Two victim advocates (job classification 8129 Victim Witness Investigator I) at 1.5 FTE total and one Deputy Director (job classification 0922 Manager I) at 0.06 FTE total will be assigned to this grant. Advocates will be responsible for direct services to victims who are identified as immigrants, day-to-day coordination, or referrals with community-based organization (CBO) partners who specifically work with immigrant communities, documentation of services rendered, and collecting and reporting on data related to service activities and community activities.

The Deputy Director and advocates will focus on community engagement by providing consultations and trainings to CBOs and public agencies. They will collaborate with CBOs and other service providers to do outreach in the community, engage with victims and community members, and host/co-host community events to increase awareness of our services and to understand unique needs of the communities. Staff will host in-house culturally sensitive trainings on working with immigrant populations to establish an understanding of barriers, needs, and cultural considerations.

In addition to their salary, the bilingual pay is an additional compensation allowance for using a language other than English in their job duty. This is

necessary to work with the target population who are most likely non-native English speakers.

As a division, we are striving to hire staff that reflect the various communities in San Francisco. Two of the largest immigrant populations in San Francisco are Chinese speaking (Cantonese & Mandarin) and Spanish speaking. Both advocates assigned to this grant are fluent in Cantonese and Mandarin, which will support our goal of expanding our services to immigrant populations throughout the city. One of the advocates is a certified Cantonese and Mandarin translator with a variety of experience supporting AAPI communities, from relocating households during the renovation of buildings in Chinatown to supporting community members in navigating disability public benefit claims. The second advocate has over 8 years of experience working with victims of crime in different capacities, is experienced in working with AAPI communities and has native fluency in both Cantonese and Mandarin. Lastly, Deputy Director, has over 10 years of experience working with the Spanish speaking population throughout the San Francisco Bay Area in various settings, and will use her knowledge and experiences to further engage with communities throughout San Francisco to strength partnerships with CBOs that serve immigrant populations.

### **a. Problem Statement**

San Francisco is a well-known mecca for diverse ethnic groups from all over the world to settle down and make it as their new home away from home. Not only is it appealing with its mild climate throughout the year, its inclusive and immigrant-friendly policies have welcomed tens of thousands of peoples over the years. Our specific focus of this grant is on the unserved/underserved immigrant victim population in this city.

According to the latest census, about 14% of the population in the United States are immigrants. In San Francisco, its immigrant population is around 37%, with the largest group coming from China, making up about 28%.

In terms of crime rates, the odds of being a victim of a violent crime in San Francisco is 1 in 178 whereas for the state of California, it is 1 in 227. Since the Covid-19 pandemic, there has been a 567% increase in hate crimes targeting the Asian community, as indicated by the 2020-2021 data from the San Francisco Police Department. These crimes particularly affected the Asian immigrant elderly disproportionately as they were most vulnerable, less likely to retaliate, and not likely to report.

Our own data within Victim Services Division of the San Francisco District Attorney's Office also supported this trend. While there has been an increase in

crimes against immigrant victims, particularly of Asian descent, over the past two years, there is no corresponding increase in services provided to them.

Immigrant victims historically have been unserved or underserved because of several reasons. The first is that they mostly are more fluent in their native language which puts them at a disadvantage when interfacing with mainstream society and very likely prevented access to resources that may have been readily available to the broader English-speaking communities. Secondly, victimization due to a crime can often be a very traumatizing experience, and the response or recovery process is very much a culturally dependent path. Seeking a culturally congruent way of healing may not be condoned or accessible in the mainstream culture, not to mention the stigma that is often attached to being a victim and seeking help. Lastly, the immigrant population in the city consists of a number of different ethnic groups and it would be important to be equitable in our approach with each of them, and work with them equally. We have historically lacked a concerted effort in reaching out to different immigrant groups in identifying unique needs of each group and tracking progress for each. Therefore, the unserved or underserved remains unserved or underserved over time.

San Francisco's immigrant population comprises mainly of Asian descent,

with Chinese being the majority, as well as peoples from Spanish speaking countries. Quite a few of their countries of origin have been through civil wars and political upheaval, not to mention socio-economic deterioration in the recent decades, causing many people, old and young alike, to flee and migrate to the US. They carry with them historical trauma which makes them even more vulnerable when they get re-traumatized and re-triggered by being victimized in a crime in San Francisco. Moreover, they may not readily accept or trust authorities or the justice system because of their past experience, not to mention being unfamiliar with a new justice system. Hence it may be challenging for them to cooperate or seek out help from legal or governmental authorities.

Furthermore, for some immigrants, their concern about exposing or jeopardizing their legal status often hampers their reaching out for help in many situations, and at times this very concern is used against them to prevent them from reporting criminal activities. They may also be more inclined to seek out help and support within their ethnic circles and use traditional healing methods rather than western ones, making them more challenging to serve.

### **b. Plan**

The Victim Service Division (VSD) of the San Francisco District Attorney's

## Grant Subaward Programmatic Narrative

Grant Subaward #: UV23 02 0380

---

Subrecipient: San Francisco, City & County

---

Office plans to continue to focus on the following three programmatic components: 1) Increase victim services to immigrant population in San Francisco through culturally responsive outreach, 2) Recruit and train VSD victim advocates on complexities of victim advocacy among immigrant communities, 3) Bolster relationships with community-based organizations (CBOs) to ensure immigrant victims have access to crisis intervention and culturally congruent counseling services.

Component 1. Given the challenges facing the immigrant population, if we are to better serve them in the context of being victims of crime, there needs to be assertive outreach into the various communities. Immigrant victims are often not aware of community resources that are available to them, and we want consistent presence in their communities to bring information to them, instead of passively waiting for them to come seek help from us. This would help build the trust with each community, break down the possible misconceptions about the criminal justice system, and the barrier of accessing necessary services to help in their recovery from being victims of crime. In addition, strategic partnerships with community-based agencies would need to be strengthened. These agencies know their communities well and may provide a unique niche of services that would be particularly useful for victims. Leveraging their expertise

while coupling with a consistent and coordinated effort of outreach would increase the level of service for the immigrant population in this city. VSD will continue working on partnering with CBOs to co-host community events to increase exposure to VSD through familiar CBOs. We have begun this work through presentations with Japanese Cultural and Community Center of Northern California, Community Youth Center, Vietnamese Community Development Center, Lao Seri Association, and Chinatown YMCA. Moreover, we have hosted victim education presentations at La Casa, CUAV and Chinese Newcomer's for Victim's Rights Week. We look to co-host three events with CBOs that support immigrant population. VSD has begun relationship building with UCSF Center of Excellence for Immigrant Child Health and Wellbeing, and API Legal Outreach amongst other CBO's.

Our specific goals will continue as follows:

1. We will host and/or co-host community events by partnering with community agencies in neighborhoods around the cities outreaching to the immigrant audience at least twice per quarter to increase awareness of our services.
2. We will participate in listening sessions and/or Town Halls in the communities with high immigration population at least bimonthly to deepen our understanding

of what they need, and to obtain qualitative feedback from them on how we can serve them better. We will use this data and create a mapping of community needs for continuous follow-up purposes. We currently have assigned advocates to attend neighborhood townhall meetings. This had led to increased victim engagement with VSD.

3. We will create a protocol for easy community access points and referral to victim services unique to the needs of the communities. We have advocates assigned to community based organizations who have set up "office hours," making access to our services more obtainable.

Component 2. VSD currently provides victim advocacy and outreach according to the principles of trauma-informed care, and plans to continue this practice. First and foremost, we want to ensure the physical and psychological safety of the victims we serve. We focus on developing trust with each victim while making sure our work is conducted in a transparent manner. Furthermore, we value a collaborative approach in our work, and seek to empower victims to express themselves and let their voices be heard in the process. Evidence shows that cultural concordance improves service outcomes as it often strengthens rapport building and increases trust. We would strive to provide culturally responsive and congruent services that match with the victims' cultural

connections, values, and any historical trauma that was brought to bear on their experience. Whenever possible, we match the victims with staff that speak the same language and use the language line as backup. VSD leverages the language skills of other victim advocates when needed. VSD has secured a contract with a live video language translation service that offers 41 languages. VSD currently has staff language capacity of, Cantonese, Mandarin, Spanish, Punjabi, Hindi, French, Swahili, Laotian and American Sign Language. In addition, VSD has started internal language workshops for advocates to practice their language skills among peers.

Per the Victim Service Division standard, our dedicated victim service advocates will continue to reach out to the immigrant victims within 24 hours after receiving the referral, and the initial conversation will be focused on assessing the immediate needs to provide timely responses. VSD has also created a community based collaboration protocol with organizations that provide 24/7 response to ensure all victims are being responded to no matter what day or time the crime occurs.

We provide crisis intervention and emergency assistance when needed, and when victims require professional attention, for instance longer term mental

health support, we immediately link them to crisis services and/or mental health counseling services, and other

appropriate community resources. It has been our ongoing practice to provide support and advocacy to any crime victims, whether the crime is involved with the criminal court proceedings or not.

We have been and will continue to assist victims with seeking crime victim compensation benefits. Not only are our staff advocates trained by the California Victim Compensation Board (CalVCB) to guide and support victims in the application process, but we also have an in-house claims unit that is dedicated to follow up on any claims submitted by victims to ensure they are served and compensated as promptly as possible. We update our trainings with CalVCB at least semi-annually. We have also initiated an in-service CalVCB training series to increase derivative applications filed by our advocates.

For cases that are involved in the justice system, our dedicated victim service advocates will ensure immigrants are well informed of their Marsy's rights, provided copies of such rights in a linguistically congruent document and ensure immigrant victims are kept apprised of all court proceedings and/or dispositions. VSD has already begun translating many of our informational materials into the languages that reflect San Francisco's immigrant population.

Moreover, our dedicated advocates will ensure immigrant victims' rights are protected in the court process, accompany victims to court hearings to provide support, particularly when the victim is subpoenaed to testify, facilitate victims' voice be heard in the courtroom which may include assisting with writing victim impact statements. When the victim is non-English speaking, we will ensure that court interpreters are available to allow for meaningful participation in court proceedings.

Our advocates possess at least a bachelor's degree in criminology, social work, or psychology. We prioritize candidates that are bilingual such as Chinese and Spanish, so that we can be linguistically and culturally congruent with the population we intend to serve. With respect to ongoing training plans, we keep track of specialized trainings and certifications that our staff advocates receive.

We will ensure that all trainings they receive include components that address best practices in working with the culturally diverse immigrant populations.

The District Attorney's Office, under which our Victim Services Division is housed, has a well-established internship program that runs year-round, with cohorts every fall, spring, and summer. We recruit volunteer interns from local and national colleges and law schools. All of them must pass a background

check during the application process. They would be tasked to assist our staff advocates in direct services and community outreach events.

Component 3. We have established ourselves as an active participant in the local and public non-profit/community-based organizations network and will continue to develop new strategic partnerships and deepen our involvement with community agencies that provide vital resources for our target population. Currently we have already set up formal and informal operational agreements with organizations including Community Youth Center, Self Help for the Elderly, Richmond Area Multi-Services Inc, La Casa de las Madres, Chinese Newcomers Service Center, Mission Neighborhood Center, Institute on Aging, and we intend to build on this list.

To be specific in our collaborative efforts, we propose the following goals:

1. We will expand our current partnership network by adding at least two community-based organizations and/or governmental agencies per quarter to our list of collaborators. To date, we have successfully met this goal and believe more work should be done in this area. Moreso, we would like to deepen our relationship with the organizations through collaborative procedures and engagement activities.
2. We will enter into operational agreements with each of the agencies that we

partner with to ensure referrals flowing in both directions, and engage in cross trainings with them no fewer than once per quarter,

3. We will develop data tracking system to closely monitor the number of referrals and use the data to inform possible enhancement of the community partnerships.

### c. Capabilities

The Chief of Victim Services Division will bear primary responsibility for the oversight of this grant, including management of programmatic and fiscal requirements. Our current Chief holds over 20 years of direct service and program development and will be responsible for ensuring the outcomes and objectives of the grant are met during the term of the grant, and that all reports are submitted in a timely manner. In addition to forging relationships with governmental agencies to address systemic barriers that may hinder the advocacy work. The Deputy Director along with the Deputy Chief of VSD will supervise the staff executing the objectives of the contract and make sure appropriate fiscal resources are adequately utilized to support the staff in achieving those objectives. In addition, the Deputy Director has experience building partnerships with government and community-based agencies working with the immigrant populations, providing cross-training with the goal of

addressing the needs of immigrant crime victims, and outreaching to communities for furthering engagement and assessment of needs. Interns who are volunteers will assist with supporting the above described efforts including coordinating meetings, events, and other projects.

The management team of the Victim Services Division has a combined more than 50 years of experience in the field of mental health and victim advocacy work. The Chief is a faculty member of the School of Nursing at the University of California, San Francisco, and possesses a background in mental health and nursing, with many years of direct services and management. community. The Deputy Director has seven years of direct advocacy service. In addition to previous career working with one the Bay Area's largest mental health crisis programs and has worked specifically with immigrant populations.

The victim advocates on this grant are fully certified in victim advocacy work through training programs offered by the California Crime Victim Assistance Association. The Chief of Victim Services oversees the pre- and post- award grant administration and ensures regulatory compliance as well as the grant-funded programs. She works closely with the Chief of Finance and Administration of the San Francisco District Attorney's Office, and the fiscal team for grant-related budgetary responsibilities. The foregoing is not intended, and shall not be understood by the agency making

this Grant Subaward, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

- a. In accepting this Grant Subaward, Subrecipients (and any Second-Tier Subrecipients):

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements for authorization of any Grant Subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "Grant Subaward" (and therefore does not consider a procurement "contract").

## **19. Requirements Related to System for Award Management and Universal Identifier Requirements**

## **20. Restrictions on "Lobbying"**

In general, as a matter of federal law, federal funds awarded by OJP may not be used by Subrecipients (and any Second-Tier Subrecipients), either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by Subrecipients (and any Second-Tier Subrecipients), to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of

a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a Subrecipient (or any Second-Tier Subrecipient) would or might fall within the scope of these prohibitions, the Subrecipient is to contact Cal OES for guidance, and may not proceed without the express prior written approval of Cal OES.

This condition applies to agreements that -- for purposes of federal grants administrative requirements OJP considers a procurement "contract" (and therefore does not consider a subaward).

## **22. Requirements Pertaining to Prohibited Conduct Related to Trafficking in Persons (including reporting requirements and OJP Authority to Terminate Grant Subaward)**

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of Subrecipients (and any Second-Tier Subrecipients), or individuals defined (for purposes of this condition) as "employees" of Subrecipients (and any Second-Tier Subrecipients).

The details of the Subrecipients' obligations related to prohibited conduct related to trafficking in persons are posted on the OJP web site at <https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm>.

## **23. Reporting Potential Fraud, Waste, and Abuse, and Similar Misconduct**

Subrecipients (and any Second-Tier Subrecipients) must promptly refer to Cal OES any credible evidence that a principal, employee, agent, Subrecipient, contractor, subcontractor, or other person has, in connection with funds under this Grant Subaward-- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

## OPERATIONAL AGREEMENT

### **Tahirih Justice Center and San Francisco District Attorney, Victim Services Department**

The purpose of this Operational Agreement (OA) is to express formal agreement, without the exchange of money, between **The Tahirih Justice Center (Tahirih)**, an implementing agency, and one participating agency, **The San Francisco District Attorney's Office (SFDA), Victim Services Department**.

**The Tahirih Justice Center, San Francisco Bay Area Office (Tahirih)** is a nonprofit service provider. Tahirih opened in San Bruno in 2017, building on 20+ years of experience of its parent organization's experience, to protect immigrant survivors seeking justice in the U.S. from gender-based harm, including multiple forms of crime, in the San Francisco Bay Area. Tahirih's San Bruno-based team of 10 provides immigration legal services and holistic social services to immigrant survivors in the region.

**The San Francisco District Attorney's Office (SFDA), Victim Services Department** strives to make the criminal justice system humane and accessible by providing support and assistance to victims and their families in the aftermath of a crime, during criminal prosecution, and after a verdict has been reached.

The partners have agreed to the following measures towards the goal of providing better services to immigrant victims of crime in the region who may otherwise face barriers to the services and support they need to meet their physical, emotional, spiritual, and financial needs after victimization. The procedures agreed to herein are intended to promote accessible services for immigrant survivors, and to mitigate factors such as race, ethnicity, geographic isolation, language barriers, cultural intolerance, disability, lack of knowledge of the criminal justice system and their rights, and/or lack of appropriate social support.

**Tahirih** agrees to the following:

- Tahirih Justice Center will continue its policy, so far as practical, of providing legal assistance, as well as holistic social services support to immigrant survivors of crime.
- Tahirih Justice Center will refer immigrant survivors of crime to SFDA for support and assistance, as needed.

**SFDA** agrees to the following:

- SFDA will refer immigrant survivors of crime to Tahirih for legal assistance, as needed.

Tahirih and SFDA will collaborate on community outreach & co-hosting events to bring awareness in the community. Additionally, the organization will host professional trainings as and when applicable to train professionals and their respective staff.

This agreement is effective as of the date executed below and will remain in force for the period of two years, or until any party terminates in writing. This agreement may be amended, modified, expanded, etc. as mutually agreed upon by the parties, in writing.

The foregoing is not intended, and shall not be understood by the agency making

this Grant Subaward, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

- a. In accepting this Grant Subaward, Subrecipients (and any Second-Tier Subrecipients):
  - 1) Represent that they neither require, nor have required, internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and
  - 2) Certify that, if they learn, or are notified, that they have, or have been, requiring their employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, they will immediately stop any further obligations of Grant Subaward funds, will provide prompt written notification to Cal OES, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by Cal OES.

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements for authorization of any Grant Subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "Grant Subaward" (and therefore does not consider a procurement "contract").

## **20. Restrictions on "Lobbying"**

In general, as a matter of federal law, federal funds awarded by OJP may not be used by Subrecipients (and any Second-Tier Subrecipients), either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by Subrecipients (and any Second-Tier Subrecipients), to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of

a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a Subrecipient (or any Second-Tier Subrecipient) would or might fall within the scope of these prohibitions, the Subrecipient is to contact Cal OES for guidance, and may not proceed without the express prior written approval of Cal OES.

This condition applies to agreements that -- for purposes of federal grants administrative requirements OJP considers a procurement "contract" (and therefore does not consider a subaward).

## **22. Requirements Pertaining to Prohibited Conduct Related to Trafficking in Persons (including reporting requirements and OJP Authority to Terminate Grant Subaward)**

Subrecipients (and any Second-Tier Subrecipients) must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of Subrecipients (and any Second-Tier Subrecipients), or individuals defined (for purposes of this condition) as "employees" of Subrecipients (and any Second-Tier Subrecipients).

The details of the Subrecipients' obligations related to prohibited conduct related to trafficking in persons are posted on the OJP web site at <https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm>.

## **23. Reporting Potential Fraud, Waste, and Abuse, and Similar Misconduct**

Subrecipients (and any Second-Tier Subrecipients) must promptly refer to Cal OES any credible evidence that a principal, employee, agent, Subrecipient, contractor, subcontractor, or other person has, in connection with funds under this Grant Subaward-- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

necessary to work with the target population who are most likely non-native English speakers.

As a division, we are striving to hire staff that reflect the various communities in San Francisco. Two of the largest immigrant populations in San Francisco are Chinese speaking (Cantonese & Mandarin) and Spanish speaking. Both advocates assigned to this grant are fluent in Cantonese and Mandarin, which will support our goal of expanding our services to immigrant populations throughout the city. One of the advocates is a certified Cantonese and Mandarin translator with a variety of experience supporting AAPI communities, from relocating households during the renovation of buildings in Chinatown to supporting community members in navigating disability public benefit claims. The second advocate has over 8 years of experience working with victims of crime in different capacities, is experienced in working with AAPI communities and has native fluency in both Cantonese and Mandarin. Lastly, Deputy Director, has over 10 years of experience working with the Spanish speaking population throughout the San Francisco Bay Area in various settings, and will use her knowledge and experiences to further engage with communities throughout San Francisco to strength partnerships with CBOs that serve immigrant populations.

### **a. Problem Statement**

San Francisco is a well-known mecca for diverse ethnic groups from all over the world to settle down and make it as their new home away from home. Not only is it appealing with its mild climate throughout the year, its inclusive and immigrant-friendly policies have welcomed tens of thousands of peoples over the years. Our specific focus of this grant is on the unserved/underserved immigrant victim population in this city.

According to the latest census, about 14% of the population in the United States are immigrants. In San Francisco, its immigrant population is around 37%, with the largest group coming from China, making up about 28%.

In terms of crime rates, the odds of being a victim of a violent crime in San Francisco is 1 in 178 whereas for the state of California, it is 1 in 227. Since the Covid-19 pandemic, there has been a 567% increase in hate crimes targeting the Asian community, as indicated by the 2020-2021 data from the San Francisco Police Department. These crimes particularly affected the Asian immigrant elderly disproportionately as they were most vulnerable, less likely to retaliate, and not likely to report.

Our own data within Victim Services Division of the San Francisco District Attorney's Office also supported this trend. While there has been an increase in

crimes against immigrant victims, particularly of Asian descent, over the past two years, there is no corresponding increase in services provided to them.

Immigrant victims historically have been unserved or underserved because of several reasons. The first is that they mostly are more fluent in their native language which puts them at a disadvantage when interfacing with mainstream society and very likely prevented access to resources that may have been readily available to the broader English-speaking communities. Secondly, victimization due to a crime can often be a very traumatizing experience, and the response or recovery process is very much a culturally dependent path. Seeking a culturally congruent way of healing may not be condoned or accessible in the mainstream culture, not to mention the stigma that is often attached to being a victim and seeking help. Lastly, the immigrant population in the city consists of a number of different ethnic groups and it would be important to be equitable in our approach with each of them, and work with them equally. We have historically lacked a concerted effort in reaching out to different immigrant groups in identifying unique needs of each group and tracking progress for each. Therefore, the unserved or underserved remains unserved or underserved over time.

San Francisco's immigrant population comprises mainly of Asian descent,

with Chinese being the majority, as well as peoples from Spanish speaking countries. Quite a few of their countries of origin have been through civil wars and political upheaval, not to mention socio-economic deterioration in the recent decades, causing many people, old and young alike, to flee and migrate to the US. They carry with them historical trauma which makes them even more vulnerable when they get re-traumatized and re-triggered by being victimized in a crime in San Francisco. Moreover, they may not readily accept or trust authorities or the justice system because of their past experience, not to mention being unfamiliar with a new justice system. Hence it may be challenging for them to cooperate or seek out help from legal or governmental authorities.

Furthermore, for some immigrants, their concern about exposing or jeopardizing their legal status often hampers their reaching out for help in many situations, and at times this very concern is used against them to prevent them from reporting criminal activities. They may also be more inclined to seek out help and support within their ethnic circles and use traditional healing methods rather than western ones, making them more challenging to serve.

### **b. Plan**

The Victim Service Division (VSD) of the San Francisco District Attorney's

## Grant Subaward Programmatic Narrative

Grant Subaward #: UV23 02 0380

---

Subrecipient: San Francisco, City & County

---

Office plans to continue to focus on the following three programmatic components: 1) Increase victim services to immigrant population in San Francisco through culturally responsive outreach, 2) Recruit and train VSD victim advocates on complexities of victim advocacy among immigrant communities, 3) Bolster relationships with community-based organizations (CBOs) to ensure immigrant victims have access to crisis intervention and culturally congruent counseling services.

Component 1. Given the challenges facing the immigrant population, if we are to better serve them in the context of being victims of crime, there needs to be assertive outreach into the various communities. Immigrant victims are often not aware of community resources that are available to them, and we want consistent presence in their communities to bring information to them, instead of passively waiting for them to come seek help from us. This would help build the trust with each community, break down the possible misconceptions about the criminal justice system, and the barrier of accessing necessary services to help in their recovery from being victims of crime. In addition, strategic partnerships with community-based agencies would need to be strengthened. These agencies know their communities well and may provide a unique niche of services that would be particularly useful for victims. Leveraging their expertise

while coupling with a consistent and coordinated effort of outreach would increase the level of service for the immigrant population in this city. VSD will continue working on partnering with CBOs to co-host community events to increase exposure to VSD through familiar CBOs. We have begun this work through presentations with Japanese Cultural and Community Center of Northern California, Community Youth Center, Vietnamese Community Development Center, Lao Seri Association, and Chinatown YMCA. Moreover, we have hosted victim education presentations at La Casa, CUAV and Chinese Newcomer's for Victim's Rights Week. We look to co-host three events with CBOs that support immigrant population. VSD has begun relationship building with UCSF Center of Excellence for Immigrant Child Health and Wellbeing, and API Legal Outreach amongst other CBO's.

Our specific goals will continue as follows:

1. We will host and/or co-host community events by partnering with community agencies in neighborhoods around the cities outreaching to the immigrant audience at least twice per quarter to increase awareness of our services.
2. We will participate in listening sessions and/or Town Halls in the communities with high immigration population at least bimonthly to deepen our understanding

of what they need, and to obtain qualitative feedback from them on how we can serve them better. We will use this data and create a mapping of community needs for continuous follow-up purposes. We currently have assigned advocates to attend neighborhood townhall meetings. This had led to increased victim engagement with VSD.

3. We will create a protocol for easy community access points and referral to victim services unique to the needs of the communities. We have advocates assigned to community based organizations who have set up "office hours," making access to our services more obtainable.

Component 2. VSD currently provides victim advocacy and outreach according to the principles of trauma-informed care, and plans to continue this practice. First and foremost, we want to ensure the physical and psychological safety of the victims we serve. We focus on developing trust with each victim while making sure our work is conducted in a transparent manner. Furthermore, we value a collaborative approach in our work, and seek to empower victims to express themselves and let their voices be heard in the process. Evidence shows that cultural concordance improves service outcomes as it often strengthens rapport building and increases trust. We would strive to provide culturally responsive and congruent services that match with the victims' cultural

connections, values, and any historical trauma that was brought to bear on their experience. Whenever possible, we match the victims with staff that speak the same language and use the language line as backup. VSD leverages the language skills of other victim advocates when needed. VSD has secured a contract with a live video language translation service that offers 41 languages. VSD currently has staff language capacity of, Cantonese, Mandarin, Spanish, Punjabi, Hindi, French, Swahili, Laotian and American Sign Language. In addition, VSD has started internal language workshops for advocates to practice their language skills among peers.

Per the Victim Service Division standard, our dedicated victim service advocates will continue to reach out to the immigrant victims within 24 hours after receiving the referral, and the initial conversation will be focused on assessing the immediate needs to provide timely responses. VSD has also created a community based collaboration protocol with organizations that provide 24/7 response to ensure all victims are being responded to no matter what day or time the crime occurs.

We provide crisis intervention and emergency assistance when needed, and when victims require professional attention, for instance longer term mental

health support, we immediately link them to crisis services and/or mental health counseling services, and other

appropriate community resources. It has been our ongoing practice to provide support and advocacy to any crime victims, whether the crime is involved with the criminal court proceedings or not.

We have been and will continue to assist victims with seeking crime victim compensation benefits. Not only are our staff advocates trained by the California Victim Compensation Board (CalVCB) to guide and support victims in the application process, but we also have an in-house claims unit that is dedicated to follow up on any claims submitted by victims to ensure they are served and compensated as promptly as possible. We update our trainings with CalVCB at least semi-annually. We have also initiated an in-service CalVCB training series to increase derivative applications filed by our advocates.

For cases that are involved in the justice system, our dedicated victim service advocates will ensure immigrants are well informed of their Marsy's rights, provided copies of such rights in a linguistically congruent document and ensure immigrant victims are kept apprised of all court proceedings and/or dispositions. VSD has already begun translating many of our informational materials into the languages that reflect San Francisco's immigrant population.

Moreover, our dedicated advocates will ensure immigrant victims' rights are protected in the court process, accompany victims to court hearings to provide support, particularly when the victim is subpoenaed to testify, facilitate victims' voice be heard in the courtroom which may include assisting with writing victim impact statements. When the victim is non-English speaking, we will ensure that court interpreters are available to allow for meaningful participation in court proceedings.

Our advocates possess at least a bachelor's degree in criminology, social work, or psychology. We prioritize candidates that are bilingual such as Chinese and Spanish, so that we can be linguistically and culturally congruent with the population we intend to serve. With respect to ongoing training plans, we keep track of specialized trainings and certifications that our staff advocates receive.

We will ensure that all trainings they receive include components that address best practices in working with the culturally diverse immigrant populations.

The District Attorney's Office, under which our Victim Services Division is housed, has a well-established internship program that runs year-round, with cohorts every fall, spring, and summer. We recruit volunteer interns from local and national colleges and law schools. All of them must pass a background

check during the application process. They would be tasked to assist our staff advocates in direct services and community outreach events.

Component 3. We have established ourselves as an active participant in the local and public non-profit/community-based organizations network and will continue to develop new strategic partnerships and deepen our involvement with community agencies that provide vital resources for our target population. Currently we have already set up formal and informal operational agreements with organizations including Community Youth Center, Self Help for the Elderly, Richmond Area Multi-Services Inc, La Casa de las Madres, Chinese Newcomers Service Center, Mission Neighborhood Center, Institute on Aging, and we intend to build on this list.

To be specific in our collaborative efforts, we propose the following goals:

1. We will expand our current partnership network by adding at least two community-based organizations and/or governmental agencies per quarter to our list of collaborators. To date, we have successfully met this goal and believe more work should be done in this area. Moreso, we would like to deepen our relationship with the organizations through collaborative procedures and engagement activities.
2. We will enter into operational agreements with each of the agencies that we

partner with to ensure referrals flowing in both directions, and engage in cross trainings with them no fewer than once per quarter,

3. We will develop data tracking system to closely monitor the number of referrals and use the data to inform possible enhancement of the community partnerships.

### c. Capabilities

The Chief of Victim Services Division will bear primary responsibility for the oversight of this grant, including management of programmatic and fiscal requirements. Our current Chief holds over 20 years of direct service and program development and will be responsible for ensuring the outcomes and objectives of the grant are met during the term of the grant, and that all reports are submitted in a timely manner. In addition to forging relationships with governmental agencies to address systemic barriers that may hinder the advocacy work. The Deputy Director along with the Deputy Chief of VSD will supervise the staff executing the objectives of the contract and make sure appropriate fiscal resources are adequately utilized to support the staff in achieving those objectives. In addition, the Deputy Director has experience building partnerships with government and community-based agencies working with the immigrant populations, providing cross-training with the goal of

addressing the needs of immigrant crime victims, and outreaching to communities for furthering engagement and assessment of needs. The staff have received certifications/trainings on victim advocacy work and will continue to receive ongoing trainings to update their knowledge and skills. Interns who are volunteers will assist with supporting the above described efforts including coordinating meetings, events, and other projects.

The management team of the Victim Services Division has a combined more than 50 years of experience in the field of mental health and victim advocacy work. The Chief is a faculty member of the School of Nursing at the University of California, San Francisco, and possesses a background in mental health and nursing, with many years of direct services and management. She is going to leverage her knowledge and network to develop partnerships with many organizations. The Deputy Chief has 18 years of experience providing direct victim advocacy services and supervising advocates under the District Attorney's Office, and therefore already a breadth of knowledge and close ties with local agencies that have a history of providing relevant services in the local

community. The Deputy Director has seven years of direct advocacy service. In addition to previous career working with one the Bay Area's largest mental health crisis programs and has worked specifically with immigrant populations.

The victim advocates on this grant are fully certified in victim advocacy work through training programs offered by the California Crime Victim Assistance Association. They will also participate in cross-training with CBOs that serve the immigrant population to deepen their skills in cultural humility, trauma informed approaches, and any other best practices for specific immigrant communities.

The Chief of Victim Services oversees the pre- and post- award grant administration and ensures regulatory compliance as well as the grant-funded programs. She works closely with the Chief of Finance and Administration of the San Francisco District Attorney's Office, and the fiscal team for grant-related budgetary responsibilities. ### **Tahirih Justice Center and San Francisco District Attorney, Victim Services Department**

The purpose of this Operational Agreement (OA) is to express formal agreement, without the exchange of money, between **The Tahirih Justice Center (Tahirih)**, an implementing agency, and one participating agency, **The San Francisco District Attorney's Office (SFDA), Victim Services Department**.

**The Tahirih Justice Center, San Francisco Bay Area Office (Tahirih)** is a nonprofit service provider. Tahirih opened in San Bruno in 2017, building on 20+ years of experience of its parent organization's experience, to protect immigrant survivors seeking justice in the U.S. from gender-based harm, including multiple forms of crime, in the San Francisco Bay Area. Tahirih's San Bruno-based team of 10 provides immigration legal services and holistic social services to immigrant survivors in the region.

**The San Francisco District Attorney's Office (SFDA), Victim Services Department** strives to make the criminal justice system humane and accessible by providing support and assistance to victims and their families in the aftermath of a crime, during criminal prosecution, and after a verdict has been reached.

The partners have agreed to the following measures towards the goal of providing better services to immigrant victims of crime in the region who may otherwise face barriers to the services and support they need to meet their physical, emotional, spiritual, and financial needs after victimization. The procedures agreed to herein are intended to promote accessible services for immigrant survivors, and to mitigate factors such as race, ethnicity, geographic isolation, language barriers, cultural intolerance, disability, lack of knowledge of the criminal justice system and their rights, and/or lack of appropriate social support.

**Tahirih** agrees to the following:

- Tahirih Justice Center will continue its policy, so far as practical, of providing legal assistance, as well as holistic social services support to immigrant survivors of crime.
- Tahirih Justice Center will refer immigrant survivors of crime to SFDA for support and assistance, as needed.

**SFDA** agrees to the following:

- SFDA will refer immigrant survivors of crime to Tahirih for legal assistance, as needed.

Tahirih and SFDA will collaborate on community outreach & co-hosting events to bring awareness in the community. Additionally, the organization will host professional trainings as and when applicable to train professionals and their respective staff.

This agreement is effective as of the date executed below and will remain in force for the period of two years, or until any party terminates in writing. This agreement may be amended, modified, expanded, etc. as mutually agreed upon by the parties, in writing.

Connie Chan  
Chair, Budget and Finance Committee  
Board of Supervisors  
1 Dr. Carlton B. Goodlett Place, Room 244  
San Francisco, CA 94102

Dear Chair Chan:

Attached please find a copy of the proposed Resolution for the Board of Supervisors approval, which retroactively authorizes the Office of the District Attorney to accept and expend grants in the amount of \$590,718 from the California Governor's Office of Emergency Services for the Unserved/Underserved Victim Advocacy and Outreach Program for the purpose of increasing access to culturally appropriate victim services for unserved/underserved victims/survivors of crime for the grant period January 1, 2024, through December 31, 2026.

The "retroactive" request is administrative in nature. The Department has met the City's requirement to appropriate grant funding prior to beginning any grant activities. The California Governor's Office of Emergency Services Unserved/Underserved Victim Advocacy and Outreach grant is a recurring grant with a start date of January 1<sup>st</sup>. This recurring grant was included in the annual department budget submission. The City and County of San Francisco's FY 2023-24 and FY 2024-2025 Budget and Appropriation Ordinance includes this recurring grant; however, that does not meet the California Governor's Office of Emergency Services resolution requirements, thus, a separate resolution is necessary.

We respectfully request review and approval of this resolution. If you have any questions, please contact Priscilla Portillo at [priscilla.portillo@sfgov.org](mailto:priscilla.portillo@sfgov.org).
