction, property, maintenance or other activities which may disturb soil or groundwater, to comply with the applicable provisions of the RMP, and (iii) not interfere with (and ensure that entities with which it contracts do not interfere with) Grantor's or its successors or assigns compliance with the RMP.

10. Amendment. This Agreement may be amended or otherwise modified only in writing signed and acknowledged by Grantor and Grantee, or the successors and assigns of each, subject to the provisions of Section 15 hereof.

11. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

12. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be entitled to be the original and all of which shall constitute one and the same agreement.

(a) Good Standing. Grantor is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware and is duly qualified and in good standing as a foreign corporation under the laws of the State of California.

(b) Authority. Grantor has full power and authority to enter into this Agreement and to consummate the transactions contemplated by it. This Agreement has been duly authorized by all necessary action on the part of Grantor and no other action on the part of Grantor is necessary to authorize the execution and delivery of this Agreement.

17. Exclusive Benefit of Parties. The provisions of this Agreement are for the exclusive benefit of Grantor and Grantee and their successors and assigns, subject to the provisions hereof, and not for the benefit of nor give rise to any claim or cause of action by any other person; and this Agreement shall not be deemed to have conferred any rights upon any person except Grantor and Grantee. Nothing herein shall be deemed a dedication of any portion of the Burdened Properties to or for the benefit of the general public. The easement herein granted is in gross and for the personal benefit solely of Grantee.

18. Severability. If any provision of this Agreement shall to any extent be invalid or unenforceable, the remainder of this Agreement (or the application of such provisions to persons or circumstances other than those in respect of which it is invalid or unenforceable) shall not be affected thereby, and each provision of this Agreement, unless specifically conditioned upon such invalid or unenforceable provision, shall be valid and enforceable to the fullest extent permitted by law.

19. Entire Agreement. This Agreement, together with any attachments hereto or inclusions by reference, constitute the entire agreement between the parties on the subject matter hereof, and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties hereto with respect to the Easement which is the subject matter of this Agreement.

20. Compliance With Laws. Grantee, at Grantee's expense, shall comply with all laws, statutes, ordinances, rules and regulations of federal, state and local authorities (including, without limitation, Grantee itself) having jurisdiction over the Burdened Properties, now in force or hereafter adopted, with respect to the use by Grantee of the Burdened Properties under the authority of the Easement herein granted.

21. Default. Grantee's failure to perform any covenant or obligation of Grantee hereunder and to cure such non-performance within thirty (30) days of written notice by Grantor shall constitute a default hereunder, provided that if more than thirty (30) days are reasonably required for such cure, no event of default shall occur if Grantee commences such cure within such period and diligently prosecutes such cure to completion. Upon such default Grantor shall be entitled to all remedies and means to cure or correct such default, both legal and equitable, allowed by operation of law except termination of the Easement herein granted.

22. Burden on Land. The Easement created by this Agreement shall be a burden on the Burdened Properties, which burden shall run with the land and shall be binding on any future owners and encumbrancers of the Burdened Properties or any part thereof and their successors and assigns.

23. Insurance; Waiver of Subrogation.

(a) Self-Insurance. It is acknowledged by the parties hereto that this Agreement does not require Grantee to carry liability insurance with respect to its use of the Easement herein granted solely because it is the policy of Grantee to self-insure as to the matters covered by such insurance. Grantee hereby agrees that if to any extent said policy changes so that Grantee does use liability insurance, it will reasonably negotiate with Grantor to provide liability insurance coverage for the use of said Easement to the extent such new policy allows and in such event the terms and provisions of Section 23(b) shall also be applicable.

(b) Waiver. The terms and provisions of this Section 23(b) shall be inoperative unless and until Grantee's policy of self-insurance changes and Grantee is procuring liability insurance covering its use of the Easement granted herein. If Grantee does obtain liability insurance, each party, for itself and, to the extent it is legally permissible for it to do so and without affecting the coverage provided by insurance maintained by such party, on behalf of its insurer hereby releases and waives any right to recover against the other party from any liability for (i) damages for injury to or death of persons, (ii) any loss or damage to property, (iii) any loss or damage to buildings or other improvements, or (iv) claims arising by reason of any of the foregoing, to the extent that such damages and/or claims under (i) through (iv) are covered (and only to the extent of such coverage) by insurance actually carried by each party, irrespective of any negligence on the part of such party which may have contributed to such loss or damage. The provisions of this paragraph (b) are intended to restrict each party (as permitted by law) to recovery for loss or damage against insurance carriers to the extent of such coverage, and waive fully, and for the benefit of the other party, any rights and/or claims that might give rise to a right of subrogation in any such insurance carrier.

24. Tropical Hardwoods and Virgin Redwoods. The City and County of San Francisco urges companies not to import, purchase, obtain or use for any purpose, any tropical hardwood or tropical hardwood wood product or virgin redwood or virgin redwood wood product.

25. MacBride Principles - Northern Ireland. The City and County of San Francisco urges companies doing business in Northern Ireland to move toward resolving employment inequities and encourages them to abide by the MacBride Principles as expressed in San Francisco Administrative Code Section 12F.1, et seq. The City and County of San Francisco also urges San Francisco companies to do business with corporations that abide by the MacBride Principles. Grantor acknowledges that it has read and understands the above statement of the City and County of San Francisco concerning doing business in Northern Ireland.

26. Survival. All representations, warranties, waivers, and indemnities given or made hereunder shall survive termination of this Agreement.

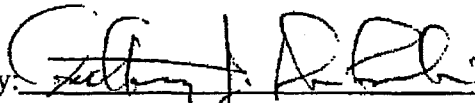

G622172

27. Notices Concerning Use. Grantor reserves the right to record, post and publish notices as referred to in Sections 813, 1008 and 1009 of the California Civil Code; provided, that such notices shall not affect the rights and obligations of Grantor and Grantee hereunder and, where appropriate, any such notice shall include recognition of the provisions of this Agreement.

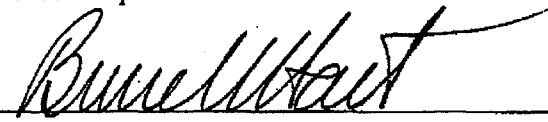

28. Prohibiting City Business with Burma. By its execution of this Agreement, Grantor attests that it is not the government of Burma (Myanmar), a person or business entity organized under the laws of Burma (Myanmar) or a "prohibited person or entity" as defined in San Francisco Administrative Code section 12J.2(G). The Grantee may terminate this Agreement for default if Grantor violates the terms of section 12J.2(G).

IN WITNESS WHEREOF, this Agreement has been executed by the parties hereto on the day and year first above written.

EASEMENT AGREEMENT  
(City Storm/Sewer Easement)

This Easement Agreement ("Agreement") is made this 30<sup>th</sup> day of June, 1999, by and between Catellus Development Corporation, a Delaware corporation ("Grantor") and the City and County of San Francisco ("Grantee"), with reference to the following facts:

A. Grantor is the owner of those certain parcels of real property situated in the City and County of San Francisco, State of California, described in Exhibit "A" attached hereto (individually, a "Burdened Property", and collectively, the "Burdened Properties").

B. Grantee operates combined public storm sewer and sanitary sewer lines located within the Burdened Properties.

C. The parties hereto have previously entered into the following agreements:

(i) that certain Amended and Restated Mission Bay City Land Transfer Agreement dated as of November 16, 1998 (the "Amended CLTA") by and between Grantee and Grantor.

(ii) that certain Amended and Restated Mission Bay Port Land Transfer Agreement dated as of November 16, 1998 (the "Amended PLTA") by and between Grantee (acting when necessary therein by and through the San Francisco Port Commission) and Grantor. The Amended CLTA and the Amended PLTA are hereinafter collectively referred to as the "Land Transfer Agreements."

D. At the time of the execution of the foregoing agreements the Burdened Properties were owned by Grantee and consisted of paper and/or existing public streets.

E. Concurrently with the recordation hereof Grantee vacated the Burdened Properties as public streets and conveyed the Burdened Properties to Grantor pursuant to provisions of the Land Transfer Agreements.

ggx

F. This Agreement and the easement herein granted are being executed and delivered in order to preserve the continued use and maintenance of certain existing public storm sewer lines and related structures operated by Grantee within the Burdened Properties in accordance with the provisions of this Agreement, as contemplated under the Land Transfer Agreements.

NOW, THEREFORE, for valuable consideration, the receipt of which each of the parties hereto does hereby acknowledge, the parties hereto do hereby agree as follows:

1. Grant of Easement. Subject to the provisions of this Agreement, Grantor hereby grants to Grantee a non-exclusive easement ("Easement") for the maintenance, operation, repair and removal of existing public utility facilities, including existing lines, pipes, conduits, and other convenient structures, equipment and fixtures (collectively, the "Facilities"), for the operation of combined public storm sewer and sanitary sewer lines in their existing locations within the Burdened Properties, together with reasonable access thereto for the purposes set forth above.

2. Limitation on Use. Grantee acknowledges that the Easement herein granted is non-exclusive. Grantee agrees that the use of the Easement herein granted shall not impede work (a) required to be performed by a private or public utility company to repair or maintain any functioning, in-place utility facility located on the Burdened Properties provided that Grantor shall use reasonable efforts to attempt, at no additional cost to Grantor, to cause the utility to perform such work in a manner that will not unreasonably interfere with the use of the Burdened Properties or (b) by Grantor as may reasonably be required for repair or maintenance of the Burdened Properties.

3. Term of Easement.

(a) Term. The Easement granted under Section 1 of this Agreement shall commence on the date hereof and shall terminate, in whole or in part, in accordance with this Section 3. The Grantee may, however, terminate this Easement at any time as to all or any portion of the Burdened Properties by written notice to the Grantor.

(b) Termination. In addition, the Easement described in Section 1 above shall terminate, in whole or in part, upon the earliest of (i) the Grantee's acceptance of a new dedicated public street or streets in place of the portions of the Burdened Properties in which the applicable Facilities are located or (ii) the determination by the Grantee's Director of Public Works that (A) reasonable alternative utility service has been provided to areas served by the applicable Facilities or (B) the areas served by the applicable portion of the Facilities no longer require the service (as may be evidenced by written notice from the owners of the property being served that service is no longer required) and that any new facilities shall be placed in newly dedicated streets pursuant to then applicable franchise rights or other applicable state or federal laws or otherwise in locations and on terms and conditions reasonably satisfactory to Grantee's Director of Property, the Director of Public Works, and where appropriate, the Executive Director of the Port Commission, including, without limitation, the location, term, including scope, access rights and maintenance rights for the new Facilities.

(c) Quitclaim. Upon the termination, in whole or in part, in accordance with this Section 3, of the Easement granted in Section 1 of this Agreement, the Director of Property for Grantee shall cause to be executed, acknowledged and delivered on behalf of Grantee to Grantor a quitclaim deed to evidence such termination (without further action of the Board of Supervisors of Grantee).

4. Condition of the Burdened Properties.

(a) As-Is. Grantor makes no representations or warranties whatsoever, under this Agreement with respect to the current physical condition of the Burdened Properties and Grantor shall have no responsibility under this Agreement with respect thereto (except as otherwise specifically set forth herein), and the use of the Easement herein granted shall be with the Burdened Properties in their "as is" physical condition, except as otherwise specifically provided herein. Grantee hereby waives any and all claims against Grantor arising from, out of or in connection with the suitability of the physical conditions of the Burdened Properties for the uses permitted under Section 1 above. However, Grantor shall not take any action that would unreasonably impair the ability of Grantee to use the Easement herein granted. Nothing herein shall be construed in any way to alter, amend, or otherwise relieve Grantor or Grantee of any of their respective responsibilities with regard to the physical condition of the Burdened Properties (including without limitation, responsibilities with regard to environmental investigation and remediation) set forth in the Land Transfer Agreements or in any other document instrument or agreement by and among the parties.

(b) Maintenance. Grantee agrees to maintain each of the applicable portions of the Burdened Properties in which the Facilities are located in a safe condition and in such physical condition as Grantee reasonably deems necessary to allow Grantee to exercise the Easement provided that such maintenance does not unreasonably impede the use of the Burdened Properties as a roadway by Grantor or Grantor's licensees. In addition, Grantee shall maintain the Facilities in good working order and condition consistent with the manner Grantee maintains other City-owned utilities. Except as specifically herein provided, Grantor and Grantee shall not be obligated to make any repairs, replacements or renewals of any kind, nature or description to the Burdened Properties, including the improvements at any time located on the Burdened Properties. Upon termination of the Easement, or any portion thereof, Grantee shall surrender use and possession of the Burdened Properties, or applicable portion thereof, free and clear of any liens or encumbrances relating to or arising in connection with the use of the Burdened Properties by reason of the Easement.

5. Indemnification.

(a) Indemnity. Grantee shall indemnify, defend and hold Grantor, its officers, directors, shareholders, employees and agents (hereinafter collectively called "Indemnified Parties") harmless from all liabilities, penalties, costs, damages, expenses, causes of action, claims or judgments (including without limitation reasonable attorneys fees) (collectively, "Indemnified Claims"), resulting from (i) injury or the death of any person (including without limitation any Indemnified Party) or physical damage to property, real or personal, of any kind

wherever located and by whomever owned (including, without limitation, property owned by an Indemnified Party), which injury, death or physical damage arises out of or is connected with Grantee's (or Grantee's officers, employees, agents, contractors, licensees, or invitees) use or occupancy of any of the Burdened Properties under the authority of the Easement, and (ii) the use, generation, processing, production, packaging, treatment, storage, emission, discharge or disposal of Hazardous Materials (as that term is defined hereinbelow) on or about the Burdened Properties by Grantee, its agents, employees, contractors, invitees or licensees in connection with the exercise of Grantee's rights under the Easement. For purposes of this Section 5, the term "Hazardous Materials" shall mean any substance, material or waste that, because of its quantity, concentration, or physical or chemical characteristics, poses a significant present or potential hazard to human health and safety or to the environment, including, but not limited to petroleum, petroleum-based products, natural gas, or any substance, material, or waste that is or shall be listed, regulated or defined by federal, state or local statute, regulation, rule, ordinance or other governmental requirement to be hazardous, acutely hazardous, extremely hazardous, toxic, radioactive, biohazardous, infectious, or otherwise dangerous.

(b) Notice. Grantor agrees to give prompt notice to Grantee with respect to any Indemnified Claims initiated or threatened against Grantor, at the address for notices to Grantee set forth herein, and in no event later than the earlier of (i) ten (10) business days after valid service of process as to any suit or (ii) fifteen (15) business days after receiving written notification of the filing of such suit or the assertion of a claim, which Grantor has reason to believe is likely to give rise to an Indemnified Claim hereunder. If prompt notice is not given to Grantee, then Grantee's liability hereunder shall terminate as to the matter for which such notice is not given, provided that failure to notify Grantee shall not affect the rights of Grantor or the obligations of Grantee hereunder unless Grantee is prejudiced by such failure, and then only to the extent of such prejudice. Grantee shall, at its option but subject to the reasonable consent and approval of Grantor, be entitled to control the defense, compromise or settlement of any such matter through counsel of Grantee's own choice; provided, however, that in all cases Grantor shall be entitled to participate in such defense, compromise, or settlement at its own expense. If Grantee shall fail, however, in Grantor's reasonable judgment, within a reasonable time following notice from Grantor alleging such failure, to take reasonable and appropriate action to defend, compromise or settle such Indemnified Claim, Grantor shall have the right promptly to hire counsel at Grantee's sole expense to carry out such defense, compromise or settlement, which expense shall be immediately due and payable to Grantor upon receipt by Grantee of a properly detailed invoice therefor.

6. Litigation Expenses.

(a) General. If either party hereto brings an action or proceeding (including any cross-complaint, counterclaim, or third-party claim) against the other party by reason of a default, or otherwise arising out of this Agreement, the prevailing party in such action or proceeding shall be entitled to its costs and expenses of suit, including but not limited to reasonable attorneys' fees, which shall be payable whether or not such action is prosecuted to judgment. "Prevailing party" within the meaning of this Section 6 shall include without limitation, a party who dismisses an action for recovery hereunder in exchange for payment of

the sums allegedly due, performance of covenants allegedly breached, or consideration substantially equal to the relief sought in the action.

(b) Appeal. Attorneys' fees under this Section 6 shall include attorneys' fees on any appeal, and, in addition, a party entitled to attorneys' fees shall be entitled to all other reasonable costs and expenses incurred in connection with such action.

(c) Fee Award for City Attorney's, Catellus In-House Counsel. For purposes of this Agreement, reasonable fees of attorneys of the Grantee's Office of City Attorney and any in-house counsel of Grantor shall be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience in the subject matter area of the law for which Grantee's or Grantor's in-house counsel's services were rendered who practice in the City and County of San Francisco, State of California, in law firms with approximately the same number of attorneys as employed by the Office of City Attorney, or, in the case of Grantor's in-house counsel, as employed by the outside counsel for Grantor.

7. Alternative Dispute Resolution. Grantor and Grantee, by mutual agreement, may submit any factual or other (to the extent Grantee is not prohibited by law or otherwise from doing so) dispute arising under this Agreement to non-binding arbitration, mediation or other alternate dispute resolution mechanism ("ADR") of non-judicial dispute resolution. The party requesting ADR shall give written notice of its request, specifying the requested ADR procedure, to the other parties, who shall notify the requesting parties of its agreement or refusal to proceed within a reasonable time after receipt of the requesting notice. If the parties agree to proceed, they shall select a mutually acceptable individual, with qualifications appropriate to the subject matter of the dispute, to conduct the designated ADR, or, if the parties cannot agree on such individual, they shall submit the dispute for the applicable ADR to a commercial ADR service. In all events, the proceedings shall be conducted only in a manner acceptable to both parties. The parties may enter into operating memoranda from time to time to establish procedures for the initiation and conduct of such ADR mechanisms.

8. Time. Time is of the essence of this Agreement and each and every part thereof.

9. Covenant and Environmental Restriction on Property. This Agreement and the Easement contained herein shall be subject to, and in the use and enjoyment of the Burdened Properties under this Agreement Grantee shall at all times comply with, all of the terms, covenants and conditions set forth in, and/or imposed as a result of that certain Covenant and Environmental Restriction on Property ("Covenant") made by (or to be made by) Grantor, for the benefit of (and in the form previously approved by) the California Regional Water Quality Control Board for the San Francisco Bay Region ("Board"), in order to satisfy one or more conditions imposed by resolution of the Board dated May 20, 1998, to the issuance of a Certificate of Completion under Section 25264 of the California Health and Safety Code with respect to some or all of the Burdened Properties and other property. In addition, as required by the Covenant, in the use and enjoyment of the Burdened Properties under this Agreement, Grantee shall: (i) comply with the Risk Management Plan ("RMP") approved by the Board for the Property and other property, to the extent applicable to the Property, (ii) obligate other

entities which with it contracts for construction, property, maintenance or other activities which may disturb soil or groundwater, to comply with the applicable provisions of the RMP, and (iii) not interfere with (and ensure that entities with which it contracts do not interfere with) Grantor's or its successors or assigns compliance with the RMP.

10. Amendment. This Agreement may be amended or otherwise modified only in writing signed and acknowledged by Grantor and Grantee, or the successors and assigns of each, subject to the provisions of Section 15 hereof.

11. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

12. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be entitled to be the original and all of which shall constitute one and the same agreement.

13. References; Titles. Wherever in this Agreement the context requires, reference to the singular shall be deemed to include the plural. Titles of sections and paragraphs are for convenience only and neither limit nor amplify the provisions of this Agreement.

14. Notice. Any notice given under this Agreement shall be in writing and given by delivering the notice in person, by commercial courier or by sending it by registered or certified mail, or Express Mail, return receipt requested, with postage prepaid, to the mailing address listed below or any other address notice of which is given. The effective time of a notice shall not be affected by the receipt, prior to receipt of the original, of a telefacsimile copy of the notice.

15. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns (except as otherwise specifically provided in Section 17 below), including without limitation all grantees and other successors-in-interest of Grantor in any of the Burdened Properties.

16. Representations and Warranties. Grantor represents, warrants and covenants to Grantee the following:

(a) Good Standing. Grantor is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware and is duly qualified and in good standing as a foreign corporation under the laws of the State of California.

(b) Authority. Grantor has full power and authority to enter into this Agreement and to consummate the transactions contemplated by it. This Agreement has been duly authorized by all necessary action on the part of Grantor and no other action on the part of Grantor is necessary to authorize the execution and delivery of this Agreement.

17. Exclusive Benefit of Parties. The provisions of this Agreement are for the exclusive benefit of Grantor and Grantee and their successors and assigns, subject to the provisions hereof, and not for the benefit of nor give rise to any claim or cause of action by any other person; and this Agreement shall not be deemed to have conferred any rights upon any person except Grantor and Grantee. Nothing herein shall be deemed a dedication of any portion of the Burdened Properties to or for the benefit of the general public. The easement herein granted is in gross and for the personal benefit solely of Grantee.

18. Severability. If any provision of this Agreement shall to any extent be invalid or unenforceable, the remainder of this Agreement (or the application of such provisions to persons or circumstances other than those in respect of which it is invalid or unenforceable) shall not be affected thereby, and each provision of this Agreement, unless specifically conditioned upon such invalid or unenforceable provision, shall be valid and enforceable to the fullest extent permitted by law.

19. Entire Agreement. This Agreement, together with any attachments hereto or inclusions by reference, constitute the entire agreement between the parties on the subject matter hereof, and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties hereto with respect to the Easement which is the subject matter of this Agreement.

20. Compliance With Laws. Grantee, at Grantee's expense, shall comply with all laws, statutes, ordinances, rules and regulations of federal, state and local authorities (including, without limitation, Grantee itself) having jurisdiction over the Burdened Properties, now in force or hereafter adopted, with respect to the use by Grantee of the Burdened Properties under the authority of the Easement herein granted.

21. Default. Grantee's failure to perform any covenant or obligation of Grantee hereunder and to cure such non-performance within thirty (30) days of written notice by Grantor shall constitute a default hereunder, provided that if more than thirty (30) days are reasonably required for such cure, no event of default shall occur if Grantee commences such cure within such period and diligently prosecutes such cure to completion. Upon such default Grantor shall be entitled to all remedies and means to cure or correct such default, both legal and equitable, allowed by operation of law except termination of the Easement herein granted.

22. Burden on Land. The Easement created by this Agreement shall be a burden on the Burdened Properties, which burden shall run with the land and shall be binding on any future owners and encumbrancers of the Burdened Properties or any part thereof and their successors and assigns.

23. Insurance: Waiver of Subrogation.

(a) Self-Insurance. It is acknowledged by the parties hereto that this Agreement does not require Grantee to carry liability insurance with respect to its use of the Easement herein granted solely because it is the policy of Grantee to self-insure as to the matters covered by such insurance. Grantee hereby agrees that if to any extent said policy changes so that Grantee does use liability insurance, it will reasonably negotiate with Grantor to provide liability insurance coverage for the use of said Easement to the extent such new policy allows and in such event the terms and provisions of Section 23(b) shall also be applicable.

(b) Waiver. The terms and provisions of this Section 23(b) shall be inoperative unless and until Grantee's policy of self-insurance changes and Grantee is procuring liability insurance covering its use of the Easement granted herein. If Grantee does obtain liability insurance, each party, for itself and, to the extent it is legally permissible for it to do so and without affecting the coverage provided by insurance maintained by such party, on behalf of its insurer hereby releases and waives any right to recover against the other party from any liability for (i) damages for injury to or death of persons, (ii) any loss or damage to property, (iii) any loss or damage to buildings or other improvements, or (iv) claims arising by reason of any of the foregoing, to the extent that such damages and/or claims under (i) through (iv) are covered (and only to the extent of such coverage) by insurance actually carried by each party, irrespective of any negligence on the part of such party which may have contributed to such loss or damage. The provisions of this paragraph (b) are intended to restrict each party (as permitted by law) to recovery for loss or damage against insurance carriers to the extent of such coverage, and waive fully, and for the benefit of the other party, any rights and/or claims that might give rise to a right of subrogation in any such insurance carrier.

24. Tropical Hardwoods and Virgin Redwoods. The City and County of San Francisco urges companies not to import, purchase, obtain or use for any purpose, any tropical hardwood or tropical hardwood wood product or virgin redwood or virgin redwood wood product.

25. MacBride Principles - Northern Ireland. The City and County of San Francisco urges companies doing business in Northern Ireland to move toward resolving employment inequities and encourages them to abide by the MacBride Principles as expressed in San Francisco Administrative Code Section 12F.1, et seq. The City and County of San Francisco also urges San Francisco companies to do business with corporations that abide by the MacBride Principles. Grantor acknowledges that it has read and understands the above statement of the City and County of San Francisco concerning doing business in Northern Ireland.

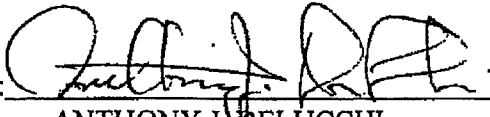

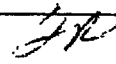

26. Survival. All representations, warranties, waivers, and indemnities given or made hereunder shall survive termination of this Agreement.

27. Notices Concerning Use. Grantor reserves the right to record, post and publish notices as referred to in Sections 813, 1008 and 1009 of the California Civil Code; provided, that such notices shall not affect the rights and obligations of Grantor and Grantee hereunder and, where appropriate, any such notice shall include recognition of the provisions of this Agreement.

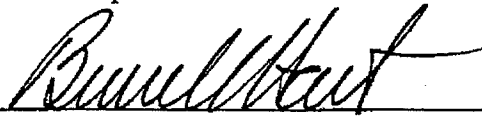

28. Prohibiting City Business with Burma. By its execution of this Agreement, Grantor attests that it is not the government of Burma (Myanmar), a person or business entity organized under the laws of Burma (Myanmar) or a "prohibited person or entity" as defined in San Francisco Administrative Code section 12J.2(G). The Grantee may terminate this Agreement for default if Grantor violates the terms of section 12J.2(G).

IN WITNESS WHEREOF, this Agreement has been executed by the parties hereto on the day and year first above written.

CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation ("City"), and GSW ARENA LLC, a Delaware limited liability company ("GSW") hereby enter into this Termination of Easement, and City hereby provides to GSW this Easement Quitclaim Deed, all in accordance with and subject to the following terms and conditions.

**RECITALS**

A. Pursuant to that certain Grant of Water Main Easement, dated as of September 23, 1994, which was recorded on October 3, 1994 as Document No. 94-F694796-00, Reel G229 Image 0461, in the office of the Recorder of the City and County of San Francisco (the "Grant of Easement"), Catellus Development Corporation, a Delaware corporation, as grantor, granted to City, as grantee, an easement (the "Water Main Easement") for the operation, maintenance, repair, replacement and removal of certain public water main pipeline facilities within the easement area described in the Grant of Easement (the "Easement Area"). The Easement Area is described in the attached Exhibit A and depicted on the attached Exhibit A-1. GSW is successor in interest to Catellus Development Corporation's interest in and to the Easement Area.

B. City is not presently operating any facilities in the Easement Area, and has accepted new public street or streets in place of the portions of the Easement Area in which the water main pipeline facilities are or were located, and has accepted certain replacement public improvements in such replacement street or streets, or has received offers of dedication for such areas and improvements.

C. GSW has requested that City terminate and abandon the Water Main Easement and record an easement quitclaim deed conveying City's interest in the Water Main Easement to GSW. City is willing to terminate and abandon the Water Main Easement and record an easement quitclaim deed conveying City's interest in the Water Main Easement to GSW on the terms and conditions set forth herein.

D. In accordance with the proscribed procedures, the San Francisco Board of Supervisors authorized this Termination of Easement and Easement Quitclaim Deed and summarily vacated the Water Main Easement in Board of Supervisors Ordinance No. \_\_\_\_\_, adopted \_\_\_\_\_, 20\_\_ (the "Authorizing Ordinance") subject to the satisfaction of certain conditions precedent described in such Authorizing Ordinance.

E. City has determined that the conditions precedent set forth in the Authorizing Ordinance have been satisfied.

NOW THEREFORE, FOR VALUABLE CONSIDERATION, the receipt and adequacy of which are hereby acknowledged, City and GSW hereby agree as follows.

#### PART I.

#### TERMINATION OF WATER MAIN EASEMENT

1. Recitals. The foregoing recital are true and correct and are incorporated herein by reference.

Effective as of the date this instrument is recorded (the "Termination Date"), City shall have no further obligation with respect to or liability for the Existing Facilities, and GSW hereby assumes the risk of, and waives and releases City and its Agents from all Claims (as defined below) for any injury, loss or damage to any person or property in or about the Easement Area resulting from or relating to the continued presence of the Existing Facilities in the Easement Area after the Termination Date. As used herein "Claims" any and all demands, claims, legal or administrative proceedings, losses, costs, penalties, fines, liens, judgments, damages and liabilities of any kind (including, without limitation, reasonable attorneys' fees ). GSW acknowledges that it intends to waive the benefit of Civil Code Section 1542, or any statute or other similar law now or later in effect.

3. Termination of Easement; Acceptance of Transfer. The terms of the Grant of Easement and all rights, duties and obligations of the parties thereunder shall terminate upon the recording of this instrument. Neither party shall have any continuing obligation under the Grant of Easement from and after the Termination Date.

**NOTE: THIS EXTENDS THE TERM OF THE AGREEMENT COVERING THE TEMPORARY MAINTENANCE AND USE OF CERTAIN INTERIM FACILITIES (TERRY FRANCOIS CONNECTOR ROAD) THAT ARE PART OF THE INTERIM PHASE 1 REQUIRED INFRASTRUCTURE UNDER THE MISSION BAY SOUTH BLOCK 8721 PHASE 1 PUBLIC IMPROVEMENT AGREEMENT.**

**EXTENSION AGREEMENT**

**(Maintenance and Temporary City Access and Use— Terry Francois Connector Road)**

This Extension Agreement (Maintenance and Temporary City Access and Use — Terry Francois Connector Road ) ("**Extension Agreement**") is made by and between FOCIL-MB, LLC, a Delaware limited liability company ("**FOCIL**"), and the City and County of San Francisco, a municipal corporation, acting by and through its Director of Real Estate ("**City**"), and is dated for reference purposes only as of \_\_\_\_\_, 20\_\_ (the "**Execution Date**") with reference to the following facts:

A. FOCIL's predecessor in interest, Catellus Development Corporation, a Delaware corporation ("**Catellus**") and City have entered into that certain "Agreement (Temporary City Access and Use — Terry Francois Connector Road)," dated August 30, 2002 (the "**Agreement**"), whereby Catellus granted to City a nonexclusive temporary license for the use, maintenance and repair of an interim roadway segment referred to in the Agreement as the "Connector Road", together with the property on which the Connector Road is located, as depicted on **Exhibit A** (the "**Original Property**"), for the term specified in Section 4 of the Agreement, on the terms and conditions set forth in the Agreement. Unless otherwise defined herein, all capitalized words and terms used in this Extension Agreement shall have the meanings given to them in the Agreement.

B. The term of the Agreement has expired, however the City desires to continue the temporary use of the Connector Road and the Original Property for pedestrian and vehicular access and utility purposes.

C. That portion of the Original Property depicted on **Exhibit B** hereto (the "**FOCIL Property**") is owned in fee by FOCIL. FOCIL or its predecessor previously transferred to others that portion of the Original Property depicted on **Exhibit C** hereto (the "**GSW Property**"), and the GSW Property is presently owned in fee by GSW Arena LLC, a Delaware limited liability company ("**GSW**").

D. City has obtained authorization for a retroactive extension of the Temporary License from its Board of Supervisors, and FOCIL is willing to consent to such extension, as set forth in this Extension Agreement.

NOW, THEREFORE, for valuable consideration, the receipt of which each of the parties hereto does hereby acknowledge, the parties hereto do hereby agree as follows:

1. Extension. City and FOCIL hereby agree to the extension of the Temporary License as set forth in the Agreement, retroactively from August 1, 2003, to December 31, 2020,

(unless terminated earlier in accordance with the provisions of Section 4(b) of the Agreement, or unless extended (by not more than five (5) years) by written notice to FOCIL from City's Director of Real Estate and the Director of City's Department of Public Works, jointly, in their respective sole discretion, prior to such date, with FOCIL's consent, which shall not be unreasonably withheld), and the term of the Temporary License is so extended. City acknowledges that the Temporary License is nonexclusive and is effective only insofar as the rights of FOCIL in the Property are concerned, and City shall obtain any further permission necessary because of any other existing rights of GSW or others affecting the Property.

2. Miscellaneous.

(a) Ratification. Except as modified by this Extension Agreement, all of the terms, conditions and provisions of the Agreement shall remain in full force and effect and are hereby ratified and confirmed.

(b) Conflicts. To the extent the terms of the Agreement and this Extension Agreement are inconsistent, the terms of this Extension Agreement shall control.

(c) Entire Agreement. This Extension Agreement contains the entire agreement of FOCIL and City with respect to the subject matter hereof. It is understood that there are no oral agreements between FOCIL and City affecting the extension of the term of the Agreement, and this Extension Agreement supersedes and cancels any and all previous negotiations, representations, agreements and understandings, if any, between FOCIL and City and their respective agents with respect to the subject matter hereof.

3. Representations and Warranties. FOCIL represents, warrants and covenants to City the following:

(a) Good Standing. FOCIL is a limited liability company validly existing and in good standing under the laws of the State of Delaware.

(b) Authority. FOCIL has full power and authority to enter into this Extension Agreement and to consummate the transactions contemplated by it. This Extension Agreement has been duly authorized by all necessary action on the part of FOCIL and no other action on the part of FOCIL is necessary to authorize the execution and delivery of this Extension Agreement.

4. Exclusive Benefit of Parties. The provisions of this Extension Agreement are for the exclusive benefit of FOCIL and City and their successors and assigns, subject to the provisions hereof, and not for the benefit of nor give rise to any claim or cause of action by any other person; and this Extension Agreement shall not be deemed to have conferred any rights upon any person except FOCIL and City.

5. Severability. If any provision of this Extension Agreement shall to any extent be invalid or unenforceable, the remainder of this Extension Agreement (or the application of such provisions to persons or circumstances other than those in respect of which it is invalid or unenforceable) shall not be affected thereby, and each provision of this Extension Agreement, unless specifically conditioned upon such invalid or unenforceable provision, shall be valid and enforceable to the fullest extent permitted by law.

**AGREEMENT**

**(Temporary City Access and Use — GSW Portion of Terry Francois Connector Road)**

This Agreement (Temporary City Access and Use — GSW Portion of Terry Francois Connector Road) ("**Agreement**") is made by and between GSW Arena LLC, a Delaware limited liability company ("**GSW**"), and the City and County of San Francisco, a municipal corporation, acting by and through its Director of Property ("**City**"), and is dated for reference purposes only as of \_\_\_\_\_, 20\_\_ (the "**Execution Date**"), with reference to the following facts:

A. FOCIL-MB, LLC, a Delaware limited liability company ("**FOCIL**"), or its predecessor Catellus Development Company, or an affiliate or successor thereto, and their respective agents, have constructed, is constructing, or has caused or is causing to be constructed certain permanent right-of-way improvements and associated improvements or facilities, including certain utility facilities described as the "Phase 1 Required Infrastructure" in the Mission Bay South Block 8721 Phase 1 Public Improvement Agreement, dated December 4, 2000 (the "**PIA**"). The Phase 1 Required Infrastructure includes certain interim facilities described in the PIA as "**Interim Phase 1 Required Improvements**."

B. The Interim Phase 1 Required Infrastructure includes an interim roadway segment that connects the permanent portion of the new or relocated Terry Francois Boulevard being constructed under the PIA to the existing Terry Francois Boulevard (the "**Connector Road**") in an area adjacent to Block 8722-1. The improvements described in the SIP (the "**Improvements**"), are located on certain property (the "**Improvement Area**") depicted on Exhibit A hereto.

C. That portion of the Improvement Area depicted on Exhibit B hereto (the "**License Area**") is owned in fee by GSW. GSW has no contractual obligation to construct, install, maintain, repair, replace, and/or warrant any of the Improvements, wherever located.

D. The Connector Road has been determined to be either complete or substantially complete by the City's Director of the Department of Public Works ("**Director**").

E. The City desires to continue to use the Connector Road for pedestrian and vehicular access and utility purposes.

F. This Agreement addresses the temporary use of and access to the Improvements in the License Area (the "**License Area Improvements**"), to the extent (if any) GSW has an interest therein, and a temporary license for the License Area. This Agreement does not grant

any rights with respect to real property other than the License Area or with respect to improvements other than the License Area Improvements.

G. Unless otherwise defined in this Agreement, all initially capitalized terms used in this Agreement shall have the meanings given them in the Mission Bay South Redevelopment Plan, and the Plan Documents, as described therein.

H. All terms, obligations and responsibilities set forth herein shall commence as of the "**Commencement Date**" (as defined below).

NOW, THEREFORE, for valuable consideration, the receipt of which each of the parties hereto does hereby acknowledge, the parties hereto do hereby agree as follows:

1. Grant of Temporary License. Subject to the provisions of this Agreement, GSW hereby grants to City a non-exclusive temporary license for the use of the License Area Improvements, to the extent (if any) of GSW's interest therein, and for access in, on and over the License Area, for public pedestrian and vehicular access by City and its officers, employees, agents, contractors, subcontractors, and invitees, including, without limitation, the general public, for sidewalk, street and roadway purposes ("**Temporary License**") for the term specified in Section 4 below.

2. Limitation on Use. City acknowledges that the Temporary License herein granted is nonexclusive and is effective only insofar as the rights of GSW in the License Area and License Area Improvements are concerned, and City shall obtain any further permission necessary because of any other existing rights affecting the License Area or any other portion of the Improvement Area. City agrees that the use of the Temporary License granted herein shall not (a) unreasonably impede work required to be performed by a private or public utility company to repair or maintain any functioning, in-place utility facility located in, on or under the License Area or to install new utility facilities in the License Area, subject to obtaining any required permits or other authorizations, provided that GSW shall use reasonable efforts to attempt to cause the utility to perform such work in a manner that will not unreasonably interfere with City's use of the License Area Improvements, at no additional cost to GSW, or (b) unreasonably impede the use of the License Area or applicable portions thereof of the Phase 1 Required Infrastructure on, under or above the Connector Road to fulfill FOCIL's obligations in connection with the PIA, and any authorized amendments thereto, without incurring additional costs or delay, or (c) unreasonably impede the use of the Connector Road, or applicable portions thereof, by FOCIL or its invitees in a manner consistent with the Temporary License.

3. DPW Notification and Approval Requirements. The Director has the right to approve the location of any public or private improvements, facilities, or utilities to be located on, in or under the License Area. In connection with any approval provided by the Director under this Section, the Director shall make reasonable efforts, at no additional cost to City, to attempt to coordinate and consolidate any work to be performed by City or any licensee or permittee in the License Area with any work to be performed by GSW or any licensee or permittee to minimize the disruption and interference with the use of the License Area or development or existing uses of immediately adjacent properties. A request for approval under this Section ("**Utility Placement Approval Request**") shall be made to the Director in writing,

delivered by messenger or certified mail, and shall, where applicable, include the contact information for the utility company and a plat showing the proposed location for placement of the utility lines on, in or under the License Area or adjoining properties. The Director shall have ten (10) days from the date of delivery of the Utility Placement Approval Request to approve or disapprove such request. The Utility Placement Approval Request shall be deemed approved if the Director or the Director's designee does not make a response within the ten (10) day approval period. All Utility Placement Approval Requests made to the Director or the Director's designee shall display prominently on the envelope enclosing such request and the first page of such request, substantially the following words: **"UTILITY PLACEMENT APPROVAL REQUEST FOR MISSION BAY. IMMEDIATE ATTENTION REQUIRED; FAILURE TO RESPOND COULD RESULT IN THE REQUEST BEING DEEMED APPROVED."** The parties acknowledge that, in addition, any private or public utility provider subject to the approval requirements of this Section may also be subject to additional requirements imposed by City, including that such utility provider relocate its utility facilities at its sole cost and expense as may be reasonably required by City in the exercise of City's rights under this Agreement, City ordinances or other applicable law.

4. Term of License; Satisfaction of Condition Precedent. The term of the Temporary License shall commence as of October 9, 2015, and shall continue until the earlier of (i) December 31, 2020 (unless such time is extended prior to such date, by not more than five (5) years, by written notice to GSW from City's Director of Real Estate and the Director of City's Department of Public Works, acting jointly, in their respective sole discretion, with GSW's consent, which shall not be unreasonably withheld), or (ii) City's acceptance (by action of the Board of Supervisors) of the dedication of a public street that provides substantially equivalent or greater access, including, without limitation, completion of the relocated Terry Francois Boulevard, or portion thereof, (iii) a determination by the Director that both (A) such access is no longer required, and (B) either (a) reasonable alternative access has been provided to areas served by the License Area, and (b) the areas serviced by the License Area no longer require access, or (iv) FOCIL provides alternative access and grants to City and City accepts an immediate temporary substitute easement, license, permit or other instrument that will, in the reasonable judgment of the Director, so acknowledged in writing, satisfy the structural requirements of a dedicated public street, and/or which provide direct alternative means of access. The alternative access provided by any of the foregoing alternatives must, in the reasonable judgment of the Director, be substantially equivalent in all respects (including, without limitation, the ease and ability to travel across any substitute area or facility) (either alone or in conjunction with other access) to the License Area or portion thereof which is being terminated, removed or replaced. Since the parties recognize that a temporary substitute facility granted under alternative (iv) above will by its nature be temporary, City agrees that the facilities provided thereby may be less extensive or different standard than those required by alternative (i) or (ii) above so long as such facilities (either alone or in conjunction with other facilities) provide access substantially equal (as described in the foregoing sentence) to the access given by the License Area. Notwithstanding the foregoing, City may terminate the Temporary License at any time as to all or any portion of the License Area Improvements or the License Area by written notice to GSW.

5. Condition of the License Area.

(a) As-Is. GSW makes no representations or warranties whatsoever under this Agreement with respect to the current physical condition of the License Area or the License Area Improvements and GSW shall have no responsibility under this Agreement with respect thereto (except as otherwise specifically set forth herein), and the use of the Temporary License granted herein shall be with the License Area and the License Area Improvements in their "as is" physical condition, except as otherwise specifically provided herein. City hereby waives any and all claims against GSW arising from, out of or in connection with the suitability of the physical conditions of the License Area or the License Area Improvements for the uses permitted under Section 1 above. However, except as provided in Section 2, GSW shall not take any action that would unreasonably impair the ability of City to use the Temporary License herein granted without City's consent. Nothing herein shall be construed in any way to alter, amend, or otherwise relieve FOCIL or City of any of their respective responsibilities with regard to the physical condition of the License Area or the License Area Improvements (including without limitation, responsibilities with regard to environmental investigation and remediation) set forth in any document, instrument or agreement by and between FOCIL and City (including, without limitation, the PIA and the Mission Bay South Redevelopment Plan and Plan Documents).

(b) Maintenance and Surrender. Except as specifically herein provided, GSW and City shall not be obligated to make any repairs, replacements or renewals of any kind, nature or description to the License Area Improvements. City shall surrender use and possession of the License Area Improvements and the License Area, or applicable portion thereof, free and clear of any liens or encumbrances relating to or arising in connection with the use of the License Area Improvements by reason of the Temporary License. City, and its agents, contractors, licensees and invitees shall at all times keep the License Area Improvements and the License Area free and clear of liens, claims, security interests or encumbrances in their favor or in favor of any contractor, subcontractor, material supplier or other person or entity making a claim by reason of having provided labor, materials and equipment relating to the use of the License Area Improvements by City.

(c) Warranty. Nothing in this Agreement, including, without limitation, Sections 5(a) and 5(b) above, shall be construed in any way to alter, amend or otherwise relieve FOCIL of its warranty responsibilities under the PIA with respect to the Improvements (including, without limitation, the License Area Improvements).

6. Indemnification.

(a) Indemnity. City shall indemnify, defend and hold GSW and its officers, directors, shareholders, members, employees, agents, successors and assigns (hereinafter collectively called "**Indemnified Parties**") harmless from all liabilities, penalties, costs, damages, expenses, causes of action, claims or judgments (including without limitation reasonable attorneys' fees) (collectively, "**Indemnified Claims**"), resulting from (i) injury to or death of any person (including, without limitation, any Indemnified Party) or physical damage to property, real or personal, of any kind wherever located and by whomever owned (including, without limitation, property owned by an Indemnified Party), which injury, death or physical damage arises out of or is connected with City's (or City's officers, employees, agents, contractors, licensees, or

invitees, including, without limitation, the general public) use or occupancy of any of the License Area Improvements or the License Area under the authority of the Temporary License, except to the extent that such Indemnified Claims are caused by the negligence or intentional wrongful acts or omissions of any Indemnified Party, and (ii) the use, generation, processing, production, packaging, treatment, storage, emission, discharge or disposal of "**Hazardous Materials**" (as that term is defined herein below) on or about the License Area Improvements or the License Area by City (or City's officers, employees, agents, contractors, licensees, or invitees, including, without limitation, the general public) in connection with the exercise of City's rights under the Temporary License, except that City will not indemnify any specific Indemnified Party to the extent that such Indemnified Claims are caused by the negligence or intentional wrongful acts or omissions of that Indemnified Party with respect to the generation, processing, production, packaging, treatment, storage, emission, discharge or disposal of Hazardous Materials. For purposes of this Section 6, the term "**Hazardous Materials**" shall mean any substance, material or waste that, because of its quantity, concentration, or physical or chemical characteristics, poses a significant present or potential hazard to human health and safety or to the environment, including, but not limited to petroleum, petroleum-based products, natural gas, or any substance, material, or waste that is or shall be listed, regulated or defined by federal, state or local statute, regulation, rule, ordinance or other governmental requirement to be hazardous, acutely hazardous, extremely hazardous, toxic, radioactive, biohazardous, infectious, or otherwise dangerous.

(b) Notice. GSW agrees to give prompt notice to City with respect to any Indemnified Claims initiated or threatened against any Indemnified Party, at the address for notices to City set forth herein, and in no event later than the earlier of (i) ten (10) business days after valid service of process as to any suit, or (ii) fifteen (15) business days after receiving written notification of the filing of such suit or the assertion of a claim, which GSW has reason to believe is likely to give rise to an Indemnified Claim hereunder. If notice is not given to City within the time frames required in this Section, then City's liability hereunder shall terminate as to the matter for which such notice is not given, provided that failure to notify City shall not affect the rights of GSW or the obligations of City hereunder unless City is prejudiced by such failure, and then only to the extent of such prejudice. City shall, at its option but subject to the reasonable consent and approval of GSW, be entitled to control the defense, compromise or settlement of any such matter through counsel of City's own choice; provided, however, that in all cases GSW shall be entitled to participate in such defense, compromise, or settlement at its own expense.

## 7. Litigation Expenses.

(a) General. If either party hereto brings an action or proceeding (including any cross-complaint, counterclaim, or third-party claim) against the other party by reason of a default, or otherwise arising out of this Agreement, the prevailing party in such action or proceeding shall be entitled to its costs and expenses of suit, including but not limited to reasonable attorneys' fees and expert fees, which shall be payable whether or not such action is prosecuted to judgment. "**Prevailing Party**" within the meaning of this Section 7 shall include without limitation, a party who dismisses an action for recovery hereunder in exchange for payment of the sums allegedly due, performance of covenants allegedly breached, or consideration substantially equal to the relief sought in the action.

(b) Appeal. Attorneys' fees under this Section 7 shall include attorneys' fees on any appeal, and, in addition, a party entitled to attorneys' fees shall be entitled to all other reasonable costs and expenses incurred in connection with such action.

(c) Fee Award for City Attorney's, GSW's In-House Counsel. For purposes of this Agreement, reasonable fees of attorneys of City's Office of City Attorney and any in-house counsel of GSW shall be based on the fees regularly charged by private attorneys with an equivalent number of hours of professional experience in the subject matter area of the law for which City's or GSW's in-house counsel's services were rendered who practice in the City and County of San Francisco, State of California, in law firms with approximately the same number of attorneys as employed by the Office of City Attorney, or, in the case of GSW's in-house counsel, as employed by the outside counsel for GSW.

8. Time. Time is of the essence of this Agreement and each and every part hereof.

9. Covenant and Environmental Restriction on License Area. The land described herein may contain hazardous materials in soils and in the ground water under the property, and is subject to a deed restriction (Covenant and Environmental Restriction on Property) dated as of February 23, 2000, and recorded on March 21, 2000, in the Official Records of San Francisco County, California, as Document No. 2000-G748552 (the "**Covenant and Restriction**"), which Covenant and Restriction imposes certain covenants, conditions, and restrictions on usage of the property described herein. The foregoing statement is required by the Covenant and Restriction and is not a declaration that a hazard exists. This Agreement and the Temporary License contained herein shall be subject to, and in the use and enjoyment of the License Area Improvements and the License Area under this Agreement City shall at all times comply with, all of the terms, covenants and conditions set forth in and/or imposed as a result of the Covenant and Restriction. Further, the Covenant and Restriction references and requires compliance with the provisions of the Risk Management Plan, Mission Bay Area, San Francisco, California, dated May 11, 1999 (the "**RMP**"). Accordingly, City hereby acknowledges that it has a copy of the RMP, and hereby covenants that (i) City will comply with the RMP (to the extent the RMP applies to City's activities in the License Area); (ii) City will obligate other entities with which it contracts for construction, property maintenance or other activities in the License Area which may disturb soil or groundwater to comply with the applicable provisions of the RMP; and (iii) City (and the entities with which it so contracts) will refrain from interfering with GSW's compliance with the RMP in the License Area.

10. Amendment. This Agreement may be amended or otherwise modified only in writing signed and acknowledged by GSW and City, or the successors and assigns of each, subject to the provisions of Section 16 hereof.

11. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

12. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be entitled to be the original and all of which shall constitute one and the same agreement.

13. References; Titles. Wherever in this Agreement the context requires, reference to the singular shall be deemed to include the plural. Titles of sections and paragraphs are for convenience only and neither limit nor amplify the provisions of this Agreement.

14. Notice. Any notice given under this Agreement shall be in writing and given by delivering the notice in person, by commercial courier or by sending it by registered or certified mail, or Express Mail, return receipt requested, with postage prepaid, to the mailing address listed below or any other address notice of which is given.

Any mailing address or telefacsimile number may be changed at any time by giving written notice of such change in the manner provided above at least ten (10) days prior to the effective date of the change. All notices under this Agreement shall be deemed given, received, made or communicated on the date personal receipt actually occurs or, if mailed, on the delivery date or attempted delivery date shown on the return receipt.

15. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns (except as otherwise

specifically provided in Section 17 below). Without limiting the foregoing, the Temporary License created by this Agreement shall be binding on any future owners and encumbrancers of the License Area or any part thereof and their successors and assigns.

16. Representations and Warranties. GSW represents, warrants and covenants to City the following:

(a) Good Standing. GSW is a limited liability company validly existing and in good standing under the laws of the State of Delaware.

(b) Authority. GSW has full power and authority to enter into this Agreement and to consummate the transactions contemplated by it. This Agreement has been duly authorized by all necessary action on the part of GSW and no other action on the part of GSW is necessary to authorize the execution and delivery of this Agreement.

17. Exclusive Benefit of Parties. The provisions of this Agreement are for the exclusive benefit of GSW and City and their successors and assigns, subject to the provisions hereof, and not for the benefit of nor give rise to any claim or cause of action by any other person; and this Agreement shall not be deemed to have conferred any rights upon any person except GSW and City. Nothing herein shall be deemed a dedication of any portion of the License Area Improvements or the License Area to or for the benefit of the general public. The license herein granted is in gross and for the personal benefit solely of City.

18. Severability. If any provision of this Agreement shall to any extent be invalid or unenforceable, the remainder of this Agreement (or the application of such provision to persons or circumstances other than those in respect of which it is invalid or unenforceable) shall not be affected thereby, and each provision of this Agreement, unless specifically conditioned upon such invalid or unenforceable provision, shall be valid and enforceable to the fullest extent permitted by law.

19. Entire Agreement. This Agreement, together with any attachments hereto or inclusions by reference, constitutes the entire agreement between the parties on the subject matter hereof, and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties hereto with respect to the Temporary License that is the subject matter of this Agreement. This Agreement shall control in the event of any inconsistency between this Agreement and any other agreement in connection with performance of the Temporary License and the rights and obligations of the parties with respect thereto.

20. Compliance With Laws/Agreements. City, and City's agents, contractors, licensees or invitees, at its and their expense, shall comply with all laws, statutes, ordinances, rules and regulations of federal, state and local authorities (including, without limitation, City itself) having jurisdiction over the License Area Improvements, now in force or hereafter adopted, with respect to the use by City of the License Area Improvements under the authority of the Temporary License herein granted. Nothing herein shall be construed in any way to alter, amend, or otherwise relieve FOCIL or City of any of their respective responsibilities with regard to completion and acceptance and acquisition of the License Area Improvements set forth in any

other document, instrument or agreement by and between FOCIL and City (including, without limitation, the Mission Bay South Interagency Cooperation Agreement).

21. Default. City's, and City's agents, contractors, licensees or invitees, failure to perform any covenant or obligation of City hereunder and to cure such non-performance within thirty (30) days of written notice by GSW shall constitute a default hereunder, provided that if more than thirty (30) days are reasonably required for such cure, no event of default shall occur if City commences such cure within such period and diligently prosecutes such cure to completion. Upon such default GSW be entitled to all remedies and means to cure or correct such default, both legal and equitable, allowed by operation of law except termination of the easements herein granted.

22. Insurance: Waiver of Subrogation.

(a) Self-Insurance. It is acknowledged by the parties hereto that this Agreement does not require City to carry liability insurance with respect to its use of the License Area Improvements or the License Area herein granted solely because it is the policy of City to self-insure as to the matters covered by such insurance. City hereby agrees that if to any extent said policy changes so that City does use liability insurance, it will reasonably negotiate with GSW to provide liability insurance coverage for the use of said License Area to the extent such new policy allows and in such event the terms and provisions of Section 23(b) shall also be applicable.

(b) Waiver. The terms and provisions of this Section 23(b) shall be inoperative unless and until City's policy of self-insurance changes and City is procuring liability insurance covering its use of the Temporary License granted herein. If City does obtain liability insurance, each party, for itself and, to the extent it is legally permissible for it to do so and without affecting the coverage provided by insurance maintained by such party, on behalf of its insurer, hereby releases and waives any right to recover against the other party from any liability for (i) damages for injury to or death of persons, (ii) any loss or damage to property, (iii) any loss or damage to buildings or other improvements, or (iv) claims arising by reason of any of the foregoing, to the extent that such damages and/or claims under (i) through (iv) are covered (and only to the extent of such coverage) by insurance actually carried by each party irrespective of any negligence on the part of such party which may have contributed to such loss or damage. The provisions of this Section 23(b) are intended to restrict each party (as permitted by law) to recovery for loss or damage against insurance carriers to the extent of such coverage, and waive fully, and for the benefit of the other party, any rights and/or claims that might give rise to a right subrogation in any such insurance carrier.

23. Tropical Hardwoods and Virgin Redwoods. The City and County of San Francisco urges companies not to import, purchase, obtain or use for any purpose, any tropical hardwood or tropical hardwood wood product or virgin redwood or virgin redwood wood product.

24. MacBride Principles - Northern Ireland. The City and County of San Francisco urges companies doing business in Northern Ireland to move toward resolving employment inequities and encourages them to abide by the MacBride Principles as expressed in San

Francisco Administrative Code Section 12F.1, *et seq.* The City and County of San Francisco also urges San Francisco companies to do business with corporations that abide by the MacBride Principles. GSW acknowledges that it has read and understands the above statement of the City and County of San Francisco concerning doing business in Northern Ireland.

25. Survival. All representations, warranties, waivers, indemnities and maintenance obligations given or made hereunder shall survive termination of this Agreement.

26. No Easement By Implication; Prevention of Prescriptive Rights. Neither the execution and delivery of this Agreement nor the granting of the Temporary License shall be deemed to grant or establish any easement by implication or prescription. GSW reserves the right to record, post and publish any of the notices referred to in Sections 813, 1008 and 1009 of the California Civil Code; provided, that such notices shall not affect the rights and obligations of GSW and City hereunder and, where appropriate, any such notice shall include a recognition of the provisions of this Agreement.
