PSC Summary

=====

Record Number: DHRPSC0004810 v 2.0

Description of Proposed Work: Substance Use Disorder (SUD) Treatment Services

Request Type: Amendment

Reason for the Request for Amendment: DPH is requesting an increase of \$280 million in PSC authority to ensure uninterrupted access to essential Substance Use Disorder (SUD) treatment services. Although contracts for these services have already been executed, a portion of the labor-related funding has not yet been expended due to phased implementation, multi-year contract structures, and ongoing provider onboarding. This requested increase will allow DPH to fully utilize the labor components of existing contracts and prevent disruptions to critical services for vulnerable populations.

Scope of Work: There is no substantive change to the scope of work. Instead, the purpose of the change is to reflect that this PSC supports continuing these services at existing funding levels. These services are provided by contractors to continue San Francisco's Drug Medi-Cal Organized Delivery System (DMC-ODS). Initially, the proposed PSC authorized the implementation of ODS programming in San Francisco, following a solicitation utilized to bring existing services up to the new Federal standards. This organized delivery system ensures that the full continuum of health care services continues to be accessible to Medicaid eligible individuals with substance use disorders. Its purpose is to provide the appropriate level of care to meet the needs of Drug/MediCal (DMC) beneficiaries while decreasing other system health care costs. Critical ongoing elements include: 1. Continue to deliver a full continuum of care including Opioid Treatment Program, Outpatient Program, Intensive Outpatient, and Residential SUD Services, including Withdrawal Management and Residential Step Down services. 2. Continue to deliver evidence-based practices and improve coordination with other health systems, including primary care and mental health. 3. Sustain services reaching broad range of San Franciscans in need of substance use services, including justice-involved populations, youth, those who are under-housed or homeless. Services will continue to prioritize the following: -Services to specific underserved and priority populations, including persons who are Black/African American, homeless, incarcerated or involved with the criminal/juvenile justice systems/Drug Court, adolescents aged 10-18 years old, Transitional Aged Youth (TAY) aged 18-24 years old, Lesbian/Gay/Bisexual/Transgender/Queer/Questioning/Intersex/Ally/Two-Spirit, and Pregnant/Parenting women with children. -Under resourced geographic areas, including Hayes Valley/Tenderloin/North of Market, South of Market, Bernal Heights/Inner Mission/94110, Bayview Hunter's Point/94124, and Southeast/Visitation Valley/Sunnydale/94134. -Opportunities to enhance patient engagement, peer support, medication assisted treatment, case management, and recovery services and supports ancillary treatment and outreach services.
