MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

Current Agreement

The Department of Public Health contracts with the University of California San Francisco (UCSF) to obtain case management services. The original agreement was procured following a 2017 RFP, following which DPH awarded UCSF a contract for two of the RFP service areas, Citywide Focus and Citywide Forensics, discussed below. The original contract was executed on July 1, 2018, for a one-year term that expired June 30, 2019, and had a not-to-exceed amount of \$9.6 million. The agreement was amended on July 1, 2019 to extend the term by three and a half years to December 31, 2022 and increase the not-to-exceed amount to \$49.3 million (File 19-0516).

Services Provided

Under the current agreement, UCSF provides intensive case management to a minimum of 575 unique clients in two programs: Citywide Focus and Citywide Forensics. These two programs serve slightly different populations but both focus on patients with severe mental health disorders and co-occurring substance use disorders, all with specialty behavioral health needs that are more complex and are at greater risk for negative outcomes.

- **Citywide Focus:** This program serves individuals with high acute mental health service use. To qualify for Citywide Focus, clients must meet certain criteria including number of hospitalizations and number of residential treatment and/or crisis episodes. The program provides case management, money management, medication management, psychotherapy, care coordination, and other intensive outpatient services to its clients.
- **Citywide Forensics:** This program serves justice-involved individuals with severe mental health disorders and/or substance use disorders. The program provides case management, money management, medication management, care coordination, psychotherapy, and other intensive outpatient services to its clients.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would retroactively approve the second amendment to the agreement between UCSF and DPH, increasing the term by five and a half years, from December 2022 to June 30, 2028, and increasing the not-to-exceed amount by \$84.1 million to \$133.4 million.

Retroactive Approval of Proposed Second Amendment

The proposed second amendment is retroactive because, according to DPH, there was a prolonged negotiation process between DPH's City Attorney representative and UCSF's attorney regarding computer system access contractual language that led to a delay in the proposed second amendment. DPH and UCSF concluded negotiations for the computer system access in November 2023 and were then able to proceed with negotiating the proposed second amendment.

Services

The scope of work will not change under the proposed second amendment. UCSF will continue to provide intensive case management to 575 clients each month in the two programs under the proposed second amendment.

Performance Management

The FY 2021-22 performance monitoring report, which is the most recent report available, demonstrates that UCSF's overall performance under this contract has been commendable/exceeds expectations. UCSF achieved 100 percent of its contracted units of service target in FY 2021-22. Both programs were contracted to provide services for 575 clients per month. The programs had 650 unique, unduplicated clients throughout the fiscal year which exceeded the number of required unduplicated clients due to some client turnover.

UCSF met 74 percent of its contracted performance objectives in FY 2021-22. DPH noted the mixed results but determined that no plan of action was required for the two performance objectives that were not achieved, and gave UCSF an overall program performance and compliance rating of 93 percent.

FISCAL IMPACT

The proposed amendment would increase the not to exceed amount of the agreement by \$84,121,542 to \$133,397,493. Exhibit 1 below shows the fiscal impact of the proposed amendment.

Exhibit 1: Contract Budget

| Current Agreement | Actual Spending |
|------------------------------------|--------------------------|
| July 1, 2018 – June 30, 2019 | \$9,616,508 |
| July 1, 2019 – June 30, 2020 | \$9,834,688 |
| July 1, 2020 – June 30, 2021 | \$10,133,543 |
| July 1, 2021 – June 30, 2022 | \$11,444,597 |
| July 1, 2022 – December 31, 2022 | \$5,428,477 |
| January 1, 2023 – June 30, 2023 | \$7,536,168 |
| Subtotal, Actual Spending | \$53,993,981 |
| Proposed Extension | Budgeted Spending |
| July 1, 2023 – June 30, 2024 | \$13,353,584 |
| July 1, 2024 – June 30, 2025 | \$13,754,192 |
| July 1, 2025 – June 30, 2026 | \$14,166,818 |
| July 1, 2026 – June 30, 2027 | \$14,591,822 |
| July 1, 2027 – June 30, 2028 | \$15,029,577 |
| Subtotal, Proposed Spending | \$70,895,993 |
| Contingency at 12% | \$8,507,519 |
| Total Budget | \$133,397,493 |

Source: DPH

The contract has minimal underspending and which DPH has accounted for in budgeting for the proposed amendment. The contract budget increased by \$1.3 million between FY 2020-21 and FY 2021-22 to align the budget with an increase in UCSF's salaries, which increased through union negotiations.

Rates

The payment for services is through a capitation rate, meaning that DPH pays UCSF a flat rate per client per month, calculated as the contract budget divided by budgeted clients divided by 12 months. The capitation rate covers salaries and benefits for UCSF employees working on the programs, program operating expenses, and client expenses, including hygiene products, clothing, and lunches.

In the proposed second amendment, the capitation rate starts at \$1,723.03 per client per month for both programs and increases each fiscal year primarily due to the application of a Cost of Doing Business (CODB) increase, which is typically three percent.

Funding Sources

The sources of funding for this contract are a mix of General Fund (42 percent) and state (19 percent) and federal (38 percent) reimbursements.

RECOMMENDATION

Approve the proposed resolution.

3. Goal Statement:

The UC Citywide SPR (Citywide Focus) will reduce unnecessary institutional care (hospitals, IMD, MRF and/or jail) of high-risk individuals with serious mental illness who are transitional aged youth, adults, or older adults.

4. Priority Population:

UC Citywide Focus proposes the continuation of a capitated full-service integrated outpatient behavioral health center treating 480 transitional age youth, adult, and/or older-adult clients identified by BHS. While UC Citywide Focus and Forensics welcomes and serves all ethnicities and populations, services are also designed to meet the cultural and linguistic needs of San Francisco adult residents with the highest mental health and social service needs. Over 60% are diagnosed with complicating substance abuse problems, over 65% have been homeless, and many also have criminal justice involvement. Approximately 64% are men, 36% women, 32% white, 35% African-American, 24% Asian, and 9% Latino. We treat consumers in every district of the city, but the largest numbers are in the Tenderloin, South of Market, Bayview and Inner-Mission and Chinatown areas. Many consumers live in SROs, but a significant number (especially Asian and Latino consumers) live with families of origin and others in Residential Care group homes.

 (Formula: \$5,944,469 ÷ 6 ÷ 575 = \$1,723.03)

Methodology:

- Consumers are assertively engaged and followed throughout the system as they transition through hospitals, jail, IMDs, shelters, or residential facilities. High-risk consumers in are seen at their home regardless of the facility’s location. Over 50% of services are delivered in the community. Medication services can be delivered in the community. Case managers accompany consumers on public transportation or use the Division van to access the community.
- The programs engage family and informal resources in the community to support consumers: for example, restaurant owners to provide prepaid meal plans, hotel owners to help monitor consumer functioning, store owners to support grocery budgeting, etc.
- Hands-on, case management activities to address both the immediate support system issue and the acquisition of problem-solving skills, building independence.
- Treatment team members are quick to intervene in the community when a consumer is headed toward a crisis. Daily medications, supportive counseling, and on-call phone support can help consumers avoid a hospitalization or arrest.

A. Outreach, recruitment, promotion, and advertisement

Referrals for the programs come from hospitals, CBHS outpatient mental health clinics, jails, and other CBHS providers.

B. Admission, enrollment and/or intake criteria and process where applicable

Consumers are referred to a central intake staff by phone and fax that screens referrals to make sure they meet Target Population criteria (high user of mental health services and an additional criteria of criminal justice involvement for the Forensic program) and to obtain collateral information. Within 72 hours of assignment, a case manager conducts a face-to-face interview with the consumer (in the hospital, jail or community location) to enroll and begin a treatment alliance and to make sure the consumer’s behavior will be safe for staff and consumers. The case manager accompanies the consumer on the day of discharge to his/her residence and first appointments. The program adheres to the guidelines, definitions and services as described in the intensive case management guidelines. The Program accepts consumers authorized by BHS.

C. Service delivery model

Citywide Focus ACT model treatment team provides comprehensive case management, crisis, family, individual and group therapy services. Medical staff work closely with case managers to provide psychotropic medications including drop-in, at consumer’s home, or daily medications if needed. Treatment is provided continuously, wherever the consumer is located. Thus home or hotel visits, outreaches to community agencies and businesses, visits in custody or in the hospital, are all routine modes of delivery of services. The programs incorporate the principles of the “Wellness and Recovery” model of services. Consumers work with case managers to develop a Wellness and Recovery Action Plan, specifying goals for increased skills, increased functioning,

increased personal resources and illness management. We maintain a special emphasis on helping consumers locate and maintain productive activity including education, prevocational training, volunteer work and paid employment. Involving consumers in group therapy, dual diagnosis groups, pre-vocational training and stipend jobs, as well as social activities is a central aspect of Division programs. Consumers are seen as often as is clinically indicated, which may be daily for consumers in crisis or bi-weekly for stable consumers transitioning to a lower level of care. Staff regularly provides “hotel rounds”, visiting consumers in the SROs where they reside, delivering medication and spending money for those that have difficulty self-presenting at the clinic. Program hours are 8:30 am to 5:00 pm, Monday through Friday and 10:00 am to 1:00 pm on Saturdays. After hours and weekends are covered by on-call staff who provide phone consultation and support to consumers, family members or other agencies.

D. Discharge Planning and exit criteria and process

Discharge Criteria: Citywide Focus will continue with comprehensive, wrap-around services as long as clinically needed. When the following criteria are met, a step-down transition will be initiated:

1. Treatment engagement sufficient to manage acute symptoms and sustained recovery coupled with decreased staff intervention levels.
2. No psychiatric inpatient stays or incarceration for 18 months
3. No more than one PES visit in the last year
4. Stable housing, entitlements, health care
5. No pending criminal justice charges, and consumer demonstrates 6 months of unassisted management of probation or BHC involvement
6. Some productive use of time activities; hobbies, clubs, work, school, etc.

Consumers will transition to primary care providers, neighborhood clinics, or private health care plans and providers as they engage with the larger community and increase their ability to manage usual health care providers.

E. Program staffing

See Appendix B

6. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled BHS AOA Performance Objectives FY 22-23.

7. Continuous Quality Improvement:

A. Productivity is reviewed on a monthly basis. The Division Director and Program Director distribute data from AVATAR to all supervisors. Line-staff are expected to monitor their own productivity through AVATAR and it is reviewed at least monthly in their weekly individual supervision. Once BHS generates reports tracking Program Objectives they will be brought monthly to the Divisions’ bi-weekly Leadership meeting for review as well as team meetings within each program.

B. The Division PURQ Committee meets weekly to review Treatment Authorization Requests, and client charts (Treatment Plan of Care, Assessment, ANSA, diagnosis, general documents, and progress notes). In addition, all supervisors audit one chart a month per supervisee, as part of ongoing quality control using our Internal Documentation Quality Assurance Form. Monthly Staff Meetings are a

forum to identify program functioning strengths and limitations. The Division provides ongoing documentation trainings to all staff.

C. Every year staff language and cultural skills are identified as part of our Cultural Competency program. As part of the hiring process specific language and cultural skills are identified in the Job Description. The Division fully complies with BHS Cultural Competency goals and standards.

D. All programs in the Division fully participate in the annual BHS Measurement of client satisfaction. Additionally, there is a weekly Community Meeting in which clients are encouraged to identify concerns or improvements needed.

E. As BHS is able to generate reports from AVATAR data, the Division reviews and integrates the data into operational reviews and/or opportunities for program enhancement.

E. Program staffing

See Appendix B

F. MENTAL HEALTH SERVICES ACT PROGRAMS – Additional Required Service Description:
 Programs funded by MHSA need to demonstrate an active commitment to the vision of MHSA and systems transformation.

- 1) One of the primary MHSA tenets is consumer participation/engagement. Programs must identify how participants and/or their families are engaged in the development, implementation and/or evaluation of programs.

Citywide Forensics FSP is MHSA funded and provides services at 982 Mission in strong collaboration with Citywide Focus. The programs have developed an extensive peer component as an adjunct to clinical services. Four part-time peers are hired as staff to assist in the management of the client milieu area. They help run groups, develop activities for clients, organize celebrations/events, take clients in the community to explore resources and engage in activities. Peer staff work closely with clinical staff to offer extra support to clients and assist in accompanying clients to appointments. The peer staff is encouraged to suggest activities or programming that will be of interest to clients.

The peer staff run a community meeting weekly seeking input from clients on upcoming events and facilitating discussions of needs and suggestions.

Peer staff attend all staff meetings/retreats and are encouraged to participate in program development.

Citywide Forensics FSP participates in the bi-annual client satisfaction survey in the fall and spring by asking every client to complete a survey. Results are aggregated and reviewed with all staff in order to identify areas for improvement.

- 2) In addition to consumer engagement, MHSA-funded programs must articulate how they are promoting at least one additional component of the MHSA vision.
- The concepts of recovery and resilience are widely understood and evident in programs and service delivery:

Wellness and Recovery-Oriented Services are developed and delivered in partnership with consumers. All staff have been trained in the Recovery model, empowering consumers to identify life goals, reorienting treatment from an illness model to a strength-based paradigm, and assuming recovery from mental illness and substance abuse is achievable. Treatment plans, developed with consumers are based on individual strengths, needs, hopes and desires. The plans are modified as needed through an ongoing assessment and goal setting process. Clinicians are pro-active with consumers, assisting them to participate in and continue treatment, live independently, and recover from disability. We work with consumers and their family members to become collaborative partners in the treatment process, with the goal of becoming less socially isolated and integrated into the community with supported employment, participation in community activities and membership in organizations of their choice.

 - Individuals are referred to UC Citywide Focus Intensive Case Management through OCC, treatment providers, jail, hospital, community providers.
 - Individuals with forensic involvement are primarily referred by Jail Behavioral Health Services, as well as OCC, hospital, treatment providers, and community providers.
- Intensive case management and Full-Service partnership services include field-based care, care coordination, and development of life skills to improve impairments.
- Services are provided for as long as is clinically needed.

 - Clients may transition to a lower level of care when meeting criteria including active treatment engagement, a reduction in institutional care needs, and stable housing and health care, among other criteria, for an extended period.

Retroactivity

We respectfully request **retroactive authorization** of this contract.

- **This contract is retroactive due to delays in agreement finalization** between the Regents of the University of California and SFDPH because of UC's disagreement with the City's computer system access and data sharing agreement.
- Following extensive negotiations between the University of California and DPH, the University of California and the City came to an agreement on contract terms, especially with respect to data sharing clauses.

Proposed Contract Amendment

- DPH requests approval of proposed agreement as amended

3.4 Contract Amendments; Budgeting Revisions.

3.4.1 **Formal Contract Amendment:** Contractor shall not be entitled to an increase in the Guaranteed Maximum Price or an extension of the Term unless the Parties agree to a Formal Amendment in accordance with the San Francisco Administrative Code and Section 11.5 (Modifications of this Agreement).

3.4.2 **City Revisions to Program Budgets:** The City shall have authority, without the execution of a Formal Amendment, to purchase services or scope identified in Appendix A (Statement of Work) or Appendix B (Calculation of Charges) in accordance with the terms of this Agreement (including such terms that require Contractor's agreement), not involving an increase in the GMC or the Term by use of a written City Program Budget Revision.

3.5 Audit and Inspection of Records.

3.5.1 Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not fewer than ten (10) years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Contractor shall include the same audit and inspection rights and record retention requirements in all subcontracts.

Contractor shall annually have its books of accounts audited by a Certified Public Accountant and a copy of said audit report and the associated management letter(s) shall be transmitted to the Director of Public Health or his /her designee within one hundred eighty (180) calendar days following Contractor's fiscal year end date. If Contractor expends \$750,000 or more in Federal funding per year, from any and all Federal awards, said audit shall be conducted in accordance with 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Said requirements can be found at the following website address: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

3.5.2 If Contractor expends less than \$500,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

3.5.3 The Director of Public Health or his / her designee may approve a waiver of the audit requirement in Section 3.4.1 above, if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.

3.4.3 Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. If Contractor is under contract to the City, the adjustment may be made in the next subsequent billing by Contractor to the City, or may be made by another written schedule determined solely by the City. In the event Contractor is not under contract to the City, written arrangements shall be made for audit adjustments.

3.6 Submitting False Claims.

Pursuant to San Francisco Administrative Code Section 21.35, but and subject to any applicable statutory or constitutional exemptions, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. A contractor or subcontractor will be deemed to have submitted a false claim to the City if the contractor or subcontractor: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.7 Payment of Prevailing Wages [Reserved (Not a Public Work).]

Article 4 Services and Resources

4.1 Services Contractor Agrees to Perform.

Contractor agrees to perform the Services provided for in Appendix A, "Statement of Work." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for Services beyond the scope listed in Appendix A unless Appendix A is modified as provided in Sections 3.4 above (Contract Amendments; Budgeting Revisions).

4.2 Qualified Personnel.

Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor's authorized subcontractors) to perform the Services. To the extent possible, Contractor will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.3 **Subcontracting.**

4.3.1 Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor shall supervise its subcontractors throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 Contractor will not employ subcontractors.

4.4 **Independent Contractor; Payment of Employment Taxes and Other Expenses.**

4.4.1 **Independent Contractor.** Contractor shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this Section in accordance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Section, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 **Payment of Employment Taxes and Other Expenses.**

Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor

which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City.

Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorney's fees, arising from this section, but only in proportion and to the extent such claims, losses, costs, damages, and expenses, including attorney's fees, are caused by or result from the negligent or intentional acts or omissions of Contractor, its officers, agents or employees.

4.5 Assignment.

The Services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by Contractor, except as provided in Paragraph 4.3 above, unless first approved by City by written instrument executed and approved in the same manner as this Agreement. Any purported assignment made in violation of this provision shall be null and void.

4.6 Warranty.

Contractor represents to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

4.7 Liquidated Damages. [Reserved (Business Decision).]

4.8 Bonding Requirements. [Reserved (Business Decision).]

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 Required Coverages. Each Party shall, at such Party's own expense, obtain, maintain, and keep in full force and effect, at all times during the term hereof, insurance coverage with respect to its property, plant and equipment and its activities conducted thereon and under this Agreement consisting of:

(a) Comprehensive general liability insurance in an amount not less than Ten Million Dollars (\$10,000,000) each claim and Twenty Million Dollars (\$20,000,000) annual aggregate;

(b) Professional liability insurance in an amount not less than Ten Million Dollars (\$10,000,000) each claim and Twenty-Five Million Dollars (\$25,000,000) annual aggregate;

(e) Workers compensation insurance consistent not less than statutory minimums. Each Party's Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the other Party for all work performed by that Party, its employees, agents and subcontractors.

The general liability coverage referred to in Section 5.1.1(a) above shall be endorsed to include each party as an additional insured. Such a provision, however, shall only apply in proportion to and to the extent of the negligent acts or omissions of the indemnifying party, its officers, agents, and/or employees.

5.1.2 Self-Insurance. In lieu of maintaining commercial insurance coverage, a Party may adopt alternative risk management programs which the governing body of such Party determines to be reasonable and which shall not have a material adverse impact on reimbursement from third party payers, including, without limitation, to self-insure in whole or in part individually or in connection with other institutions, to participate in programs of captive insurance companies, to participate with other health care institutions in mutual or other cooperative insurance or other risk management programs, to participate in state or federal insurance programs, to take advantage of state or federal laws now or hereafter in existence limiting medical and malpractice liability, or to establish or participate in other alternative risk management programs.

5.1.3 Company Requirements. Other than with respect to a party's self-insurance or other alternative risk management programs described above, all of the insurance policies required hereunder shall be issued by corporate insurers licensed to do business in California and rated A- or better by A.M. Best Company.

5.1.4 Proof of Insurance. Each Party shall provide the other with proof of the insurance required by this Section 5 upon the reasonable request of the other Party.

5.2 Indemnification.

5.2.1 Contractor shall defend, indemnify, and hold City, its officers, employees and agents, harmless from and against any and all liability, loss, expense, attorneys' fees, or claims for injury or damages, arising out of the performance of this Agreement, including for infringement of intellectual property, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of Contractor, its officers, agents or employees.

5.2.2 City shall defend, indemnify, and hold Contractor, its officers, employees and agents, harmless from and against any and all liability, loss, expense, attorneys' fees, or claims for injury or damages, arising out of the performance of this Agreement, including for infringement of intellectual property, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of City, its officers, agents or employees.

Article 6 Liability of the Parties

6.1 Liability of City [Reserved (Business Decision).]

6.2 Incidental and Consequential Damages [Reserved (Waived by Contracting Officer under San Francisco Administrative Code Section 21.23).]

6.3 Liability for Use of Equipment.

Subject to Section 5.2.2, City shall not be liable for any damage to persons or property as a result of Contractor's use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City, while such equipment is in the care, custody, and control of Contractor.

6.4 Ownership of Equipment purchased under this Agreement

Any equipment purchased by Contractor with funds provided for that purpose under the terms of this Agreement shall be deemed to be the property of the City and title to such equipment shall vest in the City. Contractor shall notify the Contract Administrator of any purchase of equipment in writing and shall provide an inventory of such equipment to the Contract Administrator within thirty (30) days of the expiration or termination of this Agreement. If payment under this Agreement is based on a fee for service, equipment purchased using funds from this Agreement shall be referenced in Appendix B.

Article 7 Payment of Taxes

7.1 Reimbursement by City for Sales and Use Taxes.

Subject to any applicable statutory or constitutional exemptions, payment of California sales and use taxes, levied upon or as a result of this Agreement, or the services delivered pursuant hereto, shall be the obligation of Contractor. Nothing in this paragraph shall be interpreted as a waiver of any immunities or defenses that Contractor may otherwise have. Sales and use taxes maybe invoiced by Contractor and shall be reimbursed by the City.

7.2 Possessory Interest Tax.

Subject to any applicable statutory or constitutional exemptions, and without waiving its rights afforded to it as a California Constitutional Corporation, Contractor acknowledges that this Agreement may create a “possessory interest” for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a “change in ownership” for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 Either party may terminate this Agreement by giving thirty (30) calendar days advance written notice to the other party of the intention to terminate this Agreement, including the date upon which it will be effective. Upon issuance and receipt of a notice to terminate, both parties shall mitigate any outstanding financial commitments. In the event of termination of this Agreement before expiration, the Contractor agrees to file with the City all outstanding claims, cost reports and program reports within sixty (60) calendar days of such termination. Contractor shall be paid for those services performed pursuant to this Agreement to the satisfaction of City up to the date of termination and after said date for any services mutually agreed to by the parties as necessary for continuity of care, in which case the following sentence shall not apply. Costs which City shall not pay include, but are not limited to anticipated profits on this Agreement, post-termination employee salaries and/or benefits, post termination administrative expenses, or any other cost which is not reasonable and authorized under this Agreement. City's payment obligation under this Section shall survive the termination of this Agreement.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

- (e) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.
- (f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item.

(a) The reasonable cost to Contractor, without profit, for all services and other work City directed Contractor to perform prior to the specified termination date, for which services or work City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead not to exceed the negotiated indirect rate as set forth in Appendix B. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice

(b) A reasonable allowance for profit on the cost of the services and other work described in the immediately preceding subsection (1), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all services and other work under this

Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the services or other work.

8.1.4 With respect to such post-termination costs, in no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically enumerated and described in the immediately preceding subsection (c). Such non-recoverable post-termination costs include, but are not limited to, anticipated profits on this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit related to post-termination costs, prejudgment interest, or any other expense which is not reasonable or authorized under such subsection (c).

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for the same Services covered by Contractor's final invoice; (ii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an event of default ("Event of Default") under this Agreement:

(1) Either party fails or refuses to perform or observe any other material term, covenant or condition contained in this Agreement, and such default continues for a period of ten days without cure after written notice thereof from the nonbreaching party to the breaching party. However, the parties may agree in writing to extend the cure period.

(2) Either party (a) is generally not paying its debts as they become due, (b) files, or consents by answer or otherwise to the filing against it of, a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction, (c) makes an assignment for the benefit of its creditors, (d) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of such party or of any substantial part of such party's property or (e) takes action for the purpose of any of the foregoing.

8.2.2 On and after any Event of Default, the nonbreaching party shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement.

8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

6. Methodology:

- Consumers are assertively engaged and followed throughout the system as they transition through hospitals, jail, IMDs, shelters, or residential facilities. High-risk consumers in Board & Care are seen at their home regardless of the facility’s location. Over 50% of services are delivered in the community. Medication services can be delivered in the community. Case managers accompany consumers on public transportation or use the Division van to access the community.
- The programs engage family and informal resources in the community to support consumers: for example, restaurant owners to provide prepaid meal plans, hotel owners to help monitor consumer functioning, store owners to support grocery budgeting, etc.

- Hands-on, case management activities to address both the immediate support system issue and the acquisition of problem-solving skills, building independence.
- Treatment team members are quick to intervene in the community when a consumer is headed toward a crisis. Daily medications, supportive counseling, and on-call phone support can help consumers avoid a hospitalization or arrest.

A. Describe how your program conducts outreach, recruitment, promotion, and advertisement. Referrals for the programs come from hospitals, CBHS outpatient mental health clinics, jails, and CBHS.

B. Describe your program's admission, enrollment and/or intake criteria and process where applicable.

Consumers are referred to a central intake staff by phone and fax that screens referrals to make sure they meet Target Population criteria (high user of mental health services). Within 72 hours a case manager conducts a face-to-face interview with the consumer to enroll and begin a treatment alliance and to make sure the consumer's behavior will be safe for staff and consumers. The case manager accompanies the consumer on the day of discharge to his/her residence and first appointments. The program adheres to the guidelines, definitions and services as described in the intensive case management guidelines. The Program accepts consumers authorized by CBHS.

A. Describe your program's service delivery model and how each service is delivered, e.g. phases of treatment, hours of operation, length of stay, locations of service delivery, frequency and duration of service, strategies for service delivery, wrap-around services, residential bed capacity, etc.

Citywide Focus ACT model treatment teams provide comprehensive case management, crisis, family, and individual therapy services. Medical staff work closely with case managers to provide psychotropic medications including drop-in, at consumer's home, or daily medications if needed. Treatment is provided continuously, wherever the consumer is located. Thus home or hotel visits, outreaches to community agencies and businesses, visits in custody or in the hospital, are all routine modes of delivery of services. The programs incorporate the principles of the "Wellness and Recovery" model of services. Consumers work with case managers to develop a Wellness and Recovery Action Plan, specifying goals for increased skills, increased functioning, increased personal resources and illness management. We maintain a special emphasis on helping consumers locate and maintain productive activity including education, prevocational training, volunteer work and paid employment. Involving consumers in group therapy, dual diagnosis groups, prevocational training and stipend jobs, as well as social activities is a central aspect of Division programs. Consumers are seeing as often as is clinically indicated, which may be daily for consumers in crisis or bi-weekly for stable consumers transitioning to a lower level of care. Staff regularly provides "hotel rounds", visiting consumers in the SROs where they reside, providing medication and spending money. Program hours are 8:30 am to 5:00 pm, Monday through Friday and 10:00 am to 1:00 pm on Saturdays. After hours and weekends are covered by on-call staff who provide phone consultation and support top consumers, support members or other agencies.

B. Describe your program's exit criteria and process, e.g. successful completion, step-down process to less intensive treatment programs, aftercare, discharge planning.

Discharge Criteria: Citywide Focus will continue with comprehensive, wrap-around services as long as clinically needed. When the following criteria are met a step-down transition will be initiated.

1. Treatment engagement sufficient to manage acute symptoms and sustained MORS score of 6 and above coupled with decreased staff intervention levels.
 2. No psychiatric inpatient stays for 18 months
 3. No more than one PES visit in the last year
 4. Stable housing, entitlements, health care
 5. No pending criminal justice charges, and consumer demonstrates 6 months of unassisted management of probation or BHC involvement
 6. Some productive use of time activities; hobbies, clubs. Work, school, etc.
- Consumers will transition to primary care providers, neighborhood clinics, or private health care plans and providers as they engage with the larger community and increase their ability to manage usual health care providers.
- C. Describe your program's staffing: which staff will be involved in what aspects of the service development and delivery. Indicate if any staff position is not funded by the grant.
Note: For CBHS, Appendix B is sufficient.
See Appendix B
- D. For Indirect Services: Describe how your program will deliver the purchased services.

7. Objectives and Measurements:

“All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled BHS AOA Performance Objectives FY18-19.”

8. Continuous Quality Improvement:

Describe your program's CQI activities to monitor, enhance, and improve the quality of services delivered, including how you identify areas for improvement, and your CQI meeting structure and frequency. Include in your description how you ensure continuous monitoring of the following:

- A. Achievement of contract performance objectives and productivity,
- B. Documentation of quality, including a description of any internal audits,
- C. Measurement of cultural competency of staff and services,
- D. Measurement of client satisfaction,
- E. Measurement, analysis, and use of CANS or ANSA data (Mental Health Programs only).

A. Productivity is reviewed on a monthly basis. The Division Administrator and Division Director distribute data from AVATAR to all supervisors. Line-staff are expected to monitor their own productivity through Avatar and it is reviewed at least monthly in their weekly individual supervision. Once CBHS generates reports tracking Program Objectives they will be brought monthly to the Divisions' bi-weekly Leadership meeting for review as well as team meetings within each program.

B. The Division PURQ meets weekly to review Treatment Authorization Requests, and Treatment Plans. All supervisors review two charts per supervisee, as part of quality control. Monthly Staff Meetings are a forum to identify program functioning strengths and limitations. Additionally there is a weekly Community Meeting in which clients are encouraged to identify concerns or improvements needed.

C. Every year staff language and cultural skills are identified as part of our Cultural Competency program. As part of the hiring process specific language and cultural skills are identified in the Job Description. The Division fully complies with CBHS Cultural Competency goals and standards.

D. The Division fully participates in the annual CBHS Measurement of client satisfaction.

E. As CBHS is able to generate reports from AVATAR data, the division reviews and integrates the data into operational reviews and/or opportunities from program enhancement. For example, we are currently working to submit a NIMH grant to implement Smoking Reduction with seriously mentally ill adults. We are hoping to generate baseline data from AVATAR data with help from CBHS.

9. Required Language: Not Applicable

Calculation of Charges**

1. Method of Payment

A. Contractor shall submit monthly invoices by the fifteenth (15th) working day of each month, in the format attached in Appendix F, based upon the number of units of service that were delivered in the immediately preceding month. All deliverables associated with the Services listed in Section 2 of Appendix A, times the unit rate as shown in the Program Budgets listed in Section 2 of Appendix B shall be reported on the invoice(s) each month.

2. Program Budgets and Final Invoice

A. Program Budgets are listed below and are attached hereto.

Budget Summary

Appendix B-1 Citywide Focus

Appendix B-1b Citywide Forensics

B. Contractor understands that, of the maximum dollar obligation listed in section 3.3.1 of this Agreement, \$4,249,226 is included as a contingency amount and is neither to be used in Program Budgets attached to this Appendix, or available to Contractor without a modification to this Agreement executed in the same manner as this Agreement or a revision to the Program Budgets of Appendix B, which has been approved by Contract Administrator. Contractor further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable City and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by Controller. Contractor agrees to fully comply with these laws, regulations, and policies/procedures.

C. Contractor agrees to comply with its Program Budgets of Appendix B in the provision of Services. Changes to the budget that do not increase or reduce the maximum dollar obligation of the City are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. Contractor agrees to comply fully with that policy/procedure.

D. A final closing invoice, clearly marked "FINAL," shall be submitted no later than sixty (60) calendar days following the closing date of the Agreement, and shall include only those Services rendered during the referenced period of performance. If Services are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to City. City's final reimbursement to the Contractor at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in the Program Budgets attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

3. No invoices for Services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney
