16 WHEREAS, The San Francisco Planning Commission adopted interim zoning controls
17 for the protection of San Francisco's industrial lands in 1999; and,

18 WHEREAS, The controls adopted by the Planning Commission expired in 2001 but
19 have yet to be replaced with permanent zoning; and,

20 WHEREAS, There is a limited supply of land for production, distribution, and repair
21 (PDR) activities, which are critical in supporting multiple industries within the San Francisco
22 economy such as tourism, finance, and professional services; and,

23 WHEREAS, PDR businesses are an important sector of San Francisco's economic
24 base, supporting the local economy when other sectors experience slowed growth or decline;
25 and,

1 WHEREAS, Multiple industrial realtors report that San Francisco has had, and
2 continues to have, the highest occupancy rates in the Bay Area; and,

3 WHEREAS, Many PDR businesses use industrial buildings and are located on
4 industrially-zoned land; and,

5 WHEREAS, Land zoned for PDR uses provides space for future industries that may
6 provide an economic catalyst for the City to locate and grow; and,

7 WHEREAS, Only 3% of San Francisco’s land is available to support PDR businesses,
8 and these businesses account for 11% of San Francisco’s employment; and,

9 WHEREAS, The Planning Department reports that Showplace Square represents 7%
10 of the City’s land devoted to PDR uses but 12% of PDR jobs, or approximately 6,400 jobs;
11 and,

12 WHEREAS, The Association of Bay Area Governments (ABAG) projects approximately
13 18,000 new PDR jobs in San Francisco between 2000 and 2025; and,

14 WHEREAS, The Planning Department found that over 1,000 new PDR businesses
15 located in the City’s eastern neighborhoods between 2000 and 2003, including 184 in
16 Showplace Square; and,

17 WHEREAS, Showplace Square is one of the largest clusters of design-related PDR
18 businesses in the United States; and,

19 WHEREAS, Arts activities—a thriving element of San Francisco that contributes to
20 tourism and to attracting new businesses and new industries to the City—are also in need of
21 attention/protection; and,

22 WHEREAS, Areas of San Francisco zoned for PDR house a significant portion of arts-
23 related industries, including studios, design and production facilities, and graphic arts facilities;
24 and,

25

1 WHEREAS, The Commerce & Industry Element of the General Plan calls for a
2 balanced economy in which good-paying jobs are available for the widest breadth of the San
3 Francisco labor force; and,

4 WHEREAS, According to a 2002 survey conducted by the Planning Department, over
5 half of the 300 PDR businesses surveyed reported that the majority of their employees lived in
6 San Francisco; and,

7 WHEREAS, PDR businesses often provide their workers with a wage, benefits, and
8 opportunities for advancement superior to service sector businesses; and,

9 WHEREAS, PDR businesses offer employment opportunities for people of all skills and
10 educational attainment levels and for individuals for whom English is a second language; and,

11 WHEREAS, Research has shown that the loss of PDR jobs has had a disproportionate
12 impact on minorities and immigrant populations; and,

13 WHEREAS, There are a number of non-PDR projects proposing to locate in PDR
14 areas and that are seeking site specific rezoning where a number of zoning options are still
15 under consideration by the Planning Commission as part of the Eastern Neighborhoods and
16 Better Neighborhood rezoning processes; and,

17 WHEREAS, Many of the proposed projects would introduce housing adjacent to or in
18 close proximity to existing PDR businesses; and,

19 WHEREAS, Some PDR activities are not compatible with housing and conflicts arise
20 without proper land use planning for both uses; and,

21 WHEREAS, City Planning Code Section 306.7 authorizes the Board of Supervisors to
22 impose interim controls temporarily suspending the processing of permits and other land use
23 authorizations in conflict with a contemplated zoning proposal which the Board of Supervisors,
24 the Planning Commission, or the Planning Department is considering or intends to study
25 within a reasonable period of time; and,

1 WHEREAS, Interim controls are authorized to control uses which are having an
2 adverse impact on areas of mixed residential and commercial uses in order to preserve the
3 existing character of such neighborhoods and areas; and,

4 WHEREAS, Interim controls are authorized to conserve the commerce and industry of
5 the City in order to maintain the economic vitality of the City, to provide its citizens with
6 adequate jobs and business opportunities, and to maintain adequate services for its residents,
7 visitors, businesses and institutions; and,

8 WHEREAS, These interim controls are necessary in order to direct office development
9 into the Downtown core where there is transit capacity, and to prevent displacement of other
10 viable economic uses which provide needed services and employment to San Francisco
11 residents until the permanent zoning is put into effect; and,

12 WHEREAS, The Board of Supervisors finds that these interim controls enhance and
13 are consistent with the purpose of the Planning Code as set forth in Section 101 and with the
14 Priority Policies of Planning Code Section 101.1 in that: (a) they conserve and protect existing
15 housing and neighborhood character (Policies 2 and 3) by prohibiting the conversion and
16 demolition of residential uses and by prohibiting or requiring conditional use for certain large
17 non-retail uses; (b) they maintain a diverse economic base by protecting the City's industrial
18 and service sectors from displacement (Policy 5); and (c) they have no impact on existing
19 neighborhood-serving retail uses or resident employment (Policy 1), commuter traffic or
20 transit service (Policy 4), earthquake preparedness (Policy 6), landmarks and historic
21 buildings (Policy 7), or parks and open space (Policy 8); and,

22 WHEREAS, The Board of Supervisors is authorized by Planning Code section 306.7(c)
23 to initiate the procedure for imposing interim controls by a resolution adopted by majority vote;
