Pursuant to Charter, Section 4.101(a)(1), please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

Much of my career has been committed to working with cities, counties, transportation entities and water enterprises throughout the State of California. For over 3 years, I served as advisor to San Francisco County Transportation Authority providing quantitative support to the Agency's transportation planning efforts, initiating its first commercial paper program, and securing its first [short-term] credit ratings.

While largely helping clients finance over \$14 billion of infrastructure in the public interest, I also helped them solve economic, financial, social, and environmental challenges, all of which converge financially and impact day-to-day service delivery to all communities of interest.

What I offer are insights that are broad and deep because of assignments shared with local governments and counterparts of sovereign governments. International experiences helped me upskill my abilities to effectively consider and leverage cultural sensitivities when working in multi-cultural environments as we do today. Supplementing these experiences are financial leadership roles of chief financial officer, finance director and treasurer.

I am excited to be back in the City of San Francisco, where I loved living and working for so many years, and I would be pleased to serve the City and County of San Francisco as a member of its Treasury Oversight Committee.
