August 3, 2023

Dear Historic Preservation Commissioners:

Thank you for hearing the legislation initiating landmark designation for the Alexandria Theater. While it is my intent to move forward with the landmark designation, an appeal of the Notice of Violation for the property (5400 Geary) has been filed with the Board of Appeals. The appeal of the Notice of Violation is set for a hearing at the Board of Appeals for August 16, 2023. Therefore, I am respectfully requesting that this landmarking designation ordinance for the Alexandria Theater be continued to a future Historic Preservation Commission meeting.

Before the landmark designation moves forward, I want to make sure the appeals process has been completed and my office has sufficient information on how to move forward with the landmarking legislation, without imposing undue hardship on the property owner of the Alexandria Theater.

Thank you for your consideration and understanding.

Sincerely,

A handwritten signature in blue ink that reads "Connie Chan".
