Dear Board of Supervisors and Linda Wong:

This letter is a supplement to my application to sit in at Seat #3 representing senior and disabled San Franciscans on the Pedestrian Safety Advisory Committee submitted to Lisa Wong March 2013.

Supervisors David Chiu and Scott Weiner can attest to my passion to promote pedestrian safety in San Francisco. I bring the insight of a survivor. In May of 2010 I survived with a permanent traumatic brain injury by an SUV as a pedestrian on Market Street. This experience has compelled me to be of service in any capacity to diminish the danger I have faced which endangers approximately 800 precious lives each year. I have attended many of the monthly meetings of PSAC in the last three years. I comprehend the repercussion of trauma to the body, minds, and spirits of those of us who are injured. These injuries ripple into the families and friends of those injured.

Practicing architecture for over twenty five years, I have a professional knowledge of the built environment of urban streets. In addition to understanding cities from architectural work I know cities as a resident. All my adult life I have lived in cities including New York, Washington DC, New Haven CT. and Philadelphia, PA. before moving to San Francisco fifteen years ago.

I am a strong advocate for seniors and those of us with disabilities. I am keenly aware of the call for legible signals and coherent pedestrian pathways throughout our city to people who navigate the city streets with visual, audio, cognitive, physical disabilities. My daily work facilitating art with senior and disabled San Franciscan gives me a profound lived understanding of the diverse concerns of disabled pedestrian walking through the city. I am conscious of the myriad of detailed factors essential to coherent safe pedestrian pathways. I work with seniors as a consulting therapeutic art instructor at Rhoda Goldman Plaza, Alma Via and Vintage Coventry assisted living communities, On Lok and SteppingStone Adult Day Health Care. I provide accommodation to mentally and physically disabled seniors daily in the course of teaching and facilitating art with them. I am a member of the St. Mary's Hospital Traumatic Brain Injury Support Group.

Our San Francisco community needs to work to establish safety in our streets. Through my life and work experiences I am equipped and committed to this work to fully represent senior disability organizations on the Pedestrian Safety Advisory Committee on Seat # 3!

Very sincerely,

Kimberley Jones
