General Plan Compliance

The proposed Ordinance is consistent with the following Objectives and Policies of the General Plan:

The proposed Ordinance advances Policy 26 of the Housing Element, which calls for streamlining and simplifying the permit process to ensure more equitable access and greater predictability in outcomes. While this policy is housed within the Housing Element, the proposed Ordinance applies these same principles—transparency and efficiency—throughout the Planning Code. The proposed Ordinance will bring more consistency to the Planning Code, including areas that concern the development of housing. These amendments will improve the quality of the Planning Code and thereby make it easier for the objectives and policies of the Code to be carried out.

Planning Code Section 101 Findings

The proposed amendments to the Planning Code are consistent with the eight Priority Policies set forth in Section 101.1(b) of the Planning Code in that:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

The proposed Ordinance would not have a negative effect on neighborhood serving retail uses and will not have a negative effect on opportunities for resident employment in and ownership of neighborhood-serving retail.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

The proposed Ordinance would not have a negative effect on housing or neighborhood character.

3. That the City's supply of affordable housing be preserved and enhanced;

The proposed Ordinance would not have an adverse effect on the City's supply of affordable housing.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

The proposed Ordinance would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

The proposed Ordinance would not cause displacement of the industrial or service sectors due to office development, and future opportunities for resident employment or ownership in these sectors would not be impaired.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed Ordinance would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake.

7. That the landmarks and historic buildings be preserved;

The proposed Ordinance would not have an adverse effect on the City's Landmarks and historic buildings.

8. That our parks and open space and their access to sunlight and vistas be protected from

Not a Project Under CEQA Review:

RECOMMENDATION: Adopt a Recommendation for Approval with Modification

Planning Code Amendment

The proposed Ordinance would amend the Planning Code to make various clarifying and typographical changes. The proposed Ordinance would also prohibit Massage Establishments and Sole Practitioner uses as Accessory Uses to Residential Uses.

The Way It Is Now:

The Planning Code contains multiple grammatical and syntactical errors, unintentional cross-references and accidental additions and deletions that undermine the legitimacy and enforceability of the Planning Code as a regulatory document.

The Way It Would Be:

The proposed Ordinance seeks to correct these errors and improve the overall quality and readability of the Code. The specific proposed changes are attached as Exhibit B.

Background

The Planning Code experiences frequent amendments. Although individual ordinances are reviewed by the Planning Department and the City Attorney's Office, the volume of legislative actions and complexity of the Code as a legal, living document ensures that errors will inadvertently arise. The Planning Department actively collects these reported errors and presents them as a Code Corrections Ordinance.

Additionally, the proposed Ordinance includes one amendment on Massage Establishments restrictions to align the Planning Code with the Health Code. The proposed Ordinance also revises definition of "Owned Unit" under Section 401 to properly reflect language that was added in a previous Ordinance, but into the wrong section.

General Plan Compliance

The proposed Ordinance advances Policy 26 of the Housing Element, which calls for streamlining and simplifying the permit process to ensure more equitable access and greater predictability in outcomes. While this policy is housed within the Housing Element, the proposed Ordinance applies these same principles—transparency and efficiency—throughout the Planning Code. Further, Policy 40 of the Housing Element is to "Enforce and improve planning processes and building regulations to ensure a healthy environment for new housing developments, especially in environmental justice.". The proposed Ordinance will bring more consistency to the Planning Code, including areas that concern the development of housing. The proposed Ordinance will serve the General Plan by amending sections of the Planning Code to be consistent, clear, and concise. These amendments will improve the quality of the Planning Code and thereby make it easier for the objectives and policies of the Code to be carried out.

Racial and Social Equity Analysis

The proposed amendments cannot be directly tied to a negative or positive impact in advancing the City's racial and social equity. There is not enough data to support the claim for the small number of businesses that it will affect.

Implementation

The Department has determined that this ordinance will improve our current implementation procedures by providing more clarity.

Recommendation

The Department recommends that the Commission adopt a recommendation for approval with modification of the proposed Ordinance and adopt the attached Draft Resolution to that effect.

Basis for Recommendation

This proposed Ordinance is intended to correct identified errors in the Code. Although these are considered minor errors, they cannot be corrected without a legislative change. In addition, the Ordinance includes an

amendment that would prohibit Massage Establishments and Sole Practitioner uses as Accessory Uses to Residential Uses. This change would bring the Planning Code into alignment with the Department of Public Health's (DPH) practices. DPH has informed the Planning Department that it routinely denies such proposals in residential areas due to concerns related to human trafficking. The Health Code addresses these concerns through specific requirements for privacy and public accessibility. By aligning the Planning and Health Codes, the proposed Ordinance would eliminate inconsistencies and reduce confusion regarding the permissibility of Massage Establishments in residential areas. After the Initiation hearing, the Department realized a proposed amendment would create inconsistencies with other upcoming legislation and proposes the following modification:

Recommendation 1: Eliminate the proposed "Planning Entitlement Application". The proposed Family Housing ordinance includes an amendment to update Section 311 references to "Planning Entitlement Application" to "Development Application" instead. Thus, the proposed definition under this proposed Ordinance is no longer required.

Required Commission Action

The proposed Ordinance is before the Commission so that it may adopt a recommendation of approval, disapproval, or approval with modifications.

Environmental Review

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c)(2) and 15378 because they do not result in a physical change in the environment.

Public Comment

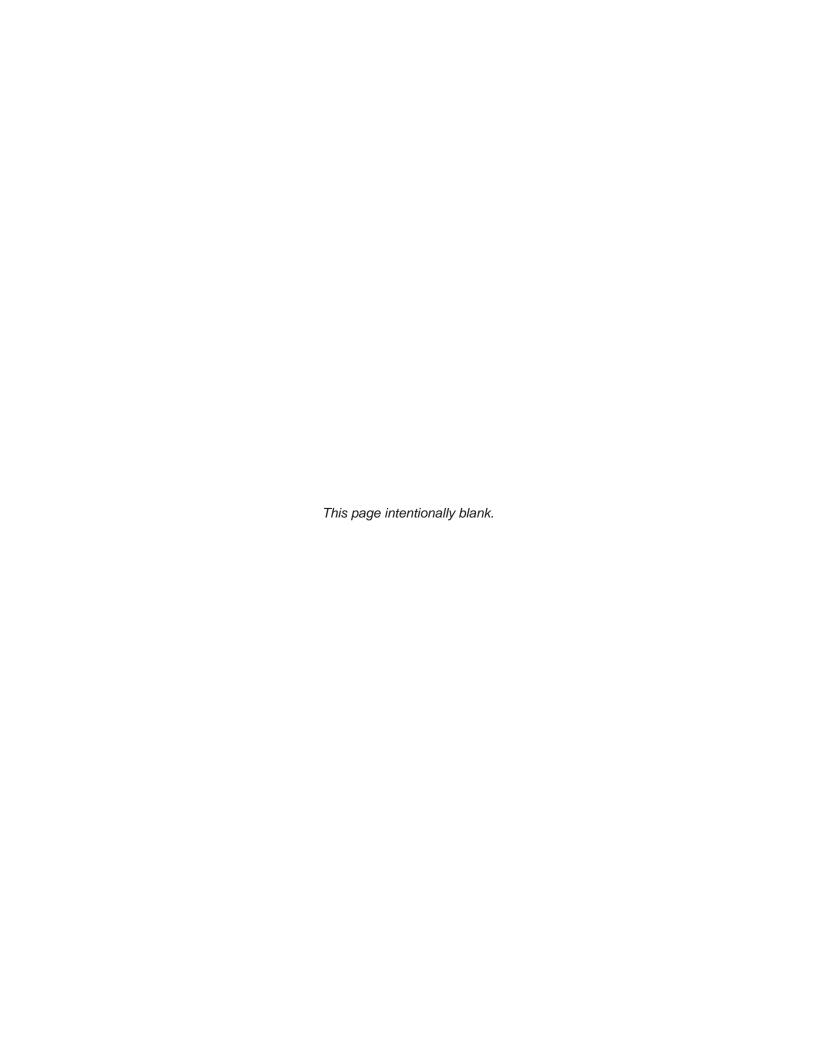

As of the date of this report, the Planning Department has not received any public comment regarding the proposed Ordinance.

APPENDIX: CODE CLEAN-UP

Project Name: 2025 Code Corrections Case Number: 2025-003339PCA

The following is a summary list of proposed changes to the Planning Code:

Section 102.

- Revises Nighttime Entertainment to remove reference to Section 202.11, which has been repealed.
- o Amends the unit of measurement for General Grocery, Specialty Grocery, and Liquor Store to be "Gross Floor Area" for consistency with other definitions.
- Updates the reference to "Mayor's Office of Housing" within the definition of Planning Department to "Mayor's Office of Housing and Community Development".
- o Adds a new definition for Planning Entitlement Application, which is currently not defined.
- Sections 106, 306.6, and 970. Updates "City Planning Commission" and "City Planning Code" to "Planning Commission" and "Planning Code" respectively.
- **Sections 121.1, 121.2, and 201.** Adds recently created Named Neighborhoods Commercial Districts (NCDs) that were previously missing to relevant Code sections. - **Sections 121.2 and 784.** Adds or revises subsection titles for clarity.
- Sections 121.6. Amends the Large Retail CUA requirements to exempt General Grocery, which meets the intent of supporting General Grocery.
- Sections 134 and 726. Deletes reference to Pacific Avenue NCD from 134 and corrects the rear yard

requirements within Table 726, which was a drafting error.

- **Section 138.** Removes the reference to Section 309 as the process has changed and amends the Code so that POPOS may be approved at the staff level.
- **Sections 147, 270.2, and 607.2.** Removes reference to the "South of Market Mixed Use" district as this group of districts was consolidated into the Eastern Neighborhoods Mixed Use Districts.
- **Section 155.2.** Fixes an error in the number of required bicycle parking spaces.
- **Section 202.12.** Deletes this section as it has expired.
- **Sections 204.1 and 890.60.** Prohibits Massage Establishments or Sole Practitioners as an Accessory Use to a Dwelling Unit for better alignment with the Department of Public Health's practices.
- **Section 210.3.** Deletes a duplicate listing of Parcel Delivery Services as a prior Ordinance accidentally listed this use out twice in the Zoning Control Table.
- **Section 249.5.** Deletes an outdated Code section reference.
- **Section 249.31.** Clarifies that the CUA requirement for Use Size and mergers applies to Non-Residential Uses, as this Zoning District does not allow Residential Uses. Also deletes the outdated noticing requirement.
- Section 270. Deletes an outdated Code section reference and repealed height setback requirement.
- **Section 303.1.** Reorganizes the section for better clarity and updates outdated Code section references.
- Section 305.1 and 306.2. Deletes reference to outdated processes.
- **Section 306.7.** Adds "Planning Entitlement Application" to the list of approvals.
- **Section 318.** Removes an outdated reporting requirement.
- **Section 401.** Revises the definition of "Owned Unit" to properly reflect language that was added in a previous Ordinance, but into the wrong section.
- **Section 412.** Corrects a typographical error.
- **Section 608.16, 721, 970, and 973.** Corrects outdated Code section references and instead lists Section 602, which now lists all definitions for Signs.
- **Section 711.** Removes footnote 4 related to the Taraval Street Restaurant Subdistrict. This portion of this Subdistrict has since been rezoned and no longer part of the NC-2 Zoning District.
- Sections 714, 718, 731, 732, 733, and 734. Clarifies existing footnotes to explicitly state that

Formula Retail is not permitted for Restaurants and Limited Restaurants.

In addition to the criteria of Section 303(c) of this Code, the Commission shall consider the extent to which the following criteria are met:

^{**} Conditional Use <u>authorization</u> not required for any Limited Restaurant use that relocates within the Polk Street NCD, and is designated as a Legacy Business as of the effective date of the ordinance in Board File No. 240411, or any Health Service use in the West Portal Avenue <u>Neighborhood Commercial District</u> <u>NCD</u> located at Assessor's Parcel Block No. 2989B, Lot 17.

- (1) The intensity of activity in the district is not such that allowing the larger use will be likely to foreclose the location of other needed neighborhood-serving uses in the area.
 - (2) The proposed use will serve the neighborhood, in whole or in significant part, and the nature of the use requires a larger size in order to function.
 - (3) The building in which the use is to be located is designed in discrete elements which respect the scale of development in the district.
 - (b) <u>Division of Non-Residential Uses.</u> Notwithstanding Sections 121.2(a), 178, and 186.1, existing Non-Residential Uses that are larger than the use size limits in subsection (a) may be divided into two or more smaller Non-Residential Uses that are larger than the use size limits in subsection (a), and such a division shall not require a Conditional Use Authorization provided the division does not cause a Net Addition of Gross Floor Area.
 - (c) <u>Non-Residential Use Size Maximum in the Mission Street NCT.</u> In order to protect the pedestrian scale of the Mission Street NCT and provide space for small businesses, the following control shall apply in the Mission Street NCT:
 - (1) **Applicability.** Lot mergers pursuant to Section 121.7(f) and any project located on a parcel that was created as a result of a lot merger pursuant to Section 121.7(f).
 - (2) **Control.** Any such project that does not include at least one non-residential space of no more than 2,500 square feet, located on the ground floor and fronting directly onto Mission Street, shall require a conditional use authorization. In considering whether to grant such conditional use authorization, the Commission shall consider the criteria in Sections 121.2(a) and 303(c).
 - (d) <u>Non-Residential Use Size Maximum in the Castro Street NCD.</u> In order to protect and maintain the pedestrian scale of the Castro Street <u>Neighborhood Commercial District NCD</u> and provide space for small businesses, Non-Residential Use Sizes larger than 4,000 square feet shall not be permitted, with the exception that a Child Care Facility, School, Post-Secondary

1	Educational Institution, Religious Institution, Social Service or Philanthropic Facility,

SEC. 270.2. SPECIAL BULK AND OPEN SPACE REQUIREMENT: MID-BLOCK ALLEYS IN LARGE LOT DEVELOPMENT IN THE EASTERN NEIGHBORHOODS MIXED USE DISTRICTS, SOUTH OF MARKET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT, FOLSOM STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT,

REGIONAL COMMERCIAL DISTRICT, C-3 DISTRICT \underline{S} , AND DTR DISTRICT \underline{S} .

(a) **Findings.** The historically industrial parts of the City, including the South of Market, Showplace Square, Central Waterfront, and Mission, typically have very large blocks. In the South of Market, a typical block is 825 feet in length and 550 feet in width; in Showplace Square and the Central Waterfront blocks extend up to 800 feet in length and greater; and in the Mission many blocks are over 500 feet in length. In areas of the City historically developed as moderate and high-density residential and commercial environments, the block pattern is much smaller, with many alternate and redundant paths of travels, service alleys, and public mid-block pedestrian walkways and stairways: the typical North of Market block is 275 feet in width and not more than 412.5 feet in length, often with minor alleys bisecting these blocks further into smaller increments.

Large blocks inhibit pedestrian movement and convenience by significantly lengthening walking distances between points, thereby reducing the ability and likelihood of people to walk between destinations, including reducing access to and likelihood of using transit. Academic studies have shown that the likelihood of people to walk for trips of all purposes, including walking to transit stops, declines substantially above distances as low as 1/5th of a mile, and that the propensity to walk is very elastic for distances of one mile or less and heavily dependent on distance and route barriers (Berman, Journal of American Planning Literature, May 1996). People are generally willing to walk not more than 1/3-mile to access rail transit, and less to access bus transit. In the Eastern Neighborhoods Mixed Use, *South of Market Mixed Use, C-M*, and DTR Districts, and South-of-Market portion of the C-3 Districts, longer walking distances due to large blocks generally lengthen walking distances by up to 1,000 feet or more for even the shortest trips, a major factor in reduced use of transit in these areas. In areas with large blocks, walking distances between destinations can be between 50% and 300% longer than for areas with smaller blocks and more route choices (Hess, Places,

1	Summer 1997). In the South of Market area, for example, the distance between destinations
2	for walking trips can be as much as 2.5 times longer than a trip between destinations similarly
3	situated apart north of Market Street. Given equivalent densities and distributions of
4	development, where walking distances are greater due to longer and larger blocks, residents
5	have access to up to 50% fewer destinations (e.g. shops, services, transit) for equal walking
6	distances (Id.). Greater walking distances and fewer route choices also severely degrade
7	accessibility to transit, services, and shops for people with disabilities and the elderly (Kulash
8	Development, July/August 1990). Because there are fewer pedestrian route choices and
9	people must walk on fewer, more-highly trafficked and busier streets for longer distances, the
10	quality of the pedestrian experience is severely diminished and there are more conflicts with
11	motor vehicles, with corresponding heightened concerns for pedestrian safety on major
12	streets.

Failure of the Board of Supervisors or the Planning Commission to act on a proposed interim control within 120 days of its initiation shall be deemed to constitute disapproval. At any time after the first noticed hearing, in order to insure that the purpose for imposing interim controls is not undermined during the period when their adoption is being considered, the body considering the proposed controls may by resolution issue an order directing the Zoning Administrator, the Director of the Department of Building Inspection, the Board of Appeals, and other permit-issuing and permit-approving agencies to suspend action on applications which propose a use prohibited by the proposed interim controls pending final action on the controls; provided, however, that such order shall not apply to applications filed more than 60 days before the first noticed hearing and shall not prohibit action on applications which would otherwise be deemed approved during the period of such suspension pursuant to Government Code Sections 65950 - 65957.1.

SEC. 784. LOWER HAIGHT STREET ALCOHOL RESTRICTED USE DISTRICT.

- (a) **Findings.** There are an unusually large number of establishments dispensing alcoholic beverages, including beer and wine, for off-site consumption in the Neighborhood Commercial Cluster Districts located generally along Haight Street at Scott Street and generally along Haight Street at Pierce Street and in the Lower Haight Street Small-Scale Neighborhood Commercial District located generally along Haight Street at and between Steiner and Webster Streets. The existence of this many off-sale alcoholic beverage establishments Liquor Stores appears to contribute directly to numerous peace, health, safety, and general welfare problems in the area, including loitering, littering, public drunkenness, defacement and damaging of structures, pedestrian obstructions, as well as traffic circulation, parking, and noise problems on public streets and neighborhood lots. The existence of such problems creates serious impacts on the health, safety, and welfare of residents of nearby single- and multiple-family areas, including fear for the safety of children, elderly residents, and visitors to the area. The problems also contribute to the deterioration of the neighborhood and concomitant devaluation of property and destruction of community values and quality of life. The number of establishments selling alcoholic beverages for off-site consumption-Liquor Stores and the associated problems discourage more desirable and needed commercial uses in the area.
