MAYOR'S LETTER

May 1, 2014

Dear Residents of San Francisco,

I am pleased to present my May 1 budget, which includes proposed revenues and expenditures for seven City departments (the Airport, Port, Public Utilities Commission, Municipal Transportation Agency, Child Support Services, Retirement System and Public Library) with budgets totaling \$5.9 billion over the next two years.

□ e departments included in this May 1 proposed budget are integral to the short-and long-term economic health of the City, and provide important direct services to the public. Our enterprise departments are making substantial investments in capital infrastructure, including projects to structurally improve piers along the Port's waterfront, renovate terminals at SFO, and implement streetscape improvements throughout the City to make our streets safer for all users □ pedest rians, transit, cyclists and automobiles. □ e proposed capital projects included in this budget, and accompanying capital appropriation s, will inject over \$4 billion into our local economy and support over 36,000 local jobs.

A well-functioning, safe, and encient public transportation system is critical to ensuring that our City is accessible and livable for all. \Box e Municipal Transportation Agency's budget implements a 10 percent service increase over the next two years, which includes additional maintenance and front-line transit workers. \Box is investment will ensure the reliability, and accessibility of our public transit system, which is central to our City's well-being and livability.

□ e budget also invests in making our libraries even safer and more welcoming to all of its patrons. I am particularly proud of the plan to open a new Teen Digital Media Lab in 2015 at San Francisco's Main Public Library. Engaging our young people and ensuring they receive exposure to new technology and training to prepare them for the jobs of the future is paramount in San Francisco, the innovation capital of the world. □ e City's continued investment in a strong library system ensures that San Franciscans not only have equal access to information, but free and low-cost educational opportunities that make San Francisco a more a □ordable and enjoyable place to live.

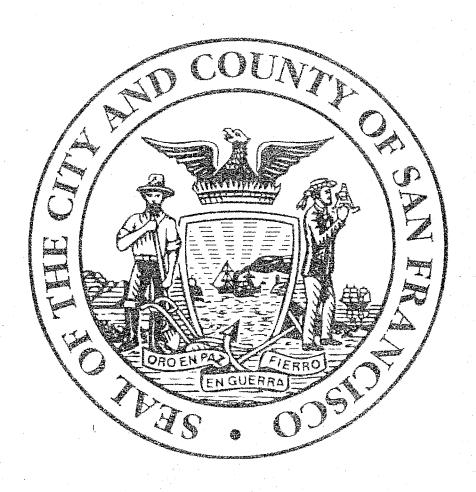

□ is May 1 proposal is the □rst step in cra □ing a balanced budget for the coming year. Extensive work remains in the coming weeks; by June 1, we must close a \$66.7 million General Fund budget shortfall in Fiscal Year (FY) 2014-15, and a \$133.4 million General Fund shortfall in FY 2015-16. I look forward to working with the Board of Supervisors, residents, businesses, and all stakeholders on □nalizing the City's balanced budget.

Sincerely,

Mayor Edwin M. Lee

AIRPORT

The San Francisco International Airport (SFO or "the Airport") strives to be an exceptional airport in service to its communities. SFO is the Bay Area's largest airport, offering non-stop links to more than 34 international destinations on 30 international carriers as well as non-stop connections to more than 78 cities in the U.S. on 15 domestic airlines.

SERVICES

 \square e Airport provides services through the following divisions:

ADMINISTRATION AND POLICY creates and enhances partnerships within the City and with the Airport's neighbors; recruits and maintains a competent workforce; develops SFO's federal and state policy agenda; develops environmental sustainability plans and coordinates sustainability ecorts throughout the Airport.

BUSINESS AND FINANCE ensures that Airport property and facilities achieve cost-eciency; provides the proper environment for existing and new businesses; develops and implements innovative cal policies and solutions; manages the Airport's chancial performance and oversees medical services at the Airport.

CHIEF OPERATING OFFICER provides executive oversight to Design and Construction, Operations and Security, Maintenance, Planning, Information Technology and Telecommunications, Safety and Strategic Programs, and the Museums program to ensure the delivery of safe, secure, and e⁻cient services to the traveling public. □ is division also works with the Director and Executive Committee in developing Air port-wide policy, vision, and strategy.

COMMUNICATIONS AND MARKETING provides timely and accurate information regarding the Airport to the

public, media, airlines, and neighboring communities; markets opportunities for new or expanded airline services and on-site parking and concessions to increase Airport revenue; and oversees customer service programs.

DESIGN AND CONSTRUCTION plans and implements capital improvement projects and programs. □ is division designs and oversees improvements to buildings, utilities, and other Airport systems.

FACILITIES MAINTENANCE keeps the Airport facilities clean, safe, and running e□ciently.

MUSEUMS provide a broad range of attractions for the traveling public and creates an ambiance in the Airport that recets the sophistication and cultural diversity of San Francisco.

OPERATIONS AND SECURITY manages the air □eld, public transportation, terminals, airport security program, and emergency procedures to provide the public with a safe, secure, e□cient, and customer-friendly Airport.

PLANNING prepares long-range facility development planning studies and analyzes projects to support the development of the Airport capital improvement program.

For more information, call (650) 821-5042 or 311; or visit www. _ysfo.com

BUDGET DATA SUMMARY

	2012–13	2013–14	2014	4–15	2015–16		
	'Actual Budget	Original Budget	Proposed Budget	Change from 2013-14	Proposed Budget	Change from	
Total Expenditures	930,184,262	868,059,481	956,518,049	88,458,568	921,465,726	(35,052,323)	
Total FTE:	1,443	1,460	1,478	18	1,506	28	

BUDGET ISSUES AND DETAILS

□ e Fiscal Year (FY) 2014-15 proposed budget of \$956.5 million is \$88.5 million, or 10.2 percent, higher than the FY 2013-14 budget of \$868.8 million. A signi cant portion of this increase is due to the appropriation of prior year Other Post-Employment Bene (OPEB) contributions, proposed new positions, and cost increases for operating the AirTrain. In addition, debt service expenses are higher as a result of increased project requirements and scheduled increases for previously issued bonds. □ e budget includes a \$38.4 million annual service payment to the City's General Fund.

□ e FY 2015-16 proposed budget of \$921.5 million for the Airport is \$35.0 million, or 3.7 percent, lower than the FY 2014-15 proposed budget of \$956.5 million. A signi □cant portion of this decrease is due to the expiration of one-time expenditures such as OPEB contributions and the completion of capital projects. □ e overall decrease is partially o □set by increased debt service payments. □ e budget includes a \$39.6 million annual service payment to the City's General Fund.

Supporting Tourism and Trade

□ e Airport forecasts that enplanements (the number of passengers boarding a plane) will reach 23.1 million in FY 2014-15, a 2.0 percent increase from FY 2013-14. While the Airport has experienced dramatic growth in domestic tra□c over the last several □scal years, this growth is expected to moderate over the next few years. Internationally, the Airport has added service, including: a United Airlines □ight to Taipei, new seasonal service by AerLingus to Dublin, and additional □ights to Asia and Europe from current air carriers. By attracting new and expanded airline service, the Airport supports tourism and international trade, while promoting lower airfares. □ e Airport projects that expanding international tra□c will be the source of its long-term growth.

Providing Local Business Opportunities and Revenue

□ e Airport's concession program continues to perform well, with passenger spending rates among the highest in North America. □ e concessions include high-end retailers, numerous restaurants, and vendors o□ering a broad range of services. With the terminal improvements and focus on passenger experience, SFO continues to be one of the top performing airports for retail, food, and beverage concessions, with an overall spend-perpassenger rate of \$13.15 in calendar year 2013. Terminal 2 (which opened in 2011 and has many unique concession

o erings) had a spend rate of \$15.58 per passenger in 2013. Projected concession revenues for FY 2014-15 are 10.3 percent higher than FY 2013-14, driving an increase of the Airport's annual contribution to the City's General Fund.

In recognition of the continued success of its concession program, Airports Council International-North America (ACI-NA) honored the Airport with the Richard A. Griesbach Award of Excellence in the 2013 ACI-NA Airport Concessions Awards. SFO's concession program was identized as capturing The spirit of the City, with an emphasis on fresh and sophisticated retail and local, sustainable dining options.

Investing in Capital, Creating Jobs

☐ e Airport's \$4.4 billion ten-year Capital Improvement Plan (CIP) will support the local economy and businesses by investing in Airport infrastructure. Highlights of the CIP include \$3.2 billion in investments in terminal improvements, including the renovation of Boarding Area B in Terminal 1 and Boarding Area F in Terminal 3; \$433.1 million in groundside improvements, including a second long-term parking garage; and an extension of the AirTrain System to the long-term parking garages; \$339.9 million on the air □ld for runway and taxiway improvements as well as runway safety areas; \$291.5 million for airport support projects, such as a new air tra □c control tower and other airport support facilities; and \$163.2 million for utility infrastructure.

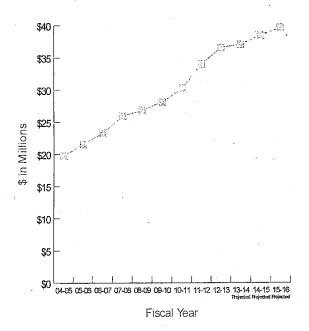

Continued Excellence in Passenger Experience and Rankings

☐ e Airport successfully engages the entire Airport community to reach service excellence.

e Airport strives to have the highest ratings of customer satisfaction among international gateway airports in the United States as measured by the Airport Service Quality global survey and benchmarking program. Airport satisfaction is increasing on a quarter-by-quarter basis in many key performance areas such as cleanliness, ambiance, and courtesy of sta Z. Satisfaction scores for Terminal 2 place it among the most elite in the world, Ewith the highest 'Airport Ambiance' score in North America Terminal 2's cleanliness score ranks 31st of nearly 250 airports worldwide and fourth in North America. In 2014, SkyTrax ranked the Airport third in the world in the 40-50 million passenger class.

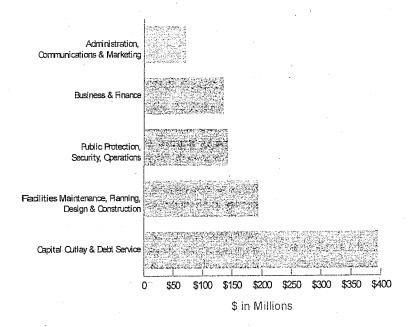

e Airport leads many comparable airports in measurements such as Wi-Fi service, way inding, and access to the airport.

ANNUAL SERVICE PAYMENT TO GENERAL FUND

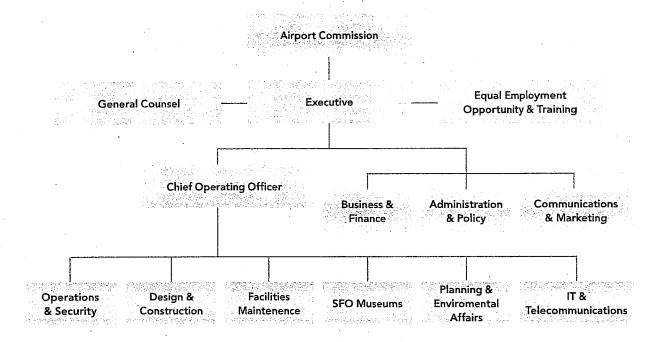

The Airport's Annual Service Payment (ASP) provision allocates 15 percent of the Airport's concession revenues to the City. The growth of the ASP reflects growing passenger traffic at SFO.

FY 2014-15 USES BY SERVICE AREA

\$142 million (15 percent) of the Airport's operating budget is dedicated to ensuring a safe and smooth experience for travelers (public protection, security, and operations service area).

CHILD SUPPORT SERVICES

The Department of Child Support Services (CSS) works to empower parents to provide economic and medical support for their children, thereby contributing to the well-being of families and children.

SERVICES

☐ e Department of Child Support Services provides services through the following divisions:

ADMINISTRATION provides policy direction and acts as the conduit to all federal, state, and local government agencies.

is division ensures compliance with personnel management regulations and all related memorandum of understanding (MOU) labor contracts, and assures the Escal integrity of the Department as it relates to reporting, record-keeping, and procurement.

CASE MANAGEMENT manages the Department's child support caseload and works with families to ensure that children are Enancially, medically, and emotionally

supported. \square is division delivers direct services to clients through the provision of a variety of programs focused on the economic security of the family and the safety of the child.

LEGAL SERVICES provides initial and on-going support to parents in the areas of paternity establishment, location of parents, requests for child and medical support orders from the court, enforcement and modication of support orders, and the collection and distribution of child support.

For more information, call (415) 356-2700 or 311; or visit www.sfgov.org/DCSS

BUDGET DATA SUMMARY

	2012–13	2013–14	2014–15		2015–16		
	Actual Budget	Original Budget	Proposed Budget	Change from 2013-14	Proposed - Budget	Change from 2014-15	
Total Expendit ures	13,024,392	13,724,030	13,362,923	(361,107)	13,608,018	245,095	
Total FTE	90	84	81 -	(3)	80	(1)	

BUDGET ISSUES AND DETAILS

☐ e Fiscal Year (FY) 2014-15 proposed budget of \$13.4 million for Child Support Services is \$0.3 million, or 2.6 percent, lower than the FY 2013-14 budget of \$13.7 million. A signi ☐ cant portion of this decrease is due to the expiration of federal grants and one-time funding to support IT system replacement equipment.

□ e FY 2015-16 proposed budget of \$13.6 million for Child Support Services is \$0.2 million, or 1.8 percent, higher than the FY 2014-15 budget of \$13.4 million. A signi□cant portion of this increase is due to increased rental and lease costs for the main o□ce where CSS sta□ are located.

Debt Forgiveness - Compromise of Arrears Program (COAP)

In response to the increasing number of court orders that are considered as unenforceable or non-collectable, the State of California implemented the Compromise of Arrears Program (COAP) in 2004. COAP or an arrears management solution to the State of California and to parents who would otherwise not be able to pay their case balance. By providing parents with the option to compromise monies that would otherwise be uncollected, the State of California is able to focus its erorts on enforcement of collectable outstanding child support. As of State FY 2012-13, San Francisco's COAP program received 94 applications resulting in the compromise of \$725,705 of unpaid child support debt in exchange for repayment settlements totaling \$110,417.

Serving Incarcerated Parents

Since 2007, CSS has worked with the Sheri s Department to provide on-site child support services to incarcerated parents. Caseworkers and attorneys meet weekly with noncustodial parents who are incarcerated in the San Francisco County jail to discuss and respond to client concerns and modify orders. CSS sta provide educational presentations, answer questions at parole release meetings, and discuss their child support cases. Between 2007 and 2013, the jail outreach initiative identi ded 3,364 unique non-custodial parents whose whereabouts were previously unknown and whose overall debt owed is in excess of \$21.0 million. ded Department has reduced these arrears by modifying current support

obligations, enrolling eligible inmates in CSS program opportunities upon their release, and addressing current balances through the Department's Compromise of Arrears Program.

Reducing Domestic Violence

CSS developed a Family Violence Indicator (FVI) for case managers to □ag cases of domestic violence where the enforcement of child support obligations may be dangerous. □ e Department is currently seeing unprecedented growth in the number of clients who are exposed to family violence. In response, CSS has trained caseworkers and attorneys to communicate e ectively with victims and perpetrators of domestic violence, and to work with non-custodial parents to safely secure child support for the custodial parent. As of January 2014, approximately 80 percent of the total cases □agged for domestic violence have made payments.

Collaborating with City College

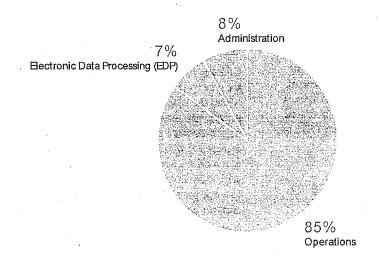

Beginning in 2014, CSS, in collaboration with Family Court Services, Domestic Violence Advocates and other stakeholders, is reengaging with City College of San Francisco to provide child support services to student parents.

is project builds on the work of a pilot program implemented by the Department and City College in 2006. By partnering with an existing on-campus service provider, CSS will o er case management in the areas of debt forgiveness, order modication, and parenting plans.
eproject, currently in the early stages of development, hopes to strengthen family relationships, and support student parents with meeting their educational goals.

Implementing Health Care Reform and Child Support

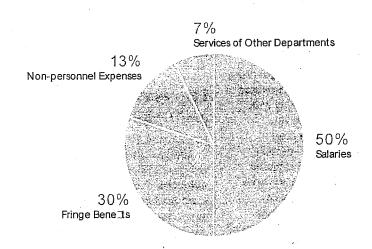

□ e A □ brdable Care Act (ACA), which went into e □ ect in 2014, will improve accessibility and a □ brdability for custodial and non-custodial parents in meeting their obligation to ensure adequate medical coverage for their children. CSS, along with California's entire child support program, is moving aggressively to implement the requirements and programmatic changes necessitated by ACA legislation.

FY 2014-15 DEPARTMENT USES BY SERVICES AREA

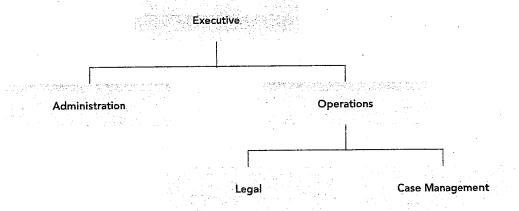

8 percent of the Department's proposed FY 14-15 budget is allocated for administrative support.

FY 2014-15 DEPARTMENT USES BY EXPENDITURE TYPE

80 percent of the Department's proposed FY 2014-15 budget is allocated to salaries and fringe benefits.

MUNICIPAL TRANSPORTATION AGENCY

The San Francisco Municipal Transportation Agency (MTA) is responsible for the management of all ground transportation in the City. The MTA operates the San Francisco Municipal Railway (Muni) and manages parking and traffic, streetscape programs, bicycling, walking and the regulation of taxis.

SERVICES

MUNI, the nation's seventh largest public transit system, provides electric trolley bus, hybrid and diesel motor coach, light rail, cable car, historic streetcar, and contracted paratransit service to the City.

PEDESTRIAN AND BICYCLE PROGRAMS focus on improving walking and bicycling in San Francisco by emphasizing safety, connectivity, congestion improvements, emissions reduction and personal health promotion.

PARKING manages 448,000 publicly-available parking spaces, 19 parking garages, 19 metered lots, and 27,935 on-street meters.

TRANSPORTATION ENGINEERING oversees changes to tra \square c control devices such as signs, signals, and striping to improve the safety and operation of city streets for all modes. \square e su bdivision is responsible for the operation, design and maintenance of the entire City's tra \square c signal infrastructure and provides tra \square c routing support to public and private construction projects.

SAFETY, TRAINING, SECURITY, INVESTIGATIONS AND ENFORCEMENT enhances safety and security of the transit system as well as the enforcement of parking regulations. \Box e Security Operations Unit consists of the Proof of Payment Group, Investigations, and the Muni Transit Assistance Program.

ACCESSIBLE SERVICES manages contracted paratransit (door-to-door) service for customers with disabilities who cannot independently use regular Muni service, and ensures that Exed-route Muni services and other MTA services and programs are accessible to seniors and persons with disabilities.

TAXI SERVICES regulates over 8,000 licensed taxi drivers in the City with the goal of improving services to residents and visitors to San Francisco by working with taxi drivers, taxi companies and medallion holders.

LONG-RANGE PLANNING plans and designs capital and infrastructure improvement projects, and provides long-range forecast analyses of the Deets, facilities and right-of-way infrastructure in the City.

BUDGET DATA SUMMARY

•	2012–13	2013–14	201	4–15	2015–16		
	Actual Budget	Original Budget	Proposed Budget	Change from . 2093-14	Proposed Budget	Change from 2014-15	
Total Expenditures	842,457,143	853,883,621	947,111,854	93,228,233	1,004,318,603	57,206,749	
Total FTE	4,388	4,484	4,679	195	4,910	231	

BUDGET ISSUES AND DETAILS

□ e Fiscal Year (FY) 2014-15 proposed budget of \$947.1 million for the MTA is \$93.2 million, or 10.9 percent, higher than the FY 2013-14 budget of \$853.9 million. A signi □cant portion of this increase is due to increases in salary and fringe bene □ costs, increases in the number of transit operators, investments in preventative maintenance, and a 3 percent service increase.

The FY 2015-16 proposed budget of \$1,004.3 million for the MTA is \$57.2 million, or 5.7 percent, higher than the FY 2014-15 proposed budget. A significant portion of this increase is due to an additional 7 percent service increase. This brings the total service increase to 10 percent from the FY 2013-14 staffing and service levels.

The MTA FY 2014-15 and FY 2015-16 Capital Budget is \$562.9 million and \$669.0 million, respectively. The FY 2015-16 Capital Budget reflects \$32.0 million per year starting in FY 2015-16 in additional General Fund funding for pedstrian and bike improvements and core transportation projects recommended by the Mayor's 2030 Transportation Task Force in November 2014.

Implementation of MTA's Strategic Plan

In the first years of the MTA's FY 2013-18 Strategic Plan, the agency has made considerable progress in reducing structural deficits through increased revenues, and the control of overtime, labor costs and workers' compensation claims. Established metrics allow the agency to chart its progress toward reaching milestones adopted through the six-year Strategic Plan. For more information regarding the MTA Strategic Plan please visit www.sfmta.com/about-sfmta/sfmta-strategic-plan

Making Transit Affordable for All

Affordability is a growing concern for many San Franciscans and policy makers. A recent survey of 22,000 Muni riders revealed that more than half of Muni customers are low-income, with approximately 1 in 4 customers living in households making less than \$15,000 annually. While Muni's fares are among the lowest of peer transit agencies, the MTA supports the Mayor's call to make the City more affordable to residents. The MTA FY 2015-16 Operating Budget includes the continuation of free Muni for low and

moderate income youth. This popular program, which launched in FY 2012-13, will be funded through a private grant from Google, and will be extended to 18-year-olds. In addition, provisions for a new free Muni program for low and moderate income seniors and disabled riders will be implemented contingent upon a review of the agency's fiscal health in 2015. The MTA Board also elimininated Sunday parking meter enforcement.

Transportatrion Task Force

In 2013, Mayor Lee convened the 2030 Transportation Task Force, which identified the need to invest \$10.0 billion in the City's transportation infrastructure over the next 15 years and recommended several new revenue sources. If secured, these sources would generate \$3.0 billion over 15 years, and would fund capital infrastructure investments in San Francisco's transportation system. The MTA budget assumes implementation of the Transportation Task Force recommendations and proposes a \$1.5 billion funding package to fund critical transportation infrastructure to repave roads, improve transit, and make streets safer for all users.

Muni Forward: Rapid Network Improvements

Developed through the Transit Effectiveness Project planning effort, which included several years of data collection, intensive assessment, and public outreach efforts, the Rapid Network Improvement projects will restructure transit service on Muni's high ridership lines to improve efficiency and connectivity. This program, which is planned to start over the next two years, consists of targeted engineering improvements designed to minimize transit service delays at key intersections and along the Rapid Network, the busiest transit corridors in the City. Street design engineering tools that reduce travel time, ensure safer transit operations, and improve accessibility on the busiest transit routes include: lane modifications, traffic signal and stop sign changes, transit stop changes, parking and turn restrictions, and pedestrian improvements. The Rapid Network Improvements will make Muni approximately 20 percent faster and significantly more reliable on its most heavily used corridors, meaning that a daily customer could save over an hour of his or her week with these improvements.

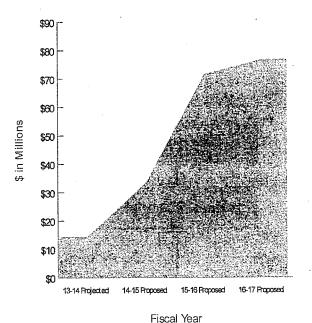

Vision Zero: Eliminating Traffic Deaths by 2024

Over the next 24 months and as part of the citywide commitment to Vision Zero, the MTA will implement 24 near-term engineering projects that will improve safety for all road users. \square ese projects, in addition to the agency's existing programs that enhance safety for people walkin g, biking and driving, include initiatives such as slowing down vehicle speeds, installing signals at intersections, and enwhancing existing and building new bikeways.

Phase 2 of the Central Subway

□ e Central Subway Project is Phase 2 of the □ ird Street Light Rail Program that will link the Bayview and Visitacion Valley with Mission Bay, South of Market (SoMa), Yerba Buena/Moscone Center, Union Square, and Chinatown. □ e Central Subway will improve regional connections to Caltrain, BART, Muni rail lines, and bus routes while reducing travel time and providing rapid transit in this burgeoning and increasingly congested corridor. In 2013, the Central Subway continued major construction in SoMa and Union Square to build the underground tunnels and stations. □ e extended light rail line is slated to open to the public in 2019.

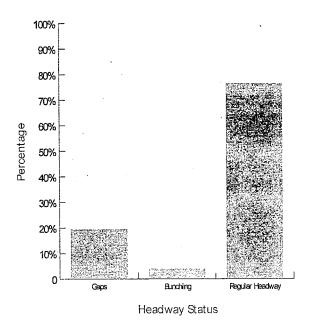

PROPOSED ANNUAL SPENDING ON BIKE AND PEDESTRIAN CAPITAL IMPROVEMENTS

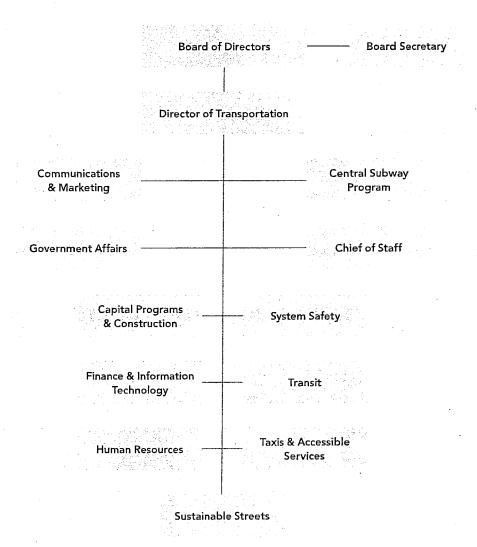

1 10001 1001

The MTA is proposing large increases in funding for Bike and Pedestrian Capital improvements over the next 3 years.

HEADWAY STATUS OF MUNI VEHICLES, SYSTEMWIDE

Muni strives to eliminate gaps and bunches between Muni vehicles. Gaps occur when vehicles come infrequently. Bunches occur when vehicles come too close together. For more than 76 percent of observed time points, Muni vehicles arrived at regular time intervals.

PORT

The Port (PRT) promotes a balance of maritime, recreational, industrial, transportation, environmental stewardship, public access, and commercial activities on a self-supporting basis through appropriate management and development of the waterfront for the benefit of the public.

SERVICES

☐ e Port provides services through the following divisions:

ENGINEERIN 6 provides project and construction management, engineering design, facility inspection, contracting, code compliance review, and permit services for all Port facilities.

MARITIME m anages and markets cruise and cargo shipping, ship repair, commercial and sport Ishing, ferry and excursion operations, visiting military and ceremonial vessels, and other harbor services.

MAINTENANCE is responsible for repairing piles, piers, roofs, plumbing and electrical systems, and street cleaning along the Port's seven-and-a-half miles of waterfront property.

PLANNING AND DEVELOPMENT sees that the development and use of Port lands is consistent with the goals and policies of the Waterfront Land Use Plan, maintains and amends Plan policies, leads community

planning projects for speci [ed waterfront areas, and administers land use regulatory review of projects on Port property.

REAL ESTATE oversees all property and lease management for marketing and leasing the Port's commercial and industrial property.

ADMINISTRATION manages the Port's operations and support services including Human Resources, Accounting, Finance, Information Systems, Contracts, and Business Services.

EXECUTIVE includes the Port Executive Director, the Communications Department, Homeland Security, Special Projects, Port Commission Secretary, and the Port's General Counsel.

For more information, call (415) 274-0400 or 311; or visit www.sfport.com

BUDGET DATA SUMMARY

	2012–13	2013–14	2014–15		2015–16	
	Actual Budget	Original Budget	Proposed Budget	Change from	Proposed Budget	Change from 2014–15
Total Expendit ures	105,622,690	91,674,259	109,128,326	17,454,067	109,497,009	368,683
Total FTE	236	237	242	5	243	1

BUDGET ISSUES AND DETAILS

□ e Fiscal Year (FY) 2014-15 proposed budget of \$109.1 million for the Port is \$17.4 million, or 19.0 percent, higher than the FY 2013-14 budget of \$91.7 million. A signi□cant portion of this increase is due to salary and fringe bene □ts costs increases; new and substituted positions; development project expenses; and additional capital project funding.

 \square e FY 2015-16 proposed budget of \$109.5 million for the Port is \$0.4 million, or 0.3 percent, higher than the FY 2014-15 budget of \$109.1 million. \square is increase is largely due to increases in salary and fringe bene is costs and services of other departments in FY 2015-16.

Inaugurating James R. Herman Cruise Terminal

□ e new James R. Herman Cruise Terminal at Pier 27 will welcome its inaugural cruise call on September 18, 2014 with the arrival of Princess Cruises' Crown Princess. □ e occasion will be celebrated publicly and mark a new era of passenger cruises in San Francisco. □ e Port o□cially will name the new facility in honor of James R. Herman, late President of the International Longshore and Warehouse Union (ILWU) and former Port Commissioner. □ e Port will also open the new Northeast Wharf Plaza to the public. □ ese events will be the □rst of many opportunities to celebrate the James R. Herman Cruise Terminal as the perfect picture frame of all that is both iconic and exciting about San Francisco: the Bay Bridge spires, Ferry Building clock tower, Transamerica Building, Coit Tower, and the homes nestled into Telegraph Hill.

□ e FY 2014-15 and FY 2015-16 budgets re □ect improved revenues as a result of the Terminal's opening, which will accommodate larger vessels and more passengers than the Pier 35 terminal. Additionally, a new passenger facility charge will be imposed by the Port to help □nance the Cruise Terminal, generating an estimated \$2.1 million and \$1.2 million in revenue growth in FY 2014-15 and FY 2015-16, respectively. On non-cruise call days, the space will be used as a special event facility, similar to its use during the 34th America's Cup, with paid parking that will generate an estimated \$0.6 million and \$1.2 million of new revenues in FY 2014-15 and FY 2015-16.

Capital Improvements

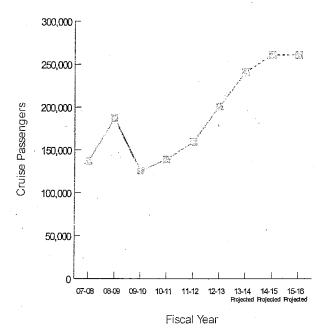

Not including annual projects and reappropriated funds, the Port budget includes \$12.8 million for capital projects in both FY 2014-15 and FY 2015-16. A large portion of this funding is dedicated for pier structures repairs along the waterfront, including Wharves J-7, J-8, and J-9 and the Pier 43 seawall in Fisherman's Wharf to address signicant Ten-Year Capital Plan needs. To improve facility accessibility the Port will invest \$1.4 million in new restrooms, particularly at Fisherman's Wharf. Additionally, the Port intends to enhance its cargo facilities and industrial space beginning with \$0.5 million for environmental review and design of the Backlands and other Southern Waterfront areas.

□ e Port will also complete important capital projects that were funded in prior years. Notably, the Northeast Wharf Plaza, □nanced with \$17.0 million of 2012 General Obligation Bond proceeds, will be completed in August 2014. □ is new 2.7 acre park is adjacent to the new James R. Herman Cruise Terminal and will feature a large lawn for the public to enjoy. Also, 2014 Port Revenue Bond proceeds will □nance the revitalization of Pier 31, a historic facility that currently is restricted from public access due to structural deterioration. By repairing the pier, the Port will create leasable space to generate new Port revenue and enhance the economic drive in the Northern Waterfront.

Assessing Seawall Conditions

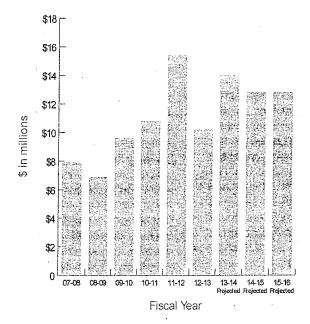

= ePort's FY 2014-15 capital budget includes \$0.5 million to support an initial assessment of the condition of the Port's seawall, which is aging and was not designed to withstand a major seismic event or the impacts of sea level rise. \Box e seawall was built between 1876 and 1929, is approximately four miles in length and provides critical Tood protection and structural support to the eastern portion of the City, including the Port Waterfront and Promenade, Financial District, and BART & Muni systems. □ è project funds will be used by a technical advisory committee comprised of representatives from the Port, Airport, Public Utilities Commission; and the Department of Public Works and includes experts in the Celds of environmental regulation, planning, Inance, risk analysis, and public information. □ e committee will evaluate various strategies for addressing infrastructure requirements, including the option of building a new seawall. □ e cost of replacing the seawall is well beyond the Port's Chancial capacity and additional funding sources will be sought as the project develops.

CRUISE PASSENGER VOLUME AT THE PORT OF SAN FRANCISCO

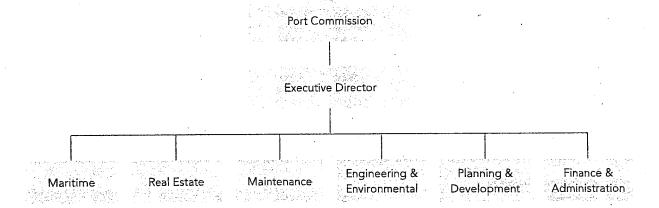

Due to the strengthening economic climate and the planned availability of the new James R. Herman Cruise Terminal, which will accommodate larger ships that carry more passengers, cruise passenger volumes in the upcoming fiscal years are expected to far exceed pre-recession levels.

ANNUAL CAPITAL INVESTMENTS

The Port's Ten-Year Capital Plan estimates that there is \$1.6 billion in deferred maintenance of infrast ructure on the waterfront. Due to the fluctuation of capital funding in prior years, in 2012 the Port Commission passed a capital policy that prioritizes capital funding in relation to the operating budget.

(This excludes reappropriated funds and annual projects.)

PUBLIC LIBRARY

The Public Library (LIB or "the Library") is dedicated to free and equal access to information, knowledge, independent learning, and reading for our community. The Library consists of the Main Library at Civic Center, 27 branch libraries spread out across the City, mobile libraries that travel around the City, and the public website. In addition to the Library's collection of 3.4 million items in various formats and over 50 languages, the Library offers the public access to computers, various technologies, and educational, literary, and recreational programming.

SERVICES

□ e Public Library provides services through the following strategic areas:

LITERACY AND LEARNING initiatives provide robust collections, resources, services, and programs that support reading and address the changing literacy and learning needs of the 21st century.

DIGITAL STR ATEGIES ensure equitable access to public technology andd resources.

YOUTH ENGAGEMENT supports the City's youth with a myriad of programs and services including early literacy, the summer reading program, homework help

services, test preparation programs, outreach to schools, and expanded teen services on technology and media literacies.

STRATEGIC PARTNERSHIPS leverage the Library's resources to strengthen the services and programs o ered and to help the Library reach a larger audience.

DIVERSE PROGRAMMING promotes the Library as a key center for literary arts and a provider of accessible services, fosters community engagement, and serves as a place where all San Franciscans feel welcome.

Total FTE	640	652	663	11	665	2

BUDGET ISSUES AND DETAILS

□ e Fiscal Year (FY) 2014-15 proposed budget of \$108.3 million for the Library is \$7.8 million, or 7.8 percent, higher than the FY 2013-14 budget of \$100.5 million. A signi □cant portion of this increase is due to increases in salary and fringe bene □ts costs, including seven new sta □ for custodial, grounds patrol and IT services. In addition, the FY 2014-15 budget includes a \$1.0 million increase to the collections budget and \$1.7 million enhancement for new facility rental costs, which will be o □set by new rental revenue.

□ e FY 2015-16 proposed budget of \$114.1 million for the Library is \$5.7 million, or 5.3 percent, higher than the FY 2014-15 proposed budget of \$108.3 million. A signi□cant portion of this increase is due to increases in the Department's set-aside and baseline revenues. □ e Department is appropriating additional funds to cover increases in salary and fringe bene□ts costs as well as an increase of \$0.9 million to the Collections budget, and depositing funds into the Library Preservation Fund to replenish reserves that were appropriated in FY 2013-14 to complete the Teen Digital Media Lab.

Safe and Welcoming Facilities

□ e Library's proposed budget re □ects its commitment to providing safe and welcoming facilities by continuing to invest in post-occupancy facility improvements, and to enhancing the Library's custodial and grounds patrol services. Other investments toward ensuring safe and welcoming facilities includes the Library's partnership with the Department of Public Health, which connects Main Library patrons with social services and housing resources; beginning in FY 2014-15, the Library will expand those outreach services to the branches.

In FY 2014-15, the Library anticipates leasing a new facility that will allow it to consolidate support services, delivery services and bookmobile services in one location.
☐ e costs of leasing the facility will be o set by leasing out the Library's current support services facility.

Strong Library Collections

□ e proposed FY 2014-15 and FY 2015-16 budgets continue to invest in strong library collections, which represent approximately 11 percent of the operating budget. Print books remain the primary material format, but the library is expanding its investments in eResources, including eBooks, eMusic, eVideo, databases, and eLearning. Other investments include youth materials, materials in international languages, and periodicals. □ e FY 2014-15 collection budget increased by 9.7 percent over the FY 2013-14 budget; in FY 2015-16, it will increase an additional 7.4 percent.

Expanding Free and Low-Cost Educational Opportunities

In addition to its strong collection in multiple formats and languages, the Library provides free educational and recreational programming to residents of all ages. Every month, the Library hosts over 400 story-times and events for children and their caregivers; specialized programming and events for teens; and over 100 literary, workforce development, and recreational classes for adults. □ e Library also o ☐ers a Family Pass, enabling families to visit 24 local museums and attractions for free.

Beginning in FY 2014-15 the Library will o \(\text{Per}\) er scholarships for patrons 18 years-old and over to earn an accredited high-school diploma and a career certi\(\text{Cate}\) through Career On-line High School, the only program of its kind. Diploma completion requirements are combined with coursework for a career track for each student. By piloting this program, the library is bolstering its Family and Education Zone goals while also expanding its role to include workforce development and helping to reach people who have not succeeded in traditional educational settings.

☐ e City's continued investment in a strong library system ensures that San Franciscans not only have equal access to information, but free and low-cost educational opportunities that make San Francisco a more a ☐ordable place to live.

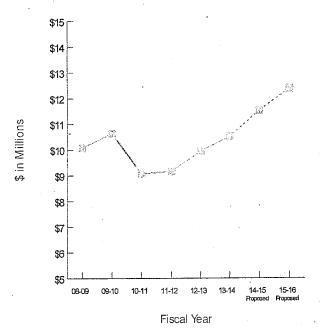

Opening a New Teen Digital Media Lab

In FY 2011-12, the Department received a \$100,000 grant from the Institute of Museum and Library Sciences to design a Teen Digital Media Lab that will support the attainment of multiple literacies in technology, media, environment and health, reading and civic engagement. Youth worked closely with Library and Department of Public Works sta □to design the new Teen Digital Media Lab, which will act as a hub for youth media education and literacy development. □ e Lab is fully funded from the Library Preservation Fund and will open in spring 2015. □ e proposed budget includes operating funds for the new Lab, including sta □ng and a media content management system for the new interactive wall.

Embracing Innovation

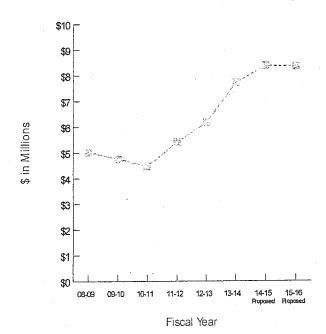

Over the next two Cscal years, the Library will expand its eResource lending kiosk program to increase the public's access to technology, providing easier circulation of laptops for the public and making available electronic tablets for reading. Other technology investments include upgrading the Library's assistive technology computer workstations, improving the Main Library's public conference rooms' audiovisual equipment and updating the Library's public website.

COLLECTION BUDGET

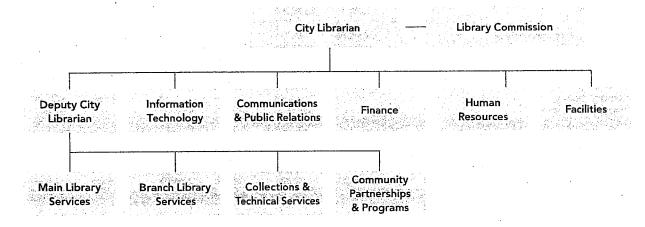

The San Francisco Public library has increased its investment in its books and media collection since FY 2010-11. The Library's collection budget represents between 10 to 13 percent of its operating budget.

INFORMATION TECHNOLOGY BUDGET

To keep up with technological changes, the San Francisco Public Library has increased its investment in information technology since FY 2010-11.

PUBLIC UTILITIES COMMISSION

The Public Utilities Commission (PUC) provides customers with high quality, efficient, and reliable water, power, and wastewater services in a manner that values environmental and community interests and sustains the resources entrusted in their care.

SERVICES

□ e San Francisco Public Utilities Commission (PUC) provides services through the following enterprises and bureaus:

WATER ENTERPRISE is responsible for collecting, treating, and distributing 222 million gallons of water per day to 2.6 million people in the Bay Area. Two unique features of the system stand out: the drinking water provided is among the purest in the world; and the system for delivering that water is almost entirely gravity-fed, requiring little to no fossil fuel consumption. Since 2010, the enterprise has also managed the City's Auxiliary Water Supply System for Te Thing and disaster response.

WASTEWATER ENTERPRISE collects, transmits, treats, and discharges sanitary and stormwater lows generated within the City for the protection of public health and environmental safety. San Francisco is one of only two cities in California with a combined sewer system.

e system olers signicant environmental benelts because it captures and treats both stormwater and urban street

runo ☐, in addition to sewage from homes and businesses. ☐ is protects public health, the San Francisco Bay and the Paci ☐ Ocean.

of the Power Enterprise and the upcountry operations of the Water Enterprise.

is includes the collection and conveyance of approximately 85 percent of the City's water supply and the generation and transmission of electricity from that source.

e Hetch Hetchy Power System is the clean energy backbone for the City and County of San Francisco, powering municipal facilities and the City's retail electricity customers.

e City's diverse energy portfolio of hydroelectric, solar and biogas generation has a zero greenhouse gas-emission pro

e, making the City the cleanest energy utilities in California.

SFPUC BUREAUS provide infrastructure planning as well as managerial and administrative support to the PUC.

BUDGET DATA SUMMARY

	e e	2012–13	2013–14	201	4–15	201	5–16
	25	Actual Budget	Original Budget	Proposed Budget	Change from 2013-14	Proposed Budget	Change from 2014–15
,	Total Expenditures	729,997,675	873,552,638	930,501,387	56,948,749	995,606,925	65,105,538
	Total FTE	1,620	.∂≘ 1,621	1,640	19	1,645	5

BUDGET ISSUES AND DETAILS

□ e Fiscal Year (FY) 2014-15 proposed budget of \$930.5 million for the San Francisco Public Utilities Commission (PUC) is \$56.9 million, or 6.5 percent, higher than the FY 2013-14 approved budget of \$873.6 million. A signi cant portion of the increase is due to increases in debt service as a result of more spending on capital projects. Other changes include increases in salaries and fringe bene is costs.

□ e FY 2015-16 proposed budget of \$995.6 million is \$65.1 million or 7.0 percent higher than the FY 2014-15 budget of \$930.5 million. A signi cant portion of this increase is also due to higher investment in capital projects.

□ e proposed budget supports PUC's strategic goals to provide high quality services, plan for the future, promote a green and sustainable City, engage the public, and invest in our communities. All PUC utilities operate 24/7 providing essential service utilities to meet its customers' water, power, and sewer service needs.

Solving the Power Enterprise Structural Budget Deficit

□ e Hetch Hetchy Water and Power Enterprise Fund faces a \$20.4 million increase in projected annual costs due to the expiration of an interconnection agreement for the transmission and distribution of electricity with the Paci □ Gas & Electric Company (PG&E). □ e Department also faces a \$6.0 million increase in costs due to additional regulatory mandates created by the regional council governing power utilities. As a result of these new expenditures, subsidized power rates paid by city Departments will increase by one cent per kilowatt hour □ equating to an additional \$4.2 million in revenue □ in both FY 2014-15 and FY 2015-16.

Water and Wastewater Rates

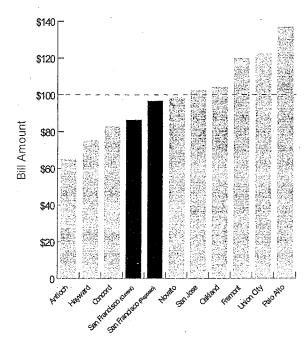

To continue delivering reliable, high quality service, the PUC has proposed 4 years of water and wastewater service rate increases beginning July 1, 2014. Ratepayer dollars have funded seismic improvement projects for Bay Area and San Francisco reservoirs, treatment plants, regional water pipelines and in-City water and sewer pipelines. Rate increases are necessary to complete these major projects as well as pay o \(\text{the bonds secured to}\) fund them. \(\text{ = proposed rate schedule represents an average annual increase of \$7 to \$10 per month for a single family residential household in San Francisco (about 8 to 9 percent per year). \(\text{ = PUC Community Assistance}\) Program (CAP) o \(\text{ = res a 15 percent discount on water}\) bills and a 35 percent discount on sewer bills for quali \(\text{ = d customers. For eligibility requirements and an application form, visit www.sfwater.org/community assistance}\)

Investments in Capital, Increasing Solar Power through GoSolarSF

□ e Department continues to make large investments in capital, totaling \$1.5 billion over the next two □scal years. □ ese investments include funding for water, wastewater, and power system improvements. Water projects include improvements to the local and regional water system such as pipeline replacement and repairs, structural and seismic upgrades, and facility improvements. Wastewater projects include treatment facility, sewer, and collection system improvements as well as storm water and □ood control projects. Hetch Hetchy projects include funding for streetlight improvements, power reliability and replacement projects, and full funding of the GoSolarSF program.

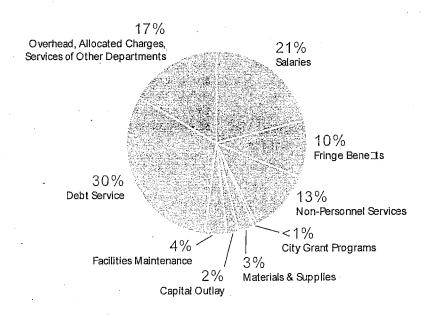

GoSolarSF is a City program that makes installing roo op solar panels for residents, businesses, and non-pro is in San Francisco more a ordable. e program reduces participants' electricity bills while shrinking the City's carbon footprint. In the Mayor's Proposed Budget, \$5.0 million is allocated in both years for this program.

AVERAGE MONTHLY COMBINED WATER & SEWER BILL, SAN FRANCISCO BAY AREA

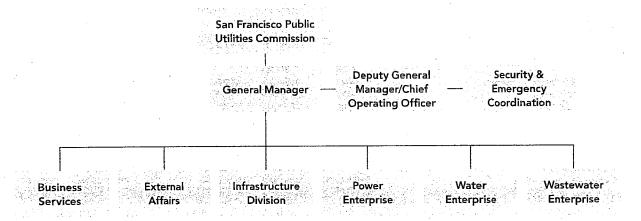

San Francisco's current and proposed water and sewer rates put monthly combined water and sewer bills for households below the average (~ \$100) for Bay Area municipalities.

DEPARTMENT USES BY EXPENDITURE TYPE, FY 2014-15

31 percent of the Department's expenditures go toward salaries and fringe benefits costs.

RETIREMENT SYSTEM

The Retirement System (RET) works to secure, protect, and prudently invest the City's pension trust accounts, administer mandated benefit programs, and provide promised benefits.

SERVICES

 \square e Retirement System provides services through the following divisions:

ADMINISTR ATION directs the overall administration of the Retirement System, including implementation of Retirement Board policies and directives; implementation of legislative changes to the Retirement System; legal and procedural compliance of all activities of the Retirement System; administration of member retirement counseling and pension payment processing; administration of the disability application and hearing o cer process; and management of the Retirement System's information technology, budget, and cancial systems.

RETIREMENT SERVICES provides retirement counseling for active and retired members; maintains historical employment data and retirement accounts for both active and retired members; calculates and processes all benefts payable as a result of a member's retirement, death, or termination of employment; disburses monthly retirement allowances to more than 26,000 retirees and beneficiaries;

and maintains Retirement System hancial records and reporting in compliance with all applicable legal and regulatory requirements.

INVESTMENT manages and invests the \$18.3 billion San Francisco Employee Retirement System (SFERS) Trust in accordance with the investment policy of the Retirement Board; monitors the performance of external investment managers; and maintains information and analysis of capital markets and institutional investment opportunities.

DEFERRED COMPENSATION oversees and administers the City's \$2.5 billion Deferred Compensation Plan (DCP). □ e City's Deferred Compensation Plan and Trust are established separately from, and are independent of, the Retirement System's de □ned bene □t pension plan.

For more information, call (415) 487-7020; or 311; or visit www.sfers.org

BUDGET DATA SUMMARY

	2012-13	2013–14	2014–15		2015–16		
	Actual Budget	Original Budget	Proposed Budget	Change from 2013-14	Proposed Budget	Change from 2014–15	
Total Expenditures	17,928,818	22,406,764	27,909,428	5,502,664	25,886,464	(2,022,964)	
Total FTE	.97	98	107	9.	111	4	

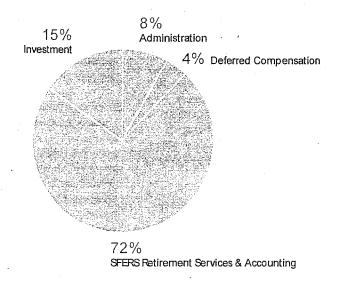

BUDGET ISSUES AND DETAILS

- □ e Fiscal Year (FY) 2014-15 proposed budget of \$27.9 million for the Retirement System is \$5.5 million, or 24.6 percent, higher than the FY 2013-14 budget of \$22.4 million. A signi□cant portion of this increase is due to an increase in professional investment sta □levels. As the San Francisco Employee Retirement System (SFERS) Trust grows, the Retirement Board continues to seek new investment strategies that will enhance its ability to maintain superior investment returns. □ e Retirement System's proposed budget includes new investment sta □ to accommodate expansion into new investment strategies. □ e entirety of the Department's budget is funded from the SFERS Trust or through reimbursement from the third-party administrator of the City's Deferred Compensation Plan.
- ☐ e FY 2015-16 proposed budget of \$25.9 million for the Retirement System is \$2.0 million, or 7.2 percent, lower than the FY 2014-15 budget of \$27.9 million. A signi ☐ cant portion of this decrease is due to expirations of one-time costs related to the Department's move into a new building.

Reducing City Costs

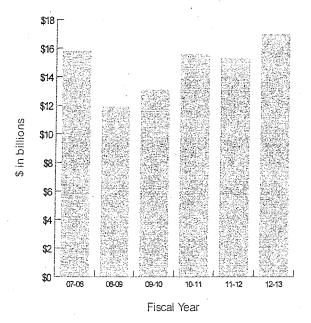

- □ e SFERS Trust earned an annualized investment return of over 11 percent in the last three □scal years. □ is investment return was signi□cantly higher than the Plan's investment return assumption, and served to reduce the expected increase in employer contribution requirements to SFERS resulting from the Plan's use of □ve-year smoothing.
- □ e Department will continue to work to maintain superior levels of investment returns on SFERS Trust fund assets. □ e Department's performance target is to achieve a return on trust investments that ranks in the top 50th percentile or better. As of December 31, 2013, SFERS' performance is in the top 50th percentile on a one-year, three-year, and □ve-year average return basis and is in the 1st quartile on a ten-year and □een-year average return basis.

FY 2014-15 DEPARTMENT USES BY SERVICE AREA

72 percent of the Department's expenditures go towards Retirement Services and Accounting.

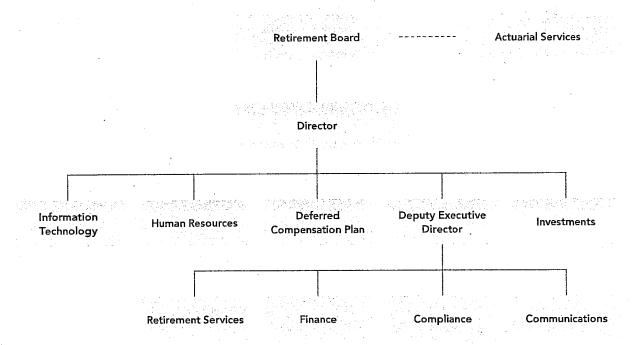

PENSION FUND NET ASSETS

The City's pension fund's net assets decreased during the recession but started to rebound in FY 2009-10.

SUMMARY OF MAY 1 CAPITAL PROJECTS

A key role of the City and County of San Francisco is to provide the facilities and infrastructure that maintain and improve the quality of life, environment, and economy. □ ese include the City's □re stations, hospitals, libraries, parks, police stations, roads and public transit systems □ the physical assets that shape urban life. Every other year, the Capital Planning Program, under the direction of the City Administrator, updates the City's Ten-Year Capital Plan, which outlines a long-term strategy for investment in these assets. □ e Capital Plan for Fiscal Years 2014 through 2023 was adopted by the Board of Supervisors in April 2013 and provides information to help guide the Mayor's budget submission. □ e next Capital Plan, for Fiscal Years 2016 through 2025 will be adopted in March or April of 2015.

□ e Mayor's May 1 Proposed Budget includes \$192.4 million in capital projects for FY 2014-15 and \$161.2 million for FY 2015-16 across these seven departments. Major projects included in this submission are the continued ren ovation of terminals at the San Francisco International Airport, structural improvements to several piers along the Port's waterfront, and streetscape improvements across the City. A list of proposed projects is presented on the following pages, and a complete capital project submission covering all city departments will be included in the Mayor's proposed June budget.

In addition to the capital projects included in the May 1 Proposed Budget, there are many upcoming projects funded over the next two years for these departments outside of the budget process through supplemental appropriation s and the Municipal Transportation Agency's (MTA) capital budget. \Box e MTA's capital budget goes through a separate process and is approved by the San Francisco MTA's Board of Directors.

□ e capital projects included in the Mayor's May
1 Proposed Budget, the MTA capital budget, and
supplemental appropriations for the Airport and the
Public Utilities Commission (PUC) are helping the City
realize the goals set forth in the City's Ten-Year Capital
Plan by investing \$4 billion over the next two years, which
will support 36,000 jobs over the life of these projects.
□ ese projects are funded by various revenue sources,
including fee and concession revenue, bond proceeds, and
state and federal grants.

Additional details on the MTA capital budget and the Airport and PUC supplemental appropriations are included below:

□ e Municipal Transportation Agency (MTA) plans to invest \$1.2 billion over the next two □scal years on 17 capital projects. □ e projects re□ect the MTA Board of Directors' adopted policies and plans by maintaining and building upon its \$250.0 million per year State of Good Repair funding level, investing in tra□c calming, funding Market Street improvements, and expanding the City's public transportation □ect. □ ese investments will help ensure that the City's transit system is faster and more reliable, while making our streets safer for all modes of transit.

□ e Airport plans to invest \$941.3 million on capital improvements over the next two □scal years as it begins its □ve-year, \$4.4 billion capital program. Highlights over the next two years are renovations of Terminals 1 and 3, which will bring them up to the high standard set by the recent Terminal 2 renovation, and an extension of the AirTrain from the rental car facilities to parking lot DD. □ e e□ect of these improvements will be additional boarding gates, improved seismic safety, and a combination of better circulation and reduced processing times that will enhance the passenger experience.

PUC capital investments total \$1.5 billion over the next two \(\text{lscal years}, \) and include funding for water, wastewater, and power system improvements. Water projects include improvements to the local and regional water system such as pipeline replacement and repairs, structural and seismic upgrades, and facility improvements. Wastewater projects include treatment facility, sewer, and collection system improvements as well as storm water and \(\text{Lood control projects}. \) Hetch Hetchy projects include funding for streetlight improvements, full funding of the GoSolarSF program, and power reliability and replacement projects.

IT PROJECTS

SUMMARY OF MAY 1 IT PROJECTS

Investment in information and communications technology (IT or ICT) enables the City and County to enhance City services, facilitate resident and visitor engagement with City agencies, and utilize data to better inform leaders and policymakers. □ e City plans, funds, and coordinates IT projects through the Committee on Information Technology (COIT). Every other year, COIT updates the Five-Year Information & Communications Technology (ICT) plan, which identi□es the City's goals and priorities and outlines potential □nancial strategies. □ e ICT Plan for Fiscal Years 2013-14 through 2017-18 was adopted by the Board of Supervisors in April 2013 and provides information to guide the Mayor's May 1 Proposed Bud get. □ e next ICT Plan will be adopted in March or April 2015.

☐ e Mayor's May 1 Proposed Budget includes \$7.1 million of additional project funding for IT at the Airport, Municipal Transportation Agency, Port, and Public Utilities Commission over FY 2014-15 and 2015-16. ☐ e dollar value of these May 1 department IT projects is

small relative to the prior year request of \$73.7 million over FY 2013-14 and 2014-15 because departments are continuing to implement their prior year projects.

□ e Mayor's May 1 Proposed Budget includes a variety of large, multi-year IT projects that focus on investments in information technology infrastructure, as well as so□ware applications that smooth internal work □ow. Key projects include expanding the Airport's capital planning system; implementing of the Municipal Transportation Agency's Inventory and Asset management system; planning a Disaster Recovery system for the Port; and replacing the Supervisory Control and Data Acquisition (SCADA) system, a system for gathering and analyzing real-time data, for the Public Utilities Commission.

A more detailed IT project submission covering all City departments will be included in the Mayor's Proposed June Budget. For more information on the Committee on Information Technology visit www.sfcoit.org

ADDITIONAL RESOURCES

□ e Mayor's Proposed FY 2014-15 and 2015-16 Proposed Budget for the City and County of San Francisco (the City), published for Enterprise and selected other departments on May 1, and for all other departments on June 1, is one of a handful of □hancial documents that can be a resource to the public seeking budgetary information. Other source of □hancial information include:

Consolidated Budget and Appropriation Ordinance, FY 2014-15 and FY 2015-16

☐ e Consolidated Budget and Appropriation Ordinance (AAO) contains the sources of funds and their uses, detailed by department. ☐ is document provides the legal authority for the City to spend funds during the ☐scal year. ☐ e AAO is released annually with the Board's passage and the Mayor's signing of the ☐hal budget ☐ usually in mid-August. An interim AAO is passed by a continuing resolution of the Board and provides the City's interim operating budget until the ☐hal budget is passed.

Salary Ordinance, FY 2014-15 and FY 2015-16

☐ e Salary Ordinance (ASO) is the legal document that authorizes the number of positions and job classi _cations

in departments for the budgeted \square scal years. \square e ASO is passed at the same time as the AAO.

Comprehensive Annual Financial Report

☐ e City's Comprehensive Annual Financial Report (CAFR) summarizes the performance of all revenue sources and accounts for total expenditures in any given ☐scal year. ☐ e CAFR for the ☐scal year ending June 30, 2013 is currently available. ☐ e FY 2013-14 CAFR will be made available by the Controller a ☐er the ☐scal year has closed and the City's ☐nancial reports have been reviewed and certi ☐ed.

Five-Year Financial Plan and Joint Report

☐ e City's Five-Year Financial Plan forecasts expenditures and revenues during the ☐ve-year period, proposes actions to balance revenues and expenditures during each year of the plan, and discusses strategic goals and corresponding resources for City departments. ☐ e Plan is published each odd calendar year by the Controller's O☐ce, the Mayor's O☐ce of Public Policy and Finance, and the Board of Supervisors' Budget and Legislative Analyst o☐ce. In even calendar years, the plan is updated in the Joint Report.

OBTAINING BUDGET DOCUMENTS AND RESOURCES

Copies of these documents are distributed to all City libraries. \Box ey may also be viewed online at the City's website (www.sfgov.org) and at the following City Hall locations:

Mayor's Office of Public Policy & Finance

COMMONLY USED TERMS

ACCRUAL BASIS ACCOUNTING \Box An accounting methodology that recognizes revenues or expenditures when services are provided.

BUDGET AND APPROPRIATION ORDINANCE $\Box\Box$ e piece of legislation that enacts the annual two-year budget. Formerly the Annual Appropriation Ordinance (AAO).

SALARY ORDINANCE $\square\square$ e piece of legislation that grants departments the authority to \square I a speci \square ed number of positions during the \square scal year. Note that this is not the same as having the funding to \square I that number of positions. Formerly the Annual Salary Ordinance (ASO). \square is piece of legislation is passed at the same time as the Budget and Appropriation Ordinance.

ANNUALIZATION Adjusting a partial year revenue or expense to relect a full year's worth of income or spending.

APPROPRIATION [Legislative designation of money to a department, program, or project for a particular use, including operations, personnel, or equipment.

ATTRITION SAVINGS Salary savings that result when positions at a department are vacant.

BALANCED BUDGET □A budget in which revenues equal expenditures, with no de □cit.

BALANCING Process of making revenues match expenditures within each departmental budget and within the City budget as a whole.

BASELINE (1) = e annualized budget for the current scal year, which serves as the starting point for preparing the next scal year's budget. (2) A required minimum of spending for a specise purpose.

BOND A debt investment in which an investor loans money to an entity that borrows the funds for a deled period of time at a xed interest rate. Bonds are used by companies and governments to hance a variety of projects and activities.

BUDGET CYCLE __ e period of time in which the City's Chancial plan for the upcoming Cscal year is developed; submitted to, reviewed, and enacted by the Board of Supervisors and signed by the Mayor; and implemented by city depart ments.

CAPITAL BUDGET | Funds to acquire land, plan and construct new buildings, expand or modify existing buildings, and/or purchase equipment related to such construction.

CAPITAL EXPENDITURE DEScribing future benefits, used to acquire or upgrade physical assets such as equipment or property.

CARRYFORWARD □Funds remaining unspent at yearend that a department requests permission to spend during the following □scal year. Some funds carry forward automatically at year-end.

CASH BASIS ACCOUNTING \square An accounting methodology that recognizes revenues and expenditures when payments are actually made.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR) □□ e City's Annual Financial Report, which summarizes the performance of all revenue sources and accounts for total expenditures in the prior □scal year.

COST-OF-LIVING ADJUSTMENT (COLA) A regularly scheduled adjustment to salaries, aid payments or other types of expenditures to reflect the cost of in fation.

COUNTY-WIDE COST ALLOCATION PLAN (COWCAP)

□□ e County-Wide Cost Allocation Plan is developed
annually by the Controller's O□ce and calculates the
overhead rate charged to each department for its share of
citywide overhead costs, such as payroll, accounting, and
operations.

DEFICIT An excess of expenditures over revenues.

ENTERPRISE DEPARTMENT \Box A department that does not require a General Fund subsidy because it generates its own revenues by charging a fee for service.

FIDUCIARY FUND \(\subseteq \text{Used} \) to account for assets held in trust by the government for the bene\(\text{T} \) of individuals or other entities. Government employee pension funds are an example of a \(\text{Lduciary} \) fund. Fiduciary funds are one of the three broad types of government funds, the other two being governmental and proprietary funds.

FISCAL YEAR □□ e twelve-month budget cycle. San Francisco's □scal year runs from July 1st to June 30th.

FRINGE $\Box\Box$ e dollar value of employee bene \Box ts such as health and dental, which varies from position to position.

FULL-TIME EQUIVALENT (FTE) One or more employees who cumulatively work 40 hours/week.

FUND Government budgets are made up of funds that organize and account for speci resources. Each fund is considered a separate accounting entity.

FUND BALANCE To e amount of funding that remains in a given fund at the end of the Callyear.

GENERAL FUND \square e largest of the City's funds, the General Fund is a source for discretionary spending and funds many of the basic municipal services such as public safety, health and human services and public works. Primary revenue sources include local taxes such as property, sales, payroll and other taxes.

GENERAL FUND DEPARTMENT $\Box A$ department that receives an annual appropriation from the City's General Fund.

GOVERNMENTAL FUND \square e City's basic operating fund, includes the General Fund and Capital projects. One of the three broad types of government funds, the other two being the \square duciary fund and the proprietary fund.

INTERIM BUDGET _ _ e citywide budget that is in e _ect for the _rst two months of the _scal year, during the lag period between July 1st _ the date on which the Board of Supervisors must technically submit its budget _ until mid-August when the new budget is signed into e_ect by the Mayor. _ e Mayor's proposed budget serves as the interim budget.

MAJOR & PROPRIETARY FUND \(\text{UND}\) \(\text{Used to account}\) for a government's ongoing activities and operations, the proprietary fund includes enterprise funds (which account for activities in which a fee is charged to external user) and internal service funds (used for services provided to other funds or departments). One of the three broad types of government funds, the other two being the \(\text{Cduciary}\) fund and the governmental fund.

MAYOR'S PROPOSED BUDGET □□ e citywide budget submitted to the Board of Supervisors by the Mayor's O□ce, on May 1st for selected Enterprise and other departments and June 1st for all remaining departments, that makes recommendations and estimates for the City's □nancial operations for the ensuing □scal year.

MEMORANDUM OF UNDERSTANDING (MOU) $\Box A$ binding agreement between two parties.

ORDINANCE A proposed or enacted law. Typically prepared by the City Attorney.

RAINY DAY RESERVE [Funds that are legally set-aside by the City Charter, Section 9.113.5, with the intent of protecting the City from being negatively impacted by the economy's boom-bust cycle. Generally, the Rainy Day Reserve requires that money be saved when revenue growth exceeds a certain level (in good economic times) in order to create a cushion during economic downturns.

RESOLUTION \Box A type of legislation. Typically prepared by the sponsoring department or a member of the Board of Supervisors and is generally directed internally.

REVISED BUDGET $\Box\Box$ e department's budget at yearend. Over the course of the \Box scal year, the department's original budget may be amended to re \Box ect supplemental appropriations, and receipts of unbudgeted grants.

SPECIAL FUND Any fund other than the General Fund. Revenue in special funds is non-discretionary.

SURPLUS

An excess of revenue over expenditures.

TECHNICAL ADJUSTMENT □Changes made by the Mayor's O□ce to the Mayor's proposed budget a ¯er it has been submitted to the Board of Supervisors.

TWO-YEAR BUDGETING □ = e new citywide process (beginning Fiscal Year 2012-13) of budgeting each year for the next two □scal years.
