Background

2

MCAH has been awarded a Title V Children and Youth with Special Health Care Needs (CYSHCN) Innovation Grant from CDPH in the amount of \$1,352,610.

The grant will fund creation of an Inter-agency Council coordinated by Support for Families of Children with Disabilities (SFCD).

Inter-agency Council Goals

5

- Identify and incorporate best practices to ensure that CYSHCN and their families receive support for successful transitions across the pediatric life course.
- Train and engage CYSHCN and families to improve CYSHCN-serving systems through input and involvement in state and local program design, implementation, and evaluation.
- Build data capacity to understand needs and health disparities in the CYSHCN population.
- Reduce racial health care inequity for families with CYSHCN.
