| 16. Estimated Total Project Costs | \$6,000,000 |
| 17. Proposed Start and End Dates | 7/1/2025 - 6/30/2026 |
18. Project Overview: Please describe your funding request, including how the request will help your organization address gaps or expand its capacity to deliver Enhanced Care Management and/or Community Supports services. (200 words)
- The SFDPH Epic Enhancement Implementation Project requests funding for SFDPH Community Supports (CS) and ECM providers to be able to continue to use Epic software to receive referrals, document, and bill for services. Due to increased usage of the Epic software by CS and ECM Teams, one time Epic licensing fees will be incurred. Additionally, we plan to undertake a new project to implement Epic within our Behavioral Health Services (BHS) teams. The introduction of Epic to BHS adds to the ECM and CS abilities of San Francisco by providing a single, integrated platform for ECM coordination of client appointments and the ability to support more closed-loop referrals from BHS to Community Supports providers. In current state, some but not all of the SFDPH Behavioral Health Services Teams are able to use Epic. Building and optimizing Epic modules to enable BHS Teams to use Epic software will enable BHS Teams to identify clients who would benefit from Community Supports and ECM referrals, place those referrals, and engage in care coordination with the assigned providers. Expanding the use of Epic by SFDPH BHS providers will enhance ability to coordinate care, generate data-driven reports, and track key client outcomes such as ED utilization, hospital admissions, medical/mental/substance use services utilization, and enrollment in ECM and CS programs to engage in target improvement projects.

20. What are the overall goals for the project? (200 words)

The overall goals for the project are to enable:

1. SFDPH Community Supports Recuperative Care and Sobering Center Programs to continue to use Epic for referrals, documentation, invoicing, reporting, and care coordination in order to provide clients with care in the right settings at the right time and improve health outcomes.
2. SFDPH ECM Providers to continue to use Epic for referrals, documentation, invoicing, reporting, and care coordination in order to provide clients with care in the right settings (meeting clients where they're at) at the right time and improve health outcomes.
3. BHS Teams to begin to use Epic for closed-loop referrals to/from ECM + CS and for ECM care coordination of BHS appointments. BHS Teams ability to use Epic for the functions indicated above is anticipated to drive a reduction in s ED utilization, hospital admissions, medical/mental/substance use services utilization, and enrollment in ECM and CS programs to engage in target improvement projects.

23. Does your organization serve any historically marginalized populations? If so, briefly describe how this population will benefit from this project. (200 words)

SFDPH has a longstanding history of serving clients from historically marginalized populations. The populations of focuses (PoF) most impacted by this project will be those experiencing homelessness, with serious mental illness/substance use disorder, with high utilization, and transitioning from incarceration given those PoF will primarily served by our CS/ECM Teams continuing on Epic and BHS Teams transitioning to Epic.

28. Please complete the budget template and justification below. For each line item, please identify which project objective it supports.

Line Item	Description	Objective	Total Funding Requested
Personnel (% FTE) <i>For each position, specify the percentage of time dedicated to the project (% FTE) and number of months covered by the requested funds</i>	Consultant PM resources	Project planning, coordination, & tracking	\$700,000
	Consultant system analyst resources	System design, configuration, and deployment	\$2,929,300
Capital expenses	Software One-time License Fee - Incremental Lic	Fees for use of Epic software	\$1,370,700
Operating expenses			
Other costs	BHS Training & Go-Live Support	Staff training for transition to use of Epic	\$1,000,000
Total Requested Amount			1.#R

Budget Justification (200 words)

Epic is billing SFDPH \$1,370,700.00 for enterprise volume increases, specifically one-time incremental license fees. This request is for the associated with increased use of the software by SFDPH's ECM and CS programs. Continued use of the software is required for ECM and CS documentation, billing/invoicing, and reporting through Epic in addition to Community Supports Recuperative Care expansion such as RESTORE being stood up as a CalAIM Community Support in 2025.

BHS usage of the software will contribute to these volumes as BHS uses the software for closed-loop referrals to/from ECM + CS programs.

#9. San Francisco Department of Public Health (SFDPH) is comprised of 3 divisions:

1. San Francisco Health Network (SFHN) which includes Zuckerberg San Francisco General Hospital (ZSFG), Laguna Honda Hospital and Rehabilitation Center (LHH), and more than 14 primary care clinics. Direct health care is provided to more than 125,000 insured and uninsured San Franciscans annually.
2. Behavioral Health Services, which is the largest provider of mental health and substance use prevention, early intervention, and treatment services in San Francisco (SF).
3. Population Health, which provides core public health services to all of SF.

#11. SFDPH is contracted with SFHP to provide:

- 1) ECM via 10 teams serving the following populations of focus: adults, families, and children/youth experiencing homelessness, adults and youth at risk for avoidable hospitalization/ED utilization, Adults/Youth with SMI/SUD, Adults at risk of institutionalization, Nursing facility residents transitioning to the community, adults transitioning from incarceration, adult/youth birth equity, children/youth enrolled in CCS, Children/Youth with child welfare, children/youth with intellectual or development disability;
- 2) Community Supports: Recuperative Care (Medical Respite and Managed Alcohol Program), Sobering Centers (Sobering Center and SoMa RISE), Housing Navigation Transition, Housing Deposits, Housing Tenancy & Sustaining
- 3) Hospital/facility contract for inpatient, including acute and distinct-part skilled nursing facility, and outpatient services.

HSH CS	Housing Navigation: 1,922 Housing Deposits: 108 Housing Tenancy: 242	No formal estimates at this time	No formal estimates at this time*

*While this project doesn't directly enhance capacity for HSH Community Supports, we anticipate that through this project, DPH Providers will submit additional referrals for clients for all CS including HSH Coordinated Entry which would be the pathway for HSH to submit those client referrals to SFHP for Community Supports. Additionally, we anticipate our DPH Providers submit additional Community Supports referrals directly to SFHP as well because of this project.

#26

Objective #1 By December 1, 2025, SFDPH Community Supports programs will maintain continuity of services—including referrals, invoicing, documentation, reporting, and care coordination through the Epic system by securing and utilizing one-time licensing funding from SFHP.

Major Activities	Measurable Outcomes	Target Completion Date
Pay one-time Epic licensing fee to enable SFDPH programs to continue utilizing Epic for Community Supports workflows.	Confirmation of licensing fee payment by SFDPH by receipt of transaction.	12/1/2025
Implement Epic-based workflows for referral processing, documentation, invoicing, and care coordination across all DPH CS programs.	Successful submission of at least 25 CS referrals and/or invoices through Epic by December 1, 2025.	12/1/2025
Train staff on Epic functions tied to CS services.	Evidence of at least 25 care coordination notes logged in Epic by CS program staff by end of December 1, 2025.	12/1/2025

Evaluation Methods: How will your outcomes be measured?

Confirmation of licensing fee payment by DPH will be measured by receipt review.

Supplemental Documentation: IPP Application – SFDPH Epic Enhancement Implementation Project

Successful submission of at least 25 ECM referrals and/or claims through Epic will be measured through system reporting with a rubric developed: # successful CS claims through Epic.

Achievement of at least 25 care coordination notes logged in Epic by CS program staff will be measured through system reporting.

Objective #2 By December 1, 2025, SFDPH ECM programs will maintain continuity of services—including referrals, invoicing, documentation, reporting, and care coordination through the Epic system by securing and utilizing one-time licensing funding from SFHP.

Implement Epic-based workflows for referral processing, documentation, and care coordination across all DPH ECM programs.	Successful submission of at least 25 ECM referrals and/or invoices through Epic by December 1, 2025.	12/1/2025
Train staff on Epic functions tied to ECM services.	Evidence of at least 25 care coordination notes logged in Epic by ECM program staff by end of December 1, 2025.	12/1/2025

Evaluation Methods: How will your outcomes be measured?

Confirmation of licensing fee payment by DPH will be measured by receipt review.

Successful submission of at least 25 ECM referrals and/or claims through Epic will be measured through system reporting with a rubric developed: # successful ECM claims through Epic.

Achievement of at least 25 care coordination notes logged in Epic by ECM program staff will be measured through system reporting.

Objective #3 By June 2026 clients enrolled in SFDPH ECM programs will demonstrate a 5% increase in utilization of BHS services due to closed-loop referral and enhanced care coordination abilities. This utilization will be measured by an increase in the number of completed (i.e excludes no-show) appointments. We believe the utilization of these outpatient treatment programs will also result in a reduction in average ED and Psych ED visits/month for patients enrolled in the ECM population.

Supplemental Documentation: IPP Application – SFDPH Epic Enhancement Implementation Project

Major Activities	Measurable Outcomes	Target Completion Date
Train BHS staff on ECM referrals	Train at least 50% BHS staff on ECM referrals.	6/15/2026
Train BHS staff on CS referrals	Train at least 50% of BHS staff on CS referrals.	6/15/2026
Increase in completed (i.e excludes no-show) BH appointments	Increase of at least 15% of BH appointments	06/15/2026
Decrease in average ED and Psych ED visits/month for patients enrolled in ECM.	Achieve a 10% reduction in average ED and Psych visits/month among ECM enrolled members.	06/15/2026

Evaluation Methods: How will your outcomes be measured?

Successful submission of at least 25 ECM referrals from BHS departments through Epic will be measured through system reporting.

Successful submission of at least 25 CS referrals from BHS departments through Epic will be measured through system reporting.

Evidence of care coordination notes logged in Epic by ECM program staff will be measured through system reporting.

The primary objective will be measured via data collection and analysis. SFDPH will use population-level reporting using the SFHP ECM-enrolled population during the reporting period. SFDPH will measure the impacts to total completed appointments for the population, the impact to no-shows, and the corresponding impacts of ED and psych ED visits. SFDPH has a power BI dashboard that utilizes Epic data to quantify and display average ED visits per month and average Psych ED visits per month for clients 6 months prior to ECM enrollment, during ECM enrollment, and 12 months following completion of ECM. For clients who were enrolled in and graduated from ECM during this project period, we will compare their ED and Psych ED average # visits per month prior to and following ECM to measure utilization.

RE: EPIC Enhancement Implementation Project Incentive Payment Program Award Letter

Dear Bernadette Gates:

On behalf of San Francisco Health Plan, I'm pleased to inform you that San Francisco Department of Public Health (SFDPH) has been approved for a CalAIM Incentive Payment Program (IPP) grant in the amount of \$6,000,000. The purpose of this grant is to support the implementation and expansion of Community Supports services for San Francisco Health Plan members. Specifically, grant funds are to be used to complete the activities outlined in your IPP grant application and to achieve the objectives listed below:

Objective 1: By December 1, 2026, SFDPH Community Supports programs will maintain continuity of services – including referrals, invoicing, documentation, reporting and care coordination through the EPIC system by securing and utilizing one-time licensing funding for SFHP.

Objective 2: By December 1, 2026, SFDPH ECM programs will maintain continuity of services—including referrals, invoicing, documentation, reporting, and care coordination through the Epic system by securing and utilizing one-time licensing funding from SFHP.

Objective 3: By June 2026, clients enrolled in SFDPH ECM programs will demonstrate a 5% increase in utilization of BHS services due to closed-loop referral and enhanced care coordination abilities. This utilization will be measured by an increase in the number of completed (i.e. excludes no-show) appointments. The utilization of outpatient treatment programs will result in a reduction in average ED and Psych ED visits/month for patients enrolled in ECM

The IPP agreement, which will be sent separately, outlines the responsibilities and expectations of this grant. Once received, please sign the agreement and return it within ten business days of receipt. After we receive the signed agreement, SFHP will disburse the payment of 6,000,000 within 10 business days.

The progress report is due on or before January 31, 2026. The final report is due no later than July 1, 2026. The report templates are attached for your reference.

San Francisco Health Plan is grateful for all you do to support our members, and we look forward to partnering with you during the coming year.

Sincerely,
Fernando Rico
ECM / Community Supports Senior Manager
