Unifying Our Mission

Shapes land use to meet community needs and guide the city's future—creating inclusive, sustainable, and prosperous neighborhoods.

Protects the community by ensuring code-compliant construction, building safety, resilience, and habitability; supports economic development.

Core Operational Services and Programs

Core services and programs are identified in CPC's and DBI's mission statements and strategic plan.

- Community Planning
- Permitting
- Inspections
- Code Enforcement

No programs were cut. Mandated budget reductions were achieved through a combination of strategies

- Elimination of vacant positions
- Expanded use of technology
- Operations savings

Major Changes

Department Merger

- In FY27 the Permit Center (formerly ADM, 25 FTE) and DBI Admin (61 FTE) will transfer to Planning.
- Transferred Admin staff will continue to support DBI in FY27. DBI fee revenue will continue to fund transferred employees.
- The next phase of the merger (core services) is not yet assumed in the FY28 budget.

Permitting Reform

The City's new permitting system went live in February. Implementation will continue through FY28 with 15 departments eventually managing their permits on the platform.

DBI Fee Adjustment

In FY27 DBI will implement the fourth and final annual fee adjustment recommended by a 2024 fee study. Fee revenue will fully recover costs the structural deficit present since 2020 will be eliminated. The average fee increase from FY26 is 2%.

PermitSF / Permit Modernization

- Current City permit systems are unsupported and must be replaced
- The City signed a one-year contract for a new system in October 2025. The first phase was implemented in February 2026 with a limited scope of permit types.
- Planning is currently negotiating a contract amendment to continue implementation and complete the permit system replacement.
- The contract will be before the Board in June/July.
