Importance: High

Good morning Brent,

Please be reminded of our explanation noted on the attached direct department cover letter.

The retroactive request is due to the terms and conditions of the agreement finalized in December 2021 which is after the Justice Driven Data Science for Prosecutorial Impact Project's start date of November 1, 2021. No grant activities have begun and no expenditures have been incurred.

Tara Anderson tara.anderson@sfgov.org will be in attendance to answer any questions or concerns when the full Board considers this matter.

Thanks,
Lorna

Subject: BOS File No. 220124 - Accept and Expend Grant - Retroactive - The Regents of the University of California - Justice Driven Data Science for Prosecutorial Impact Project - \$149,000

Good afternoon,

As you are aware, your following item was heard in the Budget & Finance Committee on March 16, 2022, and forwarded to the full Board for March 22, 2022:

- **File No. 220124** - Accept and Expend Grant - Retroactive - The Regents of the University of California - Justice Driven Data Science for Prosecutorial Impact Project - \$149,000

This legislation authorizes “retroactive” approval. Due to the full Board’s concerns regarding “retroactive” approvals, please make sure you - or a department representative - will be in attendance to answer any questions or concerns when the full Board considers this matter.

If you would like to include additional written explanation regarding the “retroactive” approval, please forward to me and I will disseminate to the Members and include in the legislative file.

Thank you for your continued collaboration on the legislative process.

Regards,

Brent Jalipa
