Re: Technical Adjustments Round 1 to the Mayor's Proposed Budget

Dear Chair Chan,

Per Charter Section 9.101, I am submitting the attached adjustments to the Mayor's Proposed Budget for FY 2024-25 and FY 2025-26.

Technical adjustments include:

- Correcting a position in the Human Services Agency to reflect an Interim Exception, as detailed in the budget submittal letter, with an offsetting step adjustment;
- Removing a duplicate revenue entry in the Human Services Agency;
- Correcting work orders for the Public Utilities Commission to reflect accurate divisions and enterprises;
- Correcting authority codes in the City Planning Department, the Department of Early Childhood, and the Department of Public Works;
- Backfilling funding in the Department of Public Health to account for a Federal funding reduction to the Ryan White programs;
- Aligning community based organization expenditures with workorder funding levels in the Adult Probation Department.

This set of technical adjustments will not grow the proposed FY 2024-25 and FY 2025-26 budget and is at a cost of $883,056 in FY 2024-25 and a cost of $326,207 in FY 2025-26. Over the two years, the net impact will be a General Fund cost of $1,209,263. The attached table details these changes. Please contact me with any questions or concerns.

Sincerely,

Anna Duning
Budget Director

DEPARTMENT: ASR – ASSESSOR / RECORDER

SUMMARY OF 5-YEAR HISTORICAL & PROPOSED BUDGET YEAR EXPENDITURES AND FTE AUTHORITY:

	FY 2020-21 Budget	FY 2021-22 Budget	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Proposed
Assessor / Recorder	39,105,431	36,178,991	35,158,380	37,177,891	40,129,364
FTE Count	161.69	164.17	170.71	170.27	179.59

The Department's budget increased by $1,023,933 or 2.6% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25. The Department's FTE count increased by 17.90 FTE or 11.1% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $2,951,473 largely due to increases in Salaries and Mandatory Fringe Benefits. These increases are partially offset by reductions to Non-Personnel Services and Materials and Supplies. The Department has requested approximately $2.4 million in funding for an Expanded Assessment Appeals Board Team to address a surge in new property tax assessment appeals, which has created an increased workload for the Department.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has increased by $3,107,997 largely due to increases in Salaries and Benefits, Mandatory Fringe Benefits, and Services of Other Departments.

Advertising Budget

The Department has not budgeted advertising expenditures in FY 2023-24 but reports $1,538 in actual expenditures, which is all for print media.

The Mayor's proposed budget for the Department for FY 2024-25 includes $5,000 for advertising, which is all for print media.

The Department reports that it will have advertising in languages other than English in FY 2024-25 but has not specified the amount.

Budget Reductions

The Department reports that the Mayor has not proposed any reductions in FY 2024-25 that would result in service reductions.

	Reduce proposed budget for travel expenditures by $5,000. The Department underspent by more than $4,000 on travel-related accounts in FY 2022-23, and as of June 3, 2024 has only spent $980 out of a total budget of $10,000 for Air Travel - Employees and Non-Air Travel - Employees in FY 2023-24. The Mayor's proposed FY 2024-25 budget reduces the Department's net operating positions by 1.85 FTE, from 10.09 FTE in FY 2022-23 to 8.24 FTE in 2024-25, and travel needs should decrease accordingly.								Ongoing savings.						
WOM-3	Training - Budget			$2,000	$850	$1,150	x				$2,000	$850	$1,150	x	
	Reduce Training - Budget by $1,150. As of June 3, 2024, the Department has more than $9,400 in available balance in training-related accounts. The Mayor's proposed FY 2024-25 budget increases the Department's training budget by $1,150 in FY 2024-25 but reduces the Department's net operating positions by 1.85 FTE, and training needs should decrease accordingly.								Ongoing savings.						
WOM-4	Software Licensing Fees										$73,000	$0	$73,000	x	
	FY 2025-26 savings.								Eliminate software licensing fees. According to the Department, the software Enviso is a transparency and accountability tool to collect progress reports for the department's grantees. Given that the Department's gender-based violence grants are proposed to shift to the Mayor's Office of Housing and Community Development in FY 2025-26, this expenditure will no longer be needed.						
WOM-5	CBO Services - Budget			$9,305,292	$9,041,672	$263,620	x	x							
	Reduce the CBO Services - Budget for gender-based violence grants by $263,620 on a one-time basis, which would leave a total of $9,812,431 budgeted for awarded grants for FY 2024-25. The Department has consistently underspent in this account in recent years. In FY 2021-22, $409,655 was underspent and carried forward to FY 2022-23. In FY 2022-23, $621,380 was underspent and carried forward into FY 2023-24. And in FY 2023-24 to date, the Department has $1,282,431 in available, unspent funds, leading us to expect a similar level of year-end underspending as in prior recent years. We note that the Department's gender-based violence grants are proposed to shift to the Mayor's Office of Housing and Community Development in FY 2025-26.								One-time savings.

The Mayor's proposed budget does not affect the baseline amounts of the Department's GBV grant agreements. However, the Department anticipates delays in the growth of programming in core service areas. The reductions will also prevent one-time programs, such as mental health and physical safety programming and youth voter engagement, from becoming ongoing services. Additionally, there will be a reduction or elimination of capacity-building funds for grantees, such as support for one-time funding requests like capital improvements.

DEPARTMENT: GEN – GENERAL CITY RESPONSIBILITY

SUMMARY OF 5-YEAR HISTORICAL & PROPOSED BUDGET YEAR EXPENDITURES AND FTE AUTHORITY:

	FY 2020-21 Budget	FY 2021-22 Budget	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Proposed
General City Responsibility	1,801,949,206	1,599,166,560	1,855,330,819	1,830,274,079	1,587,934,968

The Department's budget decreased by $214,014,238 or 11.9% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has decreased by $242,339,111 largely due to reductions in the required deposit to the General Reserve, transfers to San Francisco General Hospital and Laguna Honda Hospital, the required population baseline adjustment to the MTA, and debt service costs, as well as elimination of one-time funding in FY 2023-24 for the Asia-Pacific Economic Cooperation (APEC).

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has decreased by $149,092,141 largely due to reductions in debt service expenditures, offset by increases in transfers to San Francisco General Hospital and Laguna Honda Hospital and the Charter-required deposit to the Student Success Fund.

The Department was established in FY 2022-23 by consolidating City and County programs from other departments, including the Human Services Agency and the Children's and Families Commission.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has decreased by $8,967,227 largely due to eliminating a $11.76 million designation of revenues. Net of that impact, the proposed FY 2024-25 budget has increased by $2,793,517 primarily due to increases in funding of community based organizations and staffing offset by reductions in contract services and charges from other departments.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has increased by $483,575 largely due to increased staffing costs.

DEPARTMENT: DEC – EARLY CHILDHOOD

Advertising Budget

The Department has no budgeted expenditures for advertising in FY 2023-24 or FY 2024-25.

Budget Reductions

The Department reports that the Mayor's General Fund reductions have been backfilled using fund balance and interest revenue to prevent FY 2024-25 service impacts.

		Move facilities costs associated with three City-owned child care facilities for which the City contracts with child care service providers out of the General Fund and into the Public Education Enrichment Fund, which has sufficient unspent fund balance. These costs should be accounted for with other child care services that are programmatically accounted for in the Public Education Enrichment Fund. The Department notes that these services include infant and toddler rooms serving children under 3. According to San Francisco City Charter Section 16.123-4, the Public Education Enrichment Fund "may also be used to support the development of services for children from birth to three years old." This recommendation provides $568,540 in General Fund savings.							One-time savings

		Deny proposed upward substitution of 1.00 FTE 1246 Principal Human Resources Analyst which is vacant to a 1.0 FTE 0931 Manager III position. This unit has four line staff and one 0922 Manager I position already and does not require an additional manager in terms of span of control. Over the last three years, growth in manager, deputy director, and director positions across the City has outpaced total position growth by more than double (13.4% vs. 5.7%). Although staff in these classifications play an important role, they are more expensive per position than front line workers and generally do not provide direct services. The Board of Supervisors should deny the proposed upward substitution of 1.00 FTE 1246 Principal Human Resources Analyst to 1.00 FTE 0931 Manager III position due to inadequate justification. ECN-4		Reduce the new Mayor's Initiative for the Downtown Core Recovery Project. The Downtown Core Recovery Project appropriates one-time funds for improvements to Union Square and Yerba Buena, including 24/7 patrols in Union Square and Yerba Buena; one-hour of free parking on nights and weekends; storefront improvements and storefront opportunity grants; marketing and leasing campaigns and cultural projects to facilitate property re-use; and other improvements to Union Square and Powell Street. The recommended reductions are for (1) proposed staffing for the Permit Center (reduction of $250,000 over two years), and (2) Powell Street improvement projects in the second year (reduction of $500,000). The Downtown Core Recovery Project budget does not itemize expenditures. (1) The budget includes $1.08 million for staff in the Permit Center, funded through a workorder, which we estimate to pay for four positions over two years; our recommendation would provide funding for three positions over two years. If the Department finds a need for additional Permit Center staffing after program implementation, additional funding can be requested in the FY 2025-26 budget. (2) The budget includes $2.04 million for Powell Street projects, of which $500,000 is budgeted in FY 2025-26. Our recommendation allows for Powell Street project funding of $1.54 million, and if additional funding is needed, additional funding can be requested in the FY 2025-26 budget. We consider approval of the Downtown Core Recovery Project to be a policy matter for the Board of Supervisors.

SUMMARY OF 5-YEAR HISTORICAL & PROPOSED BUDGET YEAR EXPENDITURES AND FTE AUTHORITY:

	FY 2020-21 Budget	FY 2021-22 Budget	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Proposed
Department of Homelessness & Supportive Housing	852,119,737	667,830,310	672,019,804	713,292,581	846,749,768
FTE Count	156.97	217.21	228.69	247.13	260.30

The Department's budget decreased by $5,369,969 or 0.6% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25. The Department's FTE count increased by 103.33 or 65.8% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $133,457,187 largely due to the de-appropriating Our City, Our Home funds in FY 2023-24 and reappropriating Our City, Our Home Fund balance along with interest earnings for the funding of Family and Transition Aged Youth housing expansions, in response to the recent increase in the number of families with children seeking emergency shelters. These investments are intended to cover a multi-year spending plan. Proposed investments include:

- Expansion of emergency family shelter beds
- Additional rapid-rehousing subsidies and time-limited rental assistance

The increase also accounts for $51 million of one-time state funds added to the FY 2024-25 budget to sustain investments in shelter, including 500 shelter beds and 80 new slots at Jerrold Commons, a mixed RV/cabin site that is currently being constructed.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has decreased by $169,701,093 largely due to the expiration of one-time state funding and drop off of one-time Our City, Our Home Fund balance.

Advertising Budget

The Department has no budgeted expenditures for advertising in FY 2023-24 or FY 2024-25.

Budget Reductions

Although the Department's overall budget is proposed to increase by $133,457,187 in FY 2024-25, the Department reports that the Mayor proposed $9,379,407 in reductions in FY 2024-25 and $22,302,135 in reductions in FY 2025-26 for which the Department has either identified service impacts or potential impacts have not yet been determined. The most significant reduction across both years is ($6,962,227 in FY 2024-2025 and $15,815,073 in FY 2025-26) to the General Fund cost-of-doing business (CODB) increases for community-based organizations. This represents a 0.5% reduction in FY 2024-25 and 3% reduction in FY 2025-26 in grants and professional services accounts, as well as a cut to the FY 2023-24 4.75% CODB. These and additional reductions are summarized in the table attached to this report.

Heluna Health - Outreach Program	(1,000,000)	Reduction of Heluna contract.	The Mayor's Proposed budget reduces the Helena Health Outreach contract by ongoing funding over two years leading to approximately 50% reduction in GF funding. The Department has not yet determined how this reduction will impact programming and homeless delivery services.
Reduction in Grants to Community-Based Organizations		Reduction of CBO grant account in HSH budget	The Mayor's Proposed budget reduces the HSH funding to community-based organizations by $2.3 million ongoing starting in FY25-26. The department has not yet determined how this reduction will impact programming or service delivery.
Closure of Adult Access Point at MSC South Shelter	(412,718)	Elimination of Access Point at MSC South Shelter	Ongoing funding reduction to support the Adult Access Point at MSC South Shelter was eliminated due to underperformance. HSH is redesigning Coordinated Entry (CE) implementation and will revisit whether this co-located service is the appropriated model for this site in future budget cycles.
Shifting funding for Flex Pool program from General Fund to Our City, Our Home fund	(738,211)	Reduction of CBO grant in GF	Reduced ongoing General Fund allocation earmarked for the Flexible Housing Subsidy Pool (scattered sites) Program. The housing slots associated with this General Fund amount will be absorbed within the Our City, Our Home Fund. HSH anticipates minimal client impact to this reduction.
SF Homeless Outreach Team Reduction	(1,000,000)	Elimination of SFHOT Stabilization Program	Reduced ongoing budget allocation for the SFHOT Stabilization Program. Department of Public Health	2,775,782,429	2,821,181,991	2,997,880,835	3,190,092,002	3,237,120,117
FTE Count	7,161.30	7,358.57	7,739.48	7,720.50	7,637.60

The Department's budget increased by $461,337,688 or 16.6% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25. The Department's FTE count increased by 476.30 or 6.7% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $47,028,115 largely due to increases in salaries and staffing mandated by labor agreements as well as inflationary growth in non-personnel costs, including pharmacy. Furthermore, the Department projects increases in patient revenues for Zuckerberg San Francisco General Hospital (ZSFG) and San Francisco Health Network (SFHN) by $70 million in FY 2024-25. Changes to the Enhanced Payment Program, which provides specialized Medi-Cal Payments from the State, are expected to save $8.0 million in FY 2024-25. Furthermore, there is anticipated one-time, retroactive revenue from a new Medi-Cal supplemental payments allocation methodology for Laguna Honda Hospital that will contribute $69 million.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has decreased by $9,799,633 largely due to increased costs for salaries and benefits offset by reductions in funding for capital improvements and decreased State and private funding. The Department projects increases in patient revenues for ZSFG and SFHN by $32.7 million over FY 2024-25. Changes to the Enhanced Payment Program, which provides specialized Medi-Cal Payments from the State, are expected to yield $15.9 million in savings over FY 2023-24. The Department also anticipates savings from the expansion of Medi-Cal eligibility, reducing costs for the Healthy San Francisco Program by $3 million annually by FY 2025-26.

Effective outreach materials are crucial for engaging the community, providing essential information, and facilitating the connection between potential and current clients and the Medi-Cal services they need. Enhancing Visibility and Awareness: Outreach materials, including brochures, ads, billboards, flyers, banners, posters, and digital content, will significantly increase the visibility of the Medi-Cal program within the community. These materials are designed to attract attention, raise awareness about Medi-Cal eligibility, benefits, and how to access services, reaching a broad audience including those who may not be actively seeking this information. Providing Clear and Accessible Information: The development of these materials ensures that information about Medi-Cal is presented in a clear, concise, and accessible manner. This includes translating materials into language and creating content that is easy to understand, catering to the target population needs of the community and ensuring that language and literacy barriers do not impede access to information. Facilitating Engagement and Action: Well-crafted outreach materials not only inform but also encourage action. They include clear calls-to-action, such as how to apply for Medi-Cal, where to find enrollment assistance, and how to access services, guiding individuals through the process and motivating them to take the necessary steps towards enrollment and accessing healthcare services.

														Supporting Community Outreach Efforts: These materials will be used across a variety of settings, including community centers, healthcare facilities, schools, health fairs, public transportation, faithbased community and events, supporting our outreach teams in their efforts to engage with the target community directly. The availability of physical and digital materials enhances the reach and effectiveness of these outreach activities, ensuring that information about Medi-Cal is accessible where and when it is needed most. Adapting to Changing Needs and Feedback: The budget for outreach materials includes provisions for updating and revising materials based on changing program details, community feedback, and evolving needs. This flexibility ensures that all information remains accurate, relevant, and responsive to the community's needs, maximizing the impact of our outreach efforts. Investing in Outreach Materials is a strategic and necessary step towards achieving our objectives under Title XIX. By increasing awareness, providing accessible information, encouraging engagement, and supporting community outreach efforts, these materials play a pivotal role in assisting eligible individuals to enroll in Medi-Cal and aiding beneficiaries in accessing the healthcare services they need. This allocation of funds ensures that our program can effectively reach and serve our target population, leading to improved health outcomes and increased access to medical care.

SUMMARY OF 5-YEAR HISTORICAL & PROPOSED BUDGET YEAR EXPENDITURES AND FTE AUTHORITY:

	FY 2020-21 Budget	FY 2021-22 Budget	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Proposed
Human Services Agency	1,412,197,472	1,370,149,243	1,124,598,739	1,191,048,628	1,240,329,633
FTE Count	2,159.97	2,204.27	2,250.43	2,261.76	2,301.80

The Department's budget decreased by $171,867,839 or 12.2% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25 primarily due to the shifting of Children and Families First funds to the new Department of Early Childhood in FY 2022-23. The Department's FTE count increased by 141.83 or 6.6% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $49,281,005 largely due to increased In-Home Support Services and County Aid Assistance and increased staffing costs.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has increased by $43,790,641 largely due to increased In-Home Support Services and increased staffing costs.

DEPARTMENT: HSA – HUMAN SERVICES AGENCY

Advertising Budget

The Department has $128,046 budgeted for advertising in FY 2023-24 which is for a mix of print, digital, outdoor and social media.

The Mayor's proposed budget for the Department for FY 2024-25 includes $45,600 for a mix of print, digital, outdoor and social media advertising.

The Department does not track expenditures for advertising in languages other than English but notes a small amount of expenditures for advertising in Spanish and Chinese.

Budget Reductions

The Department reports that the Mayor has not proposed any reductions in FY 2024-25 relative to the FY 2024-25 base budget that will impact existing services and clients, but notes that the proposed budget reductions will hinder program capacity to adapt to fluctuations in service demands.

RECOMMENDATIONS

YEAR ONE: FY 2024-25

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $10,936,103 in FY 2024-25. Of the $10,936,103 in recommended reductions, $6,950,000 are ongoing savings and $3,986,103 are one-time savings. These reductions would still allow an increase of $38,334,902 or 3.2% in the Department's FY 2024-25 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended encumbrances of $234,940, for total General Fund savings of $10,642,426.

YEAR TWO: FY 2025-26

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $7,932,174 in FY 2025-26. All of the $7,932,174 in recommended reductions are ongoing savings. These reductions would still allow an increase of $35,858,467 or 2.9% in the Department's FY 2025-26 budget.

HSA-1		Delete $5,000,000 of $7,000,000 in funding for anticipated move of all 170 Otis operations to a new, non-City owned location. The $7.0 million budget was established when the Department anticipated purchasing a new facility and moving wholesale out of 170 Otis. The move of operations will now occur incrementally over the next several years to various, primarily City-owned and occupied, locations. If the Department does go forward with a purchase of an alternative site, the negotiation, contracting, planning and procurement and all the associated approvals will take the Department into FY 2025-26 before additional funds are required and, therefore, should be considered during the next budget cycle. The $2.0 million remaining should be sufficient for near-term moves and will allow time for the Department to develop more refined plans and cost estimates to include in next year's budget cycle.						One-time savings.

HSA-2		Delete funding for financing the purchase or long-term leasing of a new HSA facility. The issuance date established for the debt service was April 1, 2024. However, the site selection has fallen through and the Department now will likely be moving 170 Otis operations incrementally to various locations. Therefore, financing is no longer necessary. If the Department does go forward with a purchase of an alternative sight, the negotiation, contracting, planning and procurement will take the Department into FY 2025-26 before additional funds are required and, therefore, should be considered during the next budget cycle when there is an actual debt service schedule in place. 		Eliminate the increase in the proposed Security budget. The Department has recently established a tentative agreement with a new security services firm effective July 1, 2024 which is pending Board of Supervisors approval. Per the Office of Contract Administration, the monthly bill will be comparable between the new contract and the previous contract because, while rates have increased, the covered locations have decreased. Annual expenditures under the previous contract averaged $4.2 million since 2018, which included services provided during the pandemic. More comparable, average annual expenditures for the last three years from FY 2021-22 through FY 2023-24 have been approximately $3.6 million. The proposed recommendation would continue to provide the Department with sufficient capacity of nearly $500,000 to $1.0 million to augment security, if necessary.								Ongoing savings.

		Eliminate funding in programmatic projects. The Department reports that this funding is paying for off-budget Benefit Connectors positions. However, no off-budget Benefit Connectors positions are in this fund. Those positions were added to the General Fund Annual Account five years ago in FY 2019-20, where there are currently approximately 80 funded vacant positions in the same classification. Furthermore, on-going activities that are programmatic and not project-oriented should not use the programmatic projects account because those funds carry forward until spent. Therefore, given this funding is in the wrong fund for a position classification that has over 80 funded vacancies in the fund where they reside, this funding should be eliminated in FY 2024-25 and all years going forward.								Ongoing savings.

HSA-8		Increase the attrition rate on agreements with community based organizations by $700,000, from $1.2 million to $1.9 million, which brings the overall attrition rate in the Department's General Fund Annual Account to 2.9%. Expenditures for the last two fiscal years were 89.4% and 87.3% of the original budget. As of May 31, 2024, the Department had expended only $65.9 million or 74.0% of its $89.1 million original budget. Further, the Department has carried forward $20.3 million and $24.4 million in the last two fiscal years, which was the equivalent of 35% to 40% of the original budget. The Department reports that it has made targeted reductions in this account to rightsize contracts. However, the Budget Analyst notes that this account (excluding the general attrition) is increasing 6.5%, which is well in excess of the 2.5% cost-of-doing-business adjustment. Accordingly, the Department has sufficient capacity and flexibility to absorb this reduction without reducing services.							One-time savings.

DEPARTMENT: HRC – HUMAN RIGHTS COMMISSION

SUMMARY OF 5-YEAR HISTORICAL & PROPOSED BUDGET YEAR EXPENDITURES AND FTE AUTHORITY:

	FY 2020-21 Budget	FY 2021-22 Budget	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Proposed
Human Right Commission	11,205,068	14,543,732	15,120,673	21,523,406	45,186,118
FTE Count	22.91	21.14	26.72	31.10	34.39

The Department's budget increased by $33,981,050 or 303.3% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25. The Department's FTE count increased by 11.48 or 50.1% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $23,662,712 largely due to the shifting of $19,541,701 of Dream Keeper Initiative funding from other departments to the Human Rights Commission—resulting in a net increase of $14,541,701 after other offsets—and the projected award of $9,900,000 in state grants for the Opportunities for All program.

The Mayor's proposed FY 2024-25 budget includes 34.39 FTEs, which are 3.24 FTEs more than the 31.15 FTEs in the original FY 2023-24 budget. The net increase in FY 2024-25 FTEs is attributable to the transfer of function of the Office of Transgender Initiatives from the City Administrator's Office, which included five FTEs.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has decreased by $10,991,544 largely due to the absence of additional state grants for the Opportunities for All program and a $1,406,554 reduction in Dream Keeper Initiative funding due to the conclusion of specific programming.

DEPARTMENT: HRC – HUMAN RIGHTS COMMISSION

Advertising Budget

The Department has no budgeted expenditures for advertising in FY 2023-24 or FY 2024-25.

Budget Reductions

The Department reports that the Mayor has not proposed any departmental reductions in FY 2024-25 that will have service impacts. However, the Department's proposed budget has been reduced by $2,000,000 resulting in no funding for the Office of Reparations in FY 2024-25 or FY 2025-26.

DEPARTMENT: HRC – HUMAN RIGHTS COMMISSION

RECOMMENDATIONS

YEAR ONE: FY 2024-25

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $468,925 in FY 2024-25. Of the $468,925 in recommended reductions, $208,274 are ongoing savings and $260,651 are one-time savings. These reductions would still allow an increase of $23,193,787 or 107.8% in the Department's FY 2024-25 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended encumbrances of $47,645, for total General Fund savings of $516,570.

Our policy recommendations total $1,480,143 in FY 2024-25, all of which are ongoing savings.

YEAR TWO: FY 2025-26

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $215,881 in FY 2025-26. All of the $215,881 in recommended reductions are ongoing savings.

Our policy recommendations total $1,480,143 in FY 2025-26, all of which are ongoing savings.

HRC-1		Deny proposed upward substitution of 1.00 FTE 9252 Communications Specialist to 1.00 FTE 0951 Deputy Director I due to inadequate justification for this executive-level position. The Department is proposing a full reorganization with a net increase of 3.0 FTE in management and executive positions from 8.0 FTE to 11.0 FTE as well as two promotional substitutions within the management classification. As proposed, this position would have five permanent and one temporary administrative and clerical positions reporting to it. According to the organization chart, five managers including this proposed 0951 Deputy Director I have three or less staff currently reporting to them. According to a Controller's report of vacancies, the Department currently has on staff more people than actual position authority given their use of temporary workers and position exchanges which makes filling existing vacancies problematic. Further, with a proposed budget of $36.9 million in community-based organization grants and programmatic projects, the average expenditure per manager and executive would be $3.4 million. By way of example, the Department of Children, Youth and Their Families has a community-based organization grants and programmatic projects budget of $25.3 million per management and executive position. Therefore, the Budget Analyst recommends the Board of Supervisors deny this proposed upward substitution and request the Department to work with the Mayor's Office to develop a reorganization plan that is in alignment with budgetary resources, authorized positions, and other departments conducting similar functions and activities. 		Deny proposed upward substitution of 1.00 FTE 0922 Manager I to 1.00 FTE 0931 Manager III due to inadequate justification. The Department is proposing a full reorganization with a net increase of 3.0 FTE in management and executive positions from 8.0 FTE to 11.0 FTE as well as two promotional substitutions within the management classification. On the proposed organization chart, five managers have three or less staff currently reporting to them. According to a Controller's report of vacancies, the Department currently has on staff more people than actual position authority given their use of temporary workers and position exchanges which makes filling existing vacancies problematic. Further, with a proposed budget of $36.9 million in community-based organization grants and programmatic projects, the average expenditure per manager and executive would be $3.4 million. By way of example, the Department of Children, Youth and Their Families has a community-based organization grants and programmatic projects budget of $25.3 million per management and executive position. Therefore, the Budget Analyst recommends the Board of Supervisors deny this proposed upward substitution and request the Department to work with the Mayor's Office to develop a reorganization plan that is in alignment with budgetary resources, authorized positions, and other departments conducting similar functions and activities. HRC-6		Eliminate one-time work order with City Planning circumventing the City's process for adding, recruiting, and hiring for new positions under the Civil Service Rules. This workorder is intended to pay for one 0931 Manager III position paid in the City Planning Department, but who is developing Citywide equity plans. Of note, this 0931 Manager III position is a temporary position exchange from a 5293 Planner IV position that was granted in the Fall of 2022 when the staff shifted from racial equity work in City Planning to the Human Rights Commission. Previously, City Planning has been reimbursed through surplus work order capacity and processed administratively during the year. This position is not reflected in the Human Rights Commission reorganization plan, but the Department's organization chart has an Office of Racial Equity (ORE) division with a filled 1823 Senior Administrative Analyst designated as the ORE Policy Director who reports up already to a filled 0922 Manager I Strategic Partnership Director. Therefore, the Budget Analyst recommends the Board of Supervisors eliminate this proposed workorder and request the Department to work with the Mayor's Office to develop a solution that is in alignment Civil Service Rules. If the Board of Supervisors accepts this recommendation, they must also approve recommendation CPC-4 and the net General Fund impact will be zero.						One-time savings

Policy Recommendations

HRC-7	Reduce this programmatic projects budget that is earmarked for Reinvestment Initiatives and eligible for the Children's Services Baseline, which has been exceeded by $1.5 million in FY 2024-25. As of May 31, 2024, the Human Rights Commission has received $5.1 million for this purpose, but has expended only $2.6 million through its Brighter Futures campaign. Accordingly, the Department has a residual balance of $2.5 million in encumbered ($1.1 million) and unencumbered ($1.4 million) funding. The current proposed budget is a reduction of $19,857 from current-year levels and the Department has issued a Request for Qualifications related to this funding to pre-qualify organizations to receive grants on an as-needed basis, but it does not guarantee funding. If the Board of Supervisors accepts this recommendation, they should not accept recommendation CHF-2, which is also a reduction of the Children's Services Baseline surplus funding. The Budget and Legislative Analyst considers the approval of this recommendation to be a policy matter for the Board of Supervisors.	Ongoing savings

The Mayor's proposed FY 2024-25 budget for the Department has decreased by $2,885,555 which is less than 1.0% of the original FY 2023-24 budget largely due to structural changes in how direct services are funded and budgeted, including changes to direct appropriations in City grant programs, programmatic projects, and services of other departments.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has increased by $9,463,445 largely due to increased City grant programs enabled by a $10,000,000 increase in funding to the Student Success Fund which provides additional resources to the San Francisco Unified School District.

		The Department proposes an upward substitution from a 1.0 FTE 0953 Deputy Director III to a 1.0 FTE 0954 Deputy Director IV. According to the Department, the position will develop and implement public policy and legislation and works directly with counterparts at MTA and PUC, whose positions are classified at a similar level. Over the last three years, growth in manager, deputy director, and director positions across the City has outpaced total position growth by more than double (13.4% vs. 5.7%). Although staff in these classifications play an important role, they are more expensive per position than front line workers and generally do not provide direct services. The Board of Supervisors could deny this upward substitution, realizing General Fund savings of $38,975 in FY 2024-25.							Ongoing savings

		The Department proposes an upward substitution of 1.00 FTE 2708 Custodian to 1.00 FTE 0922 Manager I. The Department reports that this position has been vacant since August 2023. Department-wide, there are a total of 23.79 FTE 0922 Manager I positions, one of which could be reassigned to fulfill the duties proposed related to planning, development, and operations of the newly developed India Basin waterfront park. As noted above for the 0954 Deputy Director IV position, over the last three years, growth in manager, deputy director, and director positions across the City has outpaced total position growth by more than double (13.4% vs. 5.7%). Although staff in these classifications play an important role, they are more expensive per position than front line workers and generally do not provide direct services. The Board of Supervisors could deny this upward substitution, realizing General Fund savings of $114,349 in FY 2024-25.							Ongoing savings

SUMMARY OF 5-YEAR HISTORICAL & PROPOSED BUDGET YEAR EXPENDITURES AND FTE AUTHORITY:

	FY 2020-21 Budget	FY 2021-22 Budget	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Proposed
City Attorney	93,814,525	98,679,267	103,414,220	108,739,568	118,403,998
FTE Count	309.80	311.04	320.28	316.21	336.45

The Department's budget increased by $24,589,473 or 26.2% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25. The Department's FTE count increased by 26.65 FTE or 8.6% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $9,664,430 largely due to new positions and increased demand for legal services from other departments. Of eight proposed new positions, the six positions funded through the General Fund are all tax-related positions and reflect an increased tax dispute workload following new voter-approved taxes in recent years.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has increased by $1,856,189 largely due to salary and benefit cost increases.

Advertising Budget

The Department has no budgeted expenditures for advertising in FY 2023-24 or FY 2024-25.

Budget Reductions

The Department reports that the Mayor has not proposed any reductions in FY 2024-25.

DEPARTMENT: CAT – CITY ATTORNEY

RECOMMENDATIONS

YEAR ONE: FY 2024-25

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $687,981 in FY 2024-25. Of the $687,981 in recommended reductions, $263,288 are ongoing savings and $424,693 are one-time savings. These reductions would still allow an increase of $8,976,449 or 8.3% in the Department's FY 2024-25 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended encumbrances of $14,115, for total General Fund savings of $438,808.

YEAR TWO: FY 2025-26

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $272,945 in FY 2025-26. All of the $272,945 in recommended reductions are ongoing savings. These reductions would still allow an increase of $1,583,244 or 1.3% in the Department's FY 2025-26 budget.

CAT-2	Litigation Expenses			$9,075,401	$8,930,263	$145,138	x	x							
		Reduce increase in spending on outside counsel. The Mayor's proposed FY 2024-25 budget increases funding for litigation expenses by $1,000,000 and also increases the Department's staffing levels by eight new positions, six of which will work to support tax litigation and two of which will work to support consumer and worker protection litigation. This increase in staffing should help reduce the need for outside counsel and litigation expenses, or at least constrain spending increases. This recommendation would still allow an increase of $800,000 over the FY 2023-24 original outside counsel budget and would allow an overall outside counsel budget of $10,269,123 including litigation expenses and legal fees.							One-time savings.

	Training - Budget			$21,600	$19,600	$2,000	x	x							
		Total Savings			*$22,000*										
		Reduce training budget. The Department spent less than $70,000 on training in FY 2022-23, and as of June 3, 2024 has spent only $44,000 on training, of a total revised budget of $134,000 in both years.							One-time savings.						
CAT-4	Attrition Savings			($3,280,261)	($3,464,674)	$184,413	x	x

		Total Savings			*$257,555*				*Total Savings*			*$0*			
		Increase attrition savings to reflect more realistic hiring times for new positions. This recommendation reflects the amount of total savings that can be achieved by funding one new 8151 Claims Investigator position at 0.79 FTE instead of 1.0 FTE, funding one of the new 8177 Attorney positions at 0.5 FTE instead of 0.79 FTE, funding one of the new 8177 Attorney positions at 0.79 FTE instead of 1.0 FTE, and funding the new 1458 Legal Secretary I position at 0.5 FTE instead of 0.79 FTE. HRD-1		Reduce the budget for Professional & Specialized Services to $20,000 to account for historical underspending in FY 2022-23 and FY 2023-24. The Department reports this account is used to fund operational costs in the Administration division including Comcast, ergonomic assessments, shredder services, and parking garage fees. However, other accounts under the 5210 spending authority have been sufficient to cover these expenditures over the last two fiscal years without having to spend from the Professional & Specialized Services line item. Given year-end underspending of 37 percent in FY 23 and current-year underspending of 27 percent as of June 2024 in 5210 Non Personnel Services, the Budget and Legislative Analyst believes the division can comfortably sustain a $40,000 decrease to its budget. HRD-5	SF Fellows Program: The Mayor's proposed budget increases the programmatic projects budget in the Workforce Development division by $720,000 to fund 6 additional 1801 Analyst Trainee positions for the SF Fellows program. The Department reports that the Fellows program is designed to build internal talent, promote equity and diversity, and generate recruitment cost savings to Departments of up to 18 percent relative to external hires as the goal of the program is to transition Fellows to full-time employment with the City at the conclusion of their fellowship. If approved, the SF Fellows program would increase from 29 to 35 trainees for FY 2024-2025. The program has grown by 11 fellows in the last five years. The City is anticipating a hiring slowdown over the next two fiscal years, which will likely impact the ability for the SF Fellows program to meet its goal of placing Fellows into full-time City employment. Given the forecasted economic conditions, the Budget and Legislative Analyst considers approval of this item to be a policy decision for the Board of Supervisors.													One-time savings.

The Department's budget increased by $1,505,770 or 6.2% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25. The Department's FTE count decreased by 2.90 or 4.7% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $2,951,150 largely due to one-time costs and hiring temporary staff related to the upcoming November 2024 Consolidated General Election.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has decreased by $2,938,701 largely due to decreases to election-related costs and staffing, as only one primary election will take place over the fiscal year.

DEPARTMENT: REG – ELECTIONS

RECOMMENDATIONS

YEAR ONE: FY 2024-25

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $221,964 in FY 2024-25. Of the $221,964 in recommended reductions, $108,650 are ongoing savings and $113,314 are one-time savings. These reductions would still allow an increase of $2,729,186 or 11.9% in the Department's FY 2024-25 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended encumbrances of $5,183, for total General Fund savings of $227,147.

YEAR TWO: FY 2025-26

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $108,650 in FY 2025-26. All of the $108,650 in recommended reductions are ongoing savings.

		Reduce proposed overtime budget in Elections Services by 5% to align with projected needs. The Mayor's proposed budget includes $1.06 million in overtime salaries and benefits to support the November 2024 election in FY 2024-25. The Department did not provide a sufficient estimation of overtime hours. A significant underspending of 70% in FY 2022-23 and 15% in FY 2023-24 suggests the Division is overestimating need. This recommendation will generate $53,314 in General Fund savings while still maintaining a sufficient margin for the Department to address unforeseen issues with their ballot processing machines given the larger 8-card ballots this Fall. 		Reduce proposed one-time increase of $60,000 to the CBO Services budget. The Department is currently soliciting responses to a Request for Proposals to issue grants related to voter outreach and education in advance of the November 2024 election but does not expect to spend down the full $200,000 allotted for this purpose. This recommendation still allows the Department $140,000 to expend in ongoing funds.							One-time savings.

RECOMMENDATIONS

YEAR ONE: FY 2024-25

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $643,549 in FY 2024-25. Of the $643,549 in recommended reductions, $84,899 are ongoing savings and $558,650 are one-time savings. These reductions would still allow an increase of $1,447,971 or 0.7% in the Department's FY 2024-25 budget.

We also included a policy consideration, MYR-5, for the deletion of a vacant Mayoral Staff VII position, which supported some of the work of the Office of Victim Services and broader police alternatives work being led and facilitated by the Mayor's Office in collaboration with other departments and for which the incumbent was reassigned to the Office of Victim and Witness Services. If the Board of Supervisors decides to delete this position, it would result in an additional $149,388 in General Fund savings in FY 2024-25.

YEAR TWO: FY 2025-26

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $84,942 in FY 2025-26, which are ongoing savings. These reductions would still allow an increase of $31,331,011 or 15.4% in the Department's FY 2025-26 budget.

If the Board were to delete the vacant Mayoral Staff VII position identified under policy considerations (MYR-5), it would result in an additional $155,067 in ongoing General Fund savings.

		Delete $150,000 for the Strategic Grant FY 22. These funds serve as matching funds to annual private grant funding of $150,000. According to budget system documents, $150,000 was budgeted in each of the past three fiscal years (totaling $450,000), of which less than $50,000 was spent as of June 3, 2024. This recommendation will still allow the Department to use unspent funds carried forward from prior years in FY 2024-25 to match the grant funds.

We project a year-end surplus in FY 2023-24; this recommendation accounts for the level of spending estimated in FY 2024-25.

		Decrease the budget for the Programmatic Project for Hope SF staff and other costs, based on projected expenditures. The Board of Supervisors approved a one-time reduction of $300,000 in FY 2023-24, from $1.3 million to $1.0 million, based on projected expenditures. This recommendation would continue the one-time reduction of $300,000 for one more year based on expected spending in FY 2024-25.

DEM-3		Eliminate funding for a Community Challenge Grant that will not be expended during FY 2024-25. The Community Challenge Grants program provides funding to community groups to make physical improvements to neighborhoods. An October 2023 Public Integrity Review released by the City Services Auditor found that the program's 2023 solicitation process was "deeply flawed" and invalid. According to the Department of Emergency Management, DEM discovered issues within its contract for the program, and after consulting the City Attorney's Office the contract was determined to be expired and no longer available to spend. As a result, none of the grant funds have been expended in FY 2023-24, and the Department currently does not have a contract in place for this program. According to the Community Challenge Grants program website, as of April 2024, the upcoming grant cycle is planned to begin in July 2024 with a Request for Proposals (RFP) release. The anticipated grant deadline is January 2025, with a grant term to begin July 2025. As a result, these funds will not be expended during FY 2024-25.							Ongoing savings.

FTE Count	1,641.24	1,677.68	1,801.46	1,805.90	1,831.21

The Department's budget increased by $118,934,484 or 28.8% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25. The Department's FTE count increased by 189.97 or 11.6% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $19,940,707 largely due to increases in overtime and increases in regular salaries and benefits from a newly negotiated union agreement.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has increased by $15,827,717 largely due to ongoing salaries and benefits increases.

Advertising Budget

The Department reports that it has no budgeted expenditures for advertising in FY 2023-24 or FY 2024-25 because the amount that it spends on advertising annually is so low that it does not budget for it at that level of detail. The Department reports that total expenditures on advertising in FY 2023-24, as of June 3, 2024, are $1,277.

Budget Reductions

The Department reports that the Mayor has not proposed any reductions in FY 2024-25.

DEPARTMENT: FIR – FIRE

RECOMMENDATIONS

YEAR ONE: FY 2024-25

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $449,331 in FY 2024-25. Of the $449,331 in recommended reductions, $50,000 are ongoing savings and $399,331 are one-time savings. These reductions would still allow an increase of $19,491,376 or 3.8% in the Department's FY 2024-25 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended encumbrances of $13,564, for total General Fund savings of $462,895.

YEAR TWO: FY 2025-26

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $50,000 in FY 2025-26. All of the $50,000 in recommended reductions are ongoing savings. These reductions would still allow an increase of $15,777,717 or 3.0% in the Department's FY 2025-26 budget.

		Reduce Programmatic Projects budget in Prevention. This line item is for Fire Prevention Facility Repair, which are administrative office buildings. The Department carried forward $202,000 from this fund in FY 2022-23 into FY 2023-24 and has spent or encumbered less than $100,000 of these funds as of June 3, 2024. The Department will carry forward its remaining balance into FY 2024-25 and can use that carryforward to fund expenses under this project. The recommended reduction of $100,000 will still allow the Department $125,000 in FY 2024-25 in this line item in addition to the expected carryforward, for a total of more than $350,000 available to spend in FY 2024-25 for this project. Department of Police Accountability staff continue to assist the Department through a work order, investigating complaints made against Sheriff's Department staff and assisting with budgeting, payroll, computer, and tech support. The proposed budget does not include funding to fill any additional positions.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has increased by $11,829 largely due to slight increases in salaries and benefits.

The Department's budget increased by $78,544,406 or 32.1% from the adopted budget in FY 2020-21 to the Mayor's proposed budget in FY 2024-25. The Department's FTE count decreased by 4.83 or 0.5% from the adopted budget in FY 2020-21 to the proposed budget in FY 2024-25.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $32,542,417 largely due to salary and benefit cost increases, increased overtime, and increased non-personnel costs. The Department faces increased staffing needs as a result of increased law enforcement operations in the Tenderloin and Mid-Market neighborhoods, which have resulted in larger jail populations. The Department will continue to use overtime to meet mandated minimum staffing levels while also working to fill 75 sworn vacancies during the year.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has decreased by $2,721,279 largely due to decreases in overtime, non-personnel, and interdepartmental spending.

DEPARTMENT: SHF – SHERIFF

Advertising Budget

The Department has no budgeted expenditures for advertising in FY 2023-24 or FY 2024-25.

SHF-1		Reduce proposed funding increase for the Jail Management System due to insufficient justification. This recommendation would still allow a 10% overall funding increase for this authority from the FY 2023-24 level of $2,715,093, despite an approximate one-year delay in the project's next phase (Phase 2) while the Department negotiated an assignment agreement following the acquisition of the project vendor by another company. SHF-2		Reduce proposed funding for Capital Outlay due to insufficient justification. The proposed budget includes $700,000 to purchase two prisoner transport buses, at $350,000 each. This recommendation would provide the Department with a third prisoner transport bus with fewer than 12 years in service, which the Department cites as an industry standard for useful life. Using the remaining two vehicles when needed in FY 2024-25 is likely to be more cost effective than acquiring a second new bus; for the most recent year in the Citywide Fleet report (FY 2022-23), maintenance costs for these two vehicles were $13,014 and $23,439 respectively. This recommendation would still allow a Capital Outlay budget of $3,994,280 from General Fund support.							One-time savings.

FY 2024-25

The Mayor's proposed FY 2024-25 budget for the Department has increased by $46,721,611 largely due to:

- $34.5 million in General Fund support for higher labor costs, consistent with the labor agreement with the Police Officers Association and other bargaining units.
- $5 million in General Fund support for increasing academy class sizes from 25 to 50 (four per year).
- $2,375,000 in General Fund support for new equipment and services, including drones, public safety cameras, auto-transcription software, and a digital evidence management system.
- $800,000 in less civilian attrition in the General Fund.

FY 2025-26

The Mayor's proposed FY 2025-26 budget for the Department has increased by $17,818,463 largely due to ongoing increases in labor costs.

Advertising Budget

The Department has no budgeted expenditures for advertising in FY 2023-24 or FY 2024-25. Actual advertising spending in FY 2023-24 is projected to be $22,163, all on social media.

Budget Reductions

The Department reports that the Mayor has not proposed any reductions in FY 2024-25 that would result in service reductions.

The Budget and Legislative Analyst's Office notes that General Fund support has been reduced by $1,069,907 in FY 2024-25 and FY 2025-26 due to the termination of the SF Safe contract.

RECOMMENDATIONS

YEAR ONE: FY 2024-25

The Budget and Legislative Analyst's recommended reductions to the proposed budget total $215,603 in FY 2024-25. All of the $215,603 in recommended reductions are one-time savings. These reductions would still allow an increase of 46,506,008 or 6.0% in the Department's FY 2024-25 budget.

In addition, the Budget and Legislative Analyst recommends closing out current year unexpended General Fund appropriation of $200,000, for total General Fund savings of $415,603.

YEAR TWO: FY 2025-26

The Budget and Legislative Analyst has no recommended reductions to the proposed budget in FY 2025-26. This would allow an increase of $17,818,463 or 2.2% in the Department's FY 2025-26 budget.

According to the City's job classification system, incumbents in the 0922 Manager I classification "assume responsibility for *multiple* sections providing complex, related functions or services" and are distinguished from the 0923 Manager II classification in that the Manager II is responsible for "one or more *large* section(s) or functional areas." Hello Dr. Xu,

We wanted to provide you with some updated guidance for this week's Budget hearings.

If you have not already, your department should have heard from the Board's Budget and Legislative Analyst regarding potential reductions to your department budget. If you accept these proposed reductions and do not have trailing legislation in committee, there is no need for you to return to committee. Please let me know if this is the case for your department.

If you do not agree with the recommendations for your department, please be prepared to attend and state your case. Presentations are not required, but if you have one, please keep it focused on data related to the specific recommendation. We understand that negotiations are ongoing, so you do not have to send through materials until Wednesday. Chair Chan plans to call departments up in the order on the published agenda.

As always, if you have any questions, please do not hesitate to reach out.

Thank you,
Frances

Hi Frances,

Here's the final revised presentation for AAM. It primarily updated the org chart so that it shows the entire museum, so that the City positions could be put into context (vs the original version that only showed City positions). Please let me know if you have any further comments.

Best,

Sara

Hello Dr. Xu,

I just wanted to remind you that your departmental budget presentation is next **Thursday, 6/13** at the Budget and Appropriations Committee, which starts at **10:00 am** in the Board Chambers, City Hall room 250.

Chair Chan plans to call departments in the order reflected in the online Budget Hearing calendar (page 4). If you have limitations to your schedule, please let me know as soon as possible.

We hope to have your power point presentation by next **Monday**. Please let me know if you need more time. It's also fine if you need to make changes to the presentation before next Wednesday, just keep me posted. Chair Chan would like you to limit your presentation to **5 minutes**. Please send the presentation to me and our committee clerk, Brent Jalipa.

Also, please send me the name of your presenter, if it is not the department head, and additional invitees and their role.

Next Wednesday, please make sure to bring a copy of your presentation on a flash drive to use on the laptop at the Chamber's lectern. As a reminder, we do not have staff to advance your slides, so please make sure your presenter knows they will have to advance their own slides or bring someone to support them.

Please let me know if you have any questions.

Thanks!
Frances

Subject: Additional Instructions from Budget Chair Connie Chan for Week 1

Hello,

Just wanted to remind you that your departmental budget presentation is next **Wednesday, 6/12** at the Budget and Appropriations Committee, which starts at **10:00 am** in the Board Chambers, City Hall room 250.

The hearing will begin with an introduction from the Mayor's Budget Office. We will then hear the Interim Budget and then the Office of Community Investment and Infrastructure's (OCII) budget. Then Chair Chan plans to call departments in the order reflected in the online Budget Hearing calendar

(page 4). If you have limitations to your schedule, please let me know as soon as possible. If you have trailing legislation associated with your budget, we will call that item at the same time as we call up your department, EXCEPT for any fee related legislation – that will be heard in week #2. The trailer I have for your department this week is as follows, please let me know if this is accurate:

- 240599 Business and Tax Regulations Code - DPH Cannabis Business Inspection Fees

We hope to have your power point presentation by this **Friday**. Please let me know if you need more time. It's also fine if you need to make changes to the presentation between Friday and next Wednesday, just keep me posted. Chair Chan would like you to limit your presentation to **5 minutes**. Please send the presentation to me and our committee clerk, Brent Jalipa.

Also, please send me the name of your presenter, if it is not the department head, and additional invitees and their role.

Next Wednesday, please make sure to bring a copy of your presentation on a flash drive to use on the laptop at the Chamber's lectern. As a reminder, we do not have staff to advance your slides, so please make sure your presenter knows they will have to advance their own slides or bring someone to support them.

Please let me know if you have any questions.

Thanks!
Frances

Hello Director Remington,

We wanted to provide you with some updated guidance for this week's Budget hearings.

If you have not already, your department should have heard from the Board's Budget and Legislative Analyst regarding potential reductions to your department budget. If you accept these proposed reductions and do not have trailing legislation in committee, there is no need for you to return to committee. *Please let me know if this is the case for your department.*

If you do not agree with the recommendations for your department, please be prepared to attend and state your case. Presentations are not required, but if you have one, please keep it focused on data related to the specific recommendation. We understand that negotiations are ongoing, so you do not have to send through materials until Wednesday. Chair Chan plans to call departments up in the order on the published agenda.

As always, if you have any questions, please do not hesitate to reach out.

Thank you,

Hi Frances,

I am confirming (based upon your note) that we have notified the BLA, accepted the BLA report and won't attend the hearing. If anything changes prior to the 10am hearing, I can certainly attend in person.

Tabitha – fyi about the hearing on Thursday.

Hello Director Makstman,

We wanted to provide you with some updated guidance for this week's Budget hearings.

If you have not already, your department should have heard from the Board's Budget and Legislative Analyst regarding potential reductions to your department budget. Hello,

Just wanted to remind you that your departmental budget presentation is next **Wednesday, 6/12** at the Budget and Appropriations Committee, which starts at **10:00 am** in the Board Chambers, City Hall room 250.

The hearing will begin with an introduction from the Mayor's Budget Office. We will then hear the Interim Budget and then the Office of Community Investment and Infrastructure's (OCII) budget. Then Chair Chan plans to call departments in the order reflected in the online Budget Hearing calendar (page 4). If you have limitations to your schedule, please let me know as soon as possible.

We hope to have your power point presentation by this **Friday**. Please let me know if you need more time. It's also fine if you need to make changes to the presentation between Friday and next Wednesday, just keep me posted. Chair Chan would like you to limit your presentation to **5 minutes**. Please send the presentation to me and our committee clerk, Brent Jalipa.

Also, please send me the name of your presenter, if it is not the department head, and additional invitees and their role.

Next Wednesday, please make sure to bring a copy of your presentation on a flash drive to use on the laptop at the Chamber's lectern. As a reminder, we do not have staff to advance your slides, so please make sure your presenter knows they will have to advance their own slides or bring someone to support them.

Please let me know if you have any questions.

Thanks!

Hello,

We wanted to provide you with some updated guidance for this week's Budget hearings.

If you have not already, your department should have heard from the Board's Budget and Legislative Analyst regarding potential reductions to your department budget. If you accept these proposed reductions and do not have trailing legislation in committee, there is no need for you to return to committee. *Please let me know if this is the case for your department.*

If you do not agree with the recommendations for your department, please be prepared to attend and state your case. Presentations are not required, but if you have one, please keep it focused on data related to the specific recommendation. We understand that negotiations are ongoing, so you do not have to send through materials until **Wednesday**. Chair Chan plans to call departments up in the order on the published agenda.

As always, if you have any questions, please do not hesitate to reach out.

Thank you,

Frances,

The DA is in agreement with the Budget Analyst recommendations, and we have advised them of that. We did have trailing legislation but that was approved and sent on to the June 25th full Board meeting. Please confirm that we do not have to show up on Friday. Thanks

Hello,

I just wanted to remind you that your departmental budget presentation is next **Friday, 6/14** at the Budget and Appropriations Committee, which starts at **10:00 am** in the Board Chambers, City Hall room 250.

Chair Chan plans to call departments in the order reflected in the online Budget Hearing calendar (page 4). If you have limitations to your schedule, please let me know as soon as possible. If you have trailing legislation associated with your budget, we will call that item at the same time as we call up your department. The trailer I have for your department this week is as follows, please let me know if this is accurate:

- 240617 Accept and Expend Grant - California Victim Compensation Board - Compensation for Crime Victims - $2,530,992.00

We hope to have your power point presentation by next **Monday**. Please let me know if you need more time. It's also fine if you need to make changes to the presentation before next Friday, just keep me posted. Chair Chan would like you to limit your presentation to **5 minutes**. Please send the presentation to me and our committee clerk, Brent Jalipa.

Also, please send me the name of your presenter, if it is not the department head, and additional invitees and their role.

Next Friday, please make sure to bring a copy of your presentation on a flash drive to use on the laptop at the Chamber's lectern. As a reminder, we do not have staff to advance your slides, so please make sure your presenter knows they will have to advance their own slides or bring someone to support them.

Please let me know if you have any questions.

Thanks!

Hello Chief,

I just wanted to remind you that your departmental budget presentation is next **Friday, 6/14** at the Budget and Appropriations Committee, which starts at **10:00 am** in the Board Chambers, City Hall room 250.

Chair Chan plans to call departments in the order reflected in the online Budget Hearing calendar (page 4). If you have limitations to your schedule, please let me know as soon as possible.

We hope to have your power point presentation by next **Monday**. Please let me know if you need more time. It's also fine if you need to make changes to the presentation before next Friday, just keep me posted. Chair Chan would like you to limit your presentation to **5 minutes**. Please send the presentation to me and our committee clerk, Brent Jalipa.

Also, please send me the name of your presenter, if it is not the department head, and additional invitees and their role.

Next Friday, please make sure to bring a copy of your presentation on a flash drive to use on the laptop at the Chamber's lectern. As a reminder, we do not have staff to advance your slides, so please make sure your presenter knows they will have to advance their own slides or bring someone to support them.

Please let me know if you have any questions.

Thanks!
Frances

Hello Chief Miller,

We wanted to provide you with some updated guidance for this week's Budget hearings.

If you have not already, your department should have heard from the Board's Budget and Legislative Analyst regarding potential reductions to your department's budget. If you accept these proposed reductions and do not have trailing legislation in committee, there is no need for you to return to committee. *Please let me know if this is the case for your department.*

If you do not agree with the recommendations for your department, please be prepared to attend and state your case. Presentations are not required, but if you have one, please keep it focused on data related to the specific recommendation. We understand that negotiations are ongoing, so you do not have to send through materials until **Wednesday**. Chair Chan plans to call departments up in the order on the published agenda.

As always, if you have any questions, please do not hesitate to reach out.

Thank you,
Frances

Hi Frances,

We haven't seen the published BLA recommendations, but assuming they are in alignment with what we've discussed with BLA, Mayor Admin and MOHCD are both in agreement with the proposed reductions. As such and per your email below, MOHCD is **not** planning to return to Committee on Friday.

There is one policy recommendation for Mayor Admin. Anna Duning can speak to that either in Committee on Friday, or else directly with the Budget Chair's office.

Thank you, and please let us know if you need anything from us.

We haven't received the final draft of the Legislative Analyst's report; however, from our conversations today with the Analyst, we accept the reductions and have no trailing legislation.

We certainly appreciate the organized approach to the budget process and hearings this year!

Subject: Budget Instructions from Budget Chair Connie Chan

Dear City Department Head,

As we near the release of the Mayor's proposed budget, we wanted to communicate about the Committee Calendar and the Board's budget process during the month of June:

- The last Budget and Finance Committee meeting will be held on Friday, June 9, 2023. Regular budget business of this committee will

be on hold until meetings resume on July 12, 2023. If a department has an urgent item that MUST be heard during the month of June, please contact me about scheduling alternatives, if you have not already done so.

- Wednesday, June 14 through Friday, June 16: the Budget and Appropriations Committee will hear the first round of departmental presentations. Please see the attached calendar for the schedule of departments; each of these days will begin at 10am.
- Wednesday, June 21 through Friday, June 23: the Budget and Appropriations Committee will hold the second round of departmental hearings; generally this includes General Fund departments with budgets of $10 million or more. These hearings will be focused on the recommendations from the Budget and Legislative Analyst. This schedule is also listed on the attached calendar; each of these days will also begin at 10am.
- Wednesday, June 28 is planned as the final day of budget deliberations at the Budget and Appropriations Committee.

For departmental presentations during the June 14-June 16 hearings, please keep your presentation to **5 minutes**, and include the following:

1. What is the department's total budget, including funding sources? Please list them for programs and services. Please provide pie charts that outline budget spending and these funding sources.
2. How does the department's budget allocations help achieve its mission and objectives?
3. What are the performance measures that the department uses to determine whether it is achieving its objectives? Please include any results from Controller's audits and recommendations.
4. What are the budgetary and operational challenges to meeting the department's objectives?
5. How have you answered the Mayor's call for budget reductions of 5% and 8% in December, and the additional 5% in April over the next two fiscal years?
6. How are the department's budget allocations designed to address language access and poverty alleviation?
7. Please include an organizational chart of your department. This chart or supporting documentation should include:
    a. Position name, classification, and whether it is a permanent, temporary or exempt position
    b. Whether the position is filled, vacant, or in the hiring process and anticipated hire date
    c. A historic look at the changes to your department's staffing over the past 4 years

If you have any questions or concerns, please contact Frances Hsieh at frances.hsieh@sfgov.org or (415) 554-7411.

Was there another email that provided more instructions? Maybe we missed it but none of us seem to have initial instructions (that would have preceded these "additional" ones). Thanks!

Controller's Discussion of the Mayor's Proposed Budget

Prepared by

OFFICE OF THE CONTROLLER

BUDGET AND ANALYSIS DIVISION

June 10, 2024

About the Controller's Office

The Controller is the chief financial officer and auditor for the City and County of San Francisco. We produce regular reports on the City's financial condition, economic condition, and the performance of City government. We are also responsible for key aspects of the City's financial operations — from processing payroll for City employees to processing and monitoring the City's budget.

Our team includes financial, tech, accounting, analytical and other professionals who work hard to secure the City's financial integrity and promote efficient, effective, and accountable government. We strive to be a model for good government and to make the City a better place to live and work.

About Budget & Analysis Division

The Budget and Analysis Division (BAD) manages the technical development of the City's annual budget, including forecasting tax revenues, costing and budgeting labor and benefit costs, and assisting the Mayor and Board of Supervisors with costing and budgeting of policy initiatives. The group manages the City's adherence to voter-approved spending requirements and financial policies and produces a variety of reports, including quarterly budget status updates and various fee-related reports. Additionally, the division manages property tax apportionment, rate setting, and reporting to the state, places special assessments on property tax bills, and processes the Assessor's changes to prior and current year property tax rolls.

Executive Summary

The Charter and other local laws require the Controller to comment on the reasonableness of the revenues assumed in the Mayor's proposed budget, as well as whether various other financial requirements are met. We find tax revenue assumptions to be reasonable, but caution they are highly dependent on conditions in the local economy, will require frequent monitoring, and are subject to updates as conditions change.

The budget relies heavily on one-time funds to support operations during the two-year budget period, and a large structural gap will persist following the exhaustion of those funds.

Overview of key economic and financial trends in the Mayor's proposed budget:

- **Tax revenue projections generally assume a continuing but slow economic recovery from the pandemic, with a significant drag created by the continuing effect of remote office work on economic activity in the City.** Most economically sensitive taxes, such as sales and hotel taxes, are projected to grow slowly during the coming two years, but in most cases remain below pre-pandemic levels. Remote work and high interest rates are projected to continue to have significant impacts on the City's property, business, and property transfer taxes. Tax increases adopted by the voters in recent years are projected to contribute to modest overall General Fund tax revenue growth of 2.2% in FY 2024-25 compared to the FY 2023-24 Nine Month Report and 3.5% in FY 2025-26 compared to FY 2024-25 projection.

- **The proposed budget assumes $1 billion of General Fund-related one-time solutions over the two budget years.** These include drawdown of $445.5 million in prior year fund balance, including $106.1 million in prior year General Fund appropriations the Mayor's budget proposes to close. While deficit forecasts in the most recent update to the Five-Year Financial Plan assumed available fund balance to be used evenly across the first three years of the forecast, the proposed budget accelerates the use of fund balance, spending $45.2 million previously held to address the FY 2026-27 shortfall. It also assumes $235.7 million of FEMA reimbursement for previously incurred emergency response costs; $138.3 million of reserve drawdowns; and at least $82.5 million of other one-time revenue in General Fund-supported funds. Additionally, the budget proposes at least $137.6 million of short-term cost shifts in other funds, with a significant portion designed to achieve General Fund savings.

- **The budget draws on available reserves but maintains the City's economic stabilization reserves.** The proposed budget uses $138.3 million of reserves funded in prior years and maintains the current balance of $389.7 million in the combined Rainy Day and Budget Stabilization reserves (also known as combined "Economic Stabilization Reserves"), as the City is not expected to be eligible to withdraw from or deposit to these reserves. Required General Reserve funding levels are maintained in the proposed budget.

  Excluding economic stabilization reserves, by the end of the two-year budget period, the City is expected to have $304.6 million (or 38%) of its roughly $800 million of pre-pandemic reserves available to support on-going operations.

- **The proposed budget makes minimal progress towards closing projected structural budget gaps in years beyond the coming two-year budget period.** As one-time solutions are depleted, the structural budget gap will become larger, making future budgets more difficult to close. The March 2024 Joint report forecasted a structural budget gap of $927 million in FY 2026-27, growing in subsequent years, absent ongoing corrective action by policy makers. Given our preliminary review of the mix of ongoing and one-time solutions proposed in the Mayor's budget, as well as known labor contract costs above the previously assumed levels in FY 2026-27, the shortfall likely remains more than $800 million in FY 2026-27, growing in subsequent years.

- **The final adopted budget will require active monitoring and management by the Mayor and Board of Supervisors given a number of economic and financial risks.** These risks include the possibility of a slowing economic recovery or a recession, risks associated with both State and Federal revenue streams, and financial impacts of potential November 2024 ballot measures.

Other key requirements and legislative proposals:

- **The Mayor's proposed budget adheres to voter-adopted spending mandates, provided modifications to two requirements are adopted by the Board of Supervisors.** With the adoption of budget trailing legislation to temporarily amend the Early Care and Education baseline and Our City, Our Home spending categories, voter-adopted spending requirements would be met, or exceeded, at a total cost of $2.1 billion and $2.2 billion in the two fiscal years. The baselines include mandated spending for transit, libraries, schools, early childhood education, homelessness housing and services, street trees, and other programs. Several programs are funded above the required levels, including the Children's Services baseline, Transitional Aged Youth baseline, Recreation and Parks baseline, and Our City, Our Home baseline (November 2018 Prop C). The March 2024 Update to the Five-Year Financial Plan forecasted a FY 2024-25 deficit of $235.9 million, resulting in the suspension of required growth to the Early Care and Education and Street Tree Maintenance Fund baselines in FY 2024-25.

- **The proposed budget does not assume voter approval of potential measures on the November 2024 ballot.** As of the publication of this report, various measures are in different stages of the certification process, and the ballot is not yet final. Proposals with major fiscal impacts appear to include retirement plan changes for public safety employees, baseline funding for seniors and family housing, a new business tax on transportation network companies and autonomous vehicle businesses, and a local small business tax cut ordinance. Depending on which are placed on the ballot and approved by voters, these measures could significantly increase future deficits.

- **Minimum Compensation Rate**. The Minimum Compensation Ordinance (MCO), Article 111 of the Labor and Employment Code, sets a minimum compensation rate for employees at public entities and nonprofit organizations that have contracts with the City. The Mayor introduced legislation with the prior year's budget that would increase the minimum compensation rate in steps. For nonprofit organizations, the rate would be set at $20.25 on July 1, 2024, $21.55 on July 1, 2025, and $23.00 on January 1, 2026. For public entities, the rate would be $21.50 on July 1, 2024, $22.00 on January 1, 2025, $22.50 on July 1, 2025, and $23.00 January 1, 2026. The Mayor's budget appropriates $9.9 million and $16.2 million in FY 2024-25 and FY2025-26, respectively, to support the MCO, which is sufficient to fund the direct wage impacts of the minimum compensation increases. These compensation increases, therefore, will be effective July 1, 2024.

Overview of key financial risks:

- While we find the revenue assumptions in the Mayor's proposed budget to be reasonable, we believe the City faces several key financial risks in coming fiscal years. These risks include (1) the projected structural budget gap following depletion of one-time funds, (2) economic risk, (3) funding uncertainty at Laguna Honda Hospital, (4) State budget revenue risk, and (5) disallowance of claims for federal revenues assumed in the City's emergency response budgets.

    - **Structural gap.** As noted above, the proposed budget relies heavily on one-time sources to balance the budget at the same time that operating costs are growing, resulting in an estimated structural shortfall. To close the gap, policymakers will need to consider options for constraining cost growth. Strategies employed in prior periods with significant budget shortfalls include depletion of reserves, negotiation of furlough days and wage freezes, further deferral of capital, IT, and equipment investments, and service reductions in all major service areas. In the coming months the Mayor and Board will also make decisions about submitting measures to the voters that could significantly increase the cost of government.

    - **Economic risk.** The budget assumes economic growth will drive tax revenue increases of $95.9 million in FY 2024-25 and $156.0 million in FY 2025-26. While these assumptions track to our economic and financial projections, they are subject to significant uncertainty. Key factors to monitor include whether conditions in the City will remain relatively favorable and continue to permit a growing amount of economic activity to resume; whether the impact of hybrid and remote work on office values will play out as expected in the coming two fiscal years; and whether the local hospitality and convention industry, as well as international travel, will recover at the pace underpinning these tax revenue projections. Modest changes in these key factors would drive significant variances in actual revenue performance.

    - **Laguna Honda Hospital.** The Centers for Medicare and Medicaid Services (CMS) has determined the City must reestablish its eligibility to participate in these federal programs for services provided at Laguna Honda Hospital (LHH). While LHH has received Medi-Cal certification, its Medicare certification is still pending. In addition, the State is expected to develop a new program for Medi-Cal supplemental payments, phasing it in with an interim payment program before final rates are established. The rates for the interim program are expected to be finalized in the fall of 2024 and will include retroactive payments for services going back to January 2023. Other than the retroactive payment, there are no other adjustments to the LHH revenue budget until further details on certification and the payment rates for the new supplemental payment program become available. The City maintains a Public Health Revenue Reserve that would be utilized to offset any revenue deficits at the department at year end. The projected FY 2023-24 ending balance of the reserve is $130.3 million.

    - **State budget revenue risk.** The Governor's budget proposes to increase the amount of Educational Revenue Augmentation Fund (ERAF) funds sent to school districts to distribute to charter schools beginning in FY 2025-26. This would decrease the City's excess ERAF revenues by $43.0 million annually from what is currently assumed in the second year of the budget. The

$43.1 million balance remaining in the Federal and State Emergency Grant Disallowance Reserve after FY 2024-25 uses proposed by the Mayor would offset this risk for a single fiscal year. Additional State budget reductions including to those that would impact social services and workforce programs provided through the Human Services Agency, would require additional actions to balance the City's budget.

- **Federal revenue risk.** The City anticipates $572.3 million of reimbursements from the Federal Emergency Management Agency (FEMA) for public health emergency response costs paid by the General Fund beginning in March 2020, as well as $21.8 million of reimbursements for the 2023 winter storms. The proposed budget assumes reimbursements of $80.0 million in FY 2024-25 and $155.7 million in FY 2025-26. The City and other peer jurisdictions in the state are in discussions with the California Office of Emergency Services (CalOES) regarding the FEMA Region 9 Administrator's October 2023 guidance on eligible costs for non-congregate shelter (NCS) services, which San Francisco provided through the Shelter in Place (SIP) hotel program through May 11, 2023. This new guidance caps reimbursement for stays in SIP hotels to 20 days after June 11, 2021, and states that unoccupied rooms are generally ineligible for reimbursement. The City has reported to the California Office of Emergency Services (CalOES) that the new guidance could potentially place $114.0 million of claimed FEMA reimbursement at risk and will continue working with CalOES and FEMA representatives on next steps.

NOTES

1. Prior Year Fund Balance

As shown in Exhibit 1-2 below, a total of $600.3 million of fund balance is available for appropriation. In May 2024, the Controller's Nine Month Report projected year-end surplus above what had been previously budgeted in FY 2024-25 of $202.4 million, including $48.4 of mid-year de-appropriations identified by the Mayor's Office in Fall 2023. These de-appropriations are also identified as a source to support FY2023-24 initiatives at various departments in File 240500, which is currently pending at the Board of Supervisors. Should policymakers adopt File 240500, any new appropriations not executed by the end of the current fiscal year would close to fund balance.

After the May 2024 issuance of the Nine Month Report, the City identified an additional $48.4 million of current year citywide operating expenditure savings largely from the Salaries and Benefits reserve and Cost of Doing Business (CODB) budget, as noted in the report. The Mayor's budget also proposes to de-appropriate an additional $57.7 million of General Fund budgets in FY 2023-24.

In total, the proposed budget appropriates $445.4 million in unassigned General Fund balance to support spending in the budget years. The remaining unappropriated fund balance of $154.8 million is designated for balancing future budgets, as specified in the Administrative Provision Section 32.1 of the Annual Appropriations Ordinance.

Exhibit 1-2. General Fund Use of Prior Year Fund Balance ($ millions)

Fund Balance Previously Appropriated for FY 2024-25	**291.7**
(+) Projected Fund Balance, May 2024 Nine Month Report	202.4

(+) Additional Operating Savings	48.4
Fund Balance Available for Appropriation	**600.3**
Fund Balance Appropriated in Budget	**445.4**
Fund Balance Designated for Future Budgets	**154.8**

A total of $106.1 million of General Fund-supported current year "project closeouts" and de-appropriations ($48.4 million from mid-year cuts and an additional $57.7 million identified through the Mayor's budget process) are assumed in the FY 2024-25 and FY 2025-26 budget and are authorized by Administrative Provision 12.10 of the Annual Appropriations Ordinance. The details of the de-appropriations are shown in Exhibit 1-3 below.

3. Property Tax

Taxable property valuations remain in flux for properties built or sold in the past decade following a significant increase in interest rates and the reduction in time spent working in offices. Interest rates along with high construction costs have also led to a pause in construction of some entitled development projects. Assessments and taxes are based upon market valuations as of January 1st preceding any new fiscal year (starting on July 1st).

The FY 2024-25 General Fund share of property tax revenue is budgeted at $2,469.6 million, which is $40.4 million, or 1.6 percent, less than the FY 2023-24 budget. The FY 2025-26 General Fund share of property tax revenue is budgeted at $2,465.8 million, which is $3.8 million, or 0.2 percent, less than the proposed FY 2024-25 budget.

The budget assumes secured roll growth of 3% in FY 2024-25 and 2.0% in FY 2025-26, including the 2% inflation allowed under the state constitution, and unsecured values are projected to remain at current levels. Approximately $110.2 million is assumed diverted from the General Fund to tax increment financing districts in FY 2024-25, increasing to $126.5 million in FY 2025-26. Of these totals, approximately $7.2 million per year is diverted to tax increment financing districts such as the Treasure Island and Mission Rock projects, and the remainder to projects of the former redevelopment agency.

The budget assumes $2.5 billion of reductions in current year local assessment values in each of the two budget years, which translates to approximately $14.0 million in General Fund property tax revenues refunded annually. Additionally, the budget assumes refunds of $118.9 million in General Fund revenue from appeals of assessed values filed in FY 2024-25 and $136.1 million from appeals filed in FY 2025-26 will need to be paid at such time as the Assessment Appeals Board determines reductions.

Supplemental assessments capture changes in value for the portion of the tax year remaining after an assessable event—a change in ownership or new construction—results in a change in the base year assessed value of a property. Supplemental property taxes are estimated at $35.0 million in each of FY 2024-25 and FY 2025-26. Escape assessments capture a full year's increase in assessed value up to four years after the event trigger date and are estimated to generate $16.0 million in FY 2024-25 and $18.0 million in FY 2025-26.

Excess Educational Revenue Augmentation Fund (ERAF) revenue represents the amount of property tax revenues initially diverted from the City to help the state meet its funding obligations for K-14 education. The amount that exceeds these entities' revenue limits is returned to the City. Excess ERAF revenues are budgeted at $311.6 million in FY 2024-25 and $294.8 million in FY 2025-26, based on current state law.

4. Business Tax

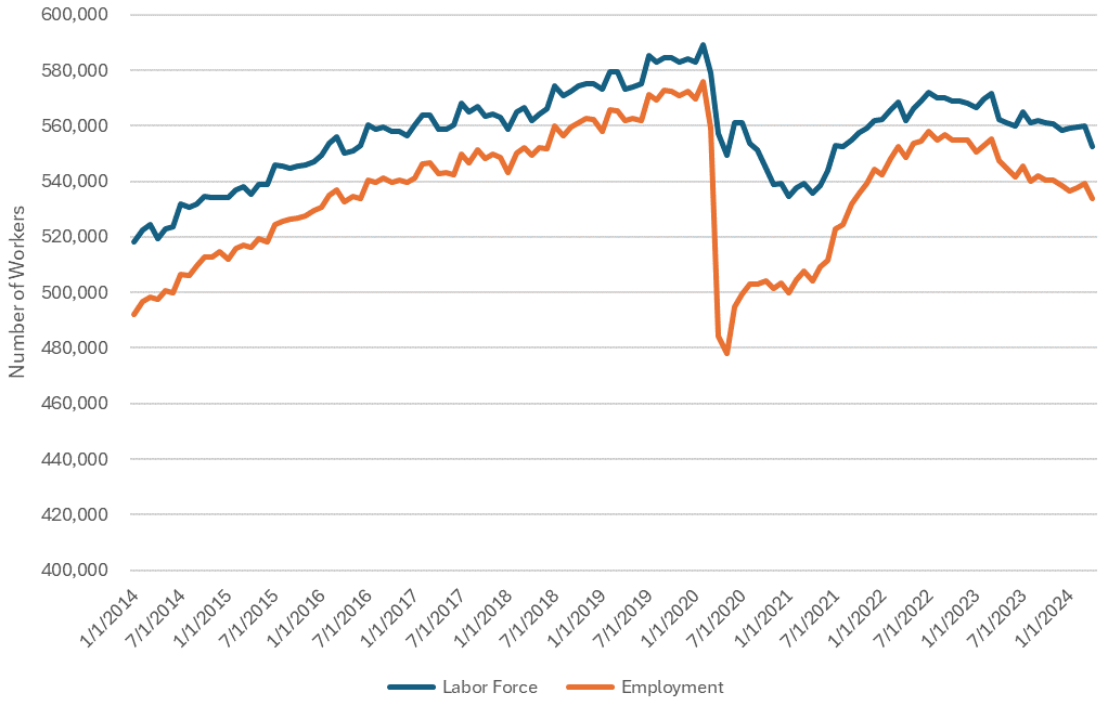
FY 2024-25 business tax revenue is budgeted at $883.0 million, which is $31.9 million (3.7 percent) more than what was budgeted in FY 2023-24. FY 2025-26 business tax revenue is budgeted at $954.0 million, which is $71.0 million (8.0 percent) higher than the proposed FY 2024-25 budget. Business tax revenue is comprised of business registration fees, administrative office tax, and gross receipts tax.

The principal reason for the budgeted increase in business tax revenue in FY 2024-25 is Proposition F (2020), which included tax increases in 2023 and 2024 for large businesses in certain sectors. The proposition contained a provision that if Citywide gross receipts did not reach specified thresholds, these increases would be delayed by one year. The FY 2023-24 budget accounted for the one-year delay for the 2023 tax increase, but it assumed the 2024 tax increase would continue as originally scheduled. However, after the FY 2023-24 budget was passed, gross receipts did not reach the necessary threshold and that triggered the delay of the 2024 increase to 2025. This delay moved some of the revenue increase from FY 2023-24 to FY 2024-25.

There are three principal factors for the budgeted increase from FY 2024-25 to FY 2025-26. First, the Proposition F tax increase from 2024 to 2025, which increases revenue in FY 2024-25, will further increase revenue in FY 2025-26. Second, Proposition F included temporary reductions in taxes for smaller businesses in sectors most affected by the pandemic, such as retail trade and accommodations. The reductions were scheduled to be phased out in 2023 and 2024. But an ordinance passed last year delayed the phase out to 2025 and 2026, which contributes to the budgeted increase in revenue in FY 2025-26. Third, the budget assumes that economic growth will be zero percent in 2024, but that growth in 2025 will be two percent and three percent in 2026.

Economic Growth. Revenues from business tax and registration fees track economic conditions in the City. Exhibit 1-5 shows the monthly labor force, which is the number of people employed or seeking work, and employment from 2013 through April 2024 from the California Employment Development Department. After the steep declines at the beginning of the pandemic, employment and the labor force increased steadily until peaking in July 2022 at levels still below those seen pre-pandemic. Since then, they have been slowly declining. The decline could reflect workers leaving the San Francisco labor force, including the effects of out-migration. It could also reflect workers transitioning from working for an employer to becoming self-employed, which does not get captured in EDD's data.

Exhibit 1-5. San Francisco Employment and Labor Force, January 2014 through April 2024



Source: California Employment Development Department

The measured labor force is not only declining but is well below the long-term trajectory from pre-pandemic trends. If it had continued to grow at the same rate as it did pre-pandemic, the labor force would now be approximately 630,000 workers. The difference between the two lines in Exhibit 1-5 is the number of unemployed San Francisco residents. The current unemployment rate is 3.4 percent, which is about one percentage point higher than it was in 2022 or in the years leading up to the pandemic.

Return to Office. For office-based categories of businesses, the gross receipts tax is dependent in part on San Francisco payroll. Businesses only include payroll for employees that physically work within the City. To the extent that employees previously commuted into the City but now work at home outside of the City, gross receipts taxes will be reduced. Telecommuting has proved to be persistent. According to the office security firm Kastle, office attendance in the Bay Area is still less than half of pre-pandemic levels. Ridership on BART in downtown stations remains about 65% lower than pre-pandemic levels. Telecommuting is expected to continue indefinitely.

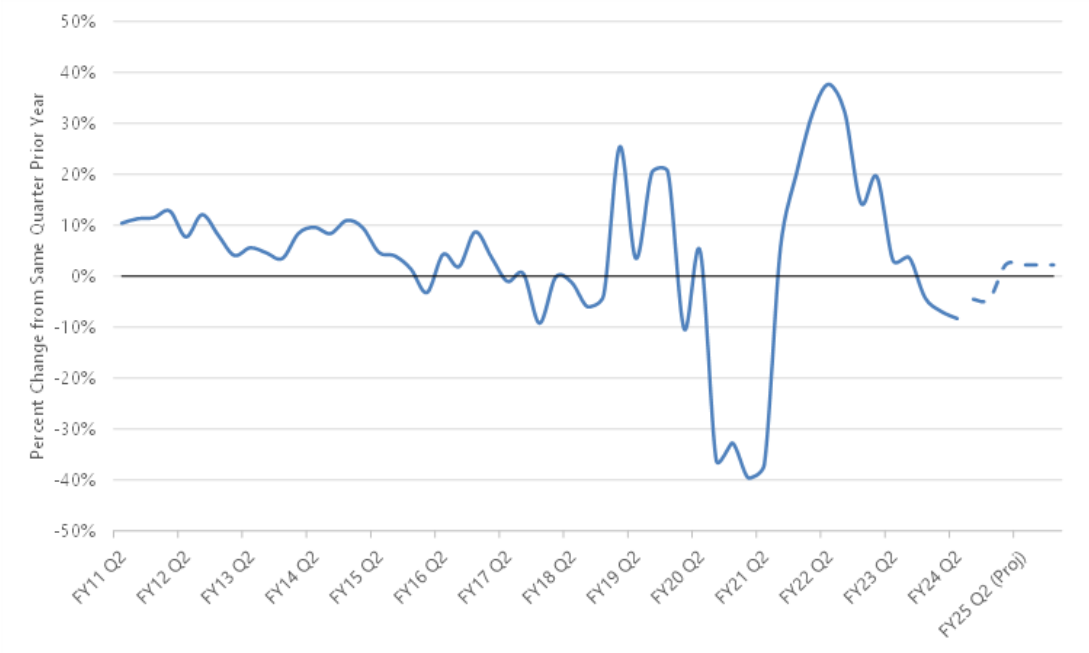
5. Sales Tax

In FY 2024-25, local sales tax revenue is budgeted at $193.7 million, which is $6.4 million, or 3.2 percent, lower than what was budgeted in FY 2023-24. FY 2025-26 local sales tax revenue is budgeted at $198.9 million, which is $5.3 million, or 2.7 percent, higher than the proposed FY 2024-25 budget.

Sales tax experienced significant losses during the COVID-19 public health emergency closures, rebounded quickly in FY 2021-22, then tapered off in FY 2022-23, followed by an expected decrease in FY 2023-24. The budget assumes sales tax revenues will increase in both FY 2024-25 and FY 2025-26, returning to near pre-pandemic levels by FY 2027-28. The growth in FY 2024-25 is largely due to our expectation that the number

of in-commuters and residents has stabilized, that spending on tangible (and taxable) goods has returned to lower levels from its pandemic-induced heights and been replaced with spending on (nontaxable) services, and that, while gas prices have fallen in the past year, discretionary income is still constrained given inflation. Exhibit 1-6 below shows the actual and projected rates of change in the budget.

Exhibit 1-6. Actual and Projected Change in Sales Tax Revenues for San Francisco, FY 2011-12 to FY 2025-26



6. Hotel Tax

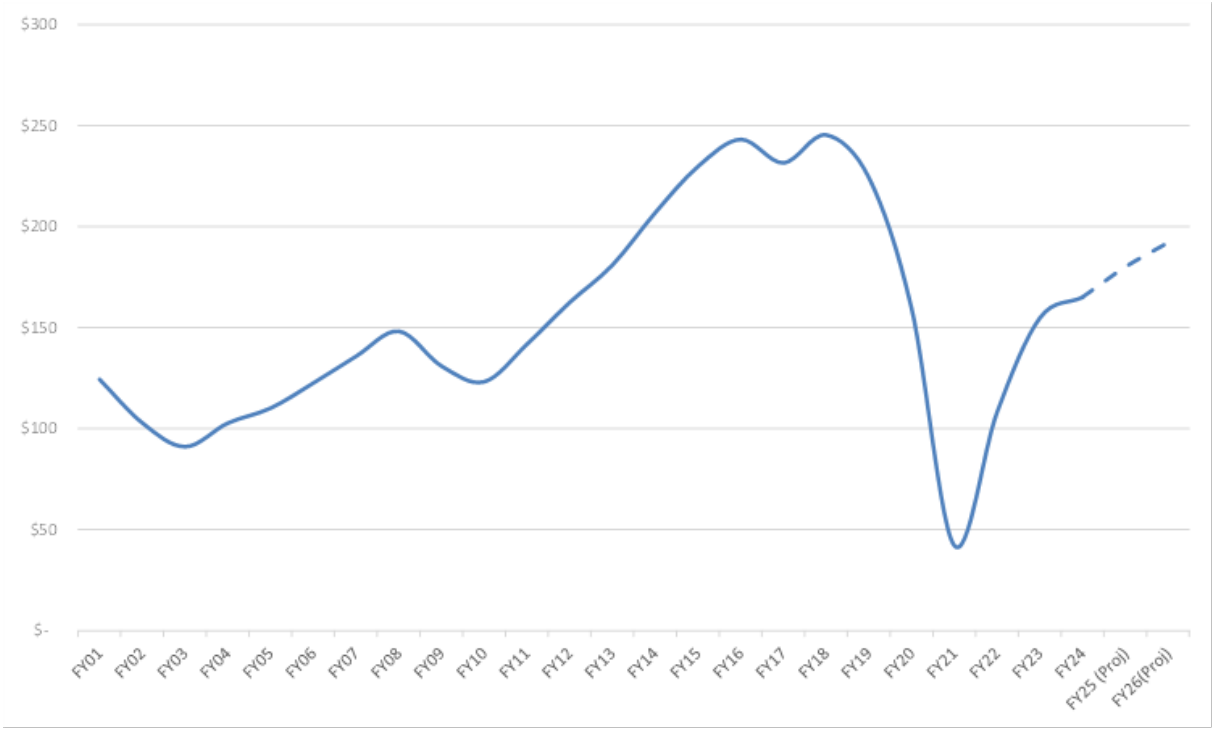
The FY 2024-25 General Fund share of hotel tax revenue is budgeted at $285.2 million, which is $17.7 million, or 5.9 percent, less than what was budgeted in FY 2023-24. FY 2025-26 revenue is budgeted at $315.8 million, an increase of $30.6 million, or 10.7 percent, from the proposed FY 2024-25 budget. As of the March Update to the Five-Year Financial Plan, hotel tax revenues are projected to improve year over year but will not reach pre-pandemic levels until after the plan period.

Hotel tax is highly correlated with the hotel industry indicator revenue per available room (RevPAR), which is the combined effect of occupancy and average daily room rates. RevPAR in the first three quarters of FY 2023-24 averaged $158.25, an increase of 1.7% versus the same period in FY 2022-23, 22.9% lower than 2019.

While enplanements at San Francisco International Airport (SFO) have improved steadily since the pandemic, these gains are not resulting in proportionate growth in hotel tax, as more Bay Area residents are flying out of SFO than visitors coming into SFO for leisure and work. As of March 2024, domestic and international enplanements in FY 2023-24 to date were 11.8% greater than FY 2022-23, though still 10.3% below FY 2018-19. Current domestic seat capacity is 18.5% lower and international seat capacity is 3.7% higher than FY 2018-19. International travel has shown signs of recovery since travel restrictions were lifted in Asia in early 2023, however, visitor numbers from China, the largest Asian market pre-pandemic, are far from recovery.

Because conventions drive up hotel room rates through compression pricing, the return of conferences and conventions plays a key role in the recovery of hotel tax revenues. In FY 2022-23, a total of 33 conferences with over 286,000 attendees took place in Moscone Center. This is compared to 23 events with over 126,000 in FY 2021-22 and 54 events with over 723,000 attendees in FY 2018-19. In the last three quarters of FY 2023-24, San Francisco hosted 28 conferences with over 320,000 attendees; for the remainder of the fiscal year, 10 conferences with over 102,500 attendees are anticipated for a projected total of 38 conferences and 423,000 attendees.

Exhibit 1-7. Average Annual Revenue Per Available Room (RevPAR)
FY 2000-01 to FY 2025-26



* Data from FY 2011-12 to FY 2017-18 from CBRE, FY 2018-19 to FY 2022-24 from SF Travel.

The difference between total and General Fund hotel tax is primarily due to funding requirements set forth in November 2018 Proposition E, which allocated 1.5 percent of the 14 percent hotel tax rate (or approximately 10.7 percent of the total hotel tax revenue) to arts programs outside of the General Fund. Due to the improvement in hotel tax revenues, these allocations are budgeted at $35.8 million in FY 2024-25 and $39.3 million in FY 2025-26, a level that meets the Proposition E allocation level and does not require General Fund backfill.

7. Utility Users Tax

Utility user tax revenue is budgeted at $110.7 million in FY 2024-25, which is $0.7 million (0.6 percent) lower than what was budgeted in FY 2023-24. The reduction is due to a lower of overall utility tax collections in the current year. FY 2025-26 revenue is budgeted at $111.8 million, which is $1.1 million (1.0 percent) higher than the proposed FY 2024-25 budget.

8. Parking Tax

Parking tax revenue is budgeted at $86.9 million in FY 2024-25, which is $2.8 million (3.3 percent) more than what was budgeted in FY 2023-24. FY 2025-26 revenue is budgeted at $88.8 million, which is $1.9 million (2.2 percent) higher than the proposed FY 2024-25 budget. As employees have returned to the office and tourism in the City has rebounded, parking tax revenue has increased. Although high levels of remote work are expected to persist, those making the commute have shifted more of their trips from public transit to automobile, which supports parking tax revenue. The budgeted amount for FY 2024-25 is approximately at pre-pandemic levels. Parking tax revenues are deposited into the General Fund, from which an amount equivalent to 80 percent is transferred to the Municipal Transportation Agency for public transit as mandated by Charter Section 8A.105.

9. Real Property Transfer Tax

Real property transfer tax (RPTT) revenue is budgeted at $218.9 million in FY 2024-25, which is $3.1 million (1.4 percent) less than the FY 2023-24 budget. In FY 2025-26, RPTT revenue is budgeted at $267.6 million, an increase of $48.7 million (22.3 percent) above the proposed FY 2024-25 budget. The effect of November 2020 Proposition I is estimated to be $57.1 million and $71.3 million in FY 2024-25 and FY 2025-26, respectively or approximately $45.7 million and $57.0 million after baselines.

Since the beginning of the COVID-19 pandemic in spring 2020, businesses in office-using sectors have largely adopted remote and hybrid work practices, resulting in persistently high office vacancies, 32.4% as of March 2024. This dynamic is expected to decrease commercial real estate values. Exacerbating this structural change in where and how people work, is the elevated interest rate environment, which increases the cost of borrowing and dampens real estate investment. Additional factors include credit availability, borrowing costs, foreign capital flows, and the relative attractiveness of San Francisco real estate compared to other investment options.

The budget assumes FY 2024-25 and FY 2025-26 transfer taxes grow from a low in FY 2023-24 to a new long-term average by FY 2027-28. FY 2023-24 transfer activity is expected to drop from FY 2022-23 to levels not seen since FY 2003-04 and FY 2009-10. Considering the highly volatile nature of this revenue source, the Controller's Office monitors collections throughout the fiscal year and provides regular updates to the Mayor and Board of Supervisors.

Exhibit 1-8 shows unadjusted revenue collections beginning in FY 2000-01. As the City's most volatile revenue source, collections can see large year-over-year changes that have exceeded 70 percent in some instances. The volatility is seen with month-to-month revenue as well: in the past ten years, the lowest monthly revenue total was in February 2021 ($7.1 million) and the highest was in September 2021 ($95.7 million). The main factors creating volatility are sales of high-value properties, availability of financing, and the relative attractiveness of San Francisco real estate compared to global investment options, all of which track well with economic cycles, as well as voter-approved rate changes, which occurred in 2008, 2010, 2016 and 2021.

Exhibit 1-8. Historical Real Property Transfer Tax Revenue ($ millions), FY 2000-01 through FY 2025-26

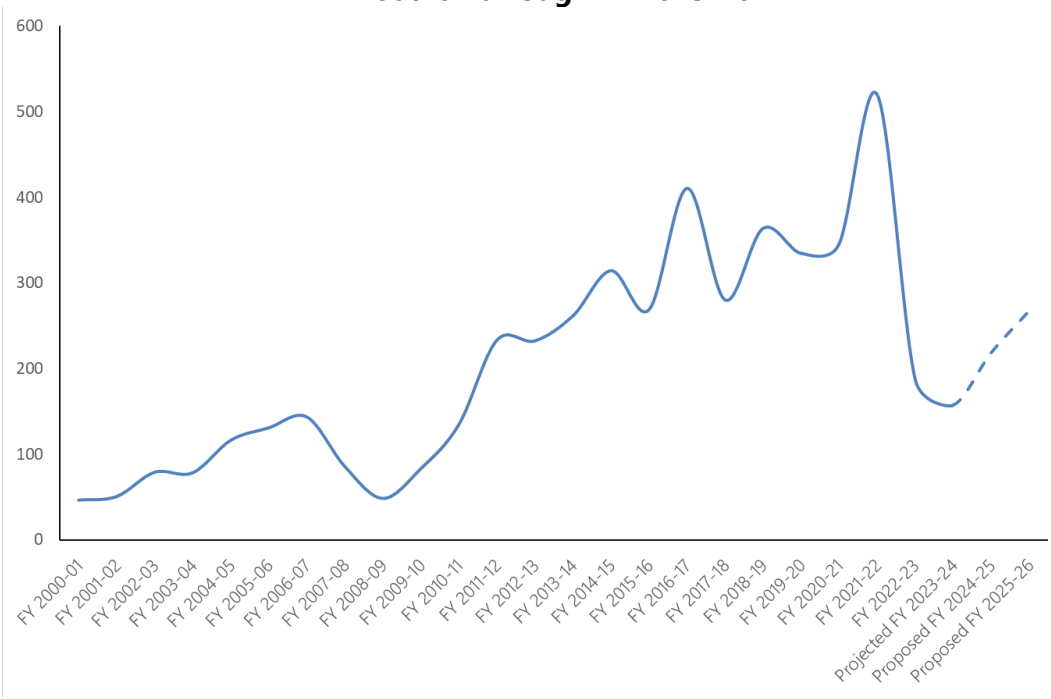


Exhibit 1-9 shows historical RPTT revenue by transaction size after being adjusted to reflect rate changes from Prop W (November 2016), Prop N (November 2010), Prop N (November 2008), and Prop I (November 2020) and demonstrates how RPTT is driven by the sale of high-value (largely commercial) properties over $10 million. The exhibit shows the drastic reduction in transfer tax in the current fiscal year, as high interest rates and the lack of large transactions have resulted in a dramatic decline in tax receipts.

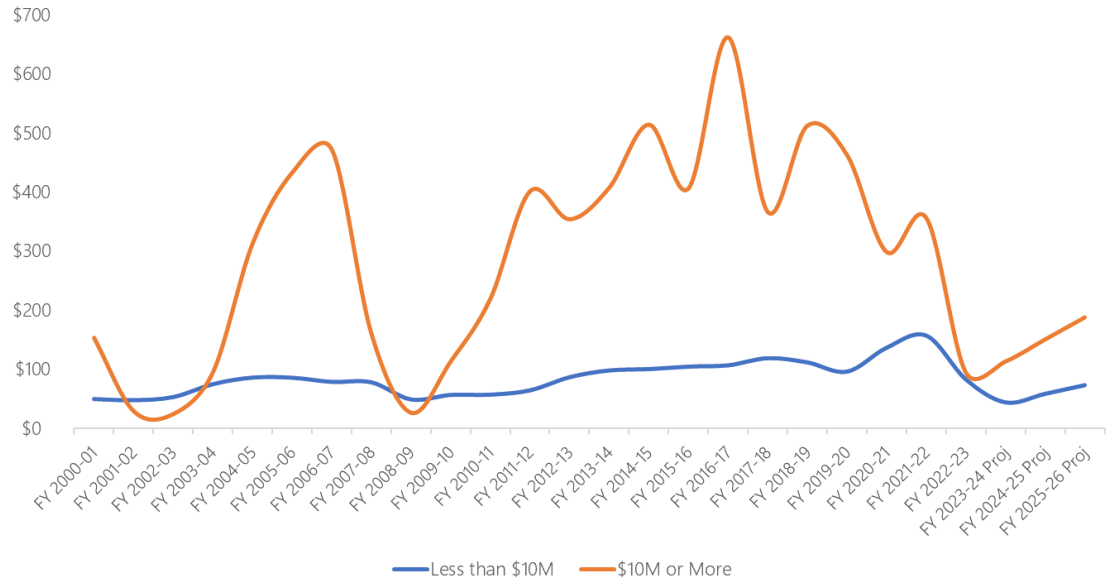
Exhibit 1-9. Real Property Transfer Tax Rate-Adjusted Revenue by Transaction Size, FY 2000-01 through FY 2025-26 Projected ($ millions)



Deposits to the Budget Stabilization Reserve are funded with a portion of volatile revenues, including 75 percent of RPTT revenue in excess of the prior five-year average adjusted for any rate increases during the period. No deposits are expected during FY 2024-25 or FY 2025-26 as RPTT revenue is projected to be below the prior five-year average. See Appendix 2 for more detail on the Budget Stabilization Reserve.

10. Stadium Admissions Tax

Stadium admissions tax revenue is budgeted at $7.4 million in FY 2024-25 and FY 2025-26, $1.7 million (18.9 percent) less than the FY 2023-24 budget. The decrease is due to lower-than-expected attendance at stadium events in FY 2023-24. The budget assumes that attendance at events, and thus revenue, will remain at levels observed in FY 2023-24.

11. Cannabis Tax

No Cannabis tax revenue is budgeted in FY 2024-25 and FY 2025-26. In November 2018, voters approved a new gross receipts tax (Proposition D) of 1 percent to 5 percent on cannabis businesses and allowed the City to tax businesses that do not have a physical presence in the city. The excise tax on cannabis was initially set to take effect on January 1, 2021. However, in November 2020, the Mayor and Board of Supervisors delayed the imposition of the tax to January 1, 2022, and increased the exemption thresholds. In December 2021, the Mayor and Board of Supervisors delayed the imposition of the tax for another year, to January 1, 2023. In December 2022, the Mayor and Board of Supervisors further delayed the imposition of the local cannabis excise tax by three more years, from January 1, 2023, to January 1, 2026. The first collection of cash and recognition of revenue will occur in FY 2026-27.

12. Overpaid Executive Tax

The Overpaid Executive Tax is budgeted at $140 million in both FY 2024-25 and FY 2025-26, $40 million (40.0 percent) more than the FY 2023-24 budget due to strong collections in FY 2023-24. OET first took effect in 2022, with the entirety of 2022 and two 2023 prepayments recorded in FY 2022-23 for a total of $206.0 million. Subsequent fiscal years represent only four quarters (or one tax year) of payments.

The Overpaid Executive Tax is a gross receipts-based tax where the rate for a business is determined by the ratio of the total compensation of the highest paid managerial employee to the median compensation paid to the business' employees in the City. Revenue from this tax is expected to be volatile due to the narrow base of expected payers, annual fluctuations in the value and form of executive compensation, and the risk of tax avoidance. Revenue in 2023 fell 19 percent from the prior year. In tax year 2023, the top five payers owed 48 percent of the total tax. Estimates based on prior years' activity may not be predictive of future revenues.

13. Sugar Sweetened Beverage Tax

Sugar Sweetened Beverage Tax revenue is budgeted at $12.7 million in each fiscal year, FY 2024-25 and FY 2025-26, $1.0 million (7.6 percent) less than the FY 2023-24 budget. The City's one cent per ounce tax on sugar sweetened beverages became effective January 1, 2018. Pandemic restrictions on restaurant operations reduced revenue collections in FY 2020-21. The City has experienced a gradual recovery of sugar-sweetened beverage tax revenue through FY 2022-23 and expects the source to plateau in the current and budget years.

14. Access Line Tax

FY 2024-25 access line tax revenue is budgeted at $53.7 million, or $1.9 million (3.4 percent) lower than the FY 2023-24 budget due to a slow-down in current year receipts. FY 2025-26 revenue is budgeted at $55.1 million, or $1.4 million (2.5 percent) higher than the proposed FY 2024-25 budget. Budgets in both years incorporate inflationary increases of 2.6 percent to the access line tax rate as described in Business and Tax Regulations Code Section 784 (File 240619).

15. Interest & Investment Income

Interest and investment income for both FY 2024-25 and FY 2025-26 is budgeted at $146.7 million, an increase of $25.6 million (21.2 percent) from the FY 2023-24 budget. Since March 2022, the Federal Reserve has made eleven consecutive interest rate hikes to combat inflation and has not made any changes since last July. The budget assumes earned income yield of approximately 3.5 percent in both years. The budget also assumes additional interest earnings of $3.5 million and $3.7 million in FY 2024-25 and FY 2025-26, respectively, from the allocation of projected negative interest earnings from the General Fund to other funds related to the General Fund's annual prepayment of citywide employee retirement contribution costs.

16. Intergovernmental – Federal

Federal support in the General Fund is budgeted at $436.6 million for FY 2024-25, which represents a decrease of $72.5 million (14.2 percent) from the FY 2023-24 budget. FY 2025-26 revenue is budgeted at $518.5 million, which is $81.9 million (18.8 percent) more than the proposed FY 2024-25 budget. Changes in federal revenue are largely driven by Federal Emergency Management Agency (FEMA) reimbursements for COVID-related expenditures. FEMA reimbursements are budgeted at $80.0 million in FY 2024-25, which is $90.0 million (52.9 percent) less than FY 2023-24 original budget. In FY 2025-26, FEMA reimbursements are budgeted at $155.7 million, which is $75.7 million (94.6 percent) more than the proposed FY 2024-25 budget. The City's FEMA forecast is based on updated timelines upon which FEMA will obligate and remit funds for the COVID-19 public health emergency.

17. Intergovernmental – State – Public Safety Sales Tax

Public safety sales tax revenue is budgeted at $99.6 million in FY 2024-25, a decrease of $0.9 million (0.9 percent) from the FY 2023-24 budget. FY 2025-26 revenue is budgeted at $102.3 million, which is $2.8 million (2.8 percent) greater than the proposed FY 2024-25 budget. Public safety sales tax revenue is based on two factors: statewide sales tax revenue and the County's portion of statewide sales tax in the most recent calendar year. The County allocation factor is anticipated to slightly decrease in FY 2024-25 and increase in FY 2025-26. Although San Francisco County sales tax revenues lagged statewide revenues post-pandemic, San Francisco's performance has marginally improved, shown in the slight changes in the County's allocation factor. Overall statewide sales tax is also anticipated to grow, though at a significantly slower pace than prior periods.

18. Intergovernmental – State – 1991 Health & Welfare Realignment

In FY 2024-25, the General Fund share of 1991 realignment revenue is budgeted at $283.6 million, or $2.0 million (0.7 percent) more than the FY 2023-24 budget. The FY 2025-26 revenue is budgeted at $290.5 million, which is $6.8 million (2.4 percent) more than the proposed FY 2024-25 budget. The increases are due to anticipated growth in statewide sales tax, resulting in growth in revenues for both FY 2024-25 and FY 2025-26.

19. Intergovernmental – State – Public Safety Realignment

Public Safety Realignment (AB 109), enacted in early 2011, transfers responsibility for supervising certain kinds of felony offenders and state prison parolees from state prisons and parole agents to county jails and probation officers. This revenue is budgeted at $54.0 million in FY 2024-25, a $3.6 million (7.1 percent) increase from the FY 2023-24 budget. The FY 2025-26 proposed budget is $55.4 million, a $1.3 million (2.5 percent) increase from the proposed FY 2024-25 budget. Similar to 1991 Health and Welfare Realignment, the budget period increases are due to anticipated growth in statewide sales tax.

20. Charges for Services

Fee revenue is budgeted at $324.1 million in FY 2024-25, an increase of $77.4 million (31.4 percent) from the FY 2023-23 budget. In FY 2025-26, charges for services revenue are budgeted at $326.5 million, an increase of $2.4 million (0.7 percent) from FY 2024-25 budget. The increase is primarily due to a change in where revenue is reported. Because the Department of Public Health's Behavioral Health Services is moving onto the department's electronic health record system, Medi-Cal mental health billing, which was formerly budgeted and recorded as part of Short-Doyle Medi-Cal state revenue, is shifting to charges for services revenue.

Additionally, many fee budgets are authorized to be adjusted for inflation without further approval by the Board of Supervisors, increasing by 3.67 percent in FY 2024-25 based on information published by the U.S. Bureau of Labor Statistics in January 2024. The Controller's Office forecasts a 3.01 percent increase in the CPI for FY 2025-26. There are also several new and modified fees that have been introduced this fiscal year or as part of budget trailing legislation, including adjustments to Recreation and Park's marina and tennis fees, Assessor-Recorder fees, various Building Inspection fees, Public Works street permit and subdivision fees, County Clerk fees, Board of Appeals surcharge fees, Public Health retail food permit fees, and public nuisance fees. The proposed budget assumes these fees are adopted by the Mayor and Board of Supervisors.

21. Other Revenues

Other Revenues are budgeted at $18.0 million in FY 2024-25, an increase of $0.5 million (2.8 percent) from the FY 2024-25 budget. In FY 2025-26, other revenues are budgeted at $27.8 million, an increase of $9.7 million (54.1 percent) from the FY 2024-25 proposed budget. The increase in FY 2024-25 is largely driven by a one-time increase in unclaimed funds for the City. The increase in FY 2025-26 is largely due to the planned sale of land for $10.0 million.

22. Operating Transfers In

Transfers-in to the General Fund are budgeted at $206.9 million in FY 2024-25, a decrease of $4.4 million (2.1 percent) from the FY 2023-24 budget. In FY 2025-26, transfers-in are budgeted at $203.9 million, a decrease of 3.0 million (1.4 percent) from the FY 2024-25 proposed budget. The transfers-in include increased Airport concessions revenue, as the City's travel and tourism industry continues to recover from the COVID-19 pandemic; a small reduction to the required 15 percent transfer of commercial rents tax to the General Fund, reflecting weakness in this tax; and a one-time repayment to the General Fund from the Public Utilities Commission for the acquisition of utility assets.

Appendix 2. General Fund Reserve Uses and Deposits

The Mayor's proposed budget includes the use of $75.3 million and $62.8 million from non-operating reserves in FY 2024-25 and FY 2025-26, respectively. The Mayor's proposed budget also includes $14.6 million and $22.6 million in deposits to the General reserve in FY 2024-25 and FY 2025-26, respectively.

NOTES

1. General Reserve

The General Reserve, established in Administrative Code Section 10.60, is intended to address revenue and expenditure issues not anticipated during budget development, and is typically used to fund supplemental appropriations or to offset significant revenue losses following the adoption of the budget.

The Administrative Code required the General Reserve to increase to 3.0 percent of General Fund revenue by FY 2020-21, with unused General Reserve carried forward from the prior year into the new budget year. However, in years when the City withdraws from the Rainy Day reserves, as it did in FY 2020-21 and FY 2021-22, the required balance of the General Reserve is reset to 1.5 percent of General Fund revenue, growing to 3.0 percent of General Fund revenues in 0.25 percent annual increments thereafter. In FY 2024-25, the General Reserve required funding level is 2.25 percent of General Fund revenue, growing to 2.5 percent in FY 2025-26. The deposit amounts are $14.6 million and $22.6 million for FY 2024-25 and FY 2025-26, respectively, given budgeted revenue levels and replenishment of current year withdrawals.

2. Rainy Day Reserves

The Rainy Day Reserve is established in Charter Section 9.113.5 and is funded by excess revenue growth during periods of economic expansion. During a recession, the maximum allowable withdrawal from the City's Rainy Day Economic Stabilization Reserve is 50 percent of the balance in each year. Rainy Day Reserve balances are comprised of three separate reserves: City Rainy Day Economic Stabilization Reserve, SFUSD Rainy Day Economic Stabilization Reserve, and the City's Rainy Day One-Time Reserve.

The City is ineligible to make withdrawals from the Rainy Day funds in either budget year, and no deposits are projected. As a result, the proposed budget maintains balances in the City Rainy Day Reserve of $114.5 million, $0 in the City Rainy Day One-Time Reserve, and $1.0 million in the SFUSD's Rainy Day Economic Stabilization Reserve.

3. Budget Stabilization Reserve

Established by Administrative Code Section 10.60(c), the Budget Stabilization Reserve augments the Rainy Day Reserve. These two reserves are available to support the City's budget in years when revenues decline. The Budget Stabilization Reserve is funded by 75 percent of three volatile sources: real property transfer tax revenue adjusted for rate increases, ending unassigned fund balance, and certain asset sales. The City is ineligible to make withdrawals and not projected to make deposits to this reserve in either budget year. As a result, the Mayor's proposed budget maintains a balance of $275.2 million.

When the combined balance of the Budget Stabilization Reserve and Rainy Day Reserve exceeds 10 percent of General Fund revenues, the excess is deposited in the Budget Stabilization One-Time Reserve. While the $54.8 million balance of this reserve was budgeted in FY 2022-23, stronger than anticipated performance through year-end meant the reserve was ultimately not needed. The entire balance of this reserve is budgeted in FY 2025-26.

4. Federal and State Emergency Grant Disallowance Reserve

Section 32 of the administrative provisions of the FY 2021-22 Annual Appropriations Ordinance established a Federal and State Emergency Grant Disallowance Reserve for the purpose of managing revenue shortfalls related to reimbursement disallowances from the Federal Emergency Management Agency (FEMA) and other state and federal agencies. The Mayor's proposed budget uses $38.2 million of this reserve in FY 2024-25, resulting in an ending balance of $43.1 million. The Governor's May Revised budget proposed to increase the amount of Educational Revenue Augmentation Fund (ERAF) sent to school districts to distribute to charter schools, effective FY 2025-26. This would decrease the City's excess ERAF revenues by $43 million annually from what is currently assumed in the second year of the budget. The balance of this reserve would offset that risk exactly for a single fiscal year. There is additional eligibility and audit risk with FEMA reimbursements for COVID response costs, which are projected to total $572.3 million across all years, of which FEMA has obligated $223.4 million and paid $219.0 million to date. Depleting the reserve to cover any excess ERAF shortfall would reduce the City's ability to address FEMA and other federal and state revenue risks.

5. Fiscal Cliff Reserve

Section 32.1 of the administrative provisions of the FY 2021-22 Annual Appropriations Ordinance established a Fiscal Cliff Reserve for the purpose of managing projected budget shortfalls following the spend down of federal and state stimulus funds and other one-time sources used to balance the FY 2021-22 and FY 2022-23 budget. The Mayor's FY 2024-25 and FY 2025-26 proposed budget amends this reserve to include managing

business tax revenue shortfalls as an additional eligible use. The Mayor's proposed budget does not withdraw from this reserve, maintaining its FY 2023-24 balance of $130.2 during the two budget years.

6. Business Tax Stabilization Reserve

The Business Tax Stabilization Reserve was created in Section 35 of the administrative provisions of the FY 2020-21 Annual Appropriations Ordinance to equalize the benefit of large one-time advance repayments associated with Commercial Rent Tax (June 2018 Proposition C) and Homeless Gross Receipts Tax (November 2018 Proposition C) The proposed budget spends $29.5 million, the remaining reserve, in FY 2024-25.

7. Public Health Revenue Management Reserve

The Public Health Management Reserve is authorized under Section 12.6 of the administrative provisions of the FY 2013-14 Annual Appropriation Ordinance, authorizing the Controller to defer surplus transfer payments, indigent health revenues, and Realignment funding to offset future reductions of audit adjustments associated with the Affordable Care Act and funding allocations for indigent health services. This provision was adopted by the Board of Supervisors to smooth volatile state and federal revenues that can lead to large variances between budgeted and actual amounts due to unpredictable timing of payments, major changes in projected allocations, and delays in final audit settlements.

In July 2022, the Department of Public Health established a methodology for setting a maximum reserve level, as well as specific deposit and withdrawal rules. The FY 2023-24 ending balance of the reserve is projected to be the maximum allowable level of $130.3 million, as reported in the Nine-Month Report. Due to the increase in budgeted Medi-Cal and patient revenues in the Mayor's FY 2024-25 and FY 2025-26 proposed budget, the maximum reserve level is expected to grow. There are no anticipated deposits to or withdrawals from this reserve assumed in the budget.

8. Free City College Reserve

The Free City College Reserve was authorized by Administrative Code Section 10.100-288 in November 2016 to provide a degree of funding stability to the Free City College Program. The initial deposit of $1.0 million was made in FY 2017-18. By the end of FY 2018-19, the ending balance of this reserve was $2.0 million. In September 2019, Ordinance 175-19 revised the funding mechanism for this reserve. From FY 2019-20 to 2022-23, any unspent funds for the Free City College Program for that year shall be deposited in the reserve. From FY 2023-24 to FY 2028-29, 50 percent of unspent funds shall be deposited in the reserve. This reserve was depleted at the beginning of FY 2023-24. A deposit of $7.5 million and $8.0 million in FY 2023-24 and FY 2024-25, respectively, is anticipated for the completion school year 2021-22 and school year 2022-23 audits. These reserves are spent in the subsequent year.

9. Litigation Reserve

The Mayor's proposed budget includes $11.0 million for the litigation reserve in each budget year. The reserve provides funding for judgments and claims paid out during the budget period based on historical experience and consistent with the level adopted in the Five-Year Financial Plan. The City also maintains a separate reserve funded from prior year appropriations for large cases pending against the City.

10. Reserve for Technical Adjustments

Reserves of $5.0 million in each budget year allow for technical adjustments during the budget review process. The Mayor's Office will inform the Budget and Finance Committee prior to the final Committee vote on the budget as to the amount required for technical adjustments up to that point and any balance that may be available for other uses.

11. Salary & Benefits Reserve

The Mayor's proposed budget includes $20.5 million and $21.5 million in FY 2024-25 and 2025-26, respectively, to cover costs of adopted MOUs with labor organizations that were not directly tied to job class rates in departmental budgets, as well as other salaries and benefits-related costs not budgeted elsewhere.

Appendix 3. Nonrecurring Revenue Policy

The use of one-time or nonrecurring sources to support ongoing operations creates a future budget shortfall, requiring expenditures to be reduced or replacement resources identified. In December 2011, the Board approved a Nonrecurring Revenue Policy, codified in Administrative Code Section 10.61, which requires selected nonrecurring revenues to be used only for identified nonrecurring expenditures. The Controller is required to certify compliance with this policy. The selected revenues include:

- General Fund prior year-end unassigned fund balance, before reserve deposits, above the prior five-year average;
- The General Fund share of revenues from prepayments provided under long-term leases, concessions, or contracts after accounting for any Charter-mandated revenue transfers, set-asides, or deposits to reserves;
- Otherwise unrestricted revenues from legal judgments and settlements; and
- Otherwise unrestricted revenues from the sale of land or other fixed assets.

Controller's Certification

General Fund prior year-end unassigned fund balance is budgeted at $225.9 million for FY 2024-25 and $219.6 million for FY 2025-26 for a total of $445.4 million in the two budget years. This amount is $24.5 million over the prior five-year (FY 2018-19 through FY 2022-23) average of year-end fund balance of $420.9 million. As shown in Exhibit 3-1, the budget contains $172.6 million of budgeted nonrecurring sources and $200.5 million nonrecurring expenditures. Therefore, the Controller's Office certifies compliance with the policy.

* There is no growth in the baseline funding requirement for Early Care and Education Baseline and Street Tree Maintenance programs for FY 2023-24 and FY 2024-25 as the deficit trigger has been met for two years in a row based on the projected deficit in the Joint Report March Update.

NOTES

1. Municipal Transportation Agency (MTA) Baselines

Charter section 8A.105 established a Municipal Transportation Fund to provide a predictable, stable and adequate level of funding for the MTA. Consistent with the Charter, in FY 2000-01 a base amount of funding was established. Charter subsection (c) (1) requires the Controller's Office to adjust the base amount from year to year by the percent increase or decrease in General Fund Aggregate Discretionary Revenues (ADR). This baseline is required to be adjusted for significant service increases. Beginning in FY 2021-22, the MTA baseline increased due to operating costs associated with the opening of the Central Subway.

Beginning in FY 2002-03, this Charter section also established a minimum level of funding (required baseline) for the Parking and Traffic Commission based upon FY 2001-02 appropriations. November 2014 Proposition B, requires that in addition to adjusting annually for the change in ADR, these baseline amounts be increased for 10 years of population growth in the City in FY 2015-16 and annual population growth thereafter. Additionally, 80 percent of parking tax revenue is allocated to the MTA.

In total, the Mayor's proposed budget includes funding for theses MTA baselines at the required levels of $577.9 million in FY 2024-25 and $595.3 million in FY 2025-26.

2. Library Baseline

Charter Section 16.109 established a Library Preservation Fund to provide library services and to construct, maintain, and operate library facilities. Consistent with the Charter, in FY 2006-07 a base amount of funding was established, which is adjusted annually by the percent increase or decrease in ADR. The Library Preservation Fund was renewed by voters in November 2022. Based on revenue in the Mayor's proposed budget, the Library Baseline requirements of $103.6 million in FY 2024-25 and $107.2 million in FY 2025-26 are met. The March Update to the Five-Year Financial Plan forecasted a FY 2023-24 deficit of $235.9 million, below the $300.0 million threshold that would have paused growth in this baseline.

3. Property Tax-Related Set-Asides

Charter Sections 16.108, 16.109, and 16.107 mandate set-asides of property revenues for the Children and Youth Fund, the Library Preservation Fund, and the Open Space Fund, respectively. The Children and Youth Fund receives an allocation of $0.0400 for each $100 valuation of taxable property. The Library Preservation Fund and the Open Space Fund receive allocations of $0.025 for each $100 valuation of taxable property. The Mayor's proposed budget includes required funding of $126.9 million in FY 2024-25 and $127.4 million in FY 2025-26 for the Children and Youth Fund, and $79.3 million and $79.6 million in FY 2024-25 and FY 2025-26, respectively, for both the Library Preservation Fund and Open Space Fund.

4. Children's Baseline

Charter Section 16.108 established a Children and Youth Services baseline. Consistent with the Charter, in FY 2000-01 a base amount of funding was established, which is adjusted annually by the percent increase or decrease in ADR. Proposition C, approved by voters in November 2014, amended the Charter to exclude medical health services as an eligible service. As a result, and as part of establishing the Disconnected Transitional-Aged Youth Baseline, the Controller reviewed City appropriations included in the fund and excluded medical health services and other expenditures now mandated by state law. The Controller then recalculated City appropriations as a percentage of ADR to arrive at an adjusted baseline rate. The required

Children's baselines for FY 2024-25 and FY 2025-26 are $218.9 million and $226.5 million, respectively. The Mayor's proposed budget includes Children's Baseline appropriations of $220.4 million and $232.7 million, which exceed the minimum requirement by $1.5 million in FY 2024-25 and $6.2 million in FY 2025-26.

5. Disconnected Transitional-Aged Youth Baseline

November 2014 Proposition C amended Charter Section 16.108 to increase the Children's Baseline to include services for Disconnected Transitional-Aged Youth (TAY), known as the TAY Baseline. The Charter requires that the TAY Baseline be added to the Children's Baseline, however, it is tracked separately for reporting purposes. The TAY Baseline amount was established in FY 2013-14 and like the Children's Baseline, is adjusted annually by the percent increase or decrease in ADR. The required baselines for FY 2024-25 and FY 2025-26 are $26.3 million and $27.2 million, respectively. The Mayor's proposed budget includes TAY eligible baseline appropriations of $36.9 million and $39.3 million, which exceed the minimum requirement by $10.6 million in FY 2024-25 and $12.1 million in FY 2025-26.

6. Early Care and Education Baseline

The Commercial Rent Tax for Early Care and Education authorized by Proposition C in June 2018 established a requirement to maintain spending on early childhood care and education at FY 2017-18 budgeted levels, adjusted annually by the percent increase or decrease in ADR. The City may suspend growth in baseline funding when the City forecasts a budget deficit of $203.9 million or greater in FY 2024-25; thus, the FY 2024-25 baseline is frozen for two years in a row at FY 2022-23 levels. Absent the suspension of growth, the baseline requirement would have been $95.3 million in FY 2024-25 and $97.0 million in FY 2025-26. However, an ordinance was submitted as part of trailing legislation to modify the baseline funding requirements for early care and education programs in FY 2024-25 through FY 2027-28 to enable the City to use the interest earned from the Early Care and Education Commercial Rents Tax as a credit toward the baseline amount. The credited amount is adjusted based on the latest projected interest revenue. Currently, the authorized credit amount is up to $16.6 million for FY 2024-25, and up to $16.9 million for FY 2025-26 (a credit of $20.0 million was approved for FY 2023-24 via through ordinance 176-23). The adjusted baseline requirement is $77.2 million in FY 2024-25 and $80.1 million in FY 2025-26.

	FY2023-24 Original Budget	FY2024-25 Proposed Budget	FY2025-26 Proposed Budget
Original Baseline Requirement	$ 94.6	$ 95.3	$ 97.0
Adjusted Amount Due to Deficit Trigger	$ 93.8	$ 93.8	N/A
* Credit Against Requirement From Interest	$ (20.0)	$ (16.6)	$ (16.9)
Final Baseline Requirement Amount	$ 73.8	$ 77.2	$ 80.1

* Legislative amendment

The proposed budget appropriates $77.2 million in FY 2024-25 and $80.1 million in FY 2025-26 of baseline-eligible spending, the minimum requirement assuming passage of trailing legislation. See Appendix 5 for further discussion of the Babies and Families First Fund, which was established along with the Early Care and Education baseline.

7. Public Education Services Baseline

Charter Section 16.123-2 established a Public Education Enrichment Fund. Consistent with the Charter, in FY 2001-02 a base amount of funding was established, which is adjusted annually by the percent increase or decrease in ADR. The Mayor's proposed budget includes the required $13.1 million in FY 2024-25 and $13.6 million in FY 2025-26 for this baseline.

8. Public Education Enrichment Fund Annual Contribution

In addition to the Public Education Services Baseline, Charter Section 16.123-2 requires the City to support education initiatives with annual contributions equal to the City's total contribution in the prior year, adjusted for the change in ADR. The proposed budget includes $138.5 million and $143.3 million for the Public Education Enrichment Fund Annual Contribution in FY 2024-25 and FY 2025-26, respectively. One-third of the contribution supports the Preschool for All program at the Department of Early Childhood and two-thirds of the contribution supports programming at the San Francisco Unified School District.

9. Student Success Fund

Proposition G (November 2022) added Charter Section 16.131, which established a Student Success Fund to provide grants to the San Francisco Unified School District (SFUSD) and schools in the District to implement programs that improve academic achievement and social/emotional wellness. The measure requires an annual appropriation in a designated amount to the Fund for 15 years. The required contribution amounts of $35.0 million in FY 2024-25 and $45.0 million in FY 2025-26 are appropriated in the proposed budget.

10. Recreation & Parks Baseline

June 2016 Proposition B amended the Charter to require an annual contribution from the General Fund to the Recreation and Parks Department, increasing by $3.0 million per year for the next ten fiscal years, and then adjusted by changes in ADR. The City may suspend growth in baseline funding when the City forecasts a budget deficit exceeding an annually calculated threshold, which in FY 2024-25 is $266.6 million. The FY 2024-25 deficit reported in the March Update to the Joint Report was $235.9 million, below the threshold. The baseline requirement is $85.2 million and $88.2 million in FY 2024-25 and FY 2025-26, respectively. The Mayor's proposed budget includes General Fund appropriations of $88.0 million and $90.2 million, which exceed the minimum requirement by $2.9 million in FY 2024-25 and $2.0 million in FY 2025-26.

11. Housing Trust Fund

In 2012, voters established the Housing Trust Fund (Charter section 16.110), which requires an annual contribution from the General Fund to the Housing Trust Fund of $20.0 million beginning in FY 2013-14 and increasing annually by $2.8 million. In FY 2021-22, the budget funded the Housing Trust Fund at $60.0 million, $17.6 million more than the required amount. FY 2021-22 Administrative provision Section 11.25 of the Annual Appropriations Ordinance directs the Controller to credit the $17.6 million as an advance against required appropriations of the Housing Trust Fund, with a required annual repayment to the General Fund of $3.52 million beginning in FY 2023-24 for five years. This has the effect of lowering the required funding amount by $3.52 million in each year, from FY 2023-24 through FY 2027-28. The Mayor's proposed budget meets required funding levels of $47.3 million and $49.0 million in FY 2024-25 and FY 2025-26, respectively.

12. Dignity Fund

In November 2016, voters approved Proposition I, establishing the Dignity Fund to support programming for seniors and adults with disabilities. Charter section 16.128-3 establishes a baseline contribution from the General Fund to the Dignity Fund of $38.1 million beginning in FY 2016-17, increasing by $6.0 million in FY 2017-18 and by $3.0 million per year from FY 2018-19 through FY 2026-27. From FY 2027-28 and beyond, the baseline is adjusted by the percentage increase or decrease in ADR. The City may suspend growth in baseline funding when the City forecasts a budget deficit of $246.3 million or greater in FY 2024-25. The FY 2024-25 deficit reported in the March Update to the Joint Report was $235.9 million, below the threshold. The Mayor's proposed budget includes the required General Fund appropriations of $59.1 million and $62.1 million in FY 2024-25 and FY 2025-26, respectively.

13. Street Tree Maintenance Fund

In November 2016, voters approved Proposition E, establishing the Street Tree Maintenance Fund to maintain the City's street trees. Charter section 16.129 establishes a baseline contribution from the General Fund to the Street Tree Maintenance Fund of $19.0 million in FY 2017-18 and adjusted by the percentage increase or decrease in ADR every year thereafter. The City may suspend growth in baseline funding when the City forecasts a budget deficit of $203.9 million or greater in FY 2024-25. Because the FY 2024-25 deficit reported in the March Update to the Joint Report was $235.9 million, growth is suspended for two years in a row. FY 2024-25 baseline appropriations remain at FY 2022-23 levels of $23.0 million. The Mayor's proposed budget includes the required total funding of $23.0 million and $23.8 million in FY 2024-25 and FY 2025-26, respectively.

14. Municipal Symphony Baseline

Charter Section 16.106(1) mandates that the City provide an appropriation equivalent to 1/8 of $0.01 of each $100 of assessed valuation of property tax for the San Francisco Municipal Symphony Orchestra. Based on budgeted assumptions of assessed valuation, the required funding for the Municipal Symphony Baseline is $4.4 million in FY 2024-25 and $4.5 million in FY 2025-26.

15. City Services Auditor Baseline

Charter Section F1.113, approved by voters through Proposition C in November 2003, established the Controller's Audit Fund with a baseline funding amount of 0.2 percent of the City budget to fund audits of City services. The Mayor's proposed budget includes $28.1 million in FY 2024-25 and $27.4 million in FY 2025-26 for the City Services Auditor baseline.

16. Our City, Our Home Baseline

The Homeless Gross Receipts Tax authorized by November 2018 Proposition C established a requirement to maintain homelessness spending at FY 2017-18 budgeted levels. The base amount of funding was subsequently calculated to be $215.0 million. This requirement is calculated by totaling all Proposition C-eligible spending, excluding the Our City, Our Home special revenue fund. The calculation includes spending in the General Fund, various special revenue funds, and other funds. The proposed budget appropriates $423.2 million in FY 2024-25 and $415.3 million in FY 2025-26 of baseline-eligible spending, exceeding the requirement by $208.2 million in FY 2024-25 and $200.3 million in FY 2025-26. See Appendix 5 for further discussion of the Our City Our Home Fund, which was established along with the baseline.

Appendix 5. Other Funds

This section includes a discussion of various other governmental funds with significant revenue issues, including Our City, Our Home Fund; the Babies and Families First Fund; and Opioid Settlement Fund; and others.

OUR CITY, OUR HOME FUND

The Our City, Our Home Fund (OCOH) was authorized by November 2018 Proposition C. The initiative imposes a special purpose tax of varying rates by industry, on businesses with gross receipts of more than $50 million. Uses of these funds are restricted by formula to four major categories: permanent housing, mental health, prevention, and shelter and hygiene. This allocation methodology among the permanent housing, prevention, and shelter categories was temporarily altered in FY 2023-24 and FY 2024-25 by ordinance 185-23. Another ordinance is proposed with the Mayor's budget to allow the City to use $13.7 in interest revenue from the Our City, Our Home Fund for certain types of services to address homelessness and suspending the limit on funding for short-term rental subsidies in FY 2024-25.

Exhibit 5-5. Our City, Our Home (OCOH) Fund Sources ($ millions)

Sources of Funds	FY 2023-24 Budget	FY 2024-25 Proposed	FY 2025-26 Proposed
Homelessness Gross Receipts Tax	293.5	274.1	280.0
Interest Revenue	12.6	22.0	22.4
Use of Fund Balance	25.9	175.2	70.0
Total	$332.0	$471.3	$372.3

FY 2024-25 homelessness gross receipts tax is budgeted at $274.1 million, which is $19.4 million (6.6 percent) less than the FY 2023-24 budget. FY 2025-26 homelessness gross receipts tax is budgeted at $280.0 million, which is $5.9 million (2.2 percent) more than the proposed FY 2024-25 budget. The homelessness gross receipts tax forecast largely shares the same underlying economic assumptions as the General Fund business tax forecast discussed in Appendix 1. However, the homelessness gross receipts (HGR) tax base is much narrower than the General Fund business tax base because HGR is only applicable to the largest businesses. Thus, the revenue generated by this tax is highly volatile. Furthermore, unlike the General Fund, the OCOH Fund's primary source is the homelessness gross receipts tax, which makes this fund more susceptible to this risk.

The budget assumes $172.2 million use of fund balance in FY 2024-25 and $70.0 million use of fund balance in FY 2025-26. Of this, $15.6 million in FY 2024-25 represents interest earnings from prior years. To support future spending, the departments will de-appropriate the following budgets and re-appropriate the remaining budgeted amounts in the fund, as authorized by Administrative Provision 12.10 of the Annual Appropriations Ordinance.

BABIES AND FAMILIES FIRST FUND

The Babies and Families First Fund was established by June 2018 Proposition C. The ordinance imposes a special purpose tax on businesses leasing commercial space in the City, the commercial rents tax. The tax rate is 1 percent on amounts a business receives from the lease or sublease of warehouse space and 3.5 percent on amounts a business receives from the lease or sublease of other commercial spaces. Uses of these funds are restricted to spending on early care and education for children under six years old.

Exhibit 5-7. Babies and Families First Fund Sources ($ millions)

Sources of Funds	FY 2023-24 Budget	FY 2024-25 Proposed	FY 2025-26 Proposed
Commercial Rent Tax (CRT)	189.0	187.3	184.4
Interest Revenue	11.2	16.6	16.8
Use of Fund balance	9.8	0.0	0.0
	$210.0	$203.9	$201.3

Commercial rents tax is budgeted at $187.3 million in FY 2024-25, which is $1.7 million (0.9 percent) less than the FY 2023-24 budget. FY 2025-26 commercial rents tax is budgeted at $184.4 million, which is $2.9 million (1.5 percent) less than the proposed FY 2024-25 budget. The commercial rents tax is expected to be a relatively stable source because commercial rent agreements tend to be several years in duration. However, office vacancies in San Francisco are expected to remain high through FY 2027-28. As businesses relinquish their office space over time, rents are expected to fall, reducing the tax base. This fund's only source is the commercial rents tax, which exposes the fund to more risk than funds with more diversified sources like the General Fund. At the end of FY 2023-24, the Babies and Families First Fund is expected to have $66.6 million of unappropriated fund balance and $455.2 million of unspent carryforward budget. Interest income is budgeted at $16.6 million in FY 2024-25 and $16.8 million in FY 2025-26. This interest forecast assumes the historical spending rates and no significant change in cash balances. As the department spends prior year appropriations, cash balances will decrease, and interest revenue will fall accordingly.

OPIOID SETTLEMENTS FUND

The Opioid Settlements Fund was established in FY 2022-23 to record the proceeds of various local and national legal settlements related to the sale and distribution of opioids.

Opioid settlement revenue is budgeted at $29.9 million in FY 2024-25, which is $22.8 million (43.2 percent) less than the FY 2023-24 budget. FY 2025-26 opioid settlement revenue is budgeted at $30.8 million, which is $0.9 million (3.0 percent) higher than FY 2024-25 proposed budget. In addition, the budget assumes $24.0 million of use of fund balance, which represents an unappropriated settlement payment that is expected to be received in FY 2023-24. Revenue in the fund is front-loaded, reflecting the City's strategy of negotiating larger payments in the early years of certain settlements to help guard against the revenue effect of a bankruptcy filing by any of the payees.

ADDITIONAL FUNDS

The following funds require current year project closeouts to achieve the levels of fund balance assumed in the FY 2024-25 and FY 2025-26 proposed budgets, as authorized by Administrative Provision 12.10 of the Annual Appropriations Ordinance.

Controller's Review

Mayor's Proposed Budget for FY 2024-25 and FY 2025-26

Office of the Controller

Budget and Analysis Division

June 12, 2024

Overview

Charter Section 9.102 requires the Controller to comment on the reasonableness of economic assumptions and revenue estimates in the Mayor's proposed budget.

We find the revenue to be reasonable but note that the budget relies heavily on one-time funds, and a structural gap near $800m is likely to persist.

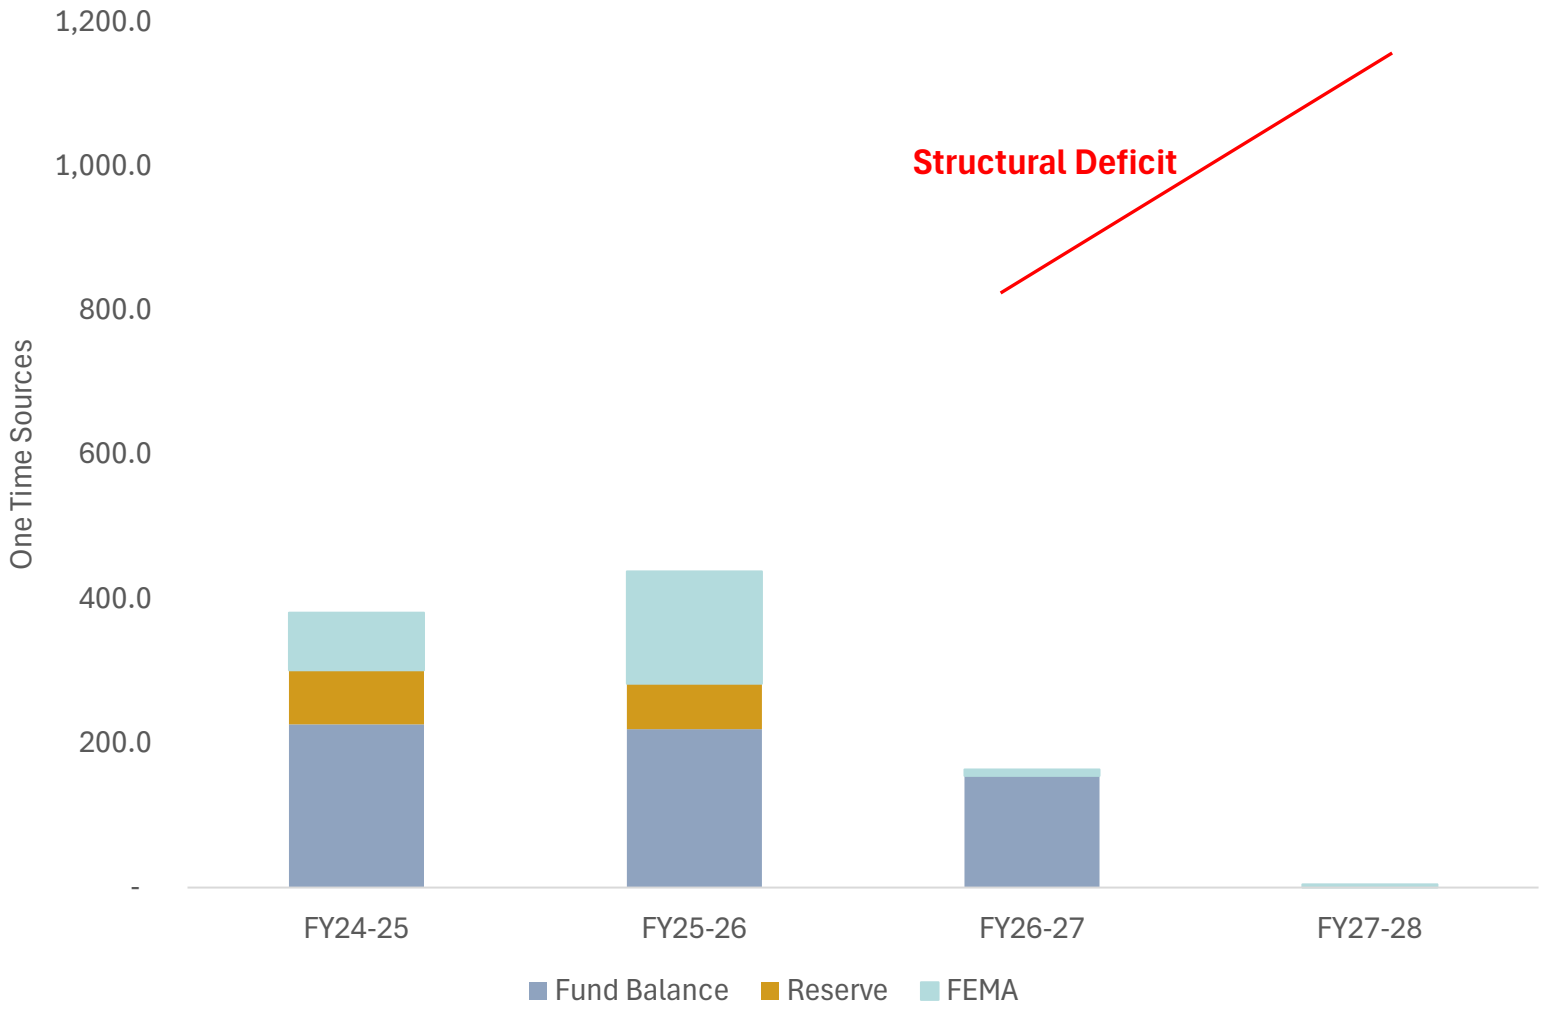
Key Findings

- **Tax revenue projections generally assume a continuing but slow economic recovery from the pandemic, with a significant drag created by the continuing effect of remote office work on economic activity in the City.** Most economically sensitive taxes, such as sales and hotel taxes, are projected to grow slowly during the coming two years, but in most cases remain below pre-pandemic levels.
- **The proposed budget assumes $1 billion of General Fund-related one-time solutions over the two budget years, including:**
  - Drawdown of $445.5 million in prior year fund balance, including $106.1 million in prior year General Fund appropriations the Mayor's budget proposes to close. Accelerates use of fund balance, spending $45.2 million previously held to address the FY 2026-27 shortfall.
  - $235.7 million of FEMA reimbursement for previously incurred emergency response costs
  - $138.3 million of reserve drawdowns
  - At least $82.5 million of other one-time revenue in General Fund-supported funds.
  - At least $137.6 million of short-term cost shifts in other funds, with a significant portion designed to achieve General Fund savings.

Key Findings

- **The proposed budget makes minimal progress towards closing projected structural budget gaps in years beyond the coming two-year budget period.** As one-time solutions are depleted, the structural budget gap will become larger, making future budgets more difficult to close. The March 2024 Joint report forecasted a structural budget gap of $927 million in FY 2026-27, growing in subsequent years, absent ongoing corrective action by policy makers. Given our preliminary review of the mix of ongoing and one-time solutions proposed in the Mayor's budget, as well as known labor contract costs above the previously assumed levels in FY 2026-27, the shortfall likely remains more than $800 million in FY 2026-27, growing in subsequent years.
- **The final adopted budget will require active monitoring and management by the Mayor and Board of Supervisors given a number of economic and financial risks.** These risks include the possibility of a slowing economic recovery or a recession, risks associated with both State and Federal revenue streams, and financial impacts of potential November 2024 ballot measures.

Heavy reliance on one-time solutions results in minimal progress toward structural deficit… with potential additional costs ahead.



Legislative Requirements and Proposals

- **The Mayor's proposed budget adheres to voter-adopted spending mandates, provided modifications to two requirements are adopted by the Board of Supervisors.** With the adoption of budget trailing legislation, voter-adopted spending requirements would be met, or exceeded, at a total cost of $2.1 billion and $2.2 billion in the two fiscal years. The March 2024 Update to the Five-Year Financial Plan forecasted a FY 2024-25 deficit of $235.9 million, resulting in the suspension of required growth to the Early Care and Education and Street Tree Maintenance Fund baselines in FY 2024-25.
- **The proposed budget does not assume voter approval of potential measures on the November 2024 ballot.** Proposals with major fiscal impacts appear to include retirement plan changes for public safety employees, baseline funding for seniors and family housing, a new business tax on transportation network companies and autonomous vehicle businesses, and a local small business tax cut ordinance. Depending on which are placed on the ballot and approved by voters, these measures could significantly increase future deficits.
- **Minimum Compensation Rate**. The Mayor introduced legislation with the prior year's budget that would increase the minimum compensation rate in steps. For nonprofit organizations, the rate would be set at $20.25 on July 1, 2024, $21.55 on July 1, 2025, and $23.00 on January 1, 2026. For public entities, the rate would be $21.50 on July 1, 2024, $22.00 on January 1, 2025, $22.50 on July 1, 2025, and $23.00 January 1, 2026. The Mayor's budget is sufficient to fund the impacts of the minimum compensation increases. These compensation increases, therefore, will be effective July 1, 2024.

BE IT ORDAINED BY THE PEOPLE OF THE CITY AND COUNTY OF SAN FRANCISCO.

SECTION 3. General Authority.

The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

SECTION 3.1 Two-Year Budget.

For departments for which the Board of Supervisors has authorized, or the Charter requires, a fixed two-year budget, appropriations in this ordinance shall be available for allotment by the Controller on July 1st of the fiscal year in which appropriations have been approved. The Controller is authorized to adjust the two-year budget to reflect transfers and substitutions consistent with City's policies and restrictions for such transfers. The Controller is further authorized to make adjustments to the second year budgets consistent with Citywide estimates for salaries, fringe benefits, and work orders.

SECTION 4. Interim Budget Provisions.

All funds for equipment and new capital improvements shall be held in reserve until final enactment of the budget. No new equipment or capital improvements shall be authorized during the interim period other than equipment or capital improvements that, in the discretion of the Controller, is reasonably required for the continued operation of existing programs or projects previously approved by the Board of Supervisors. Authorization for the purchase of such equipment may be approved by the Board of Supervisors.

During the period of the interim Annual Appropriation Ordinance and interim Annual Salary Ordinance, no transfer of funds within a department shall be permitted without approval of the Controller, Mayor's Budget Director and the Chair of the Budget and Finance Committee.

When the Budget and Finance Committee or Budget and Appropriations Committee reserves selected expenditure items pending receipt of additional information from departments, upon receipt of the required information to the satisfaction of that committee, the Controller may release the previously reserved funds with no further action required by the Board of Supervisors.

If the Budget and Finance Committee or Budget and Appropriations Committee recommends a budget that increases funding that was deleted in the Mayor’s Budget, the Controller shall have the authority to continue to pay these expenses until final enactment of the budget.

SECTION 4.1 Interim Budget – Positions.

No new position may be filled in the interim period with the exception of those positions which in the discretion of the Controller are critical for the operation of existing programs or for projects previously approved by the Board of Supervisors or are required for emergency operations or where such positions would result in a net increase in revenues or where such positions are required to comply with law. New positions shall be defined as those positions that are enumerated in the Mayor's budget for the current fiscal year but were not enumerated in the appropriation and salary ordinances for the prior fiscal year, as amended, through June 30 of the prior fiscal year. In the event the Mayor has approved the reclassification of a position in the department's budget for the current fiscal year, the Controller shall process a temporary or “tx" requisition at the request of the department and

subject to approval of the Human Resources Director. Such action will allow for the continued employment of the incumbent in their former position pending action on the proposed reclassifications.

If the Budget and Finance Committee or Budget and Appropriations Committee of the Board of Supervisors recommends a budget that reinstates positions that were deleted in the Mayor's Budget, the Controller and the Human Resources Director shall have the authority to continue to employ and pay the salaries of the reinstated positions until final enactment of the budget.

SECTION 5. Transfers of Functions and Duties.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized and directed to make the related transfer of funds, provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service.

Where a duty or performance has been transferred from one department to another or departmental reorganization is effected as provided in the Charter, in addition to any required transfer of funds, the Controller and Human Resources Director are authorized to make any personnel transfers or reassignments between the affected departments and appointing officers at a mutually convenient time, not to exceed 100 days from the effective date of the ordinance or Mayoral memorandum transferring the duty or function. The

Controller, the Human Resources Director and Clerk of the Board of Supervisors, with assistance of the City Attorney, are hereby authorized and directed to make such changes as may be necessary to conform all applicable ordinances to reflect said reorganization, transfer of duty or performance between departments.

SECTION 5.1 Agencies Organized under One Department.

Where one or more offices or agencies are organized under a single appointing officer or department head, the component units may continue to be shown as separate agencies for budgeting and accounting purposes to facilitate reporting. However, the entity shall be considered a single department for purposes of employee assignment and seniority, position transfers, and transfers of monies among funds within the department, and reappropriation of funds.

SECTION 5.2 Continuing Funds Appropriated.

In addition to the amount provided from taxes, the Controller shall make available for expenditure the amount of actual receipts from special funds whose receipts are continuously appropriated as provided in the Municipal Codes.

SECTION 5.3 Multi-Year Revenues.

In connection with money received in one fiscal year for departmental services to be performed in a subsequent year, the Controller is authorized to establish an account for depositing revenues that are applicable to the ensuing fiscal year, said revenue shall be carried forward and become a part of the funds available for appropriation in said ensuing fiscal year.

SECTION 5.4 Contracting Funds.

All money received in connection with contracts under which a portion of the moneys received is to be paid to the contractors and the remainder of the moneys received inures to the City shall be deposited in the Treasury.

(a) That portion of the money received that under the terms of the contract inures to the City shall be deposited to the credit of the appropriate fund.

(b) That portion of the money received that under the terms of the contracts is to be paid to the contractor shall be deposited in special accounts and is hereby appropriated for said purposes.

SECTION 5.5 Real Estate Services.

Rents received from properties acquired or held in trust for specific purposes are hereby appropriated to the extent necessary for maintenance of said properties, including services of the General Services Agency.

Moneys received from lessees, tenants or operators of City-owned property for the specific purpose of real estate services relative to such leases or operating agreements are hereby appropriated to the extent necessary to provide such services.

SECTION 5.6 Collection Services.

In any contracts for the collection of unpaid bills for services rendered to clients, patients or both by the Department of Public Health in which said unpaid bills have not become delinquent pursuant to Article V of Chapter 10 of the Administrative Code, the Controller is

hereby authorized to adjust the estimated revenues and expenditures of the various divisions and institutions of the Department of Public Health to record such recoveries. Any percentage of the amounts, not to exceed 25 percent, recovered from such unpaid bills by a contractor is hereby appropriated to pay the costs of said contract. The Controller is authorized and is hereby directed to establish appropriate accounts to record total collections and contract payments relating to such unpaid bills.

SECTION 5.7 Contract Amounts Based on Savings.

When the terms of a contract provide for payment amounts to be determined by a percentage of cost savings or previously unrecognized revenues, such amounts as are actually realized from either said cost savings or unrecognized revenues are hereby appropriated to the extent necessary to pay contract amounts due. The Controller is authorized and is hereby directed to establish appropriate accounts to record such transactions.

SECTION 6. Bond Interest and Redemption.

In the event that estimated receipts from other than utility revenues, but including amounts from ad-valorem taxes, shall exceed the actual requirements for bond interest and redemption, said excess shall be transferred to a General Bond Interest and Redemption Reserve account. The Bond Interest and Redemption Reserve is hereby appropriated to meet debt service requirements including printing of bonds, cost of bond rating services, funds due to the Internal Revenue Service and the legal opinions approving the validity of bonds authorized to be sold not otherwise provided for herein.

Issuance, legal and financial advisory service costs, including the reimbursement of departmental services in connection therewith, for debt instruments issued by the City, to the

extent approved by the Board of Supervisors in authorizing the debt, may be paid from the proceeds of such debt and are hereby appropriated for said purposes.

To the extent bond rating fees are incurred and payable prior to the issuance of Board of Supervisors authorized Certificates of Participation due to unexpected changes in market conditions causing a delay in issuance, such fees may be paid from funds appropriated for annual Certificates of Participation debt service that exceed the actual requirements for bond interest and redemption.

SECTION 7. Allotment Controls.

Since several items of expenditures herein appropriated are based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, of such duration as the Controller may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates periodically. If such revised estimates indicate a shortage, the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for such department.

The Controller in issuing payments or in certifying contracts, purchase orders or other encumbrances pursuant to Section 3.105 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not

approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of allotment, an additional allotment for a period may be made on the recommendation of the department head and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the allotment schedule so established,
unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by transfers or supplemental appropriations made in the manner provided by Section 9.105 of the Charter.

SECTION 7.1 Prior Year Encumbrances.

The Controller is hereby authorized to establish reserves for the purpose of providing funds for adjustments in connection with liquidation of encumbrances and other obligations of prior years.

SECTION 7.2 Equipment Purchases.

Funds for the purchase of items of equipment having a significant value of under $20,000 and a useful life of three years and over shall only be purchased from appropriations specifically provided for equipment or lease-purchased equipment, including equipment from capital projects. Departments may purchase additional or replacement equipment from previous equipment or lease-purchase appropriations, or from citywide equipment and other non-

salary appropriations, with approval of the Mayor's Office and the Controller.

Where appropriations are made herein for the purpose of replacing automotive and other equipment, the equipment replaced shall be surrendered to the General Services Agency and shall be withdrawn from service on or before delivery to departments of the new automotive equipment. When the replaced equipment is sold, in lieu of being traded-in, the proceeds shall be deposited to a revenue account of the related fund. Provided, however,
that so much of said proceeds as may be required to affect the purchase of the new equipment is hereby appropriated for the purpose. Funds herein appropriated for automotive equipment shall not be used to buy a replacement of any automobile superior in class to the one being replaced unless it has been specifically authorized by original appropriation ordinance.

Appropriations of equipment from current funds shall be construed to be annual appropriations and unencumbered balances shall lapse at the close of the fiscal year.

SECTION 7.3 Enterprise Deficits.

Funds appropriated herein to meet estimated enterprise deficits shall be made available to each such enterprise only to the extent that an actual deficit shall exist and not to exceed the amount herein provided. Any amount not required for the purpose of meeting an enterprise fund deficit shall be transferred back to the General Fund at the end of each fiscal year unless otherwise appropriated by ordinance.

SECTION 7.4 Public Utilities Commission Debt Service.

The San Francisco Public Utilities Commission shall, in coordination with the Controller's Office, record and report the use of debt service appropriations in their respective debt

service funds consistent with the Schedule of Bond Redemption and Interest Statement included herein and as required pursuant to Governmental Accounting Standards Board (GASB) and Generally Accepted Accounting Principles (GAAP) accounting rules, requirements and practices. The Controller is hereby authorized to make all associated net-zero appropriation transfers to ensure compliant financial reporting.

SECTION 8. Expenditure Estimates.

Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of the department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

SECTION 8.1 State and Federal Funds.

The Controller is authorized to increase Federal and State funds that may be claimed due to new General Fund expenditures appropriated by the Board of Supervisors. The Human Resources Director is authorized to add civil service positions required to implement the programs authorized by these funds. The Controller and the Human Resources Director shall report to the Board of Supervisors any actions taken under this authorization before the Board acts on the Annual Appropriation and Annual Salary Ordinances.

SECTION 8.2 State and Federal Funding Restorations.

If additional State or Federal funds are allocated to the City to backfill State reductions, the Controller shall backfill any funds appropriated to any program to the General Reserve.

SECTION 8.3 Process for Addressing General Fund Revenue Shortfalls

Upon receiving Controller estimates of revenue shortfalls that exceed the value of the General Reserve and any other allowances for revenue shortfalls in the adopted City budget, the Mayor shall inform the Board of Supervisors of actions to address this shortfall. The Board of Supervisors may adopt an ordinance to reflect the Mayor's proposal or alternative proposals in order to balance the budget.

SECTION 9. Interdepartmental Services.

The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 3.105 of the Charter, and to provide for the establishment of interdepartmental reserves which may be required to pay for future obligations which result from current performances. Whenever in the judgment of the Controller, the amounts which have been set aside for such purposes are no longer required or are in excess of the amount which is then currently estimated to be required, the Controller shall transfer the amount no longer required to the fund balance of the particular fund of which the reserve is a part. Provided further that no expenditure shall be made for personnel services, rent, equipment and capital outlay purposes from any interdepartmental reserve or work order fund without specific appropriation by the Board of Supervisors.

The amount detailed in departmental budgets for services of other City departments cannot be transferred to other spending categories without prior agreement from both the requesting and performing departments.

The Controller, pursuant to the provisions of Charter Section 3.105, shall review and may

adjust charges or fees for services that may be authorized by the Board of Supervisors for the administration of the Technology Marketplace. Such fees are hereby appropriated for that purpose.

SECTION 10. Positions in the City Service.

Department heads shall not make appointments to any office or position until the Controller shall certify that funds are available.

Funds provided herein for salaries or wages may, with the approval of the Controller, be used to provide for temporary employment when it becomes necessary to replace the occupant of a position while on extended leave without pay, or for the temporary filling of a vacancy in a budgeted position. The Controller is authorized to approve the use of existing salary appropriations within departments to fund permanent appointments of up to six months to backfill anticipated vacancies to ensure implementation of successful succession plans and to facilitate the transfer of mission critical knowledge. The Controller shall provide a report to the Board of Supervisors every six months enumerating permanent positions created under this authority.

Appointments to seasonal or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

The Controller shall be immediately notified of a vacancy occurring in any position.

SECTION 10.1 Positions, Funds, and Transfers for Specific Purposes.

Funds for personnel services may be transferred from any legally available source on the

recommendation of the department head and approval by the City Administrator, Board or Commission, for departments under their respective jurisdiction, and on authorization of the Controller with the prior approval of the Human Resources Director for:

(a) Lump sum payments to officers, employees, police officers and fire fighters other than elective officers and members of boards and commissions upon death or retirement or separation caused by industrial accident for accumulated sick leave benefits in accordance with Civil Service Commission rules.

(b) Payment of the supervisory differential adjustment, out of class pay or other negotiated premium to employees who qualify for such adjustment provided that the transfer of funds must be made from funds currently available in departmental personnel service appropriations.

(c) Payment of any legal salary or fringe benefit obligations of the City including amounts required to fund arbitration awards.

(d) The Controller is hereby authorized to adjust salary appropriations for positions administratively reclassified or temporarily exchanged by the Human Resources Director provided that the reclassified position and the former position are in the same functional area.

(e) Positions may be substituted or exchanged between the various salary appropriations or position classifications when approved by the Human Resources Director as long as said transfers do not increase total departmental personnel service appropriations.

(f) The Controller is hereby authorized and directed upon the request of a department

head and the approval by the Mayor's Office to transfer from any legally available funds amounts needed to fund legally mandated salaries, fringe benefits and other costs of City employees. Such funds are hereby appropriated for the purpose set forth herein.

Should the Treasure Island property be conveyed and deed transferred from the Federal Government, the Controller is hereby authorized to make budgetary adjustments necessary to ensure that there is no General Fund impact from this conveyance, and that expenditures of special assessment revenues conform to governmental accounting standards and requirements of the special assessment as adopted by voters and approved by the Board of Supervisors.

SECTION 12.9 Hetch Hetchy Power Stabilization Fund.

Hetch Hetchy has entered into a long-term agreement to purchase a fixed amount of power. Any excess power from this contract will be sold back to the power market.

To limit Hetch Hetchy's risk from adverse market conditions in the future years of the contract, the Controller is authorized to establish a power stabilization account that reserves any excess revenues from power sales in the early years of the contract. These funds may be used to offset potential losses in the later years of the contract. The balance in this fund may be reviewed and adjusted annually.

The power purchase amount reflected in the Public Utility Commission's expenditure budget is the net amount of the cost of power purchased for Hetch Hetchy use. Departments must obtain Board of Supervisors' approval prior to any expenditure supported by increasing baseline allocations as required under the Charter and the Municipal Code.

The Controller is authorized to increase or decrease final budgetary allocation of parking tax in-lieu transfers to reflect actual collections to the Municipal Transportation Agency. Pursuant to Board of Supervisors Ordinance 215-12, the Successor Agency to the San Francisco Redevelopment Agency (also known as the Office of Community Investment and

Infrastructure, or OCII) is a separate legal entity from the City and its budget is subject to separate approval by resolution of the Board of Supervisors. The Controller is authorized to transfer funds and appropriation authority between and within accounts related to former San Francisco Redevelopment Agency (SFRA) fund balances to serve the accounting requirements of the OCII, the Port, the Mayor's Office of Housing and the City Administrator's office and to comply with State requirements and applicable bond covenants.

The Purchaser is authorized to allow the OCII and departments to follow applicable contracting and purchasing procedures of the former SFRA and waive inconsistent provisions of the San Francisco Administrative Code when managing contracts and purchasing transactions related to programs formerly administered by the SFRA.

If during the course of the budget period, the OCII requests departments to provide additional services beyond budgeted amounts and the Controller determines that the Successor Agency has sufficient additional funds available to reimburse departments for such additional services, the departmental expenditure authority to provide such services is hereby appropriated.

When 100% of property tax increment revenues for a redevelopment project area are pledged based on an agreement that constitutes an enforceable obligation, the Controller will increase or decrease appropriations to match actual revenues realized for the project area.

The Mayor's Office of Housing and Community Development is authorized to act as the fiscal agent for the Public Initiatives Development Corporation (PIDC) and receive and disburse PIDC funds as authorized by the PIDC bylaws and the PIDC Board of Directors.

SECTION 12.14 CleanPowerSF.

CleanPowerSF customer payments and all other associated revenues deposited in the CleanPowerSF special revenue fund are hereby appropriated in the amounts actually received by the City in each fiscal year. The Controller is authorized to disburse the revenues appropriated by this section as well as those appropriated yet unspent from prior fiscal years to pay power purchase obligations and other operating costs as provided in the program plans and annual budgets, as approved by the Board of Supervisors for the purposes authorized therein.

SECTION 12.15 Unclaimed Funds Escheatment Noticing & Accounting Procedures

Pursuant to Government Code Sections 50055 and 50057, the Board of Supervisors authorizes the Treasurer to transfer to the General Fund without publication of a notice in a newspaper the following amounts that remain unclaimed in the treasury of the City or in the official custody of an officer of the City for a period of at least one year: (1) any individual items of less than $15; and (2) any individual items of $5,000 or less if the depositor's name is unknown. The Treasurer shall notify the Controller of transfers performed using this authorization.

SECTION 14. Departments.

The term department as used in this ordinance shall mean department, bureau, office, utility, agency, board or commission, as the case may be. The term department head as used herein shall be the chief executive duly appointed and acting as provided in the Charter. When one or more departments are reorganized or consolidated, the former entities may be displayed as separate units, if, in the opinion of the Controller, this will facilitate accounting or reporting.

(a) The Public Utilities Commission shall be considered one entity for budget purposes and for disbursement of funds within each of the enterprises. The entity shall retain its enterprises, including Water, Hetch Hetchy, Wastewater, and the Public Utilities Commission, as separate utility fund enterprises under the jurisdiction of the Public Utilities Commission and with the authority provided by the Charter. This section shall not be construed as a merger or completion of the Hetch Hetchy Project, which shall not be deemed completed until a specific finding of completion has been made by the Public Utilities Commission. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

(b) There shall be a General Services Agency, headed by the City Administrator, including the Department of Public Works, the Department of Telecommunication and Information Services, and the Department of Administrative Services. The City Administrator shall be considered one entity for budget purposes and for disbursement of funds.

(c) There shall be a Human Services Agency, which shall be considered one entity for budget purposes and for disbursement of funds. Within the Human Services Agency shall be two departments: (1) the Department of Human Services, under the Human Services Commission, and (2) the Department of Disability and Aging Services ("DAAS"), under the Disability and Aging Services Commission, includes Adult Protective Services, the Public Administrator/Public Guardian, the Mental Health Conservator, the Department of Disability and Aging Services, the County Veterans' Service Officer, and the In-Home Supportive Services Program. This budgetary structure does not affect the legal status or structure of the two departments. The Human Resources Director and the Controller are authorized to transfer employees, positions, and funding in order to effectuate the transfer of the program

from one department to the other. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

The departments within the Human Services Agency shall coordinate with each other and with the Disability and Aging Services Commission to improve delivery of services, increase administrative efficiencies and eliminate duplication of efforts. To this end, they may share staff and facilities. This coordination is not intended to diminish the authority of the Disability and Aging Services Commission over matters under the jurisdiction of the Commission.

The Director of the Aging and Adult Services Commission also may serve as the department head for DAAS, and/or as a deputy director for the Department of Human Services, but shall receive no additional compensation by virtue of an additional appointment. If an additional appointment is made, it shall not diminish the authority of the Aging and Adult Services Commission over matters under the jurisdiction of the
Commission.

(d) The Local Agency Formation Commission (LAFCo) is a separate legal entity established under State law and is not a department or agency of the City. Because the City has a legal obligation to provide funds to LAFCo, this ordinance includes an appropriation for that purpose. Although LAFCo is not part of the Board of Supervisors or subject to the Board's oversight and direction, this ordinance includes appropriations to LAFCo in the Board of Supervisors budget for administrative reasons related to the format of this ordinance. Any transfers of funds to LAFCo from other appropriations in the budget are prohibited without approval by a subsequent ordinance. City staff, including but not limited to the Clerk of the

Board of Supervisors, may not perform work for LAFCo, except as authorized by a memorandum of understanding between the City and LAFCo, subject to any required approvals.

SECTION 15. Travel Reimbursement and Cell Phone Stipends.

The Controller shall establish rules for the payment of all amounts payable for travel for officers and employees, and for the presentation of such vouchers as the Controller shall deem proper in connection with expenditures made pursuant to said Section. No allowance shall be made for traveling expenses provided for in this ordinance unless funds have been appropriated or set aside for such expenses in accordance with the provisions of the Charter.

SECTION 12.13 Former Redevelopment Agency Funds.

Pursuant to Board of Supervisors Ordinance 215-12, the Successor Agency to the San Francisco Redevelopment Agency (also known as the Office of Community Investment and Infrastructure, or OCII) is a separate legal entity from the City and its budget is subject to separate approval by resolution of the Board of Supervisors. The Controller is authorized to transfer funds and appropriation authority between and within accounts related to former San Francisco Redevelopment Agency (SFRA) fund balances to serve the accounting requirements of the OCII, the Port, the Mayor's Office of Housing and the City Administrator's office and to comply with State requirements and applicable bond covenants.

The Purchaser is authorized to allow the OCII and departments to follow applicable contracting and purchasing procedures of the former SFRA and waive inconsistent provisions of the San Francisco Administrative Code when managing contracts and purchasing transactions related to programs formerly administered by the SFRA.

If during the course of the budget period, the OCII requests departments to provide additional services beyond budgeted amounts and the Controller determines that the Successor Agency has sufficient additional funds available to reimburse departments for such additional services, the departmental expenditure authority to provide such services is hereby appropriated.

When 100% of property tax increment revenues for a redevelopment project area are pledged based on an agreement that constitutes an enforceable obligation, the Controller will increase or decrease appropriations to match actual revenues realized for the project area.

The Mayor's Office of Housing and Community Development is authorized to act as the fiscal agent for the Public Initiatives Development Corporation (PIDC) and receive and disburse PIDC funds as authorized by the PIDC bylaws and the PIDC Board of Directors.

SECTION 12.14 CleanPowerSF.

CleanPowerSF customer payments and all other associated revenues deposited in the CleanPowerSF special revenue fund are hereby appropriated in the amounts actually received by the City ~~and County~~ in each fiscal year. The Controller is authorized to disburse the revenues appropriated by this section as well as those appropriated yet unspent from prior fiscal years to pay power purchase obligations and other operating costs as provided in the program plans and annual budgets, as approved by the Board of Supervisors for the purposes authorized therein.

SECTION 12.15 Unclaimed Funds Escheatment Noticing & Accounting Procedures

Pursuant to Government Code Sections 50055 and 50057, the Board of Supervisors authorizes the Treasurer to transfer to the General Fund without publication of a notice in a

newspaper the following amounts that remain unclaimed in the treasury of the City ~~and County of San Francisco~~ or in the official custody of an officer of the City ~~and County of San Francisco~~ for a period of at least one year: (1) any individual items of less than $15; and (2) any individual items of $5,000 or less if the depositor's name is unknown. The Treasurer shall notify the Controller of transfers performed using this authorization.

SECTION 14. Departments.

The term department as used in this ordinance shall mean department, bureau, office, utility, agency, board or commission, as the case may be. The term department head as used herein shall be the chief executive duly appointed and acting as provided in the Charter. When one or more departments are reorganized or consolidated, the former entities may be displayed as separate units, if, in the opinion of the Controller, this will facilitate accounting or reporting.

(a) The Public Utilities Commission shall be considered one entity for budget purposes and for disbursement of funds within each of the enterprises. The entity shall retain its enterprises, including Water, Hetch Hetchy, Wastewater, and the Public Utilities Commission, as separate utility fund enterprises under the jurisdiction of the Public Utilities Commission and with the authority provided by the Charter. This section shall not be construed as a merger or completion of the Hetch Hetchy Project, which shall not be deemed completed until a specific finding of completion has been made by the Public Utilities Commission. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

(b) There shall be a General Services Agency, headed by the City Administrator, including the Department of Public Works, the Department of Telecommunication and Information

Services, and the Department of Administrative Services. The City Administrator shall be considered one entity for budget purposes and for disbursement of funds.

(c) There shall be a Human Services Agency, which shall be considered one entity for budget purposes and for disbursement of funds. Within the Human Services Agency shall be two departments: (1) the Department of Human Services, under the Human Services Commission, and (2) the Department of Disability and Aging Services ("DAAS"), under the Disability and Aging Services Commission, includes Adult Protective Services, the Public Administrator/Public Guardian, the Mental Health Conservator, the Department of Disability and Aging Services, the County Veterans' Service Officer, and the In-Home Supportive Services Program. This budgetary structure does not affect the legal status or structure of the two departments. The Human Resources Director and the Controller are authorized to transfer employees, positions, and funding in order to effectuate the transfer of the program from one department to the other. The consolidated agency will be recognized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

The departments within the Human Services Agency shall coordinate with each other and with the Disability and Aging Services Commission to improve delivery of services, increase administrative efficiencies and eliminate duplication of efforts. To this end, they may share staff and facilities. This coordination is not intended to diminish the authority of the Disability and Aging Services Commission over matters under the jurisdiction of the Commission.

The Director of the Aging and Adult Services Commission also may serve as the department head for DAAS, and/or as a deputy director for the Department of Human Services, but shall receive no additional compensation by virtue of an additional appointment. If an additional

appointment is made, it shall not diminish the authority of the Aging and Adult Services Commission over matters under the jurisdiction of the Commission.

(d) The Local Agency Formation Commission (LAFCo) is a separate legal entity established under State law and is not a department or agency of the City. Because the City has a legal obligation to provide funds to LAFCo, this ordinance includes an appropriation for that purpose. Although LAFCo is not part of the Board of Supervisors or subject to the Board's oversight and direction, this ordinance includes appropriations to LAFCo in the Board of Supervisors budget for administrative reasons related to the format of this ordinance. Any transfers of funds to LAFCo from other appropriations in the budget are prohibited without approval by a subsequent ordinance. City staff, including but not limited to the Clerk of the Board of Supervisors, may not perform work for LAFCo, ~~under~~ except as authorized by a memorandum of understanding between the City and LAFCo, subject to any required approvals.

SECTION 15. Travel Reimbursement and Cell Phone Stipends.

The Controller shall establish rules for the payment of all amounts payable for travel for officers and employees, and for the presentation of such vouchers as the Controller shall deem proper in connection with expenditures made pursuant to said Section. No allowance shall be made for traveling expenses provided for in this ordinance unless funds have been appropriated or set aside for such expenses in accordance with the provisions of the Charter.

The Controller may advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten days after said person returns to duty in the City ~~and County of San Francisco~~, and failure

on the part of the person involved to make such accounting shall be sufficient cause for the Controller to withhold from such persons pay check or checks in a sum equivalent to the amount to be accounted.

In consultation with the Human Resources Director, the Controller shall establish rules and parameters for the payment of monthly stipends to officers and employees who use their own cells phones to maintain continuous communication with their workplace, and who participate in a Citywide program that reduces costs of City-owned cell phones.

SECTION 15.1 State of California Travel Program.

To ensure cost effective rates and charges and reduce administrative burdens and costs associated with expense reimbursement for City business-related travel and field expenses, the Controller's Office is authorized to implement rules and regulations required of departments that participate in the State of California's Statewide Travel Program, administered by the California Department of General Services, which provides access to State-negotiated rates with hotel, airline, and car rental providers in adherence with the State's competitive procurement solicitation and contract award rules and regulations. In compliance with rules and regulations established by the Controller, which may be updated from time to time, departments are permitted to participate in the State of California Travel Program as per the preestablished terms and conditions required by the State for local governments. The Controller's Accounting Policies and Procedures manual shall include the State of California Travel Program rules and regulations. This provision shall satisfy San Francisco Administrative Code approval, including Section 21.16 Use of Purchasing Agreements and Reciprocal Agreements with Other Public and Non-Profit Agencies, for travel and related services procured through the State of California Travel Program.

SECTION 16. Contributed Revenue Reserve and Audit and Adjustment Reserve.

The Controller is hereby authorized to establish a Contributed Revenue and Adjustment Reserve to accumulate receipts in excess of those estimated revenues or unexpended appropriations stated herein. Said reserve is established for the purpose of funding the budget of the subsequent year, and the receipts in this reserve are hereby appropriated for said purpose. The Controller is authorized to maintain an Audit and Adjustment Reserve to offset audit adjustments, and to balance expenditure accounts to conform to year-end balancing and year-end close requirements.

SECTION 17. Airport Service Payment.

The moneys received from the Airport's revenue fund as the Annual Service Payment provided in the Airline-Airport Lease and Use Agreement are in satisfaction of all obligations of the Airport Commission for indirect services provided by the City ~~and County of San Francisco~~ to the Commission and San Francisco International Airport and constitute the total transfer to the City's General Fund.

The Controller is hereby authorized and directed to transfer to the City's General Fund from the Airport revenue fund with the approval of the Airport Commission funds that constitute the annual service payment provided in the Airline - Airport Lease and Use Agreement in addition to the amount stated in the Annual Appropriation Ordinance.

On the last business day of the fiscal year, unless otherwise directed by the Airport Commission, the Controller is hereby authorized and directed to transfer all moneys remaining in the Airport's Contingency Account to the Airport's Revenue Fund. The Controller is further authorized and directed to return such amounts as were transferred from the Contingency Account, back to the Contingency Account from the Revenue Fund Unappropriated Surplus

on the first business day of the succeeding fiscal year, unless otherwise directed by the Airport Commission.

SECTION 18. Pooled Cash, Investments.

The Treasurer and Controller are hereby authorized to transfer available fund balances within pooled cash accounts to meet the cash management of the City, provided that special and non-subsidized enterprise funds shall be credited interest earnings on any funds temporarily borrowed therefrom at the rate of interest earned on the City Pooled Cash Fund. No such cash transfers shall be allowed where the investment of said funds in investments such as the pooled funds of the City ~~and County~~ is restricted by law.

SECTION 19. Matching Funds for Federal or State Programs.

Funds contributed to meet operating deficits and/or to provide matching funds for federal or State aid (e.g. Medicaid under SB 855 or similar legislation for Zuckerberg San Francisco General Hospital) are specifically deemed to be made exclusively from local property and business tax sources.

SECTION 20. Advance Funding of Bond Projects – City Departments.

Whenever the City ~~and County~~ has authorized appropriations for the advance funding of projects which may at a future time be funded from the proceeds of general obligation, revenue, or lease revenue bond issues or other legal obligations of the City ~~and County~~, the Controller shall recover from bond proceeds or other available sources, when they become available, the amount of any interest earnings foregone by the General Fund as a result of such cash advance to disbursements made pursuant to said appropriations. The Controller shall use the monthly rate of return earned by the Treasurer on City Pooled Cash Fund during

the period or periods covered by the advance as the basis for computing the amount of interest foregone which is to be credited to the General Fund.

SECTION 21. Advance Funding of Projects – Transportation Authority.

Whenever the San Francisco County Transportation Authority requests advance funding of the costs of administration or the costs of projects specified in the City and County of San Francisco Transportation Expenditure Plan which will be funded from proceeds of the transactions and use tax as set forth in Article 14 of the Business and Tax Regulations Code of the City ~~and County of San Francisco~~, the Controller is hereby authorized to make such advance. The Controller shall recover from the proceeds of the transactions and use tax when they become available, the amount of the advance and any interest earnings foregone by the City ~~and County~~ General Fund as a result of such cash advance funding. The Controller shall use the monthly rate of return earned by the Treasurer on General City Pooled Cash funds during the period or periods covered by the advance as the basis for computing the amount of interest foregone which is to be credited to the General Fund.

SECTION 22. Controller to Make Adjustments, Correct Clerical Errors.

The Controller is hereby authorized and directed to adjust interdepartmental appropriations, make transfers to correct objects of expenditures classifications and to correct clerical or computational errors as may be ascertained by the Controller to exist in this ordinance. The Controller shall file with the Clerk of the Board a list of such adjustments, transfers and corrections made pursuant to this Section.

The Controller is hereby authorized to make the necessary transfers to correct objects of expenditure classifications, and corrections in classifications made necessary by changes in the proposed method of expenditure.

SECTION 22.1 Controller to Implement New Financial and Interfacing Subsystems.

In order to further the implementation and adoption of the Financial and Procurement System's modules, the Controller shall have the authority to reclassify departments' appropriations to conform to the accounting and project costing structures established in the new system, as well as reclassify contract authority utilized (expended) balances and unutilized (available) balances to reflect actual spending.

SECTION 23. Transfer of State Revenues.

The Controller is authorized to transfer revenues among City departments to comply with provisions in the State budget.

SECTION 24. Use of Permit Revenues from the Department of Building Inspection.

Permit revenue funds from the Department of Building Inspection that are transferred to other departments as shown in this budget shall be used only to fund the planning, regulatory, enforcement and building design activities that have a demonstrated nexus with the projects that produce the fee revenues.

SECTION 25. Board of Supervisors Official Advertising Charges.

The Board of Supervisors is authorized to collect funds from enterprise departments to place official advertising. The funds collected are automatically appropriated in the budget of the Board of Supervisors as they are received.

SECTION 26. Work Order Appropriations.

The Board of Supervisors directs the Controller to establish work orders pursuant to Board-approved appropriations, including positions needed to perform work order services, and corresponding recoveries for services that are fully cost covered, including but not limited to services provided by one City department to another City department, as well as services provided by City departments to external agencies, including but not limited to the Office of Community Investment and Infrastructure, the Treasure Island Development Authority, the School District, and the Community College District. Revenues for services from external agencies shall be appropriated by the Controller in accordance with the terms and conditions established to perform the service.

SECTION 26.1 Property Tax System

In order to minimize new appropriations to the property tax system replacement project, the Controller is authorized and directed to apply operational savings from the offices of the Tax Collector, Assessor, and Controller to the project. No later than June 1, 2018 the Controller shall report to the Budget and Legislative Analyst's Office and Budget and Finance Committee on the specific amount of operational savings, including details on the source of such savings, in the budgets of Tax Collector, Assessor, and Controller that are re-allocated to the Property Tax System Replacement Project

SECTION 27. Revenue Reserves and Deferrals.

The Controller is authorized to establish fee reserve allocations for a given program to the extent that the cost of service exceeds the revenue received in a given fiscal year, including

establishment of deferred revenue or reserve accounts. In order to maintain balance between budgeted revenues and expenditures, revenues realized in the fiscal year preceding the year in which they are appropriated shall be considered reserved for the purposes for which they are appropriated.

SECTION 28. Close-Out of Reserved Appropriations.

On an annual basis, the Controller shall report the status of all reserves, their remaining balances, and departments' explanations of why funding has not been requested for release. Continuation of reserves will be subject to consideration and action by the Budget and Finance Committee or Budget and Appropriations Committee. The Controller shall close out reserved appropriations that are no longer required by the department for the purposes for which they were appropriated.

SECTION 28.1. Reserves Placed on Expenditures by Controller.

Consistent with Charter Section 3.105(d), the Controller is authorized to reserve expenditures in the City's budget equal to uncertain revenues, as deemed appropriate by the Controller. The Controller is authorized to remove, transfer, and update reserves to expenditures in the budget as revenue estimates are updated and received in order to maintain City operations.

SECTION 29. Appropriation Control of Capital Improvement Projects and Equipment.

Unless otherwise exempted in another section of the Administrative Code or Annual Appropriation Ordinance, and in accordance with Administrative Code Section 3.18, departments may transfer funds from one Board-approved capital project to another Board-approved capital project. The Controller shall approve transfers only if they do not materially change the size or scope of the original project. Annually, the Controller shall report to the

Board of Supervisors on transfers of funds that exceed 10% of the original appropriation to which the transfer is made.

The Controller is authorized to approve substitutions within equipment items purchased to equip capital facilities providing that the total cost is within the Board-approved capital project appropriation.

The Controller is authorized to transfer approved appropriations between departments to correctly account for capitalization of fixed assets.

The Controller is authorized to shift sources among cash and COP-funded capital projects across General Fund departments to ensure the most efficient and cost-effective administration of COP funds, provided there is no net increase or decrease in project budgets.

The Controller is hereby authorized to revise COP debt service appropriations within General Fund supported COP debt service funds for authorized but unissued debt, in order to make final debt service payments due upon issuance of authorized debt. Such revisions shall not increase or decrease approved expenditure authority and shall only be done for the purpose of reducing interest costs in future years. Such revisions shall only be made if the Controller determines it is financially advantageous to do so.

SECTION 30. Business Improvement Districts.

Proceeds from all special assessments levied on real property included in the property-based business improvement districts in the City ~~and County of San Francisco~~ are hereby appropriated in the respective amounts actually received by the City ~~and County~~ in such fiscal year for each such district.

From: Anna Duning, Mayor's Budget Director
Date: May 31, 2024
Re: June 1 Department Interim Exceptions to the Annual Salary Ordinance and Annual Appropriations Ordinance

Dear Madam Clerk,

I herein present exceptions to the June 1 Departments' Annual Salary Ordinance (ASO) and Annual Appropriations Ordinance (AAO) for consideration by the Budget and Appropriations Committee of the Board of Supervisors. The City's standard practice is to budget new positions beginning in pay period 7, at 0.79 FTE, and to hold funding for new initiatives until the budget is signed on August 1. Where there is justification for expedited hiring and spending, however, the Board may authorize exceptions to the Interim ASO and AAO, which allow new positions to be filled and expenditures related to new initiatives to begin in the first quarter of the fiscal year, prior to final adoption of the budget.

Exceptions are being requested for the following positions and non-personnel expenditures:

General Fund Positions (7.0 FTE)

- **Human Resources Department (HRD)**
  1053 IS Business Analyst-Senior (1.0 FTE), 1823 Senior Administrative Analyst (1.0 FTE). These two filled positions have been previously funded through project-based funding and are critical to support ongoing Hiring Modernization projects approved by the Committee on Information Technology (COIT).

- **Office of the City Attorney (CAT)**
  8177 Attorney (Civil/Criminal) (1.0 FTE), 8151 Claims Investigator (1.0 FTE). These two positions are needed due to the increase in tax-related appeals, claims and litigation the City is facing, which jeopardizes the City's revenue. The interim exception is necessary to immediately add capacity to handle the increased workload as much of the tax litigation has already commenced. The interim exception also allows CAT to spread its recruitment efforts, which will facilitate their efforts to identify and hire specialty litigators and staff.

- **Office of the Public Defender (PDR)**
  8173 Legal Assistant (1.0 FTE), 8106 Legal Process Clerk (1.0 FTE). These two filled positions are part of the Public Defender's Clean Slate Unit, which provides expungement and other post-conviction relief to thousands of eligible people who have an arrest or conviction in San Francisco while reducing barriers to a myriad of opportunities including employment, housing, education, and professional licensing. A private grant for the Clean Slate program is set to expire at the end of this fiscal year (June 30, 2024), necessitating an interim exception to ensure continuity of the program.

1 DR. CARLTON B. GOODLETT PLACE, ROOM 200
SAN FRANCISCO, CALIFORNIA 94102-4681
TELEPHONE: (415) 554-6141

- **Human Services Agency (HSA)**
  1823 Senior Administrative Analyst (1.0 FTE). The 1823 Senior Analyst position is necessary to support the ramp up of the implementation of Proposition F (County Adult Assistance Program (CAAP) SUD Ordinance), which is effective January 1st, 2025. The 1823 will play a critical role in assisting in program planning in advance of a contractor's start date, helping to ensure successful implementation and client experience with onramp support of multiple case managers, clerical, supervisory staff, physical location logistics, eligibility worker interfacing, and DPH coordination. This position is represented as 0.79 FTE in the Proposed ASO & AAO, but will be amended to 1.0 FTE as a technical adjustment.

General Fund Non-personnel Expenditures

- **General Fund (GEN) – LGBTQ Museum ($5,000,000)**
  To allow for the immediate acquisition of a site that has been identified to begin the establishment of an LGBTQ history museum in San Francisco.

Non-General Fund Positions (2.0 FTE)

- **Office of the Public Defender (PDR)**
  8177 Attorney (Civil/Criminal) (1.0 FTE). The 8177 attorney position is an existing grant funded position that is being re-assigned to a new project ID, thus triggering an interim exception.

- **Department of Homelessness and Supportive Housing (HOM)**
  2917 Program Support Analyst (1.0 FTE). This position is necessary to support the ramp up of 80 new urgent accommodation vouchers for families to meet the increased demand for shelter by families experiencing homelessness. The urgent accommodation voucher program will expand quickly to respond to the current crisis of new arrivals; therefore, it is necessary for the new staff member who will support the program to start at the beginning of the fiscal year. Existing shelter staff do not have the capacity to absorb this additional workload, and a delay in hiring will result in a slow program roll out.

Please do not hesitate to contact me if you have any questions regarding the requested interim exceptions to the Annual Salary Ordinance and Annual Appropriations Ordinance.

Sincerely,

Anna Duning

Re: Technical adjustments to the Mayor's Proposed May 1 Budget

Dear Chair Chan,

Per Charter Section 9.101, the Mayor's Office hereby submits the following technical adjustments to the Mayor's Proposed May 1 Budget for FY 2024-25 and FY 2025-26. The May 1 budget is now part of the June 1 Mayor's proposed budget, however, since the Board of Supervisors has already reviewed these budgets, attached is a summary of the changes to these departments since the May 1 submission.

These adjustments include:

- Changes to salary and fringe benefits due to final agreed-upon adjustments in recently negotiated MOUs;
- Significant changes to the MTA baseline, based on updated revenue projections from the Controller's Office;
- New capital projects as approved by the Capital Planning Committee;
- Changes to work orders to reflect accurate service level needs and costs;
- Balancing entries and transfers;
- Other small miscellaneous expenditure changes.

Please contact me with any questions or concerns.

Sincerely,
