Ms. Major,

Please convey to Supervisors Melgar, Preston and Peskin my support for Landmark status for the Ingleside Sundial; and Sundial Park.

I believe action will be taken on Monday 9/13.

During the pandemic period many SF citizens have come to know and love Sundial Park.

Thank you.

Donna Keuper Howe

Dear President Walton and Land Use Committee Members,

The Ingleside Terraces Homes Association fully supports the landmark designation application being put forward. The Ingleside Terraces Sundial was built at the time of our neighborhood's founding and dedicated on October 10, 1913. It resides in the historically significant Sundial Park with classical design elements in an intricate circular pattern of stone benches and planted columnar urns connected via sculptured pathways. The sundial is fully operational and is a regular destination for sundial touring groups, enthusiasts and even bridal parties. It is not only one of the oldest and largest in the western United States, but is an accurate perpetual timepiece.

Our association has recently renovated the Sundial by matching its historical color scheme, and we maintain the intricate landscaping through regular professional groundskeeping.

Whether seen from ground level or overhead, the Sundial and its associated park are truly a unique hidden gem in our equally unique and noted city. On this basis, we request that you approve the Ingleside Terraces Sundial landmark application.

Very Truly Yours,

A handwritten signature in black ink, appearing to read "Mark V. Scardina". The signature is fluid and cursive, with a prominent initial "M" and a long, sweeping tail.

Mark V. Scardina

President

Ingleside Terraces Homes Association
