Item 10 File 23-1037	Department: City Administrator (ADM)
EXECUTIVE SUMMARY	
<p style="text-align: center;">Legislative Objectives</p> <ul style="list-style-type: none"> • The proposed resolution would retroactively approve Modification No. 5 to the contract between the City and Western States Oil, increasing the not to exceed from \$32,500,000 to \$35,450,000 and extending the term by 19 days, from October 31, 2023 to November 19, 2023 <p style="text-align: center;">Key Points</p> <ul style="list-style-type: none"> • In 2018, the Board approved a five-year agreement with Western States Oil to deliver unleaded regular and premium gasoline and propane to Central Shops fueling stations and other Departments. The City is not obligated to purchase any specific quantity of gasoline. The price the City pays for gasoline is based on a fixed markup or markdown (depending on the quantity delivered) from the daily price per gallon of gasoline. • Without the proposed contract modification, the prior contract term would have ended on October 31, 2023, and OCA projected, based on purchase orders submitted, that the current contract not-to-exceed amount of \$32,500,000 would be surpassed before then. In order to maintain fuel deliveries, the Office of Contract Administration amended the agreement to increase the not-to-exceed amount and extend the term and is now seeking retroactive approval for that contract modification from the Board of Supervisors. According to Sailaja Kurella, Director of the Office of Contract Administration, the City intended to have a new fuel contract in place prior to the October 31, 2023 expiration of this contract but negotiations took longer than expected. <p style="text-align: center;">Fiscal Impact</p> <ul style="list-style-type: none"> • Fuel purchases are paid from each department's budget. MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board, or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

In April 2018, the City’s Office of Contract Administration (OCA) solicited competitive bids for gasoline for all City departments and received responses from four suppliers. OCA awarded the primary contract (Contract ID 1000012394) to the lowest bidder, Western States Oil, for an initial not to exceed (NTE) amount of \$32,000,000 and a term of three years, from November 1, 2018 through October 31, 2021 (File 18-0770). The original agreement had a maximum term of five years. The contract has been amended five times, including extension of the term through November 19, 2023 and an increase of the not to exceed amount to \$35,450,000, as summarized below in Exhibit 1.

Exhibit 1. Modification History to City Gasoline Contract (Contract ID No. 1000012394)

Note: Modification No.1 added a clause specifying fuel prices and acceptable delivery delays in the event of an emergency.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would retroactively approve Modification No. 5 to the contract between the City and Western States Oil (Contract No. 1000012394), increasing the not to exceed amount by \$2,950,000, from \$32,500,000 to \$35,450,000, and extending the term by 19 days, from October 31, 2023 to November 19, 2023 for a total contract term of five years and 19 days, from November 1, 2018 through November 19, 2023.

The contract is being retroactively approved because the Office of Contract Administration already executed Modification No. 5 prior to Board of Supervisors’ approval. According to Sailaja Kurella, Director of the Office of Contract Administration, the City intended to have a new fuel contract in place prior to the October 31, 2023 expiration of this contract but negotiations took longer than expected. The contract is anticipated to begin in November 2023. According to OCA staff, the 19-day term extension will serve as a nearly three-week cushion to transition to the

new fuel vendor. In addition, the prior not-to-exceed amount of \$32.5 million was not sufficient to cover the actual fuel expenses through the contract term end date of October 31, 2023 according to OCA staff.

Services

Under the 19-day contract extension, Western States Oil would continue delivering unleaded regular and premium gasoline and propane to Central Shops fueling stations, the San Francisco Municipal Transportation Agency (SFMTA), San Francisco Fire Department (SFFD), the San Francisco Public Utilities Commission (PUC), San Francisco International Airport (SFO), the Recreation and Park Department (RPD) and will be used by departments throughout the City. The City is not obligated to purchase any specific quantity of gasoline. The price the City pays for gasoline is based on a fixed markup or markdown (depending on the quantity delivered) from the daily price per gallon of gasoline, as published by the industry group known as the Oil Price Information Services (OPIS). While the markup or markdown price remains fixed, the OPIS price per gallon fluctuates daily.

The City has ongoing contracts with other fuel providers for diesel, compressed natural gas, and other location-specific needs. Golden Gate Petroleum, another gasoline provider, delivers fuel to PUC Sierra locations and serves as a secondary contractor for City locations (Contract ID 1000012395) when Western States Oil is unable to make deliveries.

Performance

The contract requires Western States Oil to pre-schedule all deliveries to City sites, provide emergency deliveries at no additional cost, and include ordering information on packing slips for each delivery. OCA does not actively monitor contractor performance but made inquiries to departments during this reporting process, which did not report any deficiencies with Western States Oil deliveries.

Contract Expenditures

As of October 19, 2023, the City had spent \$31,377,155 on this contract, a figure which includes expenditures through August 2023.¹ There remains \$1,122,885 in the contract spending authority (excluding encumbrances), with two months (September and October) remaining in the prior contract term. In 2022, expenditures in September and October were \$1.6 million. Without Modification No. 5, the prior contract term would have ended on October 31, 2023, and OCA projected, based on purchase orders submitted, that the current contract not-to-exceed amount of \$32,500,000 would be surpassed before then.

Exhibit 2 below summarizes the total expenditures on the City's contract with Western States Oil.

¹ OCA expects that many City Departments have not yet submitted their fuel invoices, and the actual expenditures may be higher although July and August 2023 expenditures are in line with expenditures in the same months last year.

Notes: Expenditure data is from November 1, 2018 to August 31, 2023 (as of October 19, 2023). This is not representative of all the City’s fuel spending, which is spread among multiple contracts.

The City Administrator’s Fleet Management Division (FMD) accounts for a majority (\$21,548,187, or 68.7 percent) of contract expenditures. FMD purchases gasoline and diesel from the citywide contracts to supply three City-owned and operated gas stations and one emergency tanker truck that resides at Central Shops and is used to fuel diesel trucks (such as fire trucks) during an emergency. City employees using City vehicles for work are provided with “fuel keys,” which allow them to access these gas stations and fuel their City vehicles. The fuel keys also track the amount of fuel, time, and date, so that FMD can properly bill each department for their fuel consumption.

According to FMD, of the 8,260 vehicles and equipment that the City owns and operates, the FMD gas stations fuel 4,290 vehicles and equipment, or 52 percent of the assets. The remaining 48 percent of the assets are electric or hydrogen-fueled, do not require fuel (e.g., trailers), are fueled at department-operated gas stations, or are fueled outside of the City at private gas stations due to work transit needs. The Fleet Management Division, which accounts for a majority but not all General Fund expenditures on fuel, has a fuel budget of approximately \$7.6 million in FY 2023-24 for gasoline, diesel, and propane.

The Recreation and Park Department (RPD) utilizes the City’s fuel contract with Western States Oil to buy gasoline to power vehicles and equipment, including sedans, mowers, pickup trucks, forklifts, load-hauling trailers, and backhoes. The Fire Department has ten fuel tanks at Fire Department locations throughout the City that store thousands of gallons of fuel for staff to use to refill its gasoline-powered vehicle fleet, which includes ambulances, command vehicles, and

sedans. Fire engines and trucks use diesel fuel. The Department of Public Health uses fuel for an underground gas tank located in the Laguna Honda Hospital 5th floor parking lot. The Sherriff Department spends fuel on department vehicles.

FISCAL IMPACT

We estimate total projected spending through the proposed extension is approximately \$34.2 million, similar to the Office of Contract Administration’s projected spending of \$35.4 million. Our projected spending is shown below in Exhibit 3.

Exhibit 3: Projected Spending

Actual Spending	\$31,377,115
Projected Spending	\$2,370,000
Contingency (20%)	\$474,000
Total Projected Spending	\$34,221,115

Source: BLA analysis of actual spending data.

Notes: Projected spending assumes monthly spending of \$900,000, based on the highest monthly spending over the past two fiscal years (June 2022). A contingency of 20% is reasonable given the volatility of gasoline prices.

The Office of Contract Administration notes that actual spending may be closer to the proposed \$35.2 million not-to-exceed amount due to the Asian Pacific Economic Cooperation Conference on November 11 – 17, 2023, during which the City will fuel mutual aid vehicles.

Funding Sources

Funding for the proposed amendment was included in the FY 2023-24 adopted budgets of the City departments that use gasoline, as previously appropriated by the Board of Supervisors. As shown above, General Fund departments’ contract expenditures over the past approximately five years (from November 1, 2018 through August 31, 2023) account for \$25.4 million out of the total spend amount of \$31,377,115, or 81 percent.

Three enterprise departments utilize the fuel from the City’s contract with Western States Oil: San Francisco Public Utilities Commission (PUC), San Francisco International Airport (AIR), and the San Francisco Municipal Transportation Agency (MTA). Enterprise revenues pay for these departments’ contract expenditures of \$6,003,782.

RECOMMENDATION

Approve the proposed resolution.

Necessity to amend prior to Board Approval

- OCA worked to put in place a replacement contract for gasoline, via Administrative Code Chapter 21.16 authority, well in advance of expiration of current contract with Western States Oil.
- However, new contractor requested changes to contract terms just before contract execution.
- Resulting contract negotiations significantly delayed execution of new contract; existing contract balance subsequently became depleted.
- OCA executed Amendment 5 prior to Board approval to ensure continued delivery of fuel, essential to daily City operations.

Amendment No. 5

- Request retroactive approval of resolution to amend contract with Western States Oil:
 - Increase NTE by \$2,950,000 to **\$35,450,000**
 - Extend contract duration by 19 days
- Contract NTE based on average monthly usage for FY23 plus 20% contingency.
- Duration extension ensures sufficient time to transition to new contractor.

Thank You

How is Pricing Determined?

- Contract price is a mark-up or mark-down on OPIS daily average rack prices for gasoline for San Francisco.
- OPIS = Oil Price Information Service
- OPIS maintains the world's most comprehensive price benchmarking database of U.S. wholesale fuel prices.
- OPIS is relied on by major oil companies, dealers, most metro transit authorities, and all levels of government.
- Unbiased and independent, has no stake in fuel transactions, and is not funded by the oil industry; adheres to Anti-Trust Policy guidelines, determined by independent legal counsel. Do not provide info to suppliers until the info is effective and sent to customers.
- In the event that OPIS pricing ceases to be published, or is materially changed, either party may request a new basis to determine pricing for this contract. If a mutual agreement cannot be reached within 30 days, this contract will be terminated.
- Bid prices are all inclusive of delivery, freight, environment fees, and taxes.

47. Non-Waiver of Rights. The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall in any way affect the right of the party to enforce such provisions thereafter.

In addition, the Contractor shall charge fair and competitive prices for items and services ordered during an emergency and not covered under the awarded contract.

57. Contractors Unable to do Business with the City.

A. Generally

Contractors that do not comply with laws set forth in San Francisco's Municipal Codes may be unable to enter into a contract with the City. Some of the laws are included in this Contract Proposal, or in the sample terms and conditions attached.

B. Companies Headquartered in Certain States

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits the City from entering into contracts with companies headquartered in states with laws that perpetuate discrimination against LGBT populations or where any or all of the work on the contract will be performed in any of those states. Bidders are hereby advised that Bidders which have their United States headquarters in a state on the Covered State List, as that term is defined in Administrative Code Section 12X.3, or where any or all of the work on the contract will be performed in a state on the Covered State List may not enter into contracts with the City. A list of states on the Covered State List is available at the website of the City Administrator.

58. Term Bid – Quantities. This is a term, indefinite quantities contract. Unless otherwise specified herein, deliveries will be required in quantities and at times as ordered during the period of the contract. Estimated quantities are approximate only. City, in its sole discretion, may purchase any greater or lesser quantity. Purchasing may make minor purchases of items requested in City's advertisement for bids or

contractor's bid from other suppliers when Purchasing determines, in its sole discretion, that the City has an immediate need for such items or that it is not practical to purchase against this contract.

59. First Source Hiring Program

A. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.

B. First Source Hiring Agreement. As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:

(1) Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs may be certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.

(2) Set first source interviewing, recruitment and hiring requirements, which will provide the San Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.

(3) Set appropriate requirements for providing notification of available entry level positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or

experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.

(4) Set appropriate record keeping and monitoring requirements. The First Source Hiring Administration shall develop easy-to-use forms and record keeping requirements for documenting compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing record keeping systems, be non-duplicative, and facilitate a coordinated flow of information and referrals.

(5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.

(6) Set the term of the requirements.

(7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.

(8) Set forth the City's obligations to develop training programs, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.

(9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.

C. Hiring Decisions. Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.

D. Exceptions. Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.

E. Liquidated Damages. Contractor agrees:

(1) To be liable to the City for liquidated damages as provided in this section;

(2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;

**A W A R D

GENERAL CONDITIONS

(3) That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantify; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to \$5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the City suffers as a result of the contractor's failure to comply with its first source referral contractual obligations.

(4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and that a second assessment of liquidated damages of up to \$10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations;

(5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:

a. The average length of stay on public assistance in San Francisco's County Adult Assistance Program is approximately 41 months at an average monthly grant of \$348 per month, totaling approximately \$14,379; and

b. In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year; therefore, liquidated damages that total \$5,000 for first violations and \$10,000 for subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

(6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of \$5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

F. Subcontracts. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.

60. Consideration of Criminal History in Hiring and Employment Decisions

A. Contractor agrees to comply fully with and be bound by all of the provisions of Chapter 12T “City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions,” of the San Francisco Administrative Code (Chapter 12T), including the remedies provided, and implementing regulations, as may be amended from time to time. The provisions of Chapter 12T are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the Chapter 12T is available on the web at <http://sfgov.org/olse/fco>. A partial listing of some of Contractor’s obligations under Chapter 12T is set forth in this Section. Contractor is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12T.

B. The requirements of Chapter 12T shall only apply to a Contractor’s or Subcontractor’s operations to the extent those operations are in furtherance of the performance of this Agreement, and shall apply only to applicants and employees who would be or are performing work in furtherance of this Agreement.

C. Contractor shall incorporate by reference in all subcontracts the provisions of Chapter 12T, and shall require all subcontractors to comply with such provisions. Contractor’s failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.

D. Contractor or Subcontractor shall not inquire about, require disclosure of, or if such information is received base an Adverse Action on an applicant’s or potential applicant for employment, or employee’s: (1) Arrest not leading to a Conviction, unless the Arrest is undergoing an active pending criminal investigation or trial that has not yet been resolved; (2) participation in or completion of a diversion or a deferral of judgment program; (3) a Conviction that has been judicially dismissed, expunged, voided, invalidated, or otherwise rendered inoperative; (4) a Conviction or any other adjudication in the juvenile justice system; (5) a Conviction that is more than seven years old, from the date of sentencing; or (6) information pertaining to an offense other than a felony or misdemeanor, such as an infraction.

E. Contractor or Subcontractor shall not inquire about or require applicants, potential applicants for employment, or employees to disclose on any employment application the facts or details of any conviction history, unresolved arrest, or any matter identified in subsection 60(D), above. Contractor or Subcontractor shall not require such disclosure or make such inquiry until either after the first live interview with the person, or after a conditional offer of employment.

61. Limitations on Contributions. Through execution of this Agreement, Contractor acknowledges that it is familiar with Section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or a board on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Contractor acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Contractor further acknowledges that the prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Additionally, Contractor acknowledges that Contractor must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126.

62. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this contract. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. other rights or remedies available hereunder, (i) terminate this contract, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor's use of profit as a violation of this section.

63. Preservative-Treated Wood Containing Arsenic. Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniacal copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. 66. Sugar-Sweetened Beverage Prohibition. Contractor agrees that it will not sell, provide, or otherwise distribute Sugar-Sweetened Beverages, as defined by San Francisco Administrative Code Chapter 101, as part of its performance of this Agreement.

<p>SIGNATURE OF CITY ELECTIVE OFFICER OR BOARD SECRETARY OR CLERK</p> <p>BOS Clerk of the Board</p>	<p>DATE SIGNED</p>
---	---------------------------

DATE: September 29, 2023
TO: Angela Calvillo, Clerk of the Board
FROM: Sailaja Kurella, Director of Office of Contract Administration (OCA) and Purchaser ^{SK}
SUBJECT: **Resolution for retroactive approval of amendment to Contract 1000012394 –Gasoline Fuel for All City Departments, with Western States Oil**

The Office of Contract Administration (OCA) respectfully requests retroactive approval of an amendment to Contract 1000012394 with Western States Oil increasing the contract amount by \$2,950,000 for a total not-to-exceed (NTE) amount of \$35,450,000 and extending the duration by 19 days, to November 19, 2023.

The Office of Contract Administration (OCA) conducted a solicitation for a Citywide as-needed “term” contract for the purchase of fuel gasoline for all City departments in April 2018. Western States Oil was the lowest bidder for Aggregate 1 (all City department locations except the Sierras) and was awarded the contract, with an initial contract NTE amount of \$32,000,000 and duration of three (3) years, from November 1, 2018 to October 31, 2021. The contract was amended four (4) times, once to update contract terms related to furnishing the City fuel and gasoline in emergency situations, twice to extend the contract duration, and once to increase the contract not-to-exceed amount. As of September 29, 2023, the contract NTE was \$32,500,000, with an end date of October 31, 2023.

OCA intended to put in place a replacement contract for gasoline, via Administrative Code Chapter 21.16 authority, prior to expiration of the current contract with Western States Oil. Unfortunately, the selected contractor requested changes to the contract terms after the contract had been agreed to by both parties. The resulting contract negotiations have significantly delayed execution of a new contract. In the meantime, the contract balance on the current contract, Contract 1000012394 with Western States Oil, became fully depleted.

Given that the City cannot pause fuel deliveries for any period of time, OCA has moved forward with Modification 5 to Contract 1000012394, increasing the NTE to by \$2,950,000 to \$35,450,000, and extending the duration by 19 days, to November 19, 2023.

This amendment amount is calculated based on average monthly usage over the past fiscal year (FY23), which has shown the greatest annual spend on the contract, totaling approximately \$8.4 million. The increase in contract expenditures during the life of this contract is the result of the volatile market propelling increases in oil pricing the past several years. The NTE increase of \$2,950,000 covers 3.5 months of contract expenditures plus a 20% contingency, which ensures sufficient contract balance for past contract utilization OCA may not yet have knowledge of, as well as for ongoing fuel needs to the contract end date. OCA chose to extend the duration of the contract by 19 days in order to ensure sufficient time to conclude negotiations and execute the new contract, and to allow for a smooth transition to the new supplier.

This contract is critical for satisfying City departments’ needs for essential gasoline fuel for the City’s trucks, cars and equipment. Retroactive approval of this resolution will allow City departments to continue procuring these goods until OCA executes the new City gasoline contract.
