Exempt Status	Categorical Exemption
Type, Section or Code	Class 32; Section 15332 In-Fill Development
Reasons for Exemption	DGS has determined that the project qualifies for Class 32 exemption because the project is consistent with applicable objective general plan standards and criteria for multi-family residential development. It is an allowable land use in the City and County of San Francisco's land use and zoning designations and the project meets all criteria for Class 32; less than 5 acres, within City and County of San Francisco limits, surrounded by urban uses, not in an area with value as habitat for endangered, rare or threatened species, is adequately served by all required utilities and public services. DGS confirms that no exceptions apply which would preclude the use of an exception for this project.
