LEGISLATIVE DIGEST

[Various Codes - Environmental Health Permit, Fee, and Penalties Revisions]

Ordinance amending the Business and Tax Regulations Code, Health Code, Administrative Code, and Public Works Code to: 1) eliminate Department of Public Health permit requirement for veterinary hospitals and laundry facilities; 2) eliminate the food facility surcharge and certain fees for agricultural inspections; 3) establish fees for regulatory compliance activities for solid waste facilities, refuse service for commercial and residential properties, and licensing of refuse collectors; 4) establish regulatory fee for food safety classes and food safety examinations; 5) increase existing regulatory fees for agricultural inspections, certified farmers' market permits, and hazardous waste management; and 6) increase penalties for violations of tobacco sales ordinances by tobacco retailers.

Existing Law

The Department of Public Health ("DPH"), through the Environmental Health Branch, is responsible under various local codes and state laws for regulating certain business activity to protect the public health. Currently, various provisions of the municipal code authorize DPH to establish permits for regulated businesses and activities, impose permit and license fees to recover administrative costs, and address non-compliance with applicable standards by imposing specified penalties.

Amendments to Current Law

The proposed ordinance would change local licensing/permitting requirements administered by DPH by:

- eliminating permit requirements for veterinary hospitals and laundry facilities;
- eliminating the food facilities surcharge and salad product inspection and imported vegetable fee;
- establishing new fees for licensing and permitting of refuse collectors and solid waste facilities,
- establishing new fees for DPH-provided food safety classes and food safety examinations for food facilities;
- increasing existing local fees for inspection and certificate of agricultural products prior to shipment, farmer's market permits, and hazardous waste management; and
- increasing penalties for non-compliance with local tobacco sales ordinances.

Committee will hold a public hearing to consider the following proposal and said public hearing will be held as follows, at which time all interested parties may attend and be heard: **File No. 205605.** Ordinance amending the Park Code to allow the Recreation and Park Department to set fees for recreation programs based on the Department's operating costs for those programs and various other factors, including whether the program is designated for youth, seniors, or persons

with disabilities, subject to approval of the Recreation and Park Commission; directing the Commission to update its scholarship policy to provide for further discounts for recreation programs based on financial need; making certain clarifying changes; and affirming the Planning Department's determination under the California Environmental Quality Act. If this legislation passes, a \$100 deposit will be established to hold a reservation for each

ent fee or cash reserved at the time of reservation to maintain the balance of the reservation fee shall be due 30 days prior to the start of the reservation. The proposed Ordinance would allow the Recreation and Park Department to set recreation program fees based on the actual direct and indirect costs of those programs. The Department generally could set fees intended to cover the programs' full operating costs, but for programs designed for youth or seniors or persons with disabilities could set fees less than full operating costs. In addition, the Ordinance would allow the Department to set fees for programs that benefit the community at large based on only 50% of the operating costs. All fees would require approval by the Recreation and Park Commission and, once approved, would be published on the Department's website. The Ordinance also directs the Recreation and Park Commission to update its scholarship policy to provide for the Department to set recreation programs based on financial need.
