RE: San Francisco Energy Watch 2016 Funding

Dear Ms. Rafael,

Pacific Gas and Electric Company (PG&E) intends to provide the San Francisco Department of the Environment (SF Environment) up to \$6,930,000 in program funding to implement the San Francisco Energy Watch (SFEW) Local Government Partnership in 2016. However, such funding provided by PG&E for any energy efficiency programs, including but not limited to SFEW, shall be conditioned upon and subject to any modifications or guidance by the California Public Utilities Commission.

This funding will be used to support the following activities:

- Marketing and implementing of SFEW energy efficiency direct install programs, including incentives for energy efficiency measures targeting businesses and multifamily customers
- Strategic Energy Resource work, including, but not limited to, software augmented audits, mini-retrocommissioning, refrigeration replacement initiative, and climate planning

PG&E will work with SF Environment to finalize the scope of work and terms and conditions, and execute the final SFEW 2016 Program Contract.

Sincerely,

A handwritten signature in black ink, appearing to read 'K. Zelner', written over a faint printed name.

Karen Zelner
Director, Energy Efficiency Programs
Pacific Gas and Electric Company
